

LOCAL SCHOOL GRADE RAISES \$100 FOR THREE PINION BOYS

Boys and girls of the seventh grade of the Mocksville schools raised \$100 through the school and among local citizens which was given to Mrs. D. E. Pinion of Salisbury, mother of the three boys who patiently await death as the result of the incurable muscular distrophy with which they are afflicted.

The \$100 bill was presented in person to Mrs. Pinion last Monday by a committee of four students from the seventh grade, and their teacher, Miss Hope McCall, chosen for that purpose. They were Nancy Latham, Lawrence Carter, Turner Ammons and Ellise Jordan.

Miss McCall stated that she and the students wished to thank every person who made a contribution for Mrs. Pinion and the boys.

T. Henry Wilson and associates, of Morganton, who will erect a furniture plant here, are going to build a larger plant in Morganton, according to a story released several days ago. The Morganton plant will have an authorized capital of \$1,000,000 with a working capital of \$900,000, it is understood.

The concern will operate plants both here and at Morganton, in addition to one they are now operating at High Point. Some preliminary surveying work has already been done on the site for the local plant.

Call Pastor For Baptist Church

Rev. J. P. Davis of Spray accepted a call last Sunday as pastor of the Mocksville Baptist church. He will assume his new duties on November 1.

Rev. Mr. Davis is a native of Granville county. He graduated at Wake Forest in 1926 and is a graduate of the Southern Baptist Theological Seminary at Louisville, Ky. His first pastorate was at Boonville, where he served for nine years, going from there to Spray. He is married and has a year-old son, Jimmy. The parsonage will be done over before the new pastor moves in.

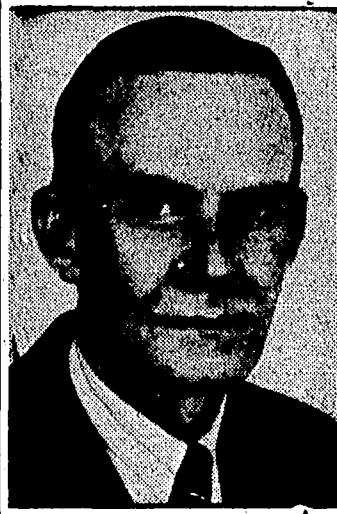

Says Salvation Army Is "Debasing" Him

Rev. F. Lee Ritchie of the Mission Army has sent the Enterprise the article below and requested that it be printed. We are printing it exactly as received. Editor.

"An article appeared in the Mocksville Enterprise of last week Sept. 28th. attacking myself and the Mission Army of which I represent. This article was given to the newspaper by Capt. L. C. Sheffield of the Salvation Army of Salisbury. I wish to state what the Mission Army is, and what it is not, and let the public judge if it is worthy of support. It is incorporated as a no sectarian home missionary church society under the laws of N.C. and is a 100% American organization and is not controlled by any foreign powers like the Salvation Army. And its funds are all used like

Buy's Plant

J. Q. GRAHAM, above, who operates the Graham Furniture Co. here, has bought the Mocksville Lumber Co. and will manufacture upholstery frames and other furniture parts in the plant. The concern is known as the Variety Mfg. Co. Production has already started.

Mr. Graham bought the company from E. G. Hendricks and Robert L. Smith. Mr. Hendricks is erecting a 20 x 40, concrete-block one story building on South Main street near the overhead bridge, where he will operate a general merchandise store. Mr. Smith has not yet announced his plans for the future.

BOY SCOUTS GET MEDALS

Boy Scouts who collected over one thousand pounds of scrap paper during the war drives in March and April, 1944, were awarded Eisenhower medals at a meeting of the Mocksville Merchants Association Monday night.

Those receiving the awards included Jimmy Campbell, Bill Click, Bill Mason, Tommy LeGrand, Jack LeGrand, Johnnie Durham, Bob Sofey, Bill Sofey, Bobby Mack Foster, Billy Benson, Turner Ammons, Bennie Naylor, Chester James and Jack Boger.

A committee composed of D. J. Mando and Bryan Sell was appointed to investigate the cost of becoming affiliated with the state merchants association.

Truck Drivers Are Injured

Two truck drivers were seriously injured about noon last Wednesday when they collided head-on near the curve at Lisha creek on the Winston highway. Both are in the Rowan Memorial hospital, Salisbury.

James E. Lowe of Long Island, N. Y., has a head injury and D. F. White of Statesville has a fractured leg and possibly internal injuries.

OPA Office Closes Here on October 31

The local OPA office will close on Oct. 31. Twenty-eight other towns in the Charlotte district are also closing. Business of the local board will be handled by Salisbury.

Charlotte has not yet advised the local office just how price and rationing will be handled in the local area. Word is expected soon.

Plans are complete to open the National War Fund campaign in Davie county next Monday morning, according to Robert S. McNeill, county chairman. The goal is the same as last year, \$7,600.

Mr. McNeill points out that a portion of the money raised will be used for Boy Scouts and Girl Scouts in this county. The remainder of the money will go to support 22 member agencies, including the USO with 2,700 clubs and units. Five hundred of the USO clubs are located near General Hospitals which provide community headquarters for service men and their families where they can meet, join in recreational activities, and even heat the baby's milk and cook his favorite dishes.

For our allies in the war United War Fund money goes to supply medical supplies, food, clothing and other materials for children, sick and aged and those who have been bombed out of their homes, livelihood and life savings.

President Truman has stated that there is a great need for the money, particularly "for the morale and well-being of our own forces at home and abroad who must carry through to the happy hour when a proud America can take back to its hearts and homes the men and women who have won the fight."

Mr. McNeill announces the following workers in the various townships, although some are yet incomplete:

Cooleemee: Chas. F. Bahnson, county co-chairman, and M. A. Carpenter.

East Shady Grove: Mrs. Oscar Poindexter, chairman, Ruth Bowden, Mesdames Gladys Jones, H. B. Cornatzer, W. R. Patterson and Houston Crater.

NEWS OF FARM CONSERVATION

By G. W. McCLELLAN

Surely every person interested in Davie county and its resources has observed the damage done by erosion during the rainstorms that began Sept. 13. Conservation work really pays dividends during such destructive rains.

Tom Spry near Turrentine Church had some nice terraces

UPSET STOMACHS YIELD INCHES OF GAS AND BLOAT

"I was so full of gas I was afraid I'd burst. Sour, bitter substance rose in my throat from my upset stomach after meals. I got INNER-AID, and it worked inches of gas and bloat from me. Waistline is way down now. Meals are a pleasure. I praise Inner-Aid to the sky." This is an actual testimonial from a man living right here in Mocksville.

INNER-AID is the new formula containing medicinal juices from 12 Great Herbs; these herbs cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering—Get Inner-Aid. Sold by all drug stores here in Davie county. adv.

built just before the rain storm. These terraces did the job well and Mr. Spry is well pleased.

J. M. Eaton near Cana sowed five acres of pasture grasses and ladino clover recently. This makes around 22 acres of improved pasture. Mr. Eaton has found this work very profitable as it is easier to feed cows with less work and expense by having good pastures.

Col. W. G. Murchison near Cana has about two acres of kudzu that was planted in 1941 on some badly eroded gullied land. During the extreme drought during August when his other grazing land no longer furnished good grazing the kudzu was thriving and ready to graze. Several cows were turned on this kudzu and were well fed for something like two weeks. On September 12 the kudzu looked as though it had not been grazed.

We need more supplementary grazing like kudzu, sericea, winter grain mixtures and other plants to have a well rounded conservation and livestock program.

QUITE A BIT OF RAIN LATELY

Perhaps, we can with safety discuss the weather. It is something which can be discussed without involving one in social, political, or philosophical debates. Anyway, we feel on safer grounds, for as oft as we blueprint some system which we think workable, along comes events which smear our blueprints beyond recognition.

We make no bones of the fact that we have leaned considerably in our championship of the working man, and have sometimes criticized the people who seemed indisposed to give labor a fair deal. There were times when we felt that those men had wrong concept of things, and manifested a bad spirit in giving expression to said concept. But just as those persons are disposed to manifest a new spirit and a willingness to cooperate on reasonable terms, the other side turns up with a spirit more ugly than they possessed. What to make of it we hardly know. As many times stated, we are not experts in the fields of economics and sociology, but we lay claim to a little commonsense which makes us wonder what both labor and capital have to gain by continued war among themselves. The war ends and we have hopes of vast reemployment. Now comes one big strike after another. If there is no production there can be no markets; no markets mean no goods can be produced, and with no production no wages; no wages, no ability to buy. What a vicious circle!

We have long been an advocate of higher wages, wages consistent with the welfare of everyone concerned. But somebody has to pay wages and in the final analysis it is the purchasing public who pays. Millions are going to be unable to pay the increased prices, and consequently production will decrease, thus throwing more people out of work. With all the need for goods—within the purchasing power of the public, and with millions asking for work, we have the spectacle of millions refusing to work! As we said, we have had quite a bit of rain lately.

