LOOSE ESTATE PAPERS
OF
DAVIE COUNTY, NORTH CAROLINA

Foreword

An index of Loose Estate Papers of Davie County, North Carolina was thought to be a good idea. We have had a lot of success with the index for Rowan County.

Loose estate papers include any and all papers necessary to settle an estate that was left intestate. You may find plat maps, guardianship papers, executor appointments and many other valuable bits of information.

Some will be only small bits of papers, with only a word or two. Others will be oversized papers filled to the very edge. There is no way of knowing until you see the film.

This index is not in a strict alphabetic order. It is according to how the names are found in the film. They may have missed a name and inserted it further down the page. Please check carefully for you ancestors name.

Year of death comes after the name. Numbers with () indicate the number of frames in the file, more or less. When the frames start to whiz by you may blink and miss one or two. This the closest I have ever come to being hypnotized!
