New Jail Opens At Site Of Old Prison

By Jackie Seabolt
Davie County Enterprise Record

On Thursday, Dec. 18, inmates at the old Davie County Jail in Mocksville were moved from their former cells to new ones at the Davie Detention Center just outside of town.

Some of the inmates were sleeping, unaware they were going to a new facility, and had to be awakened for the move.

Around 2 p.m. detention officers and deputies from the Davie Sheriff's Department began coordinating the transfer that had been planned weeks in advance.

Detectives, armed with rifles, stood guard around the perimeter of the old jail.

Also on hand were over a dozen other members of the sheriff's department, as well as the K-9 and bloodhound tracking unit.

According to Wendell Sain, jail administrator, there were a total of 21 inmates being transported.

The new jail will house female and youth offenders, an accommodation that was unavailable at the old jail. This will eliminate the need to house women and juveniles at other facilities, reducing the time and cost of transportation of these offenders from Davie to other counties.

"This is a good day," said Sheriff Allen Whitaker as he oversaw the move of the jailed men.

As the inmates exited their familiar surroundings in groups of threes, some walked out shackled as they wore their bright orange jumpsuits and carried their belongings.

They boarded the tan Division of

Redland Rd. Exit To I-40 Criticized

By Mike Barnhardt
Davie County Enterprise Record

A new interchange onto I-40 at Redland Road is a county priority, and has been for years.

County commissioners held a public hearing for a new thoroughfare plan that was attended by several residents of Redland Road and members of Bethlehem United Methodist Church.

Neal Foster brought a photo, with an overlay showing how much land the I-40 intersection would take. "That would come up a pretty good ways onto church property," he said. "That would eliminate one of the entrances to the church."

Like many churches across the county, Bethlehem is growing, and in recent years completed additions, added day care services and extra services on Sunday.

Foster asked several questions about the plan, a 30-year projection of county road needs. After the county board approves the plan, it would have to be approved by the N.C. Board of Transportation. Then, county commissioners could make priorities and request funding. That process can take up to 30 years.... or longer.

But the Redland Road interchange has been a priority of the county for "a number of years," said John Gallimore, planning and zoning director, who along with the county planning board, worked with Earlene Thomas of the N.C. Department of Transportation's small urban planning branch to come up with the plan.

Part of the process was several open sessions where residents could stop by and see maps and read about the proposals.

"These are things the county would like to see over the next 30 years," Gallimore said.

Foster suggested that when improvements are made to the I-40 intersection at N.C. 801, it could do away with the need for the Redland Road exchange. County Manager Ken Windley said that the DOT thinks both are needed. Thomas said the recommendations were made on current road use, and projections.

Both told Foster that the Redland Road interchange is years and years away, and that there would be several chances for public comment prior to construction.

Foster asked the commissioners to envision N.C. 801 crossing I-40 without access. He doubts that the problems there now - overcrowded schools, snarled traffic, not enough sewer to handle needs - would exist.

"If we build these ramps, it's going to bring more growth and more

Consultant May Study Cost Of Growth

By Mike Barnhardt
Davie County Enterprise Record

Davie County's rapid residential growth in recent years has added more than houses. It's added a few headaches for county commissioners.

Schools can't be built fast enough. Roads can't handle the traffic. There are more and more pressures for the little remaining space on the eastern Davie sewer system.

That residential growth doesn't pay the bills. Sure, those residents pay more than their fair share of taxes. But the growth has outpaced the county's ability to provide services.

A task force is studying the issue, and has asked county commissioners to hire a private company to study the effect growth has had on the county's infrastructure and ongoing expenses.

Commissioners gave County Manager Ken Windley authority to negotiate with Tischler & Associates, and bring a proposal back for the board to make a final decision.

The task force, according to county commissioner Ken White, needs some reference points as to the costs to the county of a new development. The study will take into account taxes paid, and the services provided.

White recommended Tischler, saying the company has done studies for governments and building associations and their work had never been overturned in court.

The company specializes in physical impacts and impacts on schools, he said.

Board member Richard Poindexter liked the idea. "The more information we have, the better."

DARE: Fifth graders Vow To Stay Off Drugs

By Mike Barnhardt
Davie County Enterprise Record

They've heard it all their lives.

Just say no.

Fifth graders in Davie Schools do more than say no. After completing the DARE (Drug Abuse Resistance Education) program, they vow to live a life free from drugs and violence.

"DARE also taught me that I have rights," said Brittani McQueen. "I have a right to set high goals for myself and be whatever I want to be when I grow up. Drug free is the way for me."

Brittani was one of four fifth graders who read essays at a recent DARE graduation at Pinebrook Elementary.

Christine Gulledge pointed out that one lousy choice can change your life forever. "I'm going to stand up for what is right."

Julie Stamper said that abusing drugs damages your body and mind and destroys families. A good way to stay on the right path, she said, is to choose friends carefully.

Diana Green said the DARE program gave her more confidence in herself. She learned eight ways to say no to drugs. "It may not be easy, but later on you will be glad you did."

Miss North Carolina Ashley House was on hand to offer the DARE graduates some encouragement, and show off her Irish dancing talents.

Santa Didn't Bring Schools In His Bag

Now that Santa has returned to the North Pole, we need to get realistic about building new schools in Davie County.

We didn't get them for Christmas. We'll have to pay for the new classrooms ourselves.

A group of principals and parents have been assigned the task of planning a school bond referendum this year. They are looking at all the classroom needs, and there are plenty. Mobile classrooms now dot the landscapes of almost all the schools. The student population continues to grow briskly.

The need is obvious. The confusion lies in the details.

The wish list is growing steadily, and the price tag of the referendum — if everybody gets what they want — continues to mount. Following the standard practice, everybody is supposed to get something in a bond referendum. Every school will share the prize. That's supposed to make it easier to win voter approval. If they are all promised a piece of the pie, PTA groups from all the schools are supposed to turn out to vote.

Instead of making everyone happy, instead of fixing every problem, the school committee should have a singular focus: What will the voters approve?

School principals and PTA parents can't imagine anyone not voting for new schools.

Imagine them or not, winning approval for any referendum is difficult.

Davie voters last approved a school bond referendum in 1995, that money built Cornatzer School and paid for technology updates at all the schools. The referendum was for $7.6 million —meager by the standards being considered this time.

Voters approved by a thin 53 percent margin — 2,498 to 2,225. There was no controversy. The needs were evident. School committees worked hard to influence the vote.

This time, major improvements are needed at William R. Davie and Cooleemee Elementary. Classrooms are needed at Mocksville and Shady Grove. The middle schools are full. And the high school needs ...

There is a growing push for splitting Davie High, and some insist on putting a new school on the referendum. The price of a new high school is about $25 million. The price of the elementary and middle school projects could amount to $20 million.

What would voters say to such a $45 million request? This time, there would certainly be controversy. Some would argue the county can't afford it; that we don't need two high schools; that the impact on taxes would be too severe.

The school board will eventually have to separate needs from wants.

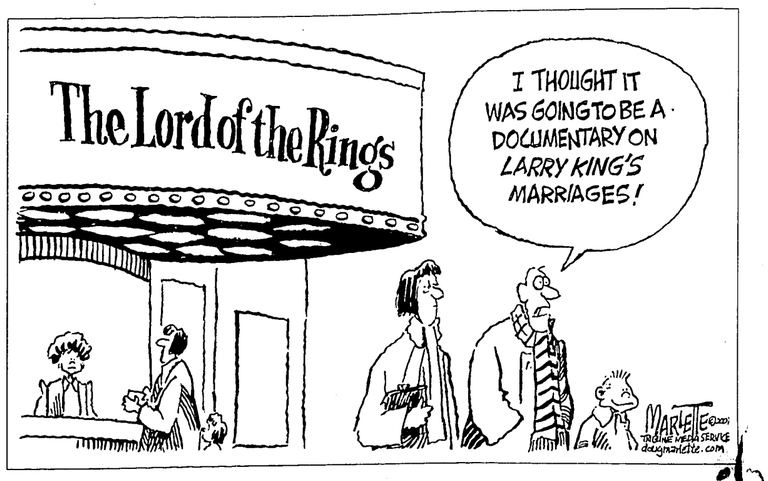

The high school issue is becoming increasingly thorny. When the athletic boosters recently tried to organize a fund raiser to improve the high school football stadium, they were accused of trying to thwart the creation of a second high school. Do-gooders were turned into conspirators. So the stadium will continue to languish.

The plan for years had been to wait until the student population at Davie High reached 2,000 before splitting the school. Some don't want to wait that long.

The critical waltz for the school board will be to present a bond referendum to the voters that addresses the obvious needs without getting mired in controversy.

Santa Claus won't do that for us either. The voters of Davie County will fix the problems. But the school leaders must soon agree among themselves, present a clear plan and get on with it.

Oak Trees Planted In 1920s

Not long ago, I was asked if I remembered when the four oak trees were planted on the square. I don't remember the year they were planted, but they were not there when our family moved from North Mocksville down to the town square in 1914. I'm sure the trees were not there until after the old brick courthouse which sat in the middle of the square, was torn down in 1920 to make room for the new concrete state highway. I talked with Tom Bailey Woodruff about this and he did not remember the year, but he said that Ben Boyles planted the trees. I don't remember the year, but I do remember well when Ben Boyles came to Mocksville to live. He and my father became good friends. I believe the trees were there when we moved from the square to Maple Avenue in 1926, but I'm not sure.

Louise Stroud

In writing about educational opportunities in Davie County in the early 1900s, we had not gone farther back than 1911, when the school was opened on Cherry Street. Incidentally, the building today looks very much like it did then. Tom Bailey Woodruff tells me that before that, a school was located on Avon Street, directly behind Luigi's Pizza & Italian Restaurant. He said that Miss Margaret Bell was teaching at Cooleemee at the time, but she and Hattie Barber, who was teaching here, changed places and Miss Margaret began teaching first grade here. She taught my two brothers, my sister and me and I was out of high school a couple years before my sister started to school. At first, the Cherry Street school had only 10 grades. I remember that as the enrollment grew, a row of temporary classrooms was build in the yard of the school to help take care of the high school students until the ;building on North Main Street could be built.

Tom Bailey said that in the winter of 1911, the same contractor started building the Woodruff family home on the spot where Luigi's Pizza is now located and also the home of Mr. and Mrs. R.B. Sanford on Church Street. The contractor worked on first one home and then the other. The homes were finally completed early in 1913. The Charlie Woodruff home was there for a long time and the Sanford home on Church Street still stands. I remember going to play with Jane Woodruff and we went to the building behind the house to play because it had a blackboard. That's when I learned it had once been a school. At that time, there was nothing else on Avon Street except way down at the end, practically in the woods.

Mr. Walter Clement built a hunting lodge. I think he hoped to attract northern hunters. Anyway, he was offering five dollars, I believe it was, to anyone who would give the lodge and appropriate name. My father suggested Modanoca Lodge and that name was accepted. MO stood for Mocksville, DA for Davie County, NO for North and CA for Carolina - pronounced MO-da-NO-ca. Tom Bailey said Mr. Walter built a swimming pool behind the lodge but the town condemned it because the water was not kept

Buck Hanes Wins Drawing

To the editor:

Thank you for allowing me this forum to let the residents of Davie County know how much the Parent Support Group of Davie High JROTC, the staff and cadets appreciate all of the support afforded us in the recent ticket sales of the XTA-2300 Delphi AM/FM/CD/WB stereo radio. Winner of the drawing held Dec. 17 was Buck Hanes of Advance. Congratulations, and a sincere thank you to the business that donated the radio, and to all who sold and purchased tickets. Look for another fund raiser in the spring.

Heading To The County Landfill?
Just Follow The Trail Of Trash

Almost all of the loads of trash going to the county landfill Saturday morning were improperly covered, as the ones pictured above. Only one, below, was properly covered with a tarp.

Mike Barnhardt

It wasn't hard to find the county landfill Saturday morning.

All you had to do was follow the trash.

Already a problem countywide, litter along the roadside intensifies as you get closer to the landfill, or as it's called nowadays, the solid waste and materials recovery center. The latter name may be more accurate, but to most people it's still the landfill. The dump. The place where we take the way-too-high amount of garbage we produce to be properly buried, or in some cases, just to get it out of our sights.

The problem is in the way we take this trash to the landfill.

It wasn't that many years ago when county commissioners decided to do something about all the trash. People were taking it to the landfill on the backs of pickup trucks, in barrels and boxes. Uncovered. Some put it in plastic bags, and piled them so high on their pickups that when they made sharp turns, or the wind blew just right, whole bags of trash tumbled onto the side of the roads and ditches. Too many people didn't stop to pick up the trash they had spilled.

The county made it mandatory that all loads of garbage be covered. If someone came to the landfill with uncovered trash in the back of the truck, they were fined $10. Sheriff's deputies were to patrol the roads around the landfill on Saturday mornings when traffic is highest, writing citations to those who litter. Yes, it's littering even if something falls off your truck, not just when you toss it out.

George Daywalt, landfill director, said last Saturday that the old policy needs to be reinstated, or some new policy adopted. When landfill employees try to tell people how they're supposed to load their trash for transport, all too often those people get mad - fighting mad. Employees have heard every cuss word in the book from people who refused to do the right thing.

People who arrive at the landfill after the noon Saturday closing time often just leave their trash at the gate, or try to throw it over, where it can be opened and scattered by animals and the wind. The people who suffer the most are those who live on Dalton Road, and Turrentine Church Road, and U.S. 64 East, and Deadmon Road, and ...

Daywalt said it's particulary disturbing because the landfill gets blamed for the problem. They end up having to clean up the trash from the side of the roads, when they have recyclables up to their ears - recyclables that need sorting and shipping so that they don't have to be buried in the ground. In other words, they really don't have the time to clean the trash from the sides of the road.

Trash that makes it onto landfill property rarely finds it way outside the fence - unless it is blown from the back of a pickup truck waiting in line.

Can't find the landfill? Just follow the trash along the roads.

Daywalt said he wonders what those people who don't cover their loads of trash would think if someone else came driving by their property, and deposited a bag of rotten, stinking garbage among their azaleas. Of course they wouldn't like it. And neither do the people who happen to live between you and the landfill.

There's no excuse for not properly containing your garbage. If you can afford cable TV or a satellite dish, surely you can afford a tarp to tie across your truck to keep your mess off someone else's property. Heck, if you can afford the truck to haul the trash you should be able to afford to keep it in check.

For that matter, GDS does a fine job handling the trash for you. The rates aren't that high, and all you have to do is put it in a can with a lid and push it to the road once a week. A pretty good deal for those who don't like traveling to the landfill.

But for those of you who do, please think of others Think of the beauty of our dwindling countryside. Think of someone beside yourself and getting rid of your stinking garbage.

We'd appreciate it.

clean enough. I didn't remember the swimming pool. The lodge was only there a few years before it burned down. I'm told that Mr. Walter Clement had built three little houses beyond it, but I didn't remember seeing them. There were very few houses on Wilkesboro Street at that time. Mr. Sam Allen lived where the FCX store is, on Wilkesboro Street, but later moved to a home a little farther down on the right side of the road. Down just this side of where you turn left to go to the hospital, there was a baseball field. The only players I knew were my brother Frank and his friend, Tom Bailey Woodruff. When I was little, I thought baseball was wonderful. Mama said she could always tell whether the team Frank played on, won or lost the game, by the way Frank came up the stairs when he got home. If she heard him dragging up the steps, she knew they had lost the game. If he came bounding up, maybe two steps at a time, she knew his team had won. I remember daddy taking me to a few games over at the ball field. I would really get carried away and would come back down to earth when the game was over.

I forgot to mention in thinking about schools in the old days, that my mother told me that Miss Blanche Eaton's two sisters (Miss Mattie and I can't remember the name of the other one), had a school on Lexington Street called Sunnyside Academy. It was on the right side of the road just after you turn from South Main onto Lexington Street. That was before my day.

Inmates Transferred To New Jail

Continued From Page 1

Prison Inmate Transfer Bus that would be escorted by Whitaker and a convoy of sheriff's vehicles for the trip from downtown Mocksville to the old prison site off County Home Road.

The new larger facility will have 72 beds, a big difference from the 18 at the old jail.

A large blue sign posted outside the new jail lists visiting hours and tells the facility is tobacco free.

There is another difference at the new jail. The luxury of televisions has been removed. The only similarity you'll see at the new jail that resembles a T.V. are the monitors that show pictures of each cell as it is watched by the detention officers.

Inmates were off-loaded and brought inside by threes. They showered, were issued new attire, and assigned to their cells during the processing procedure.

At some point in the future female and youth offenders will begin being housed at the new building.

Thanks to careful planning and organization among the community, a smooth transition took place from old to new for Davie's offenders, Whitaker said. " I want to thank the citizens and board of commissioners for bringing it all together."

Inmates Keith Barbee and Mitchell Gregory are let into the new jail for processing by Officer J. Snyder.

Several deputies and detectives from the sheriff's department arrived before the inmates and stood guard armed with rifles outside the new jail.

Inmates Rodney Arnold (left) and James Thompson board the bus to head to the new detention center on Green Street. **- Photos by Robin Fergusson**

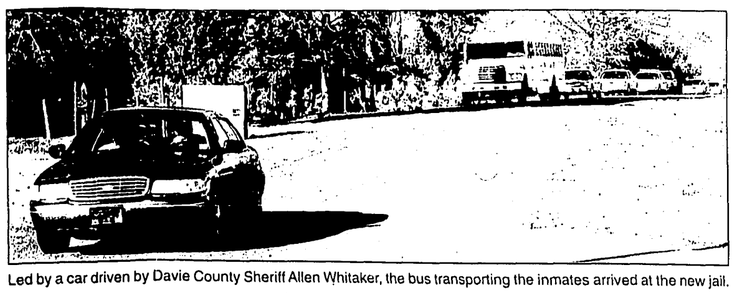

Inmates Irvin Mitchem (on crutches) and James Thompson arrive at the new detention center and are given instructions by Officer T. Broadway.

Sheriff Whitaker and Dale Robertson of the Department of Corrections were pleased at the move. According to Whitaker, "It was a big day for the county."

Jail Administrator Wendell Sain (pointing finger) gave instructions to detenion officers prior to the new inmates arrival, while Sheriff Whitaker looks on.

Led by a car driven by Davie County Sheriff Allen Whitaker, the bus transporting the inmates arrived at the new jail.

Thoroughfare Plan Under Review

Continued From Page 1

traffic," Foster said.

County commissioner Ken White asked that if there had been any studies on extending Baltimore Road to I-40 and putting an interchange there. "That looks like a natural shot," he said.

Gallimore said that was unlikely, because a large subdivision was planned for that property.

The only other people who spoke were concerned about a plan to increase to four lanes U.S. 601 from I-40 north to Angell Road in the William R. Davie community.

"I want to object to it," said Harold Rollins. "Why waste that much money on such a short area. You're going to interrupt all our lives along that road. It would interrupt the whole community."

The board took no action after the hearing, and will discuss the proposal at a future meeting.

Following is a list of the thoroughfare plan recommendations. No priorities have been set.

• Design and construct an interchange at I-40/Redland Road.

• Upgrade N.C. 801 from Peoples Creek Road to SR 1624 (Old 801). Widen road to multi-lanes from Old 801 to U.S. 158. Widen N.C. 801 to four lanes from U.S. 158 to Farmington Road. Widen N.C. 801 to four lanes from U.S. 601 South to Rowan County.

• Widen U.S. 158 to five lanes from Forsyth County to N.C. 801. Widen U.S. 158 to four lanes from N.C. 801 to Redland Road. Widen U.S. 158 from Farmington Road to Mocksville (not a local priority).

• Repave and add fifth and sixth lanes to I-40 from N.C. 801 into Forsyth County. Construct fifth and sixth lanes from N.C. 801 to Iredell County (not a local priority).

• Widen to 24 feet of pavement Davie Academy Road from U.S. 64 to I-40.

• Widen to 24 feet of pavement Jericho Road from Davie Academy Road to Gladstone Road.

• Widen to 24 feet of pavement Deadmon Road from U.S. 601 to N.C. 801.

• Widen Turrentine Road to 24 feet of pavement.

• Realign Fork-Bixby Road and Baltimore Road to a single intersection on Cornatzer Road with through movement. Upgrade rail crossing on Fork-Bixby Road.

• Realign Beauchamp Road and U.S. 158 to form a single intersection. Upgrade Beauchamp Road to two 12-foot lanes and realign road to improve horizontal alignment deficiencies.

• Widen to U.S. 601 from four lanes from Angell Road to I-40 and from Deadmon Road to Rowan County.

• Widen Farmington Road to four lanes from N.C. 801 to U.S. 158.

• Widen U.S. 64 to multi-lanes from U.S. 601 south of Mocksville to U.S. 52 in Lexington (not a local priority).

• Widen U.S. 64 to four lanes from Mocksville to Iredell County (not a local priority).

Notice of TAX LISTING FOR DAVIE COUNTY

All property on hand January 1, 2002 both real and personal is subject to taxation regardless of age and sex of owner.

You are no longer required to list motor vehicles which are currently LICENSED with the North Carolina Department of Motor Vehicles. These vehicles will be billed by the County after the current registration is renewed or an application is made for a new registration. About three months after your registration renewal you will receive a bill from the County. You will have 30 days to pay the bill before interest is added at the rate of 2% the first month past due and 3/4 of 1% thereafter.

Taxpayers must list UNLICENSED vehicles not licensed on January 1, 2002 DURING THE REGULAR LISTING PERIOD. *There is no change in the listing requirements for those vehicles. Other property required to be listed in January include: mobile homes, boats and motors, jet skis, aircraft, farm equipment used to produce income, tools used by carpenters and mechanics, all assets and supplies of businesses, furnishings owned and rented by a landlord.*

Taxpayers should report any new buildings or any improvements built on real estate, or any changes to real estate to the Tax Office.

The Tax Administrator's Office will be sending listing forms to everyone that listed personal property in 2001. If you need to list personal property as indicated above or report changes to real property and you do not receive a form in the mail, please contact the Tax Administrator's Office for the proper forms.

ELDERLY OR DISABLED APPLICANTS MUST BE AGE 65 OR PERMANENTLY DISABLED TO APPLY

North Carolina excludes from property taxes the greater of twenty thousand dollars ($20,000) or fifty percent (50%) in appraised value of a permanent residence owned and occupied by North Carolina residents age 65 or older whose income does not exceed $18,000; or totally, and/or permanently disabled whose income does not exceed $18,000. Income means the owners adjusted grosS income as determined for federal income tax purposes, plus all money received from every source other than gifts of inheritances received from a spouse, lineal ancestor or lineal descendant. For married applicants residing with their spouse, the income of both spouses must be included whether or not the property is in both names. If you received this exclusion in 2001 you do not need to apply again unless you have changed your permanent residence. If you received this exclusion in 2001 and your income last year was above eighteen thousand ($18,000), you must notify the assessor. If you received the exclusion in 2001 because you were totally and permanently disabled and you are no longer totally and permanently disabled, you must notify the assessor. If the person receiving the exclusion has died, the person required by law to list the property must notify the assessor. Failure to make any of the notices required by this paragraph before June 1st will result in penalties and interest. **If you did not receive the exclusion in 2001 but are now eligible, you may obtain a copy of an application from the assessor. It must be filed by June 1.**

Listing will begin January 2, 2002 in the Tax Administrator's Office in the County Administration Building. Office listing help is available Jan. 2-31, 2002. Hours will be 8:30 A.M. to 5:00 P.M. Monday thru Friday. The deadline for listing is January 31, 2002. Completed forms must be postmarked by the U.S. Postal Service not later than January 31, 2002. All late listings are subject to a 10% penalty. Please list early to avoid a late penalty.

DARE Teaches Students To Make Positive Choices

stay off drugs and I've been able to fulfill my dreams," House said.

"The decisions you make now will affect who you are, what type of person you are, when you are 70 or 80 years old."

She gave the students three pieces of advice. Don't use drugs or alcohol. Stay in school. And never give up on your dreams.

House said she entered the pageants because she needed the scholarship money to pay for college. She was third runner-up the first year, and an injury kept her from dancing. She was depressed - but determined not to give up on her dream.

"I decided I'm going to do everything in my power to make my dreams come true. Your dreams are always possible. You've taken the first step by saying you'll never take drugs."

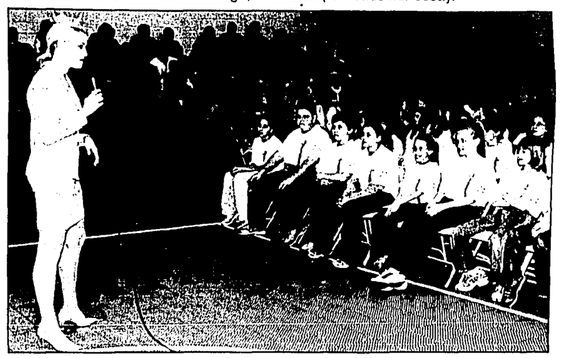

Sheriff's Deputy Joey Reynolds teaches the DARE program, and students attend class once a week for 17 weeks.

Reynolds talked to the gym full of parents and relatives at Pinebrook.

"Family is a big source of pressure for these kids," Reynolds said. "They're going to do what mommy and daddy do ... so let's always set a positive example." Keep children involved in positive activities, he said.

Under the eye of DARE Officer Joey Reynolds and classmates Brittani McQueen, Diana Green and Christine Gulledge, Julie Stamper reads her essay.

she stated she saw and smelled smoke. Collman drove the truck onto the emergency strip where it became engulfed in smoke and burned.

Trooper A.J. Farmer reported the incident occurred at approximately 10 a.m. and there were no injuries.

Both Drivers Charged In Wreck

Two men were charged after their vehicles wrecked Dec. 23.

Christopher Ray Safrit of Cleveland was driving his 1996 Ford pick-up north on U.S. 601 when he failed to slow in time before his truck hit a 1985 Honda car driven by Phillip Crawford Shouse of 274 Swicegood Street, Cooleemee.

Trooper C.D. Jones reported the accident occurred at approximately 2:15 p.m. and there were no injuries. Safrit was charged with failure to reduce speed and Shouse was charged with improper registration.

Collision On Beauchamp Road

A North Carolina woman was charged with failure to reduce speed after the vehicle she was driving hit another Dec. 25.

Krystina Nichole Wilson of Statesville was driving a 2001 Nissan vehicle west on Beauchamp Road. Ahead of Wilson a 1998 Dodge driven by Landon Gray Burrow of Pfafftown was slowing for traffic. Wilson failed to reduce speed and her vehicle hit Burrow's in the rear.

Trooper A.A. Justice reported the accident occurred at approximately 7:15 p.m. and Wilson was taken to Forsyth Hospital for treatment.

Wreck At Bermuda Quay

No charges were filed after a woman wrecked her vehicle Dec. 26.

Lindsey Erin Williams of 266 Lee Jackson Drive, Advance was driving a 1991 Ford vehicle in the Bermuda Quay shopping center parking lot with its driver's side window down. Williams told the investigating officer that something flew into the window and struck her, causing her to take her eyes off the road. That is when William's vehicle hit a parked vehicle.

Trooper C.D. Jones reported the accident occurred at approximately 12:30 p.m. and there were no injuries.

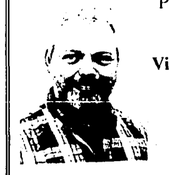

Wreck On Interstate 40

An Arkansas man was charged with unsafe movement after his vehicle hit another Dec. 27.

Steven R. Garrett of Little Rock was driving a 1992 Chevrolet vehicle east on I-40 in the left lane. Traveling in the right of I-40 was a 1999 Lincoln driven by John Clayton Englebert of Georgia. Garrett's vehicle drifted into Englebert's lane of travel and struck his vehicle.

Trooper C.D. Jones reported the accident occurred at approximately 2 p.m.

Cooleemee Students Learn Holiday Customs

Cooleemee Elementary second grade students enjoyed learning about December holidays around the world. Children used passports to visit other countries, learn their Christmas customs, and sample food. Students made windmill ornaments for Holland, poinsettias for Mexico, Christmas cards for Germany, and Noel banners for France.

Miss Boddy's and Miss McCray's classes have been chilling out with Polar Bears and Penguins. Students have measured themselves against the four foot tall Emperor Penguin, made a mitten out of Polar Bear fat to discover how they keep warm, and learned how to waddle. Mrs. Robinson and Mrs. Saville have been exploring the letter "R" along with Rudolph and Little Red Riding Hood.

Third grade students in Donna Henderson's, Joan King's, and Julia Maurer's classes have been around the world to study holiday traditions. They have been visiting Germany, Israel, and Mexico. Experiences from their journeys include making a pinata, making gingerbread houses, and playing the dreidel game. Culminating activities will include eating Moravian sugar cookies from Germany, latkes from Israel, drinking Mexican hot chocolate, and breaking a traditional pinata. Mrs. Jones's class has been working on a gingerbread unit and will be performing a gingerbread musical.

The fifth grade students in Karen Fleming's class are completing a study of the United States. The student's state booklets and floats are due right after Christmas. The class enjoyed the fifth grade DARE graduation. Alexis Freeman represented the class and read her essay.

Accelerated Reader breakfast was celebrated. Students who participated: 25 Points Club-Michelle Hamilton, Charlie Hoose, Courtney Seamon, April Carter, Zac Spaugh, Brittany Dykes, Brandon Cornatzer, Matt Garretson, James Marrs, Ryan Carter, Korey Riel, Justin Bell, Zack Lauwers, Jessica Bobbitt, and Andrew Denniston 50 Points Club—Zac Shoemaker, Rah'Jan Crawford, Kevin Whitley, Felicia Soard, Cody Rusher, and Tiffany Holmes 75 Points Club-Sam Whitley, Rebecca Hendrix, Steffi Shaver, Santana Arnold, Trent Ranney, and Zachary Taylor 100 Points Club—Jessica Stephens and Jessica Butner 150 Points Club—Stacy Sanders 175 Points Club-Kaylee Allison.

Baptist Takes Over Management Of Davie Hospital

A new chapter in the history of Davie County Hospital began Tuesday as North Carolina Baptist Hospitals, Inc. (NCBH) assumed management of the hospital.

"We are very excited about the opportunity to assist Davie County Hospital as it prepares for the future," said G. Douglas Atkinson, Vice President of Networks at NCBH. "Our initial steps will include continuation of appropriate services at the hospital, including the operation of the hospital as an urgent care center, while conducting a comprehensive assessment of needs within the County."

"Our goal is to develop a strategic plan for Davie County Hospital that will satisfy the healthcare needs of the residents of Davie County in a fiscally-responsible way," said Ralph Holthouser, Director of Hospital Affiliations at NCBH, who will serve as president of Davie County Hospital during the interim management period. Lynn T. Doss will serve as Administrator.

A 7-month period of evaluation is anticipated to thoroughly explore feasible options for operating the hospital. The details of the strategic plan will be largely dependent on input provided by the community, business leaders and area physicians regarding what level of services are needed and will be actively supported by the community.

"Local community medical staff support will be welcomed during this period of transition and beyond," said Melissa Seagle, M.D., chief of staff and hospital board member.

Dan Barrett, chairman of the Davie County Board of Commissioners, strongly supports the new management team. "We welcome the opportunity to affiliate with one of the most respected healthcare providers in the country, and will work diligently with NCBH to ensure local access to health care for the citizens of Davie County."

Pino News

By Nora Latham
Pino Correspondent

Rhan and Christie Gardner and Heath Brown, all of Charlotte, and Bryan and Suzanne Lakey, of Boone, were visitors at church last Sunday. We had a good crowd attending the Christmas program on Sunday night. Everyone enjoyed the program, which was directed by Kathy Miller and Toni Horton.

The Pino-Farmington Homemakers met at the home of Toby Hawkins for their December meeting. Toby served a delicious lunch to Janie Dixon, Marie Miller, Louise Dill, Lelia Essie, Jean Smith, Nora Latham, and one visitor, Glenda Williams.

Paul and Joan Barsdale's visitors for the holidays were her daughter, Amy Wilcox, and granddaughter, Emily, of Stockbridge, Mich. and Paul's sister, Jean Trepka, of Dangercrook Lake, Mich., and her son, Dan Stanly and wife, Mary Beth, and sons, David and Timmy, of Mocksville.

Gene and Marie Miller held their Christmas gathering at their home on Christmas Eve. All their children and grandchildren enjoyed dinner with them. Those in attendance were Lonnie Gene, Michael, Nancy, Kristin and Karen, and Pat, Kathy Matthew, Brian and Suzanne Lakey, and Janice James.

Pat and Kathy Miller had all of their Miller family at their house on Christmas Day. Verna Howell also joined them.

On Christmas morning, Bob and Kathy Ellis had breakfast for the family, Ethan and Ali Boger of Reidsville, Nora and Harmon Latham and Dale Latham attended. They all had dinner with Harmon and Nora.

Vernon Dull celebrated Christmas Day at his home with his daughter, Tina, and Brent Gobble and grandchildren, Alex and Brittany. Ruth Davis and Sara and Mark Eure also joined them.

On Christmas morning, the Langston family gathered at Vernon Dull's house for breakfast.

James and Lelia Essie hosted their annual Christmas family gathering at her old home in Caswell County Dec. 23. Sixty-five relatives from several states attended. Their daughter, Anne Barnes, and husband, Brooks, and children, Edward and Elizabeth, arrived that night from the eastern shore of Virginia. They spent six days with her parents. On the evening of Christmas Day, Chip, Ruth, Rebecca, Neal, Brenda, David, Tommy, Forrest and Heather Essie, Mary Ellen, John, Joe and Katie Candillo, Anne, Brooks, Edward and Elizabeth Barnes enjoyed refreshments and the exchanging of gifts there. Jeff and Karen Essie of Cary spent Saturday afternoon with his Essie grandparents.

Betty and Roland West spent the weekend before Christmas with Betty's sister, Marty Etchison Babcock, and her husband, Bill, in Raleigh. On Sunday, the Babcocks had Christmas dinner for the whole Everett and Lola Etchison family. Those enjoying the dinner in addition to the Wests were: John and Rachel Ethison of Siler City, Tonya and Charles Balan and their daughter, Laura Grace, of Apex, Patricia and Bryan Hardee of Morrisville, Frances and Larry Tutterow, JasonTutterow and Elizabeth McGuire of Advance, and Susan and Al Cujas and their daughters, Amy and Missy, of Cana.

On Christmas Day, Betty and Roland West had brunch for their children and grandchildren and a friend, Paige Steed, at Frostland in Cana.

Floretta Baylin's Cotillion at Forsyth Country Club

Floretta Baylin Cotillions • Directors Judy Baylin, Denise Bassen
Social Graces • Dining Skills • Correct Manners • Table Etiquette • Pre-Teens • Teenagers

Floretta Baylin's Social Graces and Dining Skills classes and Judy Baylin's Cotillions were entertained in March with a formal dinner-dance at the Forsyth Country Club.

Emphasis on correct seating, table conversation, etiquette and dining skills is a major feature of each Cotillion, which better prepares students for formal dinners as well as later social, college and business life.

Girls entered on the arm of their dinner partners, whom they had invited ten days earlier. They then passed through a receiving line practicing hand shakes, introductions and responses.

Prior to dinner, ginger ale in stemmed crystal was served. Students had learned how and when to hold the stem or the bowl, remain with partner, circulate developing conversation and how to network a party or business meeting. Mrs. Baylin feels that more important business decisions are made on the golf course and at formal dinners and parties than in the board room. When social and business knowledge is needed, it's too late to learn. Students are more receptive as early teens. There is time to practice before college and business interviews which often include a meal at an upscale restaurant, hotel, or club. Parents expect more from Cotillions than a few dance steps and "fun." When a Baylin Cotillion is over, students have learned skills useful socially and later in business life.

A lecture and notes will not accomplish as much as practice and "do it yourself."

Floretta Baylin will offer Ballroom Classes, Modeling, Social Graces and Cotillions for 5th-8th Grade students in the Winston-Salem, Clemmons, Bermuda Run, Lewisville, Advance and Mocksville areas starting Thursday, January 10th from 7 until 8:30 o'clock at Baylin Dance Studios in Clemmons.

Special classes are available for high school students who missed out on Cotillion in the 7th or 8th grades who now realize college and job interviews are just ahead.

Free Hearing Tests Set For Mocksville Area

Anyone who has trouble hearing or understanding words is welcome to have a free hearing test with modern electronic equipment.

Even people now wearing a hearing aid or those who may have been told nothing could be done for them should have a hearing test to find out if they are among the many a hearing aid will help.

It may surprise you to know that many people with hearing problems do not need hearing aids. But they do need a hearing test as a first step in finding out exactly what the trouble is. There's no charge for the test and absolutely no obligation.

The free hearing tests will be given by Beltone Hearing Aid Specialists at the Beltone Hearing Aid Service Center at 281 N. Main Street every Friday from 10:00 am to 1:00 pm. To avoid waiting call 723-5253 for an appointment for the free test at our office or in the privacy of your own home.

Robert and Laura Kasting with sons Andrew and Joshua.

New Holy Cross Pastor To Be Ordained Jan. 12

After about a year and a half, Holy Cross Lutheran Church will be getting a new pastor to lead its congregation - Robert "Bob" Kasting.

Kasting was born March 12, 1962 in Buffalo, N.Y. He graduated in 1981 from Northport High School on Long Island.

He moved to Waxhaw, and graduated from Johnson and Wales University in 1988. He had earned a bachelor's degree in business administration from Montreat College.

Kasting worked for about 15 years in the food service business, with Mariott and other restaurants. He and wife Laura also operated a restaurant in Monroe. Married for 12 years, they have two children, Andrew, 9, and Joshua, 1 month.

Kasting enjoys spending time with family, playing golf, camping and sports.

He said he is looking forward to serving Holy Cross and working in the community. "Before seminary, as a chef, I fed bodies. Now, with God's help, I'll feed souls with spiritual food."

Kasting will be ordained and installed as pastor of Holy Cross on Saturday, Jan. 12 at 11 a.m. at the church, U.S. 601 south, Mocksville. A reception will follow the service.

SPECIAL DATES AND EVENTS OF INTEREST FOR MOCKSVILLE CITIZENS

MANAGERS CORNER

During my tenure as serving as the Town's Manager it has been my privelege to serve with many dedicated public servants. One person stands out - D.J. ("Nick") Mando. Mayor Mando's commitment to the citizens of this community was shown every day through his selfless service to the schools, to civic organizations and to his church, and above all, through his public service. The lives of many children and adults have been made better because of his labor of love as extended through his service to the public.

The Mayor and I made many industrial tours together. Inevitably, when he walked in the door of a plant, the work would slow to a halt because of the greetings extended to him by his former students. They would appreciatively tell him how he had made a difference in their lives and thank him for his wise counsel.

A distinctive trait of Mayor Mando's character was to reflect the goodness he saw in people. A trait borne out in the kind words and warm greetings he so readily gave to every person he met.

Mayor Mando is very proud of Mocksville, and Mocksville and its citizens are very proud of him and his achievements. Four years ago, Mayor Mando retired from public office after 32 years of devoted and outstanding service. It should not come as a surprise to learn that during this time, the Mayor never lost an election. Whjat a tribute that is to the esteem with which our citizens hold for him. Mocksville and its citizens have been enriched by the contribution of this dedicated public servant.

COMPOST SITE

The compost site will be open the 1st and 3rd Saturdays in January, February and March. The compost site hours are from 8 a.m. to 12 noon. Yard waste may be dropped off during the week by appointment only by calling 751-5500.

Double-Overtime Madness

South Survives Game Of Comebacks

By Brian Pitts
Davie County Enterprise Record

Phelps Hunter

SALISBURY - The fourth quarter and two overtime periods produced a season's worth of dramatic moments and clutch plays - not to mention two amazing comebacks - when Davie's boys basketball team and bitter rival South Rowan hooked up in the semifinals of the Sam Moir Christmas Classic Friday before a full house at Catawba College's Goodman Gymnasium.

No. 2 seed Davie overcame a scoring drought of six-plus minutes and a 10-point deficit with 5:13 to go in regulation, while the third-seeded Raiders overcame a five-point deficit with a minute to go in the second overtime.

After all that remarkable drama, and after the fascinated fans took a deep breath and braced for yet another four-minute OT, the game was suddenly all but over. Davie gunner Sean Stevens misfired from the right wing, South's Zack Overcash came down with the rebound amid a sea of bodies, stumbled and drew a whistle for a call you almost never see. Bump foul on Davie. Eighty feet from the South basket. One-tenth of a second on the clock.

Overcash hit the first free throw. South 93, Davie 92.

"That's one where you swallow the whistle," said Davie coach Jim Young, who threw up his arms in disbelief before Overcash's clinching free throw, then told all three officials what he thought as they hustled off the floor. "It's incidental contact. You've got 0.1 seconds on the clock."

South coach John Davis' take on the call: "I wasn't surprised. I was kind of hoping they'd call some of those illegal screens. But we got the call that counted and won the game."

As steamed as Young was – he'd rather get a root canal than lose to South Rowan – at the end of 40 draining minutes, he eventually cooled off and placed the blame on Davie's shoulders. With Davie at 6-1 and South at 5-4, this was expected to be nothing more than a warmup for a Saturday night date with 11-0 West Rowan, which might run the table all the way to the Class 3A state championship.

"Like I told my kids, the call should never affect the game because we never should be in that position," he said. "If we play our game defensively, we're up 20 and that call doesn't mean anything. So you can't blame the officials. We have nobody to blame but ourselves."

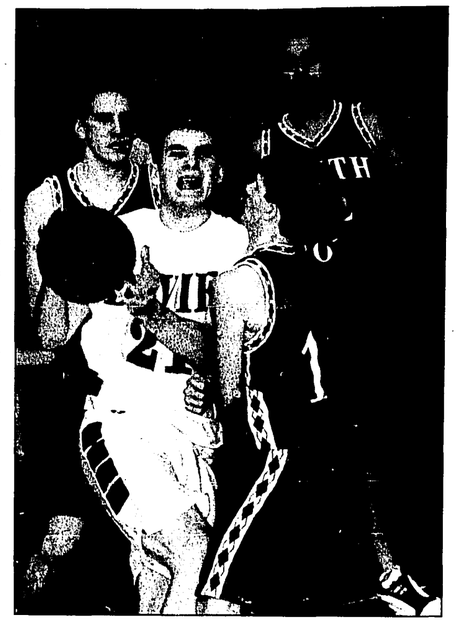

Stellar free-throw shooting was the only thing that kept the War Eagles in front in a first half that featured eight ties and 10 lead changes. They sank their first 13, held a 17-3 advantage at the line at one point and made 18 of 24 for the half to lead 43-38.

"We played with absolutely no intensity whatsoever in the first half," Young said. "The game was lost in the first half. I was pleased with the second half. The thing I'm so upset with is none of that second half (comeback) has to be necessary if you play that way from the start."

Dan Sullivan's fourth foul midway through the third mirrored Davie's 6:23 starvation and South's surge to a 61-51 lead with 5:44 remaining in the fourth. After the power forward/center, who averages 11 points and 13 rebounds, went to the bench, South scored 14 straight points.

"That was the same thing that happened (in the loss) at Freedom," Young

Poor Defense Spells Defeat Vs. Rich, East

By Brian Pitts
Davie County Enterprise Record

SALISBURY – Maggie Rich, East Rowan's prize sophomore, was her usual dazzling self, dominating both ends of the floor and scoring seemingly at will. Nevertheless, Davie varsity girls basketball coach Carol Cozart figured the War Eagles had much bigger problems in a 61-49 loss in the semifinals of the Sam Moir Christmas Classic Friday at Catawba College: Themselves.

"We just were cold as ice," she said of a first half in which Rich matched Davie's entire team with 17 points for a 27-17 Mustang lead. "They're a good team, but I don't know if we shot five percent in the first half. We were rushing our shots. In trying to get themselves up for the game, our girls got a little too nervous."

The fourth-seeded War Eagles (5-5), who throttled downtrodden Salisbury (1-7) 61-41 in Thursday's first round, missed 15 of 19 first-quarter shots and 10 of 13 in the second quarter. You know it's going bad when Sarah Williams, a junior who came in with six double-figure efforts in a row, goes scoreless for 16 minutes.

"Sarah is usually just deadly outside, and she was like the rest of them," Cozart said. "We were clanging it off the rim, the backboard and then we weren't getting the rebound."

Meanwhile, Rich could have shot it in blindfolded. The forward scored the game's first nine points as unbeaten East (9-0) took a commanding 18-8 lead over the defending tournament champs. She finished with 31.

"Oh, she's awesome," Cozart said. "I'd seen her play. I knew she was tough, but knowing it and containing it is something else. We tried giving her some attention and stayed in the zone, but we were also having trouble maintaining the others.

"There are a lot of good players out there, but Rich is surely one of the best ones."

The War Eagles generated one mild comeback after another, but every time East put up a roadblock the common denominator was an uncontested fastbreak layup for the Mustangs.

Brittany Walker and Williams bridged the second and third quarters with 3-pointers to cut the margin to 27-20, but East answered with a 6-0 run. Walker's trey and Williams' free throws cut it to 33-25, but East answered with an 8-0 run. Dawn Singleton and Walker turned a 41-25 game into 41-33, but Rich pushed it back to 10 with a soft jumper. Allison Schafer's three ball cut it to 47-40 with six minutes left, but Rich answered right back.

Rich topped 20 points for the sixth time, but nothing bothered Cozart worse in the second half than horrid transition defense, including three uncontested layups in a span of 50 seconds that gave East a lights-out 57-44 lead.

"We kept giving ourselves a chance, and then we'd let them loose," she said. "We'd get within eight, and then we'd let them loose. They beat us back and we weren't as attentive as we needed to be at their basket.

"We couldn't contain Rich long, so it's not the story we wanted."

Last year the story was a most memorable one as Davie reeled off three wins in three days and knocked off an 8-0 North Rowan team for its sixth Moir title in 25 years. East sought a tournament-record seventh title in Saturday's final.

"You have to give it to East. They're tough," Cozart said.

Notes: Singleton, who broke out of a slump against Salisbury, was terrific again with 14 points, six rebounds, five blocked shots and three assists. "We've got her back on track," Cozart said. ... Walker had 12 points, Schafer nine, Ashley Williams seven and Sarah Williams five.

Big Steps

Wrestlers Tame 2 Teams Ranked 1st

By Brian Pitts
Davie County Enterprise Record

Of course, Coach Buddy Lowery and his always-strong Davie High wrestling team would like to win the big matches all the time. But in reality, the War Eagles will take a two-of-three result and the experiences that came with bumping heads with three teams ranked No. 1 in the state at the Warrior Team Challenge on Dec. 21-22 at East Gaston.

After opening the two-day, 10-team tournament with a 39-24 loss to the top dog in the Class 4A poll (Riverside), the War Eagles roared past the top-ranked team in 1A-2A (Southern Vance) by 40-30, staved off the top team in 3A (East Gaston) by 35-33 and routed everyone else to finish 8-1 and achieve their ninth 20-win season in 10 years at 21-2.

Davie's cupcake victims were Ashbrook (69-6), Myers Park (66-15), South Point (72-9), West Brunswick (69-3), East Rutherford (71-6) and R.S. Central (72-3).

"By wrestling the way we did, it helps us as far as knowing that, hey, we're not bad," Lowery said. "We can wrestle with about anybody."

The 26th-year coach was deeply disappointed after his third-ranked club wilted at Mount Tabor, the No. 2 squad in 4A, by a confidence-cracking 43-20 count on Dec. 5. But the loss to Riverside was different. Davie displayed staying power for seven matches, and if two close calls fall the War Eagles' way during that early stretch, who knows what might have happened in the end.

Josh Stanley absorbed a 5-4 double-overtime setback at 130 to defending state champ Brandon Palmer, and 35-1 Drew Llamas edged Davie's Jacob Garner 13-10 at 152.

"We didn't do bad," Lowery said. "They've got some real quality people, and a lot of them wrestle year-round. We think we can wrestle with them. Considering Riverside is the No. 1 team in 4A, we wrestled fairly well."

"Even though we lost to Riverside, we still know we can close that up a little bit," son Patrick Lowery said. "I think it'll be a closer match next time."

swinging 15-1 run in the second quarter of Thursday's first round.

The pesky guard picked a Hornet pocket at halfcourt and raced down for two, she emerged from heavy traffic with a loose ball for an inside bucket and she turned a War Eagle steal into a layup as Davie turned a 12-11 deficit into a 26-13 breeze.

Salisbury turned it over on six straight possessions during those crushing moments and finished with 28-percent shooting, 14 of 50.

"McDaniel was just everywhere," Cozart said. "Her quickness is just unreal. Her whole game has really picked up this year."

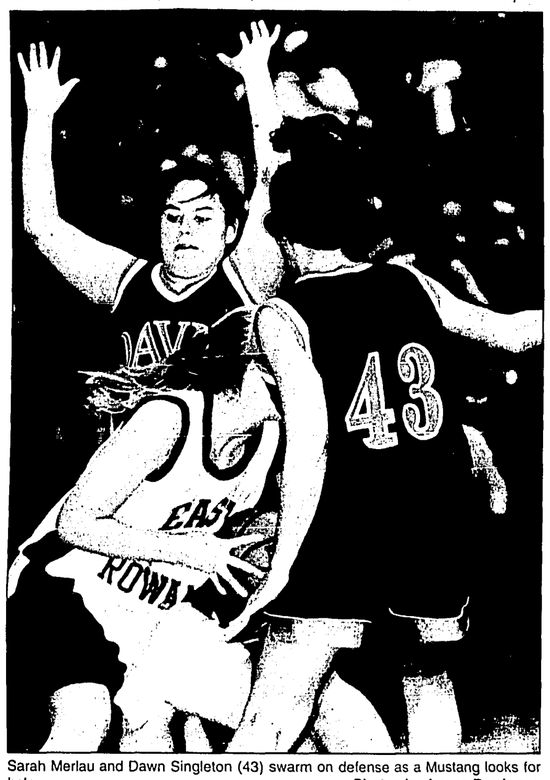

The War Eagles got 15 points, eight rebounds and four steals from by far their most reliable tool, Sarah Williams, and they got exactly what they've been waiting for from Singleton, a 5-11 junior center who busted loose for 13 points, 11 rebounds and three assists.

"We haven't been doing a real good job of getting the ball inside to Dawn, so that was kind of a point of emphasis," Cozart said. "I think Dawn felt like the last couple of games were not indicative of what she can do, so she came ready to play."

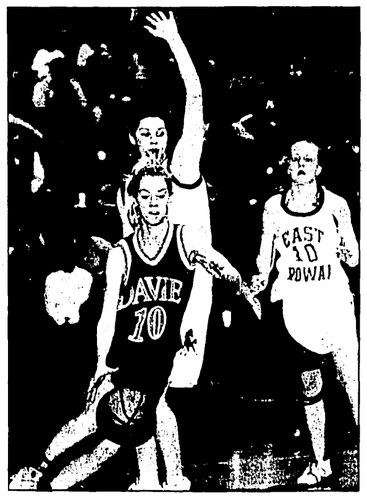

Ashley Williams (nine points, seven rebounds) and sophomore Schafer (eight points, six rebounds, two steals) added solid numbers as Davie harassed Salisbury into 0-for-8 third-quarter shooting and held do-it-all freshman Shayla Fields to 14 ineffective points. The ballyhooed point guard missed nine of 11 first-half shots and finished 5-of-18.

Davie outscored the Hornets 16-3 in the third and led by as many as 27.

Notes: Davie (5-6) controlled the first three quarters before tripping 60-54 to No. 2 West Rowan (9-2) in Saturday's third-place consolation. Its late fade spoiled 27 career-high points by Sarah Williams. Ashley Williams had 11, Singleton eight, Schafer four and McDaniel and Walker two each. ... Singleton (35 points in three games) was voted to the all-tournament team. ... Walker, a junior point guard, couldn't recapture the magic of last year's Moir-MVP honors. ... The War Eagles have two non-conference games before starting Central Piedmont Conference play – at Mooresville on Jan. 4 at 6:30 p.m. and at home to Alexander Central on Jan. 9 at 6.

said. "He carries us inside."

Here Comes Davie

With Davie grasping the last straws of possibility, two reserves (swingman Brian Hunter and 6-4 center Luke Phelps) who had never played under such pressure somehow stopped South's momentum.

Two Hunter buckets cut it to 64-58 and then 67-66, the latter a three-point play off a Phelps steal. Phelps had missed the last week and a half of practice while recovering from surgery, and the seldom-used Hunter, who added another big bucket in the first overtime and finished with seven points on 3-of-3 shooting, had seven points in seven previous appearances.

"We know Hunter can play defense – that's why we put him in when we did – and he scored some, too," Young said. "Every time we've put him in this year he's done a nice job. He's working his way up the lineup all the time. He wants to play and he never complains."

After South regained a 70-66 lead with 2:11 to play, Stevens concocted nine points in 53 seconds, the kind of explosiveness you would expect from a 28.7 scoring machine. The star senior finished with 35 points and seven 3-pointers on 19 attempts, the ninth time he's topped 30 points in his varsity career and the 10th time he's made seven or more 3s.

"He's a shooter and you've got to let a shooter shoot," Young said. "He missed a few that he normally makes, but he made some big ones."

Phelps, who finished with six points and nine rebounds, came to the rescue with South leading 77-75 with 41 seconds left. He rebounded a miss to tie it, then came out of nowhere to block Andrew Morgan's driving layup with two seconds left, forcing overtime.

"I saw some guys from Catawba running around with collection plates getting a little extra money for this game," Davis said. "It was a great opportunity. I mean Davie came with a lot of credentials. They've beaten some pretty good teams."

South Steals It

Stevens' trifecta forced double OT, and Nemanja Kreckovic and Jason Hogue gave Davie a 90-85 lead with 1:43 on the clock. But the lead disappeared on back-to-back turnovers. South hit a no-no-no, yes-yes-yes 3-pointer, then made two tying free throws with nine seconds to set up the unbelievable one-tenth-of-a-second punctuation.

"We went to four-corners with a five-point lead. The game's over," a dejected Young said. "All we had to do was hang onto the ball until they fouled us, and for some reason we made mistakes and took the ball where we could get trapped. These are seniors and they shouldn't make that mistake.

"We love to come to this tournament and we hate to play at 4 o'clock on Saturday (in the consolations). We always like the opportunity to play the best, and West Rowan has got to be one of the best teams in the state – if not the best team in the state. It would have just been fun to play to get ourselves ready for conference. I'm just competitive and I can't stand playing at 4 o'clock when you're supposed to play at 7:30.

"But my hat's off to South. They did everything they needed to do to beat us. Down five, they did not roll over."

Besides Stevens' 35, Kreckovic piled up 17 points, 10 rebounds and six assists. Sullivan had 16 points, two surprising 3-pointers and eight rebounds. Hogue had five points and nine assists. And Chris Stein had six points.

Davis isn't sure South (7-5), which lost by 47 in the finals to West, would have pulled off its amazing rally had Sullivan not fouled out in the first OT. "They've got some shooters, but Sullivan is one of those kids that's underrated," he said. "He does the dirty work, and I'll tell you what, I love the kid. I love watching his game. He plays hard, he beat us to the middle several times and his speed's a little deceptive. I think he's the key to them. If Sullivan plays well ... when he fouled out we thought that was big."

Notes: The outcome prevented Phelps and Hunter from cherishing their transformation from obscurity to spotlight. "I felt pretty good, I just wish the result would have been better," Phelps said. "I would have rather sat the bench the whole time and seen the team win. I just want what's best for the team," Hunter said: "Just jumping in and playing doesn't really do nothing. I'd rather sit on the bench and win." ... Davie has two nonconference games before starting Central Piedmont Conference play – at Mooresville on Jan. 4 and at home to Alexander Central on Jan. 9.

Davie 92, N. Rowan 52

Jumping ahead 15-2 and never slowing down, Davie's gray mood brightened considerably in Saturday's third-fourth place consolation against No. 4 North Rowan.

"The loss to South was a fluke," said Stevens, who made seven of 15 3-pointers to finish with 25 points. "We played horrible defense and we got what we deserved. But (against North) I think we showed everyone we are a legitimate team."

One big factor in Davie's recovery from the crushing loss was Kreckovic, who pumped in 32 points and pulled down 12 rebounds for his second straight double-double. He came in averaging 23.5 points.

Sullivan added 11 points and 13 rebounds for his fourth double-double.

"Once they get on a roll, they can throw it in from the parking lot," Coach Kelly Everhart of North (3-7) said of Davie's 12-of-31 shooting behind the arc.

The other Davie scorers were Stein with six, Matt Moser and Phelps with four each, Hogue and Nick Nelson with two each and Donnie Vestal with one. Davie (7-2) had dropped two straight despite an output of 172 points.

"I wanted to see if we'd roll over or if we'd come back with some fire in our belly," Young said. "They wanted to prove we really should have been in the finals."

Stevens and Kreckovic were named to the all-tournament team.

Runners take off up Cemetery Street at the start of the 13th annual Davie Family YMCA Resolution Run. - Photos by Mike Barnhardt

Jack Henderson, 9, of Winston-Salem, crosses the line first int he 1.5 mile run.

Holden Peeler of Mocksville, 6, was the youngest 5K participant.

Teen Wins 13th Resolution Run

Bobbie Mack of Winston-Salem earned an early birthday present Saturday in Mocksville.

The now 17-year-old runner from North Forsyth High School ran the 13th annual 5K Resolution Run in 16:14, good enough for first place.

"I was pretty impressed with my time," Mack said of the hilly course through the streets of Mocksville. "It's hard to train when it's so cold."

Mack pulled away from second place finisher Aaron Bowman of McCleansville at about two miles. Bowman finished in 16:27, followed by Mack's brother, Eric Mack, at 16:58.

Lynn Pitson of Winston-Salem won the female competition, finishing at 20:53, followed by Jerrine Peeler of Mocksville at 21:43 and Karen Causey of Winston-Salem at 21:47.

The race was a family affair for the Peelers. Not only did Jerrine finish second in the female division, but brother Holden, 6, was the youngest participant. Sisters Bekah and Carly aslo ran, as did their parents, John and Becky.

Not to be outdone, the Moser triplets of Advance - Clare, Jake and Sam - ran in a 1.5 mile fun run and walk.

Other top local finishers were Dave Salmon of Mocksville, first in the 55-59 age group at 20:34; Bill Jones of Advance, second in the 20-24 age group at 24:19; Kenny Johnson of Mocksville, third in the 35-39 age group at 20:15; Gary Prillaman of Mocksville, third in the 50-54 age group at 20:47; Teresa Tagnani of Mocksville, second int he 30-34 age group at 22:15; and Glenna Poindexter of Advance, third in the 50-54 age group at 35:12.

A record turnout of more than 200 runners and walkers participated in the event, sponsored by the Davie Family YMCA.

Bill Zazynski, race director and associate executive director at the Y, thanked all of the participants, sponsors and volunteers at a pancake breakfast and awards ceremony that followed the race. Procees go to the Y's Youth in Government program.

DHS Students Help With Pinebrook's Turkey Trot

Pinebrook third, fourth and fifth graders recently ran the 13th-annual Turkey Trot. Former vice principal Larry Lanier started the annual race in 1988. The race consists of a one-mile, cross-country run along the Vulcan Nature Trail.

In previous years Lanier would run the races with the students to pace them. When he was made principal at Shady Grove Elementary this year, many Pinebrook students feared it was the end of the Turkey Trot.

Enter Coach Darie Beiter and his Davie High cross-country team members Ben Stiling, Janel Darcy, John Glascock, Carly Peeler, Erika Ancuta, Bridget Robertson and Erin Gray. They graciously agreed to come to Pinebrook and run the races with the students.

Each grade ran a separate race paced by the high-school athletes. There were some impressive times posted, and Beiter has his eye on a few of the younger runners. The event was a lot of fun for the Pinebrook students, and the Davie team has agreed to come back and help out again next year.

The top six winners in each grade were:

Third-grade boys – Alex Newman, first place; Joe Watson, second; Patrick Whaley, third; Rickey Greer, fourth; Blake Simmons, fifth; and Jake Linhart, sixth.

Third girls – Elaina Womble, Olivia Woodward, Maggie Arnold, Brooke McCraw, Kali Whitaker and Erin Lapish.

Fourth boys – Jake McKay, Joe Teague, Atticus Lum, Jake Boger, Austin Bell and Joel Martin.

Fourth girls – Kelley Cundiff, Caitlin Tutterow, Jessica Strickland, Emerald Tuthill, Katie Gerdon and Emily Tate.

Fifth boys – Jordan Kinder, Johnny Sweat, Jacob Darnell, Ethan Wantuch, Cameron Taylor and Mitchell Bowles.

Fifth girls – Crystal Lester, Sarah Evans, Rebecca Gerdon, Kelly Brown, Jennifer Strange and Ashley McCallister.

Coach, Coach & Coach

Former Star DHS Athlete Leading Athletics At Mississippi School

If you ever wonder why you haven't seen Chris Jacobs in seemingly forever, there's a good reason. He's busy coaching his tail off in Mississippi. All he does is handle athletic-director duties and coach football, track and golf for 1-A Tensas Academy of the Mississippi Private School Association.

And if three head coaching jobs and all the headaches that come with AD aren't enough to make your head spin, he's also the sportswriter for the local weekly newspaper.

Is Jacobs on the verge of insanity? Not at all. He's having a blast, thanks largely to a football program that's gone 53-16 in six years under Jacobs, including 9-2 with its fifth playoff berth and its second district title last fall.

That was accomplished with 16 players. Tensas Academy dressed 22 when the ninth graders completed their junior-high season. Actually, the slim numbers are nothing new for Jacobs, who was defensive coordinator for two years under brother Doug Jacobs before taking over.

"Five different states have teams in the league, and everybody calls it winning the state," he said of Tensas' 5-0 league record for 2001. "It's pretty tough to do, but we had a team that I know could have won the state. We beat (the eventual state champion) pretty handily the fifth game of the year.

"A lot of those guys will graduate, so it's going to change a little bit next year."

A 1984 Davie High graduate, the massive defensive lineman made all-state and was the War Eagles' first Shrine Bowl player in 14 years as a senior. He signed with North Carolina, playing for Mack Brown in the late 1980s. Younger brother Doug, a 6-foot-9 defensive lineman, was all-state and a Shrine Bowler two years later for Davie, played at Ole Miss and almost made the Denver Broncos roster.

Lowery Career Wins Leader As Wrestlers Surge To 21-2

Continued From Page B1

Stanley fell on the short end of two white-knucklers. After tasting defeat for the first time all year against Palmer, Stanley lost 6-4 to a defending state runner-up from Southern Vance, Antwone Floyd, in his third match.

"I wrestled Palmer on the exact same mat, the same tournament and everything my freshman year and lost in overtime," Stanley said. "I've wanted to wrestle him again ever since because everybody always says he's good, and he won the state in my weight class last year. ... If I had to lose, I couldn't have chosen a better way to lose."

"Stanley's going to be in every match," Coach Lowery praised.

Put-Up-Or-Shut-Up Time: After failing to take Mount Tabor and Riverside to the wire, the War Eagles were at a crucial point in their season when they locked up with Southern Vance. An 0-3 mark against cream competition would have raised doubts about their stock.

Davie, however, answered the challenge, outscoring the Raiders 40-8 from the sixth match through the last match for the 40-30 win. The War Eagles dug out of a 24-0 hole to prevail 45-30 last year, and this time they spotted Vance 22 uninterrupted points.

Morton

Kahrs, Jacob Garner, Adam Sain and Millard Smith, they promptly made a U-turn and ran off 22 straight of their own, taking their first lead in the 11th match, a Billy Riddle pin for a 28-25 lead.

Unbeaten and unchallenged Lowery drove the stake through Vance's heart. The No. 1 wrestler at 215 pounds, Lowery pinned his No. 1 challenger, Quincey Talley, for a 34-25 advantage with two matches to go.

"This guy had already won the Jim King Orange Tournament and finished second in the state last year," Coach Lowery said of Patrick, who swept all nine matches (five forfeits and four pins). "Teams had people at 215 but didn't want to wrestle him. He had one hard one. He pinned (Talley), then everybody else said: 'Hum, there isn't any sense in me messing.' "

Despite the comeback, the pressure was on Zac Morton in the final match at 103. And the sophomore didn't disappoint his friends, posting a pin after Vance had closed within 34-31.

Davie Derails Another No. 1: Lowery added another mark to his already-rich resume against East Gaston. With Davie nursing a 29-27 lead, the star stepped up to heavyweight and pinned an opponent 28 pounds heavier to seal the 35-33 win.

"I was ready to see how far I was coming along," he said. "It's no big deal. There isn't that big a difference between 215 and heavyweight. I'm a lot faster than them, and about as strong as most of them."

Lowery's backbreaker wouldn't have materialized without 23 straight points from Andrew Scott, Stanley, Kahrs and Garner, whose pin provided a 29-12 lead.

"East Gaston tried to stack the deck on us by making us wrestle Riverside and Southern Vance before them," Stanley said. "But we still handled them. They were supposed to be ahead of us last year when we beat them (46-21)."

Eleven Contribute 6 Or More Wins: Davie expected dominance from Lowery (9-0), Morton (7-2), Malachi Gentry (7-2), Kahrs (7-2), Garner (7-2), Sain (7-2), Black (7-2), Adam Barber (5-1), Scott (6-2) and Stanley (6-2), so the big boost came from a pair of freshmen.

Dustin Johnson went 7-2 after sputtering to 7-7, and Andrew Darcy went 6-3 with a pin that erased East Gaston's 6-0 lead.

"You go into a nine-match tournament and win six or seven as a freshman, that's good," said Patrick Lowery, who in 1998-99 took his lumps like almost all freshmen, going 23-13. "I know how they feel. I mean it's tough as a freshman. But they pulled through real good."

Rising To Uncharted Territory: Lowery's performance gave him the most career wins of all time, a feat that was only a matter of time for someone who has gone 106-3 since his sophomore year. His 129-16 record surpassed Adam Connor, who was 126-23 in the 1990s.

Stanley is fifth on the list at 113-32. Former greats Brad Pack and Adam Bailey are third and fourth. It should be noted that thoroughbreds from the 1980s and early-to-mid 1990s didn't have four years to pile up wins.

Team Players: Billy Riddle kept his head above water (5-4) even though he's still throwing his undersized frame to the 189 wolves, and freshman Smith demonstrated the same kind of unselfishness while filling in for injured Matt Wilson (bad back) at 160. His 2-4 record deserves an asterisk.

"He's giving up 15 pounds. He's not a 160-pounder," Coach Lowery said. "We've got to get Wilson back at 160."

Making Every Chance Count: The reserves couldn't have done much better in spot duty. Jeremiah Raby went 2-0 with two pins, A.J. Scales and Ted Randolph pinned their lone opponents and Derek Foster split two.

Freshman Raby improved to 6-1 with five pins and Scales is 5-1 with four pins, giving Davie an impressive 19-3 record between three heavyweights (Barber, Scales and freshman Randolph).

Records: For the year Lowery leads the pack at 17-0, followed by Stanley at 20-2, Black at 20-3, Barber at 13-2, Sain and Scott at 18-4, Kahrs at 17-3, Garner at 18-5, Morton at 17-6, Gentry at 13-5 and Darcy at 14-8. Black is the pin leader at 14.

The War Eagles, who walked into the teeth of a lion when they competed in an individual tournament at Chapel Hill on Dec. 28-29, face South Iredell and West Rowan in a home double-header on Jan. 3 at 6 p.m. South Iredell is the first Central Piedmont Conference opponent, and West Forsyth will be the second on Jan. 8.

Three From Davie On All Northwest Football Team

Area coaches chose 23 players from a list of 48 teams for the *Winston-Salem Journal*'s All-Northwest football team for 2001, which was revealed on Christmas Day, and three came from Davie. They were linebacker Patrick Lowery, kicker/punter David Wooldridge and offensive tackle Chris Nichols.

Nichols

Lowery, who was all-state in football and wrestling in 2000-01, and Wooldridge, who has accepted a scholarship to North Carolina, were among four repeat honorees. The other two were linebacker A.J. Nicholson of Mount Tabor and running back Trevan Davis of Thomasville.

Although he always seemed to get overshadowed by Lowery, Wooldridge and Davie's celebrated defense, Nichols' blocking on the right side of the line was critical in Davie averaging 4.6 yards a rush, earning a share of the Central Piedmont Conference title and becoming the fourth team to achieve nine or more wins.

Mount Tabor and Ragsdale were the only other teams to have three players named.

PUBLIC NOTICES

NORTH CAROLINA
DAVIE COUNTY
NOTICE OF FINDING OF NO SIGNIFICANT IMPACT AND NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS

Date of Notice: January 3, 2002
Name of Responsible Entity: Davie County, North Carolina Community Development Department
Address: 123 S. Main Street Mocksville, NC 27028
Telephone: (336) 751-7408

These notices shall satisfy two separate but related procedural requirements for activities to be undertaken by the Davie County, North Carolina.

REQUEST FOR RELEASE OF FUNDS

On or about January 22, 2002, Davie County will submit a request to the North Carolina Department of Commerce to release Federal funds under Title I of the Housing and Community Development Act of 1974, as amended, for the following project: The Davie County/ Jockey International CDBG-Economic Development Project to provide improvements to the Cooleemee Sewer Plant.

PURPOSE OF NOTICE

This notice is intended to meet two separate procedural requirements of 24 CFR Part 58: (1) To provide notice to the public that the County has determined that the request for release of funds for the above named project will not have a significant impact on the environment, (2) To provide notice to the public that the County is requesting release of funds for the above named project.

FINDING OF NO SIGNIFICANT IMPACT

It has been determined that such request for release of funds will not constitute an action significantly affecting the quality of the human environment and accordingly the above named county has decided not to prepare an Environmental Impact Statement under the National Environmental Policy Act of 1969 (NEPA). The reasons for such decision are as follows: 1) The project is not located in a flood plain and does not involve wetlands. 2) No construction of additional public sewer lines are required for this project. 3) No change in use, historic character, or loss of potentially historic properties is required for this project. 4) No adverse effects are anticipated beyond short-term construction noise and dust. 5) The proposed project will have no detrimental effects on air or water quality and will cause no adverse effects on natural, ecological, cultural or scenic resources.

Additional project information is contained in the Environmental Review Record (ERR) on file at Davie County Offices, 123 S. Main Street, Mocksville, NC and may be examined or copied according to County policies weekdays 8:00 am to 5:00 pm., except holidays.