SOME THINGS TO REMEMBER

We would never advocate the practice of harboring hate, or remembering injuries suffered purely out of a desire for revenge. However, there are some things which Americans should remember about the Germans. They should familiarize themselves with Germany's history for the past hundred and fifty years, and they should study some German philosophy. Also, they should remember the treachery and brutality of the Germans during the long years of the war. We are moved to read the above reflections when we read of the fraternization between American soldiers and German girls. We have seen pictures of them in the papers which are not flattering to the intelligence or character of the American soldier. The German girl is a German, and she will continue to be a German. No doubt they would be willing to marry American soldiers, and their outward attitude and conduct would probably be very proper. But inwardly they would be German. They would school their children in the greatness of Germans. We should have in America an influence against all that America stands for. It would be a force divisive and dangerous to the country, in addition to being productive of domestic unhappiness.

LOANS TO ENGLAND

We agree with President Truman's statement that it is silly to regard a loan to England as the support of a Socialist form of government. That government, put in by an overwhelming majority of Britain's voters, is as much England's business as Democracy is our business. A loan to England will not be so much in the nature of support of a form of government as a matter of enabling a brave people to have the necessities of life. England sacrificed far more than we. While we were getting ready to fight England bravely held the foe at bay. The whole world owes a debt of gratitude to England. The future of the world depends a great deal upon the close and friendly cooperation of England and America. We can afford to be generous to England, not only as a gesture of friendship, but because our own well being lies in it.

It will soon be time to fight the peach tree borer. Ask your county agent for a free copy of Extension Circular No. 277, or write the Agricultural Editor, State College, Raleigh.

LETTERS TO THE EDITOR

Soldier Tells Experiences

The following letter was written by Pfc. James B. Swicegood of route 3 to his relatives and relates his war experiences:

Dear Sis and Kay:

Will say I am O.K. first and am giving you a few details I couldn't write until now. As a replacement I started overseas on Jan. 7, 1945, and was none too happy at the time, for I had had only 17 weeks training. We sailed aboard the Queen Elizabeth and landed safely on Jan. 14, 1945, at Greenock, Scotland. It would be hard for anyone to tell just how one feels after he first sees land. I will admit there is some beautiful country, but none quite as nice as a spot in N. C. known to all as Davie. We went from Scotland to Southampton, England, by train. We crossed the Channel from Southampton to Le Havre. There we boarded trains and rode in box cars. (40 & 8 they were called). There it snowed every day and from one replacement depot to another until at last on Jan. 21 I joined the 117th Inf. Regiment of the 30 Division (Old Hickory) at Grad St. Quentin, Belgium, which was in the thick of the "Bulge." On Jan. 25 the 30th was pulled from the lines to bring in more replacements to all companies.

Five days later we moved to Aachen, Germany, and from that to the Rhine River. The crossing itself wasn't too bad but a bit rough on my company itself. Most of our men were wounded by mines in that particular campaign. It was a steady push for 6 days and 5 nights without stopping to eat, sleep or anything. We were a tired, dirty, war-weary bunch of G.I.'s. Then we were pulled back to Holland and there practiced river crossing, mostly for the Rhine River campaign. On March 24 we moved up and crossed the River in assault boats and amphibious jeeps.

The 4,000 artillery guns backed our attack by laying down a barrage of fire for 4 hours. We crossed under the fire and established our beach head. Later that day our platoon suffered 12 casualties from machine gun and sniper fire. I also got hit in the leg by 2 pieces of shrapnel. The "medicos" are swell guys. Most of our men were back in a few days later. After that it was a real hot chase for the Elbe River. We closed in on the pocket of Germans. We worked all the way with the 2nd Armored boys. They are a swell bunch of boys to work with. On the Elbe we stopped in Madgeburg, where the historical meetings of the Yanks and Reds came together.

As final surrender came I was only 50 miles from Berlin still on the Elbe River. We took quite a large number of prisoners. After V-E Day I spent 18 days in the hospital with my feet, which were frozen in the winter and became infected and sore by too much walking (it is commonly known as trench feet). We were moved here and there until on August 17, 1945, we sailed from England aboard the "Queen Mary" for the U.S.A. Not only myself but there was a proud bunch of G.I.'s aboard. Not only because of the fighting was over but on our way back home. I can proudly say I am happy to be home and can truly say that God watched over me.

Sis, I have the Good Conduct Ribbon, the ETO Ribbon with 3 battle stars and the Combat Infantry badge.

Love,

"JIM"

Mrs. Frank Stonestreet Loses Her Mother

Mrs. Adelaide Blum Petree, 84, died at her home in Germantown Friday morning. She had been in declining health for sometime and was seriously ill for the past several months. Funeral services were held Sunday and interment was in the Corinthian Christian Church cemetery. Born in Winston-Salem, Dec. 6, 1860, she was a daughter of the late Edmund and Catherine Hartman Blum. She spent her early life in Winston-Salem, moving to the Germantown community after her marriage to Riley J. Petree on April 12, 1881. Mr. Petree, a prominent farmer, died May 23, 1928.

Mrs. Petree was a member of Rural Hall Christian Church. She was graduated from Salem College, June 20, 1878, and was in the first class which received diplomas from Salem. She was a member of a well-known family in this section.

Surviving are four daughters, Mrs. W. R. Graham of Blackstone, Va.; Mrs. J. F. Stonestreet of Mocksville, Mrs. W. E. Westmoreland of Germantown, and Mrs. Ruth Petree of the home; seven sons, O. M. Petree of Whiteville; H. G. Petree of Rural Hall; Lieutenant Colonel P. A. Petree of the U. S. Army, Chicago; Dr. G. F. Petree of King, C. E. Petree of Cherry Lake, Fla.; Dr. R. E. Petree of Charlotte; and R. J. Petree of Louisville, Ky.; 27 grandchildren and 12 great-grandchildren.

TWIN DAUGHTERS

Born to Mr. and Mrs. Sam W. Bailey of Erwin street, twin daughters, at the Rowan Memorial hospital, Salisbury, Tuesday night, Sept. 25. Betty Lou weighed 5 pounds and six ounces and Bonnie Sue weighed a little more than 4 pounds. Mrs. Bailey and daughters are getting along nicely.

MORE ABOUT Says Army

any other church work. And attention please they are all used for what they are given for and in this state. And not one penny is sent to any foreign country. And it is not a so called religious charitable organization that spends about 10% of its money on the poor and the rest for what is called supervision etc or any thing else that they want to do with it.

"While this is the main subject of the Salvation Army, namely money we will state that the records of our money is kept and accounted for and for free inspection any time by anyone who is interested in seeing the report.

"Furthermore we have for over two years sent our Christian literature to the armed services all over the world absolutely free. And have letters on file in our office from many that received it.

"Since the American constitution guarantees religious liberty and that is one of the Four Freedoms for which the war has been fought it is very debased and an American and an Christian for Capt Shellfield of the Salvation Army to try to get the police and mayors to have me or anyone else representing any other organization stopped. And the public we believe will resent to the core any such actions from anyone claiming to be a Christian as the Bible plainly states that no one should resort to law with his brother. As far as this organization and myself are concerned we are going to have equal rights and insist that others have the same as long as we have a Constitution in America. At least we are going to try by the help of God.

GIRL SCOUTS HOLD BANQUET

The Girl Scouts of Cooleemee held a mother, daughter banquet at the Recreation Hall Saturday night, Sept. 29. The table was decorated in Girl Scout colors, yellow and green. Due to the kindness of Mrs. Dallas Nichols, who donated five pounds of sugar, a beautiful birthday cake with six candles was the center of attraction. After everyone enjoyed a chicken salad plate, a sort program was given by the Scouts, during which Mrs. Isley, their leader, presented the following badges: tenderfoot badges to Kay Messick and Carol Ann Cope; second class badge to Kay Nichols; five merit badges to Sue Wagner and Kay Nichols; Service Stars to Sarah Milholen, Kay Nichols, Peggy Wyrick, Sue Wagner, and Doris Veach.

A lovely gift was presented to Mrs. Crawford from the Scouts for her kindness shown to them while camping on the Crawford Farm.

Those present were Mesdames Fred Blackwood, Radford Cope, Dewey Veach, Oscar Wyrick, Dallas Nichols, Clarence Messick, J. G. Crawford, J. G. McNeely, and C. L. Isley, Misses Annie B. Anthony, Marloia Crawford, Dorothy Helsabeck, Jean Wagner, Sue Wagner, Irene Spry, Peggy Blackwood, Carol Ann Cope, Sarah Milholen, Doris Veach, Jean Athey, Peggy Wyrick, Kay Nichols, and Kay Messick.

G. I. Speed

A chaplain serving his first day at camp reported on the speed with which G. I.'s stow away food. "I bowed my head for a few words of grace—and by the time I looked up, a waiter asked me what I wanted for dessert."

A JOKE A DAY

Just Natural

Lady: "Doctor, why does a small cavity feel so large to the tongue?"

Dentist: "Just the natural tendency of your tongue to exaggerate, I suppose."

