

## DAVIE PASSES HALFWAY GOAL IN SEVENTH WAR LOAN DRIVE

Davie county has passed the halfway mark in its quota of the Seventh War Loan. Sales reported are \$116,000 against a quota of \$220,000.

The Federal Reserve bank report through May 23 showed Davie was leading the 11 counties in region 5.

Knox Johnstone, county chairman, announced that the Coolee drive was opened Tuesday and he also announced further workers in the county.

The Center grange is handling the drive in that section and they have J. N. Smoot as chairman with other workers being Wade Dyson, T. R. Green, Christine Barneycastle and Bill Seaford.

The Pino grange is also heading up the solicitation in their territory, having Mrs. Duke Pope as chairman.

## GASOLINE ALLOTMENT UPPED FOR A AND B CAR DRIVERS

Automobile drivers in Davie are the beneficiaries of an increase in gasoline rations, effective in June, OPA District Director in Charlotte said. The value of "A" coupons will be increased from four to six gallons on June 22, when the new A-16 coupons become valid. The limit for "B" card holders who can show an actual need for more gasoline will be raised to 650 miles per month on June 11.

"I share with Chester Bowles and the Petroleum Administration the pleasure of announcing this increase in gas rations for civilian motorists," he continued.

"The additional quantities to be made available to civilian use are not guaranteed for any certain period of time but must always remain dependent upon changes in the military demand. The military has always had, and must always have first call, he explained.

In explaining the increase in the "B" card ceiling, L. V. Driscoll pointed out that a person who needs only 200 miles a month will continue to receive only that amount. But a person who uses his car in his business and who needs more than he is now receiving will be able to get additional rations up to 650 per month. In both cases they will receive the 50 per cent increase in the "A" ration, he assured.

## HERE AND THERE

### ATTEND FUNERAL

Mrs. T. E. Woosley of Clemmons and Mr. and Mrs. B. C. Boone of Winston-Salem attended the funeral in Charlotte last Monday of their nephew, Lt. James W. Mr. Stonestreet received the medal and award given his son, Tech. Sgt. Gordon Stonestreet, who has been reported missing in action a little more than a year. The award was made Sergeant Stonestreet for participating in a bomber combat mission over enemy occupied Europe.

## Davie Students Get War Stamps

Two students of Davie county High Schools were presented with \$10.00 each in War Stamps for perfect attendance during their entire school career at commencement exercises during this week. The \$10.00 War Stamps were given by Mr. T. C. Pegram, Chairman of the Davie County Board of Education, in recognition of the rare achievement.

Those receiving the War Stamps were Janell Young of the Shady Grove High School of Advance, N. C. and Irvin Davis of the Mocksville High School, of route 4 Mocksville, N. C. Each of these students has a perfect record of not missing a single day of school or being tardy during their entire school career.

Mr. Pegram's gift of the War Stamps is in recognition of the importance of regular and punctual attendance of pupils at school. It has been shown by studies and reports that those students who are regular in attendance do the best work in school and are most dependable and reliable when they go into adult life work. It is most commendable to recognize students who are faithful in attendance.

Business failures in 1944 were the lowest since the War Between the States, one-eleventh as many as in 1939.

## REV. SPRINKLE ROTARY SPEAKER

Declaring that the world needs the new motive of building character so that nations and individuals may live together in peace and freedom, Rev. H. C. Sprinkle was the speaker at Tuesday's meeting of the Rotary club in Goforth hall at the Methodist church.

Rev. Sprinkle said that man had been influenced greatly by three motives through the years and that they were insufficient to meet the needs of today. These motives were money, power and pleasure. The speaker expressed his belief that the world needs a lowering of standards in the emphasis on material forms of accomplishments in fine churches, college degrees and blind political party affiliation. He would substitute for these outward signs of progress a deeper attachment to the in-breeding of such virtues as sobriety, honesty, willingness to cooperate one with another irrespective of creed or race to the end that people may live without recurring wars.

During June the Ladies Wesleyan class of the Methodist church will serve the meals. The club expressed its appreciation for the fine meals which the U. D. C. served during May, particularly four members of the organization including Mrs. J. K. Sheek, Mrs. J. H. Thompson, Miss Mary Heitman and Mrs. W. B. LeGrand.

Twenty-four members attended Tuesday.

## FIVE STUDENTS GIVEN AWARDS

The valedictorian from each high school in Davie county received a certificate of award from the Reader's Digest Association for successful school work, giving promise of attaining leadership in the county, it was announced today by Superintendent Charles C. Erwin.

In addition to the engraved certificate from the Reader's Digest the five valedictorians will receive an honorary subscription to the Reader's Digest for one year. The students receiving the engraved certificates and the honorary subscriptions are as follows:

Jean Deweese, Coolee High School, Coolee; Eudell Barnhardt, Shady Grove School, Nannie Sue Seals, Farmington High School, Frank Barker, Davie County Training School, Melvree McClamrock, Mocksville High School.

Since 1937 the Reader's Digest Association has presented these awards yearly in Senior High Schools throughout the United States and Canada to the highest honor students of the graduating class.

The management and the editors of the Reader's Digest make these gifts "in recognition of past accomplishment and in anticipation of unusual achievement to come." The award is designed to stimulate scholarship, citizenship and continue contact with good reading after graduation.

Before the Crusades, sugar was not known in northern Europe.

## Junior Baseball Prospects Good

Prospects for a good Junior Legion baseball team in Davie county are progressing nicely. Both new uniforms and practice uniforms have arrived and quite a number of boys are reporting regularly for practice. Sam Swartz of Salisbury is assisting Dr. Mason in coaching the team. Some of the boys who have reported for tryouts for the team include:

Farmington: Joe White, Gene Dull, Dean Dull, Charles Lashley and William Davis Mocksville: Harold Poplin, Bob Greene, Virgil Wyatt, Wade Wyatt, Gene Wyatt and Guy Collette Coolee: Bobby Jordan, Sid Carter, Bob Ridenhour, Gray Everhardt, Harold Wagener, Head, Woods and Jordan Advance: Barnhardt, Mock and Bowden

About \$500 will be required to finance the team and some \$350 has already been raised.

Dr. Mason, Swartz and Grady Ward will attend a meeting in Albemarle this week of representatives of the middle district Junior Legion baseball executives.

A number of practice games will be played by the Davie team and other teams in the county, beginning this week.

## WINS AIR MEDAL

Staff Sgt. Burton Eugene Seals, son of Mr. and Mrs. Burton Seals of Farmington, was awarded the Air Medal, April 26, "for meritorious achievement in aerial combat." He is an aerial gunner on a B-17 Flying Fortress. He is based in England with the Eighth air forces. Sergeant Seals went overseas in January. He took his basic training at Keeler Field, Mississippi and was awarded his wings at Las Vegas Army Air Field, Las Vegas, Nevada.

## BIBLE SCHOOL

A Daily Vacation Bible school, sponsored by the Presbyterian and Methodist churches, will be held at the Methodist church beginning Monday morning, June 11, to continue through Friday, June 22. This year the school will be under the general supervision of a trained worker furnished by the Presbyterian church. There will be departments for the beginners, primaries, juniors and intermediates. All children of the town are cordially invited to attend.

## BACK IN STATES

The family of Burr C. Brock, Jr. have received word that he has flown back to the states, landing in Maine and expecting to be placed in a hospital in Connecticut. He was seriously wounded in a flight over Czechoslovakia.

## SAFE

Mrs. Blaine Moore of Winston-Salem and Mocksville has received word that her son, Blaine C. Moore, who is in the navy, is safe and now in a rest camp following the torpedoing of his ship in the South Pacific by the Japs. The message stated he could not communicate with her at present for security reasons. Blaine was in the invasion at Iwo Jima and Okinawa.

Flemings do not have to leave their coats to search for food.

## 19 MORE DAVIE BOYS ENTER MILITARY SERVICE ON MAY 25

### Overseas Duty

Above is Miss Kathleen Craven of Mocksville aboard a Coast Guard-manned transport enroute to liberated Europe. She is with the American Red Cross. The transport she is on is engaged in carrying troops to Europe and returning with battle-hardened veterans and casualties, homebound for well-earned leaves and rehabilitation. She was formerly employed in the AAA office here before joining the Red Cross.

## Sgt. Howard Liberated

Tech. Sgt. Hugh Thomas Howard, son of Mr. and Mrs. Albert Howard of Advance, Route 1, has been liberated from a German prison camp. His parents had a cable from him Tuesday stating that he was in France awaiting to be transported home.

He was first reported missing in action over Cologne, Germany, last Oct. 15 and later was reported to be a prisoner of war. He was in the air corps.

- Elbert Helsabeck Smith, Rt. 1, Advance.

## DAVIE PILOT GETS D. F. C.

Air Transport Command Base, India—Second Lt. Chester A. Hughes, pilot, of Mocksville, N. C., has been awarded the Distinguished Flying Cross. It was announced by Brig. Gen. William H. Turner, commanding general of the India China division, air transport command.

The award was made upon completion of 300 hours of operational flight in transport aircraft over the dangerous and difficult India-China air routes, where enemy interception and attack was probable and expected.

The air trail over the Hump, famed route through the towering peaks of the Himalaya mountains, blazed by the air transport command, is recognized by airmen as the world's toughest. Today the Hump route is the main lifeline of vital military supplies for the Allied forces fighting the Japanese in China.

The citation accompanying the award adds:

"Flying at night as well as by day, at high altitudes over impassable mountainous terrain through areas characterized by extremely treacherous weather conditions necessitating long periods of operation on instruments . . . requiring courageous and superior performance of his duties to overcome, he accomplished his mission with distinction . . ."

The award was made for the period of service from October 3, 1944 to January 8, 1945.

## BAPTIST REVIVAL

Revival services will begin Sunday at the 11 o'clock service at the Baptist church. Rev. H. F. Lambert of Raleigh is the visiting minister and will hold services each night throughout the week at 8 p. m.

**STATE APPLE CROP SHORT**

Raleigh — Indications are that the United States apple crop will be much smaller than in 1944, but probably larger than the extremely short 1943 harvest, according to J. J. Morgan, statistician with the state department of agriculture.

Meantime, Morgan reported, the North Carolina apple crop, although smaller than last year's by a wide margin, is "probably not as small as was thought to be the case following the early April freezes."

"There have been varying reports, and no definite statement as to prospects for North Carolina apples can be made until about the middle of June," said Morgan.

But he added that in Virginia the crop will be extremely light and variable, largely because of the April 6-7 freeze—although further damage occurred in early May in the northern area. Prior to the low temperatures the night of May 2, the northern counties, especially Frederick, had more favorable prospects than other commercial areas.

Reports provided the department by the bureau of agricultural economics are to the effect that the April and May freezes which followed a warm March cost orchardists in commercial areas millions of dollars with production light for the entire area east of the Mississippi river.

Morgan said that freezes began throughout the apple-producing states in the East on April 5 and continued at intervals into May. However, in the West the season is late, and present prospects point to large apple crops again this year, though likely not quite as large as in 1944.

"The state of Washington has prospects for a good-sized crop, the lateness of the season minimizing frost damage."

**NEWS OF FARM CONSERVATION**

By G. W. McLELLAN

John Albert and D. B. Miller near Cherry Hill Church, each have a nice stand of grasses and clovers on about 3 acres of pasture they seeded this spring. John Albert is making preparations to sow around 1 1/2 acres of alfalfa this fall.

C. J., C. G. and T. G. Angell recently bought a farm near Joppa cemetery, they have plans to put all of the open land into sericea lespedeza, alfalfa and pasture. They have already seeded 15 acres to sericea.

Allen Gaither near Sheffield recently approved a plan with the Middle Yadin District. He has done considerable conservation work already as recommended by the Soil Conservation Service including terracing, liming, and seeding two acres of sericea on some poor hilly land.

Clyde Clary near Sheffield has recently approved a farm plan. Clyde has a nice little farm and plans to improve and hold his soil. He has already done some terracing, and is making a meadow strip preparatory to emptying water on it at a later time.

He is planning to put 2 acres of improved pasture grasses this fall using the recommendations of Soil Conservation Service.

"Pete" is "bomb unhappy" amid the luxuries of civilization; if he had his way he would rather be bombing the Japs.

**DAVIE BOYS CONGRATULATED**

An Eighth Air Force Station, England — Among the 185,000 men and women of the Eighth Air Force congratulated after V-E day by Lt. Gen. James H. Doolittle, their commander, were Staff Sgt. Vernon L. Whitaker, Rt. 2; Cpl. William R. McClamrock and Cpl. Everette A. Richardson, Rt. 3.

"I wish to extend my personal congratulations and my heartfelt appreciation to every one of you for the magnificent job you have done," General Doolittle said in a message to all personnel.

"Each of you," he continued, "may be proud of your part in the defeat of Germany. I am proud of you. The world is proud of you."

The Eighth Air Force was the world's mightiest strategic bombing force. Its personnel of 185,000 was the equivalent of 12 infantry divisions, and it could send 21,000 airmen in 2,000 four-engined bombers and 1,000 fighters over Germany at one time, a combat effort possible only through the support of tens of thousands of non-flying specialists.

**Have a "Coke" = Welcome back**

... or giving a returned soldier a taste of home.

There's an easy way to make a soldier on furlough feel right at home. It's to offer him refreshing Coca-Cola. Have a "Coke" is always the hospitable thing to say. In many lands overseas, as in your own living room, Coca-Cola stands for the pause that refreshes, — has become a happy symbol of hospitality, at home as everywhere else.

### A FITTING OBSERVANCE

The majority of American people heard the news of Germany's surrender with feelings of deep joy, but did not manifest that joy in unseemly ways. The general reaction was one of deep gratitude, unmixed with hilarious celebration. The consciousness of what yet lies ahead, coupled with the great losses sustained in hundreds of thousands of homes left little room for galey. From a few places came reports of galey and shouting, but they were hardly representative. We have no statistics upon which to base our feelings, but we are of the opinion that galey emanated in those areas where least had been done or suffered. In most communities people went to church, and celebrated with thanksgiving and prayer. We heard of people kneeling in the street to pray when the news came. That we believe, is a great tribute to the American people. It manifests the kind of character one might expect in the folks who have had the will and the courage to defeat the tyrants of Europe, the enemies of liberty. We have walked with a prouder step, and with a deeper appreciation of the American people since we observed them on V-E day.

### REAPING THE HARVEST

There is one thing which will relieve the Allies in their treatment of Germany—that is the fact that the Allies would never think of punishing them to the extent to which they have punished themselves; they have created the conditions which are now beyond their control, and beyond control of the Allies. Germany's own creations are now turning upon her, and her real suffering is just beginning. They could not expect to press 11 million slave laborers into service and not expect that those long-suffering people would not rise against them when they had the chance. As soon as the Allies liberated those slave laborers they began to run wild over Germany, looting and attacking Germans everywhere they found them. Germans can no longer steal from others, and their own food supplies will now be short; millions of them are without homes; their great cities and their industries are destroyed, as is also their transportation system. They will also be forced to make some reparations for their own wilful and useless destruction of other countries. They will be paying a heavy price for many years for their folly in following Hitler. This is the punishment which they created for themselves.

### THE BUSINESS IN HAND

We are now down to the serious task of what we are to do with Germany. There will be less loss of life than during the period of fighting, but the problem has lost none of its seriousness. In dealing with Germany we must keep several things in sight. We must not forget the character of Hitler and his gang; nor must we forget that the great mass of German people were solidly behind Hitler just as long as he was succeeding. The German people share the responsibility for the war started by Germany, and for the atrocious character of that war.

We must not be blind to the fact that the German youth were thoroughly indoctrinated with Nazism, and that they are utterly unaware of their character, and insensible to the wrongs which they have done. The atrocities which they have committed have put them outside the realm of decent people, and they must be treated accordingly.

Our great danger is that the American people will be too soft. We can be grateful that our people are willing to show mercy, and that they are a sympathetic people. But it is the whole world which we must now think of—the children of the future. We must be just as well as merciful. Like a doctor who is deeply sympathetic towards his patient, but intent upon cutting out the cancer which threatens his life, so must the allied world, with sympathy for all mankind, hold steadily to the intent to control the cancerous Germany—a disease germ which has kept the world sick and in misery for one hundred and fifty years, and will start again if not checked. Our motive must not be one of revenge, but of that sense of right and justice which sincerely endeavors to be right towards all mankind.

Cursing and yelling on a London street was Clancy holding a doorknob in his fist "Them damn Nazis will pay for this—blowin' a saloon right out of me hand."

A soldier wanted to slip out of camp for his girl was pining for his company, not far away. He went to the sentry on duty and stated his case.

"Well," said the sentry, "it's OK with me, but I will be off duty tonight when you get back, so you will have to have the password."

"What is it?" asked the soldier.  
 "It's 'Idosyncrasy'."  
 "Ido what?"

### April Is Record Month For Chicks

Raleigh—April 1945 was a record-breaking month for hatchery operations in North Carolina—more baby chicks were turned out by the state's hatchery industry than for any month on record, it is announced by Clyde Willis, statistician with the state department of agriculture.

He said the output of chicks by North Carolina commercial hatcheries totaled 7,214,000 during April—13.4 per cent more than the 6,383,000 produced in the same month of 1944 and 9 per cent higher than the 6,580,000 hatched during April of 1943.

For the first four months of this year, according to Willis, hatcheries produced 20,498,000 chicks as compared with 20,053,000 for this period in 1944, an increase of two per cent. In 1943—the record year of production—20,308,000 chicks were hatched from January to April, inclusive. This was about one per cent lower than the number produced during the same period last year.

Mr. and Mrs. S. C. Phelps and daughter, Mrs. A. M. Nichols, Mr. and Mrs. John Leach and baby visited Dorothy, Coleen, and George Phelps at the Methodist Children's Home in Winston-Salem Saturday evening and took a picnic supper which they enjoyed with the children.

Mr. and Mrs. Reece Thompson of Baltimore, Md. spent this week visiting Mr. and Mrs. J. H. Byerly. They also visited Mrs. J. B. Harrison in Lexington. Mr. Thompson was inducted into the army last Friday. Mrs. Thompson will return to Baltimore soon.

Mr. Evans is the son of Mr. and Mrs. George Evans of Mocksville route 1. He is a former Mocksville high school student.

### 32 SENIORS GET DIPLOMAS AT COOLEEMEE WEDNESDAY

#### PROMOTED

G. H. Spry, Jr., who is serving with the U. S. navy, has recently been promoted to seaman first class according to a message received by his parents from the navy department. He is the oldest son of Mr. and Mrs. G. H. Spry of Watts street.

#### CPL. HOOVER HOME

Cpl. Kenneth Hoover who has been stationed in Iceland for the past few months, arrived in New York Monday. He will spend a twenty-day furlough here with his family and mother, Mrs. C. B. Hoover.

"Although most of the large hatcheries in the state, especially those supplying broiler chicks, are operating at capacity, the demand for chicks still exceeds the output," said Willis, adding that bookings or orders for future delivery in April were reported far in excess of the same month last year and bookings for May showed an even larger increase.

#### The following 32 seniors received diplomas from the Cooleemee High school last night when the graduating exercises took place in the high school auditorium:

Wayne Seamon, Grady Spry, Jr., Pauline Carter, Reba Saunders, Mary Tom Spry, Murlene Scott, Helen Cook, Mary Louise Gales, Jean Millard, Janet Eaton, Loudetta Broadway, Helen Shore, Claytie Hoover, Frank Tatum, Louise Nichols, Wayne Eaton, Helen Grubb, Margie Canup, Frances McDaniel, Oleta Mayberry, Harvey Wyrick, Mary Evelyn Everhardt, Odell Vickers, Mildred Nell, Marvin Spry, Mildred Chappell, Ethel Spry, Faye Bain, Jean DeWeese, Vernell Cheek, Cecil Berrier, Ray Carter.

Joseph P. Smith of Sanford, Route 5, has ordered 16 top bred heifers from Flat Top Ranch in Texas to add to his herd of registered Herefords, says Leland Case of State College Extension service.

Wait Until Your Soldier Gets Home

Atlanta, Ga.—Don't go to an Atlantic port or to an army reception station to see your returning soldier. It's time wasted. That is the advice of Colonel H. G. Williams, transportation officer, Fourth Service Command, to wives and relatives of American soldiers coming back from the European theater for a visit at home and a spot of training before going to the Pacific to finish off the Japs.

Your soldier, says Colonel Williams, will be given plenty of time to visit home, but until he goes through the necessary routine of the reception station he will not be permitted to leave his unit, this procedure speeding up the time when he will be free to "go home and see the folks."

When he arrives at an Atlantic port he goes with his unit to a "staging area" and there his outfit is broken down into reception station units, each of which will be transported by special Pullman trains to the nearest point to the soldiers' home. At the reception station, each will be given a railroad ticket to his home and return, plus meal tickets. All units will be processed in 48 hours, giving no time for visits with wives or relatives. From the reception station he will go home.

"Efforts of wives or relatives to see the returning soldiers at ports or reception stations will only delay the time of the soldier's arrival home," said Colonel Williams. "This unnecessary travel will further clutter up the overtaxed rail lines. In addition, they can't find hotel accommodations. So, if they'll just stay home, they won't have long to wait for their soldiers."

JOE SPRY SEES MUCH ACTION

Aboard a Destroyer in the Pacific — Joe Spry, 22, gunner's mate, from Mocksville, N. C., saw much action before joining this ship last year.

He participated in 14 major engagements and bombardment strikes during four years aboard a cruiser New Orleans, accompanying her through a notable fighting career from Pearl Harbor to the Marianas.

Coral sea, Midway, Solomons, Gilberts, Marshalls, Truk and Marianas all were stops on Spry's war itinerary. He helped rescue 600 men from the Carrier USS Lexington, fell from a whale-boat, and had to be rescued himself.

Spry was transferred from the cruiser in March, 1944, after the Marianas, and later that year joined the crew of this new 2200-ton destroyer. He is again actively fighting the Jap from his battle station as gun captain on a 40 mm. Mount.

His parents, Mr. and Mrs. Joseph F. Spry, reside at Mocksville.

Mrs. O. L. Laird who has been on the sick list is improving. Mrs. David Cole and Onnie Cole of West Jefferson spent the week end with Mr. and Mrs. C. H. Barney and family. Mrs. Wallace Sparks and daughter, Brenda are spending this week with her parents, Mr. and Mrs. G. L. Foster.

Poultry Freeze May Mean More Chickens

Raleigh — The government's freeze on poultry is gradually swinging more chickens into the state's big processing plants, according to reports received by the state department of agriculture. However, virtually all of the poultry processed in these plants is moving toward military consumption.

The war food administration made it clear to the department that the poultry will go into civilian channels during weeks in which the government has filled its quota from this area, and various processors voiced the opinion that there will be a sufficient number for the housewife—even more possible than

The collapse of World war I inflation came in June 1920—19 months after the armistice. Factory payrolls fell 44 per cent. Farm income dropped 66 per cent, 453,000 farmers lost their farms through foreclosure. Corporation profits of \$6 billion in 1919 turned to losses of \$55 million in 1921. More than 5 1-2 million factory workers lost their jobs between 1919 and 1921. In the five years after the collapse, there were 40 per cent more failures than in five pre-war years.

Wool from central and eastern Carolina will be pooled at Fuquay Springs and Williamston this year, says Leland Case of State college. they were getting just prior to the freeze order.