PUBLIC COMMENTS

Any individual, group, or agency disagreeing with this determination or wishing to comment on the project may submit written comments to Davie County. All comments received by January 19, 2002 will be considered by Davie County prior to authorizing submission of a request for release of funds.

RELEASE OF FUNDS

Davie County will undertake the project described above with Community Development Block Grant (CDBG) funds from the North Carolina Department of Commerce under Title I of the Housing and Community Development Act of 1974. Davie County is certifying to DOC that Davie County and Michael Allen, in his capacity as Chairman of the Board of Commissioners, consent to accept jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to environmental reviews, decision making action; and that Davie County may use to CDBG funds and DOC will have satisfied its responsibilities under the National Environmental Policy Act of 1969.

OBJECTIONS TO RELEASE OF FUNDS

DOC will accept an objection to its approval only if it is on one of the following basis: (a) that the certification was not in fact executed by the certifying officer or other officer or applicant approved by DOC, or (b) that the applicant's environmental review record for the project indicated omission of a required decision, finding or step applicable to the project in the environmental review process. Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58) and may be addressed to DOC, 4318 Mail Service Center, Raleigh, NC 27699-4318.

Objections to the release of funds on basis other than those stated above will not be considered by DOC. No objection received after February 6, 2002 will be considered by DOC. Comments must specify whether they concern the finding of no significant impact or the intent to request release of funds.

Happy 4th Birthday To The "Berry"!

Love, Dad, Mom, Pippin, Rose & Tigger

In Loving Memory

Troy "Chalk" Melton
June 6, 1927 - Dec. 29, 2000

A million times we've needed you, A million times we've cried. If love alone could've saved you, You never would have died.

In life we loved you dearly, In death we love you still. In our hearts you hold a place, No one else will ever fill.

It broke our hearts to lose you, But you didn't go alone. Part of us went with you, The day God took you home.

Love, Zelma & Family

Get Your New Year Off To A Fresh Start

The Arnold Bakery Thrift Store in Clemmons sells delicious, high-quality bread, snacks and other related products, including low-fat, no-fat and no-sugar products at savings up to 60 percent off suggested retail.

Some of the most popular items are **Entemann's** cookies, pastries, cakes, and pies; and the **Boboli** line of pizza crusts, bread sticks and sauces, plus a wide range of specialty food items.

For meals, sandwiches and get-togethers, the store features the **Arnold** line of premium American breads, rolls and buns, which include **Brownberry, brick Oven, Francisco and Bran'nola**, a hearty line of breads that are baked with all-natural whole grains. New Arnold breads include **Oatnut (with hazelnuts), Oatbran, Sourdough and 100% Whole Wheat with Honey.**

The **Arnold Bakery Thrift Store** also sells **Thomas** bagels and English muffins, including blueberry, cranberry and cinnamon flavors. Super-size muffins, and naturally low-fat **Sahara** pita are also available.

The thrift store has an **unbelievable inventory** of **Pepperidge Farm** premium snacks, crackers, cookies and Goldfish; **Snyder of Hanover** pretzels and flavored potato chips; **Old London** products, including their famous **Melba Toast** and **Waffle Snacks; Voortman** cookies; **Utz** pretzels and chips **Famous Amos** cookies and **Little Debbie** snacks.

The **Arnold Bakery Thrift Store** has **Amish** jams and relishes, local honey, **Mrs. Campbell's** homestyle chow-chow, **Vidalia Sweets** relishes, as well as **Golding Farms** honey, molasses, salad dressings, and steak, barbecue, cocktail and tartar sauces.

You'll also find the exclusive salad dressing from **Cherries Cafe** at Arnold's. **Moravian lovefeast buns and sugar cakes** are delivered fresh on Fridays from **Jones Bakery.**

The thrift store's unique inventory of famous **Stash Tea** includes traditional flavors of black, green and herbal teas as well as triple ginseng, teas from India, and oriental blends you would drink in Japan and China for health benefits. The store also has **Exotica Tea,** which includes rare flavors such as Silver Jasmine and China White.

Also featured at the **Arnold Bakery Thrift Store** are **gourmet coffee, cocoa and cuppacino** packets, including Hazelnut, Snickerdoodle, Moucha-doodle, Irish Creme, Creme Brulee and Coco Cabaret flavors.

For customers who desire a bit more flavor, the thrift store has a number of **jalopena, garlic and spicy** items.

The **Arnold Bakery Thrift Store** is conveniently located in Clemmons at 2668 Lewisville-Clemmons Road, across from the new DOLLARBUYS Store.

Store hours are Monday through Friday 9-8, Saturday 9-6, and Sunday 12-5. **Phone 766-3080.**

Davie Hospital Gets Another Chance

By Dwight Sparks
Davie County Enterprise-Record

There is still life in Davie County Hospital.

The task of leading the hospital is now in the hands of Lynn Doss, a 30-year veteran of the hospital who remains committed to the hospital's future despite the odds.

"I stayed because this is home," she said. "I like working where I know everybody, where I know where things are. I don't like running up and down the interstate. I like being where I can support my home and community."

> "You get personal attention here. You're somebody's neighbor, somebody's friend. I've been amazed at the number of people who want their little hospital."
>
> - Davie Hospital Administrator Lynn Doss

With the jobs of 123 employees in the balance, Davie Hospital has affiliated with Wake Forest University Baptist Medical Center of Winston-Salem in an attempt to secure its future.

A new board of directors and its planning committee are trying to determine how the hospital should operate.

"We will be spending six months deciding what the public wants," Doss said.

Daughter of the late Lonnie and Ruth Tutterow of Center, Doss started working as a nurse at the hospital in 1971. She is a 1967 graduate of Davie High and studied nursing at Davis Hospital and UNC-Charlotte.

Running the hospital isn't exactly new to her. She had assumed the task of acting supervisor when the

Let It Snow

White Stuff Well Predicted

Ryan Prevette knew it was going to snow on Jan. 2.

All he had to do was count the number of pig hairs in his hand.

The Shelfield teen won a contest among the weather watchers for WXII NewsChannel 12. At a November get-together, each of the weather watchers put the date they thought the first measurable snow would occur, and the amount.

Prevette guessed two to three inches on Jan. 2. He was the only one to guess Jan. 2.

"How he predicted the snowfall, he grabbed a handful of pig hairs back in November," said neighbor James George. "The number of pig hairs in his hand, that's the number of days until the first snowfall."

George said that Prevette wanted to make sure that WXII meteorologist Austin Caviness got the message of how he predicted the snow.

Did he really count the number of pig hairs in his hand?

George chuckled. "We folks up here in the country have our own way of doing things."

George said there were light snow flurries mid-morning Monday, an inch and a half on Wednesday and 3.5 inches on Thursday. A total of six inches of snow was reported in Cooleemee, 5.5 in Advance. On Sunday, about an eighth of an inch of rain and freezing rain fell across the county.

Wooten Out, Drum In As Cooleemee Police Chief

By Kim Justen
Davie County Enterprise Record

COOLEEMEE - Police Chief Tim Wooten is stepping down.

After more than six years of service to the town, Wooten resigned, naming "irreconcilable differences" in a letter to the town board. According to commissioners Fran Parker and John Chandler, those differences revolve around the local government employee retirement plan offered by the state.

Drum

"We want that for our employees," said Chandler, "but we can't afford it." He went on to say that all the commissioners knew the plan was important, but it wasn't economically feasible for the town. "We have been very fortunate to have him here," said Chandler, referring to Wooten.

"I disagree," Wooten said days after the meeting. "It's just a matter of priorities." Wooten went on to say the town had agreed to offer the state employee benefit as part of his accepting the police chief position.

"I decided after six and a half

Does Davie Need Two High Schools?

Should Davie County build a second high school?

That's the new question on the Davie County Enterprise-Record's website. To cast your vote, log onto www.enterprise-record.com.

We'll post the results in a few weeks.

A total of 76 percent of those who view the website think that county commissioners should do more to control residential growth, with 24 percent saying that nothing more should be done.

The poll is non-scientific, open to anyone with internet access. It is limited to one vote per access.

Former Mayor, Teacher, Friend Dies At Age 84

By Mike Barnhardt
Davie County Enterprise Record

When members of the Mocksville Town Board meet, there's a watchful eye looking down upon their actions.

It's that of D.J. "Nick" Mando, former mayor, former teacher, coach and friend. Mando died Jan. 2 at the age of 84. He had been mayor for a total of 30 years.

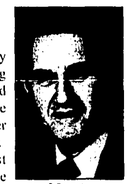

His is the only portrait that hangs in the town hall.

"I would say that he was a man of complete integrity, absolutely the highest moral and ethical character," said James W. Wall, former town board member, and a friend of Mando's for some 50 years.

"He worked hard and he was dedicated to his job, whatever it was. He was totally interested in the students at school, the town, the community and the church."

Mando moved to North Carolina from Pennsylvania in 1940, to Mocksville in 1941 as a teacher and coach. After operating his own plumbing and heating business and working for C.C. Sanford Co., Mando resumed his teaching career, teaching math and social studies at Davie High School, where he later retired as assistant principal.

Mando cared about the community, especially it's young people, said Mocksville Town Manager Terry Bralley.

Mando

He first went on the town board in 1957. His agenda was recreation.

D.J. Mando: One Of The Best Among Us

He was both teacher and mayor. He had a fascination with baseball. He enjoyed people. And he had those endearing qualities that made people love him.

D.J. "Nick" Mando died last week.

I met him first at Davie High. He was assistant principal. Jack Ward was principal.

They may have invented the good cop-bad cop routine. Students readily confessed their sins to Mr. Mando rather than risk the wrath of Mr. Ward finding out first.

We always figured Mr. Mando would give us a better deal.

He walked the halls to a constant salute from the students. He took no nonsense, but his punishments weren't severe. He was generous with praise.

Mocksville should congratulate itself for embracing him as mayor. He wasn't exactly the typical mayor of a small town in the South. He was a Yankee transplant. But he was always here to stay. One of us. One of the best of us.

He found in Mocksville a way of life he enjoyed, and he set about to slowly and quietly make it a little better. Small projects linked together made big improvements for the town.

The town revitalized Downtown Mocksville. Paved sidewalks generously. And made the town simply ... nice.

Rich Park got a lot of attention from him. The ball park very appropriately bears his name.

Mocksville avoided the racial strife other towns experienced during desegregation. Part of the credit for that goes to him.

People trusted him. He believed in doing the right thing because it was the right thing.

He came to symbolize Mocksville. The town government ran itself with dignity. He didn't tolerate grand standing by the board members or public bickering. Mocksville's board used to be partisan. Mando was a Democrat, but he enjoyed a healthy allegiance from both parties. Few seriously thought they could unseat him. Only he could do that. He retired once, only to return years later.

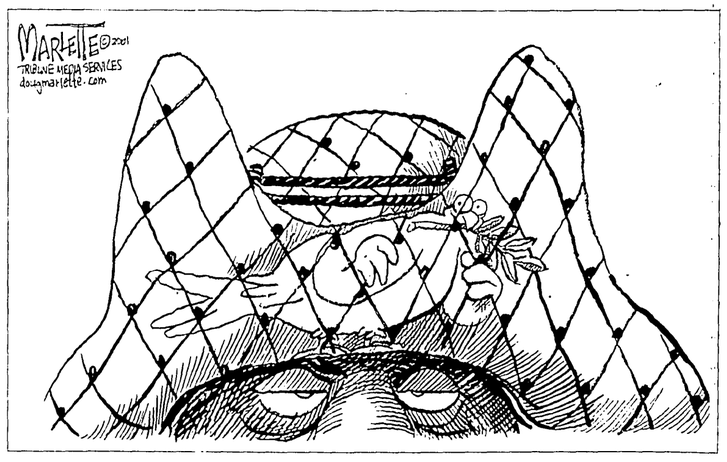

Public service sometimes seems unrewarding. The pay is not remarkable. The hours are long. The criticism is often unrelenting. The problems can be endless and difficult.

But to those with the right temperment, public service can have a reward beyond dollars and the traditional measurements of success.

Mr. Mando leaves Mocksville far better than he found it as a young man. Much better. The town provides excellent services. It has run smoothly. It serves as a model for small towns throughout the state. The government is a credit, not an embarrassment, to its citizens.

He was a gentle and kind man. A man with ideas and manners.

In The Mail ...

Davie's Generous Spirit Shines

To the editor:

I wish I had the words to thank you for your generous outpouring this year for the children and senior citizens of Davie County. Because a lot of parents have been laid off from work or are on short time, we had more children to take care of this Christmas than normal. Thanks to you, we were able to provide Christmas for 785 children, 16 adults, and 54 seniors - a total of 855 Davie residents. In addition. We were able to provide 74 Christmas dinners for senior citizens.

I have read repeatedly in newspapers, articles of other ministries struggling to raise support for Christmas programs this year. We at the Storehouse are so blessed, for when you hear of the need, you rally around to make sure everyone is taken care of. I am always deeply touched by the way the community pulls together to make sure that others' needs are met.

I thank our Lord for each of you who gave so that others might have gifts Christmas morning. Some of you gave financially, some brought gifts to use as fill-ins, some sponsored children and seniors, some provided Christmas meals for seniors, some volunteered to work organizing and distributing Christmas, some prayed. Your giving was very generous and brought tears to our eyes as we worked. Even after we had closed for the holidays, you were still calling to see if there were any children who had not been sponsored.

Thank you for being so faithful and for caring - your support encourages us more than you will ever know - for without you, we would not be able to help others. I wish you could hear the parents and seniors as they come in to say thank you - to say how special you made Christmas for them this year. Words cannot express our gratitude to you.

I would like to say a special thank you to Hardison United Methodist Church for allowing us to use their basement for distribution. I would also like to say a special thank you to Cynthia Baldwin for volunteering to work sa our Christmas Coordinator and for all those who assisted her. A special thank you also to Carol Stapf and all the volunteers who worked interviewing the clients and getting requests. Everyone did a great job.

Again, thank you for not only being there when needed, but for your generosity and caring spirit. May God bless each of you abundantly.

Your servant in Christ.

U.S. Justice System Lacking

To the editor:

Why try Walker or Osama Bin Laden in a military tribunal?

Look to Florida and you can see why they should not be tried under our system of justice. You can see people crowding around O.J. Simpson getting his autograph. What happened to Jon Benet Ramsay's trial? Another rich family.

It looks like anyone who can afford an "A" team can walk free.

Under our system, if you lose as a lawyer, you can get on television and make millions. Most of the lawyers on the people's side in the O.J. Simpson case are on TV making millions.

EMS, Police Wonderful

To the editor:

I feel the need to give recognition to the Emergency Services in my town. On New Year's evening we had a tragedy befall our neighborhood. The personnel who arrived, EMS and police, were wonderful. I was too much in shock to remember to get all their names, but I believe they know who they are. They were efficient and yet professional but did not lose the humanity of all present.

I'm fairly new to this area and had never needed their assistance before, but after seeing their response, I have every confidence in these men. I felt they should be recognized for their efforts.

I know it's all too often easy to criticize public servants and we rarely give credit where credit is due. I didn't want to miss this opportunity to thank these folks for all they did.

Welcome To The Low Country ... Don't Forget Your Long Johns

Mike Barnhardt

Welcome to the Low Country. Or as our host puts it, "God's Country."

Just the name makes you think you're going somewhere almost tropical, where it's always warm, where the flowers are always blooming, the fish are always biting.

While we were freezing our buns off a couple of weeks ago, folks in the Low Country of South Carolina were enjoying temperatures in the mid-60s. It would make a perfect winter vacation destination.

And our hosts - Sandy and Pert Grantham - always have plenty of food and drink on hand. Never a dull moment, but always a time for a nap or two, if that's what you prefer. A beautifully maintained yard beckoned, and the Santee Cooper Lakes lay just outside.

Yes, it sounds like the perfect winter vacation.

Think again.

I noticed it was cold when we arrived Monday night. Really cold. I wondered, when I ventured out to the water just before midnight, why the pontoon boat was sitting haphazardly on dry ground.

The next day was perfect for an outdoor party. Temperature in the mid-50s with a bright sunshine. Just what was needed to wash down some tasty South Carolina barbecued ribs (mustard sauce, not ketchup) and a spoonful of collards from a pot filled with enough of the smelly greens to feed a small country. Getting out to the lake was impossible, however, because the lake was so low you couldn't navigate to it from the canal. Places where I had only seen water before were now covered with ground. Dry ground.

Nonetheless, we went to bed satisfied and happy.

But something went wrong - terribly wrong - between Tuesday night and Wednesday morning.

We awoke to snow. Then sleet. Then sleet and snow. Then freezing rain, and plenty of it. It may sound awful, but being stuck indoors at the Grantham residence isn't that bad. I've already mentioned the abundance of food and drink, but I didn't mention the fireplace and big-screen TV. It's a good place to kick back and relax.

Then the electricity went out.

Uh-oh.

It came back on - for a few seconds - then went out again. This scenario came in and out for several times.

Uh-oh.

I've called Duke Power several times when the power goes out here, so we tried the same for South Carolina Gas & Electric or whatever it is they call themselves. Of course, like here, you don't get to talk to a real person. They gave some statistics, 17,000 people without electricity in Walterboro, Summerville ... They didn't mention Eutawville, but the machine acknowledged where the call came from, so they knew we didn't have electricity. The potatoes that were ready for the oven quickly went into aluminum foil for the gas grill, to join the Santee striped bass already scheduled for the outdoor cooker.

A good evening meal by candlelight. We did without the electricity, and again went to bed satisfied and happy.

What was that loud crash in the middle of the night? Obviously the only one to wake by what sounded like a tree falling dangerously close to the house, I couldn't go back to sleep. I was gratified a while later to hear the electricity workers just up the road, and not long after that I heard the furnace kick in and mustered all the strength I had to push some of the three tons of quilts and blankets there to keep warm.

Thursday was the day to go home. Getting out of bed with a hopeful attitude, I was surprised to learn that the terrible ice storm had turned to snow - a fine misty snow that quickly stuck to the ice already on the ground. That fine misty snow turned into bigger flakes, then bigger flakes coming down rapidly. We decided to stay, rather than travel six hours on icy roads. The snow lasted into the night ... but the electricity didn't.

We're at the end of the line here, I was told. No through lines. They don't cross the lake.

But lo and behold, there's a generator in the garage. Watching two people try to hook up a generator who have little mechanical knowledge and even less electrical savvy must have been quite a sight. A neighbor came to visit, tried not to laugh and offered a couple of hints, but he quickly left, obviously afraid that he would be hurt in the ensuing explosion. That generator got hooked up, and it powered a few lights in the house, even the refrigerator, the well, and most importantly, the big-screen television. The generator wasn't running right. My able host finally figured out, after a few hours, that the choke was on. It was cut off and the generator hummed perfectly.

On Friday, we finally got to go home, under a bright blue sky and brilliant sun, dodging the three-foot long icicles falling from the overhead power lines that were warming up once again. We got home to less ice and snow than we left.

It was a trip not to be forgotten anytime soon.

Welcome to the Low Country, I was told. Land of warm temperatures, flowers in bloom and the lake at your footsteps. Sure, I'll go back, but you can bet the long johns I left at home that I'll check the weather forecast the next time.

School Board Action Open, Courageous

To the editor:

Reading in last week's edition of the Enterprise, I learned that the school board had decided to allow the Davie cheerleaders to attend the national competition in Florida. It takes great courage to reverse a decision like that and I commend the board for doing so.

Also, the detailed reporting of the process was encouraging. Most residents take no pleasure in second guessing the decisions of our elected officials. It's my hope that in the future, our officials will continue to fully disclose their reasoning in reaching decisions that on the face, justify full disclosure. Great objectives can be reached if we, the voting public, are made to feel as though our representatives care enough about us to educate us on controversial topics. We are on the same team. We want to assist in winning the day. But we must know what the play is.

Thanks again to the Enterprise for the good reporting on the school board meeting of the 7th. And thanks again to the school board for their courage.

As for the many citizens who called me regarding my earlier comments, I thank you for caring enough to call. While some of you do not share my vision for Mocksville, I am very pleased to know that like me, you love this community.

Help Pro-Life Advocates Shake The Nation Jan. 20

To the editor:

The week of Jan. 20 is the 29th year abortion has been legal.

A new campaign began this year called "Shake the Nation." Write letters to your congressman and women expressing your heartbroken views about this matter. Talk to your Heavenly Father.

If we hope to see our Pro-Life president add justices to the Supreme Court who will vote down this law, we must let them know our views about abortion.

Across our nation, millions of men and women are experiencing grief associated with the loss of a child to abortion. Over time, this pain increases and causes many serious health and mental problems. Most carry this grief and heartache inside.

The National Memorial for the Unborn in Tennessee is where more than 35,000 babies lost their lives over a 10-year period in the large abortion clinic. It closed from a lack of funds and health problems among the three doctors who ran it. What was once a place of death is now a place of life and hope. There is a memorial wall of names 50-feet long with brass plates placed by mothers, fathers and grandparents in memory of their child or grandchild. There is a pool of tears dedicated to the memory of children lost through miscarriage.

Write a letter, put a red rose in your church on Sunday, Jan. 20 with a note in the bulletin to remember those children. Pray for a stop to abortion. Order Sanctity of Human Life painphlets for your church.

Something missing in your life?

Even if Santa brought us everything ...
Even if all our dreams came true ...
Even if we won the lottery ...

Something would still be missing. We wouldn't have happiness and peace of mind. Our children and our friends would disappoint us.

But there is a another way. And we invite you to join us in taking that path.

This Sunday, we begin a new service of contemporary worship of our Lord and Savior Jesus Christ — the real way to peace and joy.

It starts at 8:45 a.m. Come as you are. Come to sing. Come to worship. Come to lift your hearts to a caring and forgiving God who loves us as His own children.

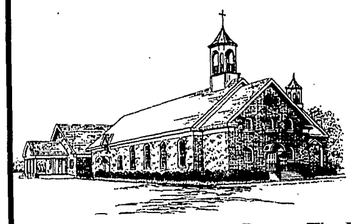

Our members care about you. God urges his children to share his message with the world. Two ways we attempt to do that are through our traditional 11 a.m. service and the new contemporary gospel service.

If you don't have a church home ... If your heart needs the mending that only God can provide, please come. Bring your children. Bring your entire family. Yes, we have a nursery for the little ones. Yes, you will be welcomed. Yes, you will hear an inspiring message of the love of God for us.

Please realize there's nothing special about us — except that we want to serve God. There are dozens of churches close by with the same special message of salvation and hope. All of us serve the same Savior. We'd love to have you join us in worship. But more important than WHERE you seek God is THAT you seek Him in your life.

May God's face shine upon you and give you peace ... in the year 2002 and for all your days.

Davie County Hospital Open Under New Administration

Continued From Page 1

previous hospital administrator, Mike Kimel, had to spend much of his time at Novant Health in Winston-Salem, the previous operator of the hospital.

Jodie Harris works at the mammography machine.

"He told me I was going to do it," she recalled.

For the coming months, the hospital will continue to function much as it has recently.

"We don't want to jump into something headlong," Doss said. "We want our decisions to be good ones for the community. We have some good guidance through Baptist Hospital. We have an excellent board. I've been very impressed by their interest and willingness to serve."

The hospital's urgent care unit continues to operate 14 hours a day — from 8 a.m until 10 p.m. The hospital also has a variety of other clinical labs, radiology, mammography, ultrasound, a gastrointestinal lab, a mobile MRI unit, occupational health and in-home health services.

The hospital continues to suffer from a public perception that it is closed. That began when the hospital stopped treating patients overnight. On top of that, the hospital's future was continually in doubt.

"The public assumed the whole place closed, but it didn't," Doss said. The urgent care unit averages treating less than 20 people a day.

Survival depends on increasing public use.

"We're fighting some opinions that have formed about the facility for a long time. You get personal attention here. You're somebody's neighbor, somebody's friend. I've been amazed at the number of people who have stopped me in the store and at church who want their little hospital."

Davie County commissioners have set aside $1.2 million to cover losses at the hospital for the next six months. County manager Ken Windley said that money would cover the "worst case scenario. We certainly don't feel it will lose that much money. It will lose money this six months; there's no question about that."

He said the county is close to a settlement with Novant over ownership of existing equipment and accounts payable. Much of the uncertainty about the county's losses hinges on that settlement.

The county is paying Baptist $4,000 a month for administrative services for the six months.

Following discussion with the county attorney in a closed session on Monday afternoon, the board approved a decision allowing chairman Dan Barrett to complete final negotiations with Novant Healthcare on behalf of the board.

Once a final agreement has been reached, Barrett would bring it to the board for input and approval. The board received a final proposal from Novant shortly before lunch on Monday. To date, no equipment has been removed from the hospital.

Jenniler Church and Linda Hunt, registered nurses, work in the emergency room.

Nick Mando 'Perfect' Public Servant

Continued From Page 1

Boy's Club and athletics had been a big part of his life, and he wanted the same opportunities for young people in Mocksville, Bralley said. Wall said that Mando believed that recreation helped young people more than just their muscles. It helps build character.

In 1991, the town named the baseball field at Rich Park "Mando Field" in his honor.

"Mr. Mando did so much in public service," Bralley said. "He was very instrumental in the civic part of community service. He helped charter the Jaycees and the Mocksville Rotary Club, and he worked very closely with his church."

Wall knew well of Mando's work in Mocksville First Presbyterian Church. They had been members there together for 50 years. He said Mando was a devout Christian, active in church programs.

Wall said that one of Mando's best traits was his patience.

Working with students at Davie High and with people who may have a grievance with the town, he kept his cool.

"He was a very patient man ... with the students and with the town citizens," Wall said. "He tried to understand the concerns or problems of the people."

Mando didn't seek personal gain. He did what he thought was best for the people.

Current Mayor Dr. Francis Slate said the first advice Mando gave him was to leave politics outside the town hall. What was good for a Republican was good for a Democrat, and vice versa. It's advice that Slate took to heart, and gave to new members of the board when they took office last month.

As town manager, Bralley knows that newly-elected officials sometimes want to "clean house" when elected. "The first time I met Nick Mando, he came to see me and shut the door and said I plan to run for mayor. I just want to know one thing, will you stay if I run and win. That told me up front what kind of man I was dealing with.

"He was an honorable and fair man who helped many people, both in his businesses and in high school."

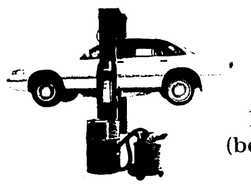

Mando was so popular, Bralley said, that it sometimes made it difficult to travel around town with him.

"Everywhere we went, it was Mr. Mando, Mr. Mando, do you remember me?" One industrial manager jokingly told Bralley to quit bringing Mando around because the plant all but shut down from the number of people wanting to speak to him.

"Nick was a perfect public servant," Bralley said.

years it hasn't occurred, and it wasn't worth waiting another six years to see if it happened," Wooten said he hated to leave Cooleemee.

"I truly loved it there. I hoped I was going to finish my career there, but at my age, I can't ignore a lack of retirement benefits."

He also mentioned that he was afraid Cooleemee couldn't afford disability if one of the officers were seriously injured. Wooten has accepted a position with the Winston-Salem Police Department, and has begun orientation there. He is using comp time through January, remaining in a semi-official state while he finishes up business.

Commissioners held an emergency meeting Jan. 4 to discuss the matter and select an interim chief. After over an hour of discussion in closed session, Sgt. Ed Drum was asked to join the meeting, which continued for more than half an hour before entering into open session again.

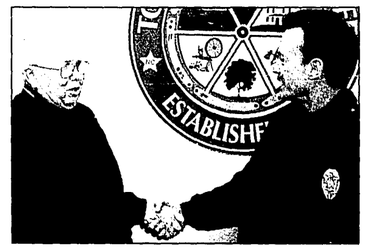

Once open to the public, Parker motioned for Drum to fill Wooten's position in an interim capacity through January. Wooten will continue to work until Feb. 1. Mayor Grady Spry said Drum would fill the interim position until the chief position was officially vacant. Once all the paper work and salary issues have been taken care of, the board will meet and vote Drum in as chief for the duration. They hope to be able to do that at their regularly scheduled January meeting on the 15th.

"Eddie is just a fine, professional person," said Mayor Spry. "He is a favorite of the people of Cooleemee - he spends time with them." Spry said the town hall had received a number of phone calls throughout the day from residents wanting Drum to fill the position.

Drum, a North Carolina native, has worked in Cooleemee for the past five years. Prior to that, he worked with Wooten at the Forsyth County Sheriff's Department.

"Tim and I have been lifelong friends," Drum said of Wooten. "We went to school together. After he came here, he hired me."

Drum said the Cooleemee three-man force is doing well. "I've never thought of changing anything real drastically." Drum hopes to be able to hire one more officer, replacing a position that became vacant at the end of last year.

Mayor Grady Spry (left) congratulates new police chief Ed Drum.

Drum and his wife live in Clemmons, and have three daughters between the ages of 13 and 23. He plans on continuing to live in Clemmons, stating he "would hate to uproot everyone."

Blood Needed Every Day To Help Hospital Patients

People donate blood every day. What happens to the blood once it's donated to the American Red Cross?

In the 82 county area served by the Carolinas Blood Services Region of the American Red Cross, approximately 1,500 donors each day give blood at centers or drives to meet the needs of patients in 109 hospitals. In some areas, individuals may donate just platelets.

Immediately after the blood is collected, it is stored in containers designed to keep the blood at a safe temperature until it reaches Red Cross processing laboratories in Charlotte or Durham. Every blood donations is given a unique computer bar code number which is scanned into a computer system that will track and monitor the blood's status and progress until it is transported to a local hospital.

Once the blood arrives in the processing labs, samples are sent to the American Red Cross National Testing Laboratory in Charlotte, one of only nine in the country. Each blood donation will undergo 12 tests for transmittable diseases including hepatitis and HIV.

In the processing laboratory, the unit (pint) of blood undergoes a series of processes that removes white cells and separates blood into red cells, platelets and plasma. Some components may be used to create specific blood products for special treatments, allowing a single donation to be used to save as many as three lives. The blood products are placed into quarantine until the test results are received from the testing laboratories. This usually takes 12-16 hours.

Once the test results are received, blood that is safe for transfusion is removed from quarantine and delivered to Red Cross distribution centers for release to hospitals and the patients in need. The Carolinas Region has distribution centers in Asheville, Charlotte, Durham, Wilmington, Winston-Salem and Johnson City, Tenn.

A hospital can order blood from the Red Cross 24 hours a day, seven days a week, 365 days a year. When an order is received, the staff at the nearest distribution center packs the blood and delivers it to the hospital. Physicians may use red cells to treat trauma patients or those with anemia. Platelets are used to treat cancer patients. Plasma and albumin help treat critical care patients and immune globulin is used to treat individuals with immune deficiencies.

Red cells can be stored for 42 days while platelets have only a five-day shelf life. In this area, more than 1,500 units of blood are needed each day for patients in local hospitals.

"The next time you give blood, you are initiating a process that results in saving lives in your area," said Anna Eichhorn, Davie Red Cross coordinator. You can donate blood every 56 days. Call 1-800-GIVE LIFE or the Davie Red Cross chapter at 751-1347 for an appointment or location of a drive.

Oil Recovery Continues At Courthouse

By Kim Justen
Davie County Enterprise Record

For close to eight years, the Davie County has been working on the oil problem behind the courthouse.

Wayne Watterson, project manager from S&ME was on hand for the Jan. 7 board of commissioners meeting to answer questions regarding the oil removal project.

S&ME presented a state-approved plan to the commissioners at the cost of $373,386.28 to remove the remaining oil in the ground behind the courthouse. The state will reimburse the county for the entire cost of the installation. Following that, the cost would be $20,000-30,000 annually for maintenance, which should also be reimbursable by the state.

Since S&ME began recovering the oil in 1996, 13,000 gallons have been recovered, using one pump and three recovery wells. These were "stop-gap [measures] to keep the product out of the stream," said Watterson. They were put in place by S&ME after their original assessment in 1994-95.

The plan approved by the board, includes nine additional wells and a new groundwater treatment system to be installed near the former jail. When the wells are operational, the recovery rate is expected to be more than the 13,000 gallons recovered to date in the beginning, but over time, as more oil is recovered, the rates will diminish.

S&ME has never been able to find the leak responsible for the 67,000 square-foot oil plume. One source is an old courthouse tank, but Watterson said it was unreasonable to believe that one tank was responsible for a spill of this size.

"We are a little perplexed to be quite honest." The Davie spill is the largest he is aware of in the area, and the second largest he has worked on. S&ME estimates there are 50,000 gallons of oil to be recovered based on the porousness of the soil, but admits the number could be much higher.

In some areas of the spill plume there was less than an inch of oil found in samples; in other areas it was just under 8 feet. Based on the evidence to date, and the plan approved by the board, S&ME estimates that it will take 10 years of clean-up to get the site back to a low-risk classification.

Planners To Discuss Offices For Country Lane

There will be a meeting of the Town of Mocksville Planning Board Tuesday, Jan. 15, at 7 p.m. at Mocksville Town Hall.

Ron and Penny Stroupe have applied to rezone approximately 1.53 acres of land from General Residential (GR) to Highway Commercial Conditional Use (HCCD) for professional offices and 3.5 acres of land from General Residential (GR) to Open Space Residential (OSR). This property is located off the north side of Country Lane, approximately 1,000 feet east of Yadkinville Road, and is Parcel 78 and a portion of Parcel 87 of Davie County Tax Map II-4. A sketch plan has been submitted for Sketch Plan Approval a subdivision plan titled Sterling Place for the same property, a planned for office condominiums and attached single family townhomes.

Additional information can be obtained by visiting Mocksville Town Hall or the planning department in the Davie Administration Building, 8:30 a.m.-5 p.m. or by calling 751-3340.

Commissioners Plan Workshop

County commissioners will hold a workshop beginning at 8:30 a.m. Tuesday, Jan. 15, at Carolina Bible Camp, 1988 Jericho Church Road, to discuss priorities for the coming year.

Pratt-Davis Engagement Announced

Mr. and Mrs. Bruce Pratt of Mocksville announce the engagement of their daughter, Theresa Leigh to Eric Davis, grandson of Frances Anderson of Cooleemee.

The bride-to-be is a 1998 graduate of Davidson County Community College and has served in the U.S. Army.

The groom-to-be is a 1991 graduate of Davie High School and is employed by Harris Teeter in Clemmons.

The wedding is planned for Feb. 10 at the home of Bruce and Judy Pratt.

Eaton On Farm Committee

James A. Eaton of the Cana community has been elected to a three-year term on the Davidson-Davie County Farm Service Agency County Committee.

Eaton will represent farmers and farm owners who live north of I-40 in Davie County. C. Coy Barnes of Advance is serving the second year of a three-year term and represents Davie farmers and farm owners south of I-40.

The Farm Service Agency consists of five members who administer federal farm programs. The FSA county committee is the most direct link between USDA farm programs and farmers. The county committee system helps shape nationwide programs into policies that work at the local level on things like commodity price support loans and payments; conservation programs; farmer loans; incentives; indemnity and disaster payments; establishments of allotments and yields and marketing quotas; and other farm disaster assistance.

The Davidson-Davie FSA office is on 301 E. Center St. in Lexington. Call toll free, 1-800-524-3389.

Hicks-Walker Engagement Announced

Mr. and Mrs. Richard Hicks of Advance announce the engagement of their daughter, Tabatha Gale to Kendall D. Walker of Raleigh, son of Mr. and Mrs. Kenny Walker of Mocksville.

The bride-to-be graduated from the University of North Carolina at Charlotte and is employed by Internet Broadcasting Systems at thepiedmondchannel.com.

The groom-to-be graduated from N.C. State University and is employed by Parksite Plunkett-Webster.

A June 8 wedding is being planned at Redland Pentecostal Holiness Church in Advance.

Advance News

By Edith Zimmerman
Advance Correspondent

Steve Barnhardt and wife, Teresa, and children, Morgan and Jacob, have returned to the United States after spending almost four years in Sweden, where Steve was affiliated with the Volvo Company. Arriving back here on Wednesday, Dec. 19, the Barnhardt family stayed at the home of Steve's parents, George Lee and Ann Barnhardt, through Christmas holidays. At present, they are in an apartment waiting for their furniture to be shipped before moving into a house.

Edyie Bailey of Chicago spent the Christmas holidays here. She accompanied her father, Alan Bailey, to the Methodist church for services on Sunday, Dec. 23.

Norman Hummer of Island Heights, New Jersey, was a visitor at church on Dec. 23. He was visiting his daughter and son-in-law, Susan and Gary Schambach, on Underpass Road for the Christmas holidays.

We had many Christmas visitors at the Methodist church during the holidays. The parents of our pastor, Jack and Beatrice Childers of Mooresville, and the pastor's uncle and aunt, Flake and Ruth Childers, also of Mooresville, were among the visitors.

Edith Zimmerman's family spent five days with her during Christmas, which included her three daughters and eight grandchildren. Brenda Zimmerman of Glen Cove, Long Island, New York; Adrian Farley, and her husband, Chris Farley, and children, Brian Christopher, Denise and John of Arlington, Va.; and Janie Hendrix of Markland Road and daughters, Andrea Hendrix of Myrtle Beach, Melissa Hendrix of Concord, and Amanda and Meredith Hendrix, students at UNC-Charlotte. On Christmas Day, the group enjoyed an evening meal at Edith's along with their friends, Phil Barnum of Midland and Jim McCloud of Mocksville. During the time here, the young people enjoyed many activities together, plus going to a photographer's studio to have a group photo taken.

The family of the late Walter and Hazel Shutt met at the home of Gene and Mahala Collette West on Capri Road in Winston-Salem for their annual Christmas dinner/party on Christmas Eve. These were children, grandchildren and great-grandchildren of the Shutts. Thirty-seven people attended out of the original 49. Our oldest member was 84 years and the youngest was two months.

Carole Folmar and children, Bailey, Paul III and Paige of Knoxville, Tenn. were among the visitors at the Methodist church Sunday. They were visiting Paul and Sue Folmar.

Edd and Elsie Vogler spent the weekend in Wilmington visiting their children and granddaughter, Dr. Tim Vogler, wife, Maria, and daughter, Lauren.

Congratulations to Janine Vogler Roberts and Richard Roberts on their 12th wedding anniversary, Jan. 1.

Get well wishes go out to Robert Finkel, who underwent major surgery last week at Forsyth Medical Center.

Cooleemee Seniors To Meet Jan. 14

On Dec. 10, the Cooleemee Senior Citizens met in the sanctuary of the First Baptist Church. Members and visitors were welcomed by Vice President Margie Milholen.

James "Doll" Foster gave the opening prayer. He spoke of the good men of God who work in the community, how they influence by behavior and by the way they do God's work. He said to include them in prayers.

The roll was called by Assistant Secretary Mabel Couch. There were 25 members and 10 plus visitors present.

Hannah Jones led the club in singing the hymn "Silent Night, Holy Night."

The minutes of the last meeting were read by Secretary Nancy Foster. The thought for the day: "Bad habits are like a comfortable chair; easy to get into but hard to get out of."

Jones, Treasurer Bettie Smith, and Barbara Thornton gave the sunshine, treasury and Senior Center reports.

Guest speakers were Jimmy Lancaster, pastor of Jerusalem Baptist, Joe Smith, pastor of Turrentine Baptist, Shelby Harbour, pastor of Victory Baptist, and John Andrews, pastor of Concord and Liberty Methodist churches.

Beverly Hembree brought 33 students from Cooleemee Elementary School to entertain the club. She led the students in singing "Deck the Halls," "Here We Come A Waltzing," "An Angel's Sweet Lullaby", "Noel, Noel," and "Infant Holy." Hembree accompanied on the piano. Everyone joined in singing "We Wish You A Merry Christmas."

The closign prayer and blessing were given by Pastor Lancaster. Following the program, everyone gathered int he fellowship hall to enjoy a covered dish meal.

The next meeting will be Monday, Jan. 14 at 10 a.m. in the fellowship hall.

Caleb Michael Davis turned "3" on December 24th. He had a "Rugrats" breakfast birthday party. Thanks to everyone who braved the early morning of Christmas Eve day to make a little birthday boy happy. A big thank you to Caleb's Aunt Donna for the "Rugrats" Birthday cake!! Caleb's big brothers, Christopher and Cameron, were party helpers and assisted with setting up all his new toys and games. Caleb's parents, Bobby and Pam, want to thank everyone for all the nice gifts and for making it such a special day.

CJ Myers Celebrates His 2nd Birthday

On Thursday, December 6, 2001, I celebrated my second birthday. My family took me to Chuck E. Cheese for supper then back to my house where I opened my presents and received my own ice cream cake.

On Saturday, December 8, my daddy took me and my 1946 John Deere, a tractor, to the Advance Christmas Parade. Then my mommy and daddy threw me a big John Deere Party that afternoon. After we ate, my daddy took my friends and I on a hayride. We had a great time. Then I received two tractor cakes, one to share with my guests and one for my very own. A special thanks to my friends JJ Hayes, Blaine Tutterow, Jessie Frye and Gabrial Clark. I hope everyone had as good of a time as I did.

My daddy and mommy are Cliff "Brad" and Michelle Myers of Smith Grove. My maternal grandparents are Lindsey and Joyce Fishel of Cornatzer. My paternal grandmother is Faye Myers of Smith Grove. My great-grandparents are Mae Starr of Cornatzer and Rob and Blanche Fishel of Advance. Two special aunts are Carolyn Atwood of Cornatzer and Nancy Hayes of Advance.

A special thanks to my daddy for making both of my John Deere tractor cakes. They were so delicious.

Love, CJ

Mocksville Garden Club To Learn About Orchids

Dorcas Brogdon will present a program on growing orchids at the rescheduled meeting of the Mocksville Garden Club at 7 p.m. Thursday, Jan. 10 at First Baptist Church of Mocksville.

The club held its annual Christmas party Dec. 6 at the home of club member Mike Hendrix on Birchwood Drive in Mocksville. Hors d' oeuvres, a locally catered sit-down meal and desserts were served.

After dinner, a trivia game was played and prizes awarded. A host gift was presented to Hendrix.

Injuries Don't Stop Wrestlers From Strong Showing

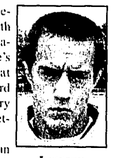

By Brian Pitts
Davie County Enterprise Record

It seemed like just about everything went wrong for Davie High's wrestling team at the Tiger Holiday Classic on Dec. 28-29 at Chapel Hill High, and the War Eagles still placed 10th among 41 teams in one of the country's toughest tournaments, according to *Wrestling USA*.

Two significant starters, Josh Stanley at 135 and Adam Barber at 275, succumbed to injury, forfeiting a load of points, and the War Eagles couldn't buy a close win, losing all eight decisions that were settled by one or two points. To finish just 33 points behind the No. 2 team in the Class 4A state, Mount Tabor, despite all those bad breaks has got to be another good sign for a team that was coming off wins over the top-ranked teams in 1A/2A (Southern Vance) and 3A (East Gaston).

"They can't say we haven't wrestled anybody," Coach Buddy Lowery said after Davie competed in the state's largest tournament. "There wasn't any fish in it. Anytime you can put them in a situation comparable to state and regionals, it's going to help you."

Patrick Lowery completely baffled the 215-pound competition, going 5-0 with three pins and two major decisions as Davie's lone placer. What makes the 22-0 record so amazing is Lowery feels like he's just getting warmed up.

"I still think I can get better just with more time," said Lowery, who missed all of preseason practice and the first six matches because of football obligations. "I wrestled pretty good. I'm close. I still don't think I'm all the way there. My conditioning can get better and I could be more sharp. More practice time will solve that, though."

Davie's second-brightest star was only a shell of himself. Stanley staggered through a pin and a 13-8 loss – against the same Rynell Burt of Mount Tabor that he embarrassed 15-0 on Dec. 5 - before forfeiting his third and final match at 135 and visiting the hospital for tests. The diagnosis was a concussion.

Davie couldn't fire all its bullets at 275, either. Barber (15-4) was 2-0 before swallowing a tough 3-2 loss. Then he forfeited out with a knee injury.

"I think Stanley would have placed and possibly made it to the finals," assistant Matt Wilson said. "And Barber could have done well. If he had wrestled

MES Fifth Grader First To Earn Black Belt In YMCA Tae Kwon Do

By Jackie Seabolt
Davie County Enterprise Record

Little Maggie Keeble may be small in size, but she's big on self-defense.

This Mocksville Elementary fifth grader recently completed the requirements to earn herself a junior blackbelt in the art of tae kwon do, a Korean form of karate.

She has been taking the class through Metro Tae Kwon Do at the Davie YMCA for four and a half years. According to her dad Gary, "She was one of the first students when they opened the class." And she stayed and continued through the whole way.

Maggie is instructor David Needham's first student to go from a white belt all the way to junior black belt.

Maggie holds a junior blackbelt because it is a requirement for anyone under 16. She must remain a junior for at least one year, but next year, at age 11, Maggie plans to test for her full blackbelt.

Her dad will also test for his black belt next year. "Everything I'm going to do is nothing different than she has already done for her test. It's just the age thing."

There is no difference between the actual test for a junior and full blackbelt.

Maggie was tested by a state accredited instructor in High Point where she was required to spar with two other junior blackbelts. Both were boys bigger than her and she had to spar both at the same time.

She also had to break five one inch thick pine boards. Three were broken by foot, for the other two Maggie used her hands.

So what got Maggie interested in tae kwon do? "I heard of it when I first started up at the Davie YMCA, so I thought, well, I might try it. In the first class there were only 3 people that signed up and started," says Maggie. According to her more people signed up. Some stayed but some left.

"I got her into it because I want her to be able to defend herself in this day and age," her mother, Lisa, says, "I have confidence now when I send her away she can protect herself."

Her mom also says the art has helped Maggie in her schoolwork by keeping her focused and improving her concentration.

The style of tae kwon do Maggie has learned is what is referred to as the Olympic style. It is now recognized as a

Davie Schools Vie For Wrestling Trophy

By Brian Pitts
Davie County Enterprise Record

From one season to the next, it hardly ever changes. The North Davie and South Davie wrestling teams always seem to be undefeated when they meet at the end of the year, and barring an unthinkable upset this week the road to the Mid-South Conference's regular-season championship will arrive at yet another bottleneck on Jan. 16 at North at 4:30 p.m.

Both teams should enter the showdown at 13-0, but only one will enter the MSC Tournament at 14-0.

"Oh yeah, this is what you look forward to," fifth-year head coach Howard Riddle of South said. "This is what the whole season comes down to, what *you've worked all year for. One match.*"

While three of the past four meetings have determined the regular-season title (it would be four of five had the 2000 meeting not been snowed out), only one of those classic matchups have been decided by fewer than 18 points (North's 40-34 win in 1998).

But there's a great chance that onesided trend will give way to cliffhanger drama on Wednesday. There are tighter-than-a-halftime-rest room matchups up and down the lineup cards, including unbeaten-vs.-unbeaten collisions at 103 and 112.

"I haven't paid them any attention," Ron Kirk, North's 22nd-year coach, said jokingly of South. "Yeah, we've been watching them and we've taken some written notes, too. Unless that ol' snowball gets to rolling like it has (in recent years), I think it's going to be a real close match. I would say six to 12 points. I think whoever wins, the other could win the tournament."

The teams have been kicking rear ends at a parallel rate since the 1996-97 season, with South going 66-5 and North 74-3. Individually this year, South is 135-29 with five undefeated weapons, while North is 130-34 with four undefeated weapons. The comparison among nine common opponents is as close as it gets. South has outscored East Montgomery, Knox, West Rowan, China Grove, Table Rock, Southeast, West Montgomery, Erwin and Trinity 651-125, while North has outscored them 631-151.

The likely matchups, with North's wrestlers listed first, are:

Adam McIlwain (11-0 record) vs. Jacob Snow (9-2) at 83 pounds; Phillip Scott (6-2) vs. Russell Hilton (11-0) at 93; Josh Johnson (10-0) vs. Jonathan Dwiggins (8-0) at 103; Brandon Stewart (8-0) vs. Timmy Allen (11-0) at 112; Josh Dixon (8-3) vs. Aaron Hollifield (10-1) at 119; Logan Joldersma (6-4) vs. Zach Vogler (9-2) at 125; Josh Barnes (10-1) vs. Kirsten Angell (7-3) at 130; Jaspen Gray (9-2) vs. ReShawn Parks (11-0) at 135; Brock Flowers (7-1) vs. Bucky Sheppard (8-3) at 140; Daniel Gough (10-1) vs. Derek Abendroth (8-2) at 145; Michael

New Coach Inherits Strong Program

By Brian Pitts
Davie County Enterprise Record

To all those people who grumble about how fast time flies, Todd Bumgarner has one response: Let it fly.

Bumgarner can hardly wait until late summer and the first day of football practice. That's when he'll begin his first season at the helm of South Davie Middle football and as the replacement for Barry Whitlock, who resigned after 13 years as head coach after the 2001 season.

"It doesn't get any better," the 30-year-old coach said. "It's a dream job as far as I'm concerned, being in your hometown and working at South Davie. I love it. The administration's great and the athletic director, Jerry Callison, will do anything for you. I'm real excited and I can't wait to get it started."

The challenge that looms down the road with the seventh- and eighth-grade teams is huge because of the constant success that Whitlock created. The success was so great that a 5-2 record last season for the eighth graders was considered a disappointment. Whitlock, who is seeking a high-school job either as an assistant or head coach, stepped down with an overall record of 119-41-1, including 88-14 between 1995 and 2001, with six conference titles and no losing records since 1994.

"You can't get another Whitlock, period, and we didn't try that," Principal Dr. Robert Landry of South said. "But Todd wants to do a good job. He wants to work hard to continue a successful program. He's really enthused about it and he's committed to it. We'll never tell him what to coach and how to coach, and I think he'll do fine and his wife (Anna) will support him.

"He's going to stay with us and he's got good character."

Bumgarner, who served four years as Whitlock's understudy, said he and his experienced staff will work feverishly and do everything they can to keep the proud tradition rolling.

"I learned a lot from Whitlock about the game and a lot about how to handle players, and he's probably the best at that," he said. "Working under somebody like Barry, I tried to learn all I could from him, hoping the opportunity would come for me to be a head coach somewhere and luckily it happened at South Davie.

"I've got some good assistants (Howard Riddle, Tim Devericks, Mike Dinkins, Andrew Brickey and Brent Wall, who will be a first-year member of the staff), and we're going to try to keep the program where it's at – in the upper echelon. Nobody wants to come in and backslide. It's not going to be easy, but if we work hard I think we can keep the tradition going."

Bumgarner

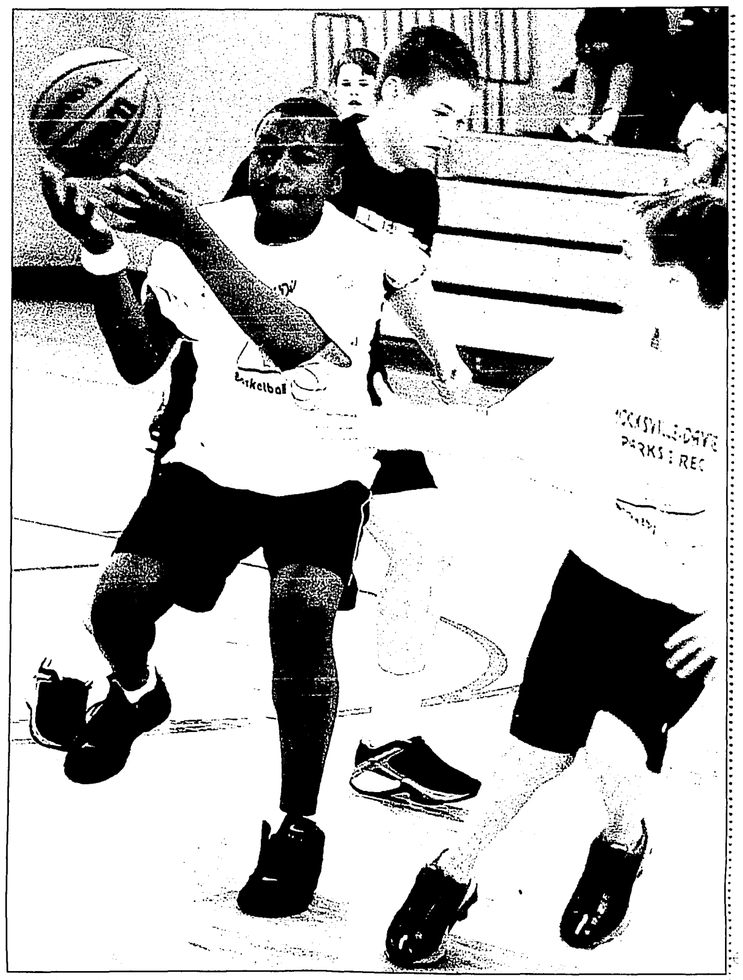

While Bumgarner is determined to sustain South's powerhouse status, he understands there's more to his job than wins and losses.

"My main objective is to get everybody ready for the Davie High program because that's really what I'm here for," he said. "I'm here to have my players ready so they know fundamentals and technique so the high-school coaches can just add on to what we've already got."

Maggie is taking gymnastics and plans to begin studying karate.

Who is her hero? None other than martial arts star Jackie Chan. Maggie admires Chan's style and tries to incorporate his moves into her kicks and spins.

Maggie's dedication to her sport has definitely paid off. She has earned 10 belts in tae kwon do and has no plans of slowing down.

"We felt it was quite an achievement for her and the school. We're very proud of her," says Gary.

Old School

Davie Sports From January, 1990

Tyrone Martin scored 21 points as North Davie's freshman boys basketball team outlasted South Davie 78-70 in double overtime. The most dramatic moments involved South's Nicky Fisher, who made a 10-footer with 18 seconds left in the first OT for a 65-63 lead, and Martin, whose 10-foot turnaround forced the second OT. Brad Mecham's driving shot gave North a 71-69 lead and Jared Eure followed with a basket that proved to be enough at 73-69. For North, Mecham and Marcus King had 16 each, Jason Rice 11 and Shawn Barney 10. Fisher led South with 18 and Bubba Coleman and Robert Scott added 15 each.

Although it wasn't enough to avoid a 70-56 loss at Parkland, guard Charlie Crenshaw of Davie's varsity boys set a school record with six 3-pointers. He hit seven of 11 field goals, including six of nine from downtown, to finish with 22 points. The rest of the team, though, shot seven of 34.

Despite a lineup of five sophomores and voids in two weight classes, Davie's varsity wrestling team ran its winning streak to 41 matches with a 47-24 win over Parkland. Sophomore Shane Mauldin, Bryan Custer, Brad Foster, Jamie Caudle and Todd Kiger recorded pins, while Matt Page had a technical fall.

Lori Sluder (16 points) and Casey Jenkins (14) of North Davie's freshman girls paved the way to a 54-39 win over South Davie. Sonya Allen added eight points and 13 rebounds for North, which used an 18-0 run to blow it open. Jami Coleman led South with 12 points.

Lowery Tears Through 215 Division For Title; Black Wins 3 Of 5

Continued From Page B1

out the tournament, he had a legitimate shot at placing. He lost to a boy by one that got beat in the semifinals, a state runner-up from Louisiana.

"Points-wise in a tournament, that's a big number right there. We could have easily been seventh, sixth or even fifth."

Results at .500 or barely above usually evoke frowns from a team with Davie's standards, but not when you stick your nose in one of the premier tournaments in the Southeast. The Tiger, as it always does, attracted teams from Louisiana, Georgia, South Carolina, Virginia, Tennessee, West Virginia and Pennsylvania, as well as North Carolina's top teams.

Tyler Black turned heads with a 3-2 mark at 171; Malachi Gentry (125), Andrew Scott (130), Jordon Kahrs (140), Adam Sain (152) and Barber broke even at 2-2; and 11 of 12 War Eagles managed a win before exiting, including Zac Morton (103), Andrew Darcy (119) and Jacob Garner (145). Davie split 44 matches.

"Darcy's improving," Lowery said of the freshman. "He wrestled well and all of them down low (including Morton, Dustin Johnson and Gentry) are progressing in the right way.

"We know we can wrestle with most people, and once you get to that point it makes it easier to compete. The whole Christmas break, we wrestled 15 times on the average and that's going to help as far as taking it to another level."

The War Eagles' strong showing against adversity was indicative of their substantial growth since the Mount Tabor bummer on Dec. 5. No one, according to Wilson, symbolizes that growth more than Sain, who lost 8-6 to the eventual runner-up at 152.

"Adam's wrestling real good," he said of the senior. "As far as a most improved wrestler, he's up there with them. He's got a work ethic. He's got a real goal this year that he's going to do well."

Notes: Davie didn't fill two spots. Matt Wilson (160) is still recovering from a back injury and Billy Riddle (189) got roughed up two days before the Tiger. ... Besides Lowery, four other War Eagles have reached 20 wins: Black at 23-5, Stanley at 21-4 and Sain and Scott at 20-6. ... The War Eagles begin Central Piedmont Conference action against visiting South Iredell on Jan. 10 at 7 p.m. They go to Orange for a dual tournament on Jan. 12 and host Reynolds on Jan. 17. The JVs will start things off against Reynolds at 6 p.m.

Another Big Clash Coming For North, South

Continued From Page B1

Murphy (9-2) vs. Britt Abendroth (7-3) at 152; Josh Miller (9-2) vs. Chris Mock (9-0) at 160; Bubba Boger (11-0) vs. Travis Phelps (9-1) at 171; Luke Crafford (2-3) vs. Garrett Parks (10-1) at 189; and Josh Chesnee vs. Casey Griffith at heavyweight.

"I've watched them wrestle and it's like: My kid did this against Trinity and a kid from South doesn't win until the third period," Kirk said. "But a lot of times that doesn't mean a whole lot. We may beat a kid 3-2, they may pin him and we wind up winning the match between each other.

"Even though Snow has lost, Snow's got a year's experience over McIlwain and it'll be a tough match. McIlwain will have to be on top of his game. Of course they've got ReShawn Parks and Hollifield. Their 171-pounder (Phelps) is a good wrestler, Vogler's a real good wrestler, and (Mock) impresses me. He's got good balance, he's a real strong kid and he's learned a lot for a first-year wrestler."

Riddle's views: "Eighty-three should be a good match. Snow's giving up a lot of weight, but I still think we'll wrestle McIlwain hard. 103 and 112 will be interesting matches, 135 will be a good match and there's a lot of other places that are pretty even - like at 145, 152, 160."

North appears to be an underdog, but for the Wildcats to reach this position despite starting the year with zero returning starters epitomizes why Kirk (280-34) might earn his 300th win long before he suffers his 40th loss. At the same time, you can't overestimate the job Riddle has done, 47-12.

"My team has really surprised me, starting anywhere from seven to nine seventh graders," Kirk said. "Win, lose, or draw I can't complain about a year like this."

Notes

Kirk likes the winner-take-all stakes no matter the outcome. "It's good for the kids, it's good for the community and it's just good competition," he said. "We used to do it the first game of the season in football. I'd just as soon not even play if you had to play the first game." ... They have split the last four, with the home team losing each time. Kirk fears an omen. "Maybe I ought to move it to South to have a better shot at it," he said ... Riddle said first-year assistant Jeremy Sink, who was 35-5 as a Davie senior in 1998-99, hasn't gotten enough credit. "He wrestles with the kids almost everyday and he's been a big help," Riddle said. "I actually coached against him my first year at South when he was in the eighth grade at North."

Three Swimmers Lead Girls To Victory

Call

Alexander

Jakob

The Davie High girls swim team had several cards missing from its deck on Dec. 19 at South Rowan, but the War Eagles overcame the absences with plenty of room to spare.

Emma Jakob, Alison Alexander and Becky Call rose to the occasion with two individual victories each as the War Eagles triumphed 88-72, improving to 4-2 overall and 2-2 in the Central Piedmont Conference.

The Davie boys, however, suffered a 92-70 loss.

"It was a really good meet," Coach Matt Mecham said. "We didn't take Meagan Clark, Janel Darcy, Holly Marsden and Michelle Hunckler. Obviously Meagan's an all-state swimmer, but the others are regional qualifiers. So we didn't take a lot of our top swimmers and we still did real well."

Jakob (200 free, 100 butterfly), Alexander (200 IM, 100 breaststroke) and Call (500 free, 100 backstroke) combined for six individual wins, including a personal-best 1:25.32 from Alexander in the breast, and Jakob, Call and Alexander joined Ashley Gaskin for a victorious 200 medley relay time. Linden Cartner joined the productive three-some in the 400 free relay, another Davie win.

"We decided to see how Alexander could do in the 100 breaststroke because we're losing two of our breaststrokers next year," the second-year coach said. "She'd never swam it since I've been coaching, and she went a 1:25 and 1:23 is a regional time. And she's already qualified in the butterfly."

Davie seized the top three places in the breast, with Meg Brewer taking second and Meredith Phillips third, and Gaskin completed the 50 free in 27:41, a personal best.

"That's some real serious swimming," Mecham said of Gaskin's 50-free performance. "Her best time before this year was 28.3, so she's really getting down to where she's going to be swimming with some elite competition."

Carrie Sain wasn't among the winners, but the freshman displayed huge promise in the 500 with a third-place time of 7:41.49.

"It was only her second time and she dropped a minute off her last time," Mecham said. "She's not that far out of being in contention to do something and place on a good number of occasions. She'd never swam before this year, so for a month's worth of work she's coming on."

Brent Gaither was the biggest scorer for the Davie boys (3-3, 1-3). He won the 200 free in 2:09.23, and he teamed up with Danny Stiling, Charlie Lester and David Stein to win the 200 free relay at 1:44.99.

"If I had structured it differently we could have won the meet, but what we were really attempting to do is get Gaither a really good time in the 200 freestyle. And we accomplished that," Mecham said. "We also wanted to get the 200 free relay (a strong time), and not only did they qualify for regionals, they actually qualified by two-plus seconds. And that was three and a half seconds over their previous best time. So now we've got all three relays qualified."

Davie has four meets in eight days – at Reynolds on Jan. 9, at home to Salisbury on Jan. 10, at Bishop McGuiness on Jan. 14 and at home to Reynolds and West Forsyth on Jan. 16.

Notes & Quotes

S. Williams' Stock Soared With Moir Performance

• Amid an inconsistent 5-6 year, the one constant for Davie's varsity girls basketball team has been **Sarah Williams**, who poured in a career-high 27 points, hit four of seven 3-pointers and tried in vain to avoid a 60-54 loss to West Rowan in the consolations of the Sam Moir Christmas Classic on Dec. 29.

S. Williams

"She just had a really super game," Coach **Carol Cozart** said. "People try to pass over her. I don't know if they just look at how slender she is and think that is going to be OK, but those arms are up there like a spider."

After scoring 14 points in her final four games last year to drop her varsity sophomore average to 5.9, Williams has soared into the spotlight and become the team's pillar. She is averaging a team-best 13.7 by scoring every way imaginable - outside, on the move, around trees, over trees, with a soft left hand.

"She weaves in and out of traffic down low," Cozart said. "She doesn't let the fact that she is somewhat slight of build stop her from going up against people 50 pounds heavier than she is.

"She's taking it to the next level. She knew there was a slot open this year, and there's nothing like having a couple good games to boost that confidence."

• Last year Davie melted after flying away with the Moir trophy, losing seven of its final 10 games to tarnish its first winning record in five years. This year Davie is hoping for a flip-flop of fortunes.

The War Eagles will have every chance in a gasping league. The Central Piedmont Conference rivals have a 17-38 record combined.

"Last year our nonconference was good and our conference wasn't what we wanted," Cozart said. "This year our nonconference hasn't been what we wanted, so we hope we make our conference better."

• While the girls side of the CPC is looking for answers, the boys teams are searching unsuccessfully for a breather in the schedule. South Iredell was a prime candidate until the Vikings added 6-0 **Alexander Shuford**.

"They went from a fair team to a pretty good team with the transfer they got in," Davie coach **Jim Young** said. "I saw Shuford come in for his first game. He banged two 3s, got like three rebounds and two steals in three minutes. He's made them a much better team."

After stumbling to 2-5, the Vikings are suddenly 6-6, meaning Davie's five rivals have a combined record of 41-19.

"Every team in the conference is good," he said. "There's two (Reynolds and West Forsyth) that's great and everybody else is good. So we've got to come to play every night."

If the War Eagles (7-2) claw out a third-place finish and a playoff berth, everything else will be gravy. For Reynolds has the ingredients for a third consecutive state title, and West might be a hair better than Reynolds.

"Our kids learned a lesson from that South Rowan game (a 93-92 double-OT loss)," he said. "We've got to come to play defense and our offense will usually take care of itself."

The Davie varsity basketball teams hosted Alexander Central on Jan. 9. They host South Iredell on Jan. 11 before visiting West Forsyth on Jan. 15.

• There's a fresh face in the Davie wrestling room. **Brandon Brooks**, 22, joined the **Buddy Lowery-Matt Wilson** regime this year.

"He gives us another set of eyes," Lowery, the 26th-year head coach, said. "He's young and energetic, and he gives us another person to help us correct mistakes."

Brooks wrestled all four years at Surry Central High, where he graduated in 1997, and furthered his skills in a wrestling club at Surry Community College. Aunt **Kathy Pegram**, a longtime Davie teacher, was Brooks' link to Davie.

"I'm glad I got into such an experienced program to learn so much," he said. "They have such a good base. You don't see a whole lot of programs that start with middle school. Davie's done a wonderful job with that. They seriously enforce wrestling in the middle schools."

Brooks' affection for Davie actually started before wrestling season. He hasn't regretted his career path for a second.

"It seems to me the community stands behind the school," he said. "You see it the way people talk about Davie, and the kids are some of the best I've seen. I did student-teaching at North Surry, and I can say it's a totally different atmosphere. Kids are much more willing to work with you. It blows my mind sometimes."

Heather Schleupner Leads Belmont Abbey

A former Davie High standout is making an immediate impact in college basketball.

Belmont Abbey freshman Heather Schleupner is among leaders in four categories in the Carolinas-Virginia Athletic Conference – 2nd in free-throw percentage (28 of 36, 77 percent), 6th in scoring (14.0) and 9th in rebounding (6.9) and 3-point percentage (8 of 27, 29 percent).

Schleupner, who graduated from Mount Tabor last spring after leading the Spartans to back-to-back Central Piedmont Conference championships, was the Davie varsity girls team's leading scorer as a varsity sophomore in 1998-99 with an 11.8 average. She starred at North Davie Middle in volleyball and basketball before playing two years at Davie.

Rominger Joins Football Staff

Rominger

Parkland High's football team shattered the school record for wins, won the Class 3-A state title in December and did it by handing Shelby Crest its first loss of the year on the grandest stage.

Mike Rominger experienced all those goose-bump thrills as a Mustang secondary coach, and he still wasn't completely fulfilled. Deep down he wanted to be at Davie, and after years of waiting for the right door to open, he's got that chance.

"I've always wanted to coach in my community, that's my first priority," said Rominger, an Advance resident who landed the PE job at Pinebrook Elementary in early December and officially became a member of Doug Illing's staff when Parkland completed its magical 15-1 season. "Doug and I have talked for years about this, I feel real highly about Doug and the staff and I'm really looking forward to working with them.

"I'm really looking forward to coaching kids where we live. I really like the concept of what Davie does, this community has real strong athletics and we will continue working on that. I'll do whatever I need to do to make Davie the best it can be."

Rominger, 43, couldn't have scripted a better ending to his 16-year ride at Parkland, a heavy underdog heading into the showdown with Crest (14-1) at North Carolina's Kenan Stadium on Dec. 15. The Mustangs' record-setting running back, junior Jed Bines, capped a 3,388-yard season (second-most in state history) with 203 yards, two touchdowns and the most-valuable-player award, but it was one of Rominger's defensive backs who sealed the 27-21 win, breaking up a pass in the end zone on Crest's last gasp.

"To top everything off with not only a state championship *but the way the defense played was icing on the cake," he said.* "Everybody talked so much about: 'If you're going to beat Parkland, you better pass on them.' And we basically shut down their passing game, and that was a big key.

"I'm still sitting here sort of in shock because it was an exciting time playing in that atmosphere. Everybody thought Crest just had to walk out there to win that game."

Rominger brings a wealth of experience to Davie. He spent three years (1983-85) at Watauga High to start his coaching career, then moved to Parkland in 1986.

"I coached under Homer Thompson at Parkland and Jack Groce at Watauga," said Rominger, who is married with two children, a 9-year-old daughter and a 6-year-old son. "A lot of people know Groce's name in coaching and Thompson's a legend. He was the only coach at Parkland (from 1965-1992), and I was the last person on Parkland's staff that worked with him."

Rominger will likely coach defensive backs for Davie, replacing Jeff Ward, a longtime volunteer who will only be available – at best - on a limited basis because of a change in his work schedule.

"We got to know each other when I was an assistant at Reynolds," said Illing, Davie's four-year head coach, said. "He's a top-notch coach, he's been around football for a long time and he has a heckuva rapport with kids. He did the weight room at Parkland and he's a hard worker in the offseason, so he'll be a real good addition to our staff. He's not a young coach coming in learning, so I'm excited about having him.

"Winning a state championship, hopefully he can bring some of that luck with him."

Notes: Rominger replaced Janice Jackson at Pinebrook. Jackson joined Davie's PE department when Sean Garnett resigned as varsity boys soccer coach to take a job in Georgia. ... Illing lost Ward but gained a 2002 commitment from offensive-line coach Chad Groover, *who sat out last season to be with his newborn baby. "Ward's a big loss, but Groover's back and everybody else looks like they're* going to be back," Illing said of Bill Oakley, Lee Linville, Tilden Carter, Devore Holman, Keith Whitaker, John Bullins, Mike Herndon, Mike Lovelace, Daniel Brown and Dorsey Keith. "We'll be very fortunate if we can keep them all together again."

Lowery, Wooldridge On All State Football Team

Patrick Lowery made the Associated Press' All-State Football team for the second straight year - quite possibly the first Davie player to accomplish that feat and certainly the first in two decades - and David Wooldridge was named at two positions while becoming just the sixth all-state War Eagle since 1983.

Last fall for Davie, linebacker Lowery made 174 tackles, including 20 for minus yardage, to go with four caused fumbles and two blocked kicks. Fellow senior Wooldridge, meanwhile, drilled 42 of 58 kickoffs into the end zone, made 12 of 17 field goals and averaged 43.2 yards on 38 punts, including a long of 65, to earn selections at kicker and punter.

Mocksville Mayor Dr. Francis Slate (left) and Bill Disher, owner of Dairy Queen, pose with Big Brothers Big Sisters children after a tour of the Tanglewood lights.