Amusement Tax

"For beating your wife, I will fine you \$1.10," said the judge.

"I don't object to the dollar," said the prisoner, "but what is the ten cents for?"

"That," said the judge, "is the Federal tax on amusements."

Striking

Author: "This is the plot of my story: Two burglars crept stealthily toward a house. They climb a wall and force open a window and enter a room. A clock strikes one."

Sweet Young Thing: "Which one?"

Insured

Small Boy (to his mother): "Mother, may I go in to swim?"

Mother: "Certainly not, my dear. It is far too deep."

Small Boy: "But Daddy is swimming."

Mother: "Yes, dear, but he's insured."

Trouble-Hunter

Man—My wife and I never quarrel. She does exactly as she pleases and so do I.

Friend—You mean both do as she pleases?

Man—Absolutely. I don't go looking for trouble.

Brown: "Your son tossed a lump of coal at me as I came home this evening?"

Jones: "He did, did he? I'll have to speak to him about that. Doesn't he realize that I can't get more than half a ton at a time from my dealer?"

CLEANING COAL FOR THEIR WINTER

MATCHING THEIR COUNTRYMEN who've gone into the forests for twigs, these Germans gather bits of coal—and hope to be warm this winter. Wasted or spilled from barges at the Hamburg docks, the crumbs were deposited by dredges on a flat bank of the Elbe.

School libraries to serve adults as well as children are wanted by two farmers out of three in the United States. Hot lunches served at school were favored by four out of five.

People opposed to further advances prefer to call it lend-lease.

Davie County Training School News Announced

The Davie County Training School opened this term with a larger enrollment than last year. There were four new persons on the faculty at the beginning of school, namely E. R. Jeffries, agriculture, E. M. Riven, Math. and Science, Mrs. E. M. Younge, third and fourth grades, and Mrs. A. D. Lowery, eighth grade.

The faculty presented a play last Thursday night, entitled "Who Shall He Marry?" which was enjoyed by a large and enthusiastic audience.

The first meeting of the P.T.A. was held Monday night, Oct. 1. All officers were retained except one. Mrs. L. Williams was elected secretary for the incoming year.

The meeting was presided over by the president, Mrs. P. L. Johnson.

The group endorsed the request made by the principal to help secure playground equipment for the school, and to add volumes of books to the library.

A committee was appointed by the president to start a membership drive for new members of the association, which will culminate at the next meeting the first Monday night in November.

Farmer Prefers New V-Ditch Drainage

Philip Swain of Route 1, Columbia, in Tyrrell County, has found that the V-ditch type of drainage works very satisfactorily on his farm. In fact, he likes it much better than the open-ditch drainage and gave it a thorough test this summer when rains in his territory were heavy, says County Agent H. H. Harris of the State College Extension Service.

The V-ditch drainage carried more water during the heavy rains because of its greater width at the top.

Swain mentioned several advantages of the V-ditch type of drainage. First, less manual labor is required to maintain the ditch. Second, banks can be cut quicker and easier. Third, the ditch can be cleaned with machinery at a great reduction in cost.

Swain has had some V-ditches for several years, and this summer he found that the older ones did not fill up nearly as fast as the new ones. The grass and weeds along the banks helped to prevent the soil from washing.

LOWER GRADE MEATS POINT FREE

All lower grade beef, including utility and cull grades of veal, and lamb, along with sausage and other products whose principal ingredients are these meats, will be point free through the period from September 30 to October 27. Hamburger, lamb patties, veal patties, short ribs, brisket and flank meat are included on the point free list.

This October meat increase is made possible by the seasonal marketing increase of range fed cattle which produce these grades and have made the zero point value allowable.

Pork, the better grades of beef, veal and lamb remain on the short list and therefore require points. The Department of Agriculture and the OPA agree that point values on these better grades of meat must remain indefinitely.

The point values on fats, oils and dairy products are also unchanged.

TIRE QUOTAS UNCHANGED

"Passenger car tire inventories are at 'rock bottom,'" L. W. Driscoll, OPA District Director in Charlotte, said in announcing the passenger tire quota for October will be the same as for the past four months.

"The supply of passenger tires is still far from enough to meet the unprecedented demand for them since gasoline rationing was lifted," he said, calling attention to the fact that the backlog of applications left from September almost equals the October quotas. "Only the most essential users should apply and only then in cases of direst need," Mr. Driscoll stated.

The tire production schedules call for increases. If these increases are met they will be passed along by the WPB to OPA but the prospects for early relief are dim. The District Director described the passenger car tire situation as "critical."

Drivers are urged to continue present tire conservation practices, to recap, to check inflation pressures often and to drive slowly.

USED FAT SHORTAGE CRITICAL

Effective immediately, retail meat dealers will pay FOUR red points for each pound of used kitchen fats turned into them. "During the war, we stressed the necessity for turning in used household cooking fats because of the use to which they could be put in making explosives," Mr. Driscoll said.

"But there is still a critical need for them to make soap, among other things we need in our daily life," he declared.

For this reason, he explained, OPA has decided to double the red point value of these critical waste materials to further encourage housewives to save them.

Previously, it was recalled, retailers paid two red points per pound for used fats.

Strike Threatened At Erwin Mills

Durham.—Unless the management of the Erwin Mills settles its contract differences with the Textile Workers Union before next Sunday a strike will be called Monday, Oct. 8, at the Erwin Mills plants in Durham, Erwin, and Cooleemee, according to a resolution adopted at a mass meeting of members of the union.

The resolution passed unanimously at the meeting stated that if there wasn't an accepted contract signed by Oct. 7, there wouldn't be any work on Oct. 8, or thereafter until a contract is signed, according to W. R. Mur-

ray, business manager of Local 146, of the C.I.O. union. Murray said that the strike would apply to all the mill's plants although representatives of the Erwin and Cooleemee locals were not present at the meeting here.

Under supervision of the National Labor Relations Board unions here joined others at Erwin and Cooleemee on Sept. 22, in voting to strike because, they charged, the mill refused to submit to the War Labor Board for arbitration a dispute over a work load clause in the new contract which would supplant one which expired in August. It is contended by the mill, however, that the War Labor Board has "ruled upon the work-

Rotarians Hear Ross Stevens

Hunters and fishermen of this state deserve more for their license money and consequently wildlife clubs are being organized in each county for this and other purposes, Ross O. Stevens of Raleigh, executive secretary of the N. C. Wildlife Federation, told Rotarians at their meeting Tuesday.

Every four years the administration changes in Raleigh and a new group comes into office who are not familiar with the needs of protecting wild game and fish, the speaker said. It is desirable that wildlife have a continuous administration under separate management and have control of the funds which the hunters and fishermen pay each year, according to Mr. Stevens. Only in this way can the wild life in the future. The state be assured of more game, speaker pointed out that some states are already well advanced in the protection of their wildlife and he cited the fact that

there was a great need for it in North Carolina — and that sportsmen and citizens alike are deeply interested in having more and better game and fish.

Gaither Sanford was in charge of the program. The Women's Missionary Society of the Methodist church, Mrs. E. W. Crow chairman, served the meal which consisted of beef stew on toast, candied yams, slaw, tomatoes cake with lemon sauce.

Purebred poultry shows for 4-H club members will be held at Asheboro, Greensboro, Winston-Salem, Goldsboro, and Wilmington. The last three will be district shows with four counties competing.

A new day is coming ---
TO YOUR FARM

THE FARMER is CITIZEN NO. 1 today with the world needing more desperately than ever, and in greater quantities, the food he produces.

PARTNERSHIP WITH THE FARMER is one of your power company's most important obligations as a citizen in today's changing world.

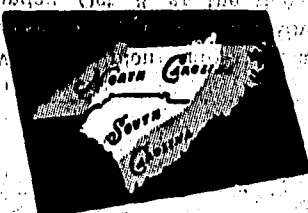

IT IS A CONTINUED OBLIGATION . . . The Duke Power Company pioneered in rural electrification 25 years ago. Now with our war assignments finished, we are at work on an extensive program aimed at making farm life healthier, happier, and more profitable.

HEALTHIER by providing power for modern refrigeration and food processing.

HAPPIER by relieving the farm family of time-consuming drudgery, thereby creating more leisure . . . and by enabling our young farmers to use at home, productively, for their own and their region's betterment, the high skills they acquired for war.

MORE PROFITABLE by saving wages, lessening risks, eliminating waste of perishable foods, increasing production in dairy and poultry yard, hastening plants in seed beds, making possible the irrigation of small crops, and in dozens of other uses the farmer quickly finds for electricity, once it is available to him.

Yes, we are for rural electrification and plenty of it, soon.

DUKE POWER COMPANY
Serving the Piedmont Carolinas

Beyond

THE CALL OF DUTY

It is a gratifying fact to the Duke Power Company that, besides supplying electricity to its farm customers at the same price paid in towns and cities, it supplies power to REA for those regions beyond which a tax-paying company can take its own lines and remain in operation.

As a private business we must pay our own way and help pay REA's way as well . . . Supplying power to REA for areas joining our own is that little margin beyond the call of duty in which we . . . like other citizens . . . take special pride.