Mrs. Kelly Jones and daughter of Atlanta, Ga. stopped over one day last week with Mr. and Mrs. Eccles Davis having been called to Winston-Salem to attend the funeral of Mrs. Jones' sister-in-law, Mrs. Ray Williams.

Gilmer Livengood of the U. S. army who has spent many months overseas is spending a 30-day furlough with his parents, Mr. and Mrs. E. W. Livengood. Gilmer will report back to a hospital in West Virginia for further treatment.

Mrs. W. E. Davis and daughter, Alma June, spent Sunday in Kannapolis with their daughter and sister, Mrs. Roy Mills.

E. M. Holt of Cooleemee held lay reader service at Ascension Chapel Sunday for Rev. C. E. B. Robinson, who is spending several days in Kentucky and Ohio.

The ladies of the woman's auxiliary attended their monthly meeting at the home of Col. and Mrs. W. C. Murelston near Cana. Mrs. Murelston gave a very interesting account on the work among the Philippines.

Almost one-half of the rise in prices in World war I came after the armistice. In the 19 months between the armistice and the peak of inflation in June 1920, prices increased more than 1 1-2 times as much as prices have increased during the 67 months of World war II.

Ninety per cent of all goods now have price ceilings. Only 8 1-2 per cent of the goods consumers buy, mostly durables that have been out of production since 1941, will direct pricing by OPA. The general pricing policy will be to set prices at levels no higher than 1942.

The farmers are doing a wonderful job, but they can't carry the whole load. Nor can you expect to eat as well this summer and next winter as you will with a well-balanced home garden and canning program.

**Labor Shortage Hits Dairymen**

Raleigh — Unprecedented demands for dairy products both from government and civilian sources have placed a "terrific burden on the American dairy industry," according to Agriculture Commissioner Kerr Scott.

Pointing out that the dairy industry is observing its ninth annual Dairy month, the fourth in wartime, in June, Scott said that "it is time for a full understanding of the terrific problems faced by the dairy industry, if it is to deliver its war orders in full and carry on in its future service of the nation."

Scott explained that "dairy month" is observed annually in June because that normally is the time of year when production is hitting its yearly peak.

"We are now in the middle of the greatest year, from a production standpoint, in history, and we are faced with what might be called a labor famine," said Scott.

In his opinion, the No. 1 problem of the industry is manpower—manpower on the farms and in the dairy plants. One man of every six normally in the dairy industry is missing, official records show, and demands for greater production of milk, butter, cheese, ice cream, and other products still is mounting.

"Government buying of dairy products," Scott said, "has skyrocketed to take more than seven times the amount of the food dollar spent for similar products in World war I. Today, the government spends 15.6 cents of every dollar for dairy products whereas only 2 cents were so spent in World war I."

Those home from college for their summer vacation are Misses Nancy Forte of A. and T. college, Greensboro; Levane Steel and Oliver Massey of Johnson C. Smith university, Charlotte.

Clarence Frost of Salisbury and Mrs. Agnes Hampton of Winston - Salem spent the week end with their parents, Rev. and Mrs. E. Frost on Rt. 1.

Mrs. Clara Crawford and Miss Mildred Smoot spent Saturday in Salisbury.

Mrs. E. Frost of Rt. 1 visited Mrs. Lula Clement on last Tuesday.

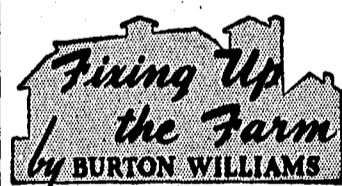

Mrs. Lucy Martin and Mrs. Hettie Burse visited Mrs. Nina Campbell who is sick at her home in Winston-Salem.

Mrs. James Murdock and family, Mrs. E. Frost and Clarence Frost attended the May meeting at Mount Nebo Sunday.

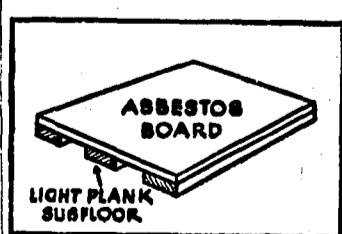

Feeder calves from Clyde and West Jefferson made good records in the Kinston Fat Stock show. Leland Case, extension animal husbandman at State college, plans to select about 200 feeders from the Western Carolina section this fall.

J. H. Luton in the Elizabeth City area is grazing 30 hogs and seven cattle on 12 acres of temporary pasture seeded with three bushels of oats and 20 pounds of crimson clover per acre. He reports that the pasture will carry double this number of animals.

OPA's pricing policies during reconversion are directed toward continued prevention of inflation, full production, full employment, and relaxation of controls as fast as the need for them ends.

**Asbestos Cement Floors**  
FOR many types of farm structures, such as brooder houses, milk houses and individual hog houses, it is desirable to have floors which are ratproof, rotproof and water resistant. Even portable buildings can have floors with these qualities, if they are finished with asbestos cement board.

The asbestos board can be applied directly over a subfloor of light planks. If it is necessary to economize on planks, satisfactory results will be obtained by spacing them three or four inches apart. When the planks are separated, the board should be nailed to each plank every four inches or so. Asbestos cement board has a number of additional advantages. It is fireproof, because it contains nothing which will burn. It is immune to decay, rust and corrosion. Moreover, it can be cleaned easily, either with water or by scraping down.

**GRANGE TO HAVE BOX SUPPER**

The Center Grange No. 1035 met Wednesday night for its regular meeting, but as there were several visitors present an open meeting was held. Mrs. Dyson's seventh grade gave a very interesting play entitled "Bertha Brings Home the Bacon." The cast was: Bertha Snodgrass—Jane Carolyn Dwiggins; Mr. and Mrs. McGee—Archie Jones and Peggy Graham; Jenkins, the butler, Johnny Durham; Mr. and Mrs. Hood—Edward Galtner and Lettie Jean Foster. Knox Johnstone, the speaker for the evening, talked about the Seventh War Loan drive. It was voted that the Grange would take an active part in this drive. Other visitors present were Mr. and Mrs. E. P. Foster.

A fund was started by Mr. Johnstone and Mr. Foster for the erection of a tennis court for the young people of the Grange.

It was further decided that the Grange will sponsor a box supper on June 2, starting at 8:30 to raise money for the purchase of the tennis court. Every body is cordially invited to attend and the girls are asked to bring boxes of food. These will be auctioned to the highest bidder. Hot dogs, drinks and ice cream will also be for sale.

The program will include bingo, fishing and a cake walk. There will also be some guest singers for the evening who will be Jack Pennington, Bill Murph, Denton Boger, Ralph Bowden and M. H. Grose.

An immediate market exists for 5,852,000 mechanical refrigerators, 4,501,000 vacuum cleaners, 3,452,100 sewing machines, 5,085,000 radios, 5,185,000 electric irons and 5,835,000 washing machines, a recent census bureau survey discloses.

WILL X. COLEY

DEATH CLAIMS  
WILL X. COLEY

Will X. Coley, 77, native of Davie county and brother of Mrs. M. B. Brock of Farmington, died last Sunday in a hospital in Raleigh. He had been connected with the Raleigh News and Observer for more than 40 years and head of the circulation department for many years.

Some 55 years ago he owned the Davie Times here, a newspaper which was the predecessor of the Mocksville Enterprise. He bought the paper from Blount and Mooring and operated it for nine years.

He was also a former mayor of Mocksville and at the time of his death was a member of the Mocksville Masonic lodge.

He is survived by his widow, the former Mrs. Annie Adams Howard of Raleigh; by three sons, L. H. of Raleigh, Major Henry M. of Washington, D. C. Will X., Jr. of Jacksonville, Fla.; by four sisters, Mrs. Blanche Hooper of Winston-Salem, Mrs. Lawrence Kirkland and Mrs. Robert Black of Durham and Mrs. M. B. Brock of Farmington who is the mother of the well-known attorney, B. C. Brock.

Widely known throughout the newspaper circulation field in the south, Mr. Coley was a past-president and former secretary of the Carolina-Virginia Circulation Managers association. He was also a member of the Raleigh Lions club and a life-long deacon of the First Baptist church of Raleigh.

The funeral was held Monday afternoon at the First Baptist church in Raleigh and interment was in the Oakwood cemetery there.

Mr. Coley had been inactive for the past three years because of ill health.

Clyde Broadway  
Dies in Hospital

Funeral services were held for Clyde N. Broadway, 34, who died Tuesday at a Salisbury hospital from pneumonia. Rev. James Groce held the service at the North Coolemece Baptist church and interment was in the North Coolemece cemetery.

Mr. Broadway, a native of Virginia, lived on Mocksville, Rt. 4, near Coolemece. He was a World war II veteran having been in service about a year.

Survivors include the widow, the former Eleota Jenkins, 5 children, J. C., Fred, Noleen, Edith Ray and Odell, all at home; his father, T. N. Broadway of Kannapolis, his mother, Mrs. W. T. Reagans of High Point; four half brothers, Otis, Bille, Fred and Arnold, all of Kannapolis; six half sisters, Mrs. H. C. Ball, Mrs. Adalene Gurley, Mrs. Hazel Walters, Betty Sue and Lois Jean Broadway of Kannapolis and Mrs. Dorothy White of Greensboro.

WILL X. COLEY

Will X. Coley, 77, native of Davie county and brother of Mrs. M. B. Brock of Farmington, died last Sunday in a hospital in Raleigh. He had been connected with the Raleigh News and Observer for more than 40 years and head of the circulation department for many years.

Some 55 years ago he owned the Davie Times here, a newspaper which was the predecessor of the Mocksville Enterprise. He bought the paper from Blount and Mooring and operated it for nine years.

He was also a former mayor of Mocksville and at the time of his death was a member of the Mocksville Masonic lodge.

He is survived by his widow, the former Mrs. Annie Adams Howard of Raleigh; by three sons, L. H. of Raleigh, Major Henry M. of Washington, D. C. Will X., Jr. of Jacksonville, Fla.; by four sisters, Mrs. Blanche Hooper of Winston - Salem, Mrs. Lawrence Kirkland and Mrs. Robert Black of Durham and Mrs. M. B. Brock of Farmington who is the mother of the well-known attorney, B. C. Brock.

Widely known throughout the newspaper circulation field in the south, Mr. Coley was a past-president and former secretary of the Carolina-Virginia Circulation Managers association. He was also a member of the Raleigh Lions club and a life-long deacon of the First Baptist church of Raleigh.

The funeral was held Monday afternoon at the First Baptist church in Raleigh and interment was in the Oakwood cemetery there.

Mr. Coley had been inactive for the past three years because of ill health.

Clyde Broadway  
Dies in Hospital

Funeral services were held for Clyde N. Broadway, 34, who died Tuesday at a Salisbury hospital from pneumonia. Rev. James Groce held the service at the North Coolemees Baptist church and interment was in the North Coolemees cemetery.

Mr. Broadway, a native of Virginia, lived on Mocksville, Rt. 4, near Coolemees. He was a World War II veteran having been in service about a year.

Survivors include the widow, the former Electa Jenkins, 5 children, J. C., Fred, Noleen, Edith Ray and Odell, all at home; his father, T. N. Broadway of Kannapolis, his mother, Mrs. W. T. Reagans of High Point; four half brothers, Otis, Billie, Fred and Arnold, all of Kannapolis; six half sisters, Mrs. H. C. Ball, Mrs. Adalene Gurley, Mrs. Hazel Walters, Betty Sue and Lois Jean Broadway of Kannapolis and Mrs. Dorothy White of Greensboro.

## ROTARY CLUB ENDORSES IDEA OF FREEZER LOCKER IN DAVIE

The Mocksville Rotary club endorsed the idea of freezer locker plant to serve Davie county at its Tuesday meeting.

E. C. Morris, program chairman, presented a letter from a Raleigh concern that wants to install a freezer locker here. They will require the construction of a suitable building. A committee, composed of Mr. Morris as chairman, A. T. Daniel, George Hobson, county agent, and O. C. McQuage, was named to investigate the details of what was needed to secure a freezer locker

for this section.

During the discussion of the freezer locker it was brought out that the plants are designed primarily for rural communities where people raise their own meats, vegetables and fruits and that a family could rent a locker large enough to freeze all they would need for \$12 to \$15 a year. The freezer locker would be provided with an experienced meat cutter who would cut, sort and wrap the meat in appropriate sizes for the home and family use.

## 27 DAVIE SCOUTS REGISTER AT CAMP UWHARRIE FOR WEEK

It was announced today by Scout Executive B. W. Hackney that 120 Scouts were registered for the first week of Camp. This period begins on June 17.

Scouts in this period will come from High Point, Thomasville, Mocksville, Spencer, Cooleemee, Rockwell, Granite Quarry, and Salisbury.

Scoutmasters to be in Camp with their Troops will include Messers, Council Powles, Rev. M. J. Klutz, A. L. Elliott, J. H. Nettles, W. J. B. Sell, Rev. George Schott, C. L. Laley.

The Camp Staff who will be in Camp to assist Scoutmasters with their summer Camping program will arrive at Camp Uwharrie on June 13, for a four day study period of Scoutcraft prior to the arrival of the campers. The Water-front Staff under the direction of Mr. R. W. Garrison arrived in Columbia, S. C. for a week of study of Water Safety.

This staff will return to Camp Uwharrie on June 9.

The Staff with the help of several Troops from High Point will have the camp ready for use by summer campers the later part of this week. Troop 10, under the direction of Mr. C. O. Young, Troop 11 under the direction of Mr. H. M. Chadwick, will spend this week end to assist with the readying of the camp for summer campers.

Troop 32: Cooleemee: Paul Shepherd, Arnold Gerwood, Bobby Jordan, Bobby Ridenhour, Vernon Stout, Wilber Miller, Jr., C. W. Trexler, George Jordan, Joe Outhrel, Bud McClamrock.

Troop 75: Mocksville: Bill Clink, Chester James, Billy Benson, James Kincaid, Archie Jones, Bennie Naylor, Bill Sofley, Jack LeGrand, Bill Mason, James Andrews, Johnnie Durham, Tommie LeGrand, Bobby Foster, Jack Boger, Turner Ammonds.

## HERE'S HOW THE GREAT-NATION VETO PRIVILEGE WOULD OPERATE

San Francisco—How the big power veto vote would work in a world security council—and what the present dispute between Russia and the other four nations is about:

- Suppose that Italy is making threats against Ethiopia, Ethiopia appeals to the council for protection. The world charter as now drafted, guarantees any state the right of appeal so that the council would have to receive Ethiopia's petition.
- On the council are six small nations and five great powers—Russia, Britain, China, France and the United States. When they take a vote on where to have lunch, any seven states, big or little, form a majority. But when anything important comes up the majority of seven must include the Big Five—with one exception. In this instance the 11 council members sit around a table with the Ethiopian complaint before them.
- The United States contends they should be able to discuss this complaint fully, raising such questions as what issues are involved and whether it ought to be investigated. No power should be able to prevent this discussion by using its veto, the United States says. Russia takes the contrary view and insists that the veto may be applied from the moment the complaint arrives, so that any one power could shut off discussion.
- There are two kinds of veto.

- Any council member which is party to a dispute has to refrain from voting until there comes the question of using force to maintain peace. If Italy were a great power, even under the Russian plan she could not prevent discussion because she would not be able to vote at this stage. However, one of the other great powers under the Russian plan could prevent discussion while under the United States plan it could not.
- The first real question before the council would probably be "shall Ethiopia's appeal for protection be investigated?" At this point the United States, Russia and all other powers agree the veto applies (except a party to a dispute may not vote.) The same voting formula holds also for efforts at mediation, conciliation and specific recommendations on how to settle the trouble. All the big powers must agree (which means each has a veto) except the one that is a party to a dispute has no vote at all.
- Peaceful means fail and the question arises of using force—any kind of force from political isolation to economic blockade to battle action. At this point all the powers have votes whether or not one is party to a dispute. Thus if Italy were one of the Big Five she could veto any use of force against herself by the security council—even though

## To Those Who Died

**SALUTE FROM THE VALIANT** to those who fell for the country's flag in all the battles of all our wars is expressed in this Memorial Day picture of wounded Pvt. Albino Sagrillo snapping a soldier's tribute to the colors passing on Michigan Blvd. in Chicago.

## A Story Full Of Dynamite

At the risk of making enemies for life of some great cooks, a reporter commented that the best meal he had gotten around to in a long time was the one served the Rotary club last Tuesday by the Ladies Wesleyan class of the Methodist church.

Fried by some unsung heroine, that chicken was browned to suit a king's taste. The milk gravy was just right—and you should have seen those Rotarians spreading it country-style over their bread. The slaw was seasoned properly—not too sweet nor too sour. And somebody had the brilliant idea of mixing butterbeans and fresh corn—a combination that hit the spot.

To keep the record straight, however, and allay feminine fury, let it be said that three of the most famed cooks in Mocksville are Mrs. Rena Sheek, Mrs. Z. N. (Miss Jennie) Anderson and Mrs. Hilary Meroney. At this spot the reporter, took to the bushes to avoid any rebuttal from numerous sources, some too close to home for comfort.

## DAVIE SCHOOL HEAD CHOSEN

Curtis Price, 42, of Ellenboro, Rutherford county, has accepted the position as superintendent of Davie county schools, it is announced by T. C. Pegram, chairman of the county school board. Mr. Price has been tendered the post at a meeting of the board on May 26 and he accepted last week. He assumes his duties on July 1, succeeding Charles Erwin, who resigned to become superintendent of Rowan schools.

Mr. Price is a native of Union county, is married but has no children. He is a Methodist, a 1925 graduate of Duke and has done graduate work at Duke in administration, supervision and finance.

He has been principal of the Ellenboro school for the past 16 years. He is a Mason, has been active in Boy Scout work and is secretary-treasurer of the N. C. Principals association.

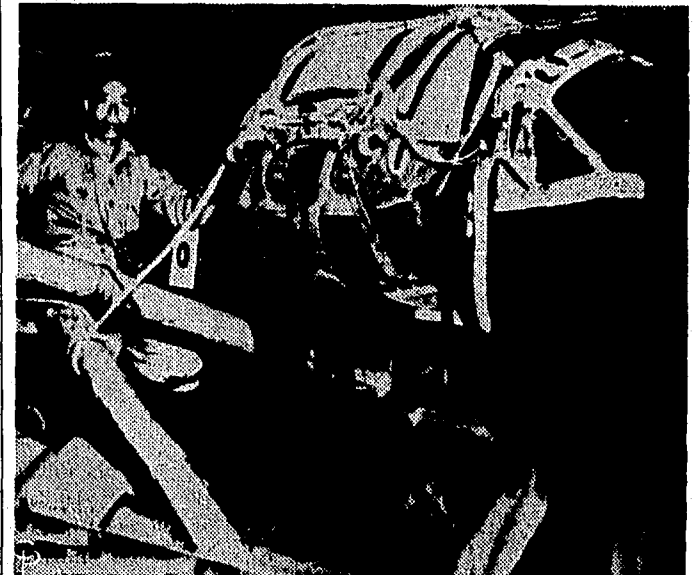

## Organ Is Given Methodist Church

The congregation of the Mocksville Methodist church were greatly thrilled last Sunday morning when the pastor, Dr. J. E. Pritchard, announced that P. Frank Hanes of Walkerton and Winston-Salem and former citizen of Mocksville is giving a modern organ to the church as a memorial to his parents, the late Mr. and Mrs. Phillip Hanes who were members of this church as long as they lived. Mr. Hanes was present in the service last Sunday and was introduced with this church and of the influence of his parents on him in his early years. In appreciation of this splendid gift the congregation stood in silent meditation.

While it is not definitely known just when the organ can be installed due to war time restrictions yet the congregation rejoices to know that the funds are in the bank and that as soon as possible the organ will be installed.

## CHINESE 'STABLE' MOVED BY PLANE

NO TASK IS TOO TOUGH for the U. S. Army Air Transport Command. Here a Chinese soldier rides with a harnessed horse in its stall inside a U. S. Army transport plane enroute from Burma to China. The Chinese troops accompanied their pack animals in the high and dangerous flight over the "hump."

## HERE & THERE

**PLAN BIBLE SCHOOL**  
Miss Elizabeth McConnell will arrive from Charlotte to direct the Daily Vacation Bible school sponsored by the Presbyterian and Methodist churches for the next two weeks. Miss McConnell asks that all teachers and assistants meet at the Methodist church Sunday at 3 o'clock to plan for the school.

**AWARDS**  
Lt. Chester A. Hughes has been awarded the Air Medal and Distinguished Flying Cross for 300 hours operational flight across the hump. His wife, the former Miss Sarah Diggins of Mocksville, and sons have been making their home with her parents here. Mr. and Mrs. J. C. Diggins. Lt. Hughes is expected home around June 15.

**FARM SLAUGHTERERS**  
Farm slaughterers are reminded again that July 1 is the final date for securing a permit, and a quote from the local board. Every farmer who sells meat, including those who sell sausage and pork when they butcher in the fall, must secure a permit.

**CANNING SUGAR**  
The issuance of canning sugar in 14 southwestern counties including Davie has been stopped by the Washington OPA office and was announced by the district office in Charlotte Sunday. As soon as this restriction is lifted Davie county housewives will receive their allotment.

## Local Girls Get College Degrees

Two Mocksville girls, Mary Nell Ward and Sarah Foster, graduated last Monday night at Greensboro college, each receiving a bachelor of music degree. Mary Nell majored in piano and Sarah majored in public school music and graduated with cumulative honors. She was a member of the glee club and president of the organization in 1945. She was also a member of the college sextet, the Y. W. C. A. cabinet, senior honor society and was music editor of the college annual, "The Echo," and also music editor of the "The Collegian," the college newspaper.

Mary Nell is the daughter of Mr. and Mrs. Grady Ward and her parents and the following attended the graduation: Mrs. Lonnie Lanier and Gall Lanier of Birmingham, Ala., Mrs. C. F. Meroney, Mrs. J. Lee Kurpees and Jane Clink.

Sarah is the daughter of Mr. and Mrs. E. P. Foster and her parents and the following were present for graduation: Lettie Joan Foster, Mrs. Joe Patner, N. T. Foster, Mrs. P. G. Brown, Sue Brown, Mrs. J. W. Page of Bliscoe and Miss Anne Mae Benton. The latter taught both girls here.

## JUNIOR LEGION BASEBALL CLUB OPENS SEASON IN DAVIE JUNE 12

### Panel Members Withhold Names

Price panel members of the local rationing board met last Tuesday night and held a hearing of a number of Davie merchants who were charged with violation of ceiling prices. Panel members voted that the names of those whose cases were heard and disposition of them be withheld from the press. Consequently, the names are not available for publication.

## BIBLE SCHOOL OPENS JUNE 11

The annual Daily Vacation Bible school sponsored by the Presbyterian and Methodist churches will be held at the Methodist church, beginning next Monday, June 11, to run through Friday, June 22. Miss Elizabeth McConnell of Charlotte will be the general superintendent. There will be three departments, namely, Beginners, Primary and Junior. The superintendent of the Beginners department will be Miss Guastie Johnson and her assistants will be: Sara Catherine Smith, Lettie Jean Foster, Germaine Wellman and Mrs. J. L. Kimble. The superintendent of the Primary department will be Mrs. Paul Blackwelder and her assistants will be: Carol Johnstone, Pauline Daniel, Mrs. Joe Patner, Miss Josephine Hartman. The superintendent of the Junior department will be Mrs. Knox Johnstone and her helpers will be: Peggy Graham, Lettie Lindsay Sheek and Virginia McCorkle. The school will meet each morning, Monday through Friday, from 9-11 o'clock. The children of the community are invited.