Big Brothers/Big Sisters Children See The Lights

Big Brothers Big Sisters Services, a United Way agency, hosted a trip the Festival of Lights at Tanglewood Park.

About 15 people attended, including children, adult volunteers, advisory board members and the agency coordinator. Tanglewood provided free tickets.

The group toured the lights escorted in limousines provided by local funeral homes. None of the children had even ridden in a limousine, so that was as exciting as seeing the lights, said Regina Graham, Davie County coordinator.

Special guest was Mocksville Mayor Dr. Francis Slate. "One child was very excited to tell his mother that he had met the 'president' of Mocksville," Graham said.

On the way home, the children were treated to a complimentary dessert at Dairy Queen in Advance.

Children on the waiting list for a Big Brother or Big Sister received Christmas goody bags filled with gifts provided by local businesses. They also spent an afternoon at FunStation 2000 in Statesville while on the holiday break. Entertainment included a huge indoor play maze, laser tag, amusement rides and interactive video games.

Big Brothers Big Sisters will host its annual Bowl for Kids' Sake fundraiser at Major League Lanes in Winston-Salem. More than 1,000 bowlers are expected to participate to support the program in Davie, Forsyth and Yadkin counties. The bowling alley for the day is used by teams formed by individuals and companies who bowl a game to support the agency.

Davie expects to field about 20 teams. All funds raised from Davie will remain at the Davie satellite and be used to help match children with Big Brothers and Big Sisters, expand the Big Buddy after-school program and sponsor activities for children on the waiting list.

To get on a team, or to enter a team, contact Graham at 751-9906. First prize is a round trip for two to a U.S. destination of the winner's choice.

Leo's Club Forming At Davie High School

Crosby Scholars Jessica Bowling, Candace Dyson, Reuben Ijames and Mike Paoni are hosting a meeting to invite membership in a Leo's Club to be established at Davie High School.

Lions Clubs International is the organization behind Leo clubs, and Lions from Mocksville will attend as advisors.

The core group of Crosby Scholars hope to form the new service club as a way of fulfilling their own commitments to community service.

"Davie County Crosby Scholars must report annually on having carried out some kind of community service," said program director, Alan Hyland. "The service of these students will be to have put in time to start the whole thing rolling. They'll also have a say in the kind of projects the new Leo's Club might pursue.

"Crosby Scholars who serve as active members of Davie High's Student Government Association, those who are members of Interact Club and those who are officers of any club or society can immediately check off that commitment each year," Hyland said. "They still have to maintain good grades and remain available for random drug screening to be scholars in good standing. That means they are eligible for scholarship funding from the program."

All Crosby Scholars who apply for college places or scholarship funds can claim to have been focused on their life goals of extending their education beyond high school graduation, remaining drug free and giving back to their community. College applications are accompanied by a certificate stating how long they have been in the program. Scholars are invited to attend workshops giving guidance on how their service as Crosby Scholars can be used to support their case for college places or funding.

"It's a competitive world out there beyond home and high school. The program tries to give our scholars a slight edge over the opposition," Hyland said.

The Leo's Club meeting is open to any student at Davie High - not just Crosby Scholars - and is at 3 p.m. on Tuesday, Jan. 15 in the multi-purpose room.

Teen Republican Group Forms

Are you a teen-ager interested in politics?

The Davie County Teenage Republicans (DCTARS) has formed, and members can meet state and national politicians and other Republican leaders.

"Let us work at influencing the American politics of today, so we can have a voice in our future," said organizer, Benjamin R. Holmes.

For more information, call Holmes at 492-2743 or visit the state website: NCTARS.org.

Entrants, Spectators Sought For Jan. 19 Youth Speaking Contest

Residents are invited to the 10th Annual Public Speaking contest on Saturday, Jan. 19 at 6 p.m. at the Brock Performing Arts Center.

The schedule was changed to a Saturday to allow more participation and attendance.

The event encourages students to emphasize the civic, cultural, and interpersonal relationships involved in citizenship and responsibility.

It is held in memory of Dr. Martin Luther King Jr., and is open to Davie Schools students in grades 4-12. The topic for 4th-8th graders will be "Protecting Our Nation's Defense" and the topic for grades 9-12 will be "Finding the Appropriate Balance Between Protecting Civil Liberties and Protecting National Security."

The speeches should be neatly printed or typed and be no longer than five minutes. Students will be judge on content and presentation in three categories: grades 4-5, 6-8 and 9-12. First place in each category will receive a $100 Savings Bond, and second and third will get a $50 Savings Bond donated by Central Carolina Bank. In addition to the bond, first place will get a $1,000 college scholarship.

Call Mocksville Town Hall at 751-2259 or email townhall@mocksville.com or FAX 751-9187 to enter. Include your name, grade and school.

Shady Grove PTA Supper To Benefit Storehouse

An annual spaghetti supper to benefit Storehouse for Jesus will be held Tuesday, Jan. 15 at Shady Grove Elementary School.

Sponsored by the school PTA, the supper last year raised $750 and 1,500 items for Storehouse.

The supper will be from 4:30-7 p.m. in the school cafeteria.

Patti Davidson, chairman of the supper committee, said the PTA has targeted the Storehouse as a way for the parents to serve the community in addition to the school.

No fee will be charged for the supper. Instead, the PTA is asking for donations either of money or the following items that will help the Storehouse: Laundry and dish detergent, toilet paper, deodorant, bar soap, pancake mix, syrup, Spam, tuna, salmon, rice, beef stew, spaghetti noodles, sauce, jelly, grits, oatmeal, saltines, dry beans, macaroni and cheese, Jiffy muffin mix, canned fruit, instant mashed potatoes, canned potatoes and yams.

YMCA Honors Volunteers

The Davie Family YMCA held its annual Board/Staff/Volunteer Christmas banquet on Tuesday, Dec. 4, 2001.

It was another good year for the YMCA in Davie County. The annual Partner With Youth scholarship campaign exceeded $36,000 and has a record number of members with just over 3,200.

The Davie Y also celebrated it 10 year anniversary during this year and continues to have great support from businesses, members, volunteers, staff, and the community.

The YMCA Volunteer of the Year was presented to Lorraine Yates. She has been an active volunteer in the aquatics department for more than three years.

Page Kitchens & Baths was presented the Small Business of the Year award for their continued support with special projects in the facility as well as supporting the Partner With Youth Campaign, and being a supporter of the annual road race.

Bi-Lo was presented the Business of the Year for their continued support to our Partner With Youth Campaign.

Recognized for completing their volunteer commitment on the Board of Managers were: Joel Darnell, Katherine Evans, Dr. Gary Prillaman, Ted Allen, David Smith, and Neal Carter.

Board of Managers beginning their terms in 2002 were also recognized: Maureen Gildein, Mark Deveraux, Eleanor Fuller, Steve Jakob, and Jeanette Johnson.

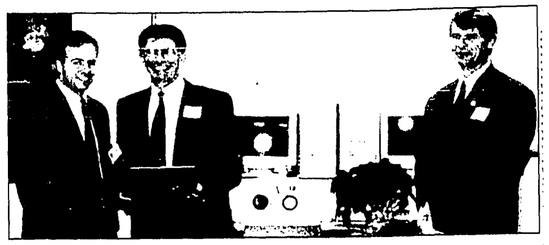

Recognized for volunteering with landscaping the track/field bank were: Margaret Graves, Shirley Cottle, Jean Hinshaw, Patti Whitaker, Mr. and Mrs. Paul Bonardi, Keith May, Greg Hoover, Charlie Johnson, and Sarah Wood.

Special recognition went to Carl Lambert who served as Chairperson of the Annual Partnership Campaign.

Recognized for being host families for the summer intern were: Mr. and Mrs. Doug Cartner, Mr. and Mrs. Marshall Kohnen, Mr. and Mrs. Terry Gilbert, Mr. and Mrs. Mike Garner, and Mr. and Mrs. Ed Barron.

Carl Lambert, Chairperson for 2002, commended Davie Barnes, outgoing chairperson, for his dedication to the Davie Family YMCA during the past year.

South Davie Middle School chorus, under the direction of Brenda Mosko, provided entertainment.

On Saturday, Dec. 1, the Davie Family YMCA hosted a breakfast with Santa and Santa's craft workshop. This free community event was sponsored in part by Krispy Kreme Doughnuts. There were over 100 children and families that enjoyed having pictures made with Santa and making Christmas crafts with Santa's helpers. Pictured above: Melissa Randall (background) and Vlasti Johnson (foreground) help participating kids with crafts projects. Right: Children make Santa Claus necklaces out of sand art.

On Dean's List

Roderica Jacinda Gaither, daughter of John and Marilyn Gaither of Advance, made the dean's list for the fall semester at Wingate University with a grade point average of 3.3.

Gaither

She is a 1999 graduate of Davie High School. A member of the charity organization Kolors of United People, she is a junior pursuing a degree in history.

Old Glory Flies On Green Hill

Dale and Helen Chaffin have had a huge flag pole for some time, but could not interest anyone in getting it up, ready for a flag.

After the terrorist attack in September, help was suddenly available, and soon the pole was up and the Stars and Stripes were waving in the fall breeze.

On an October day, family and friends gathered around the pole for the raising of the flag. Patriotic songs were sung and each had a short prayer for the families of the Sept. 11 attack, the military personnel, leaders of our country, and for all people.

The flag pole is located on a hillside on U.S. 64 West, across from FordMac Automotive, designed as a somber reminder of the precious freedom we enjoy and the price that so many young men and women have paid for us to have this freedom.

County Planners To Discuss Wireless Facilities Ordinance

The Davie County Planning Board will conduct a workshop on wireless telecommunication facilities on Wednesday, Jan. 16, from 2-4 p.m. in the second floor conference room of the Davie County Administration Building.

Wireless industry representatives will be present to discuss the proposed wireless facilities ordinance in Davie County.

More information is available at the county planning office Monday-Friday 8:30 a.m.-5 p.m. or by calling 751-3340.

Cooleemee History Author To Be At Catawba Forum

The Cooleemee Historical Association is not a typical local historical society, claims Jim Rumley, author of the 448-page book, "Cooleemee: The Life & Times of a Mill Town."

In fact, he said it is more like a grassroots movement, an effort to create a living legacy by carrying the best of the past into the future. That effort includes, among other things, the struggle to preserve "The Bullhole," a historical spot on the South Yadkin River that has become the center of controversy and the focus of a power company's lawsuit against the Cooleemee Historical Association.

Historical connections between Cooleemee and Salisbury, as well as other areas of North Carolina, include James Hurley and James Barringer, both of whom have strong ties to Cooleemee and it's newspaper.

The Dukes of Durham are also part of Cooleemee's history through their ownership of much of the stock in the textile mill that once was the heart of Cooleemee's economic life.

"There are a diminishing number of places like Cooleemee left in America," Rumley said.

Founded in 1898, Cooleemee's pioneers "brought their rural heritage to a new industrial frontier."

But with the demolition of the town square in 1963 and the closing of Erwin Mill No. 3 in 1969, that era came to a close. "The story of Cooleemee's effort to save its history, is the story of a place struggling to save itself - body and soul," Rumley said.

Come hear the story of that struggle from author Jim Rumley, one of the founders of the Cooleemee Historical Association, at the next session of the J. Fred and Mary A. Corriher Catawba College Community Forum on Tuesday, Jan. 22 at 7:30 p.m. in the Tom Smith Auditorium of Ralph W. Ketner Hall on the campus of Catawba College.

Participants, Sponsors Sought For Annual Davie County Fair

The third annual Davie County Fair will be held at Trailers of the East Coast at 360 Blaise Church Road, April 23-27.

The DYC (Davie Youth Council), the Davie County Leo Club, Mocksville/Davie Parks & Recreation Department, and Trailers of the East Coast sponsor this annual fund raiser to benefit youth programs in Davie County. Proceeds from vendor space rentals, contest registrations, the bingo tent, dunking booth, hot air balloon rides, benefit auction, and midway ride sales will benefit the Davie Youth Council and the Davie County Leo Club in efforts to prevent juvenile delinquency in Davie County by providing safe, drug-free recreational and educational alternatives for youth, and eventually fund a Davie County Teen Center.

The main stage line-up will include Brad Cartner, Tomm Doollee, Hard Drive Bluegrass Band, Randall Haynes Band, Band of Oz and the Part Time Party Time Band. There will be entertainment for youth of all ages.

A livestock arena will offer animal fun and entertainment such as sheep herding demonstrations, greased pig contest, vaulting demonstrations and more. The MidWay will be bigger .

Anyone wishing to participate as a vendor, exhibitor, concessionaire, or demonstrator, sponsor one of the events, or help by donating items for the auction should contact Vicki Robinson at the Mocksville/Davie Parks & Rec. Dept. at 751-2325, or email davieyc@aol.com.

No applications will be accepted after Feb. 15.

Try These Cornbread Recipes

Only in Southern cookbooks will you find a special category for cornbread recipes, with recipes varying greatly. Some of the recipes will use white instead of yellow meal or self-rising over all-purpose meal. Other recipes will include sugar and/or eggs making the bread a little more like cake. Which cornbread is the best? Most than likely whatever style you ate as a child will still be your favorite.

CHEESY CORNBREAD

1 cup self-rising cornmeal
1/2 teaspoon baking soda
1/4 teaspoon salt
1 1/2 cups shredded Cheddar cheese
1/2 cup chopped onion
1 cup milk
3 tablespoons melted butter
1 teaspoon garlic powder
3 eggs, beaten
1 (7-ounce) can whole kernel corn, drained

Combine cornmeal, soda, and salt; add remaining ingredients, stirring just until dry ingredients are moistened. Spoon into a greased 10-inch cast-iron skillet. Bake at 350 degrees for 45 minutes or until golden brown. Yield: 10 servings.

BEEFED-UP CORNBREAD

This bread would be great with a salad or soup.

1 tablespoon yellow cornmeal
1/2 pound ground beef, browned and drained well
1 cup yellow cornmeal
1/2 teaspoon baking soda
2 eggs, well beaten
1 cup milk
1 (17-ounce) can cream-style corn
1/4 cup vegetable oil
2 cups shredded cheese
1 cup finely chopped onion
1 small can chopped green chillies
1 (2-ounce) jar diced pimiento, drained

Sprinkle 1 tablespoon cornmeal in a well-greased 10-inch cast-iron skillet. Cook over medium heat until cornmeal is lightly browned; set skillet aside. Combine 1 cup cornmeal, salt, and soda; add eggs, milk, corn, and oil. Stir just until dry ingredients are moistened. Pour half of batter into prepared skillet; sprinkle with cheese, onion, peppers, and growned beef. Top with remaining batter. Bake at 350 for 50 to 55 minutes. Yield: 6 servings.

NOTICE OF PUBLIC HEARING BEFORE THE BOARD OF COUNTY COMMISSIONERS FOR THE FOLLOWING ZONING AMENDMENTS

NOTICE IS HEREBY GIVEN, pursuant to the requirements of Article 20-B of Chapter 153-A of the General Statutes of North Carolina and Paragraph 155.250 of the Davie County Code of Ordinances, that the Board of County Commissioners of Davie County will hold a **Public Hearing** in the **Commissioners Room** of the DavieCounty Administration Building, Mocksville, NC, on **Tuesday, January 22, 2002 at 7:30 p.m.**

Jeanette Cornatzer has applied to rezone approximately 46.5 acres of land from Residential Agricultural (R-A) and Highway Business (H-B) to Residential (R-20). This property is located at 1646 Peoples Creek Road and is further described as being Parcel 6 of Davie County Tax Map G-9 and Parcel 65 of Davie County Tax Map G-8.

A sign will be posted on the above listed property to advertise the **Public Hearing.** All parties and interested citizens are invited to attend said hearing at which time they shall have an opportunity to be heard in favor of, or in opposition to, the foregoing changes. Prior to the hearing, all persons interested may obtain any additional information on a proposal or ask questions by visiting the Planning Department on weekdays between 8:30 a.m. and 5:00 p.m. or by telephone at (336) 751-3340.

Hello, my name is Abbe Hurt and I celebrated my first birthday on Nov. 28. I had a hot dog dinner with all of my relatives attending. I had a doll cake made especially for me by my mamaw Lou Hurt. It was delicious. My parents are Kit and Christina Hurt of Mocksville. I have three brothers, Daniel, Chris and Landon. My maternal grandparents are Lucille Furches of Farmington and the late Fred Furches. My paternal grandparents are Roy and Lou Hurt of Smith Grove. I wish to thank everyone for making my first birthday a very special one.

Sierra Evelyn Foster celebrated her 1st birthday on December 19, 2001. She is the daughter of J. Allen and Marjorie Daniel Foster of Mocksville.

Sierra's maternal grandparents are Evelyn Daniel and Jim Harbin of Mocksville, and the late Armand Daniel. Paternal grandparents are Margaret C. Foster of Mocksville and the late James A. Foster Jr.

Sierra had "Winnie the Pooh" parties at Maw Maw Foster's home on Sunday, Dec. 16th and at her home on Wednesday, Dec. 19th. Sierra and her parents would like to give special thanks to all those who helped her celebrate her 1st birthday.

MAKING SMART CHOICES

ISN'T THAT WHAT WE WERE TAUGHT GROWING UP?

We all strive to make educated decisions; decisions that ensure we are getting the best product and service for our money. Over the years we have learned that many families haven't had that luxury while planning a funeral service. We encourage you to visit with our caring staff, ask questions, learn options, and make choices before hand, so you know you made a smart choice.

Give us a call today and find out why we are the area's leading resource for advanced funeral planning.

Allie's wish.

At her 6th birthday party, Allie made a wish. She wished she could spend all her birthdays with her dad, Scott.

A loving gesture like that from any little girl would make any father happy. But in this case, it's even more meaningful. Because Scott has cancer. We diagnosed it at our Cancer Care Center.

There are only so many ways you can treat cancer. We have them all. Plus, each of our medical oncology doctors is board certified in both internal medicine and oncology. And all of our oncology nurses have received special training.

So everything Scott needs for comprehensive cancer care is right here, and it's available to him 24 hours a day.

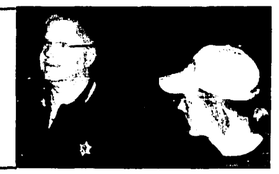

We're doing everything medicine and man has to offer to make Allie's wish come true.

Telephone Competition Coming To Mocksville

High-Speed Internet Access Part Of Plan

There's some competition coming to downtown Mocksville in the telephone industry.

Yadkin Valley Telecom, a subsidiary of Yadkin Valley Telephone Coop headquartered in Courtney, is completing tests on newly-installed lines.

The company hopes to sign up businesses and people for telephone service and high-speed internet access by mid-February, said Jeff Adams, general manager.

"We're getting ready to compete with Sprint in Mocksville," he said.

Customers should be able to keep their current telephone numbers, and receive voice mail and caller ID services.

Adams estimated the company's investment at $2 million in Mocksville. A similar project is being completed in Yadkinville.

Yadkin Valley will gradually expand the service, he said. It has been built in downtown Mocksville and along the U.S. 601 corridor towards I-40.

"We're trying to get to the businesses first," he said.

Adams said that it is unusual for customers to have a choice in telephone service, but the telecommunications act of 1996 made it possible. It's taken quite a while to complete necessary paper work and agreements.

Although Yadkin Valley Telephone Coop is non-profit, Yadkin Valley Telecom is a for-profit subsidiary, and all of the company's competitive efforts will be a part of Yadkin Valley Telecom.

Just Having Some Fun

Mary Catherine Hennigan, 7, concentrates on a shot at the billiards table at the Davie Family YMCA, while her friend Brittany Shaver, 9, waits for her turn. The YMCA on Cemetery Street in Mocksville offers fitness and recreation programs for people of all ages.

SHEFFIELD - Jeff and Dana Potts count themselves as lucky.

They're lucky to have their daughter still alive.

And they're lucky to live in such a caring community.

On Tuesday, Jan. 8, their home off Duke Whittaker Road caught on fire. Their 18-year-old daughter was in the shower, but escaped without injury.

Their home, however, was gutted.

Married for 20 years, they only had a couple of years left of payments on their home. They had just enough insurance to pay what was left, leaving them with a home that is paid for, but uninhabitable.

"The community around here has been wonderful," Dana Potts said. "I couldn't begin to tell you how many people have stopped to tell us, what can we do."

They're not sure what they'll do next. The couple is saving cash donations to hopefully make a down payment on another home. Sheffield-Calahaln Volunteer Fire Department started a fund on the family's behalf at BB&T.

Bermuda Run Searches For Water Loss

By Beth Cassidy
Davie County Enterprise Record

BERMUDA RUN - Town board members voted last week to buy a master water meter for the Highlands association, in hopes of determining how the town is losing around 20 percent of the water they purchase from the county.

The town has known about the loss for a year, and has worked to try to find out the origin.

"We've put in new meters, calibrated the existing meters, and Beth Dirks (town manager) and I have tracked down every puddle we can find," said town board member, Chuck Whitman.

Still, the problem exists.

Dirks said the Highlands is the only association that does not have a meter, and because it is such a large area with so many homes, "it makes sense to get a master meter for the area that uses the most water."

Other associations, such as James Way, River Hill, Warwicke and Hamilton, all have master meters, but Dirks said at least one, St. George, does not have a meter for irrigation, so if the new meter at the Highlands doesn't tell where the

Two High Schools?

It's A Hot Question

Should Davie County build two high schools?

The Enterprise Record's website has been receiving your opinions on that question, and the response has been overwhelming.

So far, 73 percent of those responding say they would prefer a second high school.

The question will remain on the newspaper's website, www.enterprise-record.com through the end of the month. Remember, only one vote is allowed per computer.

Don't have access to a computer? Write a letter, and let everyone know how you feel on this or any other issue. Letters need to be in the newspaper office by 4 p.m. on Mondays of the week to be published, signed and legible. We accept email letters, as well, but include a telephone number for verification Send them to: ernews@davie-enterprise.com.

MLK Celebrations Saturday, Monday

Davie County will celebrate Martin Luther King Day with a youth speech contest on Saturday and a commemorative march and prayer vigil on Monday.

Sponsored by the Town of Mocksville, the youth speech contest will begin at 6 p.m. at the Brock Performing Arts Center. Savings Bonds will be awarded to youth in grades 4-5, 6-8 and 9-12, including a $1,000 college scholarship to the high school winner. Spectators are welcome.

To enter, call 751-2259, or email townhall@mocksville.com, or FAX 751-9187. Include your name, grade and school.

Sponsored by the Davie Chapter of the NAACP, the march will begin at noon in front of the First Presbyterian Church on South Main Street, and end at the Davie County Public Library on North Main Street with a prayer vigil at 12:30.

Call 751-3013 for more information.

Schools Announce Make-Up Days

Feb. 18 and April 29 are scheduled make-up days for Davie County Schools following the two days missed in early January due to snow. The teacher work day originally scheduled for April 29 will be May 29.

Big Decisions Loom In 2002 For Davie

Maybe it won't be quite as sensational as last year, but 2002 should offer a lot of excitement for Davie County. Lots of things will happen this year. Lots of decisions. Lots of changes.

Politics. Sheriff Allen Whitaker will face re-election. ALE officer Mike Smith has said he plans to challenge him. That's always the marquee race. But two seats are up for grabs on the county commissioners and the board of education. Seats held by commissioners Bobby Knight and Michael Allen and school board members Luther Potts and Janie Garnett will be decided. Filing is scheduled to begin Feb. 18.

Schools. Davie County voters should finally decide a school bond referendum sometime during the year. The amount and scope of the referendum is slowly being settled in committees now. The major issue is whether it will include money for a second high school. Judging from our website opinion poll last week, the momentum and pressure are building on the issue.

Bermuda Run. Big things are brewing. The new Lowes Foods will open this summer. Bigger still, a collection of landowners in the Hillsdale crossing are banding together to ask for annexation. Bermuda Run could expand its borders to take in the entire crossroads. The action would allow beer sales in all the newly incorporated area. Bermuda Run would benefit from extra tax revenue, but they will inherit the growing traffic headaches at the crossroads.

Mocksville beer and liquor. The petition sponsored by the Davie County Chamber of Commerce is quietly making its rounds. Its reception seems to have been cool. There may be a vote this year if the organizers can raise enough signatures. They have to muster 798 signatures of Mocksville voters — 35 percent of the total registration — before Feb. 13. That won't be easy.

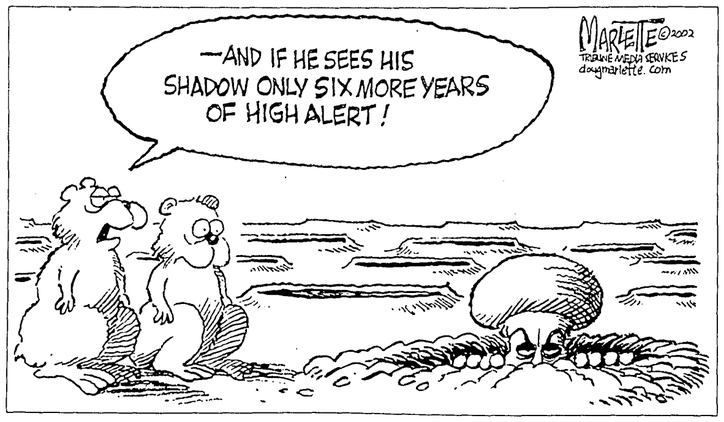

Cooleemee. The town will have to fill a seat on the board because of the tragic death of commissioner Scotty Vogler.

Davie Hospital. The hospital's future remains in doubt, but there is promise. If the new association with Baptist Hospital works out, the county could avoid the difficult decision to close the hospital rather than let it become a financial drain. Why more people don't use Davie Hospital remains a mystery. Rather than endure the long waiting lines at the large regional hospitals, people needing emergency care can get almost immediate attention at the hospital their tax dollars built.

Growth. The economy has slowed growth some, but Davie County continues to be a magnet for newcomers. Kinderton is the novelty of the county. Will newcomers buy large homes on small lots in a community usually designed for urban areas? With new schools and the price of expanded county services looming, county commissioners are considering a study: Just what is the cost of growth? They will talk about impact fees and try to find ways for developers to bear more of the financial burden.

Stay tuned. It should be an eventful year.

South Yadkin Power Talks Back

To the editor:

My name is Breck Bullock with South Yadkin Power. I am writing this to clear up some of the myths and lies being spread by our enemies and printed by the media.

Ten years ago South Yadkin Power (Turbine Industries) entered into a contract with Davie County. We agreed to pay Davie County a set amount until we went on line with our first generator. To acquire a federal license it takes years, so in the meantime, we built an ice plant which had nothing to do with our contract with Davie County. After I personally built our ice customer base up to nearly 250 customers in which that same year we employed 79 employees, we had some corporate problems which caused the ice plant to be shut down and at the same time, construction was halted on the power plant.

After months of discouragement, the Bullock family bought out our partners. At that point we finished installing our first two turbines which drive a nearly 800KW generator. At the time, we could only run the turbines during flood conditions, but after a lot of sweat and other professional knowledge we have more than doubled the efficiency of the turbines allowing us to run in very low water.

We acquired several extensions on our contract with Davie County. The last extension gave us until September, 1997 to go on line and produce electricity. On July 2, 1997, South Yadkin Power began to produce electricity and sell to Duke Power. After we went on line as per our contract, Davie County received a percentage.

Not long after South Yadkin started producing electricity, we ran into yet another barrier: Jim and Lynn Rumley decided that Cooleemee needed a park at the Bullhole and they could not have a park without having water over the dam. South Yadkin owned the water rights and Lynn Rumley came to me to ask for a demonstration of how much water she wanted to run over the dam. I met with her one time and in her opinion, there was not enough water in the river to do the demonstration. I never intended to give the water away, I only wanted to see what they wanted so we could possibly sell it to them. The amount of water the Rumleys want equates to $84,000 per year.

Surely they don't expect a small business to give away that kind of revenue. At this point it was realized that we were not going to just give the water to a park so attempts were made to discredit South Yadkin Power with all the state and federal agencies. South Yadkin Power has been vindicated of all accusations. This cost thousands of dollars in time and lost revenue of which someone should be liable. Our lawsuits are not an unjustified ploy. When the jury hears this little story, I am sure South Yadkin will be producing power for a long time.

After attempts to discredit South Yadkin Power failed, the only option left to run the power plant out of town was to have Davie County breach our contract. The whole of Cooleemee is not for the park and against South Yadkin Power. Local people are beginning to realize what is happening and every day someone is telling me that they are standing behind the power plant. I believe the people of Cooleemee will be appalled at the efforts that have been made to discredit us. South Yadkin Power is not, and never has been, against a park, so why is this handful of people against our power plant?

The South Yadkin contract with Davie County calls for arbitration in the event of a problem. The county sidestepped that procedure and took the case to magistrate court in which the dog catcher/magistrate ruled in favor of the county. There were nuetral people at the hearing that told me there was no way the ruling was justified.

At the present time, South Yadkin is continuing construction on our second and third generators and will be going on line with the second unit very soon. We have been in a drought for five years, all hydro projects have the same complaint, but if we had not been held up by these complaining people we would have been able to manage what little water the Lord has given us and made money not only for ourselves but also for the county.

Jim and Lynn Rumley moved to Cooleemee in 1986 and are self-proclaimed historians. If they really know Cooleemee's heritage, they would realize that South Yadkin is reenacting history. Cooleemee would not be where it is if it were not for the dam which ran this community, not for recreation, but for progress of life.

We welcome the community, commissioners, media and county attorney to visit the project. See for yourself the investment, hard work and sweat. Get informed on the real issues because I believe if the facts were known, a jury would not have to hear this story.

Everywhere You Look, Someone's On The Phone

Mike Barnhardt

Sitting at a Greensboro traffic light not too long ago, I noticed a woman driving through the intersection. She had a cell phone against her ear. So did the guy behind her, and so on and so on. No less than 25 of the 30 or so drivers I saw pass through that intersection that day was talking on a cell phone.

What are all these people talking about?

They weren't teenagers, so surely they weren't practicing that the art of listening to one another breathe, as teenagers have mastered. Surely each of those drivers didn't have some sort of dire emergency to report. Surely their cars come equipped with radios, which can provide more than enough entertainment for the normal drive.

As you can probably tell, I don't own a cell phone. It's not surprising. My first couple of years out of college, I lived in an apartment without a telephone. I was poor. And to tell you the truth, a telephone just wasn't necessary. Maybe I got into the habit of living without relying on the telephone.

Or it could have something to do with my inability to figure out electronic contraptions. I gave the VCR away because I couldn't figure out how to record the shows I wanted to watch. My eyes glaze over and my mind wanders when someone asks me questions about my computer. I only learned how to use the thing so I could keep a job, and know little about OS's, and those bytes computer people are fond of talking about.

But this cell phone thing is getting out of hand. I recognize the need, especially since Sept. 11. And sure, there are people who do business going from job to job. It saves money and time. But there's no way all of the people you see on the cell phone are working. They're just talking. I've seen them in grocery stores, on the golf course. I've heard them ring in public meetings, in restaurants, in church ... in my office.

It can be annoying, almost as annoying as the towers that carry the cell phone messages. They're a blight on the landscape, and you can forget about looking at a black sky at night. There is always that blinking light at the top of the tower - in just about every direction.

Since everyone else has a cell phone, maybe I could figure a reason or two to use one. Forget business, I get enough of that at the office.

The golf course might work. I can never remember when the ball is downhill, will it make you hit it to the left, or right. A call to a golfing buddy could solve the riddle.

And in the grocery store, a cell phone could work wonders. "Honey, did you want the one percent or two percent milk?" Looking at the cartons, I could call back. "The one percent you wanted expires in five days, while the two percent expires in 9 days. Do you still want the one percent?"

I would never be lost with a cell phone. "Honey, I'm pulling out of the driveway, heading for work." Another call in 30 seconds. "I'm heading up Bob Wilson Hill. Traffic is light." Another 30 seconds. "I'm in Mocksville now. I'll call you back when I get to work." A minute passes. "I'm pulling onto the parking lot. Have a good day. I'll call you at lunch."

It's always amusing when someone gets a cell phone call while at the office, within hands reach of two or three land-based telephones.

No matter how annoying, no matter how trivial the conversations, no matter how dangerous while driving, I still want a cell phone. People driving down the road talking on the phone just look more important.

But since I can't justify the cost for the limited use I would give it, I think I'll just put the TV remote in my car. I can't figure out how to use the darn thing, anyway, and to passersby it would look like I was talking on a cell phone, giving me a feeling of importance. And I could always change the channel.

Downtown A Winter Wonderland

To the editor:

Many thanks to everyone who helped to make Mocksville a "Winter Wonderland." It was a joy to drive through town and see all the beautiful lights and decorations. Also, thanks to the Garden Club members who keep the flower boxes looking so pretty, and to the people who keep the streets so clean. A big thanks to all of you.

Don't Litter The Roads

To the editor:

I am writing this letter as a concerned citizen of Davie County. I have lived off N.C. 801 for more than 40 years on a dirt and muddy road. There were many roads in the area that were paved many years before the road now called Essie Road.

Finally, with enough praying and when the hearts of men responsible were opened, the road was paved. It is the most beautiful sight you could ever imagine.

However, additional traffic is now using the Essie Road for their travel. I have observed from the Cap Cain Road entrance on the right and left side of the road, is much trash, bottles, cups, etc.

I would like to challenge those travelers to respect the beautiful highway we have waited for so long and keep a trash bag in their car, truck, van or any other means of travel to dispose of their garbage and please, do not litter the highway we waited for so long to be paved.

Elections Office Moves To Town Hall

By Mike Barnhardt
Davie County Enterprise Record

Elections Director Margaret Shew said the extra space will allow the office to operate more efficiently.

The Davie County Board of Elections has a new office.

It's bigger, convenient, and according to Elections Director Margaret Shew, will accommodate more voters.

The office moved last week from the courthouse to the basement of town hall. Voters and others going to the elections office should park in the lot off Salisbury Street, or the on-street parking on Water Street.

The county fire marshal's office is being moved from the county administration building to the old elections office at the courthouse.

When the state mandated "no excuse" absentee voting, Shew said that voters were lined out the door in the old office. More than 200 voted on the last day. Now, workers can have up to four voting machines ready.

And they won't have to go far to get those machines.

Before, they were stored in the courthouse basement. Now, they're just next door. All of the storage is in adjacent rooms.

Shew has her own office. Deputy Director Tabatha Parrish is in the front office, along with space for a part-time worker.

"We really needed the space," Shew said. "Tab and I were elbow to elbow.

"Now, we can maintain the office and work on projects at the same time."

County commissioners approved leasing the space from the Town of Mocksville last November.

The move was completed the first week in January.

Mocksville Plans Street Work

Motorists in Mocksville may find the driving a bit easier this year.

The Institute for Transportation Research and Education at N.C. State University completed a survey of town streets, noting where repairs are needed.

Town Manager Terry Bralley said the town has the survey completed every four or five years, so that priorities for street repairs can be made fairly.

The town has $215,000 in Powell Bill funds to repair its 28.44 miles of streets, while the estimate for the repairs is $134,719.

Among the streets which should be repaired this year, with some cracks being filled this winter or resurfacing in the spring and summer:

- Clement Street from Water Street to Gaither Street;
- Clement Street from Gaither Street to Church Street;
- Chaffin Street from Depot Street to the end;
- Cherry Street from Main Street to Midland Street;
- Duke Street from Howard Drive to Salisbury Street;
- Etchison Street from Campbell Road to the cul-de-sac;
- Elmwood Street from Ash Drive to the cul-de-sac;
- Fairmont Drive from Sunny Dell Lane to East Lake Drive;
- Fulton Street from Marconi Street to the dead end;
- Hillcrest Court from Rolling Hills Lane to the cul-de-sac;
- Lionheart Drive from John Crotts Road to the end;
- Mumford Drive from Wilkesboro Street to Garner Street;
- Naylor Street from Church Street Extension to Edison Street;
- Raymond Street from Tot Street to Avon Street;
- Raymond Street from Avon Street to Hospital Street;
- Salisbury Street from Depot Street to Water Street;
- Salisbury Street from Water Street to Lexington Street;
- Sheek Street from Bingham Street to the dead end;
- Water Street from Main Street to the end;
- Wilkesboro Street from Salisbury Street to Church Street Extension;
- Wright Lane from Fulton Street to the cul-de-sac.

Family Thankful For A Caring Community

Continued From Page 1

"I'm just thankful my daughter got out, because she was in the shower. We're thankful for everything," she said.

"We've always heard what a good community Sheffield is, and I'm thankful for that community. Everyone around here has been just great."

The family has been staying on the site in a camper trailer, something they hoped to take vacations in this summer. A relative lives next door.

The fire marshal told the family the fire appeared to have started on the cooking stove. An insurance investigator blamed the coffee pot, she said.

Her co-workers at Lee Apparel are making donations, and although clothes and personal items are needed, the family doesn't have room for storage in the camper, she said.

"But when you don't have anything, everything is appreciated."

Bermuda Run Searching For Water Loss Source

Continued From Page 1

problem is, the town will begin looking at areas that irrigate and don't have a meter.

Dirks said there are four unmetered homes on Bing Crosby Boulevard, and two bathrooms at the golf course are not metered.

Whitman insinuated that, although the club irrigates by pumping water out of the river, perhaps they are also using bulk water to irrigate and that would account for the missing water.

Dirks said she does not believe that is the case.

The new meter will cost around $15,000. The loss of the water is of special concern because the county has raised the rate it charges for bulk water $.58 per thousand gallons over the past year, and Whitman noted that the board would have to consider an increase in fees. "It's the method that bothers me," Whitman said.

Another issue that concerns Whitman is the "equitable distribution of the cost of the bulk water."

For instance, one occupant living in a condominium pays $30 per month, the same amount as someone living in one of the larger homes at the Highlands, property that may house an entire family with several bathrooms, a swimming pool and an underground watering system. Back when the $30 per month amount was initiated, there were only condominiums, said Dirks.

Whitman said the current proposal for distributing cost is to put master meters in each general area, but added he is not sure there is enough money in the budget to bear that cost.

Mayor John Ferguson told Whitman there was enough money in the water fund to buy the Highlands meter and asked for a motion to purchase the meter. Whitman said he hadn't seen the money and didn't believe enough was there. Council members Whitman and Al Barnett said the meters should be put everywhere and at a cost to all residents, not just a select area.

When the vote was taken, Whitman was the only one who did not vote for the meter to be purchased, saying, "You're buying half a cow, and that isn't going to solve the problem." He said he wants to see the "hidden fund" from where the money for the meter would come.

Woman Apologizes For Kicking Officer In Groin

A woman pleading no contest to assault on a government employee apologized to the officer in Davie District Court Jan. 10.

Sgt. Brian Diggs of the Davie County Sheriff's Department said Peggy Houston Pinion had attacked him, kicking him in the groin, while he attempted to investigate a disturbance at the home of her son..

She also pled guilty to resisting a public officer for which she was sentenced to 30 days in jail suspended one year and placed on supervised probation. Conditions of probation include the completion of an anger management class, a substance abuse assessment and recommended treatment, 24 hours community service and court costs.

Judge Ted S. Royster continued prayer for judgment continued for the assault.

This behavior is out of character for her, said defense attorney Ed Vogler. She was drinking that night and should not have been.

Woman Accuses Man Of Assault, But Still Living In Same House

The judge continued prayer for judgment after finding a man guilty of assault on a female in Davie District Court Jan. 10.

Following testimony from the defendant Richard James Burr and his girlfriend Kendy Rae Johnson, Judge Ted S. Royster said he believed Burr, 30, had used excessive force against Johnson during an argument in December.

He told Johnson he wasn't going to do anything to Burr as long as she planned to continue living with him. He also blamed her for aggravating the situation by slapping Burr.

Burr claimed he had only pushed Johnson and put her in a half Nelson hold in self-defense because she had slapped him and was coming at him.

Johnson admitted she had slapped Burr twice, but about two minutes passed between the time she slapped him and when he pushed her off the porch. He choked her by pushing her throat against a swing set, she said.

Burr said he is not a woman beater and did not believe he was assaulting her by restraining her to protect himself.

Johnson told the judge she will continue living with Burr, who is fine as long when sober.

Burr was ordered to pay court costs. The judge's ruling means this conviction will not appear on Burr's record unless he commits a similar offense.

Man Found Not Guilty Of Criminal Trespassing

A man was found not guilty of domestic criminal trespass following a trial in Davie District Court Jan. 10.

Judge Ted S. Royster said he had reasonable doubt that the accused, John Edward Pressley, had gone to the home of the alleged victim, Melissa Jarvis, on Dec. 6.

Jarvis claimed Pressley, her former boyfriend, had come to her home that evening to gloat about her conviction for a domestic violence offense earlier that day in court.

She said her children had watched the encounter, but her 9-year-old son began to cry upon taking the witness stand. Neither of her two children testified.

Pressley said he could not have gone to her home that evening because he had gone to Salisbury to pick up his paycheck after court, stopped at the bank to deposit the check and went home where he stayed the rest of the night.

A neighbor, John Franklin Benton, said he had traveled to Salisbury with Pressley and went back to his residence where they remained until 9 or 10 p.m.

Pressley also presented a deposit slip from the bank, which showed a deposit had been made Dec. 7.

He said it had the following day's date because he had made the deposit after 2 p.m.

Royster said he was upset that Jarvis had put her children through this experience.

He told Pressley he needs to stay away from her in the future.

Bermuda Run Considering Water, Sewer Tap Fees

By Beth Cassidy
Davie County Enterprise Record

BERMUDA RUN - Until last week, Town Manager Beth Dirks wasn't sure whether board members thought a tap fee for water and sewer should be charged, but she got her answer Jan. 8.

Now, the consideration runs to how much to charge.

According to Dirks, Bermuda Run is the only municipality she knows of that doesn't charge to hook up to the water and sewer systems.

In Mocksville city limits, for example, the fee is $850 for water and $850 for sewer. Countywide, the fee is the same, unless it's a resident in Hillsdale, who pays not only the $850 twice, but pays an additional capital fee.

In Bermuda Run, there is a fee to hook up to water and sewer, but that amount is determined by the person who does the work for Bermuda Run, Danny Smith. Smith is the public works director for Mocksville, and Bermuda Run contracts with him to do the same work, after hours and on weekends. Dirks said Smith's fee is based on how far away from the main line the house is, and a portion of it is usually paid by the contractor, with the homeowner paying the remainder.

"In fact," Dirks said, "that is how this all came about. We had a contractor call the town and ask what the fee was to hook on to the system, and that's when I realized that it was something we needed to address."

For those who built homes in the original part of Bermuda Run, the fee was determined by the county, and Bermuda Run West residents paid the same fee. The new fee, said Dirks, would apply to those building lots in James Way, the Highlands, and River Hill, as well as to other lots in areas where the lines are already in the ground.

"This affects any area not already connected to the sewer system that has lines in place," said Dirks.

The town had asked engineer John Grey for an estimate on how much it would cost a resident whose home was not already connected to sewer, but had a septic system in place, to connect to the town's system, and Grey's estimate was $11,800. Dirks added that the tap fee was included, and board member Al Barnett, who has worked with the sewer issue for over a year, said, "For $11,800, it should be."

Dirks said they continue to look at ways they can get that amount down. One of those is to determine whether the town can get by with two pump stations, instead of three. No one has had to pay the assessment fee yet.

Some areas of Riverbend, for example, have sewer, but others do not. Dirks said anyone interested in building there could hook on to sewer temporarily and pay the assessment fee, and if the town was able to decrease the price in the future, they would refund the homeowner the difference.

Board member Chuck Whitman said, "I'm wondering how you arrive at the amount. I don't think it should cost $850 for Danny to go out and do a tap, and anything the town does in assessing its citizens should be based on cost, not to make a profit."

Mayor John Ferguson said, "We need to treat all citizens the same. If someone is paying the Davie County fee, then they all should pay the same."

Dirks replied that when she consulted with engineer John Grey on a reasonable amount, he said "no less than what Mocksville pays." That is because it is easier for Mocksville to do the work. Dirks said, because Mocksville already has the equipment and personnel, and Bermuda Run has to contract with Smith to do the work.

Dirks later said Smith concurred with Grey when she asked him about the fee and said he would probably be able to do it for $850, unless he had to bore through the road, but added they are still looking into it.

"The purpose of putting this on the agenda was to see if the board wanted to charge a tap fee, and they do, but now we need to do more research on how much it should be. It's just something they need to begin to wrap their minds around and give some thought to," said Dirks.

Barnett addressed the board, saying "This is a bigger issue than just assessing a tap fee. We need to look at how we're going to deal with the infrastructure of our sewer system. We need to find out where we're going to go with this sewer and make a that a top priority for 2002."

After striking the fence post Orrell's vehicle continued into a cow pasture traveling into a creek where it came to rest against an embankment.

Trooper C.D. Jones reported the accident occurred at approximately 7 a.m. and Orrell was taken to Forsyth Memorial Hospital.

County Briefs

County Approves Baler Purchase

County commissioners have approved the Nu-Life Environment bid for a new recycled material baler. This was the last of several proposals brought before the board on the issue. After reviewing several options during past meetings, the board approved purchasing the baler using money from the general fund. The solid waste fund will repay the loan at 3percent interest over the next five years.

Changes To Personnel Ordinance

Commissioners approved changes to the county personnel ordinance that would disallow immediate family members from supervising each other. The changes affected the definition of immediate family, which now includes, "a relative by blood or marriage (either current or former) of nearer kinship than first cousin, as well as the various combinations of half, step, in-law, and adopted relationships." Employees currently falling into this situation will be allowed to continue in their current positions.

Kinderton Gets More Sewer Capacity

The board approved the transfer of 18,000 gallons per day of sewer capacity from Kerry Avant to Bill Burnette for use in the Kinderton development. Burnette will pay four payments of $22,500.

Davis-Martin-Powell Received Bid

Commissioners approved Davis-Martin-Powell's bid for engineering services on the N.C. 801 water line. The project involves 11,700 square feet of water line within the highway right-of-way. Davis-Martin-Powell offered the lowest bid of the four received, at $18,500.

New Ambulance In The Works

The board approved a request for a new ambulance from Northwest Emergency Vehicles. The 2002 model is being purchased at the 2001 price of $79,748. The county will receive $11,000 trade-in credit on the 1996 model being replaced. Funds for the new vehicle were in the budget.

Consent Agenda Approved

The board approved the following items in the consent agenda: the reappointment of Denise Brown for a three-year term on the Nursing-Adult Care Home Community Advisory Committee; adding Bean Road, Old March Road, March Ferry Road, and Holly Hill Road in the March Woods subdivision to the NCDOT system; an increase of $1,394 in state funds for the domestic violence program; a transfer of $45,558 from the salaries and fringes budget to purchased services for the staff physician position; a decrease of $373,711 from the superfund budget for oil removal project; and an increase of $93,821 to the solid waste fund, in the form of a loan.

Delinquent Debt Program Approved

The board approved the decision to participate in a debt recovery program run through the N.C. Association of County Commissioners. Delinquent taxes may be collected from state tax refunds. The program allows the county to decide which debts to try to collect. The minimum debt would be $50. A $15 fee would be taken out of each debt collected, so for a $50 debt collected, the county would receive $35. The board's decision allows the county to participate in the program for a one-year trial period to see if it is beneficial to the county.

Local Man Arrested For Armed Robberies

By Jackie Seabolt
Davie County Enterprise Record

A Davie man has been arrested for two robberies at a Davie County convenient store.

Jeffery Kyle Whitaker, 27, of 1414 Main Church Road Extension, Mocksville was arrested at his home Jan. 11 at approximately 9 p.m. for robbery with a dangerous weapon and attempted common law robbery.

According to investigating officer Detective J.H. Stephens of the Davie County Sheriff's Department, Whitaker's first robbery occurred on Dec. 29 when he entered the Four Brothers convenience store at 1668 U.S. 64 West, Mocksville around 10 p.m. According to investigation reports Whitaker jumped over the counter wielding a kitchen knife. Whitaker grabbed the clerk and took $100 in cash. The safety glass between the cash register and the shopping area was not closed, making it possible for Whitaker to get the money. No one was injured.

Whitaker returned to the same convenience store on Jan. 6 around 11 p.m. According to investigation reports he entered the store this time and stated, "This is a stick-up, give me your money." However the safety glass was closed and Whitaker did not get any money.

According to Stephens, descriptions given by witnesses were of the same man in both robberies and Whitaker was identified in a photo line-up by both clerks.

Whitaker remains in Davie County Jail in lieu of a $30,000 secured bond. His first court appearance is scheduled Jan. 24.

Two High School Students Charged In Home Break-In

By Jackie Seabolt
Davie County Enterprise Record

Two Davie High School students were arrested in connection with a Christmas Eve break-in at a home in Mocksville.

According to Davie County Sheriff's Department Detective J.S. Parker, the robbery occurred Dec. 24 around 11 p.m. at a residence on Nancy Easter Loop. Four shotguns and two handguns valued at over $1400 were stolen. The perpetrators entered the residence through a window, according to reports.

Following an investigation, Jeremy Lamont Cody, 16, of 1006 Daniels Road, Mocksville was arrested Jan. 9 in the Cooleemee Shopping Center parking lot while riding a bicycle.

Cody

Cody remains in Davie County Jail in lieu of a $10,000 secured bond. His first court appearance is scheduled today. He is charged with felony second degree trespassing, and felony larceny of a firearm.

According to Parker, during the investigation another teenager was questioned and admitted to having one of the stolen guns. Darren Lynn Johnson, 16, of 296 Legion Hut Road, Mocksville was arrested at his home on Jan. 11. He is charged with felony possession of stolen property. One of the Kmart 410 single shot shotguns was recovered. Johnson was released from Davie County Jail on an unsecured $5,000 bond. His first court appearance is today.

18 Year Old Charged In Break-In

An 18 year old has been arrested for breaking, entering, and larceny at Jim's Fruit N' Stuff, 3311 U.S. 601 North, Mocksville.

Kevin Ray Marlow Jr. of 263 Ralph Ratledge Road, Mocksville was taken into custody Jan. 9 at 2 p.m.

The break-in occurred on Dec. 28 at the local market. According to an investigation report a window was broken and approximately $800 worth of cigarettes, over $200 worth of other tobacco products, and $1,200 currency was stolen from the business. Also stolen was a 45 caliber automatic gun.

Investigating officer Detective J.H. Stephens of the Davie County Sheriff's Department said an intensive investigation led authorities to Marlow where the stolen Ruger gun was recovered.

Marlow was charged with felony breaking and entering, felony larceny, and felony larceny of a firearm.

His first court appearance was Jan. 10.

Teen Arrested For Theft Of Shotgun

A Davie man has been arrested for a breaking and entering that occurred the day after Thanksgiving on Point Road in Mocksville.

Anthony Renteria Jr., 19, of 6000 U.S. 601 South, Mocksville was taken into custody last Friday.

According to Davie County Sheriff's Department Deputy T. Brockwell, he took a report of the break-in on Nov. 23, 2001 around 1:45 p.m. A screen had been removed and window broken at the home. A 410 single shot shotgun was stolen.

According to Brockwell, based on information received from surrounding neighbors and a thorough investigation Renteria was questioned and gave a voluntary statement that he knew where the gun was. The shotgun was located at a hunting cabin in the woods on some adjoining property at 932 Peoples Creek Road, said Brockwell.

Renteria was charged with felony breaking and entering, and larceny of a firearm. He was released on a $5000 unsecured bond.

Davie's First Teen Court Starts Wednesday

Davie County's first Teen Court will be held at 6 p.m. Wednesday, Jan. 23 in the Martin District Courtroom, Davie County Courthouse.

Teen Court is a diversion program of juvenile court which allows students in grades 6-12 to act as jurors, prosecutors, and defense attorneys for juvenile defendants. The student jurors will determine the punishments.

Mike Kirkpatrick, juvenile court counselor, will coordinate activities.

Stevens Injury Opens Door For Kreckovic's 36

By Brian Pitts
Davie County Enterprise Record

If another team lost a 27-point scorer, it'd probably be viewed as catastrophic. When the Davie varsity boys basketball team lost star Sean Stevens in the third quarter Friday against visiting South Iredell in the Central Piedmont Conference opener, the War Eagles merely tapped 6-1 swingman Nemanja Kreckovic and didn't skip a beat.

Kreckovic

The War Eagles appeared vulnerable when Stevens injured his ankle and wallowed in pain on the heels of an 11-5 South run that made it 57-43 with 2:50 left in the third. But, at least on this night when Davie wasn't facing a powerhouse like Reynolds or West Forsyth, no Stevens was no problem. The other half of the pick-your-poison combination, 25-point scorer Kreckovic, responded with 13 points over the next 6:39 to turn a 14-point game into a 79-55 joyride.

Davie, which pulled an incredible reversal earlier in the week to race past Alexander Central, backed off during garbage time to settle for a 95-82 victory.

"Sean went down with that ankle injury and Kreckovic just took over," Coach Jim Young said after Davie moved to 9-2 overall. "He knew he had to step it up. That's only going to help Sean. One or the other is going to be open, and it's going to be tough to shut both down."

Besides one of the deadliest 1-2 punches in Davie annals, the War Eagles have the unspectacular yet efficient inside package of Dan Sullivan (11.5 ppg, 12.2 rebounds) and Chris Stein (9.0 ppg, 9.8 rebounds) and a senior point guard (Jason Hogue) who knows where the hot hand is. Hogue was at his unselfish best against South with two points, eight assists and six rebounds, directing an offense that shot 54 percent (35 of 64).

"We've got two other guys averaging double figures, and we haven't had forwards score in the past," Young said. "Sullivan, Stein and (reserve center) Luke Phelps are all taking up that slack when they go out on us."

Kreckovic was nothing short of sensational. Hitting all nine field goals inside the arc and six from beyond to shoot 15 of 21, Kreckovic devastated the 6-8 Vikings with 36 points and added six rebounds and four assists. He also hit all four free-throw attempts.

He had looked like he might go for 50 when he scored eight in the opening 2:50. He settled for his third 30-point effort.

"Every night he comes up with something else," Young said of the foreign-exchange student. "I hope his bag isn't empty. He has games where he thinks too much and when he doesn't think, he reacts and just lets it happen, he's great.

"He probably takes the ball to the hoop as good as anybody I've had here. And he can stop and pop. He's got the whole arsenal."

Stevens hit eight of 15 shots and scored 22 before exiting and hugging

Rejuvenated Walker Makes Vital Plays

By Brian Pitts
Davie County Enterprise Record

Brittany Walker is back, and as a result the up-and-down Davie varsity girls basketball team is pointed in the right direction again.

Walker

The junior floor general, who sagged to 18 insignificant points at the Sam Moir Christmas Classic, staged an eye-catching resurgence last week that snapped a two-game skid and propelled the War Eagles to back-to-back wins, 45-41 over Alexander Central and 55-41 over South Iredell in the first Central Piedmont Conference game.

"It's something I felt I had to do," she said after finishing the week with 34 points and seven 3-pointers. "I feel I'm a leader, but lately I feel like I haven't been stepping up like I need to."

A 13-point outburst in the fourth quarter against AC triggered Walker's 180 turnaround. Her 3-point bomb provided a 34-29 lead, and after the Cougars responded with five unanswered points to catch Davie at 34, Walker scored the game's next five points and seven of the next nine to give Davie an insurmountable 43-34 advantage.

A great sense of relief crossed Coach Carol Cozart's face when Walker put her teammates on her back and played like her old self. She finished with 18 points on 6-of-12 shooting.

"She stepped it up big in the fourth quarter," Cozart said. "(One of late 3-pointers) had to be inches from the sideline, just nothing but net. She's one of the more determined ones that during crunch time, she's going to make it happen."

Sarah Williams, who was coming off 27 points against West Rowan, added

Worth Noting ...

Brittini Young of South Davie's girls basketball team accumulated 46 points and 20 steals in two easy victories.

South Davie's undefeated wrestlers are **Russell Hilton, ReShawn Parks, Chris Mock** and **Timmy Allen**. Mock is 11-0 and the other three are 13-0.

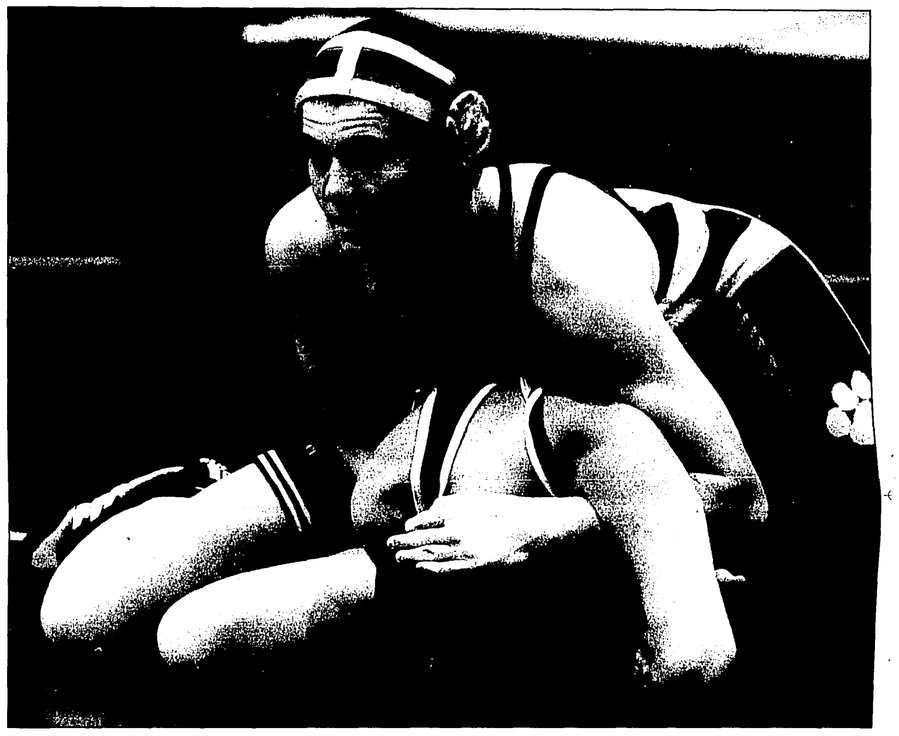

The North Davie wrestlers who are still undefeated are **Adam McIlwain** at 13-0, **Josh Johnson** at 12-0 and **Brandon Stewart** at 10-0.

With 29 points, 13 rebounds and 12 steals in two games, **Tyler Baity** sparked North Davie's seventh-grade boys to the most wins in the school's middle-school history.

Nick Nelson of Davie's JV boys nailed four 3-pointers and scored 21 points to lead a 69-56 win over Alexander Central.

Brittany Walker of Davie's varsity girls hit seven 3s and scored 34 points in a pair of wins.

Nemanja Kreckovic pumped in 60 points in a pair of wins for Davie's varsity boys.

Davie Wrestlers Rough Up CPC Foes

Last week's Central Piedmont Conference wrestling matches couldn't last long enough for Davie. They couldn't end fast enough for West Forsyth and South Iredell.

"We wrestled like we're going to have to wrestle when we wrestle the best team in the state," Coach Buddy Lowery said after the War Eagles buried West 73-6 and South 78-0. "Everybody wrestled pretty much to their potential, and we got after their butts pretty hard."

Buoyed by wins over four of the top-five teams in Class 3A, the War Eagles overwhelmed West with five first-period pins and allowed their only points on a forfeit at 125. The early knockouts came from Jacob Garner, Adam Sain, Matt Wilson, Adam Barber and Zac Morton.

"That just showed their inexperience," Lowery said of West. "We looked sharp. I don't know when the last time they'd wrestled, and I feel sure there aren't many people that's wrestled as much as we have since Dec. 15."

Kahrs

Davie not only registered its 10 straight win against South Iredell, it also hammered the winningest coach in the state. Bill Mayhew entered the 2001-02 season at 571-128-1 in 36 years at South, but the Vikings went 14 up, 14 down against Davie.

The most anticipated bout, between Davie's Jordon Kahrs and George Forest at 140, turned out like all the rest. Forest came in with an 18-1 record but got waxed by Kahrs, one of eight Davie seniors ranked in Super 32. The others are Tyler Black, Patrick Lowery, Barber, Andrew Scott, Josh Stanley, Garner and Sain.

"Jordon is as good as anybody around. So is Josh," Lowery. "Josh hasn't wrestled bad, but that's the best he's wrestled recently. He got after it. He turned it on."

Thirteen of 14 War Eagles went 2-0 in the CPC runaways, and Malachi Gentry, who was under the weather and missed West Forsyth, took one of five forfeits from South. The 2-0 marks belonged to Wilson, Black, Billy Riddle, Lowery, Barber, Morton, Dustin Johnson, Andrew Darcy, Scott, Stanley, Kahrs, Garner and Sain.

Every margin against South was a major decision or greater.

"When (sophomore) Riddle wrestles somebody his own size (at 189), he's going to dominate," Lowery said. "When Barber goes out there with the right focus, he can wrestle with anybody (at heavyweight). He's lost to tough competition."

Notes: Coach Lowery, who entered the year with the seventh-most wins, was 386-67-2 going into last weekend's six-team dual tournament at Orange. ... Jeremiah Raby pinned his preliminary foe from West Forsyth, and Davie took four of five prelims from South. Those winners were Morton, Tanner Wilson, Jared Shrewsbury and Millard Smith. ... The War Eagles (23-2 overall) seek a 3-0 CPC mark against visiting Reynolds on Jan. 17, and they go to North Davidson on Jan. 24. Both CPC nights will start with JV action at 6.

North Boys Make History Behind Red-Hot Baity

North Davie seventh-grade boys basketball coach George Newman couldn't believe what he'd just seen: The Wildcats, who slogged past Southeast 26-25 in the season opener, turned last week's rematch into a 48-16 laugher.

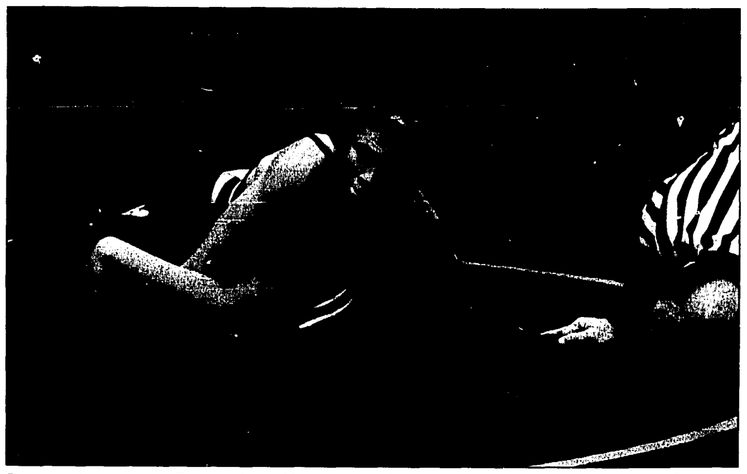

North pounded Corriher-Lipe by the same score earlier in the week.

"That was a very big surprise," Newman said. "When Southeast came in, they looked gelled and ready to play. That was a game we were looking very forward to, due to the fact how close it was (Nov. 20), and I thought they were going to be a strong competitor. I thought this would be a great test. Are we that good? I wrote on the board: 'Are you for real?' "

The Wildcats provided an emphatic answer on the affirmative side, outscoring Southeast 16-4 in the second quarter and 39-9 over the last three quarters. The stunning wipeout added another page to a stunning season. Not only last week did the Wildcats (8-2 overall, 5-2 Mid-South Conference) seal their first winning record since 1994, this is the most wins since turning into a middle school in 1994, a span covering 17 teams.

Between two teams, North's boys basketball record in middle school was 62-126 coming into this year. Thanks to Tyler Baity and Co., North is playing out of character these days. Baity had 14 points, five rebounds and five steals against Corriher-Lipe, then 15 points, eight rebounds and seven steals

South Wrestlers Gearing Up For County/Conference Showdown

By Brian Pitts
Davie County Enterprise Record

South Davie's wrestling team was bloated with cupcakes. It wasn't focussed on North Rowan or Knox. All it could think about was North Davie and the showdown for the regular-season championship.

All those factors worked against the Tigers and they still romped 75-12 over North Rowan and 72-18 over Knox last week.

"You know everybody's looking at North Davie," Coach Howard Riddle said after South ran its records to 13-0 overall and 7-0 in the Mid-South Conference. "We had already whipped Knox soundly once and that doesn't give you much to shoot for.

"But we took care of business."

Ten Tigers went 2-0 for the week: Russell Hilton, Timmy Allen, Aaron Hollifield, Zach Vogler, ReShawn Parks, Derek Abendroth, Britt Abendroth, Chris Mock, Travis Phelps and Garrett Parks.

Jacob Snow, Bucky Sheppard, Kirsten Angell and Matt Harrison won their only matches.

The most impressive win was turned in by Allen, who remained perfect at 13-0 by staving off an unbeaten opponent from North Rowan 5-3. And that was with Allen – and four teammates - wrestling up one weight class.

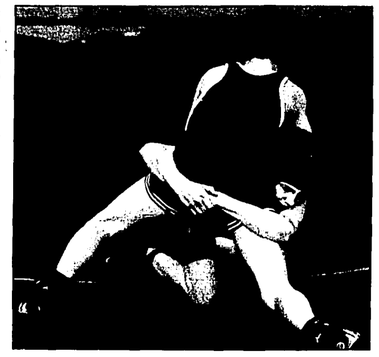

"The kid was taller and a little stronger than Timmy, but Timmy outtechniqued him and wrestled smart," Riddle said. "(The Maverick) beat the kid from North Davie at 119. I hadn't seen anybody else at 119 nearly that good because (regular 119-pounder) Hollifield really hasn't had a tough match."

Johnathan Dwiggins, on the other hand, fell from the unbeaten ranks in his 10th match. His confrontation against Knox's 103-pounder was close for two periods, but ended with Dwiggins on his back.

Hilton, ReShawn Parks and Mock are the other Tigers who haven't slipped all year.

"He wrestled pretty hard, he just didn't do some little things he needed to do," Riddle said of Dwiggins. "It was a tough loss, but you're going to have bad days."

Notes: Seventh grader Matt Harrison, filling in for Hilton at 93, debuted against North Rowan and responded with a pin. "He was a little nervous but he did a good job," Riddle said. "I think next year he'll have a good chance to have a starting spot." ... South visited North Davie, also 13-0, on Jan. 16. ... The MSC Tournament is Jan. 19 at Southeast.

South didn't skip a beat with Matt Harrison in the lineup.

South Davie Girls Storm To Regular Season Title

Not only has no one been able to knock off South Davie's seventh-grade girls basketball team, no one has come close.

Last week the Tigers clinched the regular-season championship in the Mid-South Conference with a pair of ho-hum routs, 37-15 over North Rowan and 37-16 over Knox.

"I'm really proud of the girls and happy for the girls," Coach Tim Kenney said after South stormed to 9-0 overall and 7-0 in the MSC. "It was a happy bus ride home (from Knox). They were chanting and singing, and it was kind of neat to be involved with that kind of stuff.

"It's the first championship I've experienced since I've been here. These girls are going to hold a special place in my heart forever because of this."

The Tigers own a 41-19 victory margin for the year, nine points over second-place Erwin has been the only competitive contest and Brittini Young continued her unstoppable ways.

The point guard put together 23 points and 10 steals in both games, giving her eight straight games with 18 or more points and five straight double-doubles.

"Her outside shot wasn't falling (against Knox), but she took the ball to the hoop extremely well and had a couple of finishes that were just unbelievable – lefthanded in traffic."

Lauren Parker had six points and five assists against North Rowan and 10 points against Knox. Vanessa Didenko had seven points, eight rebounds and hit three of four free throws in the first game and four points and six rebounds in the other, while sister Grace had two points and five boards against North and four points and seven boards against Knox. Jacqualine Smith scored one against North.

"Parker shot the ball very well (in scoring 10). I mean she shot an extremely high percentage," Kenney said.

South wrapped up the regular season on Jan. 15 against visiting North Davie, a 36-12 loser in the first meeting. The MSC Tournament is Jan. 17, 19, 22 and 23 at Erwin. South will play a first-round game on Jan. 19.

The Davie varsity girls basketball team, from left: front row – Heather McDaniel and Kendra Long; second row – Emily Pettorini, Lauren Cornatzer, Ashley Williams, Sara Erb and Sarah Merlau; and back row – Coach Carol Cozart, Brittany Walker, Allison Schafer, Dawn Singleton, Sarah Williams, Kierston Kahrs and assistant coach Debbie Evans.

Davie Varsity Girls Open CPC With Win

14 points, six rebounds and five steals. Dawn Singleton had three points, seven rebounds, four steals and four assists. Allison Schafer scored seven and Ashley Williams had two points and seven boards.

"Sarah had a really good night even though she wasn't in her 27 range," Cozart said. "She did so many other good things."

Dream First Half

Davie beat AC, but not impressively enough for Cozart to sleep peacefully.

"It was a win but it wasn't pretty," she said. "We didn't do what we wanted to in the (Moir) tournament. It was disjointed and we're at the time in the season where some of these kinks should be ironed out."

In the CPC opener, the War Eagles answered the coach's challenge with a first half for the ages. All five starters had at least four points as Davie hit 12 of 22 shots in racing to a 26-11 first-quarter lead over shellshocked South Iredell, and Emily Pettorini came off the bench to make it 41-19 at the break. It's not a common thing to see a female team on an 82-point pace.

But after taking a gigantic step forward, the War Eagles hit a wall and did just enough to prevent a scare, winning 55-41. Cozart still doesn't know which team is going to show up.

"I told them at halftime: 'We've made some strides here,' " she said. "When they are pushing in transition, that's as pretty as anything you'll see. I was really excited.

"Well, I shouldn't have said anything. I told them next time we're not going in at halftime. We're just going to take a one-minute break on the bench because if they play the way they did in the first half, we're real competitive.

"If they play the way they did in the second half ... we don't even want to talk about that."

In a continuation of the blazing fourth quarter against AC, Walker burned the Vikings with 16 points and four 3-pointers. Her first three shots plopped through the net, she made a dazzling no-look pass to Singleton for a three-point play and she stemmed South's comeback tide with a trey to make it 45-32 with 2:17 left in the third.

Before that, Davie had not produced a field goal in 5:43 and the Vikings were on a 13-1 run. Davie's second - and final - bucket of the third also involved Walker, who spotted Allison Schafer for a 47-34 lead. Then South was cooked.