JOHN L. FOSTER DIED TUESDAY

John L. Foster, 82, well-known farmer, died suddenly Tuesday afternoon at 5:30 o'clock at his home in the County Line community. He had been in ill health for some time and suffered a heart attack.

Mr. Foster was born in Davie county, March 8, 1863, a son of Samuel and Laura Foster. He spent his entire life in that section and was married to Miss Augusta Blackwell 52 years ago. She died 15 years ago. He was a member of Salem Methodist Church.

Surviving are four children, Robert A., Henry Clay, John H. and Miss Mary E. Foster, all of the County Line community and two grandchildren.

The funeral was held at Salem Methodist Church Thursday afternoon at 2:30 o'clock. Burial was in the church graveyard.

Presbyterians Get New Pastor Nov. 15

Dr. Robert King, 63, pastor of the First Presbyterian church of Johnson City, Tenn., has accepted the call to become pastor of the Mocksville Presbyterian church.

He will assume his new duties on November 1. Dr. King has a congregation of about 1,200 in Johnson City and the local Presbyterians are highly pleased to secure the services of one so able as he. Negotiations have been in progress for several months.

COMMISSIONED

Samuel W. Howell of Cana received his commission as a second lieutenant on Oct. 3 when he graduated at the B-29 Flight Engineer School at Hondo Army Air Field, Hondo, Texas. He was formerly a chief warrant officer.

DISTINCTION as the only film star to enter the Army a private and leave it still a private is claimed for "Red" Skelton (above) by his champions. "Red" is shown hugging his pretty wife as she welcomed him in Pasadena, Calif., after his discharge.

Church Has Good Year

According to information furnished by the pastor, Dr. J. E. Pritchard, the local Methodist church closed another good year. Seventeen new members were added to the church roll during the year and the present membership is 417. During the past year the church raised for all purposes a little more than six thousand dollars. Approximately one-half of this amount was for local purposes while the other half was sent away for missions, education, relief, orphanages, hospitals and other charitable purposes. As this was Dr. Pritchard's first year here, it is reasonably certain that the Western N. C. Conference, meeting in Greensboro this week, will return him to this charge for another year. With this in view he is announcing regular services next Sunday, both morning and evening.

DISCHARGED

Harvey B. Smith, son of Charles L. Smith of route 4, received his honorable discharge at Ft. Sill, Okla., on Sept. 29. He served 21 months in the states and 30 months overseas.

HERE & THERE

APPOINTED

Mrs. Charles H. Tomlinson of Mocksville has been appointed a member of the state-wide reception committee at Statesville on Nov. 2 when President Truman, Secretary of the Treasury Fred M. Vinson and Secretary of War Robert Patterson will address the members of the N. C. state senate and the general public. Mrs. R. S. Ferguson of Taylorsville is chairman of the committee.

BAPTIST SERVICE

James T. McRae, who is now studying at Bowman Gray School of Medicine, Winston-Salem, will hold services at the Baptist church Sunday. Mr. McRae has studied at the Baptist Seminary at Louisville, Ky., and is now studying for a medical missionary.

PREACHES

James T. McRae, student at the Baptist hospital, Winston, who is preparing himself to become a medical missionary, will preach Sunday morning at 11 o'clock at the First Baptist church here.

EDITOR

Rev. Henry C. Sprinkle, Jr., son of Rev. and Mrs. Sprinkle of Mocksville, who has been a chaplain in the navy for the last three years, has been discharged and has been named editor and manager of the North Carolina Christian Advocate, official organ of the Methodists.

LOSES SON-IN-LAW

Mrs. D. C. Howard has received word of the death of her son-in-law, W. H. List, of Baltimore, Md. He is survived by his wife, the former Thirza Howard, of Mocksville and a son Dennis Carol, his parents, two brothers and two sisters.

Need For United War Fund Great

The need will remain great until the last service flag comes down and the world has written a durable peace. Rev. H. C. Sprinkle told Rotarians at their Tuesday meeting in urging them to support enthusiastically the United War Fund. Dayle's quota is \$7,320 and a portion of the money remains in the county for the support of Boy Scouts and Girl Scouts.

Rev. Sprinkle cited the fact that millions of boys are yet in service and will continue to be for many months to come. He mentioned that the USO work becomes more important in keeping up morale for boys who naturally desire to come home since the war is over. He also cited the fact that money is needed to aid the starving and homeless war victims.

Jim Thompson was in charge of the program and Bill Pennington presided in the absence of the president, Kim Sheek.

R. B. Sanford stated that one of the greatest needs of Mocksville was more houses, particularly to accommodate those who will be employed in new industries locally. He urged lumber folks and others to build some houses for this purpose.

The W.S.C.S. of the Methodist church served the meal consisting of baked chicken, gravy, dressing, rice, sliced tomatoes, slaw, baked apple, hot rolls, toothy coconut custard and coffee.

MOVE TO LENOIR

Gerald Dickerson, who has been bookkeeper for the Davie Electric Membership Corporation since February, 1942, has resigned to become head bookkeeper of the Blue Ridge Electric Membership Corporation in Lenoir. He will assume his new duties September 22. Mrs. Era Latham has accepted the position left vacant by Mr. Dickerson. It is stated by J. C. Jones, manager.

Would you like to work in the new knitting mill which has been proposed for Mocksville? Experience is not essential.

Send your name on a post card or give it in person to D. J. Mando at Sanford's store. He is acting for a committee of the Rotary club that is seeking to get a possible list of workers for the Thomasville manufacturer who wants to locate here.

Both male and female workers are wanted.

Glenna Collette Wins Dress Revue

Miss Glenna Collette was first place winner in the 4-H Dress Revue held in Miss Mackie's office on Friday of last week. Glenna is now eligible to enter the District Clothing Contest to be held in Albemarle in the near future.

The winner wore a suit of brown and green tweed, with a bag and hat of brown velvet which she also made to match her suit. She is the daughter of Mr. and Mrs. N. H. Collette, of Cana, and has been a member of the Mocksville 4-H Club for the past three years.

Other contestants placed in the blue ribbon group were: Martha Rose Miller, who wore an attractive one piece blue woolen plaid; Ada Ann Atkinson, who wore a very becoming green and white cotton gingham, and Carolyn Eaton's red checked gingham was very appropriate for her coloring and personality. Sarah Ruth Eaton's dress of green and white print made from sacks also deserves honorable mention.

Judges for the Revue were: Mrs. Leslie Daniel, Home Economics teacher, and Miss Ann Anthony, Home Economics teacher in the Cooleemee school.

WM. R. DAVIE CARNIVAL

The Halloween carnival will be held at the William R. Davie school Friday night, October 26. Supper will be served by the parents beginning at 6 o'clock. All patrons and friends of the school are invited to attend.

Man Had Bricks In His Stomach For 10 Years

One man recently stated that for 10 years he felt like he had a brick in his stomach. This feeling was due to the lump of undigested food he always had inside of him. He was weak, worn out, headachy, swollen with gas and terribly constipated. Recently he started taking INNER-AID and says the feeling like a brick in his stomach disappeared the second day. Bowels are regular now, and headaches are gone and he feels like a new man. INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all Drug Stores here in Davie county.

From where I sit... by Joe Marsh

Americans have a word for it

Bill Larkin's boy, who's back from overseas for good, was telling us about the funny customs and the different languages of European countries.

One thing he noticed is that in so many of those countries there is no word for "home." "House," yes... or "building." But no name that stands for what we mean when we say home. "In spite of the fact," says Bill, "that it's the most important thing there is... a place where you can take your shoes

off and let down your hair... enjoy a glass of beer before the fire and relax with folks you love!"

From where I sit, that may be an important difference between this country and some others. The conception of home as a place of tolerance and sacred loyalties—where differences of habit and opinion give way before love and understanding! Yes, we Americans have a name for it!

NOW 4 POINTS
FOR USED FATS

Help Increase Supplies of Soap and Other Peacetime Products By Saving More Used Fats

Industrial fats far short of last year! We are almost down to the bottom of the barrel. The nation's industrial fat supply is millions of pounds less than it was in 1944. We need fully as much as last year to help make the soaps and other civilian goods you want and need so badly. So...

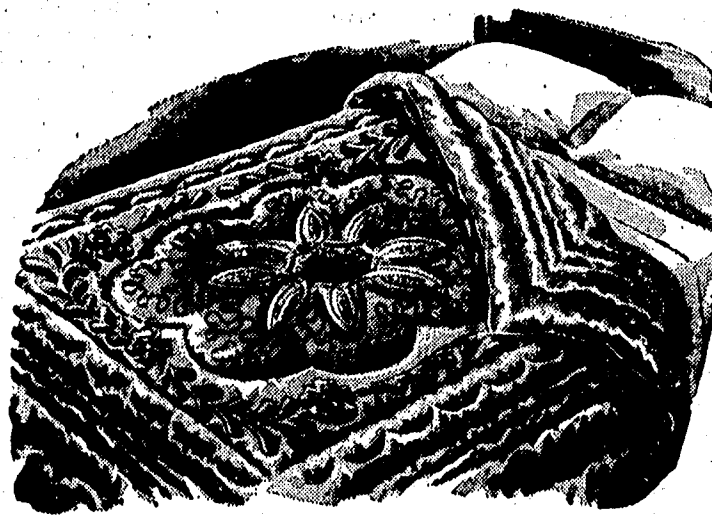

If you want more soap and soap flakes... if you're dreaming of nylons, sheets, cotton fabrics and want them to hurry back to the store counter... you can help by saving those used kitchen fats as you never saved before! Save every drop, every day!