## Alphonso Spillman Claimed By Death

Alphonso Spillman of Mocksville, Route 2, died at his home Tuesday at 3 p. m. following an illness of some time.

He was born Jan. 15, 1877 in Yadkin county, a son of William and Pamela Davis Spillman. He spent his early life in the Forest bush church community, and had lived at the present home place since 1908.

He was of the Baptist faith and well known in the county. Surviving are his wife; one son, W. Steelman Spillman, of Farmington; four daughters, Mrs. W. P. Cornatzer of Farmington, Mrs. F. D. Poindexter of Cana, Mrs. J. C. Hendricks of Clemmons, and Mrs. W. N. Taylor of Winston-Salem; 13 grandchildren; four great grandchildren; one nephew, Thomas C. Shore, and one niece, Miss Mary Shore, both of Rocky Mount.

Services were conducted Thursday afternoon at 3:30 o'clock: Rev. J. W. Vestal, Rev. J. T. Murray and Rev. Dallas Renegar officiated. Interment was in the Farmington cemetery.

Bats are among the most ancient of mammals.

The Mocksville Junior Legion baseball team will play ten games to decide the winner among the six clubs which have been placed in this district, known as the "southern" league.

Three games will be played each week and all of the home games will be played in the Cooleemee baseball park at 5 p. m. on Tuesdays, Thursdays, and Saturdays.

The first home game will be played next week.

Teams in the league include Troy, Wadesboro, Albemarle, Kannapolis, Mocksville and Salisbury.

**GAMES NEXT WEEK**  
The schedule of home games next week in the Cooleemee park are as follows: Tuesday, June 12, Wadesboro; Thursday, June 14, Albemarle; Saturday, June 16, Kannapolis.

The following week the Mocksville club will play at Salisbury, Troy and Wadesboro on Tuesday, Thursday and Saturday respectively.

On Tuesday, June 26, the local team will play Salisbury at Cooleemee. On Thursday, June 28, they go to Albemarle and on Saturday, June 30 they play Troy at Cooleemee. On July 4 the Mocksville club finishes the schedule by playing Kannapolis.

The winner in the southern league will play the winner in a league composed of teams from Greensboro, Hillsboro and Durham.

New uniforms have already been issued to the personnel of the local club, Dr. P. H. Mason, coach, states.

## Memorial Service At Baptist Church

A special service in memory of servicemen will be held Saturday evening at 8:30 o'clock in connection with the revival at the Baptist church here.

There will be a roll call of the men in uniform and some one in the immediate family will be asked to represent the serviceman at the altar. As the pastor leads the general prayer those standing in the altar will offer silent prayer specifically for the one whom they represent.

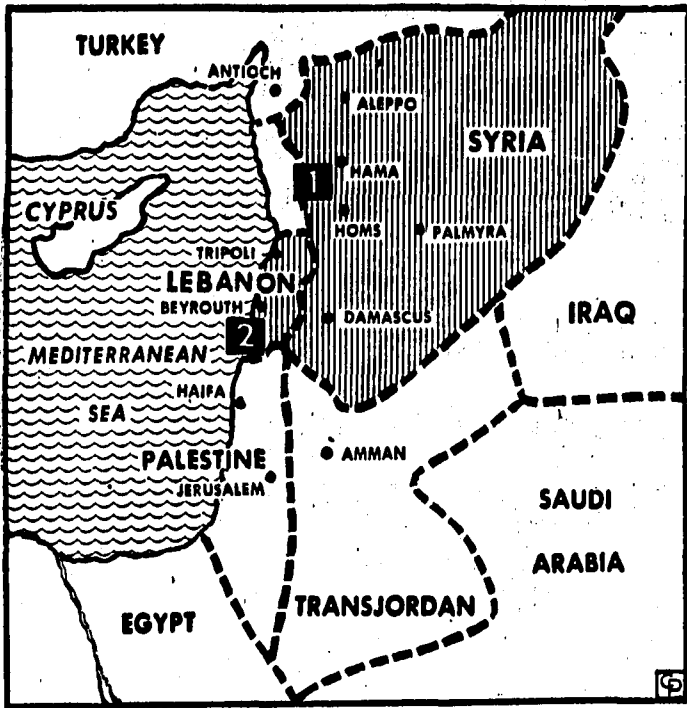

Those who have loved ones in uniform and wish them to be remembered in such a service are asked to leave or send the names to the church by Friday night.

## Visitors Are Entertained

The Rev. H. F. Lambert, who is holding revival services at the Baptist church this week, and Miss Willa Marks, who is assisting in the Bible school, were entertained this week at lunch and dinner by Mr. and Mrs. Boone Stonestreet, Mr. and Mrs. Floyd Naylor, Mr. and Mrs. M. Crotts, Mrs. W. H. Dodd, Mr. and Mrs. J. H. Markham, Mr. and Mrs. Wade Smith, Mr. and Mrs. Grover Hendricks, Mr. and Mrs. Will Keller and Mr. and Mrs. Buck Keller, Mr. and Mrs. C. R. Horn and Mr. and Mrs. Bill Howard.

Nearly 2,000 persons were killed in grade crossing accidents last year.

**SYRIAN SITUATION GROWS TENSE**

FEARS OF A GENERAL CLASH in the French-Syrian crisis were being expressed following the spread of street fighting from Hama, the Arab center, to Homs (1), where several outbreaks of violence were reported. Sandbags were thrown up around public buildings in Damascus, and Cairo reports indicated that sections of Aleppo had been evacuated. As guarantors of Lebanon (2), the British are active in movements aimed at solving the difficult situation. The San Francisco Conference is showing concern over the spread of the trouble.

To timber owners: the problem of producing enough crates and boxes to ship war supplies has mounted since V-E Day. The annual convention of the North Carolina Association of Real Estate Boards will be held at Durham on October 12-13.

**DAVIE BOY GETS AWARD**

An Eighth Air Force Bomber Station, England—Sgt. Norman A. Snyder of Mocksville, has received the Air Medal from Lieut. Col. Robert F. Hambaugh, squadron commander.

Sergeant Snyder, who is a radio operator on a B-24 Liberator heavy bomber, was cited for meritorious achievement in accomplishing with distinction numerous operational missions over enemy occupied Europe. The citation accompanying his award read in part: "The courage, coolness and skill displayed by Sergeant Snyder upon these occasions reflects great credit upon himself and the armed forces of the United States."

Before entering the service, he was employed as an aircraft mechanic at the Glenn L. Martin company, Baltimore, Md. He is the 23 year old son of Mr. and Mrs. John A. Snyder, 48 Davie St., Cooleemee, N. C.; and his wife, Mrs. Dorothy Snyder, lives at Mocksville, North Carolina. He is a graduate of Cooleemee High school. Three brothers, John, Walter and Paul Snyder, are serving with the infantry, U. S. armed forces.

**From where I sit... by Joe Marsh**

**America and her "Underground"**

We were sitting around after chores the other night talking about the progress of the war. Chad Davis was saying how, in spite of Germany's defeat, there was still the German underground to cope with.

"I don't worry about them," says Sober Hoskins. "So long as we got our own underground in working order."

"What do you mean—our underground?" says Chad. And Sober points out to the fields. "There it is," he says, "under that soil lies the most important

weapon that we've got. American crops—from American fields—strengthening our position overseas in a way no other underground can shake."

From where I sit, Chad's absolutely right. Whether it's for the glass of beer that cheers a tired soldier's spirits, or the bread that feeds our armies and our allies, every bit of grain that American farmers harvest is a part of America's great strength.

**NUTRITION SURVEY COMPLETED IN DAVIE COUNTY SCHOOLS**

A survey of food habits of the children in the Davie county schools has recently been completed by health educators from the Forsyth - Davie - Stokes - Yadkin county health department. The survey and nutrition program was done by Miss Kay McNevin and Miss Ruth Brossman under the direction of Miss Maribelle Guin.

Included in the survey were 1069 children from the Davie county schools. The children of the first and second grades were included in the instructional program but were not included in the study of diet habits.

The results of the survey point out some outstanding deficiencies in the diet of the children.

Nearly two-thirds of the children do not drink sufficient milk and over half of those surveyed eat little or no butter. This lack of milk and butter is a serious deficiency since milk products are most necessary to the development of teeth and bones and to the general good health of growing children. Milk and butter both contain Vitamin A which has been found to be essential to healthy eyes, a most important factor in the life of the school child. It is interesting to note that Davie county is a milk producing area but for some reason 64 per cent of the children do not drink sufficient milk.

The lack of vegetables and

fruits in meals may be due partly to the season. Later in the summer as gardens progress it is likely that the deficiencies in this respect will be improved.

At the time the survey was made 61 per cent of the children were not getting enough vegetables and 79 per cent were not getting enough fruits. Most noticeable is the lack of yellow and green vegetables such as sweet potatoes, carrots, greens, and raw vegetables and fruits. These foods are important because of their high content of vitamins and minerals which are necessary for the body to maintain vigorous health and be able to resist diseases.

Another factor revealed by the survey shows that 75 per cent of the children eat no whole grain cereals or brown bread. Nutritionists and food experts in the United States agree that the use of brown bread and brown cereals is most important.

The findings of the survey indicate a very definite need for a continuous program of nutrition teaching in the schools of Davie county. There is undoubtedly a very high correlation between the diet of the children as found in this survey of food habits and in the health condition of the school children as revealed in the physical examinations of the children earlier in the year.

Parents are urged to give more attention to the diet and food habits of the children through the summer months. Fresh fruits and vegetables are abundant from home gardens and milk and butter along with eggs and a reasonable amount of meat is available to most homes. Whole grain cereals should be abundant in Davie county to most children. It is expected that a re-survey will be made during the next school year and it is believed that if parents will attend to the food habits of their children that considerable improvement will be noted by the opening of the next school year.

The county health department has been most cooperative in the valuable aid rendered to the schools during the current year, it was stated by County Superintendent Charles C. Erwin in discussing the findings of the food and health habits of the children in the Davie county schools.

**NEWS OF FARM CONSERVATION**

By G. W. McCLELLAN

On May 15 3.8 inches of rain fell in Mocksville and apparently this amount fell in a good portion of the county.

For each inch of water that falls on an acre of ground there are 113 tons of water per acre. On this basis, there were 406.8 tons of water. Any thinking person can easily get an idea as to the destructiveness of this large quantity of water leaving a field without protective measures.

Many fields now have gullies in them that had none a week before. Various fields are victims of severe sheet erosion. Roads were severely damaged also.

The Soil Conservation Service is proud of the progress made towards erosion control in this county especially under war time conditions. Yet, there is only a small part of conservation practices of that needed in this county.

Some farmers have been improperly informed as to assistance being offered towards controlling erosion through the assistance of the Middle Yadkin District represented by 5 farmers in this and the four adjoining counties. J. G. Crawford represents Davie county in this important work.

Mr. Crawford, or George Hobson, local county agent, or the writer will be glad to give Davie county farmers proper information as to the assistance farmers may receive by letting their interest be known.

**Vacation at Home!**

Travel restrictions are still in force to conserve transportation facilities for war needs. The O. D. T. urges an "At-Home - Vacation" again this year.

Why not put your money in War Bonds and relax at home this vacation?

**AGAIN THIS SUMMER ... HE ASKS:**

*"Is your trip necessary?"*

**THE BOSS**

He's pretty young to be running things... but that's what he's doing these days!

Everybody's working for him. You are. We are.

For him, the officers and employees of the Southern Railway clear the tracks for troop trains speeding to war destinations.

For him, we peak fast freights through on record-breaking schedules.

For him, we keep locomotives and cars and track in tip-top shape.

Yes... our No. 1 job today is to help feed and clothe and arm and transport America's fighting forces.

And the fifty thousand men and women of the Southern Railway System are proudly doing this job. Doing it right, too... for we know what "The Boss" is doing for us.

In appreciation, we're giving him first call on all the equipment and services of the Southern.

In appreciation, we're putting everything we have—all our skill and determination and energy—into the job of keeping the wheels rolling under the heaviest, most important transportation load in all the long history of the Southern.

And that's the way it's going to be until "The Boss" comes marching home!

**SOUTHERN RAILWAY SYSTEM**

*This advertisement of the Southern Railway System appeared in Southern newspapers in August, 1943.*

"The Boss" is traveling fast and far this summer.

Millions of service men and women, their job in Europe finished, are hurrying halfway around the globe to join in the final assault against the Japs.

It's the greatest mass transportation job in history—one that is taxing to the limit all of our transportation facilities.

That's why "The Boss," the fighting man from your home or your neighborhood, asks

you not to travel unless your trip is necessary.

Spend that summer vacation at home or nearby.

Give up week-end pleasure jaunts until the transportation crisis is passed.

We know you'll cooperate gladly, cheerfully... just as we will do... because it's "The Boss" who needs our help.

### SUBSCRIPTION RATES:

\$2.00 Per Year Inside of Davie County—\$2.50 Per Year Outside of Davie County. Strictly Payable in Advance.

Entered at the Post Office at Mocksville, N. C., as Second-Class Matter Under Act of Congress of March 8, 1879.

## FREEZER LOCKER PLANT FOR DAVIE

One of the needs of this county is a small freezer plant. Such a plant would enable the farmers and those who live in town to save much food, particularly meat.

Of course the war, rationing and shortage of meats have emphasized the importance of freezing food. Yet those who grow their own food have long felt the need of some method of keeping it. Canning works well for vegetables and fruits and for some type of meat. But freezing is another advancement which has come and one which is welcome by the housewife, to say nothing of the man who must provide the food.

The Mocksville Rotary club has endorsed the idea of a freezer locker plant here. Those using the lockers would get enough space to store about 300 pounds for a rental of \$12 to \$15 a year. Thus a farm family could kill a young beef, store it in the freezer locker and use it as they need it during the year. In addition all other kinds of meat can be frozen, as well as fresh vegetables from the garden and various fruits.

## HANES GIFT OF ORGAN

All of the churches of Davie county have long had a need of a modern organ. The local Methodist congregation has been the first to have its dream come true. It was through the gift of \$2,000 by P. Frank Hanes for an organ.

Mr. Hanes presented the organ to the church in memory of his parents, the late Mr. and Mrs. Philip Hanes who were members of the church. We can think of nothing he could have done with this sum of money that is a more fitting tribute to his parents and at the same time bring constant joy to many people. Sacred music played on an organ strikes a chord in the human breast that surpasses the most eloquent and gifted tongue.

## JUNIOR LEGION BASEBALL

We hope the people of Davie will give the Junior American Legion baseball team their support by attending all of the home games which will be played in the park at Cooleemee. Many of us grew up to love baseball as we played in every available lot and pasture. It was a great joy of boyhood and young manhood that followed us into the mellowing years.

Dr. Mason, coach of the team, tells us that he has some excellent young players and we keenly anticipate the pleasure of seeing them in action. Incidentally, Davie has produced some noteworthy ball players, a number of whom played in the major leagues.

One of the finest topics of conversation for the older is to rehash the times they had when they were youngsters playing baseball.

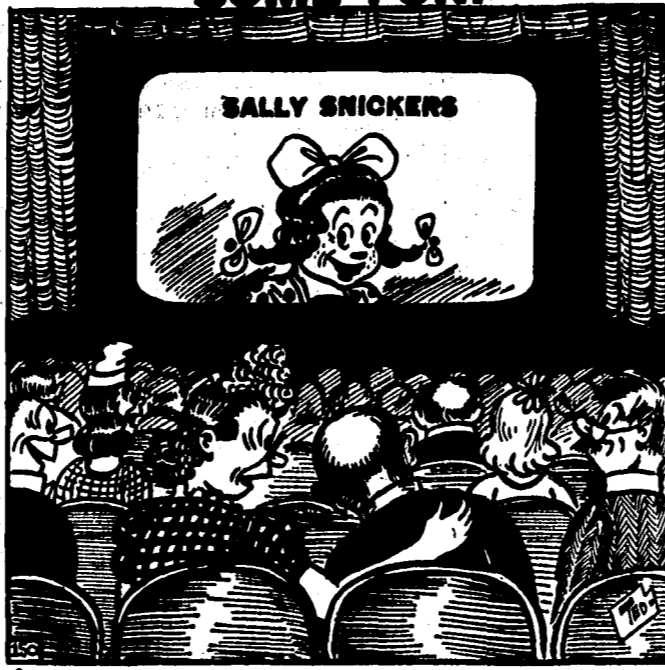

Next to playing, there is not much better fun than watching a ball game, particularly when the players are boys from the old home town.

## OLD TRICKS

Part of Hitler's technique in winning support of his plans was to hold up Russian Communism as the one great enemy of the world. But when he gained power he stood out in his real aim as a world conqueror. He tried many times to divide the Allies, and in his last days he made a last desperate effort. The Germans who rushed to surrender to the Americans were sure that it would cause a split between the United States and Russia. But all his efforts failed.

But now we have some Americans who may succeed in doing what Hitler failed to do. There are Nazi sympathizers and other disgruntled persons whose personal spite make them speak and write of Russia in a manner to offend those people. In our opinion Mr. Molotov was the outstanding figure at the San Francisco conference, yet because of his inability to speak English and his seeming lack of friendliness, drew a lot of unpleasant comments from commentators who set themselves up as the fountains of wisdom to whom all statesmen should come. Russia would like to be friendly; Russia has taken a more realistic attitude towards the war and towards the peace than we have as yet done. Russia, we sincerely believe, would not care to provoke a war with America, but if our commentators continue to offend Russia she may feel it necessary to defend her honor. Our danger is not that Russia will attack us, but that some of our smart-alecky commentators may provoke a war.

## G. H. Spry, Jr. Is At U-Boat Surrender

Londonderry, Northern Ireland, May 14 (Delayed)—G. H. Spry, Jr., seaman first class, of Cooleemee, was on the destroyer escort USS Robert I. Paine when she represented the U. S. Navy at the formal surrender of eight German U-Boats here today.

This was the first multiple surrender of the undersea raiders, which earlier had given up and been dismantled at a base in the north of Scotland. The U-Boats had been taken over by an escort of surface and air units which had long specialized in sub-hunting. Manning each U-boat was a skeleton crew of Germans, guarded by British naval officers and men. Each U-boat flew the white ensign of the Royal Navy.

American sailors and marines, personnel of the Naval radio station at Londonderry, were lined up on the jetty with representatives of British forces as the U-boats came in. Leading the naval parade was the British destroyer HMS Hesperus, followed by the Canadian frigate HMCS Thorford Mines and the Paine.

Then came the U-boats, seven of them 500 tons, the eighth, 750 tons, was as rusty and battle scarred as their crews were unkempt and dirty. The Germans, all of whom appeared to be less than 25 years old, looked healthy and well-fed. Some were sulky, in some cocky, but most tried to look indifferent.

The nutritive value of all grades of eggs is identical.

## Watch Corn Plants For Hunger Signs

Watch corn plants carefully this summer, and when the leaves start turning yellow and brown along the midrib with the edges remaining green, it's time to take action, says Dr. E. R. Collins, in charge of Agronomy work at State College. He advises applying 100 to 200 pounds per acre of some nitrogen side dressing material to a few rows when this condition is noted.

Then when the leaves start turning yellow and brown along the tip and edges, with the midrib remaining green, apply 75 to 100 pounds of muriate of potash per acre to a few rows. Do not, however, expect conditions to change until a rain dissolves the sidedressing material down into the root zone.

If the corn stalk and leaves are purple, this indicates a phosphate deficiency and more phosphate should be used in the fertilizer next year. Late sidedressings of phosphate have not been found as effective as applications made in the fertilizer at planting time.

By observing and correcting these hunger signs, corn yields will be increased, but adding the needed plant food can be made ineffective by cutting off the roots with deep cultivation. This robs the plant of its only means of obtaining food and water. In cultivating corn, Dr. Collins recommends digging deep to find out where the roots are and then cultivating shallow enough to avoid injury to them.

## A JOKE A DAY

**Good Reason**  
First Patient: "Why, sure it's rest hour."  
Second Patient: "How do you know; did you hear a whistle?"  
First Patient: "No, but I hear a lawn mower."

"The old army discipline can sure work wonders with the women."

"How do you figure that?"  
"Well, after my wife joined the WAC's she wore the same hat for two years."

**The Effects**  
"I just met your friend Phil Topper, and he had a pinched look."  
"What was wrong?"  
"Oh, he was walking between two policemen."

**Ain't It So**  
"Who are those people who are cheering?" asked the recruit on the train.  
"Those," replied the veteran, "are the people who are not going."

**New Tune**  
Hostess: "Did that rude husband of mine ask you not to play?"  
Musical Guest: "Oh, no, Mrs. Jones, he only asked me not to play a certain tune."

Hostess: "What was it he said?"  
Guest: "He said not to play 'For the Love of Pete.'"

**Mind Your Own Business**  
A robber was holding up passengers on a Pullman car.  
"Out with your dough, or I'll kill the men and molest the women," he shouted.

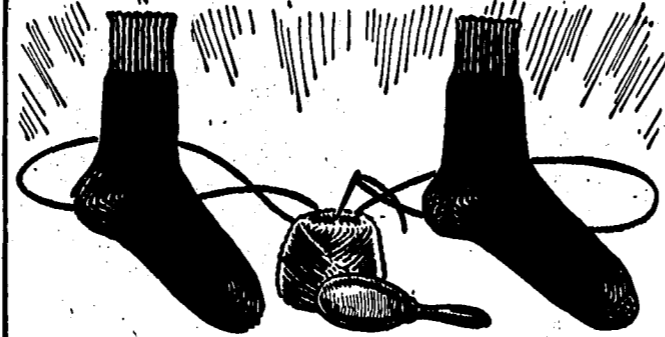

An elderly man said indignantly: "You shall not touch the ladies."  
Just then an old maid in an upper berth yelled out, "You leave him alone—HE'S robbing this train."

**In Vain**  
Papa — I've been thinking it over, dear, and have decided I might as well agree with you.  
Mama—It won't do you any good. I've changed my mind now.

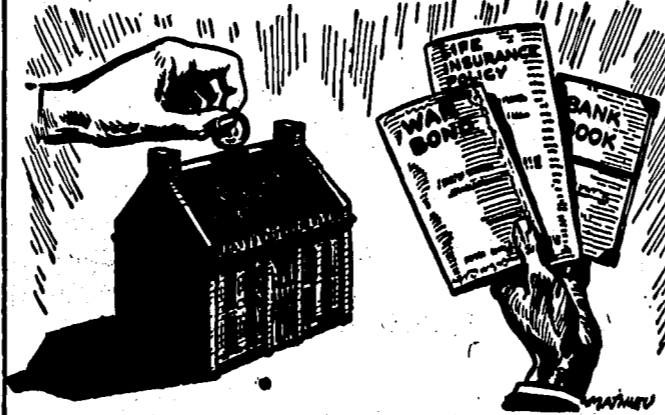

Teacher: "If a number of cattle is called a herd, and a number of sheep is called a flock, what would a number of camels be called?"  
Little Johnny: "A carton."