"Walker is totally unselfish, but she also knows when she's got the feel," Cozart said. "So she kind of has a green light on those 3-pointers. I didn't like the way we played in the second half, but I was pleased that we were able to work through it."

Davie got 12 points, five rebounds, three assists and three steals from Singleton; eight points, six rebounds and four steals from Ashley Williams; eight points, five rebounds, four assists and three steals from Schafer; seven points, five steals, four rebounds and three assists from Sarah Williams; and two points, six rebounds, three assists and a blocked shot from the ever-active Heather McDaniel.

"I don't know what Heather's vertical jump is, but I'm tempted to measure. It's awesome," Cozart said of the reserve guard.

Notes: Davie improved to 7-6, while South fell to 4-10. ... Davie's top four scorers are Sarah Williams at 13.2, Walker at 11.3, Ashley Williams at 8.0 and Singleton at 7.9. ... The CPC race heats up with Davie at home to South Rowan on Jan. 18 and at Reynolds on Jan. 22.

JV Boys Fend Off 2 Teams, Up Record To 7-2

Davie's JV boys basketball team thrived under pressure to win two hard-fought games last week.

In a 69-56 win over Alexander Central, the Cougars chopped a 12-point margin to six. That's when Nick Nelson and Ian McBride came through with 3-pointers on back-to-back possessions. Nelson finished with 21 points by hitting four trifectas.

"That was Nelson's best offensive game of the year, but his defense was really the key," Coach Mike Dinkins said. "He made several key steals when we went on that (decisive) run."

Dewayne Collins connected on two 3-pointers for 10 points, Jaques Lyons scored nine and Matt James added eight as Davie overcame an 11-4 deficit by hitting five 3-pointers on seven possessions during one stretch.

"James had his best all-around game, with his scoring, defense and he had a lot of big rebounds," Dinkins said.

After South Iredell rallied for a tie later in the week in the Central Piedmont Conference opener, Law hit three of three free throws and McBride, Clifford Burns and Brandon Capwell made significant contributions as Davie (7-2 overall) survived 49-45.

"McBride hit a big 3-pointer and had a steal and a layup," Dinkins said. "Burns had a couple big blocks and rebounds in the fourth, and Capwell stepped up and had a real good game. Even though he is small, we had to play him inside because of his leaping ability and quickness, and it really paid off. He made some real big plays when he was in there."

Law led the War Eagles with nine points, and McBride and James added eight apiece. After totalling 10 points in the first seven games, James has responded with 16 in the past two.

"James has picked his game up," Dinkins said of the 6-4 big man. "Foul trouble kept him out in early games. Now he's coming around and starting to be an offensive threat."

Davie's next games are Jan. 18 at South Rowan and Jan. 22 at home to Reynolds.

Davie 69, Alexander Central 56 – Nelson 21, Collins 10, Lyons 9, James 8, McBride 5, Travis Howell 5, Patrick Law 4, Matthew Burchette 4, Ryan Price 3, Brandon Capwell 3, David Orsillo 2, David Schweit 2, Clifford Burns 1 and James Arnold 1.

Davie 49, South Iredell 45 – Law 9, McBride 8, James 8, Nelson 6, Burns 5, Capwell 5, D.J. Rice 3, Arnold 2, Schweit 2 and Collins 2.

Boys Dominate S. Iredell

Continued From Page B1

an ice pack on his ankle. Stein had 13 points and seven rebounds and Sullivan collected 12 points, nine boards and four assists.

When Matt Moser connected from downtown, Davie's dominance reached 82-57 with 3:35 remaining.

"We had to welcome them to the CPC," Young said. "The wrestling team did it last night (78-0), and we did a good job tonight."

Stevens' injury numbed the crowd and put hopes of contending for one of the top two spots in the unforgiving CPC in serious doubt. But everyone seemed sure that Stevens would rebound by last Tuesday's litmus test at West Forsyth.

"He'll be ready to go," Sullivan said of the 5-7 senior. "He's a tough little kid. He's pretty tough considering how little he is. I'll give him that."

"If it's not broken, he'll go," Young said. "We've just got to hope there isn't a fracture."

Micah Garner (three points), Josh Wallace (two) and Donnie Vestal (two) completed Davie's scoring, and Brian Hunter rejected a shot into the seats.

Tale Of Two Halves

The first game of the week turned in remarkable fashion. After being unable to do anything right, and trailing Alexander Central 40-29, the War Eagles could do no wrong in the second half to win going away 89-70.

They stormed in front with a wicked 26-4 run, and after AC weathered that storm to go up 44-42, Davie broke the Cougars' back with a 13-0 run.

But before the War Eagles ruined 1-12 AC's monumental upset bid, they got an earful from Young. He let his players know what he thought of the 11-for-36 offense and matador defense.

"We had a discussion that mothers and daughters weren't invited to," he said. "I'm going to call it Senior Day. The kids all went home at 10 (a.m.). They weren't ready. We've been having trouble with a routine anyway with snow days and everything else. We played absolutely no defense."

Kreckovic saved 19 of his team-high 24 points for the second half. He added six rebounds and five assists as Davie rallied behind 21-of-43 shooting and suffocating pressure that caused 10 third-quarter turnovers.

Stevens struggled awful from deep but still managed 21 points, seven assists, four steals and four rebounds. Sullivan achieved his fifth double-double with 13 points and 13 rebounds, and Stein just missed his fourth double-double with eight points and 12 rebounds.

"We can be explosive and we do that when we start playing defense, kind of like Duke does," Young said. "They're seniors, they know what their job is supposed to be and they buckled down."

The biggest factor off the bench was Phelps, who hit three of four field goals to score nine points. He also chipped in four rebounds and three steals.

"Sullivan, Stein and Phelps controlled the boards in the second half," Young said of Davie's 47-35 overall advantage.

Notes: Hogue had six points and five assists and his backup, junior Garner, had two points, three assists and two steals. "Micah's going to be one heck of a point guard next year," Young said. ... Moser (three), Hunter (two) and Vestal (one) also scored. ... The CPC race continues with Davie at home to South Rowan on Jan. 18 and at Reynolds on Jan. 22.

The Davie JV girls basketball team, from left: front row – Kelly Mitchell, Brandi Harpe, Danielle O'Neal, Andrea Dwiggins, Ashley Cornatzer, Brooke Harris, Savannah Kowalski and Alyson Walker; back row – Coach Janice Jackson, Allison Mackintosh, Heather Boger, Alison McNeil, Ashley Peoples, Erin Whitaker, Christie Taylor, Alyse Bowden and assistant coach Daniel Brown.

JV Girls Improve To 7-1

Davie's JV girls basketball team avoided a disaster Friday at South Iredell to improve its record to 7-1.

The War Eagles led by seven with two minutes to go, but nearly blew it before holding on for a 41-40 win. Savannah Kowalski hit two 3-pointers for a team-high nine points and Ashley Peoples had eight.

The other scorers for Davie were Andrea Dwiggins and Erin Whitaker with six each, Alyse Bowden with five, Alyson Walker with four and Alison McNeil with three.

Putting away Alexander Central earlier in the week proved to be as easy as saying your ABCs. Led by Walker's 13 points, 12 War Eagles contributed points as Davie clubbed the Cougars 66-21 in the Central Piedmont Conference opener.

"(The AC coach) accused us of running the score up on her, and look how many people played," said Coach Janice Jackson, who emptied her 15-deep bench. "The person who had the most points didn't start."

While Walker converted five of seven shots, including three from beyond the 3-point arc, Peoples nailed all five of her field-goal attempts for 12 points and pulled down seven rebounds. Kowalski had 11 points and four assists; Dwiggins had six points, six rebounds and three steals; Whitaker had two points and seven rebounds; and Ashley Cornatzer had four points and three steals.

Also scoring for Davie were Bowden with six, Danielle O'Neal with five, McNeil with three, Brandi Harpe and Brooke Harris with two apiece and Heather Boger with one.

Davie's next games are Jan. 18 at South Rowan and Jan. 22 at home to Reynolds.

against Southeast. He connected on 13 of 21 shots, a torrid 62 percent, as North mounted a six-game winning streak.

"Baity's (success) is intensity," Newman said. "He expends lots of energy in playing the top of the 1-3-1 press, and he just works hard. When he does get a steal, most of the time he connects at the other end. He completes things."

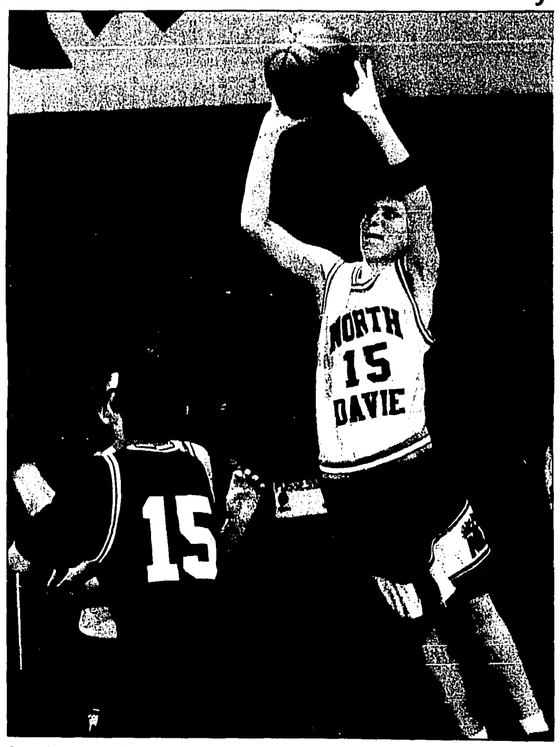

Against Corriher-Lipe, which trailed 48-10 going into the fourth quarter, Whit Merrifield had nine points; Sean Miller had nine points with two 3-pointers; and Thomas Kuell had eight points, six rebounds, four blocks and three steals.

Against Southeast, Merrifield had 13 points; Michael Sulier had eight points and seven rebounds; Jared Nelms had six points; and Kuell had five points and 10 rebounds.

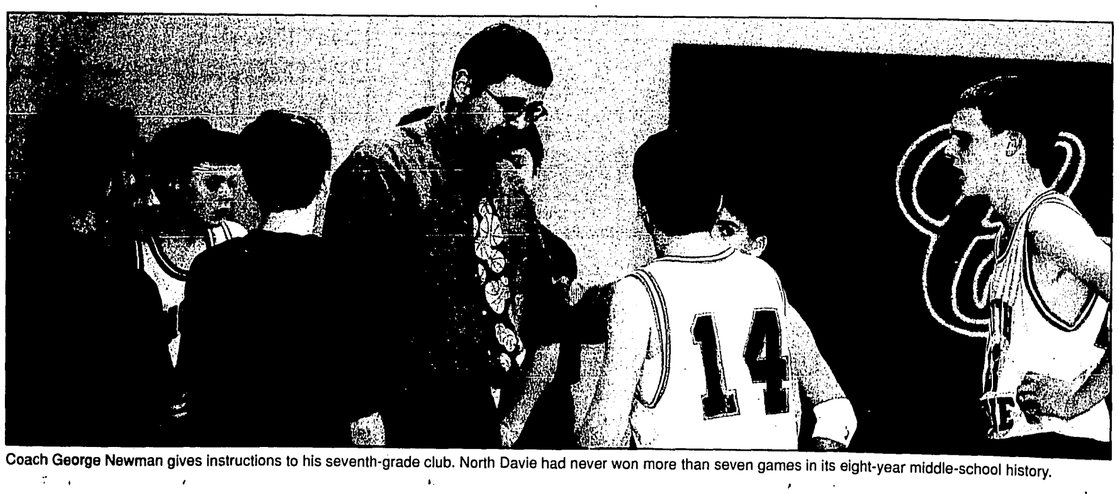

Miller, who started the year at the end of the bench, and Sulier raised their stature in the coach's eyes. Miller knocked down his first three attempts to set the tone against Corriher-Lipe, and Sulier wasn't far from a double-double against Southeast.

"Miller got a hot hand and hopefully he developed some confidence," Newman said. "Sulier's output had not been very much, but he established himself as being very quick. Most of his points were flashes through the paint and second and third rebounds. He is extremely quick, probably the quickest post player I have. That was a surprise, a positive surprise."

Notes: Sulier, Dillon Manship and Michael Jolly scored two each and Nelms grabbed five rebounds against C-Lipe. ... The Wildcats, who closed the regular season on Jan. 15 at South Davie, will likely be a No. 3 seed in the MSC Tournament. They play a first-round game on Jan. 19 at tournament host Erwin. The semifinals are Jan. 22 and the final is Jan. 23.

Sean Miller elevates high. He came out smoking against the Yellow Jackets.

Coach George Newman gives instructions to his seventh-grade club. North Davie had never won more than seven games in its eight-year middle-school history.

40 Straight Wins For North Davie's Wrestling Team

North Davie's wrestling team gladly repeated it a second time, since it wasn't clear the first.

The coach of the Southeast Patriots somehow interpreted a 69-18 loss on Nov. 20 as a match that could have gone either way. The Wildcats, though, made sure there were no ifs or buts in last week's rematch, a 69-15 bashing that followed a 64-21 beating of Corriher-Lipe.

"Their coach told one of the South Davie parents that he lost three, maybe four, matches that he was winning at the time that we pinned them," Coach Ron Kirk said after North captured its 40th consecutive victory. "He felt like we were just lucky to beat them, and if they would have won the close matches the score would have been 42-42.

"We won by 51 (on Nov. 20). It didn't look like 42-42. I kept telling them this isn't going to be no 42-42 tie today."

For the week, the Wildcats got nine 2-0 performances to push their records to 13-0 overall and 7-0 in the Mid-South Conference. That group consisted of Adam McIlwain, Josh Johnson, Brandon Stewart, Josh Barnes, Jaspen Gray, Brock Flowers, Daniel Gough, Michael Murphy and Josh Miller.

The 1-1 guys were Phillip Scott, Josh Dixon, Logan Joldersma, Bubba Boger and Luke Crafford.

Joldersma and Gough showed how far they've come against Southeast.

Joldersma, who got pinned in the first meeting, pinned while holding an 8-2 lead. Gough, who rallied for a pin in the first meeting, pinned while holding a five-point lead.

Murphy and Miller stayed cool under pressure. Murphy produced a pin after digging a 9-4 hole, and Miller pinned with the scored tied at 5-5. That was a virtual repeat of Miller's Nov. 20 escape.

Boger, however, couldn't survive a close shave, losing 7-6 in overtime after winning 12 in a row.

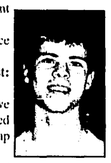

"Boger just didn't wrestle good," Kirk said. "(Boger and Daniel Guerton of SE) are pretty equal, but Bubba probably gave him four out of the six points he scored in regulation just by letting go of him."

Thai leaves the undefeated spotlight to three Wildcats – McIlwain at 13-0, Johnson at 12-0 and Stewart at 10-0.

Notes: Barnes pinned despite a bloody nose against Corriher-Lipe. "Of all days the idiot coach had to leave the medicine bag at home," Kirk said. "That match probably lasted 15 or 20 minutes with all the blood time." ... Heavyweight Josh Chesnee got robbed against Corriher-Lipe, according to Kirk. "He had him pinned in the first period," he said. "The angle I had he was as flat as a pancake, and the referee wouldn't call it. Chesnee went into the second period with a 5-0 lead and wrestled real good until the time he got pinned." ... North Davie and visiting South Davie put their 13-0 records on the line on Jan. 16. The winner took the regular-season championship. ... The MSC Tournament is Jan. 19 at Southeast. ... Drew Mossman, Michael Weakley, Chris Ange, Josh Hartman, Jamie Reavis, Bennett Shipman, Patrick O'Connor, Sam Curtis and Kevin Boehm all won in preliminary action.

Danny Stiling

Sport: swimming
If I could keep just one music CD, it would be: Five Iron Frenzy, the live album.
If I lost all my possessions but one, I'd keep: My bike.
Something people don't know about me: I am a mountain bike instructor at a summer camp in Mount Airy.
My greatest moment in sports: Third place in the Cane Creek Cup bike race.
People who have influenced me the most: My parents.
Funniest swim story: My freshman year we put soap in the hot tub. After the jets had stirred up the soap, there was more than a foot of soap on top of the water.
I would like to eat dinner with (dead or alive): My grandma I never got the chance to meet.
Favorite class in school and why: Mr. Scott's Graphic Arts II. He is an excellent teacher, and the projects are a lot of fun.
Athletes I admire most: Lance Armstrong. He has fought off cancer and has become the greatest cyclist in the world, winning three consecutive Tour De France races.
My favorite thing about swimming is: Mr. Mecham's army sets.

Little League Boards OK Merger

In a move to improve the overall quality of the Little League baseball and softball programs in Davie County, the Boards of Directors of Davie American and Davie National Little Leagues voted to create a unified organization to manage Little League baseball and softball in the county.

"I think we all realized that by pooling our resources, we could improve the quality of our programs," new league president Mac Crisco said.

"We had already begun working more closely over the last year or so, and this was the natural next step. I think anyone who has an interest in Little League baseball or softball in the county should be excited about his move."

As separate entities, the two leagues experimented with several new programs last year, such as the Fall League and several tournament teams.

By combining the two organizations, the league hopes to build on those programs and continue to initiate useful improvements. The new league plans to devote more attention to training and development, not only of players but coaches as well. Additionally, the league intends to implement a more aggressive tournament program for those players who want to continue playing after the regular season ends.

The new league will have an executive board, as well as general board that consists of a number of committees. Anyone interested in serving on any of the committees – finance, training and development, tournament, equipment, grounds, community relations, rules, baseball or softball – should contact one of the board members during the upcoming signup period, which begins Jan. 26.

Lowery Headed To N.C. State

The long wait is over. Patrick Lowery is going to play football for N.C. State, Davie High coach Doug Illing confirmed Sunday.

North Carolina offered Davie's two-time all-state linebacker a scholarship on Friday, one day before Lowery took an official visit to the Raleigh campus. Lowery accepted Coach Chuck Amato's offer on Saturday.

"He's never had a favorite team growing up," father Buddy Lowery said before the Lowery family left for Raleigh. "Carolina doesn't offer turf management, and that's one of State's pluses."

David Wooldridge, the Davie kicker/punter who committed to North Carolina, and Lowery will make it official when the National Signing Period opens Feb. 1. There will be more about Lowery becoming a Wolfpack in next week's edition.

Little League Baseball Registration To Be Held On Three Saturdays

Registration for the Davie County Little League baseball and softball season will be held at the Brock and Pinebrook gyms on the following Saturdays: Jan. 26, Feb. 2 and Feb. 9 from 10 a.m. to 3 p.m.

Davie County residents who will be between the ages of 5 and 15 as of Aug. 1, 2002 are eligible to participate. Programs include T-ball, coach pitch softball and baseball, minor, major and junior league softball and baseball.

The registration fee is $40 per child. There is a discount for families who have more than one child participating.

Coed Soccer Open Through Feb. 4

Registration is under way for coed soccer. The fee is $40 and the Mocksville-Davie Recreation Department will take sign-ups through Feb. 4.

Games will be played at Pinebrook Elementary School and in Iredell County, and there will be a maximum of 18 players per team. The age divisions are U-10 (Aug. 1, 1991-July 31, 1993), U-12 (Aug. 1, 1989-July 31, 1991) and U-14 (Aug. 1, 1987-July 31, 1989).

Davie Beautician Celebrates 55 Years

By Jackie Seabolt
Davie County Enterprise Record

Marie White remembers when a perm cost only one dollar and 50 cents. And she very well should - she's been a hairdresser for 55 years, and she has no plans to stop.

White began her hairdressing career after she graduated from Marshall School of Beauty Culture in Winston-Salem. She was only 17 when she ventured out to find a job in the world of clips and curls. Back then only 1000 hours of schooling was required to graduate from beauty school, and graduates were required to work under an experienced hairdresser for six months to earn their license.

White schedules a haircut in her appointment book. Many of her customers have been with her 50 or more years.

White looked for employment in Winston-Salem but was unsuccessful. "I couldn't find anything," said White. She returned home to her parents in Mocksville one weekend and her father, L.S. Shelton Sr., told her Anice Lou Smith was looking for help at her beauty shop in Davie. That's how White said she got started in Mocksville.

Smith's shop was located above what is now Judy's Dolls, on the square in downtown Mocksville. At that time the upper level of the old Sanford building was occupied with several different offices. White remembered the town office being there, along with attorney B.C. Brock, and dentist Dr. Mason.

Shortly after White began working for Smith she was given the opportunity to buy the beauty shop. "Anice became pregnant and offered the business to me," Marie smiled. The year was 1945 and according to White the beauty business was not doing well at that time. "Business was very dull. I got very depressed," Marie remembered, "I worked many weeks without making anything." She recalled looking out her upstairs window many days and just wishing somebody would come. White said her father helped keep her positive and he would remind her that it takes time, and she would make it. She would ride to work daily with her father. White says she packed her own sandwiches for lunch because money was tight.

But times did change for White and business did pick up.

She now has customers whose hair she's done for more than 50 years. Some are now in wheelchairs, but they still rely on White for their hairstyling needs. "That's why I'm still here, for people who still enjoy coming," White said as she glanced around her shop, "I couldn't have any better clientele than I've got. Now, that's the truth."

She has since moved from her downtown location to a smaller shop on Avon Street. A large sign hangs in the window, somewhat yellowed by the sun. It's missing a couple of letters but those who know White have no problem finding her little shop. Inside you'll hear the hum of the hairdryer or the friendly conversation between White and one of her customers.

A shadow box hangs on the wall displaying tools of the trade no longer in use. There is a an old wooden rod and metal spacer that used to be used when giving perms.

White has seen the hairstyles change over the years. She can still remember using lye and a permanent wave machine. She still has the machine at her house. "It's really an antique." There were shampoo bowls, chairs that didn't spin or move up and down, and rollers were made of metal.

White reflected on her experiences she's had as a hairdresser in Davie over the years. "It's been real trying, but it's really been rewarding." One of the saddest moments White remembered was when a customer was killed in Cooleemee and she had to go to the funeral home to fix her hair.

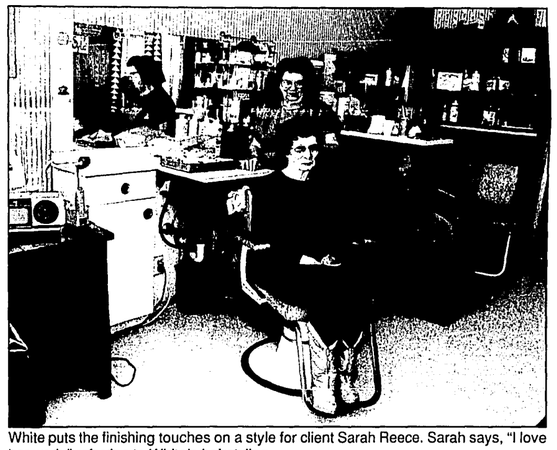

Many people have held special meaning in White's life. Her mother's physician for 20 years was Dr. Long. White recalled when he was still in business on Main Street and called to ask a favor of her one day. She said Dr. Long was getting older and admitted he couldn't do all he used to be able to do. "He asked if I would give him a manicure," she smiled, "I was honored to have that opportunity, and to tell him I appreciated all he did for my mother."

White has worked alone for the past several years and doesn't see the need to hire another beautician. "So many people now days charge so much money for these services a lot of people can't afford them." Since many of White's clients are those who have been coming to her for years, she is conscious of the economics of the beauty business and keeps her prices reasonable.

"I thought at first I was fighting a losing battle, but it's been worth every bit. I wouldn't change it if I could. I like where I work, and the people I work for," White happily said.

Tools of yesteryear are displayed in a shadowbox at Marie's Beauty Shop.

White puts the finishing touches on a style for client Sarah Reece. Sarah says, "I love her work," referring to White's hairstyling.

White stands in front of the banner her son made in honor of her 55 years in business.

White takes the time to chat with one of her clients. She says the people she works for have become more than customers, they're friends.

Latham-Raus Engagement Announced

Mr. and Mrs. James M. Latham of Yorktown, Va., announce the engagement of their daughter, Audra Jennel Latham to Glenn Raus, the son of Mr. and Mrs. Frank Raus of Audobon, Pa.

The bride-elect is the granddaughter of Ruth Mashburn and the late Fred H. Mashburn of Andrews, and Mr. and Mrs. Harmon Latham of Mocksville. She is a graduate of East Carolina University with a bachelor's degree in dietetics and nutrition. She completed an internship at the Medical University of South Carolina where she is employed as a registered dietitian.

The groom-to-be earned a bachelor's degree in secondary education from Juanita College in Huntingdon, Pa. He is employed as the conference coordinator at Blackbaud, Inc. of Charleston, S.C.

The wedding is planned for March 23 in Charleston.

Couple United In Marriage In California Ceremony

Shannon Hust and Dean Deadmon were united in marriage Nov. 24 at an outdoors garden ceremony at the Twin Oaks Valley Golf Course in San Marcos, Calif., with the Rev. Lael Jackson officiating. A reception followed in the Garden Room.

Parents of the bride are Mr. and Mrs. Clarence Hust of Bismarck, N.D. The groom's parents are Mr. and Mrs. Mack Deadmon of Austin, Texas. Grandparents are Helen McDaniel and the late Francis McDaniel of Advance and Mr. and Mrs. M.C. Deadmon of Mocksville.

Maid of honor was Kim Hust, sister of the bride, of Los Angeles, Calif. Bridesmaid was Lisa Wires of San Diego, Calif.

Best man was Derek Deadmon, brother of the groom of Pflugerville, Texas. Groomsman was Briad Card of Carlsbad, Calif.

The bride is a junior at California State University in San Marcos. She had served in the U.S. Navy.

The groom graduated from the University of Texas in Austin in December, 1991, with a degree in electrical engineering. He served five years in the U.S. Air Force. He is working with General Research Corp. in San Diego, doing defense contract work for the U.S. Navy.

The couple spent their honeymoon in Maui, Hawaii and will reside in Carlsbad.

Brian Williams To Speak To Seniors

Brian F. Williams of the law firm Martin, Van Hoy will speak at the Davie County Senior Center Monday, Jan. 28, at 10:30 a.m.

Williams will speak on long-term care planning for elders, Medicare, Medicaid and estate planning. The program is free.

The Senior Center is located in the basement of the Brock Building at 622 N. Main St., Mocksville. Parking is free.

Call at least two days in advance if you would also like to stay for lunch following Williams' talk. Lunch is available at the senior center for anyone for the price of $4.66. Seniors age 60 and older who fill out the necessary paperwork may eat lunch for a donation.

Storehouse For Jesus Needs Volunteers

A Storehouse for Jesus is a nonprofit Christian ministry helping those in need and sharing the gospel of Jesus Christ.

The Storehouse is a volunteer ministry with no paid staff. It serves the needy in the community with food, clothing and household items.

The ministry opened a free medical clinic in October 2000 for Davie residents who qualify. In December 2001, A Storehouse for Jesus Pharmacy received its pharmacy permit and began serving clinic patients.

The number of clients has greatly increased since Sept. 11. Many are laid off or on short time. An average of 35-45 families a day are being seen.

It is taking two hours after client hours for the volunteers to see everyone who has signed in. Some days, within just 10 minutes, the client sign-in sheet has to be pulled because so many clients have signed in that it will take five hours for everyone to be seen.

A Storehouse for Jesus is in critical need of additional volunteers, including Spanish interpreters. In addition to the normal client hours, additional interviewers, check-out clerks, and food pantry workers are needed to work between noon and 2 p.m. Mondays, Wednesdays and Thursdays and between 5-7 p.m. Tuesdays. Clothing sorters are needed. Because donations come in even on the days the Storehouse is closed, men are needed to check the loading docks on Fridays, Saturdays, Sundays and holidays. Men's groups are needed to help with construction projects so that the Storehouse may expand services.

A Storehouse for Jesus started working with the Medication Assistance Program (MAP) in October, 2000, when the medical clinic opened. With the pharmacy to open, two MAP interviewers are needed Monday - Thursday from 9 a.m.-noon, noon-2 p.m., and 2-5 p.m. Interviewers will be responsible for interviewing each patient referred to the pharmacy to determine if they qualify for assistance and to see if they can be helped by the program.

MAP interviewers work ona computer and work with the patient, the pharmacist, pharmaceutical companies and physicians. Karen Jones, an employee at the Davie Health Department, is MAP coordinator and will train interviewers.

There are many positions available. Volunteers can choose the hours they wish to work and the areas in which they wishto work. Call Marie Collins at 751-1060 or stop by the Storehouse at 464 Depot St., Mocksville.

Openings Available For Master Gardener Class

The 2002 Davie County Extension Master gardener Class still has a few openings, according to Greg Hoover, agricultural Extension agent.

Participants receive 40 hours of horticultural instruction.

Within a year after completin the training, Master Gardener graduates are required to provide Extension 40 hours of volunteer service. The 2002 class will meet Tuesday mornings from 9 a.m.-noon February-May. Application deadline is the end of January. For more information or an application, contact Hoover at 751-6297.

Seminar Jan. 23 For Turf, Landscaping Professionals

Cooperative Extension will hold the 4th Annual Landscape and Turf Professionals Training Jan. 23.

The three-hour training is for people who work in landscape installation and maintenance businesses. The training begins at 9 a.m. in the County Office Building, 180 S. Main St., Mocksville.

According to Greg Hoover, Agricultural Extension Agent, "Landscape and turf installation and maintenance business continues to grow. These professionals need to keep their knowledge and skills up to date. We try to design our training to meet their needs and offer pesticide recertification credits."

This year's keynote speaker is, Dr. Rick Brandenburg, NCSU Extension Entomology Specialist. His presentation will be on the Food Quality Protection Act and turf insect control. Extension Agent Greg Hoover, will present information on laying sod, communicating watering techniques to customers and using the NCSU Plant Disease and Insect Clinic.

Hoover encourages turf and landscape employers to come and bring their employees. Contact Cooperative Extension at 751-6297 to preregister as seating is limited.

Extension secretary Karen Robertson (right), helps Pat Reilly take the last bag of daffodils to her car. Reilly collected the bulbs for the Mocksville Garden Club, and members planted them on the square in downtown Mocksville and at Rich Park.

Davie Residents Plant 40,000 Daffodil Bulbs

The free daffodil bulbs given away for public beautification are all gone.

The 40,000 bulbs were donated through Davie County Clean, a Keep America Beautiful affiliate, and disbursed by Cooperative Extension.

Greg Hoover, Agricultural Extension Agent and Davie County Clean Director said, "Keep Winston-Salem Beautiful got a large amount of bulbs donated that they shared with other KAB affiliates in the area. We initiated a beautification campaign, got the word out, and all the bulbs have been given out. I wasn't sure we could even move that many bulbs, let alone get them out in only one month."

The work of hundreds of school children and volunteers will begin showing up in the next several weeks. Spring flowering bulbs such as daffodils are normally planted in late October. According to Hoover, the bulbs were made available because they weren't sold in the fall and rather than dump them they were donated. Bulbs planted this late will likely emerge a little later than normal and might not bloom quite as well. They should survive and do well next year.

According to Karen Robertson, Extension Secretary, who helped give out the bulbs, "About 150 different people came by the office to pick up bulbs. We asked them where they were going to plant them. About one-third went to schools and churches, one-third to community property sites and one-third were to be planted on road right of ways."

The New DAVIE PLACE RESIDENTIAL CARE

James Odell
Davie Place salutes James Odell as our resident of the week. James has made his home here at Davie Place since July, 1999. He likes Mocksville and says the people here are very friendly. His mother, Mary Ann Odell comes to visit him frequently, and takes him out often on short trips. James also has a little hobbie; he feeds saltines to a flock of wild birds every morning out beside Davie Place. James would like to welcome all of his family and friends to come visit him here at Davie Place Residential Care.

The Dove Brothers Quartet will appear at 6 p.m. Sunday, Jan. 20 at Victory Baptist Church, Cooleemee. Erin Carter will also sing.

Dove Brothers And Erin Carter To Sing At Victory Baptist

The Dove Brothers Quartet will appear at Victory Baptist Church, Cooleemee, beginning at 6 p.m. Sunday, Jan. 20. Erin Carter will also perform.

Admission is free, but a love offering will be taken. Doors open at 5. No tickets are needed.

The Dove Brothers consist of lead singer McCray Dove and his brother Eric (baritone), bass singer Burman Porter, tenor John Rulapaugh, and pianist Richard Simmons.

McCray Dove started his career as a 17-year-old North Carolinian with the Dixie Melody Boys, traveling across the country. He later formed his own group.

"As a child, I would see the Thrasher Brothers set the stage on fire with their excitement and love for their music and its message," said Dove. Entertainment shouldn't be a taboo term in our industry. Christians deserve to be entertained just like everyone else, as long as the entertainmetn doesn't take away but adds to what God is doing. After all, ministry is always our number one priority."

Homeland Records chief executive Bill Traylor said he was shocked after hearing the Dove Brothers. "Here were five guys, all under the age of 30, who not only love the traditional form of southern Gospel, but also sang it as if they invented it."

The group was signed on the spot.

"It's our prayer that our age might help bridge gaps between people," said pianist, Simmons. It's up to us to keep God first in everything we do so that, in the future, others will allow Him to be a part of their lives, as well."

Advance Correspondent

We were happy to see Sandy Latham Leroy and infant son Hunter at worship service at the Methodist church Sunday.

Thirty church officials were installed during the worship service at church Sunday morning.

Edith Zimmerman visited cousin Mary Sprinkle Jones at Homestead Nursing Center in Winston Salem last Wednesday afternoon. Later Edith visited sister-in-law Erma Zimmerman in the Redland area.

Janna Jones Watson and sons Alan Michael and Zachary of Pulear were weekend visitors of her parents Leonard and Mary Nell Jones, and were at church Sunday.

Sadie Gross of Pfafftown was a Thursday visitor of Edith Zimmerman. They visited Maybelle Orrell during the afternoon.

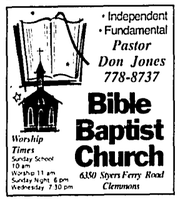

Andrea Hendrix of Myrtle Beach was a Friday luncheon guest of her grandmother Edith Zimmerman and on Saturday. Melissa Hendrix of Concord and friend Phil Barnum of Midland visited her grandmother Edith.

Andrea visited Edith again on Monday and for supper. She also visited her grandmother Pauline Hendrix in the Fork Church community.

Get well wishes go out to Mabel Howard, who is under a doctors care confined to home.

Pat Chaffin is recuperating satisfactorily at home after undergoing treatment for a heart condition at Forsyth Medical Center a few weeks ago.

It's In Her Genes

Principal Of The Year A Product Of Davie Schools

By Beth Cassidy
Davie County Enterprise Record

She rode to school in a limo.The hallways of Cornatzer Elementary School were filled with pictures of her, in her signature black or purple outfits, her bright blue eyes shining out from every one.

The students called her "Your majesty."

Principal Candy Poplin, adored by her students and staff, has enjoyed her week of fame, after being named Davie County's Principal of the Year for 2001-2002.

Poplin, a resident of Davie County since 1964 and the daughter of former Davie County superintendent James Everidge, has, in her office, a picture of herself and others in her third and fourth grade classes, in the basement of what is now the Brock Center. When her mother Georgia Anne found the pictures in the attic, she said to Poplin, "You love school. You've always loved school. These pictures should be in your office."

And so they are.

Poplin graduated from Davie High School and went to Appalachian State University, where she earned a degree in elementary education. She did her student teaching at Pinebrook Elementary and was hired there to teach, which she did for 15 years. In 1986, she was named Pinebrook Teacher of the Year. During her teaching years, Larry Jones, a Davie principal who has since died, advised Poplin to go back to school to become a principal.

"He pushed me to go back. He even offered to babysit my children while I was at school," Poplin remembers, laughing. "He was very much a mentor, and a wonderful person."

At the time, Poplin's children, Lauren and Dave, who are now 20 and 17, were young, and she didn't want to spend that much time away from them, but in 1995, a scholarship offer allowed her to go to school full-time, to the University of North Carolina at Greensboro. She attended full-time for one year, then did a one-year internship in administration at Davie High School, where she served as assistant principal from 1996-97. She then became principal of Central Davie Elementary School, until 2000, when she became the principal of Cornatzer.

During her time at Central Davie, the number of students who tested on grade level rose from 65 percent to 80 percent.

Having been an elementary teacher and then being in administration at a high school allowed Poplin to realize that "Kids are kids, no matter what the age. They're going to make mistakes. They're going to love their teachers, although in high school they never tell you that. During that time, I worked harder than I've ever worked in my life, and I loved it. I proved to myself that I can work with kids age 5 to 18.

"But I love elementary, so this feels like I'm back home."

Home is in a school of 462 students in Davie's newest elementary school, built in 2000. One of Poplin's staff members is second grade teacher Ellen Nail McDaniel, who, in second grade, was taught by Poplin.

Poplin's school nurse, Gwen Jones Angell, was a former classmate of Poplin's and is also in that third grade picture with Poplin.

In Poplin's first year as principal, the school met its expected growth, with 78 percent of students testing on grade level. With an 18 percent Hispanic population, there are language difficulties, but Poplin, the staff and many volunteers are working daily to overcome those barriers with a program called English as a Second Language.

Within the school are other programs, such as the Severely and Profoundly Disabled, which had been housed in the basement of Central Davie Elementary for several years and the Behaviorally and Emotionally program, the K-2 version, which is open to all county students who are in need of the program.

Chosen by other Davie principals to be principal of the year and represent the county, Poplin will go on to compete in the Northwest Region. She has been working on an extensive portfolio that she will send in, as part of the competition. From six regional winners, one will be selected as the state's principal of the year.

The program is co-sponsored by Wachovia and the NC Department of Public Instruction and was started in 1984. The state winner will receive a $3,000 cash award to be used for personal use and a $3,000 award to be used in their school. The six regional winners each receive $2,000 for personal use and $2,000 for their school.

Ask Poplin what grade is her favorite, and you get the answer you might expect: all of them.

"Kindergarten steals my heart one day, and then, the next day, I'm amazed at what a fifth grader can do, at their ability level.

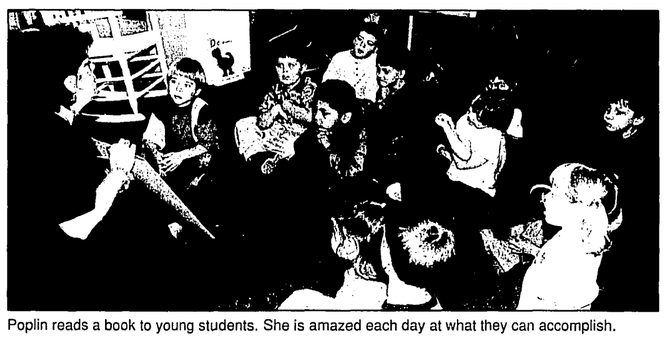

"You know, when I think about it now, about when my dad was superintendent, I didn't realize what he did all day," Poplin said. "I knew he went off to work, but I didn't realize how hard he worked. Now, I understand a lot about what he put up with, and about his passion for what he did, and that's pretty much been instilled in me. It's in the genes."

Poplin graduated from Davie High School, and began teaching at Pinebrook Elementary (right).

Poplin reads a book to young students. She is amazed each day at what they can accomplish.

Poplin: "Kids are kids, no matter what the age."

Angela Hicks is new remediation teacher for grades 3-5. LuWonna Oakes, who has been out with her daughter, is back at school. Angie Woods left that interim position to take a position at Cornatzer.

Mrs. Dwiggins' ESOL students in kindergarten learned about the letter K. They learned about kangaroos, kings, koalas, and kittens. First graders are learning about animals. They read the book Bear's Walk by Alma Flor Ada. They talked about animal characteristics, learned about animal homes, and looked at many animal pictures. Second grades are learning about tools. They read the book Tools by Ann Morris. They learned about many kinds of tools and their uses. They used the computer program Inspirations to make graphic organizer of the main idea and details form the story. They discovered that tools are a really big help. Third graders have been learning about food. They read the book Too Many Tamales by Gary Soto. They talked about kinds of food, how food tastes, what foods they like and don't like, and completed a food matrix in which they determined if foods were sweet or salty, crunchy or chewy, and/or hard or soft. Fourth graders have been learning about plants, water, and weather. They read the book The Hummingbird's Gift by Stefan Czernecki. They planted lima beans in September and are happy to report that (finally) this week the first beans have sprouted. Fifth graders have been talking about holidays and celebrations. They read the book How Many Days to America? by Eve Bunting, a story about a family who left their home by boat to come to America.

The second annual Winterfest Spaghetti Supper to benefit Storehouse for Jesus was held Tuesday, Jan. 15. Thank you to everyone who participated by eating supper and donating foodstuffs and sundries, and to the volunteers who helped serve the supper, as well as teachers who contributed desserts.

Skate Night is Jan. 29. Venezia Night is every Monday. Use your VIC card at Harris Teeter. General Mills boxtops are also being collected until March.

This year Mrs. Barnette's 4th graders are participating in two national math competitions, Math Fax and the Continental Math League. In the first Math Fax contest, Josh Carter placed first of all students competing, while Jennifer Jones, Michelle Phillips, and Jennifer Rominger were in the top seven. In the second CML competition, Shady Grove was in the top 10 nationally. Winning team members were Sean Davidson, Winston Becker, Elizabeth Davis, Jennifer Rominger, Morgan Carter, Kelly Walton, and Kristen Karns. These are national contests and do not necessarily reflect the competencies required by the N.C. Standard Course of Study. These problems require higher level thinking skills and problem solving skills and are meant to be used as enrichment activities for advanced math students.

The annual School Geography Bee was Wednesday, Jan. 9. Class winners who participated included Monika Zakamarek, Julianne Olson, John Stigall, Robin Taylor, Lauren Gryder, Ben Glowka, and Michelle Phillips. John Stigall was the school winner and Julianne Olson was the runner-up. Moderator was assistant principal Cary Powers and Linda Barnette, AG teacher, was the judge.

Students of the week for Jan. 7-11 were Amanda Hester, Chelsea Pieczynski, Allyson Edwards, Sarah Hinson, Crystal Aguero, Heather Alspaugh, Joshua Carter, Kristen Karns, John Flowers, Monika Zakamarek, Chase Sampson, Ryan O'Connell, Will Suggs, Vincent Castrovinci, and Greg Rogers.

Cooleemee Elementary

The fifth graders in Mrs. Wilcox's class are studying energy in science. They are anxious to learn how energy makes the world go round. They are looking forward to a field trip to Winston-Salem's Heritage Theatre. The character police are on the lookout for good citizens showing responsibility. Each student is trying to get caught "being good".

Kindergarten is starting a unit on winter and reviewing the seasons. With all the snow, the students have a good example of winter weather.

Ms. Schwiebert's second grade class is beginning a unit on weather this nine weeks. Students will be learning how weather changes, how it can be measured and about the water cycle. Students set new Accelerated Reading point goals for the nine weeks.

Mrs. Maurer's and Mrs. Jones' third grade students have began studying heat and energy in the new science unit. They experimented with rubbing two objects together and learned that this creates heat, which has been useful for their hands on these cold mornings. The third graders in Mrs. Henderson's and Mrs. King's class are exploring the moon. They will be watching and drawing the phases of the moon throughout the month. The third graders are also learning about tall-tales in their reading classes.

Pinebrook Elementary

The annual blood drive for the Red Cross will be Saturday, Feb. 16 from 9 a.m.-1:30 p.m. at the school. If you would be willing to give the gift of life, call the school office between 8 a.m.-3 p.m. to make an appointment. You can also call coordinator Mary Beth Stanley after school hours or on weekends to make an appointment or if you require any further information at 940-5900.

Linda Harris's fifth graders are participating in the "Classroom Care - Reading Is Giving" program sponsored by Scholastic Book Clubs. Each time the class reads a total of 100 books, Scholastic donates 100 books to children in need through Literacy Partners such as First Book, Reading Is Fundamental, Save the Children, and hello friend (Ennis Cosby Foundation).

The class has read more than 100 books and is working to reach the goal a second time. Scholastic will distribute up to one million books through these charitable organizations.

During the past month, the following students were named as "Character Kids": Danny Merritt, Hannah Campbell, Cooper Hinman, Lauren Pardue, Alyssa Humphrey, Brittany Evans, Rhiana Smith, Tony Myers, Kelly Woodard, Mollie Stephenson, Steven Jastrow, Elaina Womble, Tori Clontz, Victoria Stanley, Kirk Allen, Conrad Campbell, Nicholas Tate, Benjamin Griffey, Kendrich Myers, Austin Jones, Keisha Lazenby, Dylan Harris, Keith McKay, Christine Gulledge, Nikki Dellinger, Trevor Reece, Heath Hoover, Brandon Richardson, Courtney Sims, Daven Gray, Daniel Lee, Sherilyn Johnson, Marty Beth Dehart, Evelyn Alarcan, Katherine Lane, Brittany Perras, Christopher Miller, Emma Powers, Bradley Carter, Tristian Hood, Isaac Ray, Johnny Zarbock, Michael Stamper, Allison Smith, Zackary Keeton, Travis Sheets, Johnny Smith, David Oakley, Paige Altman, Izabelle Donnelly, Justin Cope, Zach Dunn, Tyler Chilen, Mike DeLucia, Katilin Martin, Sean Newman, Maggie Arnold, Jordan Farmer, Ashley Thurlow, Wil Cope, Emily Demarest, Kim McKoin, Matthew Ellis, Will Bracken, Wyatt Driscoll, Megan Bradsher, Austin York, Katy Howard, Tanner Nelson, Javon Adkins, Jordan Kinder, Crystal Lester, Jordan Taylor, Ryan Amarsingh, Bret Williams, Cody Blake, Wesley Blake, Alex Flemming, Olivia Woodward, Beth Lashmit, Brandon Chandler, Heather Kimel, Palmer Benson, Danielle Barron, Heather Riddle, Andrew Ballard, Ashley Evans, Grace Riendeau, Austin Sloan, Katie Priddy, Calogera Braceto, Lee Fortescue, Roxana Lazo, Jenny Strange, Ryan Carter, Megan Marshall, Kellie Brown, Justin Whisenhunt, Kenneth Clore, Elani McQueen, Rickky Moreno, Jacque Dionne, Tony Donati, Katherine Lane, Carlos Moreno, Katrina Maine, Alexandria Harmon, Aaron Noel, Courtney Doby, Mitchell Boles, Adam McCallister, Shayne Reece, Jacob Ray, Annelise Chesnee, Jordan Miller, Megan Hutchins, Alex Newman, Jackie Kohnen, Katie Sells, Charlie Rothberg, T.J. North Davie Middle

The elective and P.E. classes cover many areas. School philosophy states that students should be exposed to knowledge drawn not only from academic disciplines, but from the practical, performing and fine arts.

Sixth grade Spanish students are beginning the six weeks with a vocabulary review of greetings, salutations and respect. During the six weeks, students will learn and present 10 Spanish tongue twisters. Seventh grade students begin the third quarter with vocabulary study of commands, classsroom objects and interrogatives. Students will learn and present seven Spanish poems. Eighth grade students begin the semester with a vocabulary review of introductory words and introduction to the conjugation of regular verbs.

Eighth grade art students beginning the new year are working on projects defining and illustrating principles and elements of art. Seventh graders are drawing and sixth graders are getting ready to work with clay.

During the second quarter, Britt Harrison was a winner in the Winston-Salem Journal Rack Card Contest. Jessica Huggins won first place in the Middle School division of the show sponsored by the Davie County Arts Council contest "A Public Hanging." Brandon Brooks won an honorable mention.

Students with highest academic averages from the teams are: Kasey Davis, Mariner; Ian Dowdy, Rockets; Erika Wentz, Knights; Britt Harrison, Pharoahs; Jared Nelms, Explorers; Amber Harris, Tsunanami; Carly Booth, Stars; and George Holder, Aces. Art students making

an "A" in sixth grade during the third rotation are: Trent Brooks, Kasey Davis, Sarah Daywalt, Alyssa Delong, Ian Dowdy, C.J. Dwiggins, Sy Easling, Brenly Kirk, Lauren Mitchell, Whitney Russell, Austin Smith, Jamie Stancliff, Chelsea Swyers, Amy Gilbert, C.M. Heffner, Kathryn Johnson, Emily Kelly, James Kuell, Brandon Noel, Nicholas Schambach, Cayla Sims, Danielle Smith, Garrett Taddeucci and Erika Wentz. Seventh graders making an "A" for the quarter are: Jessica Bailey, Tyler Baity, Megan Carter, Amber Harris, Britt Harrison, Maegan Hiatt, Brian Hoover, Gabriel Mendez, Grant Miller, Jared Nelms, Sabrina Quillan and Ali Russell. Eighth graders are: Andrew Beeson, Carly Booth, Harrison D'Aiuto, George Holder and Kara Seaford. In recognition of focus on patriotism, all students received an American flag patch from the electives teachers in December.

Eighth grade Computer Applications finished the quarter creating PowerPoint presentations that included pictures of them from the time they were infants on up. They included captions with the pictures and added music in the background. Then they copied their presentation to videotape to give to their parents. Eighth graders making an "A" in Computer Applications are: Laura Bennett, Amanda Burke, Brittany Cope, Jeremy Gupton, Logan Joldersma, Jessica McCallister, Danielle Miller, Jessica Morasco, Kara Seaford, Ashley Sells, Ashley Smith, Stacey Statham, Hannah Tierney, Elise Timmons, Nick Tucker, Daniel Wood, Dana Woodard, Brett Sita and Megan Stroud.

Sixth graders making an "A" in Word Processing are: Brittany Becker, Allison Bradley, Drew Carter, Tiffany Estep, Cindy Kohnen, Tyler O'Mara, Jenny Snyder, Mardi Spillman, Daniel Truskowski, Angelia Harmon, Chelsea Bordner, Rebecca Church, Jessica Dionne, Kayla Duncan, Bryce Hauser, D.J. Holman, Amy Lanier, Andre Linhart, Jordan Reavis, Sean Rouse and Vann Smith

Seventh graders making an "A" in Keyboarding are: Zach Gentry, Brittany Wharton, Karla Woodward, Adam Cloer, Brandon Landreth, Jenny Mann, Dillon Manship, Wesley Potts and Kathryn Schamens.

In Mr Johnson's 8th grade Exploring Technology Systems class, the students have begun the units on communications and drawing. The students will communicate an idea through a drawing. The students will cover sketching techniques, orthographic projections, surface developments and C.A.D. (Computer Aided Design). Students making an "A" in the second quarter are: Travis Disher, Brandon Emert, Louis Gibson, Dustin Harris, Michael Jemenez, Josh Johnson, Jeremy Joyner, Kelly Lowdermilk, Stephen Dennison, Ryan Dunn and Lance Stout.

In 7th grade Exploring Careers Decisions, the students have begun the study of the world of work. The students will experience many hands-on experiences. The class plan is to design and run a business out of the classroom. Students making an "A" in the second quarter are: Tiffany Booe, Austin Brown, Jordan Hempstead, Michael Jolly, Natalie Martin, Robert McCampbell, Amanda Russell, Brandon Stewart, William Turrentine, Chris Wantuch, Matt Webb, Chris Woltz, Jack Bledsoe, Alex Burton, Ross Davidson, Chris Dean, Ashton Grubbs, Brittany Hill, Bryan King, Katie McDougall, Ali Russel, Alex Snow, Josh Sprinkle, Justin Whitaker and Karla Woodward.

In 6th grade Computers, the students are beginning the unit on database. In this unit, the students will learn how to sort and query. Sorting is arranging the information in the database in a particular manner. Querying is to search the database with specific criterion to find information. The students making an "A" in third rotation are: Lindley Bess, Chris Fletemier, Samantha Judd, Haakon Krey and Joey Morang.

Health classes covered such things as: Planning For a Healthy Life, Caring For Yourself, Nutrition and Fitness, Tobacco, Alcohol and Drugs, Family Life, Water Safety and All Stars in the sixth grade and All Stars Booster in the seventh grade.

The sixth and seventh grade students participated in All Stars. Mrs. Little presented Family Life to the sixth, seventh and eighth grades. Vernon Smiley came and talked to the sixth grade about his auto accident that left him paralyzed. Officer Kenny Osborne came and talked to the seventh grade about boating safety. Mark O'Mara from the Davie EMS came and talked to the eighth grade about the Davie Emergency Medical Service and presented Friends and Family CPR.

Outstanding Health students for the second quarter are Hannah Jakob, sixth grade; Margio Masi, seventh grade; and Brittany Rowe, eighth grade.

Students played review games for the chapter tests, such as: basketball operation, bingo and health shoots and ladders. The winning team receives a healthy candy treat. There is a toy drawing from time to time for students who stay on task and are respectful and responsible during class. Students drew posters and summarized Internet health articles.

All of the bands are in full swing, preparing for a spring concert. The eighth-grade band is expanding playing abilities by learning new scales and practice routines. The seventh-grade band will be sight reading new music and focusing on their reading abilities. The sixth-grade band is taking off by leaps and bounds.

The bands will present a Spring Concert on Sunday, March 10 at 3 p.m. The band program is in need of instruments.

Eighth graders in Mrs. Gooding's Life Skills recently spent a weekend caring for a computerized baby. They were responsible for "feeding," "changing," "burping," "rocking" and meeting other demands of an infant. The Baby Realcare infant stimulators require a lot of care and show the students that they are not ready, at their age, to handle the responsibilities that come with babies. Students went on a field trip to Almost Home Daycare in Mocksville so the students could see a range of ages of young children and interact with them.

Students who earned an "A" in Life Skills II for the second nine weeks are: Kelley Crosslin, Justine Gamble, Amanda Mock, Andrew Allen, Kami Ellis, Riley Davis, Jessica McCallister and William Robertson.

During the third nine weeks in Life Skills I, the students will be learning about kitchen safety and doing some cooking. They will also be doing a sewing project using the sewing machines.

In Mrs. Gooding's second rotation seventh grade Career Decisions class, the students have completed sewing projects. Some students made pillows, animals, footballs and basketballs.

Seventh graders making an "A" for the course are: Alisia Parks, Sabrina Quillin, Alina Barrantes, Whitney Snow, Grant Miller, Ashley Boger, Marissa Dehart, Jill Durham, Dustin Frye, Tom Ruell, Dayna Megrath, Terah Nolan, Morgan Owens, Lea Tarleton, Allyson Beeson, Justin Smith, Kevin Boehm, Travis Dyson, Esteban Febus, Max Graham, Jordan Hempstead, Mark Huggins, Daniel Litten, Will Markland, Margo Masi, Michael Murphy and Jared Nelms.

Seventh graders in the rotation of keyboarding will be covering basic computer care, word processing, database and spreadsheet.

During the third nine weeks, Career Decisions students will begin the quarter by participating in several surveys and inventories to determine where their interests are as far as possible careers.

Sixth graders in Mrs. Gooding's second rotation keyboarding class completed six weeks of learning about databases and spreadsheets. They recently took a test using M&M's to set up a spreadsheet. The students who earned an "A" are Sarah Alexander, Brent Beam, Paige carter, Alyssa Corne, Chase Macaione, Peyton Murray, Zack Russell-Myers, Kaitlin Stevens, Chelsea Trull, Jordan Yuenger and Ashley Shoat. During the fourth rotation of keyboarding with a different group of sixth graders, we will be learning about databases and spreadsheets.

The Chorus, Seventh Grade Chorus and Eighth Grade Chorus presented a concert on Dec. 16 at the Brock Center and again at the assembly on Dec. 20.

The following sixth graders earned an "A" in music during the third rotation: Ashley Buelin, Jeffrey Loos, Megan Norman, Johnathan Roesch and Sarah Sexton.

The following seventh graders earned an "A" in Chorus or General Music: Chris Ange, Wesley Potts, Matthew Spach, Megan Williams, tiffany Boole, Courtney Call, Sarah Callahan, Amy Carter, Miranda Caudill, Kristina Crews, Avandi Dalton, Rachel Dunn, Chris Felts, Jennifer Hart, Adena Hockaday, Kelsey McDaniel, Whit Merrifield, Sean Miller, Crystallin Morales, Terah Nolan, Morgan Owens, Ashlea Preston, Bennett Shipman, Jennifer Smith, Jennifer Stancil, Ashton Stansberry, Kaylin Stansberry, Raven Sterling, Kristi Stoneman, Shanda Styers, Samantha Teague, Katie Vannoy, Amanda Walser, Michael Weakley, Jessica Welch, Rachel White and Whitney Williams.

Central Davie Education Center

Developmental Day I students had fun talking about winter and snow. They made their own special snowman in their room. They also learned about circles. Everyone enjoyed their Christmas break, but they were glad to be back at school with their friends. Zachary Cartner is Student of the Week.

The children in Ms. Tucker and Mrs. Cook's pre-kindergarten class are getting back into a routine after Christmas break. They have been writing snow stories, making snowmen and hats and mittens. The Student of the Week is Cody Mitchem.

Developmental Day II students enjoyed the snow. They went outside and looked at it, felt it, and made a snowball. They talked about winter, things to do in the snow, and how to make a snowman. They even talked a little about the Winter Olympic events. The students enjoyed their own Winter Olympic games. Everyone participated and received an award. Ms. Brandi's class says, "Go for the Gold!"

Cornatzer Elementary

Students and staff are off to a fresh start after the much needed vacation. Teachers have planned many exciting seasonal activities with emphasis on learning.

The first grade students of Rachel Joyce and Betty Blakley have been observing the winter weather. They have enjoyed listening to winter stories and writing "snow" poetry. The highlight of this unit will be building a snowman on the Internet. Students are also excited about two upcoming special days: 100th Day and Chocolate Day.

Students in Mary Lynn Bullins' second grade have been studying the polar regions. They worked in groups to research and write about various arctic animals. While reading "Tacky the Penguin," the students focused on a study of penguins. Dressing tacky for a class "Tacky Day" was a fun culminating activity for this book.

In Angela Illing's fifth grade math class, students are moving at a steady pace, studying the relationship between fractions and decimals. In Communications, students are learning survival skills from reading the novel, "The Sign of the Beaver." They are incorporating map skills into the study of this novel. In the area of social studies, they are learning about immigration and how people move from place to place and why. The students are also learning about where they located in the United States and what they do once they arrive and settle there. They are also excited about the plan to make marionettes in late January and a field trip to see the play, "The Commedia Pinocchio" in early February.

Beverly Hembree's Music class student are moving with the beat with the kindergartners learning to

play simple rhythms on Orff instruments and are playing song games that give them opportunities for solo singing. First graders are learning the different between two and three beat rhythm patterns and playing these patterns on the drums this week. Second graders listened to a song explaining steps and skips in music and played fun "broom games." Third graders are learning about the different instrument families and heard a very interesting lesson about the harp this week. Fourth graders continue to learn music theory fundamentals. They heard a song explaining "form" in music this week. Fifth graders are excited and ready to start their six-week unit on "recorders." They did a preparatory lesson this week to get ready to play recorders next week. A big "thank you" to Dave Campbell of Dave's Music in Mocksville for helping our students. He brought recorders to our school for the students to purchase.

On Jan. 7, the Davie School board had their monthly meeting. Several issues were discussed concerning Cornatzer Elementary. The following students were invited to the meeting and received the Character Education Award by the School Board for demonstrating outstanding character traits. They are: Luis Diaz, Michaela Draughn, Austin Hill, Tracie Thomas, Samantha Caudill and Anthony Beaver.

Cougars of the Month Luncheon was held on Friday with these students in attendance: Bibiana Arroyo-Vargas, Whitney Illing, Cameran Kimbrough, Sydney Autry, Catherine Joyce, Lydia Smith, Jacqueline Aguila, Chelsea Brown, Griselda Marcelino, Allison Queen, Shelby Johnson, Tyler Kurfees, Amber Nicholson, Cameron Hudson, Tyler Jewell, Adam Barnhardt, Maleia Stevenson, Yuli Nava, Luis Diaz, Sherrill Collins and Jana Hughes.

Dates to remember: Friday, Jan. 18 - Winter Wonderland Party (for students who met their goal in Accelerated Reader testing); Monday, Jan. 21 - McDonald's Night, 5-7 p.m.; Tuesday, Jan. 22 - Venezia's Night; Monday, Jan. 28 - Skateland, 6:30-8 p.m.

Construction Trash Draws Complaints

By Beth Cassidy
Davie County Enterprise Record

BERMUDA RUN - As anyone who has ever built a home knows, there is a normal amount of construction site trash that goes along with the job.

But one Bermuda Run resident's complaints to town hall about such trash prompted some discussion at their meeting last week.

Dick Zeitvogel, who lives on Bing Crosby Boulevard, took pictures of the site, which show a huge amount of trash and also the boundary between the construction site and his home, with trash that had been blown over on to his lawn. Other pictures show the mud that has been carried onto the roadway by the trucks involved in the construction, being done by Salem Development, of Winston-Salem. Dirks said she believes the house is a spec house.

Dirks told the board there are no requirements in reference to placement of on-site dumpsters for construction, but that most contractors already use on-site dumpsters and until this, the town has had few problems with construction debris.

"Basically," Dirks said, "they put their trash on the ground and it blows into the yards of the nearby residents."

At one point, she continued, the state had guidelines governing on-site dumpsters for construction trash, but those guidelines are no longer in place.

This leaves the governance up to the municipalities, and Mocksville is one that has taken matters into the town's own hands.

According to its ordinance, all contractors must provide an on-site trash receptacle, and the trash must be "containerized by the end of the day" and the site "shall be kept in a reasonably clean and litter free condition." Further, any contractor that does not comply with the ordinance "shall, upon conviction, be guilty of a misdemeanor."

The county has no guidelines in place.

Dirks reminded the board if they passed a set of guidelines, it would also be up to the town to enforce them. Calls made by her to the contractor, asking that the trash be removed or put into a container, have not worked, she told the board. The house is about halfway completed.

Zeitfogel has also tried, in vain, to get the site cleaned up.

"From the day we realized there would be a problem," he said, "we've tried to get it cleaned up. Today, as we speak, the road out front is horrendously muddy. You can't even walk on it. The clumps of mud are probably six to eight inches high.

"Our hope is that he will just get the place built and then get out of here. It's really a nuisance, to us and everybody else."

Zeitfogel said there is also a great deal of gravel on the roadway.

If an ordinance is passed, and the contractor is found to be in noncompliance, the town could threaten either criminal or civil action. Criminal action would entail Dirks having a warrant sworn, served by the sheriff, and then the matter decided upon in court. Town attorney Warren Kasper said, "I think, in this arena, a civil action would be more effective. The criminal court just won't enforce this. Civil enforcement could be that the contractor has to cease all work until they are in compliance or that they could not get their certificate of occupancy until all the fees and fines are paid."

The board asked Dirks to do some additional background research, draft an ordinance with noncompliance to be a civil action, and have it ready for the board to vote on at their agenda meeting Jan. 22 at 10:30 a.m. at town hall.

Rabies Case Confirmed

Davie County has recorded its first confirmed case of rabies in 2002.

This case involved a skunk that attacked three dogs at a residence off Richie Road. The dogs had not been vaccinated and had to be put to death. There was no human exposure to the skunk.

Health Director Barry Bass warns people not to come in contact with wild animals, and report any animal acting in an unusual manner.

He also urged pet owners to have their animals vaccinated. It can be the difference between life and death.

If a wild animal bites a domestic animal or human, keep the animal in sight and contact Davie County Animal Control at 751-0227. Direct questions to Jeff Beauchamp, Davie Health Department, at 751-8760.

Request for Proposals
DJJDP Continuation Funding FY 2002-2003

Davie	$117,257.00	January 17, 2002
County	County Allocation	Date Advertised

The use of DJJDP Funds require a local match of 30 %

The Juvenile Crime Prevention Council having studied the needs of youth in Davie County hereby publishes this Request for Proposals.

Department of Juvenile Justice and Delinquency Prevention (DJJDP) funds in the above stated amount will be available for programs serving delinquent and at-risk youth for the state fiscal year 2002-2003 beginning on, or after, July 1, 2002. The programs should address the following risk factors identified by the JCPC.

Early and persistent behavior problems in school
Family Management Problems/Family Conflict and Disruption
Community Drug and Alcohol
Peers Who Engage in Delinquent Behavior

The Programs should address one or more of the following Protective Factors to provide programming that allows youth skill- building, opportunities, recognition and bonding that promotes healthy beliefs and clear standards. Protective Factors offer protection against the risks for delinquency.

Based on the JCPC planning process conducted to date, the dispositional options needed in this county have been identified to be the following:

Counseling Services- Contract with a professional counselor to provide individual and family therapy for adjudicated youth for maximum of 15 youth per year.
Guided Growth- To provide structured activities for adjudicated youth to improve self esteem, social conscience, personal enrichment and social growth and development.
Parent Responsibility Classes – To provide parent education and support for parents of adjudicated youth.
Restitution/Community Services- To provide supervised placement for court ordered youth to complete community service hours and to reimburse victims for damages.
Home-Based Services- Contract with a professional to provide in home counseling and in home family preservation services to adjudicated youth and their family for a maximum of 5 youth per year
Temporary Shelter Group Home- Contract for approximately two adjudicated youth per year for maximum of 30 days in care to provide emergency placement.

If You Own a Residence with Synthetic Stucco ("EIFS") Exterior Wall Cladding

Please Read This Legal Notice

If, as of September 18, 1996, you owned or formerly owned a one or two family residential dwelling or townhouse located in the State of North Carolina clad, in whole or in part, with a Dryvit Systems, Inc., Continental Stucco Products, Inc., W.R. Bonsal Company, or Parex, Inc. Exterior Insulation and Finish System ("EIFS"), notice has previously been provided about this Settlement and **this notice is to remind you that all Claim Forms must be completed and submitted to the Claims Administrator with full and complete information on or before January 17, 2003. Late filed Claim Forms will be rejected by the Claims Administrator and your claim will be denied.**

The January 17, 2003, filing deadline applies only to Claimants with EIFS made by Dryvit Systems, Inc., Continental Stucco Products, Inc., W.R. Bonsal Company, or Parex, Inc. If you owned or formerly owned a similar residential structure clad, in whole or in part, with EIFS made by Senergy, Inc. or Thoro Systems Products, Inc., your rights may be affected by a different settlement with an earlier claims deadline of May 15, 2002.

The settlements in *Ruff, et al. v. Parex, et al.*, No. 96-CVS-0059 (N.C. Superior Court, New Hanover County), a state-wide class action, on behalf of owners of certain residences clad with EIFS, provide monetary relief for qualifying claimants.

What are EIF systems?

EIF systems are multi-layered exterior wall systems consisting of a finish coat, a base coat, mesh, and insulation board, all of which are attached to plywood or another non-masonry substrate. The settlements concern non-drainable EIFS used only as exterior siding for one or two family residential dwellings and townhouse units. Condominiums, apartment buildings, hotels and other commercial structures are not included.

- **To find out if you may be eligible for relief and, if so, obtain a claim eligibility form or**
- **To speak to a claims representative to get answers to any questions, call:**

Cattlemen To Meet Jan. 31

There will be a joint meeting of the Davie and Yadkin Cattlemen associations on Thursday, Jan. 31, at Deep Creek Farms, Helton Road, Yadkin County, beginning at 6:30 p.m.

Cattlemen will learn about forage management techniques and information on marketing strategies to help improve the bottom line.

There will be a sponsored meal, so reservations are required. Call 751-6297 before Friday, Jan. 25 to reserve a meal or for more information.

"Lack of rainfall has reduced forage performance and lower cattle prices have been a drain on potential profits," said Phil Rucker, Extension agent. "Come learn the advantages of proper forage management and cattle marketing strategies. You might be amazed at the profit potential you are missing out on."

Wildlife Meeting Thursday, Jan. 17

There will be a public hearing conducted by the N.C. Wildlife Resources Commission at 7 p.m. Thursday, Jan. 17, at 7 p.m. at Elkin High School.

Possible hunting rule changes will be open for discussion.

Cooleemee Provides 401K

COOLEEMEE - Mayor Grady Spry Jr. said on Monday that the town does offer 401-K retirement benefits for town police officers.

Police Chief Tim Wooten resigned, in part, because of a lack of benefits.

"As a result of very limited revenues, the town has been financially unable to support the State Retirement Plan," Spry said.

Wooten accepted a job in Forsyth County where he will again become a part of the state retirement plan.

ECU Awards Degrees Dec. 8

GREENVILLE – East Carolina University conferred degrees and certificates of advance study on approximately 2,300 graduates at the fall commencement Dec. 8.

More than 3,800 graduates received degrees at the spring commencement last May.

The following students from Davie County received degrees: Elizabeth Steed - B.A. English; Brooke Potts - M.A. History; and Allison Ward - B.S. Special Education.

Senator Says U.S. Has A Long Way To Go To Win War

By Mike Barnhardt
Davie County Enterprise Record

Osama Bin Laden will be caught.

Back from a recent trip to Afghanistan, Sen. John Edwards (D-NC) reported to an impromptu crowd at the Davie EMS station in Mocksville Monday afternoon that the al-Qaida leader will be caught.

Is the terrorist leader still in Afghanistan?

Maybe, maybe not. The terrain of the remote area which borders Pakistan is mountaineous, and Bin Ladin is familiar with the area. He could be going back and forth, Edwards said.

"It's a very impressive operation," he said of the United States effort. **"I'm satisfied they'll get Bin Ladin."**

Rebuilding Afghanistan, and bringing some stability to the region will be a more daunting task, Edwards said.

He and other members of Congress and the Senate flew into Afghanistan at night, in a blackened out airplane. They were told where to walk, for fear of stepping on a mine. There was no running water, and harsh weather.

"Those are the conditions our young service men and women are living in every day," he said. "These young men and women are proud of

One More Time

Another Vote Scheduled For Bermuda Run

Bermuda Run District 5 voters will go to the polls on Tuesday, March 5 to pick their representative for the town council.

The November election ended in a tie between candidates Ron Hoth and David B. Whelpley, with 38 votes each.

The State Board of Elections ordered the new vote because of irregularities in the original balloting. One woman voted who did not live in the district, and another vote was unaccounted for.

The registration deadline for any residents not now registered is Friday, Feb. 8.

Residents who will need an absentee ballot mailed may apply through Feb. 26. All ballots must be returned to the elections office, properly signed, by Monday, March 4 to be eligible for counting.

"One-Stop" voting in the election office will begin Monday, Feb. 11 and end Friday, March 1. The office is now located at 124 S. Salisbury St. (basement of Mocksville Town Hall), and is open from 8-5 p.m. Monday-Friday.