These fats are vitally necessary to help speed greater supplies of soaps and other things—like new cars, electric washers, refrigerators and tires. Industry must have these fats... to help get to you more quickly the peacetime products you want.

So skim and scrape just as you did so faithfully before V-J Day. To prove how important it is, your government has increased the point bonus. So please help! Keep on saving used fats! If you can't find a store that accepts used fats, call Home Demonstration or County Agent.

IT'S TIME TO GIVE AGAIN . . .

Within Walking Distance

It's not even too far to hobble, when you're leaving the blank walls of a hospital room for a brief while, on your way to a place of laughter and song and play.

The welcoming doors of a U.S.O. lounge club are just outside the hospital grounds—at more than 500 hospitals.

Here, at the house of smiles, war-shattered smell of ether and disinfectants. Here they enjoy their favorite phonograph records, today's newspaper, the checker-board that you gave them when you gave to your local community fund.

These are little things, but they're good medicine! The nearby U.S.O. lounge is theater, club—almost HOME—to the shocked and hurt boy whose present home is a hospital room. And your dollars keep these lounges going—the dollars you give to your community war fund.

It's time to give again—for the men who gave a lot. Give generously! Make your donation twice as big—the need is more than twice as great.

Your donation to the community war fund supports the U.S.O. and does many other worth-while things besides. It provides maternity care for wives of servicemen, decent, wholesome recreation to keep children off the streets and out of trouble, help for the stricken people of our allies, help for your own.

You help many who can't help themselves, yet you are asked for only one gift. Let your heart decide how big it should be.

PATIENCE NEEDED

It is true that purposeful activity is necessary to any laudable achievements. The best things in life are not thrown at us, but are obtained at the cost of effort and sacrifice.

However, in times of work and strain the element of patience must enter in. Effort which is put forth without serious thought is often wasted—and worse, it often becomes destructive of the very ends we seek to achieve.

We have won the war on the field of battle. We are now entering the hard phase of the struggle—the cooperation of diverse peoples and nations in working out a just and lasting peace.

Most of us are impatient with delays; Congress is flooded with letters of appeals to secure relief for many inconveniences; workers are going on strike for higher wages, and there is murmuring everywhere.

First, we have to make up our minds that these are inevitable. The great peace cannot be secured by listlessness and inaction. Clash is inevitable, as the higher expression of the great ideal of freedom works its way into social and political forms.

There is a clash of religious ideas.

There is clash of social principles.

There is clash between individuals who seek personal gain rather than social enrichment.

Second, we must face these conditions as facts; we cannot ignore them or escape them, but must work through them to peace and prosperity. No one group has all the answers. There must be mutual concessions and personal sacrifices. We made these contributions to win the war; they are even more necessary in winning the peace.

It is the spirit and disposition of the people which counts.

Legislation can accomplish little save as it embodies and expresses the character of the people.

RULE OUT APPEASEMENT

There are so many warnings being issued by certain newspaper columnists and radio commentators that we have become a bit skeptical. The unanimity of such comments suggests propaganda rather than factual reporting. We have urged all along that we try to understand Russia, and that we help Russia to understand us. We believe that somebody must take the initiative in making for friendship and understanding. That does not mean that we should shut our eyes to facts. We do not advocate appeasement anywhere. The world has suffered enough from that policy. Some of us remember the heartache we had when Chamberlain at Munich, in a vain effort to appease Hitler, opened the doors for that brutal and dastardly man to overrun most of Europe. It was a sad day for the world when England and America uttered no strong protests against Japan's exploitation of China and Mussolini's rape of Ethiopia. The other nations wanted peace, but they sought it the wrong way. There were times for courageous decision and courageous action. We must not follow that course today. The Allies must be open and honest with Russia, and ask the same of Russia. Russia is tasting of power today as she has never known it before. With her past experience it is only natural that she seek to hedge herself about with governments in the adjoining countries which would be sympathetic towards her. But whenever her actions violate the spirit of the Charter, and the principles of Democracy, the Allies should speak now, with friendliness and with courtesy, but with honest statements of our own position. Russia will respect outspokenness more than appeasement. We want to be fair, but we must be honest. We must carry on in the spirit of the truly great words of Harry Truman—That America does not seek domination, but service to humanity. We might let the others know that we expect that of all the Allied Nations.

Oxford Needs Liberal Gifts

The Oxford Orphanage at Oxford, North Carolina, has a record of seventy-two years of service to the children of North Carolina. Over five thousand have been cared for and trained. Its graduates and former pupils are in all walks of life and there is no record of a former pupil having been convicted and sentenced for committing a major crime in North Carolina. It is the oldest Orphanage in the State and receives children other than those of membership of the supporting order.

At the present time less than forty per cent of the population of the Orphanage is of Masonic parentage. The home possesses valuable buildings, grounds and equipment and has had no operating deficit for several years.

The annual budget of the Orphanage calls for an expenditure of \$170,000.00. This provides shelter, clothing, and food, recreation, heat, light, books, school supplies, health program, staff of trained workers, vocational training in several departments, laundry, repairs and upkeep to grounds, building and equipment and experienced case work for a family of 308 children.

Superintendent C. K. Proctor announces that liberal gifts are needed this year for operating expenses in order to maintain the Home and provide for emergency repairs.

The Oxford Orphanage is more than a philanthropy—it is an investment in the lives of North Carolina boys and girls who would not otherwise have a chance. It pays to the State and its citizenship the high dividends in character and trained young people. It is an opportunity today for North Carolina citizens to express in a substantial way their desire to help others.

The orphanages of the State use the Thanksgiving season as an occasion to appeal to the citizens of the State for so much needed assistance. The Superintendent of the Oxford Orphanage announces that the home is open for visitors each day and hundreds of North Carolina citizens visit this historic spot every year.

The Oxford Orphanage family gave 230 to the Armed Services—seven gold stars are on the flag.

MARCHING FORWARD
into the Peace

Out of our war experience we draw
new strength for the tasks ahead—
confident in the vigor of Our Democracy.

A JOKE A DAY

Easy to Do

Junior: "Pop, how do they catch crazy men?"
Pop: "Oh, that's easy. A little rouge and lipstick, a hair-do and a pretty dress."

Hurried Cleaning

A pastor, visiting a family in his parish, was being entertained by a little girl until her mother could put in an appearance.

"I'm going to have to wash my apron," the small miss volunteered. "Mama got it dirty. She grabbed it up just now to dust off the Bible."

Getting Used to It

The fortune teller was addressing one of her clients: "You will be poor and unhappy until you are 40."

"And after that?"

"You'll get used to it."

Concrete Cakes

The minister was appealing to members of his congregation to supply refreshments for the church social.

"And now, please remember," he ended, "what we want are no abstract promises, but concrete cakes."

Yes, Dear

1st Sergeant: "Stand up straight, throw your shoulders back, and button up your coat."

Married Recruit (absent-mindedly): "Yes, dear; I'll do it right away."

Light Reading

Willie: "I'd like a book, please."

Librarian: "Do you want something light?"

Willie: "It doesn't matter; I have my father's car outside."

"And how was Sunday school today, dear?" mother asked Tommy, aged six.

"Not so good," he replied. And then, looking very serious, added: "Daniel's in the lion's den again."

Origin of Ideas

Miss: "Did any one ever tell you how wonderful you are?"

Youth: "No, I don't think any one ever did."

Miss: "Then I'd like to know where you got the idea."

Not Breaking Set

A five-year-old boy went with his mother to make a call. The lady of the house, being fond of children, told him she meant to ask his mother to let her keep him.

"Don't you think your mother would let me buy you?" she asked.

"No, ma'am," answered the little fellow; "you haven't got money enough."

"How much would it take?" she continued.

"A hundred dollars," said the boy, promptly, as if that would settle the matter.

"Oh, well then," said the lady, "I think I can manage it. If I can will you come and stay with me?"

"No, ma'am," he said, with decision. "Mamma wouldn't sell me anyhow. There are five of us and she wouldn't like to break the set."

The internal browning or appearance of corky areas near the core of an apple indicates that the trees need borer, says C. E. Van Deman of the Agricultural Experiment Station at State College.

State Club Leader L. H. Harrill of State College says that 4-H dairy production contests will be held in conjunction with the Junior Dairy Cattle Shows to save time and travel.