## WAR NEWS

### CONSUMER PROSPECTS

Household articles to be produced in the coming months, as manpower and materials become available, are the following: table flatware and hollow ware; aluminum cooking utensils and kitchen ware; water heaters; enamelware, including pails, buckets, tubs, infants' bathtubs, dish pans and cooking ware; carpet sweepers, hand clothes wringers, can openers, garment hangers; such items containing metal as bread boxes, canister sets, dust pans and wash boards. . . WPB may permit limited production of sewing machines in the near future. . . A slight improvement in the supply of wash tubs and wash boilers is noted. . . Production of domestic oil burners is being retarded only because of lack of manpower and materials. . . No great increase in the quantity of farm machinery can be expected for several months because of the time required to step up production, reports WPB. . . The reason more tractors are not going to farmers and loggers despite the high production level is that shipments are going to the Army and Navy. . . Restrictions on motorcycle production have been lifted.

### CONSTRUCTION LIMITATIONS LIFTED

Construction work on certain types of buildings is permitted without WPB authorization if the total cost of work on a unit in one year is not greater than amounts specified, according to an amended limitations order from those formerly established and cost ceilings have been raised to approximately five times the former amounts. Types of buildings and cost limits follow: (1) One-family house, including a farmhouse, \$1,000; two-family house, \$2,000; three-family house, \$3,000; four-family house, \$4,000; and five-family house, \$5,000. These limits apply to repair and maintenance work as well as to alterations and new construction. (2) Farm construction, exclusive of farmhouses, \$1,000. (3) An irrigation or drainage system serving more than one farm, \$1,000.

### JUNE MEAT RATIONING

The point value of practically all meats, fats and oils will remain unchanged for the June rationing period ending Saturday, June 30, Price Administrator Chester Bowles announced. Fatback, clear and regular plates were increased 3 points, making the new value 8 points a pound; bacon (plate) was upped 3 points to 8 points a pound, and pork sides, aged and dry-cured, were increased one point making the value 9 points a pound. All other pork cuts, beef, veal, lamb and mutton, and all Koshered meat point values are unchanged. The weekly supplies of meats available for civilians during June will be about 7 per cent less than in May, Mr. Bowles added.

### MORE CANNING EQUIPMENT

Home canning equipment will be adequate this year for the housewife who plan to can, preserve and pickle the produce of her victory garden and the still uncertain 1945 fruit crop. The war production board announced that there will be more pressure canners this year than at any time since the beginning of the war and that in addition there will be a sufficient quantity of ball mason jars, closures, rubber rings and a considerable supply of tin cans. Cold pack cookers of metal also will be available in quantity. Limitations in canning this year may be due to the supply of fruit and sugar more than to containers, it now appears. The war food administration, however, will provide information on canning food without sugar. It is still too early to know the size of the fruit crop in all sections of the country, but the Dept. of Agriculture estimates that fruit, other than citrus fruits and apples, will be about 84 per cent of last year's crop. Housewives, by careful planning, will be able to provide their families, minimum winter needs, it is believed. Canning sugar for home use has been limited by OPA to a maximum of 15 pounds per person. Not more than eight persons to a family may obtain this maximum.

### CEILING PRICES FOR EARLY APPLES

Country shipping point ceilings for early apples of the 1945 crop have been increased by 68 cents per bushel (from \$2.85 to \$3.53), OPA announced. Under this action, retail ceilings for early apples will be increased by about a cent and a half a pound, OPA said. The increase, effective for the period from May 29 through June 20, 1945, is mandatory under the Stabilization Act, which provides for ceiling increases when yields are substantially reduced by adverse growing conditions. Storage apples of the 1944 crop are not included in this action, OPA added.

### SLAUGHTERERS MUST SURRENDER RATION POINTS

Class two commercial meat slaughterers in Davie who did not surrender any of the required ration currency during any three accounting periods, whether or not the periods were consecutive, since January 1, 1944 face non-issuance or cancellation of any quota bases under a change of provisions in the meat control program, OPA District Director L. W. Driscoll in Charlotte said today.

For those who surrendered only a part of the required ration points the change provides for a reduced quota basis, and there is also a provision of cancellation of quotas on meats custom slaughtered where the required payment of ration points was not paid to the custom slaughterer during any three similar accounting periods, he pointed out.

## Miss Clara Haneline Bride of J. C. Eggleston

The marriage of Miss Clara Haneline and James Curtis Eggleston was solemnized at Hopewell Moravian church, Sunday evening at 8 o'clock with Rev. J. P. Crouch, pastor of Hopewell and Pine Chapel Moravian churches, officiating, using the double ring ceremony.

Mrs. Mae Lib Sink of Midway presented a program of nuptial music, and the candles were lighted by Kay Stults and Verge Nifong.

The bride was given in marriage by her father, R. H. Haneline and was met at the altar by the bridegroom attended by Arthur Everhart as best man.

Kay Stults, Verge Nifong, Denver White and James Whitliff served as ushers.

Miss Helen Stults was maid of honor, and bridesmaids were Miss Betty Sue Irvin, Miss Wilma Pope, Miss Mildred White and Mrs. Raeford Sink, Flower girl was Wilma Everhart, and Dallas Gray Robinson was ring bearer.

The bride's wedding gown of white net over satin was fashioned with a long fitted bodice of lace with modified sweetheart neckline, three-quarter length sleeves and a full skirt. Her finger-tip veil of illusion was caught by a tiara of seed pearls, and she carried an arm bouquet of white mixed flowers tied with white ribbon showered with forget-me-nots. Her only ornament was a string of pearls, gift of the bridegroom.

Mrs. Eggleston is the daughter of R. H. Haneline and the late Mrs. Haneline of Mocksville. She was graduated from Mocksville High school and was formerly employed by R. J. Reynolds Tobacco company, Winston-Salem.

Mr. Eggleston is the son of Mrs. N. B. Eggleston and the late Mr. Eggleston of Lexington. He was graduated from Lexington High school and is now employed by the Lexington Drug company, where the couple will make their home.

Following the wedding rehearsal, Saturday evening, Mrs. F. O. Stults, assisted by Mrs. Koyt Shields and Mrs. Raeford Sink, entertained the bridal couple at the home of the former. Guests included members of the wedding party and immediate families.

The REA has made a loan allotment of \$885,000 to the Albemarle Electric Membership Corporation of Hentford county.

## Haw-Haw Taken

VITUPERATIVE - TONGUED William Joyce, known to the British radio audience as "Lord Haw-Haw" for his harangues from Germany over the air waves, has been captured by British 2nd Army officers. It was disclosed that he became a German citizen some time ago and this fact makes it possible that he may not be tried as traitor.

Last year's pig crop was down 34 per cent from the year before. Since pork accounts for about 50 per cent of the meat supply, no wonder there's a shortage.

During the MIGHTY SEVENTH WAR LOAN

WHERE HERMANN SOAKED IN STYLE

A GLIMPSE AT THIS PICTURE may make these meatless days pass a bit more easily, for here prime cattle and hogs are shown arriving at a point where the fighting men will be certain to get a steak or a chop. From a Liberty ship lying off Guam, the meat—as well as a shipment of dairy cows—is being transferred on the hoof to an LCT for men on the battlefields and in the hospitals. Official N. S. Navy photo.

Soaking pans and dishes saves time and cold water is recommended. Don't let iron utensils rust.

FARM QUESTIONS ARE ANSWERED

Q. Where can I get a wet bulb thermometer to use along with my regular thermometer in curing tobacco?

A. These hygrometers may be difficult to obtain at this time. A postcard to E. G. Moss of the Tobacco Branch Experiment Station at Oxford will bring you the names of some companies to whom you may write for this instrument.

Q. What is the status of rural electrification in North Carolina?

A. At last reports, the public utilities had 15,907 miles of line at a cost of \$16,498,730 serving 109,183 customers. Certain municipalities had invested \$1,833,880 to serve 13,612 customers with 2,123 miles of line, REA cooperatives have 12,268 miles of line for 40,349 customers and the cost is \$15,227,721. There are 28 REA cooperative systems in the state. Prof. David S. Weaver, head of the Agricultural Engineering Department at State College predicts a rapid expansion of rural electrification facilities in the future.

Q. How is the best way to keep feed in the brooder house?

A. T. T. Brown, Extension poultry specialist at State College, says that he does not keep his feed in the brooder house. If it must be kept there, it should be placed up off the floor, either concrete or wood, and not in contact with the litter, regardless of how dry it may appear to be, even a small amount of moisture may cause the feed at the bottom of the bag to mould. Recently Brown visited a 4-H club boy who had been feeding some slightly moulded feed. He lost 70 chicks out of 100 in 3 days.

The Country Gentleman has bought space in 223 Sunday newspapers to assist in farm labor recruitment. Circulation of these papers runs about 32 million.

## \$100,000 PAY HIKE FOR ERWIN MILLS; PLANT CLOSES A WEEK

It is understood that the Erwin Cotton Mills of Cooleemee is among the 321 southern plants which have been allowed by the War Labor Board to grant increases of five cents an hour to production employees. It is understood that this wage hike will amount to around \$100,000 for the Cooleemee plant, since the increase is retroactive to last October 1.

The mill has in force a vacation plan and employees of Cooleemee will get a week's vacation with pay, beginning July 2, when the production facilities of the plant will be closed for that week.

## DAVIE COUNTY TAX RATE RAISED 10 CENTS FOR YEAR 1945-46

Davie county commissioners have increased the 1945-46 county tax rate 10 cents per \$100 valuation. The new rate will be 78 cents against the present rate of 68 cents.

R. P. Martin, chairman of the board, stated that the increased rate was necessary for three main purposes:

One is to provide \$4,100 for the Davie County Training School. The state board of health condemned the spring from which water is being secured and ordered the county board of education to install a modern disposal system to keep down disease. The county superintendent of education asked the board to appropriate \$4,100 for toilet facilities, septic tank, filter bed and additional land which will provide a right of way for sewer disposal and include a building for more class rooms.

The second was to provide funds to pay the authorized increase in the salaries of county officials, funds for the county health department and for the county library.

The third was to provide a surplus for post-war school buildings and a much-needed addition to the county courthouse, Mr. Martin said.

The breakdown of the tax rate compared with the present one is: debt service, 27 cents against 23 cents; general fund, 15 cents against present 15 cents; Social Security and Poor Fund, 19.5 cents against present 19 cents; School fund, 16.5 cents against present 11 cents.

**CURTIS PRICE**  
Curtis Price, above, of Ellettsboro is the new superintendent of Davie county schools. He assumes his new duties July 1. Mr. Price was here this week searching for a place to live.

## ROTARIANS HEAR REV. MR. BOWLES

Using as his theme the phrase, "Your Signature," Rev. Charles P. Bowles, pastor of Broad Street Methodist church of Statesville, outlined to members of the local Rotary club at their Tuesday meeting how as individuals and as a group they left imprint for good or evil.

"Inevitably and each day each person leaves their 'signature' upon other individuals and the community in which they live," the speaker asserted. "That signature can be one of grace and kindness or one which will leave an ugly scar that it will take years to heal."

Threading his discourse with illustrations from the life of John Ruskin and Lord Byron, the Reverend Mr. Bowles spoke of the influence of parents on children, of teachers on pupils and told how the names or "signatures" of individuals become woven into the structure of the lives of others long before death calls. He used the illustration of Stradivarius violin which is unmarked save by its unequalled tonal quality and the beauty of a rainbow and nature as the handwork of the Lord.

The speaker suggested that the local Rotary club could leave its "signature" on the community by furthering local projects which would enrich the lives of local citizens, rather than meeting each week for fellowship and food.

Dr. J. E. Pritchard had charge of the program and presented the speaker. The former also announced that Rev. Mr. Bowles would hold a revival at the local Methodist church this summer.

## HERE & THERE

### PRESBYTERIAN AUXILIARY

## WAR VETS MAY GET FREE HELP FROM F. R. LEAGANS, SERVICE OFFICER

### Service Officer

**FRED R. LEAGANS**

Fred R. Leagans, who has the distinction of holding the office of Post Service Officer for both the American Legion and Veterans of Foreign Wars Posts in this county, has been elected County Service Officer by both the veterans organizations in a joint meeting. Mr. Leagans' endorsement has been approved by the board of county commissioners and an appropriation for part time salary and expenses for the ensuing fiscal year has been set aside by the commissioners. This will allow the service officer a small compensation for his work and take care of the necessary office expense which has heretofore been borne by him.

With the office on a part time salary basis the service facilities available for veterans and their families and dependents will be greatly enlarged and will be free to the veterans. A committee appeared before the board of commissioners and pointed out the great necessity of a salaried Service Office facilities due to the increased number of service men and their families who are in need of assistance. The county budget had already been made up and funds are not yet available for a full time salaried office but it is hoped that later the office may be put on a full time basis.

Any veteran of any war or his or her dependents or families who may be in need of assistance or advice concerning Veterans benefits under the G. I. Bill of Rights and other Veterans Laws and Regulations may contact Mr. Leagans at his office in the Mocksville Hardware Building.

Mr. Leagans has been Service Officer of the American Legion Post 12 years and of the Veterans of Foreign Wars since it was organized here, in February, 1945. He served overseas with the First division for 30 months during World War I as a sergeant of Infantry and was awarded the Silver Star, French Croix De Guerre, Purple Heart, Victory Medal with six Bronze Stars, Mexican Border and German Occupation Medals.

## Bible School Going Well

The Daily Vacation Bible school, sponsored by the Presbyterian and Methodist churches and being held at the Methodist church, got off to a good start Monday morning and will continue for two weeks. Miss Elizabeth McConnell of Charlotte is the general superintendent. Several last minute changes in the workers were made.

As of Tuesday morning the lineup was as follows: Supt. of Beginners Dept.: Miss Gusie Johnson with Louise Foster, Lettelle Jean Foster, Germaine Wellman as assistants. Primary Dept.: Mrs. Paul Blackwelder, Supt., with Carol Johnstone, Pauline Daniel and Josephine Hartman as assistants. Junior Dept.: Mrs. Knox Johnstone, Supt., with Peggie Graham and Louise Foster as assistants. The enrollment on Monday morning was 64 but by Tuesday morning it was 63.

## RATION BOARD WILL REISSUE HOME CANNING SUGAR JUNE 19

The local rationing board will start reissuing canning sugar coupons on June 19. Issuance will be through the mail and individuals are asked not to come to the local office for them.

Coupons will be issued on the basis of five pounds per person, it is stated, and that will be the entire ration.

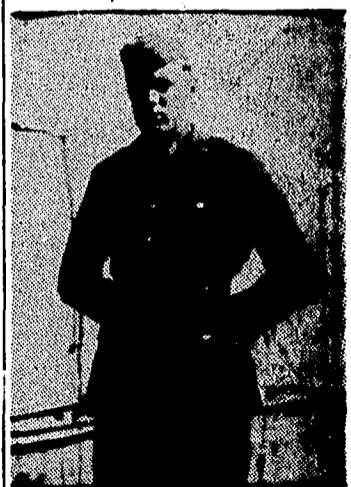

It was explained that the local ration board, unlike some other

board which did not follow instructions, had not issued 15 pounds per person. Those boards which did issue the 15 pounds are now being forced to ask citizens to return the ration above five pounds so that others in the community will not be forced to go without any at all.

It was further explained that the War Food Administration

## Killed in Action

**S.-SGT. G. L. (BUCK) PACK**  
Mr. and Mrs. G. A. Pack who live near Fork have been notified that their son, Staff Sgt. Garland L. (Buck) Pack, was killed in action. He was in the Pacific and had been in service for three years. The parents are expecting a letter with more details. He was killed sometime in April, it was stated.

## CAPTAIN SPEER WRITES ABOUT HITLER'S PALACE

Yadkin county people who know Capt. James "Red" Speer also know that the army isn't all drudgery or a dead number to Captain Speer, regardless of how other officers and enlisted men think of the life. In civilian life, Captain Speer was one of the most popular members of the younger set of Yadkin county, and liked anything that there was fun in, and he usually could find something entertaining about almost anything.

In early fall of 1941 Captain Speer answered the call of his country and entered service. He received training at Fort Jackson, S. C., at Fort Sill, Okla., and other places and then entered officer candidate school, graduating as second lieutenant. About a year ago he was shipped overseas with a heavy artillery unit and took part in the battle of Germany. When the war was over he was around, as commander of a group of 185 men, and he and his men were quartered in Hitler's private home at the top of a high mountain at Berchtesgaden in southern Germany. Captain Speer wrote his parents about his quarters and he said that he was occupying Hitler's private quarters, using the guest room where Hitler put up his "lady" friends. So one can imagine the fun Captain Speer is getting out of army life, along with all the sacrifice and self-denial he has experienced.

Allocations of potash for industrial use will be cut about 10 per cent and this means that agriculture will get slightly more. Sulphate of potash continues to be in short supply.

# Germany's Defeat Proved It Was Worth the Bombing

Between the start of the war in Europe and the total defeat of Germany, the Allies dropped almost 2,500,000 tons of bombs on German and German-held areas.

*Think of it—2½ million tons—not pounds.*

What was the result? We knocked out her factories. Destroyed her cities. Wrecked her railway system. Blasted her submarine pens, docks and harbors. Slowed up her transport.

Our intensive bombing paved the way for ground occupation by our troops. Our "saturation" bombing brought defeat to Germany in the shortest possible time.

*How much did it cost? At \$1 a pound, we dropped almost \$5,000,000,000—five billion dollars—worth of bombs.*

Was it worth it? Ask any soldier who found his objective "softened" by bombing.

Ask any strategist why the Ardennes breakthrough failed—he'll tell you that Germany couldn't keep her troops supplied because of our intensive and thorough bombing of all lines of communication.

*These bombs were bought with War Bond money—money furnished by you in the 1st, 2nd, 3rd, 4th, 5th and 6th War Loans.*

Now we're faced with the same destructive bombing of Japan. Not mere 500-plane or 1,000-plane raids—but with the 3,000-and-more-plane raids that blasted Germany. Millions more tons of bombs have to be dropped on Japan before our D-Day on the Japanese coastline.

*That's just one reason for the Seventh War Loan. That's just one reason why we must turn our dollars into fighting dollars—right now. One very definite reason why we must BUY MORE BONDS FOR MORE BOMBS—to hasten Japan's utter and everlasting defeat.*

**NEWS OF FARM CONSERVATION**

By G. W. McCLELLAN  
N. B. Dyson, near Center is sowing 3 acres of sericea lespedeza on some steep eroded land that has been a problem to keep from washing away. This plant will practically control erosion, entirely, making grazing hay or seed.  
Mr. Dyson is also making preparations to sow around 3 acres of alfalfa this fall using the latest recommendations.  
Norman Rummage, 3 miles northwest of Mocksville is planning to seed around 10 acres to sericea now soon. He is using toll seed he got off the Galtner property, managed by E. C. Morris. The value of the seed from approximately 4 acres of abandoned land was \$212.78.  
Rike Wilson 3 miles west of Mocksville has some master rows for tobacco that he likes well. These rows were staked by the Soil Conservation Service.  
T. A. Rice, near North Creek Church, did some terracing with a team plow and drag this spring. He is highly pleased with his terraces as there has been two severe rain storms in that section. None of Mr. Rice's terraces broke and he considers them to have been valuable in lessening erosion on his field.  
Robert and Clay Foster near County Line have been ditching wet land with dynamite. It is remarkable as to how quick and easy they have been making

THE ENEMY AND THE AVENGER

The nature of the enemy which we engaged in Germany, is a well established fact. The atrocities committed by the Nazi is too well proven to be denied, and the vast majority of the German people knew and approved what was happening. By every standard of justice those people should be punished for their terrible crimes. It was not by accident, nor merely the conditions of war which caused the Germans to commit those crimes; they were deliberate, and a part of their philosophy.

We have a number of people who were Nazi sympathizers before the war, and they are Nazi sympathizers still. They are going ahead with Nazi propaganda, in an endeavor to make a soft peace for Germany. They, of all people, are asking for mercy for the Germans? Those people didn't seem to care much about mercy for our boys on battlefields, and in German prison camps. Those people didn't seem to care much about mercy for our boys on battlefields, and in German prison camps. Those people are trying to turn attention from the Germans by loud warnings of the dangers of Communism. They are doing their best to create distrust of Russia, and endeavoring to separate the Allies. We would ask our readers to investigate every printed or spoken plea for giving the Germans an easy peace; look into every attempt to create friction with Russia. Some of the people may be misguided; some of them are deliberately trying to help Germany escape the punishment for her crimes, and helping her to make a sucker out of Uncle Sam.

LAMB MARKET TO OPEN SOON

The lamb market in North Wilkesboro will open in the next few weeks. This means that at last North Carolina will have a good market for spring lambs. A car load of early lambs from eastern North Carolina were sold two weeks ago at Tarboro for \$16 per hundred. This means that the lambs averaged about \$12 to \$14 per head. Farmers in the sheep business say there is more profit in sheep than any other kind of livestock for the investment and amount of work it takes to put lambs on the market.

We now have several small flocks of sheep in the county. From these few flocks we will probably sell over \$100 of wool and \$500 in lambs. Total investment in these few flocks is less than \$400.

There is a place on many farms in the county for a small flock of sheep. Returns are good and you can start with a small investment.

Anyone interested in a larger income from the farm should consider the advantage of a small flock of sheep.

Mary Louise Gales Is Honored

Mrs. Lawrence Miller and Mrs. W. S. Gales were hostesses at a party given at the home of Mrs. Gales Saturday night in honor of her daughter, Mary Louise Gales, bride-elect. The living room was beautifully decorated with roses and mixed flowers. Games and contests were enjoyed throughout the evening. Prize winners were Mrs. Ralph Penley, Mrs. James Trexler and Mrs. C. E. Vogler, Jr. Refreshments were served by

the hostesses to the following: Misses Dolly Spry, Jene Hellard, Margie Canupp, Dairis Shoaf, Grace Osborn, Nell Ridenhour, Mildred Chappel, Ethel Spry, Martha Allen, Reba Sanders and Colene Myers.

Mesdames Paul Williams, Harry Carter, Baxter Carter, George Goodman, Calvin Howard, James Trexler, Wallace Benson, Bud Ellis, C. E. Vogler, Jr.

The out-of-town guests included Mrs. Ralph Penley, Mrs. Ralph Penley, Jr., Mrs. H. L. Mangum, Jr., all of Salisbury. Miss Gales received many gifts.

New Requirements On Cotton Sampling

A new requirement for cotton sampling under the terms of the Smith-Dokey Act is that the ginners who submit samples must be bonded and the samples taken must be cut from the bale.

Dan F. Holler, Extension cotton marketing specialist at State College says that the free classification of cotton by the Government office at Raleigh, giving the farmer the grade and staple of his cotton and also the loan value on the cotton, has been of great service in helping the grower market his cotton.

He suggests that growers consult their county agents in areas where they have not been getting this free classification service and arrange to make application for it.

"Cotton ginners have shown fine spirit of cooperation in making this excellent service available to the cotton growers in their sections and they should make arrangements to submit cut samples, where this has not been done before, and also for bonding," Holler says. "This free classification means too much to the cotton growers of North Carolina for us to take a backward step. There is an increase in the

Cost Of Producing Milk Extra High

The feed cost for producing 100 pounds of milk in North Carolina is now \$2.80, according to records of County Dairy Herd Improvement Associations. "This cost is entirely too high," says John A. Arey, in charge of Dairy Extension at State College. "High feed costs and inability to get good labor at reasonable wages have driven some of our best dairymen out of business. The situation is becoming critical."

When asked about feed costs per 100 pounds of milk in 1940, for example, he said that the Guilford Association's cost in that year was \$1.43 average for the first five months of the year, \$1.05 for the summer months, and \$1.49 for three fall months.