The polls at EMS Station II will open at 6:30 a..m March 5 and remain open until 7:30 p.m.

Central Davie Gym Dedication This Sunday

The gymnasium at Central Davie Education Center, 220 Campbell Road, Mocksville, will be dedicated from 3-5 p.m. Sunday in honor of naming it after Clyde E. Studevent Jr.

Studevent was a coach and teacher at Central Davie High, Mocksville Middle, Davie High and South Davie Middle schools.

Novant, County Agree On Transfer Of Hospital

After months of negotiation, an agreement was reached between Davie County and Novant Health on Jan. 10 - the last day of a 10-day restraining order on file against Novant, which prevented the company from removing equipment from the hospital.

Since the announcement that North Carolina Baptist Hospitals would be taking over the operations of Davie's hospital, Novant and the county had been in negotiations revolving around the transition.

"We appreciate Novant's cooperation in working through these provisions," said Davie County Board of Commissioners Chairman, Dan Barrett.

In the final agreement negotiated by Barrett, Novant donated several hundred thousand dollars of equipment, allowing the hospital to continue seamless operations without leasing or buying new equipment. Novant also agreed to a cash payment of approximately $300,000, a portion of which will be used to continue paid time off and sick bank benefits for hospital employees, Barrett said.

"We wish the county much success as they contemplate the future of Davie County Hospital," said Greg Beier, president of Novant Health triad Region. "We have also expressed to the county commissioners our willingness to work cooperative with them in the future on healthcare issues affecting the citizens of Davie County."

Perhaps the most important part of the agreement was Novant's transfer of Medicare provider numbers, and the indemnification protection the county sought. The indemnification clause protects the county against any audits done by the federal government for the time Novant ran the hospital.

"We are pleased that this new agreement ensures continuity of care for citizens of Davie County, and allows us to focus on setting up our own systems to manage day-to-day operations of Davie County Hospital," said Barrett.

Planners OK Country Lane Rezoning

Mocksville planning board members recommended rezoning land on Country Lane for office buildings and townhomes last week.

The town board is expected to make the final decision when it meets Feb. 4. Ron and Penny Stroupe requested that 1.5 acres be rezoned to highway commercial special use for three office buildings, and that 3.5 acres be rezoned to open space residential, where the condominiums would be built.

The decision was contested by neighbors of the project, who spoke of lowered property values, traffic and a fear that a rezoning for offices would bring more business rezonings in the area.

"There's a lot of concern," said neighbor Janet Barbour. "At the time we purchased our homes, the property was zoned for single family residences."

Neighbors learned of Stroupe's plan to build his home on the property, but only learned of plans of the offices and townhomes after reading it in the newspaper, she said.

"Traffic, traffic, traffic on Country Lane is terrible. We are a detour on I-40," She said she also feared lower property values.

"This is lowering our standards," Barbour said. "It would change the complexion of the neighborhood."

Dennis Sine said the project sounds nice, but the ripple effect of zoning is a worry. "It's sliding down Country Lane. It downgrades the neighborhood unintentionally ... with the ripple effect."

Joyce Whitaker said she knows the neighbors now, and that she would fear for the safety of her child if more development comes.

Frank Burgio said Country Lane was just that, a country lane when most residents moved there. "I'd hate to see commercial buildings or apartments." He pointed out more

Foiled: Stadium Gifts Go Back To Their Givers

It was one of those great ideas. A little impulsive, maybe. A little thin on coordination, certainly.

But it got results. Nice results.

With one letter, Davie County athletic boosters raised commitments for almost $15,000 to refurbish the high school football stadium.

That money has been returned to sender now.

The letters were mailed right before Davie High faced North Davidson in the pivotal last game of the regular season.

The boosters figured there was no time like the present. With football furor at an all time high, they stamped the letters and rushed them to the post office.

What they didn't do was get the school board's blessing. They didn't let the principal know. They didn't ask the Davie Foundation if it would handle all the donations.

They did properly and effectively call attention to the inadequate facilities at the stadium. The North Davidson game saw 6,000 people squeeze into a stadium that seats 3,000. People saw the lines for the bathrooms and the concession stands.

The stadium is inadequate in size, design and comfort.

Davie High lost that game. And then lost the coin toss that robbed the team of a playoff appearance. But the checks still came rushing in — $9,275 in cash and a pledge of $5,000.

The Davie Foundation, meanwhile, a group of volunteers, worried they would be swamped with a flood of $20 checks without manpower to process them. The foundation had handled the donations for the Helen Gantt day care facility, but those were mostly a small number of large contributions spread over five years. The stadium project would be very different.

The foundation board, which had never agreed to become part of the effort, demurred. "We have no staff, no one to coordinate it," foundation chairman Ken Dwiggins said.

"Before we could have a board meeting, the mailing went out. "I was shocked. I think the (booster) committee was pretty enthusiastic. They thought we were headed for the playoffs. There was a spirit of enthusiasm, and they thought the timing was right. The team and everybody thought they were going to the playoffs. That was so unfortunate. It was like sticking a pin in a balloon."

On top of that, the school board hadn't authorized the fund raising. Rebuilding the football stadium had never made an appearance on the board's list of priorities. Talk of a second high school suddenly entered the picture. Rather than sink a million dollars into the old facility, some thought it would be more prudent to build one big stadium to serve both high schools.

Meanwhile, the money came in.

Dwiggins said some of the donors obviously were counting on taking a year-end tax deduction. The foundation decided to act in time for those people to redirect their charity. The county itself can receive tax deductible contributions. The donors were invited to send their money to the county and designate it for the stadium.

While $15,000 is a wonderful boost, Dwiggins said that was only a small start on a fund raiser that was seeking $750,000.

"Many, many more people will have to get involved," he said. "It's a worthy effort. Certainly people could raise the question, 'Is it the most worthy of projects to be launched?' That's for others to decide. Given the growth, those decisions are going to have to be made not so far down the road now."

So far, the hopes for a better stadium now stands to have the same ending as the football team's season.

Drugs, Sexual Assaults Alarming

To the editor:

Have you noticed the rise in sexual offenses, rape, drugs and domestic violence in the last year? What appalls me most of all is the assaults and violations done to minors. It's hard and devastating enough for an adult to go through. Can you imagine the turmoil and horror that a child goes through? They're scarred for life and their lives will never again be the same. They look for us to protect them and our laws to put the offenders away.

But here lately it appears our laws are just protecting the offenders, whose punishment is little more than probation for a year or two.

What is this saying to our children, that their innocence is not worth more than that? That their nightmares, not trusting people and blaming themselves, and their own peace of mind being shattered, is all in vain?

I think all sexual offenders should get the maximum sentences the first time. Throw the book at them. Let's show Davie County our kids mean more than that. Demand tougher sentences for the sexual offenders and rapists. If Davie County people will all stand up and pull together, you will be amazed at what we can do. One can't do it alone.

Another big problem is the drugs in Davie County. Force the police to do their job and find the main source of the drugs. There is truth behind rumors. If you hear of someone or see someone dealing in drugs, help our police, turn them in and then demand maximum sentencing the first time. Just look at what the sheriff and the people of Davidson County have done. We can do it, too.

You would not believe the sexual offenders you have as neighbors. I was appalled to find out there is a sexual offender below my house who was supposed to have registered himself in Davie County as a sexual offender and have a sexual offender sign in his yard. But, of course, there was none. These developments that bring so many people, should take a few minutes to do background checks to protect their renters' children. But they don't seem to care.

A judicial system that doesn't throw the book at sexual offenders and drug dealers and drug suppliers doesn't care much for the county, either.

Davie County, stand up and let's say enough is enough. We're not going to take it anymore. Follow the example of Davidson County, that whoever is involved can be brought down and caught.

Pay Attention To The Poll

To the editor:

I want to thank you for having the online poll in the paper regarding the high school issue.

I have been saying for five years that we need to have a second high school in Davie County based on the growth here. The most growth I have seen has been in Advance with the additions of Covington Creek and Oak Valley developments, among others. Something needs to be done and I appreciate the opportunity you have given to voice our opinion on the subject.

Now, if the right people in the right positions to do something will only pay attention to the poll ...

Time For Two High Schools

To the editor:

Yes, I believe that the time has come that our county will have to be divided into two school areas. I know this will change Davie County forever, but we have become too large for one school. Also, I had been told that when the two middle schools were built that the land purchased for North had enough acerage for a new high school later. Is that where the new school will go?

People here on the north side of the county are concerned that the "powers that be" will want to spend the tax money for a new high school in Mocksville again. This cannot be. It is time for the children on the north side of the county to have a school, and not have to ride 15-40 miles one way to school. The old building can be updated or whatever for the south.

I would be interested to hear any plans regarding the location.

Our Time Here On Earth Is Too Often Too Short

Mike Barnhardt

Our time here on Earth is all too often too short. Much too short.

Such was the case with Susan Hockaday. At the age of 42, she lost her battle with disease. It was a quick battle.

It seems like only yesterday when she would come into the office with a news release for the Davie County Health Department. It didn't matter which area of the department, Susan was their best promoter.

She was the best promoter of public health in the state.

We almost always ran her news releases word for word, a rare occurrence when the release comes from a public body. They are famous for putting in too many words, sometimes even making up words of their own. We didn't have to worry about that with Susan. She knew what she was doing.

And without fail, she would either call or bring the releases by our office in person, never demanding, always humble. But if something really needed to be in the paper that week, she had her way of making sure it was printed. And if she was delivering a release for someone else, one which maybe lacked of news value, she would tell us that, too. She's just delivering as they asked her to do, she would say. Do what you want with it.

Many of those programs she promoted were paid for by grants - grants Susan had applied for and received on behalf of Davie residents.

After getting through the formalities, you could see that Susan Hockaday was a genuine person. She cared about people. The programs she was promoting were there to help people, and she wanted to make sure they were aware the programs existed.

Her love for children and family was also evident. She wouldn't hesitate to brag about her nieces and nephews, about their accomplishments, about their growing up, just about them. She talked about working with children at Macedonia Moravian Church.

It seems ironic that someone who did so much to promote the good health of Davie residents, someone who made sure there were people at the free screenings for this or that disease, herself died at an early age.

Yes, all too often our life here on Earth is too short.

But those who were fortunate enough to know Susan Hockaday are much richer for the experience. And we can all be comforted to know that she's in a better place, because there's a special place in Heaven for people like Susan Hockaday. She's probably up there playing with children, and making sure the angels wings remain healthy.

Letter From 1968 Still Has Meaning Today

The following letter was written by Calvin Ijames of Mocksville, published on April 15, 1968. He received letters of commendation from the U.S. Justice Department, the governor of North Carolina, and the U.S. House of Representatives.

Many compliments have been bestowed upon the late Dr. Martin Luther King since his assassination last week. I dare not ask the editor to list all of his noble characteristics again, but I am grateful for the privilege to mention his desire for love to reign over hatred, and peace to triumph over violence.

Many of us question the tactics Dr. King used to help mankind, but thousands of people throughout the world have admitted that his motive was good. The many things said about his determination to overcome evil with good tell us that he was a man who worked on hot issues with a cool head.

Martin Luther King Jr. had the idea that all men should be the recipients of justice and freedom, but he also had the idea that no man should seek after his rights with methods that are not right (rioting, burning, looting and killing). Throughout the land he taught men to lay aside the weapons of violence and strive for their goals with a more excellent way.

Dr. King used many opportunities to practice what he preached. When a crowd of angry negroes (his race, and my race, too) gathered to retaliate for the bombing of his home in Montgomery, Ala., Dr. King persuaded his people to return to their homes and let peace abide in their hearts. His plea for restraint and order carried the message: This evil deed gives us no reason to resort to violence.

The assassination of Martin Luther King Jr. bombed the Negro race. All of us feel the effect in one way or another, but I think we need to repeat the message he proclaimed in Montgomery: This evil deed gives us no reason to resort to violence.

Shame is upon those who used Dr. King's death for an excuse to riot, burn and loot. Those who rendered such violence took advantage of a sad occasion to display the hatred that was already planted in their hearts. They have admitted to the world that the doctrine of love which Dr. King upheld had no influence on their lives.

Men of all races who deliberately injure the civil, social, physical or spiritual welfare of their fellow men - admit to the world that they have rejected the example of Him who was greater than Martin Luther King Jr. Jesus Christ was that greater one who gave the perfect example as he marched along the shores of Galilee. His followers heard him say: "... thou shalt love thy neighbour as theyself," "love your enemies," and " ... As ye would that men should do to you, do ye also to them likewise." Cruel men misunderstood His doctrine, hated His example, and nailed Him to a cross. His prayer on that rugged cross at Calvary tells us that he refused to hate those who hated Him. "Father, forgive them; for they know not what they do."

Graduate Favors Big School

To the editor:

I am a former graduate and current volunteer with Davie High School. I think two high schools in this small but fast growing community would be the worst thing that has ever happened to this county.

If there were two high schools, one school would be the rich school and get more money than the other schol because of where the other school would be built.

If there were two schools, the athletics would be hurt. Davie High School has built one of the best football programs in the state. They have always had one of the premier wrestling programs in the state. The competition cheerleading squad has been great over the past several years. Just in the past few years, the boy's basketball and boy's baseball and ladies softball have built great programs, too. So, I think instead of building a new small high school to split Davie High School up, it would be better to buy a big piece of land and build a new state-of-the-art high school that holds 2,500-3,000 students. Buy enough land for all athletic fields in one area. Have enough parking for school hours and for game nights. After the school is finished, they can turn the old school into one big middle school or have Davidson County Community College buy it for its campus.

If they decide to use it for one middle school, they could combine North and South Davie middle schools together and they could have great athletic teams and would already made good friends before they reach the high school level. If they sell the land for other uses, they could use the money to go back to help pay for the new high school.

This will give the schools another option on the table. But if the school board decides to build another school to have two schools, this county and community would lose one of their best supporters and volunteers in the school's history. I would always find another community that would let me volunteer with their school.

Senator Talks Issues With Davie Residents

Continued From Page 1

what they're doing, they're doing what they believe in and they're passionate about what they're doing."

He said he met a large number of North Carolinians fighting the war, and brought back a list of family members' names to call to tell them their loved ones are doing fine.

"We need to stay committed to winning this war, to supporting our military people ... and keeping us safe at home."

Other al-Qaida cells, here and abroad, must also be dealt with, he said.

It is important to Edwards said that before the United States finishes this war, something must be done with Saddam Hussein in Iraq.

"This is a guy who hates the United States ... and has been developing weapons of mass destruction. We can't let him continue what he's doing. There's got to be a regime change, but how we go about doing that is a more complicated matter."

The current war relies more on intelligence than on weaponry, Edwards said.

"It's been a great source of pride for me to see how our country has become united," he said.

Edwards answered questions from local residents, dealing with issues from the federal budget to veterans benefits.

He favors economic policies that reflect a balanced budget. Tax cuts are fine, if they're fair.

"There are tax cuts that make sense, and tax cuts that don't make sense."

Federal tax cuts shouldn't undermine states, which are struggling financially, Edwards said.

Political parties - Democrats and Republicans - are too focused on their own agendas. The Republicans favor a big tax cut for corporations, retroactive for 15 years, that has no restrictions on where that money goes. It could go into the pockets of top executives, he said. The Democrats proposal reeks of pork barrel spending.

Looking for help for Davie County Hospital, Bob Rose, Davie Democrat party chair, asked about funding for rural area infrastructure, and for rural hospitals.

Edwards said that Medicare and Medicaid reimbursements should reflect the cost to those hospitals. "That needs to be fixed and it needs to be fixed now," he said.

Edmonia Hollis told Edwards that 45 years ago, the federal government promised veterans health care. The paper work has become so complicated that even those who help veterans have trouble figuring it out.

"There's no excuse for any veteran having less access to health care than I have," Edwards said.

A sponsor of the Patients Bill of Rights, Edwards said the country is not ready for a national health plan.

"People who are insured ought to get what they pay for ... see the doctors they need to see ... have some control over their own health care rather than having a health care bureaucrat make those decisions."

Something also must be done to help the 40 million Americans without insurance, especially the children.

Edwards said that campaign reform is necessary, so that every American feels like their opinions matter. Large companies can avoid paying taxes while at the same time making huge political contributions, a practice which leaves voters alienated, he said.

People who work in a mill need to have the same voice as someone who can write a $500,000 check to a political campaign, he said.

"That's how our democracy is supposed to work. Our responsibility is to give this democracy back to everybody."

John Edwards: "Our responsibility is to give this democracy back to everybody."

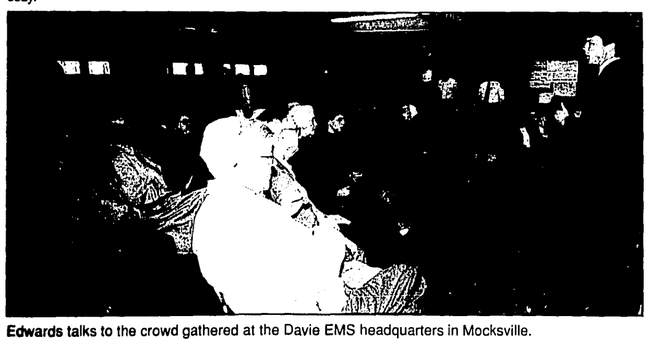

Davie County Commissioners Ken White and Dan Barrett corner Edwards before he left Mocksville for Taylorsville.

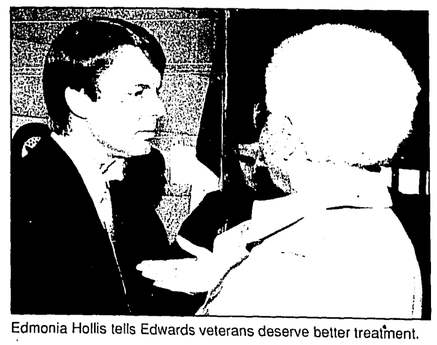

In addition to talking issues, Sen. Edwards took time to pose for photographs and sign autographs, shown signing his autograph for Roverda and Sherman Jarvis. Anita Long is in the background.

A mostly Democratic audience was on hand for Edwards' brief appearance in Mocksville.

Edwards talks to the crowd gathered at the Davie EMS headquarters in Mocksville.

Edmonia Hollis tells Edwards veterans deserve better treatment.

Rezoning Gets OK From Town Planning Board

Continued From Page 1

undeveloped property in the neighborhood. Would that also be zoned commercial?

Lorraine Yates asked the board for a show of hands from the 45 or so people in attendance to see how many were against the proposal.

Planning Director John Gallimore said that isn't allowed, and wouldn't be fair to the Stroupes. The planning board deals with issues, he said. "This is not a popularity contest."

Ron Stroupe said the project seems to make sense for the town. The office buildings would look like houses, with parking in the rear. About five acres would be left open, never to be developed.

"It seems like Mocksville needs a nice condo project," he said. There would be two residences per unit. The residences would be bought, not rented.

"We're hoping to appeal to a senior crowd or a young family," he said. "We think it's really going to compliment your neighborhood. We have high hopes for this project.

"It seems like a nice fit, a transition from the residential to the business on 601. Country Lane is still going to maintain it's country nature."

Gallimore agreed, giving board members and those in the audience his recommendations, saying the project is "generally consistent with the town's land development plan."

Gallimore said he "primed" Stroupe and his architect, John Fuller, when they approached him about the project. Apartments had been proposed for the property in the past.

"These types of planned development tend to be well maintained," Gallimore said. "It approaches clustering of uses and preserving open space."

The Stroupes, he said, wanted to follow the town's land development plan.

"There could be a typical cookie cutter development there," Gallimore said. Attached housing like townhomes also would be allowed without the rezoning.

"He's actually presenting a much more favorable plan than what he could do," said Board Chair Vena Harris. "It follows our zoning ordinance as it stands now."

Board member Lawrence Ray Carter said the board was obligated to vote in favor of the proposal because it met the town's specifications. "We don't have a choice," Harris agreed.

Town Attorney Hank Van Hoy, who was not at the meeting, said Tuesday that board members aren't under any law to vote for a rezoning as Carter implied. Legislative bodies such as the planning board and town board have broad discression when voting, although decisions should be based on fundamental fairness.

Board member Janie Neely said "This is the kind of development that can be an asset to a town." She made the motion to recommend approval of the requested. Brian Williams made the second. "It's a tough decision," Williams said. "This, as proposed, seems to be a good solution." The office buildings that look like homes allow for a smooth blend from one zoning to the next.

"It's the lesser of other evils that could be put there," Carter said.

"I feel like this would enhance the property more than it would harm it," Harris said.

Stevie Dulin, who lives on Country Lane, cast the only opposing vote, saying that rezoning would open the area up for more of the same. "I'm not quite sure this is what the town wants."

The board placed restrictions on the commercial property, including parking in the back and any directory type signs in the back and pitched roofs.

Dennis Sine says he is worried about the ripple effect will be of commercial zoning on Country Lane.

Planning and Zoning Director John Gallimore (right) explains the project.

Mocksville Planning Board member Brian Williams considers the rezoning request.

Ron Stroupe talks about his plans for offices and condominiums off Country Lane.

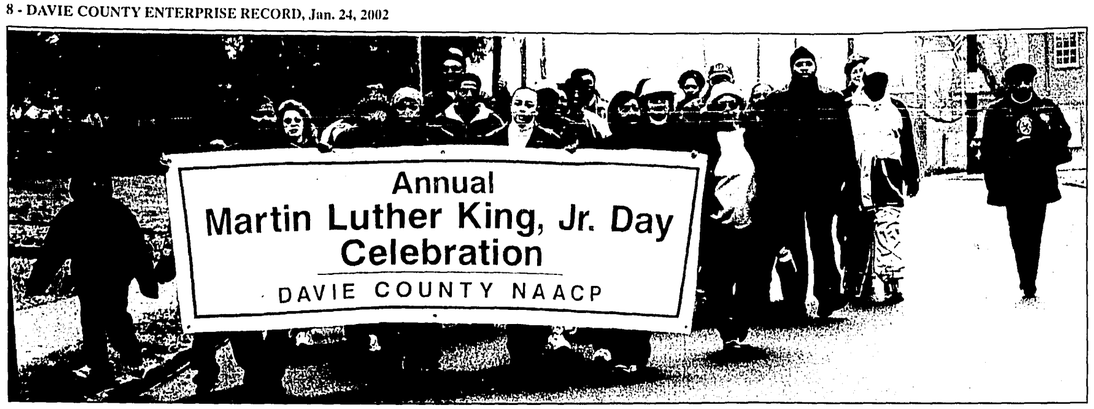

Planning board chair Vena Harris says the project is a good fit for the area.

In Memory of Robert Fishel
You've put up a fight, a fight for your life, but you are so weak, too weak to speak. Too weak to move, but you won't lose. You've proved us all wrong for a period of time, but could this be the end of the line? Please don't suffer anymore, cause Heaven is knocking at your door. Look up high to the blue sky, it's time to spread your wings and fly. As I said my last good-bye, a tear moistened my eye as I began to cry. The Lord has been waiting for a great man like you to brighten his day, the same way you have mine along the way. So don't be sad, be very glad. Because it won't be long, I'll meet you at God's Throne.
I Love You Grandpa!!

Davie Celebrates Dr. Martin Luther king Jr. Day

By Mike Barnhardt
Davie County Enterprise Record

Taking part in the program at the library were, from left, Setaria Rivers, Jettie Lindsay, Priscilla Williams, Alice Gaither and Tekia Torrence.

The Rev. Marcus Williams (left) leads the group in song. Approximately 50 people attended.

Soon after the Sept. 11 tragedy, Americans started getting together - black with white - to get back to God.

But we're sliding backwards.

Alice Gaither read a poem she had written as part of the Davie Chapter of the NAACP Dr. Martin Luther King Jr. Day celebration Monday.

"After that first happened, we were all getting together to get back to God," Gaither said during the informal program at the Davie County Public Library, preceded by a commemorative march on Main Street. "But we're getting kind of complacent that things will be all right. Most people want to do what they can do to keep peace among ourselves."

She read her poem, "The Lady Cried."

"God bless you, and God bless America," Gaither said.

Tekia Torrence, a Davie High 10th grader, read her speech about the line between civil liberties and national defense.

"We need civil liberties to see there is no discrimination against one another due to race, creed, color or national origin," she said.

Torrence said blacks were not allowed in some public places before the 1960s, and now, leaders are acting more positively. She urged support for leaders in these trying times.

Jettie Lindsay and Seleria Rivers sang gospel songs.

"We have had storms in our life and will continue to have storms, but with God on our side, we will manage to get through," Lindsay said.

Bob Rose, chair of the Davie Democratic Party, said his brother was on the 70th floor of the World Trade Center when the plane struck. He made it out alive.

"We all have many things to be thankful for today, each of us individually," Rose said.

Joan Carter, Davie Chamber of Commerce president, said she remembers Dr. King's message as one of love.

Local Man Arrested For Sex Offense

Curtis Lamont "Skee Ball" Lewis, 24, of 141 S. Angell Road, Mocksville, was charged by Mocksville Police on Jan. 16 with a statutory sexual offense.

He was placed in the Davie County Jail in lieu of a $75,000 bond.

Detective Ken Hunter said the victim was a girl, 13 at the time. The offense occurred about a year ago, he said. It was reported in June by family members.

Hunter said the investigaiton is ongoing, and more arrests are expected.

Three Earn Salem Academy Academic Honor

Three Davie students were named to the fall semester honor roll at Salem Academy.

Earning minimum 3.5 grade point averages were: Meredith Bryson, daughter of Gene and Sandra Bryson of Advance; Jennifer Manzullo, daughter of Ryan and Janet Manzullo of Advance; and Virginia Pharr, daughter of Steve and Jamie Pharr of Mocksville.

Davie Man Convicted Of Raping Mentally Handicapped Girl

By Jackie Seaholt
Davie County Enterprise Record

His mother covered her face and wept as a guilty verdict was rendered to Randy Adam Howard by a panel of 12 jurors in Davie Superior Court Jan. 16.

It took the jury less than 30 minutes after hearing testimonies to convict Howard, 31, of 436 Riverdale Road, Mocksville of the 1998 statutory rape of a 15 year old mentally handicapped girl.

In an opening statement by prosecutor Rob Taylor he told jury members that in the fall of 1998 the girl became sexually active with Howard, then 27, after he threatened her. In January 1999 Detective John Stephens of the Davie County Sheriff's Department began an investigation into the allegations. Stephens visited the girl's residence and spoke with her about Howard. Days later Stephens received a call from Howard informing him there was no need for an investigation because the two had married.

In February of '99, after the couple had married, it was found out that the girl was pregnant.

The victim, who is now 18, took the stand to testify. She kept her head lowered during testimony and quietly answered most questions. She testified that she and Howard began having sexual relations in the late fall of '98.

Howard moved in with the girl's family after a dispute with his father. According to her testimony Howard slept on the couch and she shared a bedroom with her female cousin, who was also living at the home during that time. She testified the first sexual encounter between she and Howard occurred sometime around Thanksgiving in her bedroom. She said Howard told her if she didn't have sex with him he would hurt someone in her family. As Howard listened to the girl testify he openly reacted to her answers by shaking his head as a gesture of disbelief.

The second encounter was around Christmas, according to her testimony, and took place at Howard's house. When asked why she was at Howard's house the girl told prosecutor Taylor she was there because they were friends. She stated she kept the encounters a secret because she was scared of her mother's reaction if she found out.

During cross examination by defense attorney Wade Leonard the girl testified that during the time she and Howard had sex they were the only two at her house. Her mother was at work during the time. When asked why she went to the her bedroom with Howard the girl replied, "That's where he took me." Although she stated Howard threatened her, she also testified that Howard never did harm her.

The girls mother was the next to testify. She told that she and Howard's mother, Bonnie Maness, were best friends and their families socialized with each other. Howard had showed up at her home one evening after a problem with his father and she spoke with Maness about Howard staying at her house until the situation cooled down. The mother said she trusted Howard and never suspected anything between he and her 15 year old daughter.

When asked by Taylor to describe her daughter, the mother said her daughter had been in special education classes since second grade. She said she writes at a third grade level, can't add or subtract, and has problems remembering dates. "She doesn't argue. She does to make you happy."

The mother testified that on New Year's Eve of 1998 she received a ride home from work from Maness. When they arrived at her residence her daughter, Howard, and the female cousin were not there. When the three returned, sometime after 1:30 a.m., the mother said she told Howard and the cousin to move out, and her daughter was told to go to her room. She testified she did not know Howard and her daughter were having sex.

Howard moved back to his home in January and according to the girl's testimony there were no more sexual encounters between the two.

After the visit from Detective Stephens the mother said she became frightened she could lose her children. In addition to her fifteen year old daughter, there were two other children, one of which is severely mentally handicapped.

From that point the mother testified she and Maness came up with a plan. They decided to let her daughter and Howard get married, let things cool down, and later annul the marriage.

When asked by Taylor what her daughter's reaction to the decision was the mother said at first her daughter did not want to marry Howard. According to her, she and Maness had picked her daughter up from school. She told her she needed to talk to her and while sitting in their car she explained how she and Howard would marry, but she could still come home. The decision would keep Howard out of trouble and the mother would not lose the children. According to the mother's testimony, her daughter agreed to marry Howard to keep her mother out of trouble.

The mother signed the consent form for marriage and Howard and the fifteen year old were married in Chesterfield County, South Carolina on Jan. 13, 1999. At this time there was no suspicion of the girl being pregnant.

According to her mother, the girl and Howard returned from S.C. that same day and she went to Howard's home and picked up her daughter that night to bring her back home. When asked by the defense why she would go pick up her daughter on her wedding night, the mother testified that the arrangement was for the two to go to S.C. and marry, Howard would go to his parents, and her daughter would come home, "That was the arrangement," her mother said.

However, the girl did leave her mother's home after a few days and returned to Howard. The two lived together as man and wife for a week. The mother testified that her daughter returned to Howard against her will, she did it because Howard wanted her to. The girl called her mother after a week asking her to come pick her up, and she returned to her mother's home.

The girl was taken to the Davie County Health Department in February where a pregnancy test showed she was expecting a child. Based on information given by the girl to the nurse at the health department the conception date was estimated to be Jan. 11. However, later tests changed the conception date to sometime between Dec. 27-28, 1998. Howard was not informed the girl was pregnant until several days later. According to testimony, Howard was happy he was going to be a father.

The girl gave birth on Sept. 1, 1999. She gave the child to a family member two days afterwards and has since given away all her rights to the child. According to testimonies, Howard refused to give up his parental rights and was against the child being raised by the girl's relatives. He attempted to gain custody of the child, but was only granted visitation rights.

Detective Stephens testified he visited the girl's home on January 11, 1999 after receiving a report that a 15 year old female was having sex with a 27 year old male. She answered the door that day and according to Stephens did admit to having sex with Howard. Howard talked to Stephens the next day, Jan. 12, by telephone. At that time Stephens told him about the investigation and informed him he needed to come to the Sheriff's Department. Howard called back on January 14 and told Stephens he could stop the investigation because he and the girl had married.

Howard's mother, Maness, testified as a witness for the defense. She testified the girl's mother wanted Howard to stay at their home because he was helping out with the girl's severely retarded sister. Maness testified that the girl's mother told her the daughter had a crush on Howard. Maness said she disapproved because of the age difference.

According to Maness' testimony the two families celebrated Christmas Eve together and she never suspected anything was going on between Howard and the girl.

During Maness' testimony she said she and the girl had taken a trip to the grocery store together before Christmas. She testified that while the two were walking down the grocer's baby products aisle the girl talked about having a baby and marrying Howard.

Maness testified she was in the car the day the girl was picked up from school. She said during the conversation the mother told the girl she was marrying Howard and that "he's not going to get in trouble for what you did."

During final arguments the defense pointed out the discrepancies in the girl's testimony. There were several key questions the girl answered to by replying, "I don't know." Leonard encouraged the jury to focus on the issue of the baby and Howard's responsibility towards the child.

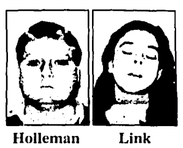

Prosecutor Taylor encouraged jurors to focus on the real issue of the trial - whether of not Howard had sex with a 15 year old child in 1998. "He knew she was 15 and he went in there and had sex with her," Taylor said, "That's clearly against the law no matter how you cut it." He pointed out the mother's decisions concerning her daughter were not good, but she was afraid for herself and for her children.

The clerk read the jury's guilty verdict at 3:45 p.m. The girl was not present during the reading.

Howard covered his eyes and rested his head on the defense's table. He continued to look back in the audience at his crying mother seated two rows behind.

Before judge Jerry Martin told Howard his sentence he commented that due to his conduct during the trial he did not think Howard should be imprisoned for the length of time legislature imposes for his sentence.

Howard was sentenced to a minimum of 16 years or maximum 21 years in prison.

Iredell Men Charged In Break-In

Two Iredell County men were arrested last Thursday for felony breaking and entering and felony larceny.

John Henry Locklear, 41, and Danny Norman Stroud, 27, both of Statesville, were taken into custody around 7:45 a.m. Jan. 17 from Stroud's Iredell County home.

According to reports from the Davie County Sheriff's Department around 2 a.m. last Thursday morning a call was received that a break-in had occurred at Silver Spur Western Store on 4395 U.S. 64 West, Mocksville. A block had been thrown through the glass door of the store and a cash register containing over $300 in cash had been removed.

Locklear was placed in Davie County Detention Center in lieu of a $20,000 secured bond. Stroud's bond was $35,000 secured.

Both have a scheduled trial date of Jan. 31.

Davie Couple Faces Four Charges

A Davie couple has been arrested in connection with four breaking and enterings in the Greasy Corner area during Dec. 2001.

Tracy Gene Holleman, 27, and Shannon Davis Link, 25, both of 148 Creason Drive, Mocksville were arrested Jan. 3.

According to Detective J.D. Hartman of the Davie County Sheriff's Department, the breakins had occurred at two private residences, Red Pig Bar-B-Que, and one vehicle.

Three guns, a dirt bike, and helmet were stolen from one of the homes; $200 in quarters were stolen from Red Pig Bar-B-Que; and two purses were stolen from an automobile.

Holleman and Link attempted to break into another home but were spotted by the homeowners and were unsuccessful, according to Hartman.

Both Holleman and Link have been charged with one count each felony breaking and entering, and one count each felony larceny. Their court date was scheduled Jan. 17.

Home Buying Help Available

A new matched savings program could help low and moderate income Davie residents purchase their first home.

The Davie Department of Social Services launched the Individual Development (IDA) program. It will allow qualified residents to deposit $50 a month into a special savings account, an IDA, at a local bank in order to work toward the purchase of their first home.

Program participants savings deposits will be matched two to one to make the goal realistic for low to moderate income families willing to save regularly for two to four years.

The Davie IDA program is part of a new approach that focuses not just on meeting the most immediate needs of low income families, but also on the long-term benefits of helping working, low-income families acquire a modest but decisive stake in their communities.

The program is supported by the N.C. Dept. of Labor, N.C. Dept. of Commerce, Assets for Independence (federal grant), and the Housing Finance Agency. It has developed partnerships with the Northwest Piedmont Council of Governments, local banks and the Davie County Center of the N.C. Cooperative Extension Service.

Participants must meet income guidelines (annual income of less than $38,250 for a family of three, for example), must have some regular source of earned income and must be Davie residents. They must take part in a series of personal finance/money management and home ownership workshops designed to help IDA participants find the money for regular savings deposits and prepare for home ownership.

Man, Woman Face Varied Charges

By Jackie Seaholt
Davie County Enterprise Record

A Davie man and woman were arrested for breaking and entering, larceny, and possession of stolen goods this month.

Dannie Worrell, 67, of 1578 Main Church Road, Mocksville was arrested Jan. 2.

Rebecca Nettles Pyrtle, 36, of 325 Armsworthy Road, Advance was arrested Jan. 8.

According to Davie County Sheriff's Department Detective J.D. Hartman, there were residential break-ins at a home on N.C. 801 North in December 2001.

During the first break-in, Dec. 3, old coins were stolen.

Another break-in at the same residence took place a few days later, Dec. 9, and according to reports two shotguns and a six pack of beer were stolen.

According to Hartman, after investigation Worrell was arrested and told investigators he had pawned one of the guns at a pawn shop in Yadkinville. Authorities were able to locate the pawned gun. Worrell had received $30 for the shotgun, which he had given to Pyrtle, according to Hartman. Hartman also said Worrell stated he only pawned the gun for Pyrtle because a valid i.d. was required to do so, and Pyrtle did not have one.

According to Hartman, the other stolen shotgun was traded by Pyrtle for crack cocaine.

Worrell was charged with felony breaking and entering, felony larceny, and felony possession stolen goods. He was released on a $3000 secured bond. His court date is scheduled Feb. 7 in Davie County. According to Hartman, Worrell was picked up in Yadkin County on charges there and was in custody at Yadkin County Jail.

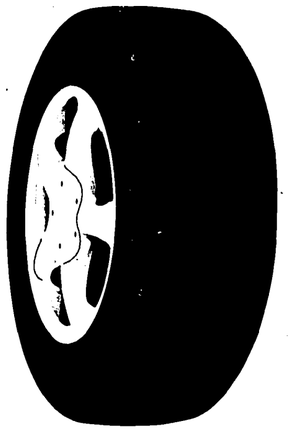

Worrell Pyrtle

Pyrtle was charged with felony breaking and entering, and felony larceny. She was released on a $3000 secured bond under pre-trial release. Her court date was scheduled Jan. 17.

Boehm Shines At Six-Team Tournament

By Brian Pitts
Davie County Enterprise Record

After spending the entire season either on the bench or in the practice room working out with Patrick Lowery, which is roughly the same as wrestling a lion in the dark, there was no way Ryan Boehm could hide his elation from his showing at a six-team tournament at Orange High on Jan. 12.

Four regulars in the Davie wrestling lineup went 4-0 or 5-0 as the War Eagles roughed up Orange 42-24, Southern Durham 65-9, Pinecrest 52-10, Leesville Road 63-12 and Wilmington Laney 51-14. But when you consider Boehm's age (freshman) and his varsity experience going in (0-1), his 4-1 performance deserved the highest praise.

Lowery had a Raleigh appointment to accept N.C. State's football scholarship, creating a void in the 215 weight class. That left Boehm with the burden of filling a giant's shoes.

Wilson

Boehm

"I was kind of worried," Boehm said. "We're used to getting six points there. I was like: 'Don't let me mess up. I don't want to be the guaranteed loss.' "

After falling 6-0 in his first try against Orange, he picked up career win No. 1 against Southern Durham. There was nothing fluky about that pin over "a little fat kid." He followed that with pins against Pinecrest and Wilmington Laney. His other win was a forfeit.

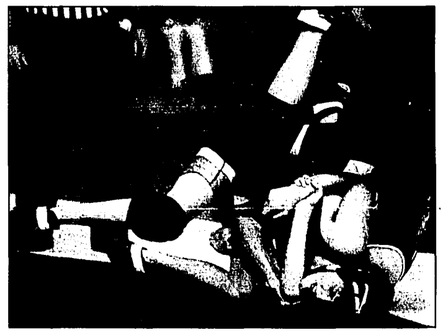

"Man, he came through," said assistant Matt Wilson, who did some filling in of his own while head coach Buddy Lowery and the family spent the weekend in Raleigh. "You have to feel pretty good about a freshman doing that. Think of what you can do with him the next three years?

"He's an intelligent athlete and he's going to make a good one. He beat some kids that were much more physical than him by technique and smarts. I've kept him pumped up about it all week."

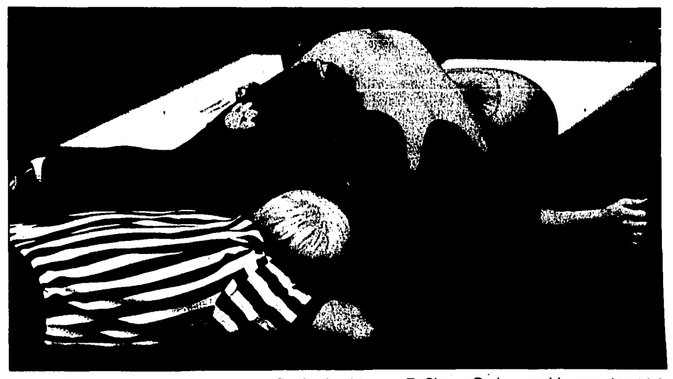

If last year was a breeze – Boehm swaggered to 16-0 for North Davie Middle – what's this year been like?

"We don't have too many guys to wrestle, so I get Patrick," Boehm said of the practice routine. "It's normally a

Tigers Claim Trophy

South Davie Wrestlers End At 14-0; Stop North's 40-Match Win Streak

By Brian Pitts
Davie County Enterprise Record

The combatants played their parts perfectly. Compelling collisions could be found up and down the lineup, and the real thing between the unbeaten North Davie and South Davie wrestling teams matched the two months worth of hype last week on the final day of the regular season.

Visiting South celebrated a 53-27 victory, but make no mistake, there was plenty of drama. Five of the 15 battles remained anybody's guess for quite awhile, the standing-room only audience was a zoo and the only thing missing was a special appearance by Ric Flair.

"The crowd was unbelievable," winning coach Howard Riddle said. "I bet you that's the biggest middle-school crowd you'll see in the state. Middle-school wrestling doesn't draw like that anywhere else. Parents that didn't even have a kid involved were there. A man from Charlotte who graduated from Davie in 1980 and wrestled for Buddy (Lowery) was there. He drove in from Charlotte and brought his son. All the Davie wrestlers there added a lot to it, too. That's the biggest crowd they'll wrestle in front of. Everybody was so intense."

The experience-laden Tigers (14-0, 8-0 Mid-South Conference) responded beautifully to the high stakes. Their performance - 10 wins out of 15 weight classes and a 7-4 edge in pins - ranked up there with Dracula in his heyday. They cemented their fifth perfect record since 1981, handed Riddle his second conference title and extinguished North's 40-match winning streak.

"It was a good feeling, not as much ending their winning streak as finishing our season 14-0," said Riddle, who savored his first outright title in five years as head coach. He shared the pie with Ron Kirk and North in 1999-2000

> "That's the biggest crowd they'll ever wrestle in front of. Everybody was so intense."
> - South Davie Wrestling Coach Howard Riddle

when the showdown was snowed out. "Beat the best is what you want to do. To beat Coach Kirk at his place is pretty special.

"In a lot of places, we wrestled as good as we've wrestled all year. We stopped two undefeated kids. That's big."

The fall denied the young Wildcats an 11th perfect record and 13th conference title. They're now 85-3 against conference competition since becoming a middle school, and all three setbacks have come from South.

"The crowd got us, the pressure of being in front of that many people," Kirk, the 22nd-year coach, said. "These seventh graders had never done that except on a football field, and this is a whole lot tighter than a football field. The thing I hate is that 40-match winning streak is over and now we've got to start all over again. But that's part of it."

Dwiggins Turns The Tide

A Tiger tidal wave over five matches from 93 to 125 drowned the Wildcats, who led 3-0 when Adam McIlwain staved off Jacob Snow 2-1. Russell Hilton dominated 9-0 to give South a 4-3 lead, but what really set this crucial surge in motion was a magical rally by Johnathan Dwiggins at 103.

No one saw this coming. Josh Johnson was 12-0, he was in control 4-0 and Dwiggins' stomach couldn't take much more, calling time to bend over a trash can. Then Dwiggins pulled off an impromptu shocker, tying it 5-5 and escaping 7-5 right at the third-period horn.

"I knew he had the potential to do it," Riddle said. "He didn't wrestle the best match (in a loss to) Knox, but he wrestled his best match of the year. That was the turning point of the match, there's no doubt in my mind. Even though it was early and only put us up 7-3, that put the momentum on our side going into the meat of our lineup.

"When they go on a big stage, some kids wrestle better and sometimes they don't. He did. He answered the bell."

Two unblemished records crossed paths at 112 between North seventh grader Brandon Stewart and South eighth grader Timmy Allen, who stomped out a 15-2 major decision. South's Aaron Hollifield pinned rolled to 13-0 against 119 competition, and Zach Vogler's pin made it 23-3.

"Allen's a good kid, he wrestles hard and I really like his style," Kirk said. "Hollifield's just a little man. (Seventh grader) Josh Dixon did the best he could."

"Logan Joldersma wrestled us as hard as anybody," Riddle said. "He gave Zach a fit. I was impressed with Joldersma."

Josh Barnes's pin cut the deficit to 23-9 and Jaspen Gray gave South's unbeaten beast, ReShawn Parks, his biggest scare. But after dodging a couple bullets, Parks snapped back into form and stuck Gray in the second for a 29-9 lead.

"He's so strong and so quick when he gets in a bad position, he gets right out of it," Riddle said of the 14-0 Parks.

Brock Flowers and Daniel Gough answered with pins, pulling North within 29-21 with five bouts still left.

"Whenever that boy head-butted Flowers, that made him mad," Kirk said. "That could have taken Flowers

Davie Boys Settle Score With South

By Brian Pitts
Davie County Enterprise Record

Since a bitter 93-92 double-overtime loss in the Sam Moir Christmas Classic, Davie's varsity boys basketball team could hardly contain its hunger to settle the score with South Rowan.

Moser

The War Eagles more than accomplished that here Friday. The upset loss was long forgotten when Micah Garner's layup lit up the 100-point meter. The memories of blowing a five-point lead in the final minute of the second OT and watching South seal the deal with one-tenth of a second on the clock were wiped away with an exclamation point.

That first meeting was indeed an aberration as the 103-70 rematch attests.

"I'll put it this way: I didn't have to bring any guest speakers in," Coach Jim Young said. "The kids felt they should have been in the (Moir) finals and played West Rowan. There was kind of a buildup and we let the people and ourselves down by not playing good.

"It was mentioned in the (Salisbury Post) that it was far from a fluke, and we wanted to make sure that people understand it was a fluke."

The pivotal Central Piedmont Conference game was a laugher for 27 of the game's 32 minutes. Davie dominated so thoroughly the entire second half was garbage time. The War Eagles shot 50 percent despite jacking up 73 shots, they knocked down 13 of 30 3-pointers and they won the rebounding match 44-33 after getting beaten on the boards 43-39 on Dec. 28. In the first meeting South held a 61-51 lead with 5:44 left in regulation. At the same stage of the rematch, Davie led 79-47.

Davie was coming off a 63-50 loss to West Forsyth, a powerhouse that should make a deep run in the playoffs. But the bounce-back romp lifted Davie to 11-3 and 2-1 in the CPC, while South stumbled to 8-8 and 0-3.

"We wanted to beat them so bad," senior Sean Stevens said. "We had so

War Eagle Girls Rally Over South After Wilting At West

Just when it seemed that Davie's varsity girls basketball team was falling apart and spiraling toward the huge-disappointment department, the War Eagles pulled a reversal Friday against visiting South Rowan.

They showed no resemblance to a championship-caliber team in a nasty 48-44 loss at West Forsyth on Jan. 15. Shooting 22 percent from the field and missing 19 of 30 free throws, it was eerily reminiscent to last year when Davie flopped 39-34 to an 0-15 Titan team.

A black cloud remained over Davie's head during the third quarter against South, which used a 25-8 run to establish a 33-23 lead.

But the Sarah Williams-Allison Schafer-Brittany Walker trio represented the sun that chased all the rain away. They collected 58 points between them and willed the War Eagles to a critical 66-57 win that forged a four-way

Jack Rooney, who scored 29 in a losing cause to Knox, finished with a 12.7 average for South Davie's seventh-grade boys.

Savannah Kowalski of Davie's JV girls has drilled eight 3-pointers in the last three games, and **Ashley Peoples** collected 10 points, 10 rebounds and four blocked shots in a 41-38 win over West Forsyth.

Clifford Burns of Davie's JV boys was a human eraser against South Rowan, swatting four shots on one possession and an unbelievable 17 for the game.

Johnathan Dwiggins sparked South Davie's wrestling team to a 53-27 win over North Davie by rallying past **Josh Johnson**, who came in 12-0 with 12 pins.

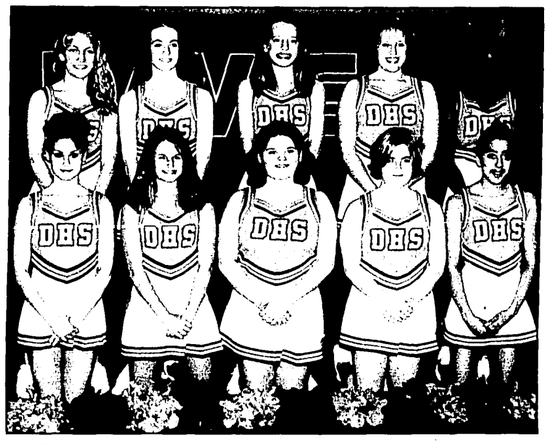

Sarah Williams hit 11 of 11 free throws, four 3-pointers and scored 27 points to lift Davie's varsity girls over South Rowan 66-57.

Matt Moser hit four 3s and scored 15 points off the bench as Davie's varsity boys scorched South Rowan 103-70.

Davie freshman **Ryan Boehm** went 4-1 in a wrestling tournament at Orange, despite coming in with one varsity match under his belt.

Tough Stretch Leaves Swim Teams With 5-6 Records

Davie's boys swim team split four recent decisions, beating Bishop McGuiness 99-50 and Salisbury 83-82 and losing to West Forsyth (137) and Reynolds (110) in a tri-meet. West and Reynolds held Davie to 50 points

Jay McClellan's runner-up in the backstroke was Davie's best showing against West and Reynolds, but the War Eagles (5-6, 1-6 Central Piedmont Conference) had five first-place times to squeeze past Salisbury. Charlie Lester (50 free), Brent Gaither (backstroke) and Britt Davis (breaststroke) won individual events, and Gaither, Lester, David Stein and Danny Stiling teamed up for relay wins in the 200 and 400 free.

Stiling met regional heights with a 24.86 in the 50 free, and Gaither swam a career-best 1:06 in the backstroke.

"That's really good," Coach Matt Mecham said of Gaither. "That's getting way down there. A 1:08.99 qualifies for regional.

"Gaither, Stiling, Lester and Stein have worked their tails off. At the beginning of the season, they went a 4:20. Their (400 relay's) down to a 3:55, and that's 15 seconds below regional time."

The Davie girls (5-6, 2-5) went 1-3 during the recent stretch, but Mecham wasn't disappointed with the effort. It was simply a case of facing fierce competition. The War Eagles defeated Bishop 88-71. They had 57 points to West's 126 and Reynolds' 123. And they fell just short against Salisbury, 86-84.

"West is the best in the state," he said. "Reynolds was second in the state last year and a top-five team this year. And Salisbury is one of the top teams in their division. There was no recovery time whatsoever, and I'm very proud of them."

Meagan Clark posted the lo win against West and Reynol taking the breaststroke 1:11.13. The next finisher w 1:16.02.

Alison Alexander (200 IM Emma Jakob (500 free) ar Becky Call (100 back) topp the field in their respective rac and Ashley Gaskin, Call, Jak and Alexander triumphed in t 400 free.

"Where we're really gettii good is our 200 and 400 relays Mecham said. "We're below r gional time by 10 and 15 se onds. ... Jamel Darcy and Hol Marsden are really starting to g their times in the low 28s in t 50 free, and that makes a big, b difference."

The War Eagles host Sou Rowan and Reynolds on Jan. 2 they go to North Forsyth on Ja 28 and the CPC meet is Jan. 3 at South Rowan.

Kowalski's Outside Shooting Paves Way To 5th Straight Win

The Savannah Kowalski-led Davie JV girls basketball team hasn't lost since Dec. 11, beating West Forsyth 41-38 and South Rowan 48-22 last week to run its winning streak to five games.

The key was Kowalski, who hit three 3-pointers in both games to score 12 against West and 15 against South. She's averaging 11.4 points, just ahead of center Ashley Peoples' 10.3 pace.

Peoples had 10 points, 10 rebounds and four blocked shots in the game that almost got away. Davie led West by as many as 17 and by 35-25 going into the fourth quarter – but barely held on.

This was Peoples' second double-double; she rocked Mooresville early in the year with 17 points and 12 rebounds.

"We kept turning the ball over," Coach Janice Jackson said. "If we'd lost it would have been my fault for subbing too early. It shouldn't have been close at all."

Andrea Dwiggins was next with seven points, followed by Alyse Bowden with four, Heather Boger with three, Brooke Harris and Christie Taylor with two each and Alyson Walker with one.

Davie had no trouble tucking away South Rowan. Ten War Eagles hit the scoring column, including Harris with eight, Dwiggins with six, Erin Wl taker, Ashley Cornatzer ar Walker with four and two fro Danielle O'Neal, Bowde Peoples and Taylor.

Peoples and Alison McN combined for seven blocks Davie climbed to 9-1 and 3-0 the Central Piedmont Conf ence.

"The starters didn't play ve much again, but the subs play better tonight," Jackson sai "We're getting there. It's a go bunch of girls. They've just g to make up their mind to con to play because I know they c do it."

Davie goes to North Davi son on Jan. 25. It hosts South Ir dell on Feb. 1.

Burns Swats South Rowan

Clifford Burns used his 6-6 height and 747 wingspan to block (gulp) 17 shots in Friday's 64-45 win over South Rowan. Now that's what you call a block party.

"One of the daddies told me he had 17 blocks, and that's not stretching it at all," Coach Mike Dinkins said. "He had four on one possession."

Nick Nelson sank 11 of 12 free throws and scored 21 points for the second time in four games. Patrick Law and David Orsillo added nine each as Davie grabbed a 22-6 first-quarter lead to rebound from a 69-48 loss to West and cruise to 8-3 and 2-1 in the Central Piedmont Conference.

"Nelson didn't start because he was coming off a rough game," Dinkins said. "He understood and it really worked out for the best. He went to a three-guard offense when he came in, and he really helped us get up and down the floor. We really put pressure on the ball, and we had several baskets off turnovers."

No matter what happens the rest of the year, nothing will likely top Burns' human-eraser exploits.

"It was amazing, especially on a four-on-one," Dinkins said. "He'd knock it out, one of the guards would catch it and drive. And he'd knock it out again."

Travis Howell scored six. Matt James and Brandon Capwell had four. Ian McBride, James Arnold, David Schweit and Matthew Smith had two and Dewayne Collins one.

Committing 16 turnovers in the first half, Davie was out of sync all night against West. The War Eagles did manage to pare the difference to four midway through the third, but West retained control thanks to a series of breakdowns.

"We missed two straight layups, and after the second missed layup they came down and hit a three," Dinkins said. "We threw the ball away and they hit a two. We went from three down to 11 just like that."

Davie's leading scorer was Orsillo with eight. Davie got seven from Law, six from McBride, Howell and Matthew Burchette, four from Ryan Price and Nelson, three from Capwell and two from Schweit and Burns.

Davie goes to North Davidson on Jan. 25. It hosts South Iredell on Feb. 1.

A Proud Hunter

Marty Lannign killed these two bucks within minutes of each other while hunting in Davie County during the last week of the season. They were fighting when he first saw them. One weighed 173 pounds, the other 180 pounds.

Brunelli Has N. Stanley On Right Path

Leo Brunelli, a former JV boys basketball coach at Davie, has guided North Stanly to a dramatic turnaround.

After absorbing a 3-18 record last year in his first season, the Comets were 9-3 and 2-1 in the Rocky River 2A Conference heading into a first-place showdown with Mount Pleasant on Jan. 18.

"I'm so happy because we had a rough year last year," said Brunelli, who coached at Davie under Jim Young from 1997-2000. "I've got four guys averaging double digits (in points)."

When Brunelli left Davie for his first head varsity job, he took Young's blueprint with him. North rode into Friday on a seven-game winning streak.

"We're using most of the system here," he said. "Young's Xs and Os are incredible. I'm just blessed I had the opportunity to work with him."

Sarah Williams Burns South For 27 Points

Continued From Page B1

tie for first place in the Central Piedmont Conference. North Davidson, South, West and Davie (8-7 overall) all entered the week at 2-1.

"The girls were ticked off at themselves," Cozart said after Davie knocked off a South team that had won 10 of 15 and possesses four post players at 6-0 or 6-foot-1. "They were determined to prove something. I feel like they play so much better against really tough teams than a team that is perceived to be not as tough as a South Rowan."

Williams scorched the Raiders with 11 first-quarter points, prompting Coach James Greene to employ a box-and-one blanket.

"If somebody heats up like that, I would too," Cozart said.

The strategy worked, for a while anyway. After South grabbed that 33-23 lead, Walker drilled an 18-footer as she got knocked to the floor. She completed the three-point play, then took a charge under the basket to erase a potential three-point play for South. Walker and Schafer banged 3-pointers in a span of 34 seconds to trigger an 11-0 run that gave Davie a 39-38 lead.

Schafer connected on another 3 after South had taken a 44-39 lead. Williams and Walker did the damage during a 10-2 run after South had taken a 49-44 lead.

"They were getting away from us, but we kept hammering back," Cozart said. "West Forsyth was a wake-up call for them. We went over that tape and talked about the last four minutes of the game, and they were determined to manage things better at critical times. They played with such heart and got after it."

Williams delivered the dagger when her 3 provided 59-53 breathing room with 3:24 to play. It capped another marvelous exhibition for Williams, who matched her career high with 27 points. She deposited all 11 free throws, snatched six rebounds and popped four 3-pointers as she enhanced her candidacy for CPC player of the year.

"Sarah can be a little scoring machine if she gets the touch and gets the looks," Cozart said. "(The 3-pointer to make it 59-53 lead) was a big, big shot, especially when you feel like she's gotten all the defensive pressure since the first quarter. A lot of times what happens with players when they draw that shadow where you can't even breathe is they lose that relaxness and that touch. She didn't. She just went with the flow."

Davie cashed in 19 of 24 free throws and shot a blistering 57 percent (13 of 23) in the second half. Schafer showed the first real flashes of the promise she was afforded in jumping to varsity as a sophomore, scoring 16 points and grabbing seven rebounds against the considerably-taller Raiders. Before this she was averaging 6.3 points.

"Schafer stepped it up big," Cozart said. "She had one heckuva game. That weakside boxing out that she did was huge, because they didn't get any putbacks on that side."

The other War Eagle who produced big numbers was Walker with 15 points, eight assists, five steals and four rebounds. She made five of five free throws when it mattered, and she and Williams converted eight in a row to wrap up the win – one game after Davie missed nine of 13 in the fourth quarter.

Notes: Cozart attributed Davie's ability to tread water on the boards to assistant Debbie Evans. "We worked a lot on boxing out, and that's a credit to Coach Evans," she said. "She's got some drills and she keeps pushing that." ... Davie entertains North Davidson on Jan. 25. It goes to South Iredell on Feb. 1.

West Forsyth 48, Davie 44 – Sarah Williams 14, Dawn Singleton 12, Brittany Walker 10, Allison Schafer 6, Ashley Williams 2.

103-Point Performance Includes Moser's Coming-Out Party

Continued From Page B1

many things to prove and it just felt great."

"I think we showed everybody it was a fluke," senior Dan Sullivan said. "The defense played real intense. Even though we were up 44-21 after the first half, we didn't let up."

And junior Luke Phelps said: "Once we get in a rhythm like that, we can be pretty good. We wanted this win bad. We wanted to prove what happened over Christmas wasn't going to happen again. We believe in ourselves now, and I'm not sure we did earlier in the season."

Nemanja Kreckovic chewed South up in a hurry, scoring 11 unanswered points to end the first quarter. His fastbreak finish resulted in a three-point play, he drained two 3-pointers in 35 seconds and he hit as pretty a shot as you'll see, spinning by a defender, falling back and kissing the ball off the glass. He later culminated a 22-2 run – for a 28-10 lead – by stealing an inbound pass and scoring.

South's misery lasted the rest of the night as Kreckovic, who wobbled to a season-low five points against West because of a lingering stomach virus, hit his average with 24 points and pulled down eight rebounds.

"We were real pleased to play the way we're capable of playing," Young said. "Even though we had scored 100 or whatever, we had not put four quarters together all year. This is the first time we've done that defensively and offensively."

Moser's Coming-Out Party

The roof fell in on South when Matt Moser rushed out of oblivion. A seldom-used reserve who had averaged 2.7 points and made three 3-pointers in 11 previous appearances, Moser nailed a trifecta for a 62-31 lead, buried another 3 and hit a runner in the lane. That's eight points in 72 seconds.

"He does that in practice everyday," said Stevens, who finished with 19 points and seven assists. "He just came in and acted like it was practice."

In the fourth, Moser banged consecutive 3s to pad the margin to 85-49. The 5-10 junior finished with 15 points on 4-of-6 shooting from beyond the arc.

"I'm behind two stars in Sean and Kreckovic, so it's just a matter of making the most of my opportunity," he said.

Moser, who frequently produced those numbers last year when he averaged 18.5 points for a 20-3 JV team, reveled in his first varsity shining moment.

"It felt like last year," he said. "I guard Sean everyday in practice, we go at it one-on-one, so that's doing nothing but making me better. You can't get in there and be scared.

"It's great because Luke, Micah and (Brian) Hunter have all had big plays for the juniors, and I wanted to get in on that. Coach pulled me aside after a practice and we had a talk about I'm playing behind Sean and Kreckovic. He's not going to take them out if they don't need to come out, so he explained that I wasn't forgotten."

Young appreciates Moser's perseverance. "It was just so nice to see him come off the bench and shoot the way he's capable." With a laugh, he added, "Now we just expect that from him the rest of the year."

Sullivan registered his sixth double-double with 13 points and 13 rebounds. Point guard Jason Hogue hit four of five shots for nine points and handed out six assists. Chris Stein had seven points and 12 rebounds, and Phelps hit three of four shots for six points and redirected four shots.

It marked the ninth time the War Eagles have surpassed 100 points under Young, and it gave them the inside track for the third and final playoff berth.

"This is big," the fifth-year coach said. "This is like the ACC. You have to win at home and then steal some on the road. The goal is to get in the playoffs because once you get in the playoffs anything can happen, especially out of our conference. Third place can end up being in the semifinals of the state."

Notes: Davie suffered an offensive flameout in the loss at West (14-2, 3-0), missing 44 of 59 shots. "I doubt we'll ever play (shoot) like we did against West again," Phelps said. "I think next time we play them up here it'll be a different story." ... Reynolds (13-4) is tied with West for first. ... Davie entertains North Davidson on Jan. 25. It goes to South Iredell on Feb. 1.

South Wrestlers Cap Undefeated Season

Continued From Page B1

out of his match, but he regrouped from that quite well, came back and got us six points.

"Gough did an outstanding job. I was really glad to see that. Gough's come a long ways. You may see him win that weight class (at the MSC Tournament)."

Britt Abendroth, however, wrecked North's comeback-from-the-dead plans at 152, stopping Michael Murphy's nine-match winning streak with a pin.

Then, it was time for the big nail. Chris Mock took his sweet time, then pinned Josh Miller in the third to give South an insurmountable 41-21 lead. The seventh-grade Wildcat had the 12-0 Mock on the ropes 9-3.

"That's the third time he's been behind by a pretty large margin, and all three of those situations he got his pin in the third period," Riddle said. "He doesn't have a bit of quit in him. He's got a lot of athletic ability and a lot of heart."

The road team slapped high-fives for the sixth straight time as South extended its magnificent run to 48 wins over 49 dates.

"North's going to be tough next year," Riddle said. "Last year we didn't put on the showing we wanted to. We were in the same situation as North was this year. We started a lot of seventh grades, and this year we felt like it was our turn to do the job."

Meanwhile, Kirk dwelled on what could have been. Josh Chesnee blew a 4-0 lead and suffered a pin at heavyweight, the third match that disappeared from North's grasp. Had Johnson, Miller and Chesnee held on, it would have been tight down the stretch.

"Three of them we should have won," Kirk said. "South's a real good team, I can't take anything away from them. I'm not saying we could beat Howard, but we could have wrestled him a whole lot better. We made seventh-grade mistakes, and even the eighth graders made seventh-grade mistakes.

"But I can't complain about this season. We started seven to nine seventh graders and several first-year eighth graders. To have a rebuilding year and go 13-1, I can't complain."

Notes: McIlwain and Hilton remained unbeaten at 14-0. ... The MSC Tournament was Jan. 19 at Southeast. ... North Davie will hold a JV tournament on Jan. 26.

S. Davie Girls Rip North, Celebrate 10-0 Season

By Brian Pitts
Davie County Enterprise Record

Even though the championship was in the bag, putting an appropriate bow on a glorious regular season was important to South Davie's seventh-grade girls basketball team. The mission was accomplished at visiting North Davie's expense last week.

"We knew they did not have their best game the first time, and we didn't want to let them come into our gym and steal our bacon, so to speak," South coach Tim Kenney said after a 43-29 victory wrapped up a 10-0 regular season, 8-0 in the Mid-South Conference. "The regular season was already sewn up, but we had a little bit on the line as far as pride in Davie County and certainly completing that (regular-season) schedule undefeated."

South didn't leave North a glimmer of hope, bolting to a 17-3 lead early in the second quarter and heading into recess with a 26-10 cushion. It was a routinely dominating performance for Tiger point guard Brittini Young, who flirted with a triple-double by piling up 24 points, eight steals, eight rebounds and five assists. She repeatedly knifed through the Wildcats' helpless defense and got rewarded with 15 free throws, making 11.

Young had racked up five straight double-doubles before producing her fifth 20-point effort in six games.

"With the way we run things, Brittini doesn't get some of those shots if everybody doesn't do their job," Kenney said. "That's where we've been so fortunate. Everyone knows what their job is, and they do it."

The Didenko twins and center Rebecca Riddle combined for 23 rebounds, and Grace Didenko delivered her finest all-around game with 10 points and nine boards. It's hard to make headlines when a teammate is averaging nearly 21 points, but the passion, intensity and interior presence that the Didenkos give every game has not gone unnoticed.

"They are just tremendous workers," Kenney said. "They love to play the game and they just went to be in the gym at all times. It doesn't matter what the score is and it doesn't matter if we played outside in snow or whatever, they would be there saying: 'Come on, coach, let's go.' "

Spot-up shooter Lauren Parker got South off on the right foot with four early points, and Jacqualine Smith came off the bench to score four as South closed out the regular season's running score at 410-196.

"When Vanessa Didenko got in foul trouble, it was a situation where I had to look down the bench," Kenney said. "Smith came in and hit a couple buckets, played tremendous defense and was very poised. She really helped the team."

Jenny Mann and Whitney Williams, a tandem that has sparked North all year, did their best to keep North from getting completely blasted. Williams scored 14, grabbed six rebounds and rejected five shots, while Mann scored 11, connected from 3-point land and hit six of eight free throws. In the last two games, they have accounted for 56 of North's 67 points.

Morgan Owens added four points and eight rebounds for the Wildcats (5-6, 4-4), who scored 11 of the game's final 15 points to narrow the margin.

"We did a lot better," said North coach Jamie Lyerly, weighing this defeat with the 36-12 beating to South on Nov. 27. "I could see a lot of improvement.

"We guarded Young and Parker one-on-one and played a triangle with the other three. Brittini was still hard to keep up with because she's just good."

The MSC Tournament was played Jan. 19, 21 and 22 at Erwin. North and South both won their first-round games, setting up a third meeting in the Jan. 21 semifinals.

"They really do have a good club. Jamie does a good job," Kenney said of North.

Streaking North Davie Boys Steamroll South

Two cross-county rivals heading in opposite directions crossed paths last week, and the outcome was a predictable 47-21 breeze for North Davie's seventh-grade boys basketball team over host South Davie.

"We overmatched them. We should have done what we did," winning coach George Newman said. "There shouldn't have been any question."

Whit Merrifield (13 points, six steals), Tyler Baity (11 points) and Thomas Kuell (10 points) shared the offensive spotlight as the Wildcats (9-2, 6-2 Mid-South Conference) rolled to their seventh straight win, including three in a row by massive margins, to seal third place in the nine-team MSC. They won the first meeting on Nov. 27 with South 59-47.

South, meanwhile, tumbled to 1-9 and 1-7. Its lone victory was over West Rowan on Nov. 29, and this one was essentially over after the first quarter, by which time North led 17-3.

"The objective was to maintain the intensity," Newman said. "We did the things we were supposed to. We forced the tempo and stole the ball."

The margin steadily ballooned as North built leads of 31-12 at halftime and 45-18 going into the fourth. Michael Sulier, coming off his most assertive performance with eight points and seven rebounds against Southeast, was solid again with seven points. Bryan King, Sean Miller and Michael Jolly had two each.

North contained Jack Rooney, who scored four after torching Knox with 29 in a 51-43 loss. South's high scorers were Josh Eder and Ben Pawlik with five apiece, Justin Thompson had four and Matt Pennington three.

By finishing last, South was the one team left out of the MSC Tournament. Rooney was the club's top scorer by a mile at 12.7. Next was Eder at 5.4.

North met fourth-seeded Southeast in the first round of the MSC Tournament on Jan. 19 at host Erwin.

The semifinals were Jan. 21 and the finals Jan. 22.

Wall Senses Big Things For South Davie Boys

Brent Wall, like all coaches, has a list of concerns as he gets ready for his first season with South Davie's eighth-grade boys basketball team.

But the talent level of his team isn't one of them. Coming off an impressive year in which the Tigers went 8-3 and 6-2 in the Mid-South Conference, Wall knows South has what it takes to accomplish a great deal.

"We should have good outside shooting and we should have a pretty good inside game," said Wall, whose club opened with a nonconference game on Jan. 22 against Knox. It goes to North Davie on Jan. 24 before opening MSC play on Jan. 29 against visiting West Rowan. "I mean, we've got some athletes and quickness."

Last year as seventh graders under Coach Steve Hamlin, the Tigers lost to North Rowan by five and 11 points and to giant West Rowan by 35. They dominated everyone else by no fewer than 11 points, losing in the semifinals of the MSC Tournament.

The top scorer was ReShawn Parks, who averaged 12.2 behind a pair of 20-point explosions. John McDaniel averaged 9.8, hitting three 3-pointers against Erwin. Evan Hall averaged 7.5 with a season high of 17. Raeshon McNeil averaged 7.4 to go with 12 or more rebounds on four occasions. And 6-3 center Devon Venable averaged 7.1, including 12 points and 12 rebounds against North Davie.

In a recent game with Downtown, four players put up eight to 11 points. They were McDaniel, Venable, Hall and McNeil.

"Parks didn't play," Wall said. "He can shoot it. Top of the key, he can knock that down."

The question around the league is whether anyone can stay within 20 of West Rowan, which allegedly has more than one player who plays above the rim. Until further notice, South is the third-best team.