On The Home Front

WASHING MACHINE PRICES SET

Consumers will soon be able to get washing machines and ironers at prices generally in line with those charged for the October 1-15 period of 1941, it was announced.

OPA has set dollar-and-cent ceiling prices on these articles and every one will bear a tag put on it by the factory.

This is being done "to make sure that inexpensive machines are available to families with limited incomes and is following the agency's announced reconversion pricing program."

The country has been divided into zones, the chairman disclosed, and the variance in retail prices will be on the basis of shipping costs to various areas.

In Virginia, North Carolina and South Carolina, which are in Zone 1, washing machine retail prices will range from \$29.95 to \$189.95.

Every tag attached to a machine by the manufacturer must show the states in which the retail price applies, and that tag must remain on the machine until it is delivered into the consumer's home.

Individual pricing orders affecting the brands of particular manufacturers may be issued from time to time.

SHOE RATIONING TO CONTINUE

Shoe rationing must continue until production more nearly equals unrestricted demand, it was announced.

No date can yet be fixed for the termination of shoe rationing, it is stated.

Production of rationed-type shoes during September was "about 23 million pairs," and this was "considerably less" than had been anticipated early in the month.

OPA and the War Production Board are both anxious to get shoes off the ration list "as soon as possible" but repeated that the exact time when this will be possible could not yet be determined.

TIRE APPLICATIONS

Work for people of the War Price and Rationing Board tire panel has been made more difficult recently because applications are not being filled out properly.

"Again we repeat our plea that only the most essential drivers apply and then only in the cases of direst need," the chairman declared. "Those that must apply, however, should fill out the forms properly or face further delay in getting action on their application."

He added that all tire inspectors and dealers know how to put the necessary information on applications, in the proper places, and urged that everyone making application for tires make sure he furnishes the board with the facts it must have.

LIONS CLUB WILL SPONSOR
MINSTREL SHOW ON OCTOBER 12

The Lions Club of Cooleemee will present a minstrel at the Cooleemee High School, Friday night, October 12, at eight o'clock. Part of the proceeds from this minstrel will go to help buy glasses for the children in the Cooleemee schools who need them and whose parents cannot afford to buy glasses for them. Part will go toward Scout work and also help buy robes for the Cooleemee High School Glee Club.

The Lions together with the Glee Club have practiced for three weeks to help make this minstrel a success. Lion W. R. Wands, as director, with Lions James Tiller and James Wall assisting him and Miss Daniels of the High School faculty have been working on the chorus.

Lion Joe Inscow as interlocutor and end men, Lions Bahnon, Spry, Royster, Madison, Everhardt and Wall, should bring many a laugh from the audience.

The public is asked to cooperate in making this minstrel a success.

What about BUS TRAVEL NOW?

HERE ARE GREYHOUND'S ANSWERS TO YOUR QUESTIONS ABOUT TRAVEL TODAY

Q. Can I travel any time I like—to any place I please?
A. Yes, you may now travel on business or pleasure to any of the thousands of points served by Greyhound.

Q. Do buses still have to travel at 35 miles an hour?

A. No. Greyhound's new time-saving schedules will get you to your destination earlier, and this stepped-up service will mean more trips daily, more seats available.

Q. Does that mean buses will no longer be crowded?

A. No. Although the war is over, Greyhound will still be in "military service" for a while. Thousands of discharges, others traveling on furlough, and war workers returning to their permanent residence will be depending on Greyhound—so some buses will still be crowded.

Q. How soon can we expect to ride in new Greyhound buses?

A. We are getting some buses now, and have others on order. Present plans call for replacement of one-third of our fleet by the end of 1946. New coaches, plus modern terminals, Expense-Paid tours and other improvements will make travel by highway more pleasant than ever before!

What Is Peace?

Peace is more than the absence of war. Peace is a friendly handclasp, small talk on a front porch, friends in for dinner.

Peace is a birthday party, a Christmas tree, an Easter service in a white church. Peace is telling someone where the Smiths live, laughing at a joke, asking a neighbor what you can do when there's sickness in his house.

Peace is people helping instead of hurting one another, trusting instead of suspecting, tolerating instead of hating.

Peace is forgetfulness of creed and color. It's meeting on equal terms. It's honoring a man for what he is instead of defaming him for what he isn't.

This is peace. And until we have all this, we won't have real peace—the feeling in our hearts that all is right once more.

Right now, we can make a good start towards this goal. For, right now, in our local community campaign, we have the chance to help our neighbor. To help him regardless of who he is or how he worships. To act together in mutual trust and confidence.

And this is democracy in its finest expression. This is part of all we are fighting for. This is what you help to bring about when you contribute to the local community chest. Make your contribution today—and make it as big as your heart!

BOTH SIDES ISSUE STATEMENT IN ERWIN MILL STRIKE CASE

A strike is now in progress among approximately 4,100 employees of the Erwin Cotton Mills in Cooleemee, Durham and Erwin following a breakdown of negotiations to settle differences over new contract provisions between the Textile Workers Union of America and the company.

The strike began last Monday and over the week-end there were statements of the position of both sides. Labor's side of the controversy was stated by Herbert Payne, national representative of the Textile Workers Union of America (C.I.O.), while company officials issued their statement following Mr. Payne's release to the newspapers. Both statements originated in Durham, head office of the concern, where negotiations were in progress. Both complete statements are printed below.

PAYNE ISSUES UNION STATEMENT

The Payne statement follows:

"Negotiations for an agreement with the Erwin Cotton Mills Company have broken down after three months' efforts to secure a contract to replace one which expired Sept. 8. Negotiations began about the middle of July.

"After a number of conferences the union proposed that the most controversial issue, a proper work-load clause, be submitted to arbitration by a competent engineer, to be appointed by the National War Labor Board. This proposal for a peaceful settlement of the issue was rejected by the company.

"The union then requested the NLRB to take a strike vote in accordance with the Smith-Connelly dispute act. This vote, held in the three plants of the company at Durham, Cooleemee and Erwin, resulted in a 95 per cent vote for a strike.

"Following the vote, conferences with the company were resumed at the request of the Conciliation Service of the U. S. Department of Labor. These conferences have not resulted in a satisfactory agreement. Despite the overwhelming strike vote the company's original demands for increased work assignments remain unaltered. The company is insisting that the union accept on behalf of the workers, a workload provision which would increase workloads 30 to 100 per cent.

"Such an increase in workloads is utterly unreasonable. Workers have been leaving the three plants of the company in protest against present work assignments. In view of this situation, the company's demand to increase workloads simply does not make sense.

Illustration

"As an illustration: the company, after the agreement expired, proposed a workload increase in accordance with the standards which it is demanding that the union accept. The change affected card tenders in the Durham plant. Eight men constituted the work force involved in this change, four on each shift. The company proposed that all the work being performed by the eight men be done by four men, or a 100 per cent increase in work assignment. Nearly all the workers involved quit immediately after the company explained the proposed change, and to date the company has not been able to replace them. Such work assignments are more than can be performed by normal people.

"Information supplied to the union by the company indicates that increases of from 30 to 100 per cent in workloads are proposed for the weavers, spinners and other workers throughout the plants.

"It is clear to the union that the principal reason the company had for refusing to submit the workload clause to arbitration by an engineer was its fear that no impartial engineer would sustain such inconceivable work-

loads. affecting Southern cotton mills set up a rate of 31½ cents per hour for card machine tenders. We proposed no reduction in the number of card tenders, and the union's statement that we plan to reduce the number of card tenders from eight to four, thus increasing the work assignment 100%, is absolutely untrue.

Deny Contention

"The union further states that information supplied to them by the company indicates increases up to 100% in work loads proposed for weavers, spinners and other workers throughout the plants. This statement is absolutely without foundation. If we have conditions where the workload should be increased 100% they have not as yet been found. The company has not, neither does it expect to ask its employees to take unreasonable work assignments. Our work assignments are based on sound engineering principles and do not call for any more than any diligent and qualified worker can readily perform, and no more than thousands of textile workers are doing daily throughout the industry and in this territory.

"The union has asked that the company agree to put into its new contract an arbitration clause substantially different from the type of arbitration consistently ordered by the War Labor Board. The clause proposed by the union would leave the determination of any issue that might arise affecting hours, wages and working conditions, to the final determination of an outsider who may not have any conception of the operation of the business. This would mean that any issue respecting any phase of the operations of the business that in any manner affected the working conditions of the company's employees would be left to the decision of this outside party. With such an arbitration clause it can be readily seen, that in a short time the financial destruction of our company could be brought about. We have been arbitrating disputes arising out of the operation or interpretation of our contract, and we are entirely willing to continue to do so.

"The union has requested one week's vacation with pay for employees with one year's service, and two weeks for employees with five years or more service. The War Labor Board in its recent decision awarded one week's vacation with pay, which we have had for the past two years. The best information we have indicates that only about 20 per cent of the mills in the South have adopted even the one week's vacation, and so far as we know, only six cotton mills out of approximately 800 in the South have two weeks vacations.