"These figures show that we must produce cheaper feeds, and one of the best methods of doing this is through the use of temporary grazing crops," Arey says. "The dairyman who seeded some such mixture as 2 bushels of oats, 1 bushel of barley or rye, grass, and crimson clover last fall about the first day of September and fertilized it well, will find himself in clover this spring."

"We should seed some lesser number of samples submitted for classification every year. In 1944 the number of bales sampled increased by about 50,000 and we hope that in the near future all cotton growers in North Carolina will take advantage of this service."

Produce Infertile Eggs To Save Loss

About 5 per cent of all eggs produced are lost between the nest and the breakfast table, and T. B. Brown, Extension poultryman at State College, says that a large portion of this loss can be prevented if cockerels are not kept with the laying flocks and only infertile eggs are produced.

The germ in fertile eggs begins developing when a temperature of 70 degrees is reached, according to Brown. Therefore, many of the surplus spring eggs are damaged by the heat while they are kept at home or while they are in trade channels.

Other causes of loss between the nest and the table include blood spots, bloody whites, cracks, and dirt on eggs. Brown reports, "The producer can't do much about blood spots and bloody whites but he can produce infertile eggs and provide clean houses and nests for his hens," he explains now for summer and fall grazing, and plan other grazing crops to come in when our pastures get short during the summer periods when permanent pastures are short."

With reference to permanent pastures, Arey suggests that the cows be kept off the pastures until the grass has had the opportunity of making good growth and that the pastures be not overgrazed during summer. He also suggests that pastures be mowed often enough to keep keep down weed growth and that they be well limed and fertilized.

FARM QUESTIONS ARE ANSWERED

Q. How can I poison moles?

A. Since these pests are insectivorous in their feeding habits, it is extremely hard to poison them, says L. C. Whitehead, district agent for the fish and wildlife service, with headquarters at State college. He suggests that the most satisfactory means of mole control is through the use of properly placed mole traps in the raised tunnel runways. The spear type of trap is used and the ground should be flattened for about 18 inches and the trap placed in the middle of the flattened strip in the tunnel runway. "For poisoning you might try some raisins, that have been soaked overnight, with a bit of strychnine injected into them with the point of a knife," Whitehead says. These can be dropped in the runway."

Q. What is the best method of preventing wire worm injury to tobacco plants?

A. There is no known control for wire worms, says J. Myron Maxwell, in charge of extension entomology at State college. Since the insects develop under ground, there is no satisfactory way of reaching them with an insecticide. "There is an indication that cover crops preceding, tobacco increase wire worm injury," Maxwell says. "Therefore, leaving the field fallow during the fall and winter may be expected to considerably reduce the damage from wire worms."

Q. How can I kill dandelions without injuring the grass on my lawn?

A. Recent work at the federal laboratory in Maryland has shown that a new chemical weed killer, 2-4-D, will kill dandelions without injury to the grass, according to Prof. B. W. Wells of the botany department at State college. The difficulty now is that this new material, like many others, is being held up by war developments. For the present, the best thing to do is to "spud" out the plants by cutting the tap root well below the rosette of leaves.

When eggs are dirty, bacteria and mold easily enter the egg through thin spots in the shell. Eggs should never be washed except when ready for immediate consumption. As to the keeping quality of eggs, Brown points out that clean eggs keep much better than "cleaned" eggs. If dirty eggs are to be cleaned, he recommends dry cleaning with emory cloth, sand paper, or steel wool.

Brown estimates that North Carolina farmers last year lost about 214 carloads of eggs of 600 cases each between the nest and the table and that this loss amounted to about \$1,500,000.

The fire hazard that accompanies the handling, transportation, and storage of ammonium nitrate is much the same as with nitrate of soda, say investigators.

After small grains are harvested, they should be prevented from heating by drying and should be well stored to prevent losses by rats, weevils and other insects.

Tomatoes and squash benefit from moderate but constant and never failing supply of moisture. Mulching the soil around the plants helps to conserve the moisture.

J. Y. Lassiter, Extension horticulturist of State College says that growers make more money when the produce quality products, and grade and pack them acceptably.

On The Home Front

FARMERS GET IMPROVED PRIORITIES

To assist farmers in getting necessary farm operating supplies for the current crop season, an AA-2 extendable preference rating for obtaining such supplies was given to farmers by the Office of Civilian Requirements through the issuance by WPB of amended Priorities Regulation 19. This action places farmers on the same level of preference in buying as other war-supporting industries. Before this amendment, farmers had an AA-2X or AA-3 priority, extendable only to the wholesale level. Other changes made by the amendment are: 1. Revision of the list of items to which the AA-2 rating can now be applied; and addition of other essential items. 2. Change in the certificate used by farmers, eliminating necessity for approval of county farm rationing committee of purchases in excess of \$50. 3. Eliminating of the "basketing" provision for permitting a dealer to apply all farmers' applications toward the purchase of any selection of items he might choose.

Even more significant than the up-rating of the farmers preference, OCR said, is the completion of the chain of giving preference in buying from the farmer all the way to the manufacturer. The AA-2 rating will help to provide an even and continuous flow of farm supplies into the thousands of small stores in rural communities where they are sorely needed. Items like hoes, or scythes, or palls or wheelbarrows or pliers for farm use will be more surely channeled from the factory to the stores where farmers buy.

FARM SLAUGHTERERS FILE BEFORE JULY 1

Farmers in Western North Carolina who slaughter or have animals slaughtered for sale as meat were reminded today by OPA district director L. W. Driscoll that they must obtain a class 3 slaughterer's permit by filing a simple form with their War Price and Rationing Board, before July 1; even though they may not be slaughtering until next fall or winter.

A class three slaughterer, he defined, is a resident operator of a farm, who sold not more than six thousand pounds of meat, resulting from the slaughter of his own livestock, last year.

Those who sold no dressed meat in 1944 may register with their Ration Boards and obtain a permit to market up to 400 pounds this year; but no permit is required to dress meat for the farmer's own home consumption, from livestock he raised, Mr. Driscoll observed. Simple forms for reporting sales will be supplied to farmers when their permits are issued, he added.

TO HELP SET UP VETERANS IN BUSINESS

Returning veterans can purchase surplus property to set themselves up and help to maintain themselves in business without buying through regular dealer channels, according to a regulation issued by the Surplus Property Board, effective July 1. This will be accomplished through the Smaller War Plants Corporation, thereby affording veterans the highest priority possible. Under the terms of the act, SWPC, which has a Federal agency to priority to buy surplus property, can purchase property for resale to small business organizations. Veterans eager to obtain surplus items for any commercial, industrial, manufacturing, financial, service, medical, dental or legal enterprise, with an invested capital not exceeding \$50,000, should apply to the SWPC office nearest to the locality where the business will be established. SWPC will act as a buying agent or clearing house on all purchases. It has the responsibility of determining whether the veteran has a good chance of success on his venture. If it decides that he has not, SWPC must explain that decision to SPB. The War Food Administration, however, will advise SWPC concerning applications for purchasing items useful in farming, forestry, grazing, fruit growing, and the like. As soon as SWPC approves the application, it will buy from the disposal agencies the items required by the veterans, up to \$2,500. According to the regulation, the veteran must maintain the business as sole proprietor, or, if non-veterans are associated with him in the business, they cannot have more than one-half interest.

WINDSHIELD STICKERS NOT NEEDED

Windshield stickers "A," "B," "C" or "T" indicating the type of gasoline rationing held by car owners need no longer be displayed, it was announced today by OPA district director L. W. Driscoll.

This action was taken, he said, because of the use of endorsed, serially numbered ration coupons. "The new rationing allotments, effective June 11, will not mean more gasoline for all 'B' users," he pointed out. Only those "B" ration holders whose essential occupational driving needs exceed their present "B" allotments will be eligible for the new increase, he asserted.

Eligible holders of "B" rations need have no concern over their expiration dates, he explained, because additional rations will be computed from tables provided by OPA, so that all applications will receive their full allotment of gasoline after June 11; regardless of the expiration date of their present rations.

Applications should be mailed to the War Price and Rationing Board together with applicants mileage record, he said.

**Deputy Wishon Takes Liquor Car Singlehanded**

Acting on a tip that came to the sheriff's office at Yadkinville, Deputy Ed Wishon last week ran down and captured a liquor car laden with 32 gallons of illicit liquor, along with two men. The two men arrested were Paul Ellis and Wilburn Creason, both of Davie county.

Wishon was standing on the courthouse lawn when he saw the car pass through town, headed in the direction of Davie county. Wishon immediately gave chase, not having time to summon any aid from the sheriff or other deputies and overtook the liquor car near Courtney. The

Blanding, Fla. is spending a 15-day furlough with his wife and parents.

Mr. and Mrs. Tillman Dull spent Sunday with Mr. and Mrs. Ralph Dull.

William Plyman of Winston-Salem spent the week end with Mr. and Mrs. Pleas Thornton.

JAP-KILLER MITSCHER IN CAPITAL

COMMANDER OF FAMED TASK FORCE 58, Vice Admiral Marc A. Mitscher tells reporters in Washington how he was twice bombed off his flagship by Jap suicide planes. Despite his close brushes with death in this manner, Mitscher said he does not consider Jap suicide planes a "serious" threat to the success of our forces in the Pacific. Secretary of the Navy James Forrestal is pictured at the left.

MORE ABOUT Ration Board

early this year allocated to the OPA the amount of sugar available. OPA began to ration this sugar in April on the basis of 20 pounds per person for home canning. Later the WFA found that a serious decline in world production and the OPA had to cut the ration to 15 pounds in May. Finally, the lessened production and the fact that more families applied than last year, forced the OPA to make a quota for each county for about half of last year's amount. Accordingly in those counties where 20 or 15 pounds have been issued, the citizens must either voluntarily return cou-

pons to make their allowance only five pounds or their neighbor gets no canning sugar—since the quota for the whole county is only half of last year. An OPA official said the local office should be congratulated upon the fact that they did not issue above five pounds per person. Otherwise, this county would be going through the headache of trying to get back coupons from housewives to give to other housewives.

North Carolina will need a tremendous amount of extra labor in harvesting the tobacco crops. People from the towns and cities must help. See your county agent.

Soldiers On Furlough May Be Employed

Atlanta, Ga.—In an effort to alleviate the manpower shortage in essential industry and agriculture, the war department has authorized the employment of military personnel while on pass or furlough, headquarters, Fourth service command announced here. Soldiers who agree to help in these pursuits may do so with or without compensation.

Commanding officers may grant permission for their men to engage in this off-duty work provided that an emergency exists due to the shortage of available labor. It must not interfere with the customary employment of civilians. The work must be entirely voluntary on the part of the soldier and of such a nature that it will not impair his health. It shall involve no expense to the government, and the pay is to be determined by the employee and employer. Passes, leaves or furloughs will not be granted for the sole purpose of off duty work, it was stated.

At headquarters, it was stressed that soldiers will not be permitted to render direct personal service to the public such as bus and street car driving, operation of elevators, taxi-driving, working as liquor store attendants, store clerks, salesmen and waiters. Their work is to be in essential industry and agriculture only.

Club Boy Declares Profit of \$123.85

Max Thomas is among the first of North Carolina's 93,000 4-H club members to submit a completed report in 1945 on a special activity. It's true he began his project before last Christmas but it has been completed this year. He grew out 400 broilers with a labor income of \$123.85.

Max lives on Route 1 near Marshville in Union county and he is 15 years old. "One fine thing about Max's 4-H activities is that he keeps careful records," says N. B. Nicholson, assistant county agent in charge of club work. "Keeping accurate records is the best kind of training for the business of farming." Max bought 400 chicks but the

dealer gave him 405. He raised 390 to broiler size, selling 368 for \$222.10 and keeping 12 for home use, which he valued at \$5. His expenses were \$48 for chicks, \$6 for wood, \$146.75 for feed, and \$2.50 for miscellaneous items. His labor income was \$123.85.

How much feed does it take to raise a broiler? Max produced 1,005 pounds of meat with 3,770 pounds of feed, or one pound of meat for each 3.75 pounds of feed.

The Union County Hatchery association is giving all 4-H poultry members in the county, who finish a poultry project and turn in a complete record, a trip to a special poultry club camp. The name "Max Thomas" heads the list and the year is yet young. He plans to complete

still other 4-H activities before the year is over, according to Nicholson.

Corn should be topdressed when about two feet high. Potash should be mixed with nitrogen for potash deficient soils. Late topdressings do not pay as well as those applied early.

## FREEZER LOCKERS ARE DISCUSSED

James E. Coad, representative of the Carolina Frozen Food Locker Co. of Raleigh, told Mocksville Rotarians about freezer lockers at their Tuesday meeting. He explained that farmers and others could store meats of all kinds, fruits, vegetables in these lockers after they are frozen and then eat them as they wished.

A freezer locker plant for Davie county has been endorsed by the Rotarians and Mr. Coad is consulting with local members about the possibility of the construction and operation of a plant here. Plants now in operation in the state are operated several different ways. One is by local community capital and management; another is by private individuals in the community; a third is by outside capital and operation.

A freezer locker would enable a farmer to kill and cure his meat at any time of the year, particularly pork. A plant would also afford facilities for killing, dressing and storing poultry, beef and other meats. Fresh fruits and vegetables can also be frozen. The cost of a locker has been placed at \$15 per year.

George Hobson, county agent, had Harvey Dinkins, associate news editor of the "Farm Forum" of the Winston-Salem Journal, and Jim Womack, staff photographer, as guests.

Dave Rankin presided in the absence of other senior officers.

## LESTER CRAVEN IS PROMOTED

Fleet Home Town Distribution Center, Chicago, Illinois—Lester H. Craven, of Mocksville, now an instructor in seamanship at the Atlantic Fleet's Naval Training Station, Newport, R. I., has been advanced to chief boatswain's mate.

Son of Mr. and Mrs. George Lee Craven of Mocksville, who have three other sons and two sons-in-law in the Armed Forces. Craven is married to the former Julia Allen of Marshalltown, Iowa. The couple have one child, Linda, 7 months.

In the Navy since May, 1939, Craven spent most of the time overseas. He was attached to a cruiser, a destroyer, and a transport, and saw action in the Atlantic and Asiatic-Pacific theaters and in the liberation of the Philippines.

Craven attended Mocksville High school and was employed by the Service Dry Cleaners before entering the Navy. Two brothers are with the Navy, C. C., a gunner's mate, third class, and E. E., seaman, first class. C. E. Craven, the other brother, is a sergeant, in the Army. One brother-in-law is with the Army, the other with the Marines.

VERNON DULL

THURMOND DULL

The two brothers above are the sons of Mr. and Mrs. Luther Dull of Cana, route 1. Vernon, seaman first class, entered the navy on July 22, 1943. He took his boot training at Great Lakes and has been in the South Pacific for the past 21 months. In April of this year he was awarded a citation for his outstanding performance of duty. He attended High Point college before entering service. Thurmond enlisted in the navy on Feb. 15, 1945, trained at Bainbridge, Md. and is now stationed at New London, Conn. Before enlisting he attended State college.

## JUNIOR LEGION DROPS 2 OF 3

Mocksville Junior Legion baseball team has dropped two games and apparently won one as a forfeit. Tuesday's game of this week against Salisbury was rained out.

The Juniors are playing out of town this week but they come home next week for two games and play a third one out of town. Mocksville meets Salisbury at the Cooleemee park next Tuesday afternoon at 5 p. m.; play Albemarle there on Thursday and return home to play Troy on Saturday afternoon. The final game of the season will be played at Kannapolis at 8:15 on the night of July 4.

A date to play the rained-out game against Salisbury will be set later.

In the first game against Wadesboro the tilt went into the ninth inning tied 9-9 after being interrupted by rain. The visitors complained of the condition of the grounds and finally left the field with the Mocksville team having the bases loaded and two out in the last of the ninth. It is expected that the commissioner will make an award of a forfeited game to the locals.

The second game against Albemarle was a thriller which the locals dropped 4-3 in the ninth inning. The third game against Kannapolis was lost 14-2 when the local boys had one of those bad days when nothing clicks. Members of the local squad, according to "Doc" Mason, coach, are: pitchers, Cockerham, Poplin, Spough, Greene, Woods and Ammons; Catchers, Bedford, Jordan; first base, Barnhardt; second base, Spough, Greene; short stop, Carter; third base, Bodenheimer; outfield, Bowden, Phelps, Wyatt, Collette; utility, Wagner, Ridenhour.

## Goal Is Exceeded In Cancer Drive

Davie county folks contributed \$511.85 to the Cancer drive, the goal being only \$342.93. Congratulations are especially extended to the Women's clubs of the county directed by Miss Florence Mackle, to workers in Mocksville and Cooleemee and to M. A. Carpenter of Cooleemee. Under his direction Jerusalem township collected \$225.03.

## It Happens In The Best of Families

Not long since a lady got on the bus near here with her small son. The latter was weaving a piece of broken glass in his hand. Over his head, and coming down to his ears, was neatly folded a paper bag.

A second lady sitting beside the boy and his mother watched with curiosity and then alarm as the youngster played with the piece of broken glass while the mother was apparently unconcerned about his safety.

Standing it as long as she could, the second finally broke down and queried the mother: "Aren't you afraid he will cut his hand with that piece of glass?"

"I am so mad at him I don't much care if he cuts his throat," the mother replied to the astonished one.

"Why so?" "Well, yesterday he got a marble in his throat and I had to take him to the doctor to get it removed. Look what happened today."

The mother gently raised the paper bag from the boy's head and there reposed in all of it's one-time bedroom glory sat a child's night pot—chamber to those of us past forty. This household necessity was jammed down to the boy's ears. "How he did it I do not know," the mother sighed. "I hope the doctor can see it off."

The other woman politely expressed her sympathy, changed the subject as the mother replaced the paper covering over Junior's head. As mother and son left the bus at Mocksville, the onlooker released her pent-up laughter and between peals murmured: "What won't kids do!"

## Public Welfare Work Progresses in Davie

As the state and its counties prepare to go into another fiscal year next week, North Carolina public welfare agencies look forward to even greater accomplishments in 1945-46 than in the year coming to a close on Saturday.

During the past 12 months Davie county has increased its average payment monthly to

### SLAUGHTERERS

Farm slaughterers in Davie county were reminded again that July 1 is the last date for obtaining a permit if they wish to slaughter or have animals slaughtered for sale during 1945. A Class 3 slaughterer is a resident operator of a farm who sold less than 6,000 pounds of meat resulting from slaughter of his own livestock last year.

### RESOLUTION

The Davie County Ministerial Association adopted a resolution at their meeting last Monday commending Rev. Victor L. Andrews to the congregation of his new pastorate at Churchland and expressed their appreciation for his cooperation while in Davie, as well as regret in seeing him leave.

### HONOR SOLDIERS

Rev. Victor L. Andrews invites those who wish to bring a basket lunch and share in an all-day fellowship meeting at the Turrentine Baptist church Sunday, June 24. A service honoring the soldiers from the church and community, exercises and special music by the children and young people will feature the morning program and in the afternoon children from the Baptist Orphanage will sing and a speaker from that institution will be on the program.

### ON LEAVE

Sgt. James C. Comer is spending a 45-day leave in Davie. He has been in service 51 months, overseas 36 months. He has been stationed at Hawaii with three months at Christmas Island.

### POINT VALUE INCREASES

Point values for lard, shortening, salad and cooking oil was advanced Monday from 10 to 12 points per pound.

### PINO GRANGE

Mrs. C. H. McMahan, degree captain for the Pino grange, asks that all officers meet at the grange hall Monday evening at 8:30 o'clock to practice the degree work for the next meeting. Initiation will be held at this time, July 2, and all members who have not had the second degree are asked to be present.

## FIRE DESTROYS PORTION OF HANES PLANT; WILL REBUILD

### Brothers Meet

An Eighth Air Force Service Command Station, England—Opl. Jas. W. Foster, above left, a combat soldier who served during the European war, is shown with his brother, Staff Sgt. Charles P. Foster, right, a member of this strategic air depot, when the two united shortly after the ending of the European war. They are the sons of Mr. and Mrs. W. A. Foster, Mocksville, North Carolina.

Corporal Foster, a member of a Cavalry reconnaissance squadron, a year and a half veteran of this theater, came to England on furlough to visit his brother. Sergeant Foster has been overseas 21 months.

North Carolina farmers signed contracts for 1,500 Bahamian workers, scheduled to arrive between June 20 and July 9.

### Firemen Get \$50 For Fire Work

J. W. Harriss, president of Hanes Chair & Novelty Co., has turned over to The Enterprise a check for \$50 payable to the "Mocksville Volunteer Fire Department" in appreciation of their work during the fire last Monday evening.

"They did a swell job and this is one small way we have of showing our appreciation," Mr. Harriss said.

The Enterprise has given the check to Rufus Frye, chief of the fire department.

Fire of an undetermined origin completely destroyed the machine plant, a three-story structure 60 x 150 feet, of Hanes Chair & Novelty Co. shortly after 7 p. m. last Monday night. About 75 people are temporarily thrown out of work.

J. W. Harriss, president, said that the plant would be rebuilt and operating again as soon as possible. The building contained the woodworking equipment of the concern.

The night watchman, R. F. Lewis, had just made his 7 p. m. round and was reported to have been sitting under a tree near the building when he suddenly saw flames burst from the building. The material in the plant burned so rapidly and intensely that it was impossible for local firemen to do anything other than save the building which houses the office, finishing and packing room. The building fell in within 30 minutes after the blaze was discovered.

Some of the officials connected with the concern thought the fire must have originated from a suction pipe which carries sawdust and shavings from the machines to the boiler room. It was thought that a spark must have lodged in the pipe and that when the draft was shut off after working hours, the fine dust in the pipe ignited, burnt through the pipe and set the building on fire.

A small kiln adjoining the woodworking plant was also destroyed but the large dry kiln and the lumber stored in the yards were undamaged.

Mr. Harriss stated Wednesday that it was impossible yet to determine the loss and that the damage was partially covered by insurance. He said, however, that the boiler was not damaged and that apparently the engine was only slightly damaged.

The government grants a priority to a concern which is burned out and Mr. Harriss said he had already made tentative arrangements for the shipment of brick for a new building on July 1. It is understood that woodworking equipment is available.

Mr. Harriss stated the concern is in sound financial condition.

## SCENE AFTER FIRE AT HANES CHAIR & NOVELTY CO.

## EIGHT FROM DAVIE LAND WITH 86TH

Eight men from Davie county were among the 86th division troops who arrived at Camp Kilmer, N. J. after they disembarked at New York. They include: Pvt. Arthur E. Carter, Advance; Pfc. Raleigh A. Glascock, Mocksville, route 1; Pfc. Bristol J. Barnette, Mocksville; Pfc. Grady L. Tutterow, Mocksville, route 2; Pfc. Marvin H. Wagner, Mocksville, route 4; Pfc. Walter W. Osborne, Mocksville, route 3; Pvt. George Felix Harding, Mocksville; Pfc. Samuel L. Daywalt, Mocksville, route 4.

They will be processed at Fort Bragg and then receive 30-day furloughs. The division will train at Camp Gruber, Okla., for service in the Pacific.

Some of the sidewalks in Rio de Janeiro are of a decorative inlaid pattern like mosaic.

**DAVIE SOLDIER DESCRIBES SCENES OF LIBERATION AT PRISON CAMP**

Headquarters Seventh Army, Public Relations Office, APO 758, U. S. Army. With the 42nd Rainbow Division of the Seventh Army in Germany, May 15, 1945— Stamped forever upon the memory of Pfc. Ralph C. Joyner of Rt. 1, Mocksville, N. C. are the scenes of horror and human privation and suffering which he witnessed when as a member of the famous 42nd Rainbow division he participated in the liberation of the Nazi concentration camp at Dachau, just prior to the end of the war in Europe.