"I know West Rowan's strong," the 1991 Davie High graduate said. "They had a 53-game winning streak eighth grade) until they lost the other day to Statesville, 53-52. We've got to keep our heads right. The athletic ability's there."

Other team members are Alex Baldwin, Chris Mock, Collin Ferebee, Matt Hauser, Zach Vogler, Mitchell Ivey, Sean Wagoner, Kyle Wooten and Jeremiah Worrell.

North Davie Girls

Last year its seventh-grade girls finished 7-5 and 4-4 under Jamie Lyerly. That's respectable but it wasn't indicative of North's true quality: The Wildcats played five games without star Carly Booth, losing four of them. On the other hand, they were 6-1 with the 5-foot-8 Booth at full strength, and she averaged a team-high 10.7 points.

North opens with two nonconference games, Jan. 22 against Southeast and Jan. 24 at home to South Davie. The MSC schedule starts Jan. 29 at Erwin.

"Of course, my strength is Booth," Coach Trish King said. "She's got a real nice outside shot, yet she's strong underneath. I'm going to play her inside and outside because she's going to make a really good high-school player. I want to play her where she's going to play in high school, and that will probably be out front.

"If she plays really well, then we're going to do really well as a team."

The Wildcats responded beautifully under pressure, going 4-1 in nailbiters decided by three or less points. Justine Gamble, last year's No. 2 scorer at 5.9, produced game-clinching baskets in a 23-21 win over Erwin and an 18-17 win over Downtown; Riley Davis sealed a 26-25 win over Corriher-Lipe at the foul line; and Booth's free throws beat Southeast 23-22.

"Gamble and Kena Gentry look strong defensively," King said. "Abby Riddle won't shine as much as some of the others, but she's one you need that's consistent all the time. Jackie Button's never played before, but she might move up into the top seven by the end of the season. That's how quickly she's learning. And Davis is one that's coming on strong. She's going to be a sleeper. She's probably going to end up being one of my key players."

Elyse Timmons, a transfer from Indiana, is the most intriguing newcomer. The third player who wasn't on last year's roster is Kaitlin Hall. The other four returners are Kara Seaford, Kristen Fromal, Dana Woodard and Hannah Tierney, who averaged a third-best 4.5 points last year.

"Timmons is looking really good. Anybody that comes from Indiana should be able to play," King said with a smile. "She's a real good ball handler, she sees the court real well and she just knows the game. I'm expecting her to have a lot of assists."

Last year North was overmatched by North Rowan, Knox and West Rowan, and it lost by three in overtime to China Grove. Thus North's minimum target is an upper-division finish in the nine-team MSC.

"I think we're going to be a pretty strong team, stronger than last year because more came out so I had more to select from," she said. "I'm predicting we'll do pretty good."

North Davie Boys

The Wildcats seesawed to 5-6 and 4-4 as seventh graders under Matt McPherson, who moved up to inherit mostly the same team.

Last year Michael Bingham enjoyed five double-figure games to lead North's scoring at 7.2. Jonathan Mayfield poured in 19 on opening day but dropped off to a 6.5 clip.

The Wildcats pulled out four pulsating games and were close two other times, losing 43-37 to Southeast and 27-23 to Erwin.

The rest of the roster includes Kyle Winters, Drew Yeager, Tyler Hayes, Matt Singleton, Andrew Beeson, Brandon Runyon, Andrew Gildein, Jonathan Hutchens, Matt Lee, Louis Mack-Gibson and Jonathan Ayers.

McPherson was unavailable for comment.

South Davie Girls

The Tigers and first-year coach Beth Carter (Brent Wall's younger sister) are banking on their backcourt to avoid a repeat of last year's struggles. They went 3-7 and 3-5 under Cindy Durham, getting crushed by Knox, West Rowan and North Davie while hanging reasonably close to China Grove and North Rowan.

While guards Ashley Whitlock (7.2 ppg with a season high of 14) and Sloan Smith (6.6 with three 10-point games) and center ShaNicka Brown (5.8 with 11 and 15 in two games) were the most reliable tools on the seventh-grade team, South's prospects have been brightened a bit by the arrival of Evony Tucker. She's a transfer from Knox, which drilled South 60-14 and 40-17 last year.

"My backcourt's probably going to be pretty good, with Whitlock, Smith and Tucker," Carter said. "I think Tucker's going to be a big help. She's another one that can handle the ball."

Against Downtown Whitlock drained two 3-pointers and scored 15 of South's 31 points, and Tucker added nine. The other 10 players are Neely Alexander, Bailey Marrs, Brittney Reynolds, Jennifer Cope, Kim Rhodes, Heather Foster, Janna Seamon, Releithia Gadson, Jenna Hendricks and Adrian Hogue.

"They're a good group," the 1995 Davie alumnus said. "If they just play as a team they'll have a good year. The big thing is working together."

Davie Wrestling Team Stomps To 29-2

Continued From Page B1

beating. I know what Billy (Riddle) went through last year."

"That's a lot of wear and tear on your body," Wilson chimed in. "I'll tell you, when we start practice I run from that circle.

"But he's been real patient, knowing his time's going to come. He got a chance to prove he can wrestle and he did."

The day also marked a huge stride for Riddle, who went 5-0 to lead 20 teammates. The sophomore improved to 18-9 after starting 8-7 against heavier 189 opponents.

"He's learning how to wrestle the heavier guys," Wilson said. "Last year he could go out and manhandle a 160. Now he's finessing and learning not to go wide open."

Jordon Kahrs, Adam Sain and Tyler Black went 4-0 as Davie wrapped up 53 of 70 individual matches. Even more impressive was Davie's pin ratio (32 to five).

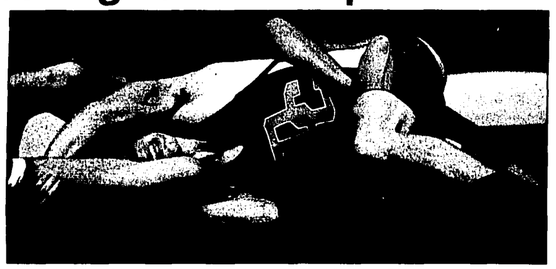

"You can't say enough about Jordon. You can count on him," Wilson said. "Sain worked through a couple injuries. He split his lip open and hurt his foot. He just gutted it up."

Davie got 4-1 records from Zac Morton and Dustin Johnson and 3-1s from Andrew Scott, Josh Stanley, Jacob Garner and Matt Wilson. Andrew Darcy went 3-2 and Adam Barber 2-1.

Even when Wilson reached deep into his reservoir, the results barely changed. Millard Smith, Derek Foster, A.J. Scales and Ted Randolph got one start each and all four capitalized.

"I tried to give an opportunity to some of those guys that don't normally get to wrestle varsity," Wilson said. He paused and let out a laugh. "A lot of times getting them there is all you need to do. Just drive the bus and make sure everybody's healthy."

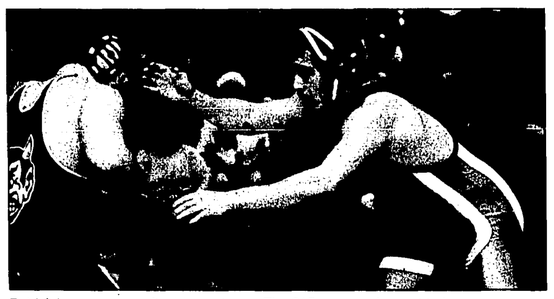

Notes: North Davie coach Ron Kirk traveled with the team to offer some additional expertise. "It was exciting for me personally," Wilson said. "It's always been a dream of mine to have my own team, and that gave me a little taste of it. To double the pleasure, I had Ron with me. Ron and I have talked about the opportunity to work together like that instead of butting heads (like they did when Wilson coached at South Davie)." ... Davie (29-2, 3-0 Central Piedmont Conference) firmed its grip on the CPC by ripping Reynolds 58-12 on Jan. 17. ... Davie's top records: Lowery 25-0, Black 30-5, Stanley 27-5, Sain 27-6, Kahrs 26-5, Scott 26-7, Garner 25-8, Morton 25-9, Barber 20-5, Andrew Darcy and Johnson 20-13 each, Malachi Gentry 18-11 and Wilson 10-5.

Billy Riddle had his hands full with this 189-pound Demon. Riddle prevailed 2-0.

Andrew Scott awaits the sound of the referee slapping the mat. The junior is 26-7.

Patrick Lowery goes after his next prey. The 215-pounder has yet to lose as a senior.

Jordon Kahrs closes in on a pin at 140.

Adam "Beefcake" Barber locks up at HWT. He won 4-2.

Matt Wilson and Buddy Lowery (right) get animated on the sidelines.

Lowery Says Yes To State, No To Carolina

By Brian Pitts
Davie County Enterprise Record

Here's how well it's going for Patrick Lowery: The senior has won 75 of his last 76 wrestling matches, he's nationally ranked on the mat and he accepted a scholarship from N.C. State in football on Jan. 12.

And just when you think it couldn't get any better, Wolfpack coach Chuck Amato told Lowery there's a good chance he'll see playing time as a true freshman.

"That says something about what they think about him as a player," Davie football coach Doug Illing said. "When you see someone work as hard as he has, it's great that he finally got what he deserves."

Lowery hasn't taken off that bright red cap since he returned from Raleigh, and who can blame him. The Wolfpack senses they're on the cusp of contending for ACC championships on a regular basis. Lowery and David Wooldridge will become the first Division I-A football players from Davie since the 1980s and the fact that he won't redshirt in 2002 doubled Lowery's delight.

"They have my major, which is turf management, and that made them my leader from the beginning," he said. "Another reason I wanted to go there is they lost two linebackers and they told me I wouldn't redshirt. They told me I'll be playing on most of the special teams, so I might see the field as early as next year. It's all on me. It's all about how hard you work. I'm not going to settle for second string. I'm going to keep pushing until I'm a starter."

North Carolina and Virginia also chased the Davie headhunter, certifying Lowery as a big-time prospect.

"I didn't want it to come down to me having to pick a college because that was the only place I could go play," he said. "It started picking up right before I left (Jan. 12). Carolina offered (on Jan. 11) and Virginia was wanting me to visit. That was good because I had options. The ball was in my court. But I pretty much had my mind made up before I made my official visit."

Illing said the Lowery-Wooldridge phenomenon could provide inspiration and a springboard for other talented War Eagles who might have otherwise slipped through the college-recruiting cracks.

"Not many coaches in the state have the opportunity to coach two Division I players on the same team," he said. "It sets a standard and says: 'Hey, it can happen if I work hard enough and want it bad enough.' We're just not a small country school people don't know about. We have some athletes and players."

Davie Special Olympics Hosting Regional Basketball Tourney

On Saturday, Jan. 26 Davie will host the first of 12 series Special Olympic basketball tournaments across North Carolina leading to the state tournament March 15, 16, & 17 in Rocky Mount.

It will take place at Davie High School starting at 9 a.m. with opening ceremonies in the main gym.

"We have 18 teams coming from seven counties," said Kathie Streit, Davie coordinator and tournament director. "I was really surprised when so many selected our series to participate in. We are one of the few to be including skills competition."

Special Olympics Davie will have a 5 on 5 team, a 3 on 3 team and 5 skills athletes participating.

The 5 on 5 team plays traditional basketball and is coached by Jimmy and Traci Ham. Players on the team are Darren & Michael Hepler, Scott Nelson, Gary Redman, Melinda Simon, Tiffany Smith, Jackie Spry, Stacey Streit, Joy Thompson, and Robb Williams.

The 3 on 3 team players Chris Atwood, Chris Collins, Lisa Godbey, Patrick Kelly, Joel Oneal, and Tim Troyer are coached by Tanya Presnel and Ron Seehrist.

Patsy Veach, who has coached the skills athletes for the past 10 years, is assisted by Carol Atwood, Jessica Boger, Tracy Foster, Darlene Lagle, Jimmy Ligon, and Connie Yokley.

"Davie is very lucky to have the dedicated coaches we have," said Streit. Mocksville/ Davie Recreation has been great not only do they provide my time, but Joe (Boyette) arranged for the high school gyms and Mike (Garner) scheduled all the officals.

"The Cooleemee Civitans are running the Skills Competition, they are wonderful to work with. There lots of family and friends who also donating their time, Davie is a wonderfully caring community."

The tournament is open to the public at no charge. Concessions will be available.

Special Olympics provides people with mental retardation with year round training and competition in 18 sports. Davie is looking for powerlifting and gymnastics coaches.

Davie's 5 on 5 team will play at 9:30 a.m., 12:30 p.m. and 1:30 p.m.

Skills competition begins at 9:30.

Davie's 3 on 3 team iwll play at 9:30 and 12:30.

Little League Baseball, Softball Registration To Open

Registration for the Davie County Little League baseball and softball season will be held at the Brock and Pinebrook gyms on the following Saturdays: Jan. 26, Feb. 2 and Feb. 9 from 10 a.m. to 3 p.m.

Davie County residents who will be between the ages of 5 and 15 as of Aug. 1, 2002 are eligible to participate. Programs include T-ball, coach pitch softball and baseball, minor, major and junior league softball and baseball.

The registration fee is $40 per child. There is a discount for families who have more than one child participating.

Davie Sports News From January, 1979

Lexington knocked off Davie's varsity girls basketball team 55-47 in a showdown for first place in the North Piedmont Conference. Deanna Thomas (15 points), Mary Gardner (12) and Jill Amos (11) led Davie, which slipped to 13-3 and 9-2 in the NPC. Davie routed Thomasville 62-32 behind 20 points from Thomas and 18 from Amos.

Amos was fourth in the conference in scoring at 16.1 and Thomas was sixth at 15.3.

Steals by Alan Mock, Barry Chunn and John Redmond on three successive inbounds gave Davie a 54-53 lead, but Lexington prevailed 57-56 over Davie's varsity boys. Randy Athey's 23 points and Chunn's 20 paced Davie.

Athey (18 points) and Chunn (16) led the way again in a 69-64 loss to Thomasville. Athey, a 6-4 center, was ninth in the NPC scoring race at 14.5.

Joey Kennedy resigned as Davie's varsity football coach. He was 15-15 over three years, two of which were spent in "one of the toughest football conferences in the state," Kennedy said.

The Mooresville native came to Davie with an impressive reputation for turning losing programs into winners. Prior to his arrival, Kennedy was the head man at North Johnston for four years. After inheriting an 0-10 team from 1971, he led North Johnston to 9-1 and a No. 3 ranking in the state in 1975.

Coed Soccer Registration Under Way

Registration is under way for coed soccer. The fee is $40 and the Mocksville-Davie Recreation Department will take sign-ups through Feb. 4.

Games will be played at Pinebrook Elementary and in Iredell County, and there will be a maximum of 18 players per team. The age divisions are U-10 (Aug. 1, 1991-July 31, 1993), U-12 (Aug. 1, 1989-July 31, 1991) and U-14 (Aug. 1, 1987-July 31, 1989).

For more information, call Joe Boyette at 751-2325.

Men's Open Basketball League Planned

There will be a men's open basketball league at the Brock Gym starting March 6.

The league will consist of eight teams, and the deadline to sign up is Feb. 17. The games will be 40 minutes, each team will play 14 games and the league will run on Wednesday nights and Sunday afternoons.

To register, contact Brian Pitts at 751-2120 or 751-4677.

A-1 First Impressions Offers Highest Quality Carpet, Janitorial Cleaning

At right, Bob Chappell and Steven Johnson of A-1 First Impressions.

Shirley Midkiff had spent 33 years in her home, and raised all her children there. When she needed her carpets cleaned, she asked her carpet installer who was the best company to clean them. The installer highly recommended A-1 First Impressions.

"They just did a beautiful job," said Mrs. Midkiff of Winston-Salem. "We've had carpets cleaned before, but they almost looked new when (A-1) got through."

Mrs. Midkiff was also impressed with the thoroughness of Steve Johnston, managing partner of A-1. She also liked the fact that Johnston was dependable and called if the appointment had to be changed.

"He keeps in touch with you, and he stands behind his word. I have already recommended him to about six people."

Mrs. Brenda Plemmons of Clemmons has also been very pleased with the services of A-1 First Impressions.

"We had about 1200-1300 square feet of carpet cleaned in our home. Our carpet is about ten years old, and he did an excellent job."

Are the carpets in your home or office spotted with stains, or packed down from constant use? If the carpet in your car, truck, RV, camper, airplane or boat holds bad odors from pets, smoking, smoke damage or spills, A-1 holds a certification from the highest professional standard in the cleaning industry.

Steven Johnston, who also holds an MBA degree, is certified by the worldwide Institute of Inspection, Cleaning and Restoration in carpet cleaning, water damage, color repair and reinstallation. He estimates that less than 5% of carpet cleaning companies have this certification, which trains technicians to follow manufacturers' recommendations on maintaining factory warranties.

"We do not overwet carpet," said Johnston, who with co-owner Bob Chappell owns A-1. "We have learned the chemistry that releases the bonding of dirt to the fiber. Different fibers require different factory recommendations."

A-1 is skilled in removing, not just covering, foul smells from everything from pet urine to dead animals.

"An animal who urinates 3-5 ounces each time can leave up to 80 gallons of urine per year on flooring," said Johnston. If your rental or vacation home has foul odors on the flooring, A-1 guarantees the removal of the odor in writing. They will not only treat the stain to the carpet, but disinfect and deodorize the padding and carpet backing as well.

Why replace a houseful of expensive carpet, when A-1 can replace missing tufts or rows of carpet? Instead of buying a new room of carpet, A-1 will match and insert carpet to repair cigarette burns. They are also expert at redying carpet which has lost its natural color due to spills or other damage. A-1 can restretch carpet which has waves or lumps, or retack areas which have pulled loose.

A-1 also cleans upholstered furniture, wood and tile floors, leather, marble or stone. Scratched wood floors can be refinished and restored without sanding. A-1 First Impressions provides janitorial services for restrooms or offices, and can clean and deodorize cubicle walls. Free estimates are available on site.

"We give people the best value for the best price," said Johnston.

A-1 First Impressions Carpet and Janitorial Service will work with each customer to meet their budget. A-1 offers a carpet maintenance program, with monthly payments to cover the cost of an annual or semi-annual cleaning. Another extra feature is their MAXIM protector, which Johnston states is the best on the market today. This protective coating on carpet fibers carries a written one year warranty. If you cannot remove the spots, A-1 will return AT NO CHARGE to remove them. Call A-1 for more information on this, as well as the spot kits available for sale with A-1's personal instructions on how to use them.

A-1 First Impressions is bonded and insured. They accept MasterCard and VISA, and also offer gift certificates. For an appointment for a FREE ESTIMATE today, call (336) 764-2624 or mobile: (336) 403-4274.

Good Vehicle Maintenance Includes Regular Service Begins At George's Village Garage

At right, Kevin and George Pries of George's Village Garage.

Although it is no secret that cars give higher performance with regular servicing, George Pries at George's Village Garage says that many people still fail to do it.

"When you don't regularly service your car, all kinds of problems can arise," said Pries, owner of the popular Clemmons garage. "Head gaskets, hose problems, radiators, cooling systems that need to be flushed out are just a few." Pries noted that failing to service a car can result in large repair bills down the road.

"One car owner drove 32,000 miles in one year," said Pries. "When she brought her car in, the tires were shot. She had never rotated the tires."

George's Village Garage is equipped with state-of-the-art computer systems specific to many different makes of automobiles. George's five mechanics are experienced in not only the American brand cars, but Toyotas, Nissans, Mazdas, Porsches, Mercedes, and even the rare de Loreans. These quality professionals spend hours each year in seminars and training to be current on the latest in car performance.

George's computer diagnostic equipment allows customers to bring their cars in for an accurate and honest evaluation of both major and minor problems. George's Village Garage is well-known for their fair treatment of their customers.

"George is an honest, down-to-earth Christian," says Stuart Claassen of Clemmons. He has brought all four of his family's cars to George's for more than eight years, because of George's good reputation in the community.

"We do a lot of driving. I'm very comfortable sending my kids up there," said Claassen.

George's Village Garage, which began in a two-bay shop on Ramada Drive, has expanded to seven bays at its present location at 2570 Lewisville-Clemmons Road in Clemmons. Kevin Pries, George's son, oversees the garage's smooth operation as General Manager.

Tires are one item on a car that rapidly deteriorate. George's stocks a number of popular and sturdy brands, including Firestone, Michelin, Dunlop, Lee, Bridgestone and Hankook. See the trained professionals at George's, before you get stranded on the open highway with worn or punctured tires.

George Pries states that cold weather is especially wearing on tires. George's Village Garage gives speedy service in their seven bays, and will have you back on the road quickly for optimum performance.

"Maintain your tire rotations," said Pries. "In this fast-paced world today, people are so busy running kids to soccer that they fail to follow their owner's manual for maintenance." He recommends regular servicing to prevent more expensive problems and longer life of your automobile.

Cars are a costly investment. Protect your investment with good service and expert care from the skilled professionals at George's. They will provide you with a straight-forward assesssment of any repairs needed, and a fair estimate of what it will cost.

George's Village Garage is located behind Sagebrush Restaurant, at the corner of Lewisville-Clemmons and Old Glory Roads. Call 766-7862 for an appointment today.

Students Give Their Ideas On Balancing Defense, Liberties

By Dwight Sparks
Davie County Enterprise Record

Bad weather and failing nerves thinned their ranks. That left 19 students to engage in a battle of wits and words Saturday in the annual Martin Luther King speech contest.

The rewards were generous.

Davie High student Gini Stone received a $1,000 scholarship for winning the high school competition.

She spoke of the Sept. 11 disaster: "In a matter of minutes, 3,000 lives were reduced to ash." And she warned, "Disaster is just a blink away. If (airline terrorist suspect) Richard Reid had flicked his Bic rather than strike a match, more would have lost their lives."

But she cautioned against the tendency to victimize an entire race because of the actions of the terrorists. "Not every white male is Timothy McVeigh; not every person of Arabic origin is Osama bin Laden."

High school speakers had been asked to address the national issue of balancing civil liberties with national security.

Stone, a junior, said many things we assume are rights are actually privileges, such as driving a car or immigrating to this country.

The speech contest, hosted by the Town of Mocksville, marked its 10th year Saturday at the Brock Performing Arts Center.

"We believe this is a good thing," said Julius Suiter, the contest moderator. "Here was an opportunity to share a speech — to share what our nation means to us. We're proud of what these kids do. They need to know there are other folk — not just their parents — who want them to do well."

The speech contest has always been like a piano recital — dreaded by the students but loved by their parents. More than 40 had signed up to speak, but only half came.

Suiter said he hoped the contest could grow to fill the auditorium with parents and students eager to practice one of the basic rights guaranteed by the constitution.

The winners included:

• Elementary division — first place, Brandi Cockerham, fifth grade, William R. Davie Elementary; second place, Robert Sparks, 5th grade, Shady Grove Elementary; third place, Raheem Alexander, fourth grade, Mocksville Elementary.

• Middle school division — first place, Amanda Nichols, 6th grade, North Davie; second place, Ellen Carter, 7th grade, North Davie; third place, Nikeda Easter, 8th grade, South Davie.

• High School — first place, Gini Stone; second place, Brent Skiver, 11th grade, Davie High; third place, Tekia Sade Torrence, 10th grade, Davie High.

The winners received $100 and $50 savings bonds from CCB. All the participants received dictionaries, coupons and other gifts.

The other participants included:

• Elementary division — Rakeem Alexander, Mocksville Elementary; David Oakley III, Pinebrook; Karlyn Phipps, Mocksville.

• Middle school — Kenzi Brown, Rachel Lantis, Rachel Simpson and Janie Williams, all of South Davie, and Brett Sita, North Davie.

• High school — Ryan Barber and Shari Melton.

Dr. Francis Slate, Mocksville mayor, said the town is committed to the contest. It both memorializes Dr. Martin Luther King and promotes citizenship for the students.

The younger students were asked to speak on protecting our nation's defense. Here are some of their comments:

• Rakeem Alexander: "My mother protects me," he said, adding that President Bush, Secretary of State Colin Powell, his teacher and principal and the Army also provide protection.

• Raheem Alexander: "I could grow up to be like Michael Jordan, like Benjamin Franklin. I could grow up to be the first black President. I could be a teacher or principal."

• Brandi Cockerham: "Our nation's defense must start at home and in our neighborhoods. We should strive to be friendly with other nations. We should teach acceptance and forgiveness, not violence and terrorism."

• David Oakley III: "Education is the key to protecting our nation's defense." He said technology gives our Army the edge in battle, and technology schools should be supported.

• Karlyn Phipps: "If we don't protect our nation's defense, we could have another attack." She reminded taxpayers that their money goes to pay the soldiers and reminded the audience of the fear we had Sept. 11.

• Robert Sparks: He urged the audience to support the soldiers with letters.

• Kenzie Brown: "We need to stand up for all whose lives were lost ... I'm proud of our postal workers for keeping our mail going even with the threat of anthrax."

• Ellen Carter: She recounted all the different agencies that provide our security.

• Nikeda Easter: "Protecting our nation's defense is not about being a Republican or Democrat, a hawk or dove. It takes all of us, not half of us. We must unify if we're going to protect our nation's defense."

• Rachel Lantis: "This is a war that will be costly and take a long time. Already, some people are tiring of the daily coverage .... The world does not love America, but does that mean we're going to withdraw from the world?"

• Amanda Nichols: "These freedoms are things we took for granted. Thanks to these brave men and women, we are able to sleep at night. When you reach 18 years of age, exercise your right to vote. This is the most important thing we can do." She also urged patriotism by showing the flag and learning about terrorists' ways.

• Rachel Simpson: "You have to take risks," she said of our soldiers, calling it an honor to die in the nation's defense. "Our country needs you to look to the future to prevent (attacks) from happening again." She called for America to be "one big family, together and free."

• Brett Sita: He noted there was a potential threat of our own nuclear weapons being turned against us, but that is avoided by careful rules to prevent theft.

• Janie Williams: "My cousin just joined the military. I'm proud of him, but it hurt so much to let him go."

Here are some of the comments by the high school speakers addressing the balancing act between civil liberties and national security:

• Ryan Barber: He recalled a congressman having to strip to his briefs at an airport when he couldn't clear the metal detectors. "Have we gone too far?" Some rights will have to be encroached upon, he said, but we need to find an appropriate balance.

• Shari Melton: "I have the right to swing my arm in anger, but if I swing my arm and hit a person in the head ... Along with my liberties come responsibility for my actions."

• Brent Skiver: He said America was attacked by terrorists jealous of the freedoms we enjoy. "Should people be allowed to go anywhere and do anything they want?" He said some limitations were necessary for security.

• Tekia Torrence: "We have all supported our leaders," she said. But she cautioned that our leaders should pay attention to complaints of abuses within the country and resolve them.

The $1,000 scholarship was provided by gifts from Adelphia, town manager Terry Bralley, EnergyUnited, Ingersoll-Rand, Walmart and Martin, VanHoy, Smith & Raisbeck attorneys. Judges were Kathy and Rick Best, Perce Mussleman and Jerry Seager.

Cline-Hamilton Engagement Announced

Mr. and Mrs. Gerald Cline of Advance announce the engagement of their daughter, Jennifer Leigh to Randy Mac Hamilton, son of Mr. and Mrs. Jerry Hamilton of Pleasant Garden.

The bride-to-be is a graduate of the University of North Carolina at Greensboro and is employed in the cashiers and student accounts office at UNC-G.

Couple Married At Bethlehem Methodist

Anna Saya Busha and Malcolm Asbury Laird of Raleigh were married Saturday, Nov. 17 at Bethlehem United Methodist Church in Davie County. The Rev. Mark Weekley officiated at the 2 p.m. ceremony.

The bride is the daughter of Ayako Maria Busha of Yigo, Guam, and the late Jeff Donald Busha. She graduated from St. John's School and is pursuing a degree in computer information systems at Wake Technical College. She is a member of Phi Theta Kappa and has been named to the National's Dean's List and President's List. She is employed with IBM in Raleigh.

The bridegroom is the son of Lydia Laird of Clemmons. He graduated from West Forsyth High School and attended Montreat College, Western Carolina University and Randolph Community College. He is employed with Bolton Corporation in Raleigh.

The bride was escorted to the altar by her uncle, Gary Slonim.

Nicole McGuire was the maid of honor. Bridesmaids were Donna J. Williams and Rebecca Ramirez.

Kyle Myron Laird, the groom's brother, served as best man. Ushers were Chris Olive, Rob Bradford and Danny Wise.

Tina Coleman, the groom's niece, was the flower girl, and Ryan Stark was the ring bearer. Sally Coleman, the groom's niece, was the guest registrar.

A program of wedding music was provided by pianist Anna Kilbreth and bagpiper Charles Hatley. The bride entered to the music and the couple exited to the bagpipes music.

A reception in the church's Life Fellowship Hall followed the ceremony.

The groom's family hosted the rehearsal dinner at the fellowship hall on Nov. 16.

The couple were also honored with a wedding shower at the fellowship hall. The shower was hosted by the groom's sister, Sarita Stark; his aunts, Thelma Couch, Helen Lanier and Edna Matthews; and his cousin, Pamela Myers.

The couple took a wedding trip to Fire Mountain and live in Raleigh.

History For Sale

Boxwood Lodge, Property, Furnishings To Be Sold At Unique Auction Event

By Mike Barnhardt
Davie County Enterprise Record

JERUSALEM - Martha Hoffner has been trying to sell the Boxwood Lodge for the past three years.

She's had some interest from people wanting to operate a bed and breakfast in the 9,129 square foot house, with nine bedrooms, seven full baths and two half baths. But because there wasn't a proven business record, they backed away.

She had interest from a group of Charlotte area residents who wanted to start a private academy for gifted children, but that interest also faded.

Now, the 51 acres around the lodge, which is on the National Registry of Historic Places, has been divided and will be sold at auction. All real estate but the house and adjacent six or so acres will be sold at absolute auction, meaning it will go to the highest bidder. The house commands a minimum bid of $500,000. If it gets that, all of the antiques and furnishings - everything in the house - will be sold at auction.

Interested buyers can preview the property on U.S. 601 South of Mocksville from 1-4 p.m. Sunday, Jan. 27 and Saturday, Feb. 2. Russell Seneff of Woltz & Associates, which is handling the sale, said more detailed information is available at www.woltz.com.

Seneff said the auction will be fast-paced and unique.

Property buyers will have the option of grouping any of the nine lots. They can bid on just one, or to buy it all. "The combinations will be there for whatever they want. This is a once in a lifetime opportunity."

In addition to the on-site auction beginning at 10 a.m. Saturday, Feb. 9, online bids will be accepted.

"It will be very interesting to see. There will be people here to buy it all ... one tract ... or maybe just a vase," Seneff said.

Hoffner, who inherited the estate from her late husband, Roy Hoffner, an heir of the Margaret Craig Woodson family, said the property became too much for her to manage. And she realized that potential buyers needed more options than buying it all.

All of the lots are over five acres and have preliminary approval for a septic tank. They will be restricted to stick built homes over 1,500 square feet.

There is a log cabin on the property, which will be sold with one of the lots. The two-bedroom two-bath cabin has two gas fireplaces.

Hoffner still would like to see the property go to one buyer, maybe someone with a love of history and old estates.

It's history is long.

Boxwood started as a winter hunting retreat for a wealthy New York cotton broker, William Rabb Craig. The original hunting log, a book that kept up with how many animals were killed in a day, will be among the items sold at the auction. In 1913, Craig and his wife, Margaret Eason Cunningham Craig, began landscaping the grounds. Among their favorites were the boxwoods, many of which are still there, some more than six feet tall.

Mrs. Craig, who later became Margaret Craig Woodson, started the house in the early 1930s, after her husband had died. The log cabin was built for her to live in for three years, while the house was being built. The Colonial Revival Style Manor house was designed by famous architects Delano & Aldrich, who were involved with La Guardia Airport, the Knickerbocker Club and renovations to the White House. The Craigs knew the architects from living on Park Avenue. The house plans are at Columbia University. It has high ceilings, crown moulding and hardwood floors. The unfinished basement has a walk-in safe.

Mr. Craig's grandfather clock, built in the 1800s, will be sold, as well as the antique billiards table, furniture, bedroom suites, Mrs. Woodson's tea set, table cloths, paintings ... It all goes.

Hoffner said there are paintings, and she's not sure of the identity of all of the subjects. Mrs. Woodson has few relatives, and they are distant and haven't shown much interest in the items in the house. But the Woodson Foundation still gives money to charitable groups in Davie and Rowan counties.

"I think this whole thing needs some new blood," Hoffner said. "I'm ready to do something else." She plans to move to North Myrtle Beach to be closer to family.

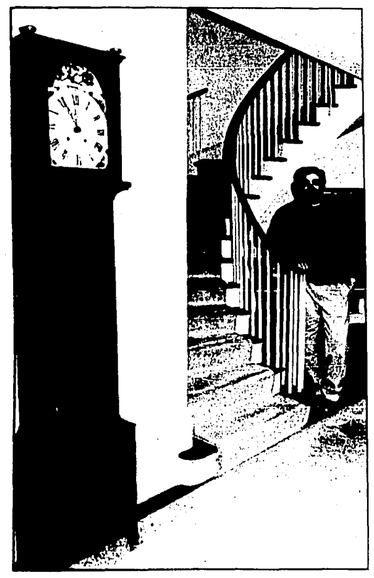

The historic Boxwood Lodge south of Mocksville will be sold at auction on Feb. 9.- **Photos by Robin Fergusson**

Russell Seneff from Woltz & Associates looks at the lodge from the back of the property.

An antique mirror (left) and tea set (middle) will be sold at auction. Martha Hoffner (right) stands at one of the fireplaces in the log cabin, which will also be sold.

Seneff stands at the staircase, with the antique grandfather clock at the left.

Family and friends held a funeral service at National Cemetery in Salisbury for Lakeina Francis last week, the second funeral for the Woodleaf woman killed while working aboard thethe U.S. Cole for the Navy. **- Photos courtesy the Salisbury Post**

Family Buries Daughter For A Second Time

The family of E-3 Lakeina Francis had a tough task last week.

They had to bury her - again.

She was killed when the suicide bomber drove a boat into the ship she was stationed in in the Middle East in 2000.

Dorothy Graham of Graham Funeral Home in Mocksville said she was surprised when, 14 months later, she received notice that the U.S. Navy was sending more remains, which had been matched using DNA.

"I've worked in the funeral service for over 40 years and have never encountered a situation like this," she said.

"This has been difficult for the Francis family, but they have incredible strength, and they receive a lot of support from friends.

"As American citizens, we should also appreciate the families of the brave young men and women who sacrifice their children to ensure our safety and freedom," Graham said.

Color Me Healthy Child Health Program Coming

There is a new program that hopes to change eating and physical activity habits of preschoolers - for life.

Only one in five children eats five servings of fruits and vegetables a day, as recommended by the National Cancer Institute. American children spend more time watching television, videotapes and playing video games than doing anything else except sleeping. Is it any wonder that approximately one in five children in North Carolina are now overweight?

In responce to these issues, Davie County has joined other counties across the state in delivering a new program called Color Me Healthy. It is a new program developed to reach children ages four and five with fun, innovative, interactive learning opportunities that encourage physical activity and healthy eating. Color Me Healthy includes a variety of materials to make healthy eating and physical activity fun for children including posters, pictures cards, and original music. Color Me Healthy uses color, music, and exploration of the senses to teach children that healthy food and physical activity are fun.

Charlotte Pagett of the Davie County Cooperative Extension and Peggy Nuckolls, Director of the Davie County Partnership for Children/Smart Start, have teamed up to bring Color Me Healthy to our county. Training will be held for childcare providers working with four and five year olds on Feb. 2 and March 2. They will take part in hands-on learning on how to teach Color Me Healthy in their classrooms. Participants will also receive at no cost all the materials needed to carry the program into their classrooms. Preregistration is required to attend the training.

If you are interested in learning more about Color Me Healthy, contact the Davie County Cooperative Extension, 751-6297, or the Davie County Partnership for Children, 751-2113.

New Life Church To Celebrate Anniversary

The pastor and members of New Life Apostolic Church invite the public to the fourth church anniversary.

"The Lord has brought us through another year and we are very thankful," said pastor, Charlene Lewis. "With your past support and fellowship we want to express our gratitude."

Services were to begin at 7 p.m. Wednesday, Jan. 23, with Bishop M. Grant of Mt. Olive, Lenoir; and continue at 7 Thursday with Pastor A. Freeman of St. John AME Zion, Mocksville, and 7 Friday with Bishop S. Transou of Greater Truevine, Thomasville.

On Sunday, Jan. 27, services will be held at 11 a.m. with Lewis, and at 3:30 p.m. with Pastor A. Stephens of Jesus Saves Ministries of Statesville.

Chiasson Family Announces Birth Of Son And Brother

Robert, Diane, and Madison Chiasson of Cheticamp, Nova Scotia, announce the birth of a son and brother, Donovan Seward, at 5:34 p.m. Jan. 10, 2002 at Inverness Consolidated Memorial Hospital, Nova Scotia.

He weighed 9 lbs. 14 oz. and was 23.25 inches long.

Maternal grandparents are Dickie and Sue Groce of Mocksville.

Paternal grandparents are the late Seward and Theresa Chiasson of Cheticamp.

EATON FUNERAL SERVICE

Celebrating 50 years of service to the community
325 North Main St., Mocksville, NC • 751-2148

This Hope will be in concert Saturday night at Hillsdale Baptist, and will sing during Sunday morning services.

'This Hope' In Concert Saturday At Hillsdale

"This Hope" will be in concert at Hillsdale Baptist Church, 4815 U.S. 158, Saturday, Jan. 26 at 7 p.m.

This Hope met and began singing together in 1991 in their church in Alaska. Two years later, they were ministering on a regular basis.

Brent Helton, Hillsdale's minister of music, heard the group and wanted to invited them to Hillsdale Baptist. " These guys are dedicated Christians, devoted to the cause of Christ. The group sings an unique blend of a cappella and harmony and accompanied music. People of all ages will enjoy the intricate harmony and fun style of their music," Helton said.

The concert is free and open to the public. The church is a mile west of N.C. 801. For more information, call 940-6618. This Hope will also sing at Sunday services at Hillsdale Baptist at 9 and 10:30 a.m.

Celebrate Recovery

Hillsdale Baptist Starts Program For Those With Compulsive Behaviors

Hillsdale Baptist Church in Advance is starting a support program designed for those struggling with compulsive and dysfunctional habit-forming behaviors. Called Celebrate Recovery, it will begin on Friday, Feb. 1, and will meet every Friday night from 6-10.

Events will include supper, a worship time, a Christ-centered 12-step recovery program, and fellowship time. It is designed to help participants develop healthy relationships that will grow into a support team of accountability partners.

Celebrate Recovery offers the opportunity for fellowship and celebration of God's healing power through a stronger personal relationship with Jesus Christ and others.

This program is free to the public, with the exception of a small charge for supper. Child care will be provided age birth through fifth grade.

Hillsdale Baptist is on U.S. 158 a mile west of N.C. 801. Call 940-6618.

PETITION DEADLINE IS QUICKLY APPROACHING!

Do you live in the city limits of Mocksville? ☑ Yes ☐ No

Have you reached the minimum age of 18? ☑ Yes ☐ No

Do you support citizens having a right to vote? ☑ Yes ☐ No

A very important issue is facing the citizens of Mocksville within the next **two weeks**. The *Citizens for the Right to Vote* are requesting signatures to call for a special election to ***allow YOU*** *the opportunity to vote* ***YOUR personal choice*** *...* ***FOR or AGAINST*** *...* the sale of adult beverages.

ACTION REQUESTED: Almost 800 signatures are needed from registered voters within the Mocksville city limits. **Please take a moment to read and complete the petition below**. After completion, simply drop it by the Chamber of Commerce (or mail it to 101 Salisbury Street, Mocksville, NC 27028 no later than January 31). Be sure to sign it with your legal name and complete address, etc.

Petitions are also available in some area businesses, convenience stores, restaurants, etc. Note that up to 15 signatures may be listed on the petition; therefore, if you know of other family members, friends, co-workers or neighbors who are interested in the right to vote - they, too, may sign.

✓ **Facts to Consider**

- The sale of adult beverages *will not introduce* adult beverages in Davie County. Other towns and clubs on our county presently have adult beverages available.
- The sale of adult beverages will allow our citizens the *convenience* to shop locally.
- The sale of adult beverages will *allow local restaurants to offer* these beverages.

We appreciate your support!

Shady Grove Elementary

Skate Night will be Tuesday, Jan. 29. Admission is $3.50, which includes skate rental if you need it. Venezia Night is every Monday. Use your Harris Teeter VIC card and clip General Mills boxtops to help the school.

Check the school's website for information about school, PTA events, calendars, and links to informational websites, as well as individual teacher websites.

Students of the week for Jan. 14-18: Samantha Maurice, Morgan Lane, Jacob Hester, Isidro Aguero, Cameron Peebles, Claire Whitaker, Colby Widener, Kassidy Holt, Will Macey, Matthew Potts, Chris Godley, Roby Davis, Zane Duffner, Spencer Hall, Sam Moser, Jackie Barney, Ethan Rector, John Weakley, Robert Sparks, and Johnny Velotta.

William R. Davie Elementary

The third grade had a field trip to SciWorks in Winston-Salem. Students saw and touched animals, had hands-on experiences, and watched demonstrations. One of the favorite pars of the trip was the planetarium show called "Planet Patrol." The trip ended with a laser show highlighting songs by the Back Street Boys and NSYNC.

On Tuesday, Jan. 8 students who sold $350 or more in Goalbuster Fall Catalog Sales Fundraiser enjoyed a "limo lunch." The following students cruised to Pizza Hut in a limo for lunch: Kelsi Miller, Julia Lanzo, Clark Dalton, Shade Ashley, Joshua Atkins, Johnathon Webb, Caitlin Miller, Chloe Mabe, Michael Shores, Ashley Peacock, Kolin Andrews, and Alan Spry.

Students in grades 3-5 who reached their 50 Accelerated Reading points goal for the semester won a special afternoon of movie and popcorn Jan. 18: Peyton Blackley, Megan Boyer, Mack Britt, Emily Davis, Matthew Dyson, Esmeralda Hernandez, Caitlyn Hyde, Tyler Lee, Cameron Sheppard, Jamie Morris, Tori Norris, Zachary Paugh, Taylor Anderson, Jacob Draughn, Kasey Ireland, Spencer Lanning, Breck Want, Austin Brown, Clint Mast, Heather Scherer, Brooke Wagoner, Jessica Blackburn, Charlie Boger, Maddie Hunt, Pattie Kurfees, Emily Whitaker, Stacy Wood, Brandi Cockerham, Samantha Contos, Craig Draughn, Sidney Henry, Justin Keaton, Clark Dalton and Wesley Paugh.

Students are really excited about reading this year with competition in grades 3-5. Points are tallied and posted weekly. Mrs. Whaley's fifth grade class just took the lead from Mrs. White's fourth grade. Mrs. Prince's third grade class is two points behind. Soon the winners of the month in all classes will be on display with their pictures on a trophy.

The School Spelling Bee is coming up. Representing Mrs. White's class are Kassandra Gerdes and Kasey Ireland; Mrs. Cleary's students are Ryan Barneycastle and Juan Lorenzo. Ms. Ireland's fourth grade students are Dustin Ratledge and Paula Romero. Fifth grade winners from Ms. Ireland's class are Stacy Wood and Caroline Carter. Mrs. Whaley's fifth grade winners are Sidney Henry and Justin Keaton. Mrs. Meagher's class is represented by Ashley Woodie and Nila Bledsoe.

Second and third graders are learning about the four families of instruments of the symphony orchestra. Through a grant to the Davie County Arts Council, the Winston-Salem Symphony will play for all Davie County second and third graders March 27 at the Brock Performing Arts Center. Students have enjoyed mini-concerts by the woodwind, percussion, and brass ensembles. Still to come in February is the string quintet. Students have watched videos on each instrument family.

Students learned many songs this year. They will showcase their songs at the last PTO meeting of the year Tuesday, April 16.

The Student Council continues the Penny drive to help the firemen and families of the Sept. 11 tragedy. The winning class in December was Ms. Ireland's. The team coming in second was Mrs. Drye's, and third place was Mrs. Renegar and Mrs. Shephard's with a tie. The Penny Drive continues.

Bus and Car Riders of the Week were Isaias Morales, Danielle Young, Payton Kelly, Allison Jordan, Scotty Stumbo, Mariah Lyons, Justin Swaim, Lakota Marroquin, Derek Danner, Magi Ruano and Brandi Allen.

Preschool Night was held in the media center Jan. 14, a time for preschoolers to come to school to enjoy books and fun activities.

Students in Mrs. White's fourth grade class held their annual class election after a unit of student on government, Candidates and campaign managers were involved in making posters, other means of advertising, and making speeches. Students made up questions for a debate. The teacher was careful to create colorful ballots with no "chads." The new officers of the class are: president, Michael Tilley; vice president, Kasey Ireland; secretary, Kassie Gerdes; monitors (representatives for the class), Samantha Tarleton, Danielle Young, and Matthew Speer. Students will begin to hold weekly class meetings. The goal is to improve the class in a democratic environment.

Students were involved in a Christmas project in December where they divided into the three regions of North Carolina. Students researched their region, wrote a report, made a bulletin board and decorated a North Carolina tree. The Christmas party which was planned by students was a North Carolina party with refreshments and entertainment centered around North Carolina. Students dressed as their region. Andy Griffith, Colby Hempstead, was at the party. Students enjoyed the December unit so much they still have the North Carolina tree up in their room.

During the fall, Mrs. White's students started a "Jog a thon" and started jogging across North Carolina (on the track as Mrs. White read about places in North Carolina). Right before Christmas, the class finished their last mile. Parents are sending in their pledges. A group of students will take the funds raised and visit the grocery store to purchase items for "Storehouse for Jesus."

Birthday luncheon for January was held on Jan. 23. The Citizenship Luncheon will be Jan. 30. Parents are invited. Preschool Night will be Feb. 5. Third grade will be involved with GOGAT testing Feb. 5-7. The next PTO meeting is Feb. 12 at 7. Grades 3-5 will present the "Kindness Program." Feb. 14, Valentine's Day, will be early release for students. They will dismiss at 1. Friday, Feb. 15 will be no school for students. Feb. 18 is a snow make-up day. Feb. 19 is February's skate night. Feb. 20 will be the Birthday Luncheon and Feb. 27 will be the Citizenship Luncheon.

'Just Playing In Mud'

Fifth Generation Potter Weaves History Into Demonstrations To Local Students

By Mike Barnhardt
Davie County Enterprise Record

WILLIAM R. DAVIE - "I'm just playin' around in mud."

That mud, in the able hands of Sid Luck of Seagrove, turns into bowl within minutes on his potter's wheel.

At the same time, he's answering questions from eager young students at William R. Davie Elementary School. "How much does that cost?" "Can you put a handle on that?" "How old are you?"

"I've been making pottery for 46 years, so I guess I'm an old geezer now," he said.

As a part of the Davie Arts Council's Arts in Education program, Luck spent time at each Davie school.

Luck is a fifth generation potter who started at age 10. His family has always made the functional pieces, such as bowls, cups and pitchers. He has a bowl that he has been using in the microwave for 15 years. It looks as good as ones that come out of the kiln, he said.

"This used to be a very vital part of the community," he said. "I really don't consider myself an artist, so I don't demand an artist's price."

The price os his pieces is based on the cost of production, rather than any artistic value.

It takes years to be able to predict what you're going to do as a potter, Luck said. After that, it can become second nature. "It's a challenge and I've always wanted to do this."

Luck was a school teacher until 1990, when he resigned to open Luck's Ware full-time. So the teaching part comes somewhat natural.

He explained that area around Seagrove, and another in the Catawba Valley, became known 200 or more years ago for their pottery. Pieces weren't fancy and weren't signed by the makers.

"This wasn't regarded as anything like art, just essential vessels for the community," he said. "It was a way to make a living."

While visiting schools, he shows how the wheel works and answers questions of young students, while sometimes in the upper grades, he may teach a workshop to art students.

"I approach this more from a historical perspective ... although it really is an art form."

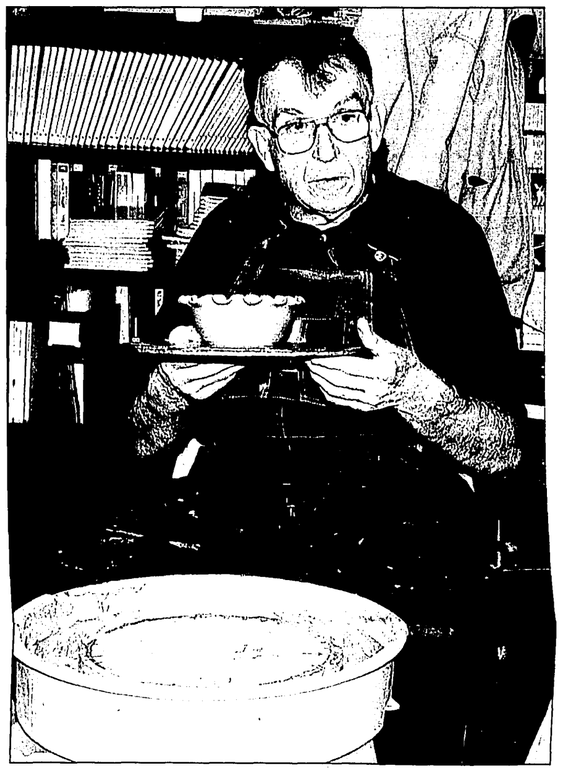

Pottery, Luck said, is the second oldest profession in the world.

Luck's ancestors moved to the Seagrove area from a pottery area of England in the 1750s. While he's giving this history, the wheel turns. His mud-covered fingers mold the rising clay, while he looks into the student's eyes while answering questions. Students ask questions and listen, but their eyes are focused on the rising mud. Luck flicks his hand and a few drops of the tan muck fall on his overalls.

"Letting them see it being made is more of an artistic ability," he said.

You may have seen him on UNC-TV as part of the show, "Potters of Seagrove." He's appeared in schools here before, and at festivals. His shop is on Adams Road near Seagrove, an hour and a half from Mocksville.

books to win prizes for Wally Warthog's reading program. Wally visited and students promised him to read all they could. The children are studying good citizenship traits.

Mrs. Wall and Mrs. Pruitt's second graders have been reading and writing about penguins. They have written penguin poems. In social studies, students have been discussing the community and people in the community. They seem interested in the changes that have taken place over the years.

Mrs. Vogler and Mrs. Shuler's third graders are participating in three reading incentive programs. They are reading books, taking AR tests and counting pages. They are reading to earn pizza from Pizza Hut through the Book-It program, a trip to a Warthogs baseball game, and special "treasures" through the annual school wide reading incentive program sponsored by the PTA. As a class, they are reading biographies of famous people, such as Thomas Edison, Martin Luther King, Jr. and Helen Keller. They are continuing to learn their multiplication facts.

Mrs. Mock's fourth grade class is working on fine tuning writing skills in preparation for the state writing test in March. Students are learning how to express themselves in different ways. One of the favorite activities is charades. Students draw an "emotion" out of the box and must act it out by using body and facial expressions. Students in the audience must write down what the student is doing in paragraph form. The trick is students must not use the "emotion" word that is being portrayed. This encourages students to use expressive sentences to get the same feeling across. The actor or actress then chooses a student to read their paragraph and guess the emotion. They begin with very simple feelings to act out such as "sad" or "happy." Then they move into more complex emotions, such as "anxious" or "shocked." Students have a lot of fun playing this game which encourages better writing.

Last week in physical education, students played fitness tic-tac-toe. Whenever they wanted to place an "x" or "o" in the game, they had to do the exercise listed in that box. When they finished the game, they could turn in their boards and get a new one, as well as a new opponent. Activities ranged from shooting baskets and running around the gym to jumping rope and push-ups. Kindergarteners enjoyed stations or "center" time. This week, all students begin a unit on jump roping and rhythm stick activities. Upper grade studetns will monitor and record their heart rates after each exercise if they matched or exceeded their target heart rate.

Students of the Week for the Week of Jan. 7-11: Mallory Williams, Sabrna Mance, Andrew Gebe, Kevin Arreola, Jacob Lambert, Joshua Hicks, Tia Clement, Jennie-Rae Hager, Marvin Quisana, Colleen Hennelly, Collin Russell, Latrice Stevenson, Ryan Moxley, Ashton Swicegood, Chad Watkins, Ben Brock, Shane Butcher, Michael Lanning, Chad Lee, Dylan Fulk, Octavia Boyd, Kristina Yourdon, Hannah Reavis, Alex Wilson and Jason Snyder.

The school Geography Bee is complete. Second runner-up was Allison Campbell in Sylvia Smith's class. First runner-up was Sarah Dinkins in Ms. Langer's class. The school winner was Madison Melton in Ms. Williams' class.

Students in Mrs. Wyatt and Mrs. Fulton's kindergarten class have been studying snowflakes, learning that each one is unique. Many students shared stories about their experiences in the snow Jan. 3-4.

Kindergarten classes presented the play "Santa's Workshop" for their families Dec. 18. Chris Kares and Tracy Wyatt's classes performed at 10. Kaye Vandiver and Jodi Patton-Athey's classes performed at 1.

Students in Chris Kares and Sonja Russell's kindergarten made Christmas ornaments and presents for the family. Students learned about holiday traditions.

Mrs. Beaver and Mrs. Melton's class performed for parents and grandparents at the December PTA program. The children made tree decorations as they learned about Christmas customs in other countries. They read about the holiday adventures of Fluffy the guinea pig. Thanks to the children and families who donated gifts and money for the Christmas Angel, kindness that made Christmas more special for one young boy.

Second graders learned about Christmas traditions celebrated throughout the community such as Hanukkah, Kwanzaa and the traditional customs. Various programs brought Christmas cheer during the holiday time.

Third graders spent the last few weeks studying Christmas customs around the world. Kwanzaa and Hanukkah were studied, as well as holiday traditions of Sweden, England, France and Germany. Students also finished an in-depth study of the solar system. In math, multiplication tables, fractions and measuring were studied. The cursive unit was started after the Christmas break.

Margaret Jo Brock's class finished their Wright Brothers' novel and made models of the Wright Flyer for the 98th anniversary of the first flight. They are eager to begin the Wally Warthog reading incentive program as they continue to read and earn Accelerated Reader points. Many class members enjoy a free individual pizza each month as part of the Book-It reward program.

The class welcomed two new members: Cory Shorthidge and James "Jamarl" Mayfield. Two students moved away: Jonathan Dyson and Sarah Bowline.

The class is looking forward to following the upcoming Olympics and the Iditarod race. They have begun the short novel "Stone Fox."

Mrs. Brock's fourth graders are doing their own food drive through January. They also donated to the Christmas Angel program.

DARE Officer Joey Reynolds is doing a short introduction to the drug awareness program.

The media center, during December, had lots of holiday stories and a special visitor, Mrs. Claus, who read stories to each class. A parent, Julie Whittaker, brought Mrs. Claus for all students.

Since students have been back from break, the kindergartners, first graders and secnd graders have been listening to stories that they can vote on for the NC Children's Book Award. Each year, students vote for their favorite. Third graders are wroking on the Dewey booklets, fourth graders are looking at literature genres and fifth graders are researching states.

Becca Doak's fifth grade class is reading the Newberry Award-winning novel, "Island of the Blue Dolphins," by Scott O'Dell. They are focusing on reading skills, such as finding the main idea, recognizing details and describing the characters and setting.

Students have begun studying the United States in Exploration (most people refer to it as social studies).

Fractions were the focus of math lessons. Students discussed fractions equal to 1/2 and to 1. They learned quite a bit of math and kept skills sharp due to the constant remediation of the Saxon Math textbooks.

The class prepared for the reading section of the end-of-grade test, using Blast-Off Reading to learn strategies.

Lindsay Bentley, Melinda Jablonski and Tabitha Wilt participated in the Geography Bee.

William McCoy and Lindsay Bentkley celebrated their birthdays. Chad Lee was Student of the Week.

North Davie

The Pharaoh second quarter rally was held Jan. 10 in the school gym. Honor roll students received ribbons, honor cards and candy treats from the Academic Booster Club. The following students were named to the Principal's Roll by team teachers: Mat Logan, Adam Gale, Brittany Marshburn, Robert McCamphell, Courtney Robertson and Chris Wantuch. Outstanding R&R (Respect and Responsibility) citizens are: Brandon Landreth, Megan Carter, Bennett Shipman, Courtney Robertson, Sarah Callahan, Bobby Miller and Karla Woodward.

Pharaohs with no referrals and no report card "F's" enjoyed an afternoon at the movies with refreshments Jan. 11. Before the movies, students completed the reading practice test. Results will help teachers know which skills need additional review in seventh grade during the second semester.

In social studies, Pharaohs are studying Asia. After a general overview, a concentration on China will include making a clay Chinese figure, a Chinese lunch, and a comparison of statistics among Asian nations using a spreadsheet.

In Mrs. Jackson's language arts classes, students are working on a research paper. Students selected an endangered animal from Asia or Africa and gathered information from several sources to blend into a final paper. The finished product is due Jan. 25.

South Davie Middle

The Art Department is preparing for the Academic Fair, Monday, Jan. 28 at 7 p.m. in the gym and multi-purpose room for parents and students. Artwork will be on display and student volunteers will demonstrate drawing, painting and ceramics. There will be a display of the Internet gallery with a movie theme on the computer.

The Battle of the Books team for 2002: Jason Bowles, Samantha Brown, Grady Cartner, Jonathan Creekmur, Gregory Devault, Clayton Edwards, Andrew Gosnell, Matt Hauser, Kristin McMillan, Amanda Osgood, Brandi Short and Conche Varona.

Students celebrated Accelerated Reader 100 Point Day Jan. 11. Students who earned 100 points or more in the first semester enjoyed class privileges and incentives including a lunch and treat. These students had more than 100 points: Trey Archer, Amanda Bridges, Ashleigh Butner, J.J. Byerly, Jonathan Creekmur, Chelsea Davis, Clayton Edwards, Mary Kate Frisby, Andrew Gosnell, Lauren Hauser, Samantha Hutcherson, Jamie Keegan, Kristen McMillan, Jeff Nuckols, Elizabeth Peeler, Justin Phillips, John Piper, Tucker Ren, David Van Antwerp, Matthew Vanhoy, Aaron Varner and Conche Varona. These students had over 250 Accelerated Reader points: Josh Britt, Samantha Brown, Grady Carner and Gregory Devault.

The 6th graders have started band classes. They have learned how to put the instruments together, hold them and make a sound. All 6th grade band students should have made arrangements for their instrument and band book by the end of this week.

The 7th and 8th grade bands have returned from Christmas break after having completed a successful marching and concert season. They all marched in the Mocksville/Davie parade, and in addition to the Christmas concert at South Davie, the 8th graders also played concerts at Mocksville Elementary and Cooleemee Elementary Schools.

Mrs. Ferebee will be placing an accessory order soon for students wishing to buy additional musical equipment. The accessory order form is intended to save both time and money. Band parents should watch for their children to bring the order form home.

The Band Boosters meet on the second Tuesday of every month. The meetings are at 7:30 p.m. in the high school band room and they last about one hour. All parents are invited, welcome and encouraged to come. Parents with children intending to take Marching Band next year and participate in the London trip have a special need to attend the meetings. If you have any questions, contact Mrs. Ferebee at school.

Lighthouse students have been studying the American Revolution and colonialism. In social studies, they have done colonial projects and were visited by a glass blower. In communications, they have read an historical fiction novel, "Johnny Tremain," and "Historical Fiction Short Stories." They culminated the study with a trip to Old Salem for the candle tea in December.

In math, the students have been working on inequalities, surface area, volume, percentage increases and decreases, and two-step equations. The top Accelerated Math students for the first semester were Matt Hauser, Clayton Edwards, Evony Tucker, Brad Corriher and Amy Bost.

In science, the students have been studying geologic time. They are now studying wetlands and doing essays/speeches on this topic for the Davie County Soil and Water Speech Contest.

All eighth graders are readying themselves for high school registration coming up Feb. 21-22 by having special sessions with guidance counselors to learn about graduation requirements.

The team will visit Davidson County Community College on Feb. 12. All eighth graders are preparing for the spring NC Outer Banks trip in April. The second payment is due on Feb. 11.

December Citizens of the Month for the Lighthouse team were Neely Alexander and Justin Morgan. A pizza party will be held at lunch on Jan. 18 for all Lighthouse students not receiving a lunch detention during the second nine weeks of school.

D. Gomez placed second in the school Geography Bee. The winner was Timmy Allen.

Cornatzer Elementary

Nearly 200 students celebrated reading success at Winter Wonderland parties last Friday. Students from second, third, fourth and fifth grades who had achieved their points goal and achieved a 75% or above pass rate were invited to the parties. They decorated cookies, played games, made snowmen bookmarks and had refreshments.

First and second grade students were busy with mid-term reading assessments before Christmas. Students read from a list of words and from leveled reading passages. The tests were administered by Karen Cook, Carol Rogers, Linda Giles, Duane Hartsell, Ellen McDaniel and all kindergarten and first grade teachers. Students will be reassigned as needed to give reading support, either individually or in small groups.

Second Steps tutors have been working with reading students in Karen Cook and Carol Rogers's classes to help these second graders reach their Accelerated Readers goals. Students spend time each week practicing reading skills on an AR book and taking the test.

Cathy Byerly's third graders have been reading biographies. The children have learned about Benjamin Franklin's contribution to our heritage. Students have also learned about the inspirational life of Helen Keller. In math, children have been learning to write numbers using words and transferring this to writing checks.

Mrs. Dalton and Mrs. Allison's kindergarten class has been involved in fun activities relating to winter. During the week of Jan. 7, they read "Snowballs" by Lois Ehlert, along with many other books about winter. Children wrote about what winter means to them on mug-shaped paper and then glued on marshmallows. As a math activity, they graphed different types of snowflakes and estimated how many marshmallows were in a jar at the Estimation Station. Children have also been studying the letter "N" and carrying out activities linked to the letter. During the week of Jan. 14,

the class continued its winter theme, as well as activities for the 100th Day of School that took place Jan. 18. Children made necklaces with 100 Fruit Loops on them; they made a chain link with 100 links and a 100 stamp collection book; and they also painted snowmen in the art center. Students studied the letter "V" and in the writing center children made a "V" book. They read "The Mitten" by Jan Brett and extended it into a fun writing activity. Each student brought in a mitten and wrote a descriptive sentence about it using different types of punctuation marks. Then children drew and colored in a picture of their mitten. The finished results will be made into a book to go into the class Reading Center.

On the 100th Day of School, they read "100th Day Worries" by Margery Cuyler and "Emily's First 100 Days" by Rosemary Wells. To celebrate the day, children wore "100" shaped glasses along with their Fruit Loop necklaces. Every time a student did or said something kind to a fellow student, they added a tally mark to the class "100 Acts of Kindness" chart. Students also thought of new words every day to add to the "100 Words" list in the writing center. During snack time, they enjoyed a special snack by counting 100 small snacks.

Fifth grade students of Mrs. King became fifth grade students of Mrs. Myers over the Christmas break, getting to know one another and adjusting to a new face and routine. In social studies, students completed a unit on the American Conquest and Immigration and have begun the study of the different regions of the United States. They are also preparing state reports of their choice. While discussing Martin Luther King, Jr., students composed poems about peace. Mrs. Myers's Communications class had read two different stories in recent weeks. They also designed a blueprint for a bridge from which they later constructed the bridge. Students have just begun to read the novel "Island of the Blue Dolphin."

In PE, all grades are working on tumbling skills. They are practicing forward rolls, log rolls, side rolls, and many balancing activities. K-2 grades are working on very basic rolls and how to be safe when tumbling. Third, fourth and fifth graders are focusing on more complex skills, and are putting rolls together to make a routine. Miss Reavis reminds all students and parents that the Jump Rope for Heart date has been changed and will now take place April 26.

Cougars of the Week: Katie North, Emily Turner, Kori Goforth, Emilie Featherbay, T.J. Kanode, Chelsea Ellis, Jacob Horton, Jacob Backstrom, Melina Obando, Ethan Ashley, Hayley Osgood, Leigh Smiley, Anthony Brooks, Jarret Burcham, Katie Trotter, Tyler Braddy, Olivia Gregory, Haley Allred, Jairell Wilkins, Cody Monaco and Chase Steele.

Monday, Jan. 28 - Skateland, Clemmons, 6:30-8:30 p.m.; Tuesday, Jan. 29 - Venezia's Night.

School Briefs

February Meeting Date Set

The Davie Board of Education will meet on Feb. 4 at 7 p.m. at Central Davie.

Pullen, Potts Recognized

Board member Debbie Pullen was awarded a certificate of merit and board member Luther Potts received the scholar's circle award, for attending a certain number of hours of state school board seminars.

Cornatzer Character Education Awards

The following Cornatzer Elementary School students received recognition from the school board for exemplary character skills, which include self-discipline, compassion, courage and honesty, among others. Michaela Draughn, Austin Hill, Tracie Thomas, Anthony Beaver, Samantha Caudill, and Luis Diaz received certificates for their accomplishment.

Third Grade Honor Roll A Possibility

The board of education is reviewing a change to the grading and reports policy that would require all schools in the county to use the same report card for third grade. If implemented, it would allow third grades to participate in the honor roll at the end of this semester. There is no wording difference in the policy, it would merely place third grade in the current fourth and fifth grade regulations.

Teacher Recruitment/Job Fairs

The board received a copy of the teacher recruitment and job fair schedule for this year. Davie County Schools hire 60-65 percent of its teachers from job fairs. The system plans on attending 21 job fairs this year.

Operations Manual Reviewed

Following close to a year of development, the school board was given copies of the school system operations manual for their review. The manual would become the document on how the operations department functions, which services it provides, and how to request them.

Budget Amendments Approved

The following budget amendments were approved by the board: a $20,834 increase which included revisions to state public school fund, additional substitute money and forfeitures and ABC transfers; a decrease of $13,457 from ABC funds to textbooks; and an increase of $2,025 from insurance funds for replacement of a damaged light at Cornatzer Elementary.

Central Davie Modifications Approved

Six bids for demolition and improvements to the Central Davie Education Center were received for consideration, ranging from $66,666 to $92,986. Following negotiations with Wishon & Carter Builders, the lowest bidder, the bid was lowered to $58,563. The board approved the bid and demolition of the 1927 portion of the building is expected to begin the first week of February.

Budget Committee Appointments

Marty Carter, David Owens and Debbie Pullen were appointed to serve as the 2002-2003 budget committee. The committee will meet through April.

Superintendent Evaluation Set

The mid-year evaluation of Superintendent Dub Potts is scheduled for Jan. 14 at 8 a.m. The informal evaluation is held annually.

South Davie Gym Is Named For Charles Crenshaw

By Kim Justen
Davie County Enterprise Record

It's official.

The gym at South Davie Middle School is the Charles Crenshaw Gym.

The Davie Board of Education's building naming committee heard public input on Jan. 7 regarding naming the gymnasium after Crenshaw.

The gym had been named after Crenshaw informally several years ago without board approval. With a formal policy in place for naming buildings, Principal Robert Landry proposed making things official.

"This man has taught me a lot in life and athletics. Mr. Crenshaw started the athletic program at South," said Barry Whitlock, one of three people who spoke on Crenshaw's behalf. He went on to say that Crenshaw always showed opposing teams hospitality and respect when they came to South.

Crenshaw has dedicated more than 30 years of service to Davie County, as a coach, athletic director, and most importantly a history teacher. Other teachers spoke of standing in their doorways, listening to Crenshaw teaching, hoping to learn something from him.

Those who spoke on his behalf said he was a role model and a leader for the county's youth.

No one mentioned Crenshaw's athletic record, a point not lost on the school boar.

Board member Janie Garnet spoke on behalf of the facility naming committee. "Mr. Crenshaw is admired for his achievements and qualities. For over 30 years he has been an excellent, fantastic history teacher. Over and over again we heard about his pride in sportsmanship. His program was based on the character we wanted our children to have, before we had a character education program."

Garnett went on to make the motion that the South Davie Middle School gym be renamed the Charles Crenshaw gym. The board unanimously approved the decision. A ceremony will be scheduled for later this year.

Advance Student Earns Scholarship

Elizabeth Dawn Durham of Advance has been awarded an academic scholarship to Pfeiffer University.

It was awarded for academic excellence. She will attend Pfeiffer as a freshman in the fall.

Local Boy Scout Troop Takes Tour Of Capitol

On July 26, 2001 Scouts and Scouters of Boy Scout Troop 505 toured Washington, D.C.

The Scouts met with Congressman Richard Burr and were treated to a guided tour of the old United States Capitol Building.

While in the Capitol Building the boys viewed the various exhibits and were fascinated with Statuary Hall. The acoustical qualities of the old Senate Chamber were a particular favorite.

Members of the troop also enjoyed visiting the Smithsonian Institute where the Air and Space Museum were a favorite. Scouts and Scouters explored the places of historical significance like the Vietnam Veterans and Franklin D. Roosevelt Memorials.

Plans Under Way For Youth Council Fair

Mark your calendars and don't miss a day of excitement and entertainment for the entire family. It's happening next to Trailers of the East Coast at 360 Blaise Church Road, Mocksville on April 23-27 at the 3rd Annual Davie County Fair.

The Mocksville/Davie Parks and Recreation Department's DYC (Davie Youth Council), the Davie Leo Club, and Trailers of the East Coast are sponsoring this annual fund-raiser to benefit youth programs in Davie County. Proceeds from vendor space rentals, contest registrations, a dunking booth, hot air balloon rides, and benefit auction will benefit the Davie Youth Council and the Davie Leo Club in their efforts to prevent juvenile delinquency by providing safe, drug-free recreational and educational alternatives for youth.

There will be entertainment for all ages with J.J. Huggles Clown "The Goodwill Ambassador", the Buffalo Barfield Country Comedy Show, and P. Doodle Possum. A petting farm, pony rides, racing pigs, and old timey tractor pull will add to the entertainment. Discount arm band family days, as well as exclusive days for schools, seniors, and the physically challenged will be offered.

Applications are now being accepted until February 15 for organizations wishing to participate as a sponsor, exhibitor, or demonstrator. Donation items are also being gratefully accepted for the Fair's Benefit Auction. Please contact Vicki Robinson at the Mocksville/Davie Parks and Recreation Department at 751-2325, or email davieyc@aol.com.