"The union further requests severance pay of one week for each year of service of any employee thrown out of work by technological changes, pay for lunch periods, holidays with pay, and insurance benefits covering sickness and surgical benefits, non-industrial accidents, life insurance, weekly benefits, etc., all to be paid for by the company. We do not know of any cotton mills in the South which are giving the benefits above enumerated.

"The union further asks that all employees, after 45 days of employment shall be forced to become and remain members of the union in good standing. This would be a closed shop. There may be a very few cotton mills in the South with the closed shop, but we do not know of any. "Our company has built its history and reputation upon high wages and fair treatment of our employees, and we regard it as one of the most important of our principles—one that we would never want to change. Mills in our territory making similar

NEWS OF FARM CONSERVATION

By G. W. McCLELLAN

A. E. Hendrix three miles southeast of Fork has three very eroded places he planted to kudzu in 1941. Now these places are well protected and two of the plantings are protecting road banks, preventing their caving off. W. T. Spry near Turrentine church recently did some good terracing. Even though these terraces were newly made when the twelve inch rain storm came between Sept. 13 and 18, none of Mr. Spry's terraces gave any trouble. It is needless to say he is well pleased.

Paul Stroud near County line in cooperation with the County Agent and the Middle Yadin District has put in a pasture demonstration. This demonstration includes application of 1 ton of lime per acre, from 300 to 900 pounds of superphosphate, and from 50 to 150 pounds of muriate of potash per acre. This treatment is on one-twentieth of an acre. He has sown three pounds of white dutch clover per acre this fall and will sow twelve pounds of gallica grass next spring.

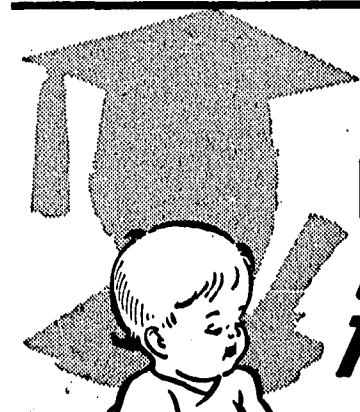

Mr. Stroud has also shown about one and one-half acres of a new grass developed by the Soil Conservation Service. This grass is known as Rescue Grass, being a hardy annual suitable for grazing and will reseed itself.

Mr. Stroud's splendid cooperation in these demonstrations is appreciated by the County Agent and the writer.

goods have for a long time in many instances run more machinery per employee than in our mills. We are now offering to pay for similar work loads probably the highest wages of any cotton mill in the South, much higher than the recently announced War Labor Board scale, with the knowledge that a great many mills, with whom we compete, will pay either the War Labor Board scale, or below it. We are confident that we are being fair, indeed very liberal, with our employees, and we do not see how we could possibly be expected to do more."

ROTARIANS HEAR CHARLES STONE

A good Rotarian must be an altruist, realist and materialist, Past Governor Charles Stone told local Rotarians at their Tuesday meeting at the Methodist church.

"A man may serve his community from pure altruism and at the same time receive a selfish benefit," he said. While the primary object of Rotary is to train community leadership, the fundamental principles make it necessary that members promote material development of the potential resources of the community, the speaker asserted.

"A progressive community cannot stand still," Mr. Stone said.

As one who was largely instrumental in establishing the local Rotary club, the past governor of Rotary in this district, who lives in Charlotte, Mr. Stone estimated that the local club could absorb a membership of 40 members, 10 more than at present.

Past President Bill Harden of the Salisbury club was a guest, as well as Ernest Hedrick of Washington, a guest of Kim Sheek.

President Kim Sheek appointed a committee composed of Knox Johnstone, Ollie McQuage, Bill Pennington, George Shutt and George Hobson to arrange the appearance in Mocksville of a minstrel show sponsored by the Lions club of Cooleemee. The show has 65 members and was highly successful when given in Cooleemee. The local club endorsed cooperation with the Cooleemee Lions in presenting the show here.

President Sheek also announced the appointment of committee chairmen for the Christmas party which will be held on Dec. 21. They included E. C. Morris, gifts; Knox Johnstone, refreshments; Phil Johnson, entertainment; Nic Mando, decorations.

Missionary circles of the Methodist church served the meal consisting of stew beef, hot gravy, broiled carrots, baked potatoes with cheese, sweet peas, slaw, hot rolls, chocolate pie and coffee.

Wm. R. Davie Announces Carnival Kings, Queens

The William R. Davie Halloween carnival will be given October 26. Supper will be served at 6 o'clock and the carnival will begin at 8 p. m.

Kings and queens who have announced as candidates are: first grade: Donald Joe Danner, Betty Lee Jones; second grade: J. T. Smith, Shelby Jean Sharpe; third grade: Robert Lee Reavis, Luray Reavis; fourth grade: Billy Ritchie, Betty Carter; fifth grade: Jimmy Whitaker, Peggy Ann Beck.

Local Streets Are Surfaced

The state has completed surfacing the block between the old and new Salisbury streets adjoining the Lexington highway and also the stretch on Depot street from the depot to the Lexington highway. The former will be used as a truck route through town.

Hunted by Yanks

DISMISSED BY THE U. S. from his former job as Governor General of Korea, Gen. Nobuyuki Abe (above) was being sought by occupation MPs under Gen. MacArthur's order for arrest.

DAVIE BOYS DISCHARGED

The following Davie boys recently received their honorable discharges from military service: Cpl. Belvin Powell, route 4. Tech 5 Hayes Powell, route 4. Pfc. Neil R. Holthouser, Mocksville.

Pfc. Robert L. Williams, route 1, Advance. Pfc. Frank N. Scott, route 2. Pfc. Travis C. Smith, route 1, Advance.

Pfc. Marshall M. Gaither, Statesville. Pfc. Robert W. Parrish, route 4. Pfc. Luther F. Whitlock, Cooleemee.

Tech 5 John W. Diggins, Mocksville.

Pfc. Haines H. Yates, Mocksville.

Tech 5 William V. Smith, route 1, Advance.

Tech 5 Major Long, route 1. Tech 3 Lee G. Smith, Mocksville.

Pfc. Roy W. Call, Mocksville. Tech 5 Russell B. Wood, route 1, Advance.

Tech 4 Thomas W. Tutterow, route 1.

Pfc. James F. Williams, route 1, Advance.

Three were discharged from the navy, including Baker Third Class Avery Clement, Jr., Gunners Mate Third Class Roy Fink Alexander and Aviation Machinist Mate First Class William Ward Ferebee.

Clarence Craven Gets Promotion

Khorramshahr, Iran.—Clarence E. Craven, son of Mr. and Mrs. G. L. Craven of Mocksville, N. C., has been promoted to the rank of technician third grade in the once-vital Persian Gulf Command supply line to Soviet Russia, PGSC Headquarters has announced.

Sergeant Craven, who is manager of the Army Exchange warehouse here, has served in ancient Persia since March 1, 1943. Before entering the army at Fort Bragg, N. C., March 6, 1942, he was a textile sampler with the Erwin Cotton Mills. He was graduated from Mocksville High School in 1932.

Give to Your War Fund

HERE & THERE

MANAGER

Frances Brock of Farmington has been named one of the two senior managers of the Tavern, snack-bar at Woman's college. Managers are chosen on the basis of scholarship and ability.

HALLOWEEN

A Halloween carnival will be held at the Shady Grove high school on Friday, Oct. 26, at 7:30 p.m. Crowning of the queen will be one of the main features. There will also be stage stunts, side shows, bingo, fortune, penny throwing, ball throwing, fishing and a prize for all. A prize will also be given for the most appropriately dressed person and for the tackiest dressed. Eats of all kinds will be sold. The public is invited.

PRAYER SERVICE

The WSCS will observe a prayer and self-denial service October 29 at 3 p.m. in the ladies' parlor. All the women of the church are invited to attend.

BAZAAR

The annual bazaar of Bethel church will be held Saturday, October 20. Regular plate supper with barbecue and chicken pie will be served from 5:30-9:00 o'clock.

DISCHARGED

Cpl. Ray Vickers of Rt. No. 1, Mocksville, recently at the Army Air Forces Convalescent Hospital, Plattsburg, Barracks, Plattsburgh, New York, was honorably discharged from the service Oct. 12, 1945.

Discharged Vets Hurt in Wreck

Five boys who had been discharged from the navy and were on their way home in the western part of the state suffered injuries last Monday evening about 7 o'clock when a car in which they were riding collided with a tobacco truck at Smith Grove.

The truck was driven by Homer Bates of Hiddenite, who was on his way to Winston. Roby Lingerfeld of Valdese was the driver of the car. He received four broken ribs. The other boys were considerably bruised and cut, but none seriously hurt.

Sheriff Bowden stated that Lingerfeld admitted he was on the wrong side of the highway because he was passing a car. The car was badly damaged and the truck was somewhat torn up.

A hearing will be held here later in the case.

Glenna Collette Wins Blue Ribbon

Glenna Collette was blue ribbon winner in the Southwestern District 4-H Dress Review contest held in Albemarle last week.