"I'll never forget how those people suffered, and as long as I live I'll remember how happy they were to see the Rainbow men enter that camp," he said. "Some of them actually were delirious with joy."

A member of E Company of the 232nd Infantry regiment, he participated in the rounding up of more than 50 SS troopers who remained in the camp after the majority of their comrades had fled. When he first entered the camp the prisoners appeared to be in a stupor, unable to believe what was taking place after years of slavery.

"Then someone started to sing, and it was as if the prisoners came to life," he related.

The song they sang was the Polish National Anthem and immediately upon its completion the majority of the 32,000 prisoners made a dash for the SS warehouse where they knew the food was stored. The troops were required to step in and restore order.

When the men of E Company entered the camp they found 18 carloads of bodies on a railroad siding, the men having been starved to death during a trip from the concentration camp at Buchenwald to Dachau. Approximately 400 other bodies were piled up in the crematory waiting to be burned and more than 2,000 other dead, shot by the SS guards just before they fled, were piled throughout the camp.

Assigned to guard the camp after its liberation the men of E Company were honored the following day with a parade by the prisoners. With the men of the Rainbow receiving the "review" the prisoners marched by them, led by their own band which had obtained instruments from the quarters of the guards. A spokesman for the inmates apologized to the soldiers for not knowing the words of the Star Spangled Banner. They did, however, make an American flag and this they raised over Dachau, the most infamous of all German concentration camps.

**Tire Dealers Required To Make Inventory**

Tire dealers in Davie county are required to have a complete inventory of their tire stock and parts B at the close of business, June 30.

Dealers who fail to register their June 30 inventory with OPA before July 10 may not legally transfer rationed tires after that date.

During the period July 11-25, OPA's enforcement division will conduct a survey on dealer compliance, aimed especially at failure to register, failure to keep proper records, and failure to maintain accountable inventory.

To assure that the available supply of tires are used for the most essential wartime uses, from now on, all tire certificates will be channeled thru OPA's verification center.

**How to Greet a Wounded Soldier**

Charlie Jenkins got back from overseas the other day, discharged for wounds... and he was pretty well banged up.

Naturally, our town felt mighty bad about it. We wanted to sympathize with him and help him. But Doc Walters set us straight about that.

He said that what Charlie wanted most was to be accepted as one of the gang again... as if nothing had happened. So we asked him over to pitch horseshoes with his good hand, and enjoy a friendly glass of beer and chew the fat like old times.

And you should have seen him pick up! From being scared of meeting people, Charlie got his confidence back and soon became his own self again.

From where I sit, Doc Walters gave us the right steer. The wounded men coming home don't want our sympathy or our overenthusiastic help. They want to be treated like the rest of us... with a chance to work and lead a normal life. And that's the least we can offer them.

### SUBSCRIPTION RATES:

\$2.00 Per Year Inside of Davie County—\$2.50 Per Year Outside of Davie County. Strictly Payable in Advance.

Entered at the Post Office at Mocksville, N. C., as Second-Class Matter Under Act of Congress of March 8, 1879.

### COUNTY LIBRARY

It is with much pleasure that we record that the county commissioners of Davie has donated \$1,200 and the commissioners of the town of Mocksville \$600 for the county library this year.

The library has shown remarkable growth and is now out of its waddling clothes. The people of the county are increasingly becoming patrons of the library and it fills a constant and growing need. With the additional help of the state, the library has fast become an institution of which the people of Davie can take just pride.

Some far-seeing individuals in the county are now talking of the need of a library building. We see no reason why an appropriate building cannot be erected—and we predict that it will be done some time in the not too distant future.

### A World-Wide Good Neighbor Policy

There is a story of a preacher who was struggling with an old sinner, who was a very sick man. The preacher was urging him to renounce the devil, but the old fellow replied: "I ain't in a position to make any more enemies now."

It seems to us that the nations of the world are not in any position to make any more enemies—especially to make enemies of each other. We here in the United States are in danger of falling into the same errors which characterized our enemies. We have fought for freedoms, for understanding, for justice—are we willing, and endeavoring, to see that they are set up.

One of the reasons why the Japanese so hate us, and why they are fighting so ferociously is that for so many years certain groups and certain newspapers kept up a campaign of unfriendliness towards Japan. There were called ugly names; they were treated as an inferior people. Those groups did not appeal to Japan's best, but to its worst. The Japanese have organized that worst, and thousands of our boys are dying because of it. Those groups counteracted what our missionaries were doing. It does not make people happy to be called bad names.

Now, we have some similar groups who are creating the same sort of spirit in our ally, Russia. If they keep at it long enough, and if there are not sufficient counter influences among us, they will succeed in provoking Russia into an enemy instead of a friend. Russia is entitled to the kind of government she wants. We do not want Russia to interfere with our Democracy; why should we interfere with Russia's form of government. We can be friendly and carry on trade in friendly and helpful fashion without having to adopt Communism. This strange suspicion of Russia coupled with the friendly nods towards Germany has but one source of origin—Nazi propaganda is still very much alive.

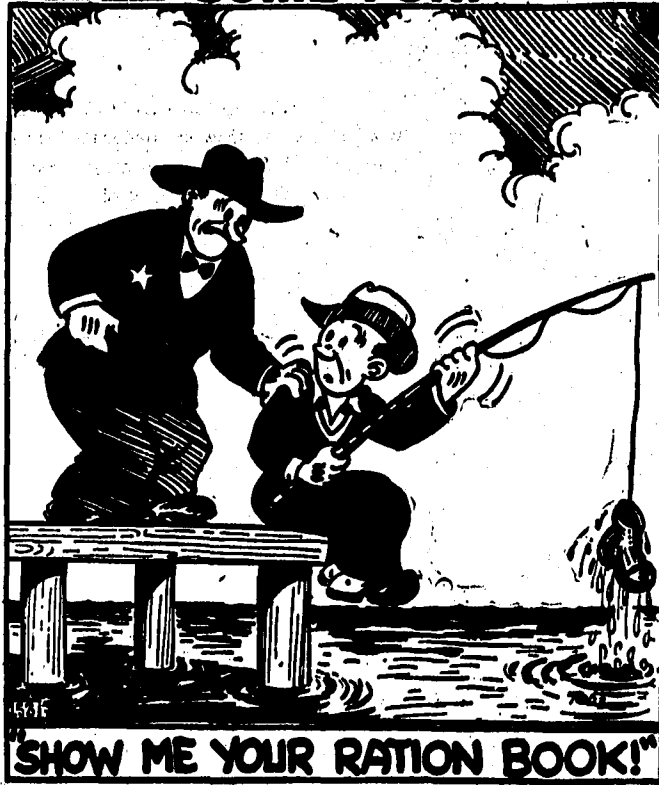

### One Nation Indivisible

The war has thrown men together from every section of the United States, and has drawn from every class, color, and creed. There is no sectionalism in the armed forces. This, we trust, will have the effect of giving mutual understanding as to further cement the nation in the bonds of fraternity and brotherly love.

It is quite right for each section, or each state to have its particular loyalties, but there should be a loyalty to the whole arising out of these particular ones. It is not to the best interest of any section to set itself in unfriendly attitude towards other sections. We people in the South have been somewhat oversensitive, especially in comments coming from north of the Mason and Dixon line. We forget that frequently we are more critical of the North than they are of us. Both sides shared blame in the war between the States; both sides had brave men who fought as gentlemen and as brave soldiers. That conflict is long past. Southern boys in Europe, or in the Pacific area are Yanks along with boys from New York. This is as it should be. We must be a good South, but we must be something more. We must be a great and vital part of the great United States.

A lamb grading and marketing program for Ashe, Alleghany and Watauga counties has been planned, says Hazel Meacham, in charge of extension market at State college. When death comes suddenly to cattle after they have been placed on pasture, the trouble may be blackleg. The animals should be examined by a veterinarian.

## A JOKE A DAY

Two buck privates paused by the roadside to look at a dead animal.

"It has two stripes, what is it?" said one.

"That settles the question, said the other.

"Its either a skunk or a corporal!"

A Cologne family received news that their son, a pilot, had been killed over England.

They arranged a requiem mass, but, secretly listened to the B. B. C., they heard their son was a prisoner in England.

Fearing they would be suspected of having listened to the B. B. C. if they cancelled the mass, they attended. But nobody else was there—not even the priest.

Even the men who know tobacco best are, three to one smoking whatever brand they are lucky enough to locate.

Sentry: "Who goes there?"

Major: "Major Jones."

Sentry: "I can't let you proceed without the password, sir."

Major: "Drat it, man I've forgotten it. You know me well enough."

Sentry: "Must have the password."

Voice from guardhouse: "Don't stand there arguing all night shoot him."

Student: "Could one refer to the Venus de Milo as the girl who got the breaks?"

English Librarian: "Why not, may I ask? It's an 'armless joke.'"

A motorist who had a 50-gallon tank of gas in reserve when rationing was introduced, consulted a friend as to what to do about it.

"Bury it, my dear fellow," was the reply.

Accordingly, he gave his gardener instructions next day to dig a hole for it in a secluded spot.

After a time the gardener returned.

"I've buried the gas," he said.

"What do you want done with the tank?"

In a Philadelphia family recently, the engagement of a daughter was announced. A friend, calling, was met at the door by the colored maid, who announced: "No'm, Miss Alice ain't home dis afternoon—she gone down to de class."

"What class?" inquired the visitor.

"You know, Miss Alice is gwine to be ma'led in de fall," explained the maid, "an' she's taking a cou'se in domestic silence."

A surgeon, an architect, and a politician disputed which belonged to the oldest profession.

The surgeon claimed the distinction because Eve was made from Adam's rib. That, he contended, was surgery.

"But," said the architect, "before the advent of Adama order was made out of chaos. That was architecture."

"Admitted," said the politician, "but who created the chaos?"

A member of a psych class on tour asked an inmate this name.

"George Washington," was the reply.

"But," said the perplexed lad, "Last time we were here you were Abraham Lincoln."

"That," said the inmate sadly, "was by my first wife."

Soph: "Aw, whatcha wants be a doctor of philosophy for?"

Frosh: "So I can be a professor and walk on the grass."

## On The Home Front

### MORE GASOLINE FOR "B" USERS

About 3,000,000 "B" ration users, out of 8,553,200 regular "B" coupon holders, will be eligible for increased gasoline rations from June 11, when ceilings are raised to 650 miles per month throughout the country, OPA said in explaining how to obtain the increase. "Only those 'B' ration holders whose essential occupational driving needs exceed present 'B' ceilings for their regions—325 miles a month in the East, 475 miles in the Midwest and 400 miles in the Far West—will be eligible for an increase," Max McCullough, Deputy Administrator for Rationing, explained. "The amount of the increase for eligible B-card holders will vary with their actual occupational driving needs, but in no case may their total rations exceed the new ceiling. Other 'B' ration holders—such as home-to-work drivers who are getting what they need under present ceilings—should not apply for any increase since their applications will have to be rejected and will only add to the work of the local War Price and Rationing Boards." "B" users who are eligible for an increase should fill out the regular renewal application form, OPA-535, and mail it with their mileage rationing record to their local board, OPA said. Application forms may be obtained from local boards.

### U. S. CADET NURSE CORPS

"The United States Cadet Nurse Corps must intensify its recruitment of student nurses for summer and fall classes to meet civilian health needs," Dr. Thomas Parran, Surgeon General of the Public Health Service, Federal Security Agency, said. Dr. Parran issued this statement in answer to inquiries about the effect on cadet nurse recruitment of the Army's announcement that it has enough nurses for the present to assure adequate care of sick and wounded soldiers. "To maintain the flow of senior cadets into Army service it is imperative to keep recruitment at high levels," Dr. Parran explained. "Equally important, however, is the contribution cadet nurses have made in preventing the collapse of civilian nursing. We must continue to prepare nurses for needs in fields of nursing where the demand is expanding; especially the care of veterans." Dr. Parran characterized as completely unfounded rumors that recruitment for the Cadet Nurse Corps would be discontinued and called for support for the summer and fall recruitment drive now under way.

### SHIP REPAIR WORKERS

Workers are so urgently needed to repair battle-damaged ships—the number of which has increased as a result of attacks by Japanese suicide airmen—that top-priority for their recruitment has been assigned. Paul V. McNutt, Chairman of the War Manpower Commission, announced that quotas have been assigned to 10 of the 12 WMC regions for the interregional recruitment of more than 15,000 skilled and semi-skilled workers required for ship repair at ports on the West Coast. These include electricians, inside and outside machinists, sheet-metal workers, copper-smiths, instrument makers, ordnancemen, riggers, boiler-makers, pipefitters, shipfitters and others. The work will be carried on in Government ship-building facilities located in the Puget Sound area and San Francisco Bay area. Any worker who meets requirements will have his transportation and subsistence en route paid by the Navy. An accepted worker may use his own automobile for travel and be reimbursed provided he agrees to remain on the job six months. Applicants should apply to the nearest local offices of the U. S. Employment Service. In Puget Sound Navy Yard, women members of the family of a man who is recruited may be recruited as mechanic-learners. Rates of pay for highly skilled workers vary from yard to yard, but are generally from \$1.20 to \$1.23 an hour. Journeymen with exceptional qualifications may be employed at higher rates. Trade helpers and general helpers earn approximately \$0.89 an hour.

### FARMERS TO GET MORE LUMBER

An additional 23,000,000 board feet of lumber has been allotted to the War Food Administration for distribution to farmers for emergency maintenance and repair of farm dwellings in the third quarter of 1945, WPB announced. Farmers make application for the lumber to the County Agricultural Conservation Committees and approved applications are rated AA-3 by delegation of authority from WPB to WFA. Emergency cases for which applications will be approved are limited to repair of damage caused by fire, flood or similar disaster, or repair of dwellings that would be uninhabitable or a definite hazard to the health of the occupants if not repaired immediately, WPB said.

### "B-6" AND "C-6" COUPONS EXPIRE

"B-6" and "C-6" gasoline coupons, the last of which were issued in March, will not be good for use after June 30, OPA district director L. W. Driscoll said today. Consumers who have any of these coupons that represent an unexpired ration may exchange them for valid coupons at their local boards, he explained.

Service station operators will have until July 10 to surrender them to their suppliers for gasoline or to the War Price and Rationing board for ration checks. Distributors have until July 20 to deposit them in their ration accounts, he said.

## MISS MARGARET DANIELS IS BRIDE OF ROBERT C. CALDWELL

A wedding of interest to people of Davie county and Mocksville was solemnized at 5 o'clock Sunday afternoon, when Miss Margaret Daniels, daughter of Mrs. J. S. Daniels and the late Mr. Daniels, became the bride of Robert C. Caldwell of Winnsboro, South Carolina. The ceremony was performed in the living room of the bride's home.

Rev. H. C. Sprinkle, the former pastor of the bride, officiated, using the traditional ring ceremony. The vows were spoken before an improvised altar of Oregon ferns, Queen Ann's lace and three large candelabras holding white tapers.

Prior to the ceremony a program of nuptial music was rendered by Mrs. Frank Fowler, who played the prelude to "I Love You Truly," and "Sweetest Story Ever Told." During the vows, "Cavalleria Rusticana" was played.

The bride and groom entered the living room unattended. The bride was lovely in a bright blue dress of crepe, with navy accessories. Her only ornament was a string of pearls, the gift of the bridegroom. She carried a bouquet of white carnations

sprinkled with baby breath.

Following the wedding an informal reception was held. Bowls of pastel flowers decorated the home and the dining room table was covered with a lace cloth. The table was graced with a center piece of mixed flowers, consisting of sweet peas, carnations and baby breath, and on one end of the table was a three tiered wedding cake. Punch was served by Misses Ann Martin and Peggy Graham.

Mrs. Caldwell is a graduate of the Mocksville High school and has been employed at the Ideal Grocery and Market. Mr. Caldwell is line foreman for the REA in Winnsboro.

After a short wedding trip the bride and bridegroom will make their home in Winnsboro, South Carolina.

Out of town guests for the wedding included Miss Helen Daniel, Morganton, L. Eaton, Jr., Statesville, Mr. and Mrs. David Dixon, Winnsboro, S. C., L. S. H. Caldwell, L. C. G. Caldwell and Miss Marlon Caldwell, all of Blackstock, S. C.

He is the son of Mr. and Mrs. Heath Caldwell of Blackstone, S. C.

**UWHARRIE OPENS 22ND SEASON**

The twenty-second season at Camp Uwharrie, the Council's summer training center, opened last Sunday. Some 120 Scouts from troops over the entire Council reported to camp for the first of seven periods of camping scheduled for this summer.

The camp will be under the supervision of Scout Executive B. W. Hackney, Jr. and Field Executive Ralph Harbinson will serve as camp director.

The camp is very fortunate in having Mark McAdams as program director for the camp this summer. Mr. McAdams has for the past several years directed the program at Camp Lassiter in Winston-Salem.

The staff of cooks secured for the handling of the preparation of food for the camp will be the same as last year. Ida Mae Siddle, Mary Frances Siddle, Kate Siddle and Lucille Weddington. The campers from 1944 expressed the opinion that this staff of cooks prepared the best food in the history of the camp.

Scout Executive Hackney stated that everything possible is being done to secured ample food for the camp and that he felt certain that Scouts would be fed even better than in previous years. Scouts will receive ample milk, meat, and fresh vegetables.

Parents are cordially invited to visit the camp with their sons when they register and visitors day has been set aside for Wednesday afternoon and evening. The staff has been in camp for the past three days preparing the camp for the first week campers and everything is in readiness for the first group of campers.

The staff personnel will be comprised of 22 permanent staff members and from four to eight scoutmasters each week. This will give the camp the largest number of senior staff members in the history of the council.

**Don't Worry About Us!**

*Well do it!*

THEY tell us that the fat salvage problem has got to be licked in the small cities, the towns and on the farms.

Our country has to have one hundred million more pounds of used fats this year. And we're the people who must save it. We've rolled up our sleeves! We'll save every drop and bit possible... and keep doing it till the last Jap is licked.

**HOW TO DO IT:** Save all used fats in a tin can. Keep it handy to the stove. Scrape your broilers and roasting pans, skim soups and gravies. Keep meat trimmings and table scraps in a bowl. Melt them down when your oven's going, add the liquid fat to the salvage can. Take can to your butcher as soon as it's full. He will give you four cents and two red points for every pound. Your County Agent or Home Demonstration Agent can give you full particulars.

In sentencing the Nazi youth, the president of the American court martial condemned German leaders for assigning boys to such jobs.

**FARM NEWS**

Tip for Farmers

Here's a tip for farmers: Harvest more legume and grass seed this year. It will pay!

This is especially true of alfalfa, red clover and alsike clover seed. But sweet clover, ladino clover and lespedeza seed are also needed, among the legumes, as are sudan grass, crested wheatgrass, bromegrass, timothy, orchard grass, and many other hay and cover crop seeds.

Next year's legume-forage plantings will depend to a great extent upon how much seed is harvested this summer. Government reports show that the need for meeting goals on these seed crops is urgent, prices are good and there is a ready market. Additional income lies in properly managed fields.

Alfalfa, red clover and alsike clover are important hay crops, as well as providing pasture. A seed shortage would mean less feed—resulting in a possible drop in livestock and milk production. Legumes are also important to maintaining soil productivity, both as green manure when turned under and as permanent cover.

Emphasis is being placed on the use of farming practices that increase seed yields. Although the acreage of red clover seed this year is not expected to be greater than that harvested in 1944, production of 15 percent more seed is sought. Half again as much alsike seed as was harvested last year is needed, and the alsike clover seed goal is 67 percent more acres than in 1944.

Special assistance to farmers who harvest these three seeds is available under the Agricultural Adjustment Agency program.

A cloth moistened in cool water, if the stain is not greasy. If the stain appears to be greasy, sponge with cleaning fluid (grease solvent). Most common household stains will dissolve in one or the other of these safest solvents.

Stains tend to become set with age, so stained garments should not be put away until some convenient future time. It pays to be "Johnny on the spot" with any spot. The sooner a spot or stain gets the right treatment, the easier it is to remove.

World hog numbers show a 13 per cent decline. In January hog production was about 25 million head less than the year before in the U. S., Canada and Mexico.

Sunshine increases the vitamin C content of tomatoes except where the plants are undernourished, thirsty and suffering from loss of foliage, says the experts.

Of the 489 prisoners of war in North Carolina, 189 are harvesting food and feed crops, 30 are in dairy work, and 270 are engaged in general farm work.

An improved cotton tire cord has been developed in research laboratories. There is also a new development in rotproofing cotton goods.

**State College Hints**

To Farm Homemakers  
By RUTH CURRENT  
N. C. State College

Vitamin C on the Wane: In planning family meals for late winter and early spring, the housewife will be wise to provide more of the foods that are rich in vitamin C—tomatoes, oranges, grapefruit, fresh green cabbage, kale and other fresh greens—to offset losses of this vitamin which many vegetables and fruits suffer during winter storage. Tests at many state agricultural experiment stations have shown a gradual loss of vitamin C in potatoes, apples, onions, cabbage, parsnips, and even in some canned fruits and vegetables over the months in storage. Family meals may run low in the C vitamin and this may show up in a rundown feeling and "spring weariness."

According to O. P. A., sugar canning allowances for 1945 are to be based on actual canning needs—a maximum of 20 pounds per person may be issued but no more than 160 pounds per family.

The sugar allowance enables home canners to put up about as much fruit as last year, if they use all canning sugar as intended and stay within recommended wartime proportions of fruit to sugar—that is, use one pound of sugar to each four quarts of fruit. These proportions make a medium-thin syrup.

The safe way to deal with a dubious stain is to sponge with

**Outdoor Poultry Feeder**

GOOD equipment is the secret of success in poultry raising. A weatherproof outdoor feeder, for example, will encourage proper feeding and prevent waste and contamination of feed. The feeder shown below is made largely of asbestos cement board, so it can be easily cleaned and disinfected.

A feeder of this type is strong and durable. It holds almost two bushels of mash. Like many other needed articles of poultry equipment, it can easily be made at home.

Partially shaded places are best for range feeders during the summer months. Pullets will go without feed during the heat of the day unless it is easy to get and in a shaded area.

Complete instructions for making the feeder illustrated above can be obtained free by writing the Asbestos Farm Service Bureau, 251 North LaSalle St., Chicago 3, Ill.

**Mrs. Latham Passes Away**

Mrs. Della Latham died Tuesday at the home of a son, C. S. Latham, Winston-Salem, Rt. 7. She had been in declining health for one year and was seriously ill for one week.

She was born in Davie county, a daughter of James D. and Mary Ellen Coons Ijames, and spent most of her life in Davie county, in the Farmington community.

Her husband, D. G. Latham, a well-known farmer, died Dec. 28, 1924.

Mrs. Latham was a member of Wesley Chapel Methodist church in Davie county.

Surviving are six daughters, Mrs. L. F. Ward, Mocksville, Rt. 2; Mrs. R. G. McClamrock, Mocksville, Rt. 2; Mrs. Holloway Boger, Mocksville, Rt. 1; Mrs. Vestal Freeze of Kannapolis, and Mrs. H. A. Myers of Winston-Salem, Rt. 7; six sons, Claude S. Latham, Winston-Salem, Rt. 7; Hugh Latham, Mocksville, Rt. 2, Richard Latham, Kannapolis; Gaither and Grady Latham of Mocksville, Rt. 2, and Cpl. William Latham, with the army in France; 18 grandchildren; one sister, Mrs. W. E. Wall, Mocksville; and one brother, Glenn Ijames, of High Point.