Advance Rezoning Among Items On Planning Agenda

There will be a meeting of the Davie County Planning Board Tuesday, Jan. 29, at 7 p.m. in the Commissioners Room of the Davie County Administration Building, Mocksville.

Adams Egloff Avant Properties has submitted for Final Plat Review a 28 lot single family residential subdivision titled Kinderton Village Phase IC Revised. This 10.371 acre property is located off the east side of Phase IA and IB and is a portion of Parcel I of Davie County Tax Map C-8. This revised plat replaces the previously approved and recorded Phase IC of Kinderton Village.

Campbell Quality Properties has submitted for Final Review a 24 lot single family residential subdivision titled Still Waters. This 22.54 acre property is located off the east side of N.C. 801 South, approximately a half mile south of U.S. 64 in the Fork community, and is Parcels A-1-5 of Tax Map K-8-8 and a portion of Parcel 13, Tax Map K-8.

Edwards and Vogler Enterprises has resubmitted an application to rezone approximately 3 acres of land from Residential (R-20) to Community Shopping Special Use(C-S-S) for mini - warehouses, office use, and retail stores and services. This property is located off the east side of N.C. 801 South across from Cornatzer Road, adjoining the northern edge of the Norfolk Southern Railway, and is Parcel 38 of Tax Map G-8.

Edwards and Vogler Enterprise has applied to rezone approximately 3 acres off land from Yadkin River Watershed Protected Area (WS-IV-PA) to Yadkin River Watershed Protected Area Special Use (WS-IV-PA-S) to receive an allocation of the 10/70 acreage in the Davidson Yadkin Watershed WS-IV District. This property is located off the east side of NC Hwy 801 South across from Cornatzer Road, adjoining the northern edge of the Norfolk Southern Railway, and is Parcel 38 of Tax Map G-8. This request was withdrawn at the Dec. 18 planning board meeting.

Vulcan Materials Co. has applied to rezone approximately 61.47 acres of land from Residential(R-20) to Industrial Special Use(I-4-S) to expand the existing Smith Grove Quarry facility. This property is located off the east side of Farmington Road, adjoining the northern side of the existing quarry, and is bounded on the eastern side by Cedar Creek. The property is Parcels 43.02 and 43.03 of Tax Map F-5.

The Planning Department is presenting an amendment to the Zoning Ordinance related to sand mining and dredging. The amendment would allow small operations (3 acres or less) as a special use in the Residential Agricultural(R-A) zoning district. Conditions are proposed. Currently sand dredging and mining is permitted only in the heavy industrial district with a special use permit.

The board will view the final draft of the Wireless Telecommunications Ordinance.

The meeting is open. Persons interested may obtain additional information on a proposal or ask questions by visiting the planning department on weekdays between 8:30 a.m. and 5 p.m. or by telephone at 751-3340.

The Brock Performing Arts Center on North Main Street in Mocksville will be alive with Very Special Arts talent Friday night.

Darlene Lagle will be among the performers.

Very Special Arts Friday At The Brock

The Brock Performing Arts Center curtains will open this Friday at 7 p.m. on the 4th Annual Very Special Arts Talent Show. Once again these special olympians will be sharing their artistic side with the community.

This year's offerings will include the variety show format of the past, but with a lot more experience. "They are really learning to express themselves artistically," commented Kathie Streit, program director. "Last year we practiced every week on a production for the holiday season and a lot of that effort has had a long time effect."

Gary Redman is back with another original dance in the Michael Jackson style. Seth Grooms will be dancing his heart out again, both as a single and with the lovely Ashley Caudle. The Nelsons will be singing their sweet harmony, while Scotty Nelson rocks. The Davie County Group Home gang will all be there singing and dancing away the evening. Darlene Lagle will enjoy the spotlight right along with Melinda Simon, Joy Thompson, Sharyn Troyer, Tiffany Smith, and Stacey Streit. RHA Group Homes will be presenting their magic again, and don't forget the Wizard of Oz from last year. The Davie Very Special Players, featuring Brittany Green, will repeat their patriotic finale from the holiday production. There will be lots of new faces as well.

A punch and cookie reception will be available from 6 to 7 p.m. Tickets will be available at the door. Very Special Arts is a Mocksville/Davie Recreation Department and is sponsored by Special Olympics and the Davie Arts Council.

ZONING AMENDMENTS

Notice is hereby given, pursuant to the requirements of Chapter 160A, Article 19, Section 160-A-364 of the General Statutes of North Carolina and pursuant to Article 11, Section 4, of the Mocksville Zoning Ordinance, that the Town Board of Commissioners will hold a **PUBLIC HEARING** in the Town Hall, Mocksville, NC, at 7:00 p.m. on Tuesday, February 5, 2002.

Ron and Penny Stroupe have applied to rezone approximately 1.53 acres of land from General Residential (GR) to Highway Commercial Conditional Use (HC-CD) for professional offices and 3.5 acres of land from General Residential (GR) to Open Space Residential (OSR). This property is located off the north side of Country Lane, approximately 1,000 feet east of Yadkinville Road, and is further described as Parcel 78 and a portion of Parcel 87 of Davie County Tax Map H-4.

All parties and interested citizens shall have an opportunity to be heard in favor of or in opposition to the foregoing changes. Prior to the hearing, all persons interested may obtain any additional information on the proposal by visiting the Planning Department in the Davie County Administration Building, Mocksville, NC, between 8:30 a.m. and 5:00 p.m. or by telephone at (336) 751-3340.

IN THE MATTER OF FORECLOSURE OF A DEED OF TRUST EXECUTED BY MARK M. FOWLER DATED MAY 5, 2000, AND RECORDED IN BOOK 333 AT PAGE 895 IN THE DAVIE COUNTY PUBLIC REGISTRY, NORTH CAROLINA

NOTICE OF SALE

Pursuant to an order of the Clerk of Superior Court and under and by virtue of the power and authority contained in the above-referenced deed of trust and because of default in the payment of the indebtedness thereby secured and failure to carry out and perform the stipulation and agreements therein contained, and pursuant to demand of the owner and holder of the indebtedness secured by said deed of trust, the undersigned substitute trustee will expose for sale at public auction to the highest bidder for cash at the usual place of sale at the county courthouse of said county at 11:00 A.M. on February 6, 2002, the following described real estate and any other improvements which may be situated thereon, situated in Davie County, North Carolina, and being more particularly described as follows:

Beginning at an iron found, said iron being at the Northern corner of the within described parcel, at the border of Halander Drive, the property of Robert B. Hall as described in Deed Book 110 at Page 490, and the subject property; thence South 46 degrees 54 minutes 20 seconds East a chord distance of 63.65 feet on a radius of 506.40 feet to a point along Halander Drive and Highway 158, the Eastern corner of the parcel; thence South 40 degrees 04 minutes 30 seconds West 108.65 feet to a nail set at the Southern corner of the parcel, said nail being North 40 degrees 04 minutes 30 seconds East 70.0 feet from an axle found at the southern corner of the property by W. J. Bryan Sell as recorded in Deed Book 75 at Page 470 and the aforementioned property by Robert B. Hall, said axle being at the Western corner of the parcel; thence North 39 degrees 26 minutes 00 seconds East 115.11 feet tot heh point and place of beginning and containing 0.7282 acres as surveyed by Richard Howard, RLS, on July 29, 1988. Said parcel is bounded on the Northeast by Halander Drive, on the Southeast by Highway 158, on the Southwest by the property of the Trustees of the Methodist Protestant Church as recorded in Deed Book 20 at Page 538, and on the Northwest by the property of Robert B. Hall as recorded in Deed Book 110 at Page 490.

And Being more commonly known as: 685 North Main Street, Mocksville, NC 27028.

The record owner of the property, as reflected on the records of the Register of Deeds, is Mark W. Fowler.

The property to be offered pursuant to this notice of sale is being offered for sale, transfer and conveyance "AS IS, WHERE IS." Neither the Trustee nor the holder of the note secured by the deed of trust/security agreement, or both, being foreclosed, nor the officers, directors, attorneys, employees, agents or authorized representative of eithe Trustee or the holder of the note make any representation or warranty relating to the title or any physical, environmental, health or safety conditions existing in, on, at or relating to the property being offered for sale, and any and all responsibilities or liabilities arising out of or in any way relating to any such condition expessly are disclaimed. This sale is made subject to all prior liens and encumbrances, and any unpaid taxes and assessments including but not limited to any transfer tax associated with the foreclosure, for paying, if any. A deposit of five percent (5%) of the amount of the bid or seven hundred fifty dollars ($750.00), whichever is greater, is required and must be tendered in the form of certified funds at the time of the sale. This sale will be held open ten days for upset bids as required by law. Following the expiration of the statutory upset period, all remaining amounts are immediately due and owing.

The date of this Notice is January 10, 2002.

Readers Still Favor Second High School

By Dwight Sparks
Davie County Enterprise-Record

It touched a nerve — one that has been waiting to be tweaked.

Should Davie County build a second high school?

The sentiment tightened some last week. After running three-to-one for three weeks, the Enterprise-Record web poll showed a 64 percent to 36 percent voice for building a second school.

About 165 people had voted by Monday.

We asked some of the poll participants to explain their vote in favor. And we interviewed others about the issue.

Are the results valid? North Davie Middle School had conducted its own parent poll and found 70 percent favored building a new high school.

"When it's an open poll, the people who are passionate are more likely to respond," said county commissioner Ken White. "There are some really passionate arguments on both sides."

Here's some of what we were told:

William L. Brock of Farmington. He takes great pleasure rabbit hunting in this land of his father and grandfather and great-grandfather before him. The Brocks are a bedrock family of Farmington and Davie County.

William Brock is not among the undecideds on the school issue. He wants a second high school. He has no children, but he doesn't consider himself in the decision.

"We've bused our kids too far for too long," he said. "I don't speak for everybody. A lot of people don't like to pay taxes. But people on this end of the county want a second high school."

He compares it to the county's decision to build a second water plant. "If we hadn't built that water plant when we did we would have really been in trouble last summer."

He said the time is quickly coming when another school is definitely needed.

"I have a lot of nieces and nephews and friends with children. Down the road, it will mean a whole lot to the county. The Farmington precinct is definitely in favor of it."

Brock has worked repeatedly to promote all the school bond votes in memory, and he would work for another one.

Cornatzer Rezoning Approved

By Kim Justen
Davie County Enterprise Record

County commissioners last week approved rezoning Jeanette Cornatzer's land on People's Creek Road in Advance for a subdivision.

She applied to have 46.5 acres at 1646 People's Creek Road rezoned from Residential Agricultural (R-A) and Highway Business (H-B) to Residential (R-20). The R-A zoning allows for subdivisions and did not technically need to be rezoned in order for her to attempt to proceed. The H-B section of the property needed to be rezoned in order for a subdivision to be built.

The request for rezoning met a small amount of opposition at a planning board meeting. Following public discussion, the planning board unanimously approved recommending the rezoning.

John Gallimore, director of planning and zoning, described the location of the land. The area has public water, no public sewer, and is a part of the Shady Grove Elementary School district. It falls within the transitional area on the land use plan, and some development was expected in the area through 2020, he said.

Attorney Hank Van Hoy was given 15 minutes to speak on behalf of Cornatzer, which was followed by public input from those in favor of the rezoning. Van Hoy said that the rezoning "was consistent with the rules in the ordinances and land use plan." He went on to remind everyone that the topic to be decided was not building the 35 home subdivision, merely on rezoning the land.

Van Hoy went on to say that since the initial objections of local landowners on People's Creek Road, Cornatzer had made changes to the proposed subdivision that exceeded the requirements found in the R-A zoning.

"R-20 is the most restrictive of residential zones," he said. "It's the most protective, going from R-A

His Gym

Crowd Gathers To Honor One Of School's Best

By Brian Pitts
Davie County Enterprise Record

It's been some 40 years since Clyde Studevent Jr. revived the Central Davie Mohawks and transformed the boys and girls basketball teams into perennial powers. All those years have passed since Studevent took charge of the Mocksville recreation and shaped kids' lives with a warm hand.

His days as a huge mentor to the black community are long over, and he retired as a full-time teacher several years ago – but the appreciation for Studevent has only grown.

That was evident Sunday afternoon when more than 250 folks showed up at the Central Davie Gym for a two-hour dedication ceremony. The gym was named in Studevent's honor for more reasons than anyone can count, and there must have been at least a dozen rounds of applause as speakers showered Studevent with praise.

"There's not another man in Davie County that could have that building named for him," said Elvania Wilkes Crews, a former student. "The biggest thing that impresses me about him is I've never seen him angry, never seen him lose it. He's always

Davie School Dropout Rate Continues Decline

Davie County reported a decrease in dropouts for the second year in a row.

This information, reported by the N.C. Department of Public Instruction in its annual report on dropouts, reported a statewide decrease of nine percent for students dropping out of school in grades 7-12.

"We are pleased that the rate is going in the right direction", said W.G. Potts, superintendent for Davie County Schools. "Our system is trying very hard to meet every child's educational needs. Through alternative educational programs, such as the Davidson County Community College Program, we are reaching potential and former dropouts.

"I'm pleased that faculty and staff are working very hard to reach out to those who typically fall through the cracks and become dropouts."

A student is counted as a dropout if he or she was enrolled in school at some time during the reporting year; was not enrolled on the 20th day of the current school year; and has not graduated from high school or completed a state or district approved education program an does not meet certain exclusions.

Students are excluded from the dropout counts if they transferred to another public school district, private school, home school or state/district approved educational program; were temporarily absent due to suspension or illness;or died.

Davie High's dropout prevention team of six educators will present strategies for decreasing Davie's dropout rate at the second annual N.C. High School Network Conference.

The presentation, "Holding On - Dropout Prevention Strategies," will highlight Davie High's multi-faceted approach to addressing the problem. It includes methods such as student tutors, alternative programs, creative scheduling and sheltered classes for English as a Second Language students.

The team consists of Dr. Linda Bost and Toni Taylor, Kimberleigh Archer, Dianne Hobbs, Kristine Kokoski and Jean White.

According to state figures, Davie's dropout rate has decreased about a half a percentage point in each of the past three years, currently at 5.17% for grades 9-12.

Easley's War: Lottery Is His New Civil War

Gov. Mike Easley was thumping his favorite drum in Chapel Hill last week: a state lottery. He tried to make it as convincing as possible.

He compared the lottery to the Civil War.

North Carolina was a reluctant member of the Confederacy, he recalled. We were among the last states to leave the Union. After South Carolina, Virginia, Tennessee and Georgia all seceded, North Carolina was left as a lonely island in the new Confederate nation.

We didn't have much choice, the governor said.

And so it is with the lottery, he contends.

Georgia and South Carolina and Virginia all have lotteries. Our abled-bodied men and women are crossing their borders to spend their money out of state. North Carolina is letting all that revenue slip away.

We don't have much of a choice, the governor said. We don't really want a lottery, but we've just got to go along with it.

That's what he told the N.C. Press Association last week. Then one of the newspaper publishers foamed at the mouth for the advertising revenue that will come from a lottery.

How they plan to plunder our pocketbooks.

Our governor's logic is about as sound as his hazy memory of historical facts. Like the other states, North Carolina's legislature was controlled by wealthy slaveholding planters who sold the state into the Civil War to protect their selfish interests. The poor boys went off to die in war, convinced they were nobly fighting for their homeland. It was the worst waste of blood this nation has ever seen.

And now our governor compares a state lottery to the Civil War.

If there is any comparison, this time we should be against it. Learn from history this time, and don't embrace it.

Building Character: Giving A Speech

I bribed him, bullied him, badgered him and finally dragged him to the Martin Luther King speech contest in Mocksville. I had made my oldest participate 10 years ago. Now it was the middle son's turn.

He resisted fiercely.

I finally promised him eight boxes of Velveeta macaroni and a trip to a concert. He relented.

Afterward, he said his knees were knocking so fiercely he thought he would fall down at the podium. But he descended the platform so proud of himself he was ready to return next year.

The next morning at church, he watched our pastor wave his arms, pound the podium and march about with confidence. Never had my son paid so much attention to a sermon.

You can't really appreciate a good speech until you try to give one yourself.

Neighborhood Concerns Fall On 'Deaf Ears'

To the editor:

We, the homeowners on Country Lane, were told to get the people to the planning board and let them know how we feel. Our neighbors came and voiced their opinions on deaf ears.

We were told the town wants this, this is the town's plan, we have no choice but to vote for this because of the law. Commercial property and low-income townhouses in a residential area is in the town's plan? A residential area that is already plagued with heavy traffic. A residential area that is an I-40 detour. A residential area that wants to stay to stay single family residential.

It does not appear it matters what homeowners want in the Town of Mocksville but what the town wants, the planning board wants and what the planning and zoning director wants. Concerned citizens need to voice their feelings to our town board members and let's see if they care and will listen; if not, watch out Garden Valley, you could be next.

Advance Community A Special Place

To the editor:

On Tuesday night, Jan. 22, the Davie County Commissioners voted to rezone my property. That was a significant event for Red, our families and me. I want to publicly thank the commissioners for their time, hard work and cooperation in making such a difficult decision.

I also want to express my sincere appreciation to all my friends and neighbors, who called, wrote letters and attended county meetings on my behalf. My faith in God and the loyalty of family and friends have helped me cope with Red's illness for over 10 years and now through this ordeal. Every time I got really down and depressed someone would call me, write a letter to the Enterprise, or stop me in a store to speak words of encouragement.

I am truly blessed to have the support of so many.

The Advance community has always proven to be a special place with special people. The past seven months have been difficult (and I have two more meetings and two more approvals to get passed) but one of the truly special blessings that I received throughout this trying time is your support, encouragement and most of all your love.

Lelia, Julia, Red and I sincerely thank you.

Raise The Legal Dropout Rate

To the editor:

It was reported Saturday that there is a bill in the legislature that would raise the legal dropout rate from 16 to 18. Hurray.

Years ago when North Carolina was predominately agricultural, schools only had six grades, then 10 and now 12. I assume there will be some to argue that it needs to stay at 16, but I can't imagine they have really thought the situation through.

In years past, people would drop out to help on the farm, go to work to support their families, or withdraw because of unfortunate pregnancies. Studies have shown teenage pregnancies are decreasing. And the labor market is such that with due diligence an enterprising young person can find a job that has a schedule favorable enough to stay in school. And the farming industry is becoming so hi-tech that the farmer would be doing his farm and business a disservice by having his children withdraw before they graduate.

Honestly, today's kids have no good reason to drop out. There is no reason to assist, help, or be a party to, someone's apathy towards their own education, future and community standing as a productive member of society.

To continue to do such would cripple North Carolina's future when companies are looking to relocate or expand and are seeking a friendly state with a multitude of eager, qualified, intelligent people to fill their needs as employees.

I am so thrilled to see that North Carolina is finally getting around to sending a message to the parents, educators and especially children of this state. The day is over when you can decide to give up on your children, your students and yourself.

Deer Diner: Four-Legged Creatures Discover Flower Garden

Mike Barnhardt

Thank goodness, the daffodils are making an early appearance at my house.

Fooled by the unusually cold and warm spurts we've had this year, they're peeking through the ground, their yellow flowers reaching for the sky.

I pride myself on always having something in bloom. Bulbs and fruit trees in the spring, followed by rhododendrons, azaleas, annual flowers and perennials. Plenty of zinnias in the hot summer, and the camellia in the fall.

That's right before the pansies go in the ground, which bloom right through the coldest of winters until the forsythia blaze yellow in the spring and beyond.

This year, I had a healthy - in numbers and quality - crop of pansies. My favorite was the red, white and blue flowers at the back steps, waving like an American flag. There were more colorful ones in a wheelbarrow, and in an old iron kettle.

They were blooming to beat the band.

During the heavy rain last week, I noticed the flowers weren't looking so happy. In fact, they looked downright sad. But because of the rain, I didn't look for long. Maybe they're drowning, I thought.

I went to inspect the next day when the rain stopped. They hadn't drowned. They had been devoured. Some were left, but were bitten to the ground. Others were completely gone. The wheelbarrow held an ornamental cabbage - nothing else. Ditto for the iron kettle.

My flower garden, my beautiful blooming flower garden, had become a salad course, appetizer, main course and dessert for deer. Very hungry deer. Deer with discriminating taste buds.

Having lived in the same area on and off for some 25 years, I knew one thing. There aren't many deer in that neighborhood. If you see one a year, you're lucky. We're a small area, bounded by Hwy. 158 and less-traveled roads. There's not a lot of land for wild animals, mostly a few rabbits, and in years past, just enough skunks to let you know that you were still living in the country.

But few deer.

Until this year.

It's probably the large subdivisions being built nearby. That was more remote than our area, and the deer have left there for our neighborhood.

We've had a herd of about nine we've been watching. We had seen them just once before mid-September, when we went for a week's vacation to the beach. I came back expecting to pick a nice crop of peas. I got enough for a couple of meals. The deer had already eaten the rest, going up one side of a row and down the other.

We've seen them several times since.

The deer seem content, never in a hurry unless being chased by a dog. They'll come from the woods behind the house, go through the neighbor's yard and into the woods across the road - or vice versa.

These deer were fun to watch. We always checked their travel paths. They were cute. We wanted to see them, except for the morning before Christmas when I was putting the venison on the grill for barbecue.

We decided to take a proactive approach and leave some feed, in a convenient place where we could watch them eat. We bought it at the store. Deer food, better than corn, the sign said.

Wrong.

The deer haven't touched the store-bought food. We've moved it from prime viewing locations to the woods. Still, they haven't touched it.

They did, however, have a meal at a five-star deer diner, otherwise known as my flower garden. Those cute critters, with their white tails fluttering as they gallop across the field, are starting to look more like a nuisance than a novelty.

In about a month and a half, it'll be time to plant lettuce and beets and spinach. I'll bet those deer would rather eat that than store-bought deer food. They're already roaming around the garden, even though there's nothing there but some rotting broccoli stalks.

Scarecrows didn't scare the crows from my garden. It takes lots and lots of string or rope, almost an impenetrable web, to keep them out.

But what about the deer? I've heard from my hunting friends that deer shy away from human smells. I've already thought about all the ways I can get a human smell on the perimeter of the vegetable garden (Don't ask) to keep the deer away.

Yep, it just might work. Never mind the fact that only days before the deer came by, I was there pinching flowers from their next meal.

Cornatzer Rezoning A Case For Smart Growth In Davie County

To the editor:

The decision of the county commissioners Jan. 22 to approve the rezoning of Jeanette Cornatzer's 46-acre property on People's Creek Road from residential/ agricultural (RA) to high-denisty residential (R20) was in one sense a classic "tempest in a teapot". Yet in another sense it was a watershed event in the evolution of Davie County planning and zoning since it raised - and left unanswered - numerous critical issues with respect to the future growth and development of the county.

This case could be construed to be a tempest in a teapot insofar as it was arguably a straightforward case of one neighbor disturbed by the implications of another neighbor's decision to dispose of her property to maximum economic advantage. Under any reading of the county's existing ordinances and land-use regulations, Ms. Cornatzer was well within her rights to sell her property to a developer who would create a subdivision with 30+ single-family housing units. In fact, it was made clear by the county commissioners prior to their vote that she would have had this right without having to apply for rezoning the property to R20. Another subdivision (March Woods) along People's Creek Road had already been approved by the county's Planning and Zoning Board, and there are approximately 40 houses on these 50 or so acres. No compelling reason was put forward by those in opposition why Ms. Cornatzer's rezoning application to facilitate a similar subdivision should be treated any differently.

Since late last year Ms. Cornatzer's next-door neighbor, Jay Mintz, has been challenging her right to dispose of her property in this manner. His challenge, simply stated, was two-pronged - namely, the "character" of People's Creek Road would be irreparably damaged; and the county lacks the infrastructure (schools, sewerage, water, roads, etc.) to support such a subdivision. Mintz organized a number (though hardly a majority) of property owners along People's Creek Road into a group whimsically called DavieFirst, and together they prevailed upon Ms. Cornatzer and the county commissioners to first have the property rezoned to R20.

The county commissioners clearly made the right decision - in logic and in law - in deciding in favor of Mr. Cornatzer's rezoning request. Several of the arguments raised by Mr. Mintz were held to be groundless. First and foremost, his case smacked of self-interest - a simple case of NIMBY (not in my backyard). If it is true (as rumor has it) that at the same time that he is lodging this complaint he is actually attempting to sell his own property, then his motivation is no different than Ms. Cornatzer's - that is, attempting to capture the greatest possible value for his asset. Secondly, there is no common "character" to People's Creek Road since this 4.4 mile stretch of road includes high-priced properties (his own, as well as those within Marchmont Plantation), medium-priced properties (those within Marchmont Woods), and lower-priced properties on both the northern and southern end of this road.

Nevertheless, Mr. Mintz, by researching the institutional issues involved in this case and airing his findings, has unquestionably done the county and its residents a great service. He points to the dangers posed by the rapid pace of growth of residential development which is completely "out-of-sync" with the growth of the county infrastructure required to support this pace of development. The economic argument here is compelling. In the typical North Carolina county there is a mixture of residential and non-residential (i.e., commercial) properties, and the tax base is largely derived from the latter. Davie County, however, is a "bedroom community" where the residents provide the lion's share of annual tax revenues.

This oft-cited imbalance between residential and non-residential properties in Davie County is a function of long-term geographic and economic forces. They cannot and will not be quickly corrected. Yet to regard this imbalance as forever immutable tends to make us all lapse into institutional passivity and inactivity. Mr. Mintz correctly hectors us into action - that is, into at least confronting key questions such as the following:

How fast should the stock of residential properties grow?

Where should new residential development be located?

Where will we generate the financial resources required to support additional residential development?

What are we doing to induce commercial developments into the county to bolster our tax base and to provide future job opportunities for our children?

These issues are hardly unique to Davie County. There is a national debate in progress regarding "Smart Growth" - that is, matching the growth of demand for county services with the growth of supply of such services. Mr. Mintz alludes with rapier relevance to the "adequacy" of county infrastructural facilities - the need to build more new schools and to upgrade existing ones, to build new roads and to repave existing ones, to build and maintain water and sewerage lines, etc. There is a notion abroad in this county that for every additional $1 of tax base gained through new homes built the county incurs an additional $1.30 in the cost of infrastructural services required. If this is true, it calls for a compete rethink of the residential building approval process. It simply cannot be sustained without raising county property and other tax rates.

The solutions to the issues cited above lies in theory within the realm of economics. Yet in practice it lies within the realm of institutional reform. Demand exceeding supply creates scarcity (Economics 101), and scarcity is resolved by either raising the price of the good/service or rationing it. Rationing has strong intuitive appeal as a means of decelerating the pace of residential development in Davie County - that is, setting our clear guidelines as to the number of new housing units that can be constructed within a given time frame, based on average householding demographics. The alternative is to raise the price of new housing by imposing a fee for all successful housing permit applications. And whether we choose rationing or pricing as the control, we could at the same time build in incentives and disincentives to influence the location of these housing units.

If, as Mr. Mintz claims, the county loses money for every new home built, then this raises a political issue? Is this the will of the people? Who benefits from this scenario? Who loses? There is no political "win/win" here. However, I am more interested in (and more competent to address) the economic implications. This scenario would appear to call for a moratorium on new residential building and a reassessment of where and how additional tax revenues (property taxes, dog licenses, hunting licenses, etc.) can be extracted. Otherwise the county will ultimately have to resort to Enron-type accounting to avoid bankruptcy.

I am wide open to the charge that I am not familiar enough with past Davie County history and current county management practices to enter into this debate with respect to introducing "Smart Growth" principles into our planning process. Yet in the past I have come before the Planning and Zoning Committee, along with my neighbors, to comment on proposals of direct relevance to our neighborhood. I have also attended meetings of the Piedmont Triad Partnership in Winston-Salem, motivated by my life-long interest in economic growth and development, and 2) the possibility that I might gain some insights of relevance to Davie County. The Piedmont Triad Partnership seeks to create an economic development plan for the Triad to induce entrepreneurs into this region. This sort of creative thinking should have spurred us as a county into action; I' m not aware that it has.

The Cornatzer case brings into focus the need to balance individual rights and community objectives. Under existing county ordinances, it was "foreordained" (to use Mr. Mintz' s expression) that Ms. Cornatzer would be granted the right to rezone her property in order to have it sold and developed as a high-density residential subdivision. Yet the disturbing conclusion to be drawn from this case is that there is no set of rules or restrictions in place to judge future cases, not just on their individual merits, but on their community merits– that is, on the basis of a cost/benefit analysis related to total county welfare.

Even though I regard the "character" issue to be a ruse (character, like beauty, is in the eye of the beholder), the importance of the appropriate location of residential and non-residential development is clear and compelling. Imagine for a moment that we conduct a poll of county residents on two issues. The first issue is as follows:

Issue A: Should all county residents have the right to sell their property to the highest bidder, even if the result is a subdivision?

I guarantee that the poll result on this (admittedly simplistic) question would be overwhelmingly positive. The percentage share of the opposition (most of them former Yankees and other undesirable blow-ins) would be several places to the right of the decimal point.

Now let' s poll the same people and pose the following (again admittedly simplistic) question:

Issue B: Is it desirable to have future development in this county geared to having one zone with mainly commercial development, a second zone with mainly high-density residential development, and a third zone with low-density residential development and farms?

Once again I guarantee that this poll result would be overwhelmingly positive. And therein lies the dilemma since one goal cannot be achieved under county planning guidelines without conceding the other.

I found myself similarly conflicted when prior to the vote by the county commissioners the county manager, Ken Windley, asked those in attendance for a show of hands indicating how many were in favor of Ms. Cornatzer's application and how many were opposed. (Of course, he shouldn' t have done this because a rezoning application isn' t a popularity contest; it should be decided solely on its merits, regardless of who and how many support or oppose it.) I kept my hand down both times. For whereas on the one hand existing rules and regulations made Ms. Cornatzer' s proposal a " no-brainer", on the other hand these existing rules and regulations are equally brain-less in the long term.

The situation we confront in Davie County is more complex. Yet until we identify, understand and articulate these complexities we will continue to have a rash of Cornatzer-type cases. We will also have the surreal spectacle of our county commissioners continuing to lament," We have no choice" . I respectfully disagree. We do have a choice. We can choose either Smart Growth or immiserizing growth, which is where we are headed. We need to bring together a group of county residents (both ancestral residents and recent residents) and charge them with the mandate to determine where and how Smart Growth policies and practices can be instituted. In this way we can shed our" bedroom community" status that holds little to no reward for us or our children, cast off our institutional passivity, and create an environment conducive to commercial development. In this way we can satisfy to the greatest extent possible our economic and social goals.

Two High Schools Needed

To the editor:

I have a child that goes to the high school, and sometimes I worry about her safety. With so many young adults in one school you cant watch all of them at one time. I feel we need two high schools.

We want our children to get a good education and be safe, but there are just too many kids in one school.

Susan Hockaday Article A Touching Tribute

To the editor:

A word of thanks to Mike Barnhardt for his touching tribute to Susan Hockaday. She was a true daughter of Davie County who did us all proud.

As an employee and friend she will be missed greatly. She was much loved and appreciated at the Davie County Health Department for her good work and special accomplishments. As Mike said, she was a truly humble person who sought to deflect attention from herself to others, even when the praise was rightly hers. It was indeed my privilege to work with her for three years and we can best honor her memory by continuing those projects she started and pursue those ideals that she held so dear to her heart.

Rape Article Distasteful

To the editor:

Im am writing on behalf of family and friends. In this week's paper was an article titled Davie Man Convicted of Raping Mentally Handicapped Girl. This was the most distasteful article I have ever read.

Absolutely no evidence was shown that this girl was handicapped, and I feel this girl was telling what she was told to tell per her mom. The defendant wasn't even given 24 hours with an attorney to prepare this case. This is supposed to be innocent until proven guilty. They had it in for him when he got there. Even the judge felt the same way as the persons sitting in the courtroom who were not jurors.

The testimonies given were so different between the mother and daughter that the defense attorney commented that there was no credible evidence. According to the testimony of Howard's mother, he was threatened by his wife's mother to give up his rights to his son or else they were pressing these charges against him. This is the end result of a man wanting to be a father to his child. Where is justice? There are so many deadbeat fathers out there, that when you have one wanting to take responsibility for his child, this is what he gets.

As in the Bible, you reap what you sow and all the lies told and bad things done to him by deceit will come home to those who have done this.

May God bless Randy and one day, justice will prevail. As for the gossips in Mocksville, I hope they judge not less they be judged.

There Are More Opportunities To Grow With Two High Schools

To the editor:

I attended a mega high school in a different area of the country. We started with 650 students, and 325 graduated. Of those students half went on to college and half of those finished college. I wanted something better for my family. We initially moved to Winston Salem, and as we considered children and schools, we moved to Davie County for smaller classrooms and better education. I would never have moved here if I had thought the county would grow such and not consider two high schools. It's a long bus ride from the north to the south end of the county. With the numbers estimated in the coming years for classes entering a mega high school, the potential to get lost grows, and thus drop out increases.

Athletics is a big reason people object but I see more opportunities for more kids to continue to play and stay connected thus again decreasing drop out rate. I see more opportunities to grow with two; this is just a start because I see the need for another elementary school and middle in the next 10 years. How would a mega school built today meet the needs of another middle school? I understand money is a big issue, but I will vote "No" on a bond issue that calls for a mega high school before I will vote "No" for a bond issue calling for a new high school. Taxes are taxes, and the school system should continue to equalize monies given across all schools in the county.

Involved Students Do Not Drop Out

To the editor:

Our future is with our children. We need to make the investment to get them all the best education possible. Our county will do what is right for our students. Multiple high schools is what is right.

I feel that Davie County's high school's obscene dropout rate is a direct result of the coldness, unmanageability and attitude at our one mega high school.

We should build our second high school as soon as possible. But, we should build it only after deciding where the third one will be.

Our county commissioners should commit to building another high school each time the enrollment of the present ones exceed 850 students per high school.

I feel a high school of over 800 students is impossible to manage.

Davie County used to have five high schools. We were better off then. We developed more and better leaders with five high schools. (Farmington, Shady Grove, Mocksville, Davie County Training School, Cooleemee.) With multiple high schools, we can involve more students in sports.

Involved students do not drop out.

Two High Schools Would Encourage Better Resources

To the editor:

Two high schools would encourage better resources to be offered to students. I would hope a certain amount would be equally divided among the two schools. I have to look and question the situation of north and south Davie middle schools. It does seem that North gets more private funds. But, I am sure the state monies are comparably equal. I would hope that two high schools would increase opportunities to participate in athletics.

Can the county avoid the new school/old school comparison problem? No. The present high school is already old. There is a lot of history in the present school. Pride has no age.

Why hasn't the school board embraced the two school idea? Fear. To be honest, if I were on the school board I would shy away from this burning issue too. They need to look hard at the growth statistics for the coming years. If I am not mistaken, the county is fast outgrowing its elementary schools. These kids will need somewhere to attend high school. Change is always difficult, and often for change sake. I am sure that this will be an issue that will have to be addressed at the election polls.

Will voters approve a bond issue that would raise county taxes as much as 10 percent? Yes. I think that we should provide for the future of our kids and that would be a sacrifice that I would be willing to make.

'New' High School Will Be Old When Another Built

To the editor:

Smaller (approximately 1,000 or fewer) high schools serve students educational and developmental needs better than mega school (approximately 2,000 students). This is a consensus among educators nationwide and is reflected in most current school building plans.

The only way for Davie to accomplish this given our population growth is with more than one school. We are for a second high school now so that students in all of Davie County may benefit from attending a high school with a smaller enrollment. The "new school/old school" comparison problem is a transient illusion. A "new" high school built today will be the "old" high school when the next one is built, and long before that it will have lost that "new car smell" and simply be a high school.

Unless population growth ceases in Davie, this question will not go away unless we imagine that a single high school will get larger in perpetuity. What makes a school perform are students, faculty, administration, supplies, and well run programs ... not bricks and mortar. All of these first things are decided by the county centrally and should be evenly distributed among all of the county's schools, whatever the age of the bricks in the building.

County cohesiveness and athletics are not the primary mission of our county school system and should not be the determining factors in any decision.

It is important to keep our eyes on the ball ... in this case the preparation of our Davie County high school students as well as possible ... for their future wherever it may be, in Davie County or elsewhere. We can also foresee ways that cohesiveness may be improved. Certainly the athletic rivalry of cross county schools might make for a focus of county attention. As voters we will vote for the county obtaining appropriate resources to better our county and its citizens and suspect that many other voters feel the same way.

Two High Schools Would Better Serve Students

To the editor:

I am in favor of having two smaller high schools because that is what is best for the students.

Schools with approximately 1,000 students can offer a curriculum sufficiently varied and are better in many other areas when compared with larger schools.

Studies show that the smaller schools have less crime and violence, less tardiness and absenteeism, and less substance abuse. Their dropout rates are lower and graduation rates are higher. The smaller schools also have been shown to serve minority and at risk children better than the larger schools. How could anyone advocate giving up the above advantages just to keep a one school county or a winning athletic program? I mention these two areas because they are the main reasons I have heard stated by the few advocates for one mega high school in Davie County. Davie, sadly, has outgrown the privilege of having only one high school and the growth shows no signs of stopping anytime soon. We might as well adjust to it. Two smaller schools will better preserve what has always been best about Davie County's school system. Each school can be a place with a sense of community — a place where "everybody knows your name." With two schools we will have two of every team so more students can participate. Who knows? We could have two winning schools and I believe that alumni, students, and parents of both Davie high schools will still celebrate when either school defeats a Forsyth or Rowan County school.

I do not believe Davie will have the problem with rich school/poor school that some areas have. Our population is homogenous, growth is taking place all over the county, and the PTA and volunteer groups are active in all schools.

As for funding, the school board's own numbers show that renovating the current high school and building one smaller new school will serve more children for less money than building one large new school. I believe taxpayers will support a reasonable request that has the best interest of the students as its basis. I do not think they will support funding for an impersonal, metropolitan, mega high school that has no place in Davie County.

Memories Of Life At A Mega School

To the editor:

I believe I may have a unique perspective on this issue as I was raised in a large city and attended a large high school.

I grew up in Miami, Fla. (Dade County). My high school had 3 shifts, was a three story building covering two full city blocks and had three grades with over 4,000 students. I know what a big high school is and no matter how much the staff you provide, it is unmanageable and impersonal. You become just a number very young in life. Students were out of control themselves and in control of the school.

Two high schools will definitely improve education and serve students better as there will be more one-on-one interaction better provided by a smaller student-staff ratio. I have already put one daughter through Davie High School 1994-1997 (it was a little smaller then) and it was a nightmare. You would not believe what students have to go through in the school and on the buses. I can only imagine what it is like now, as I am sure things have slowly escalated. Upper management can be unwavering and difficult to talk to. They seem to be overwhelmed with the management of day to day. Many students are lost along the way. Davie High School's drop out rate reflects the lack of time the staff is involved with it's students. I believe students these days need more supervision and support than ever. Davie High School is not being managed properly, whether it be it's size or location.

I live in the eastern part of Davie County and Davie High School is too far to be considered a community school. Bus rides to and from school are over an hour long from here. This also creates a lack of participation by parents in this area that should be involved with their children's education. It is too distant to pick up or drop off students (however many times a week) for participation in after school activities. Participation in after school activities has been proven to reduce drug use, depression and suicide or criminal activities.

A large high school does not create cohesiveness among the students or the county. Students will create their own groups within groups, whether they are at one high school or several. Knowing this, the middle schools have even created groups for the students within the different grade levels. This has proven to give the students a sense of family at school, as well as the belonging to a common goal within their group.

Athletics will thrive with competition. Participation will be greater as their will be more opportunities. More students will be able to participate in sports than ever, keeping them off the streets and involved.

There will be a comparison of old to new in the beginning, but this is a good way of helping us evolve our school system. It provides us with more opportunity to see what works in our county and what doesn't.

At a vote of 3 to 1 in your survey, it seems that a bond approval would not be an issue at any cost.

Population Growth And Shift Emphasizes the Need For High Schools

To the editor:

I believe education will be improved and students will be served better with two high schools in the county. Two schools will breed a healthy competition, and competition means improvement. After all, it has worked for our two middle schools, hasn't it? Two schools may also allow for smaller class size which would be advantageous to our children. A new high school in the eastern end of the county would help to alleviate transportation problems that now exist for students and parents from that area.

I imagine that the two high school idea has been discussed by the board informally in the past and put on the 'back burner'. Probably this was done due to the fact that change was not indicated at that time. However, I believe that the counties' annual population increases and student enrollment increases, coupled with the shift in growth to the eastern end of the county indicate clearly that now is the time to seriously embrace the idea of two high schools in Davie County.

Don't Get Burned!
You can be fined up to $10,000 for illegal open burning in N.C.
Smoke from open burning can cause serious health problems and pollute the air. That's why the state regulates open burning. Only leaves, branches or other plant growth can be burned.
IT'S ILLEGAL TO BURN:
•Garbage, paper and cardboard
•Tires and other rubber products
•Building materials, including lumber
•Wire, plastics and synthetic materials
•Asphalt shingles and heavy oils
•Paints, household chemicals and agricultural products
Homeowners can burn yard trimmings – excluding logs and stumps – if it's allowed under local ordinances, no public pickup is available and it doesn't cause a public nuisance. Other allowable burning includes campfires, outdoor barbecues and bonfires for festive occasions. Landowners also can open burn vegetation to clear land or rights-of-way, provided that:
• Prevailing winds are away from built up areas and roads
• Fires are at least 1,000 feet away from occupied buildings
• Burning is done between 8 a.m. and 6 p.m.
Remember, burn permits issued by the N.C. Division of Forest Resources, its agents or any local government do not excuse a person from following these state air quality rules. For more information, contact:

New Beginnings Resident Gets Prayer For Judgment In Assault

The judge continued prayer for judgment in the case of an 18 year old who pled guilty to simple assault, Jan. 24 in Davie District Court.

Kasia Riddle, a New Beginnings Group Home client, struck her in the eye with her fist, said Commeka Arnold, a college student who works part-time at the group home.She decided to charge Riddle, because she knows she has hit other staff members at the group home, but none have reported it, Arnold told Judge Robert W. Johnson.

Riddle has never been in trouble before and is undergoing treatment for aggression, said attorney Grady McClamrock.

The judge continued prayer for judgment two years on the condition that Riddle not assault, threaten or harass Arnold, cooperate fully with the staff at New Beginnings, violate no state or federal law and pay a $100 fine and court costs.

If she meets requirements, the charge will not appear on her criminal record. If she fails, the case may be brought back to court for sentencing.

Teen On Probation After Conviction Of Assaulting Davie High Principal

A Davie High student was placed on probation for assaulting the principal in November.

Dominique Wilson pled guilty to assault on a school employee Jan. 24 in district court.

She pushed the principal, Dr. Linda Bost, in the chest while she was attempting to talk to her about a violation of the school dress code, according to prosecutor Shawn Fraley.

Since then, Bost said, she has met with Wilson and her mother several times. Following a 10 day suspension, Wilson has done well at school and seems to understand the severity of what she did.

Bost asked that Wilson not receive any active sentence for her crime.

Wilson's mother also told the judge her daughter has been doing a lot better since the incident.

Judge Robert W. Johnson sentenced Wilson to 60 days in jail but suspended the sentence one year, placing her on supervised probation to include enrollment in and completion of an anger management counseling program and any other recommended treatment. She must not miss school without a valid medical excuse and must not assault, threaten or harass the principal again. He also ordered her to pay a $200 fine and court costs.

Sword, Rifle Wielding Man Gets Suspended Sentence

A man received a suspended sentence Jan. 24 in Davie District Court for frightening his neighbors with a sword and rifle.

James Young of Mocksville pled guilty to going armed to the terror of people. Responding to a report of shots fired, a deputy found Young, who had been drinking, wielded a sword and semiautomatic rifle on the street, according to prosecutor Shawn Fraley.

Young told the judge he was upset because he had lost his job. Suffering from a number of physical ailments, it is difficult for him to find a job. Young's neighbors consider him a good person and are concerned about his well-being, said his attorney.

Judge Robert W. Johnson sentenced him to 45 days in jail but suspended the sentence two years, placing him on supervised probation for one year. He ordered him to move in with his parents and reside there unless given permission to leave by his probation officer. He must submit to substance abuse and mental health assessments and comply with any recommended treatment and use or possess no drugs unless prescribed by a physician. Young must pay a $200 fine and court costs.

The judge also ordered that the weapons be destroyed.

Poll Shows Readers Want Second High School

Continued From Page 1

Nancy Evans of Advance. Her third and youngest child is a sophomore at Davie High. She helped finesse the school board's recent reversal that allowed cheerleaders to go to a national competition in Florida.

A second high school will not affect her family directly — they will all be through school before one could be built. But she still wants it.

"I'd like to see it for the rest of the county.

"We'd be better off with smaller numbers (of students) in each one. It makes sense for a county this size that will continue to grow.

"I don't like the distance they have to drive. That's scary to me, especially on the winding roads."

The school bus gets to her house at 6:45 a.m. — so early that only those with no alternatives ride it.

"In a huge school, kids get lost. It might hurt the athletic program, but we need to look at the academics as well."

Dan Barrett, chairman of the county commissioners. "I know there are strong feelings in favor of one school; there are strong feelings in favor of two."

He said the county needs to decide if there is some point when Davie High gets so large that it must be divided.

"It's not a decision that has to be made immediately, but it has to be planned for and studied." Beyond the emotions, he said the county needs to consider recommendations from school experts.

"You get sentiments all over the board. You get sentiments that two high schools would divide the county. It doesn't have too, but that's a consideration." There are curriculum advantages with large schools. Distance problems. Social issues.

Even athletics.

"I hope that's not the rationale we use to decide," he said. "Athletics will be strong whether we have one high school or two. A lot of counties have pride with more than one high school.

"Cost is going to be a huge factor.

"From my perspective, the jury's still out. We need to continue with the task force and determine what's the best interest of Davie County."

Ken White, county commissioner. He has a daughter at high school. "She said, 'Daddy, I would never have some of my best friends if we had two high schools.' There is something to the 'Melting Pot' syndrome. But at some point we have to put a consideration in the future. It may not be now. We've had a recession and an economy where people are not just worried about their incomes, but their lives."

He said the additional cost is not just for the building. There will be more costs for the county in personnel, buses, fuel, heating and cooling and maintenance.

"Our school board has said they thing 500-550 students is the right size for an elementary school; 750 in a middle school. The school board has to make a decision on what that number is for a high school."

He said the board must focus on the primary consideration: Providing the best education for the students.

"What I hear that pains me is this talk about creating an imbalance of Haves and Have-Nots, the school with the money and the school without the money. Sometimes the Oak Valleys and Bermuda Runs and the Kindertons are tagged as affluent, upper class and snobbish. But one thing I will say about those communities up there, I have never had anyone complaining about their fire tax dollars supporting Sheffield, Calahaln or William R. Davie, or helping the schools.

"I think it's a natural thing for parents to desire a school that's in close proximity to where they live. We see it at the grammar and middle school levels.

"I'm afraid if they keep being stigmatized as being selfish, what if it causes any bond we bring forward to fail because the eastern-side people say, 'You won't listen to our problems, why should we listen to yours?'

"If these two forces become polarized and start attacking each other, the baby gets thrown out with the bath water. I've never seen the people in the more affluent sections say one unkind remark or tell me they don't want to help the other parts of the county."

People's Creek Road Rezoning OKd By County Commissioners

Continued From Page 1

to R-20, residential to residential, it can't be legitimately argued that it's harmful to the neighbors. It just doesn't fly."

Following Van Hoy's presentation, six people spoke in favor of the proposed rezoning. Marty Carter, the builder of the proposed subdivision and member of the Davie Board of Education, said the subdivision would have two speculative homes open, and then building would be mostly consumer driven. He said he would use local suppliers and workers when possible.

Although the hearing was only to discuss the rezoning, most people discussed the subdivision and how it would affect the community. Several nearby landowners told the commissioners that owning land next to subdivisions had in no way devalued their land.

Jay Mintz spoke on behalf of landowners against the rezoning and the subdivision. "I have a signed petition by virtually all the people in the area," he said, although he had not brought the document with him. He estimated there were 24 signatures on the petition, which was to be dropped off at the county manager's office the following day. Mintz said he had not planned on coming to the evening's meeting because he "assumed the result was preordained."

He went on to say that he felt the county education system would suffer due to the increase of students on already full facilities. Mintz was given 15 minutes to speak on behalf of those he represented. "You run the risk of being viewed as anti-school," he told the commissioners. He was also concerned that the septic systems would fail at some point.

"If you approve this, you're approving no zoning in the county," Mintz said.

Three others spoke against the rezoning, although most spoke about wanting homes developed like those already in place in the area. When the standing-room-only crowd of close to 100 was polled, six people were against the rezoning.

"I think you will find," said Commissioner Richard Poindexter, "that if you are trying to do something that doesn't comply [with ordinances], our zoning office is very diligent."

Poindexter motioned to approve the rezoning.

"One of the toughest things facing public servants is having to make a decision when neighbors disagree," said Chairman Dan Barrett. The board approved the rezoning 4-0, with Commissioner Ken White abstaining because he owns property in the neighborhood.

Sentence Deferred In Drug Case

A Davie man pled guilty to two counts of possession with intent to sell or deliver a schedule II controlled substance Jan. 17 in Davie Superior Court.

Judge Jerry Cash Martin accepted the plea of Carlos Edward Williams Jr., 37, who was originally charged with trafficking in methamphetamine and possession with intent to manufacture, sell or deliver a schedule II controlled substance, but deferred sentencing until March 4.

A package of methamphetamine was delivered to Williams' home by the Davie County Sheriff's Department Dec. 1, 1999 where it was accepted by his stepson, Michael Dylan Wolfe. Officers in California had notified the sheriff's department about the contents of the package, which was addressed to Cyanne Nifong, after a drug dog alerted them as it passed through a Federal Express facility there, according to prosecutor Rob S. Taylor.

Wolfe called Nifong after receiving the package. Nifong attempted to assist law enforcement officers by calling Williams, whom she identified as a codefendant, and allowing the conversation to be taped, he said. That resulted in the case against Williams, who had four grams of methamphetamine on him at the time of his arrest. Taylor told the judge.

Charges against Wolfe of possession of drug paraphernalia and possession of a weapon of mass destruction were dismissed following Williams' guilty plea.

The judge ordered that the weapon and paraphernalia which had been seized be destroyed.

Fergusson Barnhardt Tutterow Pitts

Enterprise Staff Members Earn 3 State Press Awards

The Davie County Enterprise Record received three awards at the annual winter institute of the North Carolina Press Association in Chapel Hill last week.

Competing against medium sized community newspapers from across the state, Enterprise Managing Editor Mike Barnhardt received a second place award for serious columns, General Manager Robin Fergusson and Advertising Director Ray Tutterow received a third place award for photo illustration, and Sports Editor Brian Pitts received a third place award for sports news reporting.

Judges were journalism professionals from other states.

Barnhardt's columns were judged second best among 35 entries. The judge wrote: "Barnhardt's style is simple, subtle, and works well because he cuts out the unnecessary, leaving the reader a tight package to peruse. He uses facts, memory ad history in his columns, which are interesting to read. Original takes on some universal themes."

Fergusson's and Tutterow's entry, the "Men of Steel" cover for the Davie High football issue, was judged third best among eight entries.

The judge wrote: "As a group, we kept coming back to the men of steel. Of all the entries, this one generated the most talk. It was a bit busy, but we couldn't dismiss this entry."

Pitt's entry about the Davie High softball team was judged third best among 22 entries. The judge wrote: "A well written story. Good detail."

Gym Named In Honor Of Studevent

Continued From Page 1

had that smile.

"He was one that would always listen. He always had time to listen."

Studevent was an extraordinary two-sport athlete. He was good enough in basketball to score 55 points against Thomasville, average 30-plus points as a senior and play for one of college basketball's winningest coaches (Bighouse Gaines) at Winston-Salem State University. A second baseman for the Rams, he was good enough in baseball to catch the eye of the Pittsburgh Pirates organization.

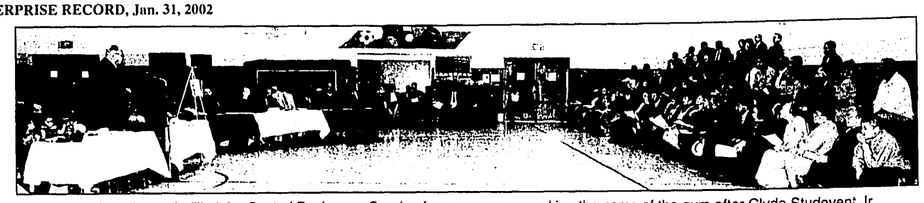

He served as Mocksville Recreation Director for 20 years and coached the Mohawks for nine, his championship-filled run stopped by integration in the late 1960s. He coached Mocksville Middle's teams in the 1970s, South Davie Junior High's freshman boys in the 1980s and Davie High's freshman boys in the 1990s.

Suffering one losing season from the South Davie years through the end was great stuff, but the way Studevent influenced kids and inspired strong character over 42 years in Davie County Schools means much more to his many admirers.

"Kids need great idols, someone that's not always downing somebody," said Gaines, who coached at WSSU for 47 years. "As coaches, we all get into the same situations. Sometimes you get good kids, sometimes you're very successful and sometimes you don't get good kids. I've had a lot of contact with Clyde and I've never heard him say one bad thing about anybody."

Studevent was overwhelmed by it all – the ceremony, the reunion of old friends, the reminiscing, the long-time-coming occasion of honoring a role model for all time.

"The Central Davie alumni pushed it," he said. "That's who really wanted it done and I'm humbled. I said: 'You can't think that much of me.' That many people coming out and saying things like that about you... I appreciate everything everybody's done."

Approximately 250 people filled the Central Davie gym Sunday for a ceremony marking the name of the gym after Clyde Studevent Jr.

Elvania Wilkes Crews and Alice Gaither, organizers of the event, talk with Studevent.

Former players Bruce Frost, Dwayne Grant, Elliott Wilkes, Clement Fleming and William West were on hand to congratulate Studevent.

Studevent greets Hubert West, with Steven Anderson waiting his turn to congratulate the man of the day.

Studevent was all smiles when daughter Gina Reid brought grandchildren, twins Makayla and Chandler Reid and Joshua White. In back are son-in-law Jerome Reid, and Studevent's wife Willie talking to Linda Ijames.

Former Lawyer To Spend 90 Days In Jail For Embezzlement

By Jeanne Gaither
Davie County Enterprise Record

About 30 people, including local attorneys stood to show their support for a Mocksville lawyer, pleading guilty to embezzling from his clients, in Davie Superior Court Jan. 17.

Former attorney and district court judge William Grady Ijames Jr., 61, pled guilty to four counts of embezzlement for taking approximately $193,000 from three estates he was hired to administer between 1989 and July 21, 2000.

An investigation by the SBI showed that Ijames had taken more than $100,000 from the estate of Henry Weir White, over $85,000 from the estate of Velpo D. Ward and more than $8,000 from the estate of John W. Seamon, according to assistant DA Corey Buggs.

As it turned out, the amount taken actually ended up being greater than that for which Ijames was indicted. Bonding companies have reimbursed the majority of the funds taken with only about $2,200 still owed to the Seamon account, Buggs told Judge Jerry Cash Martin.

The N.C. Clients' Security Commission has paid over $9,000 of $14,817 to others who reported money embezzled by Ijames, he added.

He urged the judge to make an example of Ijames to show that such behavior would not be accepted in the legal system, which is based on honor, integrity and trust.

Defense attorney David Friedman asked Martin to impose a sentence that would fulfill the court's obligation to the community without sending Ijames to prison. He presented a stack of letters written on behalf of his client by members of the community and offered several mitigating factors.

Ijames admitted his wrongdoing immediately and has made no excuses for what he did, said Friedman. He had himself removed as administrator of the estates and mailed his license to practice law to Raleigh.

He presented a resolution passed by the local bar association in 1990, commending Ijames for his years of service in the community, which included church and civic involvement, service in the U.S. Army during the Vietnam War and a willingness to help fellow man.

Ijames is a good family man, who has experienced physical and mental health problems since being involved in an auto accident in 1994. He suffered from depression prior to that accident and is undergoing counseling for these problems, his attorney explained.

He pointed out that Ijames has already suffered severe punishment outside the courtroom. He can never again practice the profession he loves. He is in poor health and must live with being a convicted felon in a small community.

After recessing court to read the letters submitted on behalf of the defendant, the judge thanked those who had come to court to show support for Ijames.

After reading comments from a letter written by Ijames' sister, Martin said, "It is a sad day for all of us when we see a good man go down."

He sentenced Ijames to 24 to 32 months in prison but suspended all but 90 days of those sentences, which Ijames is serving in the Davie County Jail.

Upon his release from jail, he will be on supervised probation for three years, beginning with six months of intensive probation, which includes a curfew.

He ordered him to pay the remainder of the money owed to the Seamon estate by Jan. 22. He also ordered him to pay court costs in all four cases and restitution to the N.C. Clients' Security Commission. He must remain employed but not engage in the practice of law.

Ijames said he is extremely sorry for everything.

Cooleemee Board Remembers Scotty Vogler

COOLEEMEE - The January Cooleemee town board meeting began with a special recognition ceremony for the Scotty Vogler family.

The family was present when commissioners presented Brenda Vogler with a plaque commemorating his work for the community.

"Nothing is going to replace Scotty as a friend, or a commissioner," said John Chandler.

Brenda accepted the plaque, with tears in her eyes, and individually thanked each member of the board, as well as the mayor, following the presentation.

The plaque states, "Presented by the Town of Cooleemee in January, 2002 to the family of Scotty Vogler in honor of his contributions as a member of the Town Board. His perseverance, determination, and knowledge provided the board with a very valuable resource. His friendship was shared by everyone in our town. We will miss him and never forget his efforts for our town."

Vogler was in his first term as a commissioner when he lost his life in a hunting accident.

Commissioner Fran Parker said that he had found his niche when he became a commissioner. "He loved sitting over there in that chair," she said.

Commissioners continue to work on his projects, including improving drainage and completing the ordinances.

Juvenile Crime Prevention Council Seeks Grants

The Davie County Juvenile Crime Prevention Council has $117,257 in funds for programs that serve delinquent and at-risk youth for the fiscal year beginning after July 1, 2002.

Programs should address one of the following risk factors identified by the council:

- early and persistent behavior problems in school;
- family management problems/family conflict and disruption;
- community drug and alcohol abuse; or
- peers who engage in delinquent behavior.

The programs should address one or more of the following protective factors to provide programming that allows youth skill building opportunities, recognition and bonding that promotes healthy beliefs and clear standards.

The council's planning process identified the following needed services.

- Counseling. Contract with a professional counselor to provide individual and family therapy for adjudicated youth for a maximum of 15 youth per year;
- Guided Growth. To provide structured activities for adjudicated youth to improve self-esteem, social conscience, personal enrichment and social growth and development;
- Parent Responsibility Classes. To provide parent education and support for parents of adjudicated youth;
- Restitution/Community Services. To provide supervised placement for court ordered youth to complete community service hours and to reimburse victims for damages;
- Home-Based Services. Contract with a professional to provide in-home counseling and in-home family preservation services to adjudicated youth and their family for a maximum of two youth per year;
- Temporary Shelter Group Home. Contract for approximately two adjudicated youth per year for a maximum of 30 days in care to provide emergency placement.

Programs should address a plan to improve individual characteristics, building on the individual strengths of the child. They should promote bonding to family, school, community and peers. They should provide positive role models, high expectations and clear rules and boundaries for youth.

Local public agencies, nonprofit groups and housing authorities wishing to submit applications need to obtain and fill out forms available at *www.juvjus.state.nc.us*; or Frances Tutterow, JCPC designee, at 751-7704.

The deadline for receiving applications is 3 p.m. Feb. 18. Mail or deliver completed applications to Tutterow, Davie County Schools, 220 Cherry St., Mocksville.

E911 To Get More Equipment

By Kim Justen
Davie County Enterprise Record

Funds were budgeted for upgrades to the Emergency 911 system, and the final request came in under budget.

County commissioners last week then requested staff to negotiate additional equipment.

The new recorder will have dual DVD drives, and an additional hard drive backup system. The present recorder is out of date, the manufacturer no longer supports it, and it is becoming unreliable, the board was told. The contract for the new recorder was awarded to Racal, at a total cost of $20,734. The recorder should last another 10-15 years before it needs to be replaced.

Also approved was a $29,046 contract with RCS for furniture for three workstations. Redesigning the layout of the communications area will allow room for four workstations, but at the moment only three are needed.

Finally, the county will be getting its own 911 answering equipment. Currently calls are fed through Elkin, but with the new equipment calls will come directly to Davie County. The new equipment includes a CPU touch screen which should last for about 10 years.

Communications Director Ronnie Robertson requested a satellite receiver system. He requested approval for two receivers and additional satellite equipment. One receiver will go in eastern Davie, while the other would go to the Cooleemee area. The total cost for the receiver system from RCS is $22,425.

During discussion, commissioner Ken White asked what was being done for the northwest part of the county. The new system has expansion capabilities, and the original plan was to continue using older equipment for that area now, and expand into that area later. White suggested amending the motion to allow the county to negotiate an additional receiver for the Turkeyfoot water tank. The commissioners approved staff negotiations for a total satellite receiver system, including the additional receiver, for up to $32,000.

Sean Stevens Storms Into 1,000 Point Club

By Brian Pitts
Davie County Enterprise Record

Sean Stevens, as much as he tried, couldn't focus directly on the disposal of North Davidson, an eventual 89-71 loser, because he just had to get over the 1,000-point hump in front of the screaming home fans.

That hump seemed like Mount Everest when Stevens – who entered Friday's Central Piedmont Conference game against North Davidson needing 15 points, or 10 fewer than an average night, to reach the milestone – hit a trail of first-half potholes.

"There were some people saying stuff about it before the game, and it just makes you a little tense," he said.

"It's obviously been on his mind," Coach Jim Young said. "It would affect any kid."

Actually all the War Eagles were off target. They missed 15 of 19 first-quarter shots, 12 of 17 second-quarter shots and found themselves trailing the Black Knights (11-7, 1-4 CPC) 31-30 at halftime.

Davie (11-4, 3-2) was coming off an 86-63 loss at Reynolds (15-4, 5-0), which has the credentials for a third straight state championship.

Stevens took a deep breath at intermission and did an about-face, reaching 1,002 on a 3-pointer at the 4:28 mark of the third. At the next timeout, Young ushered Stevens to halfcourt and handed him an honorary ball. The crowd bathed the 5-foot-7 marvel with a standing ovation as the cameras flashed.

There are only four other 1,000-club members – Randall Ward (1967), Jingles Ijames (1970), Dwayne Grant (1977) and Duane Phillips (2000). No one will probably ever reach Grant's 2,007 career points, but Stevens already holds the 3-point records. He broke his own single-game record with 10 triples against Mooresville on Dec. 4, he shattered Phillips' season record of 63 with 105 last year and he's on pace to hit 109 by the end of the regular season.

"I was glad to get that out of the way," he said. "It was a great moment, but it was a little nerve-wracking."

Then it was like someone launched him out of a cannon. Stevens pumped in eight points in 36 seconds to extend a four-point game to 51-41. He hit seven 3s on 14 attempts, made all 10 free throws and scored 33 points, the 10th 30-point game of his career and the 12th performance with at least seven 3s.

Stevens

"We played Stevens really well in the first half," North coach Fredrick Hurt said. "But the thing about Stevens is he can be off

The 2001-02 middle-school wrestling season was one long highlight film for South Davie.

The Tigers slammed regular-season opponents 987-210, including North Davie 53-27 with the regular-season championship on the table, and the Jan. 19 Mid-South Conference Tournament represented the final act to a remarkable ride.

"I was worried about a little bit of a letdown because (the North Davie showdown on Jan. 16) was such an emotional match and winning it meant a lot," Coach Howard Riddle said after South leveled the nine-team tournament field. "But the kids had a lot of pride and they wanted to make sure they didn't slip in the tournament.

"Sometimes it's tough being the favorite. Everybody's after you, but we took care of business."

Seven of the 15 champions wore black and orange as South rolled up 218 points. North Davie, which outscored opponents 892-235 before losing to South at a packed-house North gym on Jan. 16, was second with 180 points, followed by China Grove at 126, West rowan at 120, Southeast at 118, Erwin at 84, North Rowan at 65, Corriher-Lipe at 48 and Knox at 46.

The tournament was a perfect example of how special Aaron Hollifield is. An unbeaten Corriher-Lipe Yellow Jacket, Mark Williams, who mostly wrestled in the 125-pound class dropped to 119 and faced Hollifield in the finals.

The strategy backfired. Hollifield didn't only beat him, he pinned him. A three-pin march gave Hollifield back-to-back gold medals, a 16-1 record this year, a 29-3 record for two years and the tournament's most-outstanding-wrestler award. His lone eighth-grade loss came at 125.

"A lot of people thought the kid from Corriher-Lipe was going to beat him. I knew better," Riddle said. "He was the only two-time champion there."

Three Tigers buffed up their perfect records. Russell Hilton pinned all the way through at 93 to finish 18-0, Timmy Allen beat North Davie seventh-grader

Wrestlers Sleepwalk Through 56-15 Win

Davie's varsity wrestling team had no intensity. The War Eagles settled for decisions where they should have gotten pins. They looked like they were sitting through a movie they'd already seen three or four times.

However lethargic they might have been, you couldn't argue with the results. Sleepwalking Davie still beat North Davidson 56-15 to nail down the regular-season title in the Central Piedmont Conference.

"It's hard to wrestle something when you've got that attitude," said Buddy Lowery, who sounded like the losing coach. "They were wrestling for something and we were just kind of going through the motions. I think everybody felt like or knew we were the better team. We were just kind of sluggish. It was just one of those nights. We just couldn't get anything going the right way."

Andrew Darcy, Jacob Garner, Adam Sain and Matt Wilson didn't do anything fancy. They just won. Sain did just enough to prevail 5-4 and the other three recorded major decisions.

Tyler Black rolled up an 18-3 technical fall, Adam Barber took a forfeit and the other five Davie winners posted pins, including Malachi Gentry, Josh Stanley, Jordon Kahrs, Billy Riddle and Patrick Lowery.

"Stanley wrestled like he's supposed to," Lowery said. "He gets it on and takes care of business. Same way with Kahrs."

Two highly-regarded Black Knights were responsible for two of their three wins. Brandon Essick, who is 24-2 and ranked seventh at 103 pounds by Super 32, defeated Davie sophomore Zac Morton 9-3, and Bradley Essick, who is 25-1 and ranked sixth at 130, pinned No. 10 Andrew Scott.

Singleton Leads Girls To 4-1 CPC Mark

By Brian Pitts
Davie County Enterprise Record

Davie's varsity girls basketball team is finding different ways to win.

Brittany Walker drilled four 3-pointers and scored 16 points in a 55-41 win over South Iredell on Jan. 11. After Davie pulled a no-show at West Forsyth, Sarah Williams righted the ship against South Rowan on Jan. 18, drilling four 3-pointers and scoring 27 points.

Last week the War Eagles passed the torch to their third high-profile junior, Dawn Singleton, and the 5-11 center showed she can be as dangerous as the inside-outside whiz (Williams) and the savvy point guard (Walker).

Singleton deposited five of seven shots and delivered 14 points in a surprisingly tough 48-39 win over winless Reynolds on Jan. 22, and she produced a double-double to lead Friday's 54-41 win over visiting North Davidson.

"One of them seems to come to call every night," Coach Carol Cozart said. "Each of them has had some good games, and this time Dawn had a big week."

Singleton broke the ice 2:25 into Friday's battle, and Davie (10-7, 4-1 Central Piedmont Conference) never trailed in winning its third in a row and fifth in six games. North closed within 27-21 early in the third quarter, but Singleton answered with six points over the next 3:15 to build a 35-26 lead and protect Davie's first-place tie with West Forsyth.

Worth Noting ...

Carly Booth of North Davie's eighth girls shot down South Davie 26-25 with two seconds left, finishing with 21 points, nine rebounds, five steals and three blocks.

Evan Hall and **Raeshon McNeil** totalled 29 points each as South's 8th boys blitzed two opponents.

Alyson Walker scored 11 of her 15 points during a key stretch against Reynolds and added 12 points against North Davidson as Davie's JV girls improved to 11-1.

Nick Nelson of Davie's JV boys has produced 20 points in four of six games, and five of them have been wins.

Aaron Hollifield of South Davie received the most-outstanding-wrestler award after winning his second conference championship. He went 29-3 in two years.

Brittany Walker of Davie's varsity girls had 16 points and nine assists in a win over Reynolds, and **Dawn Singleton** had 14 points and 12 rebounds in a win over North Davidson.

South Davie Girls Make Perfect Season Look Easy

By Brian Pitts
Davie County Enterprise Record

The Erwin Eagles vowed it would be different if they met South Davie's seventh-grade girls basketball team in the Mid-South Tournament. They got their wish in last week's championship game, and as the tournament host they even had the advantage of playing in front of an Eagle-partisan crowd.

The only difference in the rematch, however, was the lack of suspense. The Tigers needed a strong fourth quarter to take round one, 34-25, and ultimately the regular-season title, but a second title and 13-0 record came with ridiculous ease, 47-24.

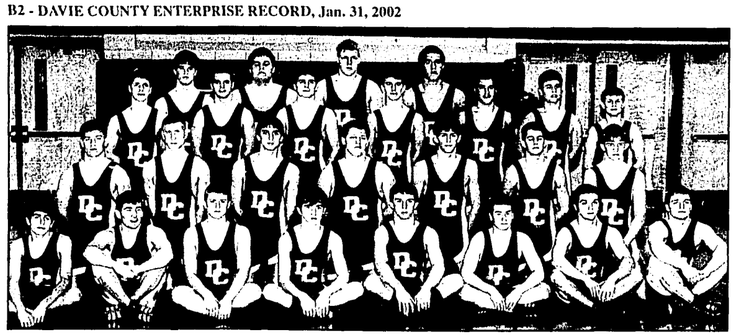

"The (Erwin) coach whispered in my ear the night before: 'We're going to show you that there are two good teams in this conference,'" South coach Tim Kenney said. "Between the semifinals and the Erwin game, we played as good as we have played all year. Everybody did their job, and as a result it was a very boring game for most fans."