Funeral services were conducted Thursday at the home of the son, C. S. Latham in Winston-Salem, at 1:30 p. m. and at Wesley Chapel Methodist church in Davie county at 3 p. m. Rev. J. W. Vestal and Rev. A. M. Smith officiated. Interment was in the church cemetery.

**MORE ABOUT Public Welfare**

needy aged persons from \$9.97 to \$14.08. The state-wide average has gone up from \$10.67 to \$12.50, according to Mrs. Lucille M. Donnelly, county welfare superintendent.

In this county there were 191 persons receiving old age assistance last June as compared with 180 this month.

Davie county has increased its monthly average grant to families of dependent children from \$24.73 to \$39.18 for the 17 families now receiving aid. A year ago there were 15 families receiving this aid. The state average payment to dependent children is \$24.76 for the month of June, 1945. A year ago it was \$18.29.

A year ago there were 91 private homes in North Carolina in which children could be boarded temporarily while arrangements were being made for their permanent care. Now there are 121 homes although a good number of them are in some of the more populous counties. Davie county has established two such homes within the past year and every effort is being made to provide at least one (more) during the coming year. Lucille M. Donnelly said this week.

**MORE ABOUT Parsons**

ing all went to the Methodist parsonage for a luncheon together.

Before the luncheon the ministers had a brief business session and decided to suspend their meetings during July and August.

The women had a brief meeting of their association and decided that for the September meeting the group would meet with Rev. and Mrs. H. C. Freeman at Coolemees. Those present for the meeting and luncheon Monday in addition to Dr. and Mrs. J. E. Pritchard were Rev. and Mrs. H. C. Freeman, Rev. and Mrs. J. C. Gentry of Advance; Rev. and Mrs. G. W. Fink of Mocksville and Rev. and Mrs. J. S. Folger of Farmington.

## VETERINARIAN TELLS HOW TO CONTROL RABIES SITUATION

Mocksville has a mad-dog scare. A white collie recently bit a number of dogs here and two of the bitten animals developed rabies and have been killed.

Dr. Clyde W. Young, veterinarian, points out that rabies is a serious problem and he offers the following facts and rules for handling the situation intelligently:

1. The period of time elapsing between the time a dog is bitten by a rabid dog, and the time the dog may develop rabies, varies from about two weeks to many months: The majority become afflicted within three months.

2. If you are bitten by a dog, do not kill it. The dog should be confined two weeks and if at the end of that time it appears normal there is no danger of contracting rabies from the bite. This is true because it is known that the saliva from a rabid dog may be infective for a week before it shows symptoms and that the dog will die within a week after showing symptoms.

3. A dog bitten by a rabid dog

should be killed or at least confined in a safe place six months. If, however, a dog is bitten by a dog which is alive and normal two weeks later, there is no danger of the dog contracting rabies from the bite.

4. If possible a dog apparently suffering from rabies should be confined until it dies. Then the dog may be taken to the health department in Winston-Salem for laboratory diagnosis, which is uncertain in the early stages of the disease. If the suspected dog must be killed and if it is planned to have the head examined by the laboratory, the dog should not be shot through the head.

5. Don't become panicky. While rabies is a very serious disease, the authorities are doing everything possible to prevent any further spread, and expect to have the disease under control soon.

6. Vaccination of all dogs is an effective method of controlling the spread of the disease. Elimination of all stray dogs is very effective in control of the disease.

## DAVIE FOLKS ATTEND 100TH BIRTHDAY OF GRANDMOTHER

Mr. and Mrs. James R. York, Mrs. John P. Weatherman and Paul Weatherman, all of route 2, and Mrs. Ruth James of Farmington attended a birthday dinner on June 10 honoring their grandmother, Mrs. Charles Tilley in Kannapolis.

Mrs. Tilley was celebrating her 100th birthday. Born June 10, 1845 in Alexander county, she was Miss Nancy Woods. She married around 80 years ago and Mr. Tilley has been dead 32

years. They are the parents of 14 children, 12 of whom are living. There are 145 grandchildren, 215 great grandchildren and seven great, great grandchildren.

Mrs. Tilley's health is good except for rheumatism which keeps her in bed most of the time.

About 250 were present for the dinner and various groups of grandchildren, including the Tilley trio, sang during the afternoon.

### BROTHER DIES

J. H. Pritchard, 72, brother of Dr. J. E. Pritchard, pastor of the local Methodist church, died of a heart attack at his home in High Point last Friday. The widow, three sons, one daughter and two brothers survive. Dr. and Mrs. Pritchard, H. S. Walker, W. M. Pennington and D. R. Stroud attended the funeral last Sunday afternoon in High Point.

The 14 cotton-growing states have 737 cotton-spinning mills.

### Stores Close

On July 4

Local stores will be open all day Tuesday, July 3, and be closed all day on Wednesday, July 4.

### THANKS VOLUNTEERS

The War Price and Rationing board wishes to express its thanks for the services given in issuing the canning sugar. Volunteer workers included Misses Margaret Bell, Janie Morris, Betty Honeycutt, Louise Caudell, Wanda Lee Hendricks, Ann Clement, Janie Sue Naylor, Lucille Anderson, Clarabel LeGrand, Rena Mae Hutchins, Colleen Smith, Betty Ann Turner and Mesdames Hugh Sanford, G. A. Hartman, Knox Johnstone, J. H. Thompson, Hilary Arnold, Parker Waynick, Harley Sotley and L. D. Jenkins.

### BOND ALLOCATION

The Standard Oil Co. of New Jersey has allocated \$500 to Davie county for the Seventh War Loan.

### In California

Pvt. Reuben C. Berrier, son of Mr. and Mrs. Herman Berrier of route 4, is now stationed at San Francisco. He entered service on Dec. 19, 1944.

### Junior Legion

#### Wins 1, Drop 2

Including Tuesday's game of this week, the local Junior Legion team lost two and won one during the past week.

Last Thursday the locals lost 3-2 against Troy. The hitting of Barnhardt, who got three for four, and the pitching of Cock-erham featured the game. An error by the locals cost two runs, otherwise the locals would have won 2-1.

Last Friday the Juniors won from Wadesboro 6-4. Boden-helmer, third sacker, threw out 12 base runners and Barnhardt hit a home with one on.

Tuesday of this week the locals dropped a game to Salisbury by the score of 6-4. Bodford got three for four in this tilt.

The locals play Thursday, June 28, at Albemarle and on Saturday Troy comes to the Coolee field. Next Monday the locals play a rained-out game at Salisbury and on July 4 they wind up the season by playing Kannapolis there at night.

### M-Sgt Archie McCall

#### Returns Home

M-Sgt. Archie McCall, who has been serving with the U. S. forces in Europe for some time, has returned to the states and is visiting at the home of his parents, Mr. and Mrs. W. H. McCall in Danville.

## TRUMAN TAKES OFF FOR AIR TOUR

AT THE WASHINGTON AIRPORT President Harry S. Truman is pictured with Col. H. B. Vaughan, his military aide, as he took wing for Olympia, Wash., on the first leg of his scheduled travels by air. This was the Chief Executive's first departure. He's shown (center) lunching in the field with Major Frank Lin D. Roosevelt.

## DAVIE SOLDIER TELLS OF TRAVEL

Pfc. Bill Hendricks, son of Mr. and Mrs. W. P. Hendricks of Mocksville who is in an anti-aircraft unit, wrote his mother the following letter earlier this month from Marseille, France:

It is late afternoon here in Marseille, where I now am and have been the past six months, and is beginning to cool off after a very hot day. I have just come off guard and am very tired. We are on guard every other day now and while we are on we pull four-hour shifts. You really get tired standing in one place for four hours. We didn't have it this bad when the war was going on. Ha!

No kidding, Mom, it's beginning to get monotonous as heck over here now that the war is over and I don't see any relief in the near future either. It looks like we'll be over here for a while yet.

I'll try to give you a little of our history since we've been overseas.

We sailed from New York on April 29, 1943 and landed in Oran, Africa, on May 11. I can't describe how I felt when I first saw Oran. It was like something out of a movie. Strange people and strange buildings, not at all like anything I had ever seen. There were dirty Arabs who

looked like they would just as soon slit your throat as look at you. They lived in little shacks and holes in the walls that we wouldn't put a hog in in the States. I made certain I was not alone on a dark street any time. We stayed around Oran for six to eight weeks and it was there

The Gospel Victory Band will furnish music at the Sunday night service. They will also render selections at Salem church at 3 p. m.

### DAVIE QUOTA

The July tire quota for Davie county includes: grade 1 passenger car tires, 328; truck tires 7.50 or smaller, 38; hardship gasoline, 159 gallons.

### PATROL CHIEF

Walter F. Anderson, native of Davie and at present chief of police of Charlotte, has been named to fill the consolidated post of major of the state highway patrol and director of the safety division. The appointment was made by Governor Cherry and he will assume his post on or before July 15.

### WOUNDED, HOME

Pfc. Durant Coleridge Hayes, son of Mrs. E. F. White of route 1, came home Tuesday. He was wounded on Okinawa and is now stationed at the U. S. Marine hospital at Ft. Rust, Va.

### HOME

Cpl. Enos M. James, son of Mr. and Mrs. Carl James, is spending a 30-day furlough at home. He has just returned from overseas where he was wounded several months ago. Another son, Harold, is with the merchant marines somewhere in the Pacific.

### AUTO STAMPS

The \$5 auto use tax stamps are now on sale at postoffices. The stamp must be bought and placed on the car by July 1, according to the collector of internal revenue.

### Urges Farmers To Sell Corn Now

The new WFA order, restricting the use of grain for alcohol or export, will divert more corn to livestock feed and to industrial processors, says J. N. Smoot, chairman, Davie county AAA committee.

Mr. Smoot points out that new order does not apply to corn acquired under contract prior to June 11.

Corn supplies are reported to be substantial but it is not getting to market fast enough. In an effort to encourage movement of corn to the market Mr. Smoot urges all farmers having extra corn on hand to plan to sell it now.

Mr. Smoot said that, according to OPA, the present ceiling prices on corn reflect partly to the farmer and will not be increased.

In 1944, spendable U. S. income amounted to \$136,000,000,000.

## DR. MORDECAI NAMED HEALTH OFFICER FOR NEW DEPARTMENT

### In France

Staff Sgt. Gilbert Reavis, son of Mr. and Mrs. R. F. Reavis of route 2, is now in France. He entered service on Feb. 9, 1942 and is an electrician in the air corps. He went to France in February of last year.

### Five From Davie

#### Are at Brevard

Five students from Davie county are enrolled in the summer session at Brevard college. It was announced today. Four of these are members of the sophomore class, and one is in the pre-college group.

Sophomores are as follows: Lenora Dell Allen, daughter of Mr. and Mrs. Ernest V. Allen of Mocksville; Sarah Bryson, daughter of Mrs. W. J. Bryson of Advance; Sylvia Ernestine Frost, daughter of Mr. and Mrs. Ernest H. Frost of Mocksville, Rt. 2; and Frances Stroud, daughter of Mr. and Mrs. D. R. Stroud. Bill LeGrande, Jr. is a member of the pre-college group. He is the son of Mr. and Mrs. W. B. LeGrande of Mocksville.

Brevard has a capacity enrollment in all of the classes this summer.

### Tobacco Twine

#### May Be Scarce

To avoid a possible shortage of tobacco twine, it must be used conservatively, says J. N. Smoot, chairman, Davie county AAA committee.

Mr. Smoot states that in 1944, the cotton yarn industry produced 614,000 pounds more tobacco twine than the War Food Administration's estimated requirements of 1,806,000 pounds, production of only 1,860,000 pounds is scheduled. This leaves a margin of only 54,000 pounds.

The AAA leader points out that twine manufactured last year and still in the hands of farmers and dealers provides the only cushion if this year's production should prove inadequate.

As a means of conserving this material Mr. Smoot urges all farmers and dealers in Davie county, having tobacco twine carried over from last year's heavy production, to use it only for tobacco purposes.

### DISCHARGED

Sgt. Thomas Stewart, son of Mrs. Fannie Stewart of route 3, has received his army discharge having 90 points to his credit. Sergeant Stewart was in service 4 years, 25 months of which was served overseas. He returned home from Italy, landing in New York June 14 and was processed from Ft. Bragg. Sergeant Stewart was in the tank destroyers of the Fifth army.

Dr. Alfred Mordecai, retired medical officer of the U. S. army, has been appointed health officer for the newly-established health department for Davie, Yadkin and Stokes counties. He assumes his new duties on July 1 and will have his headquarters for the three counties in the county health department here.

Miss Ann Clement of Mocksville has been appointed secretary to the new health board for the unit and will be in Dr. Mordecai's office here.

A sanitarian for the three counties will be named shortly.

The change in the set-up of the health department comes about by the consolidation of the city and county units in Forsyth, with Dr. J. Roy Hege resigning there to be located in the state health department at Raleigh.

Dr. Mordecai is a native of Wake county and son of the late S. F. Mordecai who was dean of the law school at Duke university for many years. He is a graduate of the University of Maryland Medical school, did interne work at the University hospital at Baltimore and was resident physician at Rex hospital, Raleigh.

He served in World War I with the 81st division being in France a year. After the war he accepted a commission in the regular army as a doctor; was at Walter Reed hospital for nine years and in foreign service in France, the Philippines and Hawaii. He specialized in sanitation and preventive medicine. His rank ranged from a first lieutenant to lieutenant colonel.

Dr. Mordecai was placed on the retired list last October after 26 years of service. He is 55, married and has two daughters, 15 and 10 years respectively.

He has bought a home in Winston-Salem and the family will live there.

The announcement of the appointment was made after a meeting of the county board of health here Tuesday. The board is composed of Dr. S. A. Harding, T. I. Caudell, R. P. Martin, Dr. R. P. Anderson and Charles C. Erwin.

### JERICHO MEETING

J. E. Green of Martins, Tenn. will begin a meeting at Jericho church Sunday, July 1, at the 11 o'clock service. Each evening during the week services will be held. The public is invited to attend.

### FUEL OIL

The War Price and Rationing board urges all users of fuel oil in Davie county to fill out their applications for their winter supply and mail them at once to the local office.

### Last Week of

#### Bond Drive

This is the last week of the Seventh War Loan and Knox Johnstone, chairman, urges everybody to complete their purchase by that time.

The drive in Davie is going well and Mr. Johnstone is hopeful that this county may set a new high record in buying.

**IKE HEARS ACCLAIM OF NEW YORK'S MILLIONS**

AS ROARS OF GREETING ECHO in lower Broadway, New York, General Dwight D. Eisenhower stands waving to welcomers high up in a skyscraper. Smiling and waving on his ride through miles of streets lined with cheering multitudes, the victorious commander captured the city's heart.

Eight farmers from Pasquotank and four from Camden recently shipped 135 lambs from Elizabeth City, says Leland Case, Extension animal husbandman at State College.

W. J. Laughton, Beaufort county farmer, gives a grazing crop of rye grass and crimson clover credit for saving one-third of the total feed required by his hogs during the winter.

**REUNION FOR GI 'ENOCH ARDEN'**

THE "ENOCH ARDEN" STORY which may be paraphrased many times before the last GI comes home from the wars, had a particularly happy variation in the case of Lt. Harold Goad, 27, of Portsmouth, O., who was reported dead when his plane was shot down in Burma two years ago. He returned to find his "widow" remarried, but they arranged to pick their lives up again where they dropped—and here you see them on a "second honeymoon" after Mrs. Goad applied for an annulment of her second marriage.

**ELBAVILLE**

Mrs. Will Orrell of Portsmouth, Va. is spending sometime with her mother, Mrs. Mary Meachum.

Mrs. Betty Tucker returned home Sunday afternoon from a visit to Mr. and Mrs. Marshall Allmond of Thomasville.

Mrs. Sam Hege visited Guy Shoaf, who is very ill at the Baptist hospital, last Tuesday.

Mrs. Emmet Whalen of Portsmouth, Va., is visiting her parents, Mr. and Mrs. J. G. Zimmerman.

Mrs. Mae Markland spent the past week in Norfolk, Va., visiting relatives.

Mr. and Mrs. Alex Tucker and Bill Ellis spent Thursday in Charlotte on business.

Mrs. Johnny Dunn spent last week visiting Mr. and Mrs. Claude Dunn, of Redland.

Mrs. Sam Hege and Mrs. Johnny Dunn spent Saturday afternoon with Mrs. Robert Faircloth of Reidsville, who has been visiting Mr. and Mrs. C. E. Faircloth of Advance.

Hoyt Bailey of the navy and Cecil and William Robertson who were prisoners of the Germans, and Ray Myers recently discharged from the army attended services at Elbaville church Sunday.

Mr. and Mrs. W. J. Ellis announce the birth of a son, William Jean, Jr., at the Baptist hospital, June 24.

Bill Ellis left Monday for Hickory and from there he will go back to camp to be inducted in the army.

Mr. and Mrs. C. W. Hall spent awhile Sunday afternoon with Mr. and Mrs. Sam Sheets.

Mrs. Etta Watkins spent the past week visiting her sister, Mrs. Carrie Orrell.

**BACK THE ATTACK — WITH WAR BONDS!**

**FARMINGTON**

The W. S. C. S. of Farmington Methodist church held the June meeting with Miss Vada Johnson. The president, Mrs. B. C. Brock, gave the chapter from the story book. The devotionals and program topic developed the theme of juvenile delinquency and were given by Mrs.

Lucy Harding and Mrs. Grady Smith. Mrs. Hardings committee chairman reported funds on the way to paint the parsonage. The hostess assisted by Mrs. J. W. Williams served refreshments to seventeen members. Miss Margaret Williams is spending a two weeks vacation with her mother, Mrs. J. W. Williams, after which she will enter services of the Red Cross.

Miss Vada Johnson is visiting her sister, Mrs. Lena Galloway in Greenville. The Methodist parsonage is receiving a badly needed coat of paint made possible by a contribution from all the churches on the charge. **NEWS OF FARM CONSERVATION**

By G. W. McCLELLAN

Grady Myers, business man of Winston - Salem, has made a soil conservation plan with the Middle Yadkin district for his farm near Elbaville church. Mr. Myers has done some terracing, treated his pastures with fertilizer, sown some sericea lespedeza on some eroded land, and is making preparations to seed three acres of alfalfa this fall. He also plans to do some supplementary seeding on his old pastures using proper grasses, clover and fertilizer.

Jim Wooten, near County Line recently sowed one acre sericea lespedeza as a seed patch. He is using some rather eroded land to get started in sericea.

J. N. Smoot and son, Bill, have seeded two acres of sericea on their farm near Sheffield. Mr. Smoot calls his first patch he sowed in 1942 "My Alfalfa Field." Sericea has slightly more crude protein than alfalfa does. It is about the only permanent hay yet developed.

L. J. Hooper, North of Fork, has done a splendid job of running his rows with the terraces. He finds it pays him well to farm on the contour as recommended by the soil conservation service.

TALKING FROM SAFE PORTS

Do those columnists, reporters, and pro-German sympathizers really wish a war with Russia? Most of the talk against Russia comes from those who know only by report the terrible things suffered by our soldiers on the battlefields. They have shared little in the hardships, yet they are doing their utmost to provoke a war with Russia, and thus add to the sufferings and losses of good American boys. We suggest that as said columnists; etc. are so anxious to provoke a war with Russia that they be sent at once into the midst of the fighting in the Pacific. Let them, not only see, but feel what war is. Let them take their share of the fighting, and they will most likely change their tune. The loudest-mouthed critics of Russia are talking from safe ports. They won't raise many flags on Okinawa.

CAN'T FOLLOW WAR AND MAKE PEACE

We cannot follow the logic of the advocates of high tariffs. There was a time when high tariffs were sought by capitalists, but now some of its most zealous advocates come from the ranks of labor. We are decidedly in favor of allowing the President the power to change tariffs when a situation warrants it. The remedy against floods of imported goods made by cheap labor is not prohibitive tariffs, but the improvement of the lot of working people the world over. Such conditions should be studied and remedial means written into the world charter. It takes us so long to learn that when any section of society is kept down all sections suffer. We should have reciprocal relations between nations, based on justice and the fruit of goodwill. High tariffs at best are sedatives; the more the patient takes the worse becomes his condition. We should be seeking bonds of friendship, not bars of separation.

State College Hints To Farm Homemakers

By RUTH CURRENT  
N. C. State College

Every paper bag is precious today. Housewives can help the situation by taking their own bags to market, by being economical of bags at grocery stores, by not asking for special wrappings, and by saving bags and wrapping paper at home. For the duration, a kitchen drawer may well be set aside for carefully folded bags and wrapping paper.

To save the gardener's back and make old tools work easily, sharpen them now and keep them sharp all season. For general sharpening, have an 8 or 10 inch file, a whetstone, and possibly an emery wheel. The most useful whetstone is made of carborundum with one side fine and one coarse. When sharpening a blade, push it one way only, and stroke the full length of the stone. After each using, dirt should be cleaned off tools to make them work better and last longer.

Home canning is more necessary to the war effort than ever. With home preserved food it is easier to give the family good, nutritious meals the year round. Especially for families with gardens, canning saves money and ration points as well as food. Expert advice on home preservation may be obtained from the local home demonstration agent in your county, or by writing to N. C. State College, Home Demonstration Division, State College Station, Raleigh, N. C.

The hurried housewife is often tempted to save time by slapdash cookery and guess measurements. These practices are likely to waste both time and food. The best method of cooking is: read the recipe carefully, unless you

"THE GIRLS THINK THE TOUR WOULD BE INCOMPLETE WITHOUT SEEING THE SABOTAGE WORKERS, TOO!"

Save An Extra Pig From Every Litter

The shortage of meat and the fact that North Carolina has about 30,000 fewer hogs on farms than at this time last year calls for better care of the sow before farrowing and better care of the sow and the pigs after farrowing so as to save on extra pig per litter.

Extension livestock specialists at State College suggests that every swine grower and 4-H club boy who is specializing in producing pigs should have a copy of Extension Circular No. 238, entitled "Raising Hogs in North Carolina." This publication contains many practical suggestions on feeding, sanitation, and care that will enable the average grower to save that extra pig.

Saving extra pig per litter from the spring crop alone can easily amount to many millions of pounds of additional pork for North Carolina.

Careful feeding of the sow will give 3 pound pigs at birth rather than 2 pound pigs, with a much better chance of surviving.

Washing the sow with soap water, and a good brush before farrowing time will keep down parasites and help to save many pigs.

Proper feeding of the sow after farrowing will help to keep the pigs from developing scours.

Nursing sows and pigs need a clean, temporary grazing crop to prevent losses from parasites.

Castrate the boar pigs at 3 to 4 weeks of age. Vaccinate all

A JOKE A DAY

"When your wife returns from the hospital you will have a different woman."  
"But, Doc, what if she finds out?"

A Good Trade

A foreign born citizen, who spoke only a little English, walked in to a building that housed a Red Cross center, ration boards and other war agencies. A nurse took his name and address and sent him into another room, where attendants drained a pint of blood from him.

Then, obviously bewildered, he asked in broken English: "Now do I get my gasoline?"

Couldn't Be Blamed for Trying

When the name of the plaintiff was called out in court, much to everyone's amazement, he stood up in the jury-box.

"What are you doing there?" snapped the clerk.

"I was called to serve on the jury," was the meek reply.

"But you must have known you couldn't sit on a jury and try your own case."

"I suppose not," admitted the plaintiff ruefully. "I did think it was a bit of luck."

Wrong Word

"George," said Mrs. Lovey to her husband, "I have received a letter from mother saying she is not accepting our invitation to visit us, and saying we do not appear to want her. What does she mean by that? I asked you to write and tell her to come at her own convenience. You wrote, didn't you?"

"Yes, I wrote her all right," said George, "but—er—I couldn't spell the word 'convenience' so I made it 'risk'!"

Will Get Over It

Little Katherine: "I know something I shan't tell!"

Crusty Bachelor: "Never mind, dear, You'll get over that habit as you grow older."

Smith Mfg. Co.

"I always wondered where all the Smiths came from until I came to this city."

"Then what happened?"

"I saw a sign, 'Smith Manufacturing Company.'"

Persistency

Salesman: "I've been trying to see you all week. When may I have an appointment?"

Manager: "Make a date with my secretary."

Salesman: "I did, sir, and we had a grand time, but I still want to see you."

Kind And Gentle

A farmer was trying hard to fill out a railway company claim sheet for a cow that had been killed on the track. He came down to the last item: Disposition of the carcass.

"After puzzling over the question for some time, he wrote: 'Kind and Gentle.'"

From Choice

One day a New York matron, curious to know why James Lane Allen had never married, inquired of the famous author, "Mr. Allen, are you a bachelor from choice?"

"Yes," came the reply with disconcerting promptness.

"But isn't that—er—rather ungracious and ungallant?" protested the lady.

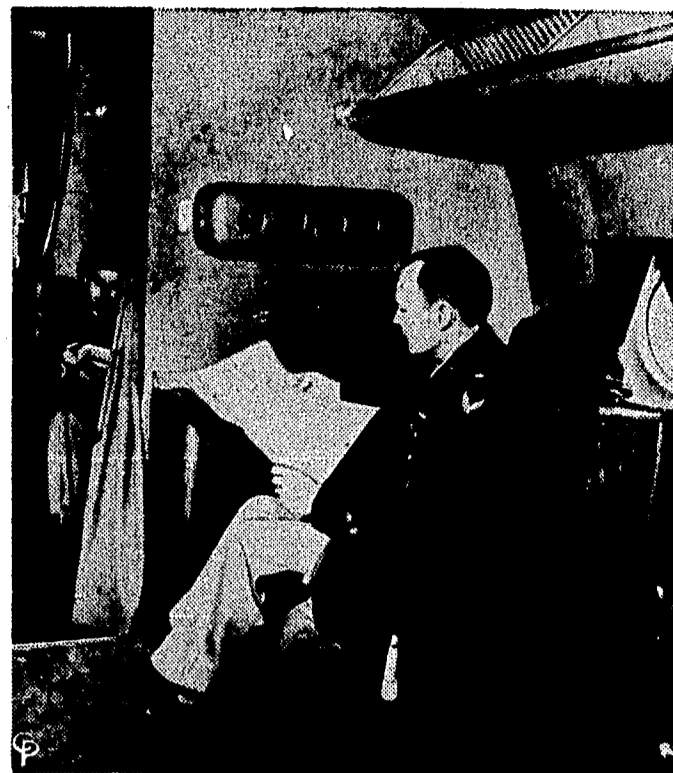

The novelist smiled. "You must ask the ladies," he suggested gently; "it was their choice, not mine."

Too Young

Saleslady: "That is a darling hat. Really, it makes you look ten years younger."

Customer: "Then I don't want it! I can't afford to put on ten years every time I take my hat off."

## RECENT BRIDE

MRS. RICHARD ALEXANDER FEWELL

## MARY WHITE MCNEELY WEDS LIEUT. RICHARD A. FEWELL

Miss Mary White McNeely, yeoman second class USNR and Lieut. Richard Alexander Fewell U. S. medical corps were united in marriage, Wednesday afternoon, June 20, at the Coolee Methodist church by the Rev. John W. Foster of Wiltsett, N. C., former pastor of the Coolee Presbyterian church.

The ceremony was held in a setting made beautiful with Queen Anne's lace, ferns and candles. Miss Doris Murph of Fayetteville, N. C. played the nuptial music.

Ushers were Clement Motten of Philadelphia; Sgt. James E. McNeely, Jr., USAAC of West-over Field, Mass., brother of the bride; Dr. B. Francis Barham of Asheboro, N. C.; Lieut. Barrett Wilson, medical corps, of New York City; Lieut. Tom S. Mebane, medical corps, of Wilkes-Barre, Pa.; Lieut. (jg) Michael Sheradan, medical corps, of Paola, Kansas.

Ph. M. 2-c J. William Fewell of Philadelphia, brother of the bridegroom, was best man. The bride was escorted by her father, James Edgar McNeely, who gave her in marriage.

Her attendants were her sister, Mrs. B. Francis Barham of Asheboro, N. C., matron of honor; Miss Betty Pegram of Coolee, N. C. maid of honor; and the following bridesmaids: Miss Betsy Bob Holt of Coolee, N. C., Mrs. Clement Motten of Philadelphia, Miss Lucy T. McNeely of Mooresville, N. C., Mrs. James L. Ford, yeoman 1-c U. S. N. R., of Philadelphia.

The bride looked lovely in her white satin gown, her French tulle veil worn with a Juliet cap of orange blossoms. Her bouquet was made of white roses, bouvardia and white orchids. Her pearl necklace was the gift of Lieutenant Fewell.

The bride's attendants all wore aqua fall dresses. Their hats matched shoulder length veils. The matron and maid of honor carried arm bouquets of pink roses and the bridesmaids, colonial nosegays of pink carnations. All wore the bride's gifts, gold bracelets.

Mrs. McNeely, the bride's mother, wore a dress of sea blue crepe, a small flower trimmed hat and a corsage of orchids. Mrs. Fewell, the groom's mother, wore a grey crepe dress with a green felt hat trimmed with roses. She also wore a corsage of orchids.

Mr. and Mrs. McNeely gave a reception at their home on Mar-

ginal street immediately after the wedding. They were assisted in entertaining by Misses Mary and Bel Boger McNeely, Mrs. D. E. Turner of Mooresville, Mrs. W. T. Green, Mrs. Edwin M. Holt, Mrs. Hattie E. Moore, Mrs. T. C. Pegram, Mrs. J. W. Inscow, Mrs. McGhee Calhoun, Mrs. W. R. Wands and Misses Ellen Isley and Dolly Davis all of Coolee, N. C.

Lieutenant and Mrs. Fewell are spending a few days in the mountains of North Carolina and will be at home at 1901 Pine street, Philadelphia on July 1.

For travel, Mrs. Fewell wore her dress uniform of the WAVES. Mrs. Fewell is a charming and attractive daughter of Mr. and Mrs. James Edgar McNeely. She is a graduate of Peace Junior college in Raleigh, N. C. and of the Woman's College, University of North Carolina in Greensboro, N. C. She has served her country for the past three years in the WAVES and is stationed at Philadelphia as yeoman 2-c.

Lieutenant Fewell is the son of Dr. and Mrs. Alexander G. Fewell of Philadelphia. He is a graduate of Episcopal Academy of Philadelphia and Princeton university where he joined the Key and Seal club. He was graduated Monday from the school of medicine at the University of Pennsylvania and will intern at Pennsylvania hospital in Philadelphia.

The past few weeks have been crowded with social courtesies for the young couple in Philadelphia and in Coolee.

On Tuesday the bride gave a beautiful luncheon at her home. That night Miss Betsy Bob Holt entertained the wedding party and out-of-town guests at a supper. Immediately following the supper was the rehearsal at the church and after this the cake-cutting party given by Mr. and Mrs. T. F. English and their daughter, Mrs. Charles McCrary. On Wednesday Mrs. T. C. Pegram, Mrs. Joe Inscow, Mrs. W. R. Wands and Mrs. W. T. Green gave a luncheon at the home of Mrs. Pegram. They presented the bride with a china cigarette box and trays to match.

The following out-of-town guests were in Coolee for the festivities and the wedding: Dr. and Mrs. Alexander G. Fewell, Mr. and Mrs. Clement Motten, Ph M 2-c J. William Fewell, Mr. and Mrs. Tom S. Mebane, and Mrs. James L. Ford, yeoman, 1-c, U.S.N.R. of Philadelphia, Lieut. (jg) Robert Study

**YADKIN COUNTY BOY REPAIRS  
HITLER'S PERSONAL AUTOMOBILE**

A Yadkin county boy has just repaired one of Adolf Hitler's personal automobiles and turned it over to his own general for a staff car.

Sgt. Gilmer C. Brown, son of Mr. and Mrs. R. K. Brown, of the Union Cross community, says the glass in der Fuehrer's onetime jalopy is two inches thick, that the vehicle is covered with armor steel, but that it rides like a dream, now that he has put the motor in shape and gone over the chassis a bit. She'll do 120 miles per hour in a pinch, he says.

Of course, the general may not use the auto regularly. But the Yadkin youth got a lot of personal satisfaction out of making the courteous gesture to his top-flight officer.

Sergeant Brown went overseas 18 months ago. He helped boot the Germans out of France. Then he went back to England for a breathing spell. He was with the outfit that was surrounded at Bastogne, in the battle of the bulge, whose commanding officer simply responded "nuts to you" when the Germans called on them to surrender. Incidentally, he is with the 101st airborne division. Through it all he never got a scratch.

Three of Sergeant Brown's letters, dated May 15, May 20 and May 27, tell of his repair work on the Hitler automobile. Apparently it had been pretty badly run down before he got his hands on it.

In his letter of May 15, he hadn't got the old bus running, but by May 20 he had it in pretty fair shape, as he said: "Well, I got Hitler's car running, but I haven't taken a ride in it yet. I will about Monday . . ."

Sunday, May 27, he wrote: "Well, mother, I got Hitler's car finished and got some pictures of it. I am sending you some of them. The place is close to his hideout. The car has U. S. A. on it. We put it on it so we could drive it. It has armored steel all around and the glass is about two inches thick . . . We gave it to the general. He likes it. I guess he will take it back home if he can . . ."

Among souvenirs Sergeant Brown sent to his parents was a little of Hitler's money.

When Roland Baston of Burgaw was unable to get a crop of two acres of snap beans picked, he turned 40 hogs on the beans to prevent a complete loss of the crop.

**Wheat Pile-Up**

For light-traffic neighborhood streets . . . a new, low-cost pavement **SOIL-CEMENT**

**Lasting—easy to build—saves money**

Revolutionary is the word for this new kind of low-cost, light-traffic street pavement. Here's how it is done—  
The workers simply mix exact amounts of portland cement and water (determined in advance by laboratory tests) with the existing roadway soil; proportions are usually about 10% cement to 90% roadway soil. No other materials are used. Shaping and rolling complete the job.  
Hundreds of Miles of Proof There's no guesswork about Soil-Cement pavements.  
Hundreds of miles now in service through the country have proved the durability and economy of this new type of construction.  
Soil-Cement is not intended for use on heavy duty roads or streets. For such pavements the superior load-carrying capacity of portland cement concrete is needed for utmost economy and long life. Soil-Cement does offer new economy for lightly-traveled neighborhood streets. Urge your officials to investigate Soil-Cement.

**"MUSIC FOR OUR WOUNDED MEN" CAMPAIGN OPENED JUNE 25**

With the slogan "Music For Our Wounded Men" ringing thru every state in the Union, the National Federation of Music Clubs launched this spring its second annual campaign for musical instruments, victrolas and recordings for hospital ships, trains and camp hospitals both in this country and overseas. The campaign will open in Cooleemee on Monday, June 25, under the auspices of the Cooleemee Music Club.

The equipment needed on a hospital ship includes the following at a cost of \$230.78:

- One instrument kit consisting of a guitar, banjo, ukelele, violin, two dozen ocarinas, an ocarina quartet, replacement parts and song books.
- Four phonographs.
- One hundred popular records, a number of classic records and an album of religious records.
- To equip every two cars of a hospital train, at the cost of \$25, it requires the following:
  - One phonograph.
  - 20 popular records.
  - An album of classic records.
  - An album of religious records.

Neither the Government nor the Red Cross has any appropriation for providing music for our wounded in hospitals in the country and overseas, and for mangled men being transported on ships and trains. This important labor of love has been turned over by the Government to the National Federation of Music clubs, and has been car-

ried small, all over the country for the past two years. For three years a war service set-up has been maintained in all Music Clubs, but the need for ministering to the wounded arose later. Last year North Carolina led the nation in the matter of contributing to this cause.

Doctors who care for those who have suffered the ravages of combat fully understand and appreciate the soothing, healing therapy of music and they urge upon Music clubs of the nation the vital and immediate necessity of providing music for every hospital, hospital ship and hospital train. In North Carolina alone there are 20 large government hospitals to which trainloads of wounded are being brought in, and Camp Butner is being prepared as a hospital of 5,500 beds, one of the largest in the state, and this center must be equipped with music at once.

It is to this end that Cooleemee Music club asks people of the community and county to dig deep into their pockets and contribute generously to their "Music For Our Wounded Men" program. More and more wounded are coming in daily from the battle fronts, many of these are blind, many are mentally ill and all have been face to face with horrors difficult to erase from their minds. In the work among the wounded, the peculiar charm of music has been found to be of immense value.

Contributions will be gratefully

## OPA POSTPONES AUTO REPAIR REGULATION

Effective date of the new regulation setting specific limits on the hours of labor that can be charged for on 56 common passenger car repair jobs has been postponed one month, until July 14, 1945, OPA announced. The regulation, originally announced as effective June 14, 1945, is designed to check a practice in some auto repair shops of charging customers for more hours of labor than repairs actually require. OPA said that the postponement was requested by representatives of the trade who desired to have further consultations about the new provisions before they became effective.

## GROUPS ELIGIBLE FOR PREFERRED GASOLINE RATIONS

Changes affecting the eligibility of several groups of persons for gasoline rations were announced by OPA. They are as follows:

1. Servicemen returning to this country from overseas, who are issued temporary duty orders for "rehabilitation, recuperation and recovery" may obtain furlough gasoline rations. These servicemen should apply to their local War Price and Rationing Boards and present both their temporary duty orders and the mileage rationing record (OPA R-534) for the car that they are going to use. Previously, the ration was given only when servicemen on leave or furlough for three days or more presented leave or furlough papers. The change was necessary because those being sent home for periods of about 30 days will not be issued such papers. The furlough ration, which will remain unchanged, provides one gallon of gasoline each day of the furlough, leave, or temporary duty, to a maximum of 30 gallons.

2. Because growing crops damaged by hail or wind must be inspected promptly for maximum salvage, adequate gasoline rations will be provided insurance adjusters to make trips to farms for this purpose. Formerly, semi-preferred mileage, which is limited to 825 miles per month, was permitted for travel to farms to inspect storm damaged crops.

3. Preferred mileage rations will be issued to buyers for essential plants who have to travel long distances to buy cattle, sheep, pulpwood, rice and similar items processed at the plants. Local Boards will give the preferred mileage rations to buyers for such essential establishments as packing plants, feedlots, canneries or processing plants, under the following conditions: (1) applicants must be skilled in grading and classifying the products they buy; (2) the industry's marketing practices or conditions, such as unavailability of public markets, must require buyers to travel long distances. Heretofore, these buyers were limited to semi-preferred mileage. In many cases this ceiling of 825 miles per month, which will remain unchanged when the regular "B" ceiling is raised to 650 miles a month June 11, does not provide sufficient gasoline for essential travel by these buyers.

4. The eligibility of social workers for preferred mileage is limited by the provision that only full time social workers who are both employed and paid by a non-profit organization may be issued preferred mileage rations.

## FARM LOANS FOR RETURNING SERVICE MEN

The Farm Security Administration has been authorized by Congress to lend \$25,000,000 in the next 12 months to returning service men who want to buy family-size farms,

and will start making these earmarked loans on July 2, through more than 2,000 county offices. Part of an additional \$25,000,000 not restricted for the use of veterans, also may be used to make loans to discharged service men.

The loans, made under terms of the Bankhead-Jones Farm Tenant Act of 1937, can cover the full purchase price of a farm and allow up to 40 years for repayment. They bear interest at 3 per cent on the unpaid balance. Applicants must find for themselves the farms they wish to purchase. Each farm is appraised, and a loan is made only when the purchase price is in line with the farm's actual value, based on its long-range earning capacity.

## EXTRA GASOLINE RATIONS FOR SERVICE MEN

Additional gasoline rations may now be obtained by service men having furloughs of more than 30 days, OPA Administrator Chester Bowles announced. "Furlough gasoline will still be issued at the rate of a gallon a day," Mr. Bowles explained, "but the 30-gallon limit is being removed for the benefit of released American prisoners of war who get leave or temporary duty assignments for sixty days in this country, and for those members of our armed forces who return from overseas and get more than 30 days' leave."

"Service men applying for furlough gasoline rations should follow these three easy rules: 1, Apply at any local War Price and Rationing Board; 2, Bring along the mileage rationing record for the car to be used; and, 3, Be ready to show furlough papers."

## CONSUMER PROSPECTS FOR FOOTWEAR

Consumers will be given an opportunity to buy men's and women's "odd lot" shoes ration-free and at markdown prices when a small percentage of those in these categories is released to the public during the three-week period of July 9 through July 28, OPA announced. "Odd lot" shoes must be sold to consumers at prices at least 25 per cent below the prices at which they were being offered for sale on June 1, 1945, OPA said. Women's shoes with high heel heights of one inch or less may not be included in the release as these shoes are usually the type worn by growing girls and do not accumulate on dealers' shelves as odd lots. Dealers are requested to limit sales of "odd lot" shoes to no more than a pair to each customer. . . . The first complete inventory of the nations stocks of both rationed and non-rationed shoes will be taken by shoe dealers on July 31, 1945, OPA also announced. This is to determine how many pairs of shoes can be allotted to consumers and whether any shoes can be released from rationing.

Ceiling prices have been given for all sales in civilian channels of eighteen rubber footwear items rejected by the armed forces as not up to required standards. The ceilings, effective June 18, 1945, apply to men's and women's rubber boots, overshoes or arctic rubbers, flying boots, jungle boots, tennis and gym shoes. . . . A retail ceiling price of forty cents a pair for men's black rubber half soles, also rejected by the Army, will become effective June 26, 1945. This ceiling applies to sales by chain, hardware and other retail stores of soles a quarter of an inch thick and in military sizes seven to 13.

## SAFETY FOR BOYS AND GIRLS EMPLOYED ON FARMS

Many farm children have always worked on their home farms, but since Pearl Harbor, about a million city boys and girls under 18, inexperienced in farm work, have helped with the crops, says an OWI Fact Book on safety. Young workers, the book points out, have been injured while operating farm machinery, handling farm animals, picking tree fruit, lifting heavy objects, using ladders and cutting tools, through exposure to the sun and heat, and while being transported to and from work. Farm work, the book continues, should be carefully assigned to these young people, and the lightest safest jobs given to the younger children. All should be trained in safety and carefully supervised.

## PRODUCTION OF BEDDING AND ELECTRICAL APPLIANCES INCREASED

Production of bedsprings, box springs, innerspring mattresses, studio couches and other types of bedding will be increased in the coming months, says WPB, but not to any appreciable extent, as the supply of textiles and other materials is still limited. . . . Limitations have been removed on the manufacture of the following electrical appliances: air heaters, household toasters, casseroles, chafing dishes, heating pads, household waffle irons, dry shavers, hair clippers, permanent wave equipment and home dishwashers. Continuing scarcity of materials, however will also limit the number of these items available to consumers for many months. . . . To provide more work socks for civilians, WPB removed the freeze on circular hosiery knitting machines above 72 needles that had been frozen to the production of wool socks for the armed services.

## FARM WAGE RATES RISE TO NEW HIGHS

Continuation of the upward trend in farm wage rates to a new record was reported by the U. S. Department of Agriculture. All wage categories were higher than two months ago. Monthly rates averaged \$81.30 with board and \$39.10 without board. Daily wages were \$3.65 with board and \$4.16 without board.

## MORE ABOUT

## Davie Soldier

we witnessed our first air raid. Several Jerry planes came over one night. We were not set up yet, so we didn't participate in this raid. We were caught with our pants down, with not a sign of a slit trench or any other means of protection. We just stood around and watched the fireworks.

Talk about fireworks, you've never seen anything until you see a raid. The ack-ack boys can really shove the stuff up there.

While we were still in Oran we took a couple train loads of German and Italian prisoners to a prison camp farther back in Africa. This was a very interesting trip. You really got away from the cities and got to see more scenery. Personally, I'll trade everything I've seen over here, or anything I'll ever see, for another look at old North Carolina.

## LEAVE ORAN

After leaving Oran we went to a little town called Ain-Temouchet about 60 miles away. This town wasn't half as big as Oran but I liked it much better. We stayed here two weeks and then moved by truck convoy to Mateur, 800 miles away. It took us five days. We saw some nice country, lots of mountains and more Arabs. I don't think I saw a river or stream as big as Bear creek. Africa is the driest country I've ever been in.

In Mateur we set up our guns and equipment to protect a couple of airfields there. We were there about three weeks and then moved up to Bizerte, about 20 miles away. In Bizerte we prepared to cross over to Sicily.

## REACH PALERMO

After leaving Africa we landed in Palermo, Sicily, just a week after the city fell. This was the closest we've been to the front lines. We could hear the guns at the front. We stayed at Palermo about three months and moved up to the Island of Maddalena between Sardinia and Corsica. Here we got two raids and shot down eight planes.

We were in Maddalena almost a year, after which we moved up to Corsica and over to Marseille.

Job Seeker: "I'm your man. Can I have my salary in advance?"

## NOTICE OF SUMMONS BY PUBLICATION

North Carolina, Davie County.

In the Superior Court Before the Clerk—Town of Mocksville, Plaintiff vs. W. N. Hearn and wife, Mrs. W. N. Hearn, if W. N. Hearn be alive, or if he be dead, his heirs, devisees, assignees and legatees and Davie County.

The defendants W. N. Hearn and wife, Mrs. W. N. Hearn, if W. N. Hearn be alive, or if he be dead, his heirs, assignees and legatees will take notice that an action entitled as above has been commenced in the Superior Court of Davie County, North Carolina, to foreclose the lien of taxes due the plaintiff, which taxes were duly listed by Town of Mocksville, and which constitute a first lien upon the real estate lying in Mocksville Township, Davie County, and described as follows: Adjoining the lot of A. H. Cozart and others being lots No. 26, 27 and 28 in Block B West End Development in Town of Mocksville, N. C. recorded in book of deeds No. 23, page 481, plat also attached in Register of Deeds Office, Davie County, North Carolina. And the relief demanded consists in selling said real estate for taxes due the plaintiff and in excluding all persons from any liens or interest due the plaintiff and in excluding all persons from any liens or interest in said property.

The defendants will further take notice that they are required to appear at the office of the Clerk of the Superior Court of said County in the Court-house of said County on the 20 day of July 1945 or within twenty days after the 20 day of July 1945 and answer or demur to the complaint filed in said action, or the plaintiff will apply to the Court for the relief demanded in the complaint.

This 27 day of June 1945.  
S. H. CHAFFIN, Clerk, Davie County Superior Court, Jacob Stewart, Atty. 6-26-45