After a deadlocked first quarter, the top-seeded Tigers buried No. 2 Erwin 31-10 in the middle quarters to post the second perfect record since South became a middle school eight years ago, spanning 17 female teams. The eighth graders from 1998-99 - led by Brittany Walker, Ryanne McDaniel and Sarah Williams – went 17-0 while outscoring opponents 47-21.

But these Tigers stand alone among seventh-grade teams, surpassing the 11-2 mark from 1997-98 by piercing opponents 41-20. They had no trouble overcoming Rebecca Cooper, who scored all but three of Erwin's points.

"Cooper got into foul trouble and had to go out, and from there it was an absolute feeding frenzy," Kenney said. "My only regret is they have these state tournaments for wrestlers, and I'd like to see how far this team could go in the state."

The Davie wrestling team, from left: front row – Andrew Darcy, Josh Stanley, Wesley Thomas, Jeremiah Raby, Matt Wilson, Jake Tuttle, Derek Foster and Tyler Black; second row – Jacob Garner, Adam Sain, Justin Bentley, Ryan Boehm, Jordon Kahrs, Andrew Scott and Jared Shrewsbury; third row – Jonathan Britt, Tyler Lowe, Malachi Gentry, Dustin Johnson, Tanner Wilson, Millard Smith and Zac Morton; and back row – Billy Riddle, Adam Barber, Ted Randolph, Patrick Lowery and A.J. Scales.

Wrestling Team Ties Record For Wins

Continued From Page B1

North, however, was outnumbered 8-2 by Super 32 performers. Besides Scott, Lowery is No. 1 at 215, Black is third at 171, Kahrs is fourth at 140, Stanley is fifth at 135, Sain is sixth at 152, Barber is ninth at 275 and Garner is 10th at 145.

That elite-eight crew has led to 17 straight dual victories, a 14th CPC title in 17 years and a record-tying drive to 30-2, which matches the mark from 1998-99.

The War Eagles – who closed the regular season against South Rowan on Jan. 29 and host the CPC Tournament on Feb. 2 at 10 a.m. - should break the record in the first round of the state dual playoffs on Feb. 5, but a 32nd win on the same night will require a major upset. If the seedings hold, Riverside will be waiting in the second round. The top-ranked Pirates handed Davie its last loss, 39-24 on Dec. 21.

"We didn't wrestle like we'll have to against Riverside or Mount Tabor, but I know we'll wrestle with more intensity (in the playoffs)," Lowery said. "It could be a good one because we've improved a lot since December."

Notes: Davie is a mind-boggling 91-3-1 in the CPC. ... The playoffs will continue on Feb. 7, with the state final scheduled for Feb. 9. ... The War Eagles usually host the first round of the dual playoffs, but a conflict could put them on the road. "It's up in the air," Lowery said. "We've got basketball games here (Feb. 5). North Davie or South Davie is a possibility, but I don't know if they'll let me do that." ... Tanner Wilson and Millard Smith pinned their 145 foes in prelims against North Davidson. ... Justin Bentley, Ryan Boehm and Ted Randolph went either 5-0 or 4-0 in a 12-team tournament at North Davidson on Jan. 19. Jonathan Britt, Smith and Derek Foster went 4-1 and Jeremiah Raby was 2-0 before getting injured.

Young Averages 20 As Tigers Cap 13-0 Run

Continued From Page B1

For South point guard Brittini Young, the tournament was another series of spectacular performances. She accumulated 18 points, eight steals and five assists in a 32-24 win over No. 8 North Rowan, she had 16 points and 10 steals in a 41-18 win over No. 5 North Davie and she had 19 points, nine steals, seven assists and five rebounds in the final.

Of all the female players who have come through South since 1980, few – if any - have been as good as Young, who not only made it hard on opponents but also hard on herself by debuting with 15 points and collecting 19 points, nine steals and six assists in the second game. Although the bar was set considerably high right off the bat, the 15 points on opening day was her lowest output, she finished with a scoring average of 20 and she picked up 100 steals over the last 10 games.

"If a coach is lucky, once in their career they'll be able to coach a player like this," Kenney said. "I'll go out on a limb on this: Brittini is probably the best at her position in the state. I would be hard-pressed to find somebody who can match her skill level as far as handling the ball, running the offense, playing defense and she sees the floor better than many girls that are two or three years older than her."

Also in the final, power forward Grace Didenko reached double figures for the fourth time with a season-high 13 points, wing shooter Lauren Parker scored eight and center Rebecca Riddle collected two points, seven rebounds, three steals and two assists.

"Grace went wild," Kenney said. "Part of it was taking the ball to the hole, and part of it was getting some very nice passes from Parker, who probably played her best games of the year against North Davie and Erwin."

Perhaps no Tiger, though, overachieved as much as reserve Jaclyn Smith, a heart-over-talent guard who ignored any physical disadvantages to chip in four points, three rebounds and several intangibles. Vanessa Didenko added one point and four steals.

"(One Didenko) got into foul trouble and Jaclyn gave us some huge minutes in the first half," Kenney said. "She is half the size of the Didenkos, but she really had a great game. She finished this one fastbreak: Brittini gave her the ball and she went in and scored over Cooper. It was pretty. Then she cut in front of one of (Erwin's) big girls off an inbound play and scored.

"So she was scrappy, she was always in the ball handler's face and she was on the floor after loose balls."

In the first round against North Rowan, Kenney called off the dogs while up 25 and settled for the smallest margin of the year (eight). In the semifinals and third blowout of North Davie, Vanessa Didenko matched her season best with 11 points.

"I felt bad – I really did – because (North coach) Jamie (Lyerly) is such a nice lady, those girls are so nice and we're part of the same family," Kenney said. "It's just a shame we had to meet a third time."

North Davie Girls

The No. 5 Wildcats, who lost 45-38 to No. 4 Southeast after trailing 42-26 through three quarters on Jan. 10, emphatically turned the tables in the first round.

Jenny Mann hit seven of 11 free throws for a season-high 21 points and Whitney Williams added 13 as North built leads of 12-4, 28-13 and 45-21 for a resounding 58-34 win in the rubber match against the Patriots, who fell 32-28 on opening day. North's previous-best output was 45 points.

"Before the game, even the coach said they had never hit seven 3-pointers in a game (like Southeast did on Jan. 10)," Lyerly said. "She said they were just hitting everything and that probably would never happen again."

It didn't thanks to Amanda Russell and Margo Masi, who bottled up Southeast's main guns in a triangle-and-two defense. Masi also had seven points, followed by Brittany Wharton with six, Jennifer Beck with four, Russell with three and Taylor Boyles and Megan Foucheux with two each.

The reward was a third meeting with South, which ended North's season at 6-7. Mann finished with the highest average at 11.2 points and Williams averaged 8.8.

North Davie Boys

A record run ended with a whimper as the No. 3 Wildcats tripped 34-32 to No. 6 Southeast in the first round. North won the first two meetings – 26-25 on opening day despite shooting 17 percent from the floor and 48-16 on Jan. 10 - but went ice cold and lost for the first time since Dec. 4.

North missed 14 of 20 free throws and every Wildcat but Thomas Kuell (4-of-8 for nine team-high points) missed more than half of their field goals.

Tyler Baity and Michael Sulier scored eight each. Whit Merrifield had four and Jared Nelms three.

A 7-4 mark by the eighth-grade team in 1993-94 was the school's finest middle-school record before this North team won seven straight to finish 9-3. Kuell averaged a double-double at 11.8 points and 10.8 rebounds. Baity averaged 10.6 points and Merrifield 8.4.

• **South Davie 32, North Rowan 24** – Brittini Young 18, Grace Didenko 5, Lauren Parker 4, Rebecca Riddle 4, Vanessa Didenko 1.

• **South Davie 41** – Young 16, V. Didenko 11, G. Didenko 6, Parker 6, Riddle 2.

North Davie 18 – Whitney Williams 7, Jennifer Beck 6, Jenny Mann 4, Amanda Russell 1.

• **South Davie 47, Erwin 24** - Young 19, G. Didenko 13, Parker 8, Jaclyn Smith 4, Riddle 2, V. Didenko 1.

T-Ball, Peewee Registrations Open

The Mocksville-Davie Recreation Department will accept registration for T-ball, peewee baseball and peewee slow-pitch softball through March 1. Both peewee leagues are coach pitch, a step above T-ball.

The age for T-ball is 4-5, 6 for peewee baseball and 7-9 for peewee softball. League play for T-ball and peewee baseball will begin in April at the Jericho field, while peewee softball will start in the middle of April at the Jericho, Rich Park and Center fields.

Registration fee for all leagues is $30 (including a shirt and hat) for the first child and $25 for each additional child in the same family. Registrations will not be taken after March 8. Volunteer coaches are needed. Contact Joe Boyette at 751-2325.

Hollifield Most Outstanding As Tigers Win By 38

Continued From Page B1

Brandon Stewart in the 112 final to finish 17-0 and ReShawn Parks beat North Davie's Jaspen Gray in the 135 final to finish 16-0.

"Parks is just an athletic specimen," Riddle said. "You don't get athletes like that everyday. He could be a high-school basketball player or a high-school wrestler. He can do whatever he wants."

Jonathan Dwiggins became an overnight sensation by rallying past North Davie's Josh Johnson, who had gone 12-0 with 12 pins, in the regular-season finale. That was nothing compared to what he did in the tournament.

First he avenged his only loss in the semifinals, beating 12-0 Raymond Jones of Knox by major decision, and then he pinned Johnson in the 103 final to finish 13-1.

"A lot of people wondered: 'Could he beat Johnson twice?' " Riddle said. "(Jones) probably thought, 'I've done beat him once, I'll beat him again,' but it didn't work out that way. Jonathan dominated. He got ready to go at the right time of the season."

Zach Vogler's three-pin romp at 125 was Hollywood stuff. During the same December stretch that he lost back-to-back matches, he lost his biggest fan (grandfather Scott Vogler) in a tragic accident.

Carrying a heavy heart and pointing to the sky, Vogler ripped off 11 straight wins and finished 15-2.

"He got down a little bit in the middle of the year," Riddle said. "He had two tough losses, and you know it was a tough year with his grandpa passing away. But when it came tournament time, he took care of business."

The seventh gold medalist, Britt Abendroth, stood at a 2-2 crossroads early on. Then he seized 11 of the next 12 verdicts, including three tournament pins at 152, to finish 13-3.

South had way too many weapons, capturing 31 of 45 matches and placing in all but three weight classes. Garrett Parks finished second at 189 for a 15-2 record. Fourth places went to Jacob Snow (12-5 record), Kirsten Angell (10-6), Chris Mock (14-2) and Travis Phelps (13-4).

"Going into the finals, there was a mix-up on the score," Riddle said. "We thought we only had a three-point lead, and we wrestled like it was life or death. We couldn't have wrestled any better."

Runner-up North Davie

Daniel Gough and Josh Barnes served payback. Brock Flowers continued his astonishing streak and seven Wildcats made final-round appearances as North took second place with ease.

Gough's opponent, the same one who overcame a 5-1 deficit to hand Gough his only loss, carried an undefeated record into the 147 final. The rematch was all Gough, who pinned in the first period and finished 16-1. Barnes didn't let history repeat itself, either, avenging his only loss in the 132 final to finish 16-1.

Those moments were sweet indeed, but they couldn't top Flowers at 142. He flattened all three guys for 13 straight wins after debuting with a loss on Nov. 28.

"Flowers doesn't say a whole lot," Coach Ron Kirk said of the first-year eighth grader. "He wrestled a kid in the semifinals who beat Gray during the regular season. I talked to him before the match about this kid's muscle and quickness, and Brock just said: 'I'll take care of it.' I mean, he wrestled about as smart and as smooth as anybody I've seen go through the finals, especially for a kid in his first year. I hope he stays with it because he'll do a good job at the high school."

North went 28-17 and placed in 10 classes. Johnson (14-2 record), Stewart (12-2), Gray (12-4) and Bubba Boger (15-2) claimed second, and Adam McIlwain (17-1), Phillip Scott (10-5) and Josh Dixon (12-6) took third.

"We had about five weight classes that didn't do very well or we could have scored a lot more points," Kirk said. "South has a great team. I'll take nothing away from them, but we could have made it a lot more interesting."

Girl Swimmers A Comfortable Second

Meagan Clark remained unbeaten in the breaststroke and Ashley Gaskin nearly pulled off an improbable win as Davie's girls swim team finished second in a three-team meet last week.

Reynolds had with 143 points, followed by Davie with 98 and South Rowan with 62.

Clark blew away the second-place breaststroker by eight-plus seconds and added a runner-up in another event. Davie finished second in three other times, including a stunning showing by Gaskin in the 100 free. Her 1:01.32 time was a mere three-tenths behind the winner from Reynolds.

"That's a second and a half faster than her best time ever," Coach Matt Mecham said. "That's lightning quick. If she gets under a minute next year, she's looking at making the state championships."

Emma Jakob's runner-up in the 200 free was good for regional qualification; Becky Call, Clark, Michelle Hunckler and Gaskin took second in the 200 medley relay; and Call was third in the 100 backstroke.

Davie's boys, who lost to South by 22 points earlier in the year, closed the gap but not by enough to avoid last place. Reynolds cruised with 142, South tallied 85 and Davie fell short at 79.

The good news was Charlie Lester and Brent Gaither added their names to the regional-qualifying list – Lester in the 200 free and Gaither in the 200 IM with a career-best 2:23.68.

"Gaither's qualified now in three events," Mecham said. "We've just got to decide which one he's going to swim."

The steady foursome of David Stein, Lester, Gaither and Danny Stiling produced two second-place times, the 200 free relay in 1:44.07 and the 400 free in 3:54.75.

South Rowan will host the Central Piedmont Conference meet on Jan. 30, and the Midwest Regional will be Feb. 8-9.

Old School

Davie Sports News From January, 1988

Clifford Dulin had 21 points and 14 rebounds to give Davie's varsity boys basketball team a 75-70 win over North Davidson and a 10-4 record. Shane Fleming, Todd Gulledge and Greg Anderson added double-figure scoring.

Davie's varsity girls trailed league-favorite North Davidson by 20 early in the third, but stormed back for a 56-52 win to move to 5-9. Jennifer Page hit three 3s off the bench to spark a 33-9 run, and Debbie Evans' free throws in the waning moments iced it. Shawn Smoot had 18 points and Beth Mashburn had 16 points and 14 rebounds.

After four straight second-place finishes, North Davie's wrestling team captured the North Piedmont Conference behind five undefeated starters: Joe Cirka, Bryan Custer, Jon Myers, Bryan Foster and Robin Campbell.

Three members of Davie's wrestling team took unbeaten marks into February – Brad Foster at 17-0, Scott Page at 16-0 and sophomore Jerry Mann at 9-0.

Kevin Howell and Brent Wall scored 20 each and Germain Mayfield added 14 as South Davie's freshman boys basketball team downed China Grove 68-59. In an 81-70 win over Chestnut Grove, Mayfield poured in 33 and Wall banged six 3-pointers to finish with 22 points.

North Davie's freshman boys edged North Davidson 56-55 behind Patrick Murphy's double-double (18 points, 10 rebounds). Alex Nail added 15 points.

South Davie's freshman girls beat China Grove as Nikita Clement, Kim McClelland and Stephanie Whitaker scored in double digits.

Register By Feb. 4 For Coed Soccer

Registration is under way for coed soccer. The fee is $40 and the Mocksville-Davie Recreation Department will take sign-ups through Feb. 4.

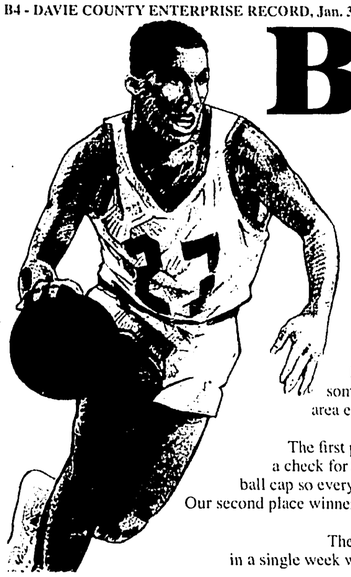

Games will be played at Pinebrook Elementary School and in Iredell County, and there will be a maximum of 18 players per team. The age divisions are U-10 (Aug. 1, 1991-July 31, 1993), U-12 (Aug. 1, 1989-July 31, 1991) and U-14 (Aug. 1, 1987-July 31, 1989).

for three quarters and then go crazy. The second half he got hot, and a lot of the shots we had guys right on him."

Incredible Half

While the first half saw seven lead changes and three ties, everything went right for Davie in the second half. Is 10-of-13 shooting from beyond the arc hot enough for you?

Stevens was just the start of an onslaught that mowed down North 59-40 in the second half. Swingman Nemanja Kreckovic scored 19 of his 21 after recess. Center Dan Sullivan scored 16, yanked down 11 rebounds and handed out four assists. And power forward Chris Stein had eight points and nine boards.

The crusher was Sullivan, who drained two 3s in a two-minute span to make it 61-43 early in the fourth. That was the icing on his seventh double-double.

"As soon as you bust your butt on (Stevens and Kreckovic) then you've got Sullivan hitting a 3," Hurt said.

"When you've got a five man that can bang the 3 and also take you to the hoop ... his game has improved a ton from last year," Young said. "In the second half Stein did a nice job on the boards. He was hesitant in the first half, and he and I talked personally at halftime. I'm going to talk personally with him before the game starts. If he puts four quarters of that rebounding and attitude together, he'll be awesome. In the second half, man, he took it to them.

"Jason McAteer ... a quiet assassin's game will do his scoring and 11 assists against us must two numbers. He executed the big job when senior Jason Hogue missed the Reynolds game and ultimately quit the team.

"I've been looking at the stats and I'm like 'Where's all my assists?'" Garner said. "It's nice to contribute like I did tonight."

"He was thrown into a starting spot against Reynolds, and we didn't have a chance to practice before it," Young said. "He settled down tonight. Instead of going east and west, he split the traps. He's been patient. He's got his chance now, and he did a nice job of stepping up."

Notes: Young recognized Brian Hunter for helping force the turnovers that changed the game. The backup also had three assists. "He was apart of several turnovers," he said. "We needed quicker defense." ... Davie hit eight of 13 shots and only trailed Reynolds 42-38 at halftime. Reynolds found its stride and derailed Davie 31-13 in the third. "I didn't have anything to be upset with them about," Young said. "If we play that hard the rest of the way, we possibly won't lose another game." ... The CPC gets three playoff berths and Davie owns sole possession of third. ... West Forsyth is tied with Reynolds at 4-1. ... Davie plays a nonconference home game against High Point Andrews on Jan. 30, at South Iredell on Feb. 1 and at home to West Forsyth on Feb. 5.

Alyson Walker Shoots Down Reynolds; JV Girls Soar To 11-1

A scoring spree by Alyson Walker triggered a 45-35 win over Reynolds, and Davie's JV girls basketball team made it seven wins in a row by upending North Davidson 49-30.

Last week's wins improved Janice Jackson's club to 11-1 and 5-0 in the Central Piedmont Conference.

Davie and Reynolds traded punches until Walker took over in the second quarter. She scored 11 points in a 15-5 run that provided a 22-11 lead, including three buckets behind the 3-point line. Walker finished with a season- and team-high 15 points.

"Here's the reason we won: Walker came off the bench and lit the scoreboard up," Jackson said. "She started hitting everything she threw up to get us (comfortably) ahead."

Heather Boger and Ashley Peoples were terrific, too, with a pair of double-doubles. Boger enjoyed her finest hour with 11 points and 12 rebounds, and People had 11 points and 10 rebounds.

Savannah Kowalski was held to four points but contributed seven rebounds, and Andrea Dwiggins had four points and three team-high steals.

"Boger came through," Jackson said. "She hadn't been taking many shots, and she was hitting."

In the second game against North Davidson, a seven-point halftime lead dwindled to 21-20 as Davie failed to score over the first five minutes of the third quarter. Davie, though, caught its second wind and ran the Black Knights off the floor.

Kowalski hit better than half her shots to score all 13 of her team-high points in the second half, and Dwiggins connected five of seven times for 10 points and made six steals. The tandem did the bulk of their damage during a crushing 18-2 run that followed the five-minute drought.

Walker was the third War Eagle in double figures with 12 points, and Alison McNeil scored four and rejected three shots.

"McNeil played a good game," Jackson said. "She also made a couple steals. She played really good on defense."

The sizzling War Eagles host South Iredell on Feb. 1 at 4:30 p.m., go to East Rowan on Feb. 2 at 1 and visit West Forsyth on Feb. 5 at 4:30.

Davie 45, Reynolds 35 – Alyson Walker 15, Heather Boger 11, Ashley Peoples 11, Andrea Dwiggins 4, Savannah Kowalski 4.

Davie 49, North Davidson 30 – Kowalski 13, Walker 12, Dwiggins 10, Alyse Bowden 4, Alison McNeil 4, Boger 2, Brandi Harpe 2, Erin Whitaker 2.

James' Defense, Nelson's Scoring Lead JV Boys

Reynolds' center tormented Davie's JV boys to give the Demons a 23-16 halftime lead. The big man had 16 points in 16 minutes, and Coach Mike Dinkins had seen enough.

He ordered 6-4 Matt James to do something about it, and James delivered, helping Davie win the second half by 10 and the game by three, 66-63.

"I switched to a box-and-one on the inside guy, and James was really the key to the game," Dinkins said. "He didn't score a point in the third quarter, and that gave us a little momentum. We really couldn't have won without James and his effort."

Nick Nelson burned both opponents last week as Davie raised its records to 10-3 and 4-1 in the Central Piedmont Conference. Hitting three 3-pointers in each game, Nelson scored 22 against Reynolds and 24 in an 85-60 win over North Davidson.

Nelson and Travis Howell (12 points) iced the Reynolds game by making four straight free throws in the final minute, and Nelson followed with his fourth 20-point effort in six games.

"We played extremely well," Dinkins said.

Six War Eagles contributed seven or more points, and 13 different players scored, as Davie outscored North 49-32 in the second half for its third consecutive victory.

Howell reached double figures again with 11 points, and Davie got nine from McBride, eight from David Schweit and Clifford Burns and seven from Patrick Law.

"We went to a quicker lineup by putting Howell at the point and playing a three-guard lineup," Dinkins said. "Howell has stepped it up, and McBride played extremely well the last two games."

The surging War Eagles host South Iredell on Feb. 1 at 4:30 p.m., go to East Rowan on Feb. 2 at 1 and visit West Forsyth on Feb. 5 at 4:30.

Davie 66, Reynolds 63 – Nick Nelson 22, Travis Howell 12, Patrick Law 9, David Orsillo 9, Ian McBride 4, Clifford Burns 2, D.J. Rice 2, Ryan Price 2, Matt James 2.

Davie 85, North Davidson 60 – Nelson 24, Howell 11, McBride 9, Burns 8, David Schweit 8, Law 7, James Arnold 4, Price 3, Dewayne Collins 3, Jaques Lyons 2, Matthew Burchette 2, James 2, Brandon Capwell 2.

Men's Open Basketball League Starts March 6

There will be a men's open basketball league at the Brock Gym starting March 6.

The league will consist of eight teams, and the deadline to sign up is Feb. 17. The games will be 40 minutes, each team will play 14 games and the league will run on Wednesday nights and Sunday afternoons.

To register, contact Brian Pitts at 751-2120 or 751-4677.

Chris Nichols to Play In East-West Football Game

Chris Nichols, who was named to the 2001 All-Northwest team last month, has been picked to play in the East-West All-Star Football Game July 17.

The 280-pound Nichols was a right tackle who played an integral part of Davie's 9-2 season last fall. The annual all-star game will be held in Jamieson Stadium at Greensboro Grimsley High School.

Little League Baseball, Softball Registration Open Feb. 2 & 9

Registration for the Davie County Little League baseball and softball season will be held at the Brock and Pinebrook gyms on the following Saturdays: Feb. 2 and Feb. 9 from 10 a.m. to 3 p.m.

Davie County residents who will be between the ages of 5 and 15 as of Aug. 1, 2002 are eligible to participate. Programs include T-ball, coach pitch softball and baseball, minor, major and junior league softball and baseball.

The registration fee is $40 per child. There is a discount for families who have more than one child participating.

Murillo Off To Good Start

Samantha Murillo, who graduated from Davie last spring, is off to a good start for Georgia's indoor track-and-field team. In the Carolina Elite meet in Chapel Hill, Murillo finished third in the women's 800 race with a time of 2:11.74. The meet attracted 10 teams.

Girls Win Third Straight

Continued From Page B1

With her third double-double, Singleton finished with 14 points, 12 rebounds, three steals and two blocked shots.

"Dawn had an excellent night," Cozart said. "Some of those points she just created with some huge moves. Besides the scoring, look at those big rebounds. She had a heckuva night."

McDaniel

The Black Knights (6-11, 3-2) pulled within four on two occasions in the fourth, but Davie never cracked. Much of the credit for that goes to two inspired reserves. Sarah Merlau, who nonchalantly knocked down a 16-footer at the third-quarter buzzer for a 39-30 lead, fed Singleton down low for a 41-35 lead and pushed the margin to five moments later at the foul line.

The senior contributed eight points and four rebounds in seemingly no time.

"Merlau had a heckuva game," Cozart said. "She really picked up her pace the last game, and same thing tonight. She loves banging the boards. Having somebody like that ready to go in sure does make a lot of difference."

The other boost off the bench was Heather McDaniel, who has one gear (wide open). It didn't take her long to collect four points, six rebounds and two assists. Her best moments were a rebound that led to two Allison Schafer free throws for a 44-37 lead and free throw that made it a three-possession game (47-40) with just 1:27 to play.

"Look at what Heather does coming off the bench," Cozart beamed. "She is so easygoing. She doesn't worry about when she goes in. Whatever you ask her to do, she's in there to do it. And her instincts are tremendous."

After trimming the difference to 44-40, North unraveled offensively and futilely chased Davie's clock-killing spread. North went 4:40 between points, resulting in a 10-0 Davie run.

"They kept their heads," Cozart said. "The kids closed it out again."

Ashley Williams and Schafer added four steals and eight rebounds respectively.

Dodging Disaster

Where Davie's season might have headed without a fourth-quarter comeback at Reynolds is something Cozart would rather not contemplate.

The War Eagles trailed the doormat Demons (0-17) by five early in the fourth. Fortunately for Davie, Walker saved her best stuff for the stretch run. She scored 11 of her team-high 16 points in the fourth as Davie escaped 48-39.

Besides hitting eight of 10 free throws, Walker nailed two 3s, dished out nine assists and made four steals.

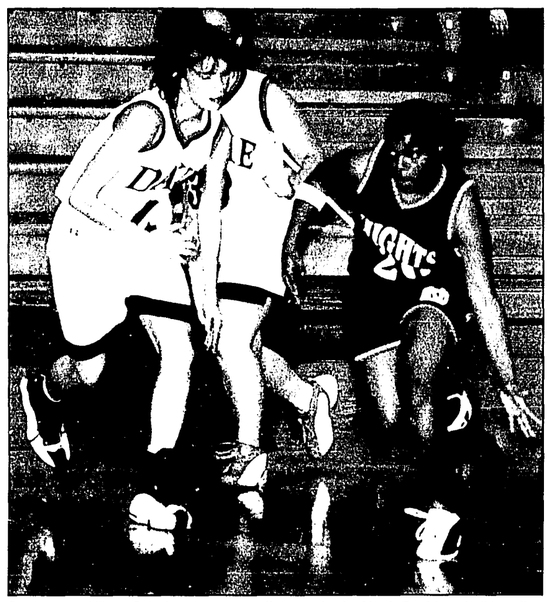

"How many times has she come up with a big fourth quarter?" Cozart said. "When it came fourth quarter, they were determined not to have another West Forsyth."

Sarah Williams complemented the Walker-Singleton combo with 10 points and nine steals. She hit six of seven free throws and as a team Davie made 16 of 21.

Davie plays at S. Iredell on Feb. 1, then home to W. Forsyth on Feb. 5.

Davie 48, Reynolds 39 – Brittany Walker 16, Dawn Singleton 14, Sarah Williams 10, Heather McDaniel 3, Sarah Merlau 3, Ashley Williams 2.

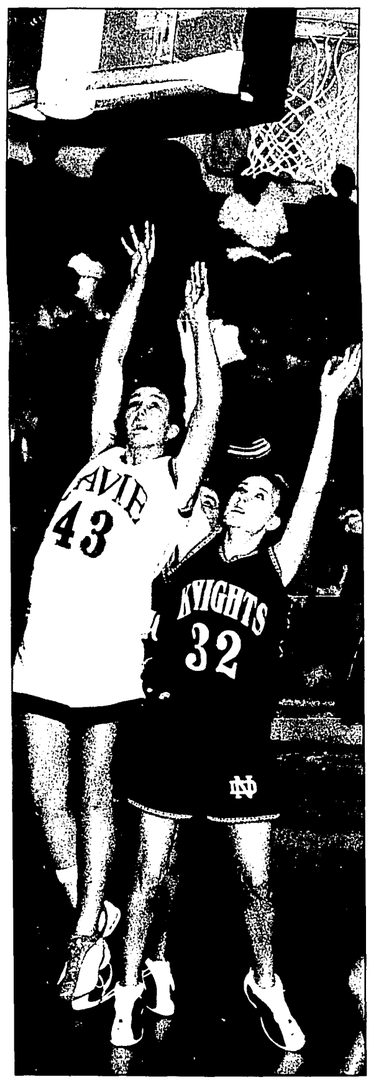

Davie 54, North Davidson 41 – Singleton 14, S. Williams 10, Merlau 8, Walker 8, A. Williams 6, McDaniel 4, Allison Schafer 4.

Edwards Siding & Windows

Add Value To Your Home

Johnny Walker could not believe it. After eight years of staining, sealing, sanding and painting, his home looked new with almost no maintenance at all.

That's because he called Betty and Harold Edwards, of Edwards Siding and Windows.

"The heat, the sun, the weather continually wore down my deck and front porch," said Walker of Winston-Salem. "You could wash; you could paint; but you couldn't keep it white," he said. Walker estimated that he was staining and painting at least twice a year, until he finally contacted Edwards Siding and Windows.

The experienced professionals at Edwards Siding covered Walker's rear deck with white vinyl, and replaced all of the wooden railing with durable vinyl railings. The anti-slip vinyl flooring which covered the wooden deck floor is also treated to prevent chipping; and can be hosed off for simple cleaning.

"They are very good to work with," said Johnny Walker of Betty and Harold Edwards' company. The Edwards worked with the Walkers to design a customized fit for their existing home, with just the right style and appearance that they desired. Walker and his wife were so elated with the clean, virtually maintenance-free decking that they decided to do their front porch and walkway as well.

Mr. and Mrs. Tom Tran of Winston-Salem also called Edwards Siding and Windows, to replace the railing around their home, and the trim for their windows.

"I was very pleased," said Tom Tran of the work which Edwards Siding did for his home. So pleased that he called his father, in order to get the same work done on his father's home.

"They are good at what they do," he said.

Betty and Harold Edwards have owned and operated Edwards Siding and Windows since 1978. They are licensed and insured, beginning their business when aluminum siding was in vogue. With the advent of vinyl siding and windows, the Edwards have seen their volume of business explode.

"We stay kind of busy," said Betty Edwards of the sunrooms, screened in porches, vinyl decking and vinyl replacement windows which their company installs. Edwards Siding does both residential and commercial work. They have done jobs for a number of construction companies, including John S. Clark and McNair Construction.

Edwards Siding has installed vinyl siding and windows for churches, restaurants, motels, apartment buildings; and has been contracted with the United States Housing and Urban Development. With both residential and commercial customers, Edwards Siding uses high grade materials, such as Norandex Reynolds, to give their customers the longest life and best look of their products. They also offer a labor warranty. Call (336) 764-0885 for more information.

Edwards Siding gives FREE ESTIMATES on customized decking, railings, sunroom or screened-in porch additions, vinyl siding, and all work to be performed. They will sit down with each client to create that beautiful new sunroom or renovate an existing deck. In all that they do, Edwards Siding strives to please their customers with personal service and the most professional job possible.

"Most of our work is done through referrals," said Betty Edwards. "We have built our reputation through others' recommendations."

Davie People

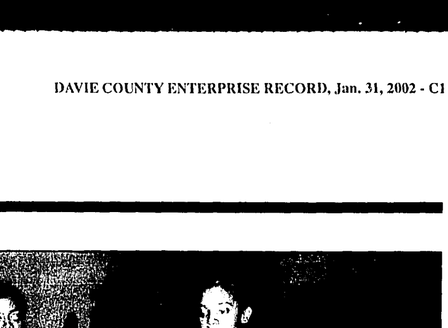

More Than Just Basketball

There's more to basketball games at Davie High School than just basketball.

They're the dancing boots, the steppers, the cheerleaders, the jazz band ... something to keep you entertained in between the fast breaks and jump shots.

Enjoy these photos by Enterprise photographer Robin Fergusson, or better yet, go to the games, and enjoy the many talents that the students display. And let them know you appreciate their efforts.

Ale-Hull Engagement Announced

Mr. and Mrs. James Slate Ale of Clemmons announce the engagement of their daughter, Lauren Bennett Ale of Greenville to Nathan Myers Hull of Charlotte, the son of Dr. and Mrs. Sam Franklin Hull of Lake Forest, Ill.

The bride-to-be is the granddaughter of the late Mr. and Mrs. Franklin Moody Bennett of Goldsboro, Bertha Schultz Ale of Salem, N.J. and the late Garth Dalmain Ale of Pennsville, N.J. She is an honor graduate of Robert Service High School in Anchorage, Alaska, and earned a bachelor's degree with honors in chemistry from Wake Forest University, where she was a member of Kappa Kappa Gamma Sorority. She is a third year medical student at Brody School of Medicine at East Carolina University in Greenville.

The groom-to-be is the grandson of Mrs. Robert Karl Gassler of Waco, Texas and the late Dr. Gassler. He is a graduate of Lake Forest (Ill.) High School and earned a bachelor's degree in political science from DePauw University in Greencastle, Ind. He earned his juris doctorate from the Wake Forest University School of Law, and was a member of Delta Upsilon Fraternity. He was recently named a partner at Robertson and Hull, P.A., where he practices tax, estate planning and corporate law.

The wedding is planned for June 29 at Centenary United Methodist Church in Winston-Salem.

The rehearsal dinner, hosted by the groom's parents, was held at Sagebrush in Clemmons.

After a honeymoon trip to Disney World, the couple live in King.

Woman's Club Remembers Annie Lois Grant

Mocksville Woman's Club held its first monthly meeting of the year Jan. 9 at Bermuda Run Country Club.

New president, Myrna Harris, called the meeting to order. She lit a candle in remembrance of Annie Lois Grant, a former member who recently died.

Club chaplain, Phyllis Potter, spoke on New Year's resolutions, and concluded with a prayer.

The group was congratulated by Harris for selling 300 tickets on the fund raiser project for 2001. The club raffled a Kawasaki Mule, won by Lydia Shore of Mocksville. The project netted the club $4,500 and the money will be used for community concerns.

Mocksville Woman's Club presented Dwayne Smith, director of Davie EMS, with the Public Service Award for January.

Marie Collins accepted a check for $545, which the club had raised for Storehouse for Jesus. This money will be used to establish pharmacy needs in Ghana, Africa.

The Arts Department presented a program which highlighted awards given to Davie High students who had entered works to be judged by Mocksville Woman's Club. The winners were presented certificates and $25 each. Their work will go to district level to be judged.

Musical selections were presented by Caleb Davis and Sara Snow.

The meeting was adjourned and approximately 42 members and guests were served lunch.

Vickie Smitherman presents Dwayne Smith with the January community service award.

Cana Club Plans Events

The Cana Extension and Community Club met Jan. 24 at the Cana School.

The group reviewed the Christmas Bazaar, with $2,339 raised. Proceeds will be used for upkeep of the old school building, to fund projects and make donations to local charities. "We would like to say thank you to all who were able to come and support this event," said Edwina Barney.

Members planned events for 2002. Issue coordinators gave suggestions on projects planned for the upcoming year.

Hostess was Ruth Essie.

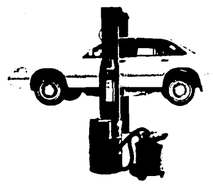

The next meeting will be Feb. 28 at 7 p.m, at Cana School. The program will be presented by Vada Beck, family issues coordinator, on "Organizing You." If you live in the William R. Davie area and would like to join the club, call the Cooperative Extension office for details at 751-4796.

Advance News

By Edith Zimmerman
Advance Correspondent

We were happy to see Bill and Pansy Ward at the Methodist Church Sunday after a long absence due to illness.

We welcomed Heath Leroy at church. He accompained his wife Sandy and their infant son Hunter.

Frankie and Kristine Vogler and daughter Abby moved into their new home on Highway 801 two weeks ago.

Edith Zimmerman visited shut-ins Charlotte Williams and Frank and Margie Markland last week.

Our community extends sympathy to the family of Robert Fishel. He died Jan. 17 at Forsyth Medical Center after a short illness. Also sympathy to Helen Cornatzer Snipes of Winston Salem whose husband Gilbert Snipes died Jan. 16. Helen grew up in this community and has relatives and friends here.

Frankie and Kristine Vogler are the proud parents of a baby boy William Frank Vogler IV, born Jan. 25 at Forsyth Medical Center weighing 7 lbs. and 19 inches long. William Frank has a sister Abby Vogler.

Kristen Carpenter is recovering nicely from recent ear reconstruction surgery at Forsyth Medical Center. She was able to sing in the childrens choir at church Sunday.

Betty Santoli was honored with a surprise 80th birthday luncheon Saturday at the home of her daughter and son-in-law Carol and Joe Franck in the Hickory Hill development. Twenty-six people enjoyed the festive occasion. Betty's two sons John Santoli and wife Lucille and Peter Santoli of Long Island, N.Y. flew down to be with their mother. Other out-of-town guests were granddaughter Sharon Franck Vogler and children Dalton and Ali of Lake Norman. Grandson Joey Franck, wife Beth and children also from Lake Norman. Granddaughter Patti Franck Rogers and family from Clemmons. Teresa Cibelli and family, Pat and Jack Mangan from this area were also present. Friends from this community attending were Lib Carter, Bet Barnhardt, Edith Zimmerman, Dot Carter and Lucy Barney. After the luncheon Betty was presented with gifts from friends. A special gift was a large standing jewelry cabinet from her family. Another was a photograph album of Betty's family from marriage in Long Island, N.Y. to the present children, grandchildren and great-grandchildren. The album concluded with the up to the minute photos of the people attending Betty's 80th celebration. This work of art was done by granddaughter Sharon Vogler.

Sunday morning before John, Lucille and Peter Santoli left to meet their flight back to N.Y. along with the Franck family, the group enjoyed a breakfast at Cracker Barrell in Clemmons.

Mrs. Paulina Barney had the misfortune to fall at her home Sunday. She has been admitted to Forsyth Medical Center for observation and treatment. Mrs. Paulina is our oldest resident, 103 years old. Her birthday falls in June, the 24th.

Edith Zimmerman was a Monday afternoon visitor of Annalee Myers and Lib Carter.

Couple Announces Birth Of Son

Mr. and Mrs. Eric Weller of Cary announce the birth of their first child, a son, Lance Monroe Weller, on Jan. 7, 2002 at 4:40 p.m. at Raleigh Community Hospital in Raleigh.

Lance weighed 9 lbs. 8 oz. and measured 21.5 inches long.

Maternal grandparents are Mr. and Mrs. Gary Weller of Wilson, and maternal great-grandparents are Mrs. Wilson Wagner of Cooleemee and the late Wilson Wagner.

Paternal grandparents are Mr. and Mrs. Phil Deadmon of Gibsonville. Paternal great-grandparents are Mr. and Mrs. M.C. Deadmon of Mocksville.

Hi! My name is Cole James. I turned ONE on Friday Jan. 18. My parents are Casey and Julie James. They had my birthday party on Sunday, Jan. 20. I would like to thank everyone who came for all the great presents and for coming out to help me celebrate my special day. Thanks!

Civitans Host Area Meeting

The Mocksville Civitan Club was host to the Area V-West winter meeting at the First Baptist Church in Mocksville on Monday evening, Jan. 14.

The meeting was called to order by David Sullivan, lieutenant governor for Area V-West. The Pledge of Allegiance was led by Ruth Hoyle, sergeant at arms of the Mocksville club. David Joyner gave the invocation for the meal.

Members and guests were welcomed by Jack Naylor, president of the Mocksville Civitan Club. Sullivan introduced the guests, recognized area clubs and presented the Banner Awards to club presidents for their clubs.

There are 12 Civitan clubs in Area V-West, including the recently organized David Civitan Club, sponsored by Mocksville.

Bob Snyder spoke briefly on "sales and marketing," Larry Hampton spoke on "major awards" and Sue Shoemake spoke on "Contests and Awards."

Larry Wilson, governor elect N.C. District West, introduced Gov. Steve Hayes, who spoke briefly.

Sullivan was in charge of door prizes, after which he led the group in the Civitan Creed.

Approximately 60 members and guests attended.

All offers are for a limited time only. Limit one gift card per household while supplies last. We reserve the right to substitute an item of similar value. Property insurance is required on all loans. No closing cost offer is available on loan amounts of $150,000 or less. On loans over this amount, actual closing costs will apply.
*You must provide a complete, system generated Good Faith Estimate and loan offer letter listing a specific lender's name, that is dated the same day as the rate quoted by us. The loan amount must be for $150,000 or less with a 30 year amortization term and a balloon payment at either 5 or 7 years. If such letter indicates a lower payment, for the same home equity loan program that is offered by us, and we have verified the accuracy of the rate and fees listed, then we will have the option of offering you a payment amount lower than the lender's home equity loan payment, excluding any costs associated with your purchase of optional credit insurance. If you choose this option, however, the amount of your final balloon payment may increase. If we cannot offer you a lower payment amount, we will pay you $250 when you close with that lender and provide us with a copy of your signed Note and final HUD-1 Settlement Statement. This offer applies to second mortgage loans only for purposes other than home purchase.
**110% LTV is available on homes valued up to and including $250,000 on the All-In One Home Loan. Maximum Home Equity Loan amount over 80% LTV is $50,000. Maximum Home Equity Loan amount over 100% LTV is $15,000.

Mocksville Second Presbyterian To Celebrate 109th Anniversary

Mocksville Second Presbyterian Church will celebrate its 109th anniversary Sunday at 3 p.m. at the church on Pine Street.

The Rev. James Belle, pastor of St. James Presbyterian Church in Greensboro, will be the guest speaker. Music will be by the St. James Men's Choir. A reception will follow the service.

Belle is a music graduate of the University of North Carolina at Chapel Hill, and earned master's of divinity and music degrees from Johnson C. Smith Theological Seminary. He has pastored churches in Fayetteville, Atlanta, Ga., Anniston, Ala., Anderson, S.C. and Huntersville.

The St. James Men's choir was formed in 1980 under the direction of Margaret Gill. The choir has performed in North Carolina, Virginia and South Carolina.

Lambert Acquires Ownership Interest In Eaton Funeral

Carl Lambert, manager of Eaton Funeral Service in Mocksville, recently acquired an ownership interest in the business.

Lambert has been employed with the funeral home since 1987 and has been manager since 1992. He and wife Kimberly have three children in the Davie County Schools.

Lambert is vice president of the Mocksville Rotary Club, and chair of the Davie Family YMCA Board of Management. Lambert and his wife are members of Mocksville First United Methodist Church, where they serve on several committees.

Lambert attended Kent State University and graduated from the Cincinnati College of Mortuary Science in 1987. He is a member of the N.C. Funeral Directors Association and the National Funeral Directors Association.

"It has always been and will continue to be a goal of mine to deliver the highest quality of funeral service available at the lowest possible price," Lambert said. "We feel very strongly about our relationship to the Davie County community and look forward to continuing our service for future generations."

Episcopal Churches To Hold Celebration Of New Ministry

A "Celebration of New Ministry" will be held Tuesday, Feb. 5 at 7 p.m. at St. Matthews Episcopal Church officiated by The Right Rev. Michael B. Curry, Bishop of the Episcopal Diocese of North Carolina.

The celebration marks an important development in the life of the church's Yadkin Valley Cluster, a compact between the congregations of St. Matthews and St. Pauls of Salisbury, St. Georges of Woodleaf and Cooleemee's Church of the Good Shepherd.

Those being welcomed into the new ministry are the Rev. Noah B. Howard, chief missioner and Vicar of Good Shepherd and St. Georges; the Rev. Marvin B. Aycock, Jr., Victor of St. Matthews and St. Pauls; and Sarah Palm, Hispanic missioner for the Yadkin Valley Cluster.

Howard read for Holy Orders under Bishop Thomas A. Fraser and studied with professors at Duke, North Carolina Central and Wake Forest universities as well as with several other priests and bishops. While engaged in his career in the textile industry, it took him seven years to complete his studies and he was ordained a Deacon in 1976 and to the priesthood in 1977.

Howard served at St. Michaels in Tarboro and St. Marys in Speed for 25 years. He also served at St. Lukes in Tarboro, his hometown and as interim priest at Trinity church in Scotland Neck.

After 40 years in cotton mills, Howard ended his secular job in 1990 and began full-time work for the church. He worked with Bishop Johnson and Vicki Weisen to initiate the East Regional Ministry. Having finished his work there, Howard asked to come to Cooleemee and head up the newly formed Yadkin Valley Cluster. He is married to the former Evelyn Baker. They have five children, 9 grandchildren, 4 great-grandchildren and 2 step grandchildren.

"I went into the ministry so I could help the small churches who could not afford a high salary Priest" says Howard.

Aycock comes to St. Matthews and St. Pauls from All Saints and Emmanuel Episcopal Churches in Warrenton. He studied at Clemson College, Furman University, Southeastern Baptist Theological Seminary, the Deacon School of the Episcopal Diocese of N.C. and Oxford Theology Summer School, Oxford, England.

Aycock is a certified Alcoholism Counselor, a clinical member of the American Association for Marriage and Family Therapy and a licensed marital and family therapist. Married to the former Sally Thompson, they have three children and three grandchildren.

Palmer was educated in England and studied at Cliff Bible College. She took courses in the New Testament, the Old Testament, Christian Doctrine and other world religions. She continued her theological education at Lebanon Missionary College where she studied the Major Prophets, Ethics and New Testament Greek.

In 1985, Palmer left England for Bolivia sponsored by the Anglican Missionary Society. Along with another Anglican family, she co-founded a congregation in Santa Cruz which continues today by the grace of God. All Sarah's work was in Spanish. She left Bolivia in 1987 and came to the United States, home of her American missionary husband, David. They have one son. Palmer was licensed as a Lay Preacher by Bishop Burrill at Trinity Church in Rochester, N.Y. and taught adult education there. She was licensed as a Lay Reader and Preacher in October, 2000 by Bishop Michael Curry.

The public is invited to attend the assembled congregations to celebrate this new ministry. Refreshments will follow the service.

St. Matthews is located on 4401 Statesville Boulevard (Highway 70), west of Salisbury. For more information call: Noah Howard at 284-2433 or Janet Thompson at 284-2303.

Freedom Fund Banquet Set For Feb. 9

The Davie County Chapter of the NAACP will host its Ninth Annual Freedom Fund/Humanitarian Awards Banquet at 7 p.m. Saturday, Feb. 9, at Samuel's on Main in Mocksville.

Tickets are $25. Call Priscilla Williams at 751-1655.

Garden Club Learns About Master Gardeners

Mocksville Garden Club held its first meeting of the year Jan. 10 following a week delay due to a snowstorm.

The club met at Samuel's on Main because of construction at the First Baptist Church, where regular meetings are held.

Club president, Polly Gales, asked members to thank Samuel's owner Ray Everest for allowing the club to meet there on a short notice.

Master Gardener Jo Ann Lester talked about that program, and other opportunities to beautify the community. Taking the Master Gardener class "brings out the best in you." Whatever your gardening talent, the program develops that, she said. N.C. Cooperative Extension conducts the classes, and another is starting next month.

Several new business items were discussed, to be followed up on at the Feb. 7 meeting at the First Baptist Church at 7 p.m. Guest speaker will be Greg Fariss on bees and beekeeping.

Club Offers Scholarship

Davie High School seniors interested in pursuing a career in horticulture, agriculture, environmental engineering, turf management and landscape design or environmental education or related fields are invited to tryfor a $500 scholarship given by Mocksville Garden Club.

Qualifying students planning to attend a two- or four-year program can apply through the Zollie Rogers in the school guidance office. The deadline to apply is March 1.

The scholarship committee will interview prospective recipients.

100 Days Of School

On January 18 first graders in the three classes at William R. Davie Elementary School celebrated the 100th day of school with a slew of activities.

Classrooms were bustling with excited students as they prepared to participate in the school's 100 day parade. "We're going to entertain everyone," said first grade teacher Mrs. Dyson. The students all lined up to begin their march.

They were dressed as 100 year olds, some complete with removable teeth, white hair, and canes.

According to Dyson it's a chance for the first graders to celebrate the special day together. "We can dress up and look silly."

There were 100 activities planned for the day.

Mrs. Dyson's class made necklaces out of 100 edible pieces of food, they planned to lick popsicles 100 times, and each of her students brought 100 items from home to use in the programs. "I've had a lot of support from the parents," she proudly said.

Students in grades 3-5 were in for a treat Jan. 24 when Imagination Express featuring Train Whistle came to visit. Mike Stair and Beth Pinska presented a program to students on using their imagination to create a story. Several stories were created with students and a teacher participating. Nicholas Ciluffo, Travis Norris, Brittannie Ball and third grade teacher Karen Prince were participants.

Mrs. Barnette's students are writing various kinds of poems and typing them in the computer lab. When the poems are finished, they will be printed on the color printer and made into a poetry notebook.

These students have entered the Word Masters competition, a contest where they receive three word lists a year, learn the definitions of the words, and eventually use them in an analogy-solving contest.

Bus Riders of the Week for the week of Jan. 14-18: C.J. Myers, Abigail Alvarado, Tanner Bledsoe, Bethany Barkley, Nick White, Maelena Apperson, Nathan Pearce, Casey Carter, Victor Gutierrez, Nancy Zheng, and Yashidi Huerta

Cooleemee Elementary

Kindergarteners have been busy with winter units. Students compared the characters and events in Jan Brett's stories The Mitten and The Hat. The children estimated how long it would take their iceman to melt and made soap snowballs for their families. In math they are exploring shapes and learning about more, less, and equal groups. On Jan. 18 they celebrated the 100th day of school.

Mrs. Custer's class enjoyed another Special Olympic event. They went Jan. 14 to the Brock Gym to compete in basketball skills. C.J. Heiner, Cody Jeffries, Stacy Torrence, Elizabeth Newsome and Ben Boger competed in the Lead Up events and received Challenge Ribbons. For the other age groups Ashley Spillman received 1st place, Jonathan Scott and Aaron Doby received 2nd place, and Nathan South received 3rd place.

Happy Birthday to Stacy Torrence and Elizabeth Newsome. Kindergarten classes have been finishing winter units and beginning units on senses. Students learned about snowmen and explored the world using their sense of sight, hearing, smell, touch, and taste. Students are practicing for their performance at the Feb. 12 PTA meeting. They will sing Valentine songs and performing Valentine poems.

North Davie Middle

Sixty Aces students enjoyed free time out of class Jan. 9. They had refreshments as a reward for excellent behavior during second quarter.

Thirty-eight Aces honor roll students had an all-you-can-eat pizza party Jan. 17. Aces teachers and students thank parents for support and for refreshments for special events.

Student citizenship honors go to Caitlin Reavis and Michael Bingham. Their honesty, integrity and responsibility were outstanding.

Information concerning high school registration has been sent home. If you need help or have questions, contact your child's teacher.

Aces social studies classes have been studying the Industrial Revolution and the time period leading up to the Civil War. Students will read the novel "A Soldier's Heart" by Gary Paulsen.

AG students have been reading "A Midsummer Night's Dream" and learning to appreciate Shakespeare's world. Aces are studying Medieval life and will read selections from Shakespeare in their literature texts.

In science, students are studying gravity, momentum, acceleration and velocity. To find the center of gravity, they used geometric shapes and found the intersecting lines. They made origami frogs and will use them for modeling jumping times and direction. This data will be applied to equations and calculations. Other activities include catapults and egg drops.

Pre-Algebra students are studying geometry, with emphasis on word problems and applications. Algebra students are learning to solve and apply algebraic proportions and percent problems.

Tsunami Spelling Bee winners are: Daniel Litten, Josh Chesnee, Reina Hendren, Whitney Snow, Miranda Esposito and Kevin Miller. The winners in the final round were Josh Chesnee and Whitney Snow. They will represent the team in the school competition.

Ms. Hinson's science classes are working on soil and water conservation research. Students will prepare for the Davie County Soil and Water Conservation Speech Contest.

Students in Mrs. Dyson's language arts classes have completed a research paper on endangered African animals. This coincides with the social studies unit on Africa.

South Davie Middle

Drama classes are in full swing. Eighth graders are working on the spring musical, "Don't Say No To the USO," which will be performed in April. Seventh grade students are beginning rehearsals for a reader's theatre performance. Sixth graders are working on pantomime, improvisation and the creation of an individual mask.

Barracuda students with over 200 AR points: Samantha Brown, Josh Britt and Mary Kate Frisby; over 100 points: Elizabeth Peeler, Jamie Keegan and Gary Kirk. Bailey Majors and Jamie Keegan earned all A's for the second quater. Dee Ann Lytle was Citizen of the Month for January.

In Ms. Sponaugle's social studies class, students are studying the Renaissance and simulated Michelangelo's painting of the Sistine Chapel by attempting an art project taped und.r their desks. Students went to the computer lab to visit an interactive site focusing on Leonardo da Vinci and were assigned projects to make their own invention. In communication skills, students are preparing for the writing test.

In Mr. Brunelli's science class, students have begun a study of diversity and adaptations. In math, students are preparing for the EOG tests and are progressing through the accelerated math program.

Mocksville Elementary

Guests were Mrs. Coutts, Mr. Cartner, Ms. Norflee, Mrs. Vandiver, Mrs. Beever and Mrs. Fletcher.

Terrific Kids for January: Diana Moure-Garcia, Cameron Cassady, Ashton Brown, Drange Williams-Anderson, Ethan Reavis, Chelsea Byerly, Amber Basham, Kevin Arreola, Alex Paproky, Jason Snyder, Bradley Beck, Sydney McBride, Brandon Koontz, Carrie Miller, Zackery Sanders, Cassie Mumford, Hali Hutchens, Savannah Taylor, Collin Capuson, Kathy Marin, Courtney Howell, Cody Hayes, Hunter Sales, Kacy Yount, Logan Ren, Jose Sanchez, Ryan Brooks, Courtney Machette, Kehia Ellis, Brannon Shortt, Kris Frost, Emily Smith, Lyndsey Blalock, Ryan Dyson, Houston Smith, Hannah Orrelle, Sam Prestwood, Steven Williams, George Vallecillo, Brittany Clark, Avi Gomez, Wesley Johnson, Melinda Jablonski, Landon Harris, Matt Torbush, Lindsay Pharr, Jordan James, Kyle Randall, Brittani Grubbs, Shaquasia Williams, Jessica Schoonover, Marian Hunckler.

The school kicked off its annual reading program Jan. 18. The program is titled "Treasure Island," and will run through Feb. 14.

Children read books to reach weekly goals. Each class works together to earn pieces of a treasure map. When the map is completed, students will look for treasure.

The Davie County Board of Education visited the school Jan. 22. The board was given a tour of the school and visited each class, followed by lunch with students in the cafeteria.

Kindergartners in Kaye Vandiver and Jodi Walker's class enjoyed snow and ice events. They incorporated them into the study of the winter season. They enjoyed many books about winter and changes that occur, as well as how animals adapt to the changing weather. The children conducted ice experiments, made cooperative group "snow people," wrote stories about snowmen and Jack Frost, and listened to books and tapes about winter. They learned about animals that live in the polar regions. Next, they will study hibernating animals and do research in the media center with Ms. Vanhoy, library specialist.

First graders in Mrs. Whitaker's class listened to Vanessa Barber from Wachovia read the book "The Best Place" on Wednesday. She donated the book to the class. The class has also been reading for the Book-It program, Wally the Warthog and the Treasure Island read-a-thon. Haylee Hardin from Alabama joined the class.

Susan Wall Smith and Gloria Pruitt's second graders are working in geography stations, identifying types of maps. The favorite is making a three dimensional map of Mocksville using geometric solids.

In Mrs. McKnight and Ms. Groce's fourth grade class, students are completing a reading unit on the Wright Brothers. They are presenting projects. Some are creating model gliders while others are doing reports and posters. Some will dress up like Orville or Wilbur Wright. Students are finishing up a unit in science on animals. They are researching animals and will bring in a stuffed animal they have researched. These were presented Jan. 25. The class welcomed back Mrs. McKnight Jan. 24.

In Mrs. Vernon's fifth grade class, students finished the unit on U.S. government, and began studying weather. They will learn how to measure temperature, wind speed and air pressure, as well as predict the weather based on cloud type. They will also study how global winds affect local weather.

Cornatzer Elementary

Students will soon be jostling for jobs as post office workers when the school launches its Wee Deliver mail service shortly. Fourth and fifth graders will appy for jobs as sorters, checkers and letter carriers. Formal interviews will be held, and the successful candidates will be responsible for making sure that internal school mail reaches its destination.

The school has been divided into seven postal areas and each classroom and office has its own personal mailbox. Hopefully, a representative from the post office will swear in the school's postal workers at a ceremony Feb. 6.

Third graders in Mrs. Hayes's class are studying multiplication facts. They made a line graph comparing low temperatures in Raleigh with those in Honolulu, Hawaii. Students also learned about outer space as part of an integrated science and reading unit on the sun and the moon. They read "Horrible Harry Goes to the Moon," and "Midnight on the Moon." In science, students learned the reasons for seasons and day and night. The class has started to write in cursive and have finished practicing lower case letters.

Mrs. Schott's kindergartners have been studying a unit on author and illustrator Jan Brett. Children have read several of her stories including "Hedgie's Surprise," "The Hat," The Mitten," and "Trouble with Trolls" In phonics, students discussed short "O" and put together three and four-letter words. They are working on sight words. They are looking forward to field trips in February. They will visit Lowe's Foods, the bank and post office.

First graders in Mrs. Brooks, Ms. Hinds and Mrs. Joyce's classes have been counting school days all year to get to 100. They had a 100th Day celebration last week. They participated in centers in each classroom and switched classrooms. Activities included how many times they could write their name in 100 seconds, putting together a 100-pc. puzzle, making 100th Day headbands, weighing 100 marshmallows, pennies and noodles, and making pictures from 100 pieces of paper.

Using the thesaurus on the computer, students in Mrs. Terry's communications class rewrote nursery rhymes, substituting synonyms for key words to give them a humorous twist. In social studies, they studied North Carolina's role in the Civil War. They read about North Carolina's secession from the Union, the Emancipation Proclamation and Reconstruction. They read the book "Barefoot," about the Underground Railroad and told from the point of view of animals along the path that witness a slave running from his pursuers. In math, students have been breaking codes and solving puzzles while brushing up calculator skills. They learned to do repeating functions, dividing and finding remainders, and renaming fractions in their simplest form.

In readiness for the upcoming state writing test, students are practicing writing detailed descriptions of events in proper sequence, using vivid verbs, interesting adjectives and colorful figures of speech. Amber Arnold and Matthew Connor lead the class in Accelerated Reading points, and almost half the class attended the Winter Wonderland party, which rewarded their progress.

In guidance this quarter, kindergarten and first graders are involved in a program called DUSO, Developing Respect and Understanding for Self and Others. This is presented with a storybook and a puppet called DUSO. Each story emphasizes the importance of respect in all kinds of relationships. The children are challenged to share what the best choides would be in each situation. Getting children to problem solve at an early age helps ensure that they will be able to protect themselves with the knowledge of what is right and safe.

In second grade, the guidance program centers around a new series of character education books called "Chicken Soup for the Little Souls." There are six stories that challenge the main character to explore and demonstrate character development through various experiences. The traits of focus include gratitude, generosity, sacrifice, kindness, tolerance and acceptance, and courage.

Cougars of the Week: Rob Blake, Carlos Rodriguez, Renea Shrewsbury, Jamal Lackey, Kaleb Page, Dalton Nieft, Javier Rodriguez-Amaro, Osmayda Avevedo-Gama, Caroline Cozart, Melina Obando, Brittany Mosier, Chan Archer, Brandon Nava, Salvador Benitez, Erin Naylor, Brenton Hoose, Jesse Ratledge, Jake Wyatt, Oscar Flores and Jana Hughes.

A reminder to parents: Tuesday, Feb. 5 - Venezia's Night; Wednesday, Feb. 6 - Free to Read Program begins; Wednesday, Feb. 12 - PTA Supper and Family Night.

Central Davie Education Center

Developmental Day I students talked about triangles this week. They ate several triangle-shaped snacks and discussed winter clothes. The students sang about the three little kittens. Beau Plott is Student of the Week.

Developmental Day II students studied Martin Luther King Jr. They enjoyed a "hands-on" weather unit. They felt the rain, but improvised on other weather phenomenons, such as sunshine, cloudy, snowy and windy. Ms. Brandi's class performed a science experiment and made a tornado.

Students in Ms. Tucker and Mrs. Cook's pre-kindergarten class learned about animals that live in the cold. This week the focus was on the funny penguin. The children have read books about penguins, walked like penguins and did several activities about penguins. Student of the Week is Christina Chandler.

Crosby Scholars Workshop Saturday To Help In Preparing For College

Davie High School's Crosby Scholars will be back in class on Saturday morning this week.

They're not celebrating Groundhog Day, but attending a workshop designed to help them plan for college. Scholars' parents are invited as well.

The workshop is run by Davie High alumni Clay Alexander, assistant to the president at Greensboro College. He previously served as associate director of admissions. The group will explore criteria that should be used in choosing the right college and mainly includes students who are juniors and sophomores.

"This far into the academic year is too late for seniors to attend this workshop," Program Director Alan Hyland said. "Most of our graduating scholars came some time ago. In fact, all of Davie's Crosby Scholars are required to attend this type of workshop before the fall of their senior year. It's a fun way to prepare our scholars for college. They get a chance to review some genuine college applications and see how hard it is to make selections for admission."

Some Crosby Scholars who are about to graduate were recently told that they will receive financial recognition for their years as Crosby Scholars. "Not a substantial sum," Hyland said, "but at least enough to buy a college book or two. This is just what was promised to them when they enrolled. For many of this year's graduates that was five years back. These awards recognize scholars who have remained drug free, made a contribution to their community, kept their academic records free of failing grades and turned in forms on time.

"We describe these students as 'scholars in good standing.' They have not only tried to adhere to the program's objectives, but actually met all requirements on or before deadlines. I think many parents, all of whom cosign when students enroll as Crosby Scholars, are unaware that their teenagers are choosing to ignore opportunities for gaining funding, while expecting their parents to make up the shortfall."

For parents reading this article and learning of the workshop for the first time, it will be held from 9-11 a.m. in the multi-purpose room at Davie High School on Saturday, Feb. 2. Personal invitations were sent to Crosby Scholars who are juniors or sophomores, and freshmen are welcome. Reservations are not essential. The Krispy Kreme Doughnut Corporation sponsors this biannual event.

Cooleemee Briefs

Interim Chief Becomes Permanent

Town board members elected interim police chief Ed Drum to the permanent position effective Jan. 13. Drum was to take over effective Feb. 1, but the timetable was sped up following a letter from former chief Tim Wooten, changing his resignation date.

Police Paid For Sick,Comp Time

Former officers Tim Wooten and Brad Weaver will receive payment for the total sick and compensation time they had accumulated before resigning their positions. Wooten will receive a total of $11,573.84; Weaver $2,700.52. All withholdings will be taken out of the totals before payment.

Ordinances At Temporary Standstill

Commissioner John Candler contacted American Legal Publishing, the organization under contract to research and create the final ordinances. The organization told him it was at a standstill, awaiting the return of a questionnaire from the board. The commissioners agreed to continue working with the company to get the ordinances Scotty Vogler had worked on.

Police Phone Contract Changes

Board members approved paying the last of the state cell phone bill for the police cell phones, totaling approximately $3,900. The town attorney was asked to call Alltel to cancel the contract the town had with them. Chief Ed Drum announced his intention to switch back to the state plan, believing that system to work better in the area.

Police Department Changes

Officer Billy Phillips was promoted to the sergeant position, and a new salary of $20,280. The board approved hiring Mark Weaner as Brad Weaver's replacement, at a starting salary of $18,746. Jim Young will also receive a pay increase to $19,006, following the end of his six month probationary period. Drum also received a raise with his new position, to $28,500, retroactive to the first of the year.

Search For New Member Continues

Commissioners have one more person to talk to before making a final decision on a replacement commissioner for Scotty Vogler. Two years remain in Vogler's term. Commissioner John Chandler announced that the final meeting was to take place that week, and regretted that they had not been able to have an answer at the January meeting. Said Mayor Grady Spry, "We want to do it right."

Police Force Interviews

Commissioner Aubrey Wensil asked that meetings be scheduled with each officer "to ensure a good rapport with the board." The board will meet with each officer in executive session to discuss any personnel issues they might have, beginning with Sgt. Phillips in February.

CES Gives Officers Free Lunch

Cooleemee Elementary School Principal Bill Campbell says officers can come have free lunch at the school anytime, said Mayor Grady Spry. He went on to say that the school appreciated all the officers' work following the recent break-ins at the school.

Good Character

Board Of Education Encouraging The Best From Davie Students

The Davie County Board of Education has implemented a Character Education Awards Program which is intended to promote student development in and out of the classroom.

The program strives to instill eight character traits essential to development: compassion, courage, honesty, justice, loyalty, respect, responsibility, and self-discipline.

"Our teachers, staff, and administrators work with students on a daily basis to emphasize the importance of character," said Marlene Shamel, chair of the Davie Board of Education. "We are not only concerned with academic growth; the growth of a student as a person is equally important. This program underscores the importance of home, school, and the community working together to produce upstanding citizens."

The board implemented this awards program at the beginning of the 2001-02 school year. Individual schools are recognized at monthly board of education meetings and recognition is given to students from those schools who have exemplified traits of successful character development. The following students from Cornatzer Elementary School were recognized at the January 7 meeting: Anthony Beaver, Samantha Caudill, Luiz Diaz, Michaela Draughn, Austin Hill, and Tracie Thomas.

Other students who have received the recognition this school year include: Davie High School - Becky Call, Command Sgt. Major Angela Carpenter, First Sgt. Jessica Flanagan, Bradford Hale, Jake Hartman, Major Michael Millman, Lt. Col. Chris Munden, Charity Russell, and Rosemary Turnbow; North Davie Middle School - Kristen Fromal, Josh Johnson, Salley Lackey, and Kyle Smith; South Davie Middle School - Ana Navarro, Willie Pettyjohn, and Adam Ressa; Cooleemee Elementary School - Kay Lee Allison, Jessica Butner, April Carter, Tisha Funderburk, Ebony Hogue, Caleb Humphrey, Kendra Hunter, Kelly Loy, Candace McDaniels, Paisley Srodek, Jessica Stephens, and Elyssa Tucker.

Davie High Student Going To Washington

Kevin Kirkpatrick, a junior at Davie High School, has been selected to attend the National Young Leaders Conference (NYLC) from March 12 to March 17 in Washington, D.C. The NYLC is a unique leadership development program for high school students who have demonstrated leadership potential and scholastic merit. Kirkpatrick will be among 350 outstanding national scholars from around the country to attend the conference.

Kevin Kirkpatrick

The theme of the NYLC is *The Leaders of Tomorrow Meeting the Leaders of Today*. Throughout the six-day conference, Kirkpatrick will interact with key leaders and newsmakers from the three branches of government, the media and the diplomatic corps.

Highlights of the program include welcoming remarks from the floor of the U.S. House of Representatives and a panel discussion with prominent journalists at the National Press Club. Kirkpatrick will also meet with a senator, representative or an appointed member of their staff to discuss important issues facing the nation.

To complement the schedule of special meetings and briefings, Kirkpatrick will also participate in a number of leadership skill-building activities. In one role-play activity known as *If I Were President*, students act as the president and cabinet members responding to an international crisis. Students also participate in a judicial simulation called *Testing the Constitution*, in which they examine an actual Supreme Court case. The NYLC culminates with the *Model Congress*, in which scholars assume the role of U.S. representatives, and debate, amend, and vote on proposed legislation.

The CYLC is a non-profit, nonpartisan educational organization. Founded in 1985, it is committed to fostering and inspiring young people to achieve their full leadership potential. Over 425 members of the U.S. Congress join this commitment by serving on the CYLC Honorary Congressional Board of Advisors. Each year, 7,000 select, outstanding youth nationwide participate in the 20 sessions of the NYLC.

Kirkpatrick's hobbies include band, soccer, running cross country, Boy Scouts, and he is active in his youth group at First Presbyterian.

Kirkpatrick hopes to attend the naval academy and wants to pursue being a pilot.

Card Of Thanks
The family of the late **Mildred Lowder Fletcher** would like to thank any and all for the concern during her illness. There were many cards, visits, prayers, gifts and love shown to her and her family. When your loved ones are sick, it not only helps them to receive the support from family and friends, it also helps those that are caring for them to see how loving and caring others can be. We also want to thank everyone that came by after her death to pay their respects. Thanks also for the food, drinks, supplies, flowers, memorials and especially your prayers.
We want to thank the couple that came by and served breakfast on Wednesday morning, and her home church (Liberty United Methodist) for furnishing drinks on Thursday night, and for feeding those in attendance on Friday morning. Thanks to Concord United Methodist Church for all they did, they brought food to the house and a couple of the ladies stayed and made sure everyone was served, and a couple of the ladies house sat during the services. We also want to say thank you to the folks at Jerusalem Baptist Church, the food just kept on coming. A special Sunday School Class served us dinner on Saturday night, the day after the services. Folks, you are super.
We also want to say thank you to all of those that put the services together- the two ministers, Rev. John Andrews and Rev. Jimmy Lancaster, Beverly Hember for the music and the Liberty and Concord Choir. Thanks to Tina Kelly for the bulletins and thanks to Eaton's Funeral Home for the way they handled everything. I have probably missed some special people, but I don't mean to. Everyone was a blessing to us.
May God bless each and every one for all they did, and please keep our family in your prayers.
We love you.
Mildred's Daughter, Libby Foster