From the eighteen counties represented in the contest representatives from Union, Gaston, Mecklenburg and Davie counties were chosen for the Blue Ribbon group.

The blue ribbon women are now eligible for the state contest to be held later in the fall.

The first "Flying Fortress" was built in 1935.

TWO METHODIST CHANGES MADE

According to those who attended the Methodist conference at Greensboro last week, only two changes in pastors were made in Davie county. Rev. R. G. McClamrock, who has served two years on the Mocksville circuit, was assigned to the Er-langer church at Lexington. Rev. J. C. Gentry, who had served three years on the Advance circuit, exchanges places with Rev. J. H. Trollinger, who has been on the Randleman circuit in Randolph county for the past three years. The Rev. Mr. Gentry will occupy the parsonage which is located in Randleman.

No pastor was assigned to the Mocksville circuit. However, it is understood that the district superintendent will announce the name of one within a short time.

Dr. S. W. Taylor, who has been the district superintendent, retired and Dr. C. E. Rozelle, who has been pastor of the Wesley Memorial church in High Point, was appointed superintendent of this, the Thomasville district. The Thomasville district consists of the three counties of Davidson, Davie and Randolph and has 46 pastoral charges with approximately 120 churches. Dr. and Mrs. Rozelle will live in Thomasville, which is the headquarters of the district. Mrs. Rozelle is a sister of Dr. G. V. Greene at Fork.

Rev. G. W. Fink, pastor of the Davie circuit, was returned for his sixth year.

ARRIVES IN U. S.

Cpl. R. C. Gregory, who spent more than three years in a Japanese prison camp, has arrived in the states, according to a message received by his parents. He informed them that he was well and would be seeing them soon.

RECEIVES DISCHARGE

Frances J. Brooks, S 1/C, daughter of Mr. and Mrs. G. D. Jordan of Cooleemee, who has been in service with the Waves since Sept. 25, 1943, will receive her discharge from the service. She was recently married to Everett Brooks PRM 3/C, of Los Angeles, Calif. Following her discharge she will go to Los Angeles to make her home.

NEW EVIDENCE OF JAP ATROCITIES

INVESTIGATORS SEEKING EVIDENCE for future Jap war-crime prosecutions in the Philippines have found that only the camera can properly record the revolting nature of the atrocities revealed. Here on a table at Bingas, Luzon, lies a man who was bludgeoned and mutilated and left to the flies. He was but one of many left to a similar fate.

Another Appeal For Workers

Would you like to work in the new hosiery mill proposed for Mocksville? Experience is not necessary.

A Thomasville manufacturer wants to locate here but wants to be assured of sufficient workers before coming. The Mocksville Rotary club is seeking to give him names of enough folks who are willing to work in the plant.

Already quite a number have signified they would like to work in the new industry at home. A few more names are needed, however.

Just send your name and address on a postal card to D. J. Mando at Sanford's store here. Or see him in person. He is acting for the Rotary committee.

Mrs. A. F. Campbell Honors Visitors

Mr. and Mrs. R. D. Koontz and Mrs. C. W. DeLong of Short Hills, N. J., who are guests of Mr. and Mrs. T. L. Koontz on route 4, were honored Tuesday evening when Mrs. A. F. Campbell and Prentice Campbell gave a dinner for them. Others present were Mr. and Mrs. T. L. Koontz and Mr. and Mrs. Ernest Koontz and family and Jimmie Campbell.

Three Hurt In Auto Wreck

Two of the five Cooleemee persons were injured last Sunday evening about 7 p.m. when apparently the steering apparatus of a car went floey and caused a wreck near James Service station on the Salisbury highway.

In the car were Mr. and Mrs. Alex Myers, Miss Edith Myers and Mr. and Mrs. Cap Gullet. Mrs. Gullet suffered a fractured vertebra, Mrs. Myers had a broken collar bone and possibly some other injuries. Mr. Myers had a broken arm. Mr. Gullet and Miss Myers received only slight cuts and bruises.

All were taken to a Salisbury hospital. The driver of the car, Mr. Myers, was proceeding at a very moderate rate of speed on his way towards Cooleemee, it was stated.

Gets Air Medal

ADMINISTRATOR of Civil Aeronautics, Dr. Theodore P. Wright (above), has been awarded the Daniel Guggenheim Medal for 1945, "for outstanding contributions to the development of civil and military aircraft, and for notable achievement in assuring the success of our wartime production program." Dr. Wright predicts that 400,000 personal planes will fly in the U. S. within ten years.

Roger Brooks Joins Paper

Roger Brooks, a native of Greensboro, but recently of Kutztown, Pa., has joined the staff of the Enterprise. He was linotype operator on the Greensboro Daily News at one time. For the past several years Mr. Brooks worked with the Rhode Publishing Company, at Kutztown, Pa., magazine and book printers. Just prior to that time he was night foreman of a trade composition plant in New York city.

Living with him here is his son, Thornton, 11, who has entered the Mocksville schools. They are living at the home of Mr. and Mrs. Harley Sofley here. Mr. Brooks has a daughter in Winthrop college, Rock Hill, S. C., and a son in the Marines, stationed at present at Santa Barbara, Calif., but just returned from action in the Pacific. Mrs. Brooks died recently.

Mr. Brooks will operate the linotype and assist in the advertising and editorial departments of the paper. He is an uncle of Clarence B. Lewis of the composing room of the Salisbury Post.

Cooleemee Boys In County Jail

Three Cooleemee boys, Frank Truelove, Edward O'Neill and Tommy Barnes, are in the county jail charged with breaking into the Red Pig in North Cooleemee on last Monday night.

It is alleged that the boys stole around \$100 from the place. The arrest was made Tuesday afternoon by O. J. Benson, deputy. Bond has been set at \$300 cash or \$500 signed.

Services Are Held For Eddie Mitchell Stewart

Funeral services were held October 3 for Eddie Mitchell Stewart, 82, who died at his home, Advance, Route 1, on October 1. Rev. J. C. Gentry and Rev. Ebenezer Myers conducted the service at Fulton Methodist church, where he had been a member for the past 30 years. Interment was in the church cemetery.

Mr. Stewart was married December 24, 1903, to Miss Sallie Lanier, who survives. One daughter, Mrs. Lester Young, and two grandchildren, all of Advance, Route 1, also survive.

Cooked A Fine Dinner;
Then Threw It To Dog

One lady recently stated that she used to throw her own dinner to the dog most of the time. It made her sick just to look at anything to eat. She was swollen with gas, full of blood, had headaches, felt worn out and was badly constipated. Finally she got INNER-AID and says she now eats everything in sight and digests it perfectly. Bowels are regular and normal. She is enjoying life once more and feels like "some other woman" since taking this New Compound.

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all Drug Stores here in Davie county.

VETERANS BEWARE

The returning veterans will be met with many appeals to join organizations which claim to be working for the benefit of the soldiers. The soldiers have an organization, which is generally recognized, but many ambitious and unscrupulous persons will frame other organizations with announced aims and purposes similar to the American Legion. Some of these will be headed by disgruntled soldiers, and others will be headed by men out for personal gain. Some of them are already organized and in the field, appealing to the soldiers to join.

Every soldier should investigate an organization before he joins it, and he should know at once that any organization which plays on race prejudice or class distinctions is not a genuine American organization. Some of these organizations have the nerve to call themselves Christian organizations, while at the same time preaching class and racial distinctions which are decidedly unchristian. If a soldier wants to join a truly Christian outfit let him seek membership in some branch of the church; if he wants to join an organization for soldiers there is the American Legion (though several un-American outfits are using the word Legion); if he wants to go in for politics there are the two major parties which are broad enough to enlist the support of men of widely differing schools of political philosophy.

But for those disgruntled, self-seeking, unscrupulous persons who wish to make gain out of the soldier, we would urge the returning soldier to be sure of the group which he joins. It is right that he have his organization, but he should see to it that it is as American as the valiant army of which he was a part.

THE MEANEST MAN

The meanest man that ever lived has been discovered; though we did not learn whether or not he was arrested. A man on a recent Radio Program told about him. He, this meanest man, watched the papers for casualty lists, and would then call up the mother of the dead soldier and claim to have been the buddy of her son. He would like so much to visit her and tell about the son's last days but he was out of funds. Usually, the sorrowing mother would send him funds, so eager was she to hear about her son. But the so-called soldier never turned up. Many mothers, it is said, have been victimized in this way.

A man who would commit such a crime is utterly devoid of any sense of decency, principle, or of right. Such a creature is utterly depraved, and deserves to be removed from society by means which are none too gentle. A community which discovers one of these vile creatures in it should see to it that he is removed from association and contact with other persons. If we haven't laws to cover such cases some should be enacted. It is difficult to imagine a human being so utterly depraved, but some such do exist.

FIRMNESS NEEDED

Governor Dewey, by commendable firmness, ended the elevator strike in New York. Some of our Federal Bureaus could use some of that firmness to good effect. Nothing is to be gained by policies which merely drift. It only means accumulated confusion and conflict when the issues must at last be faced. Employers and workers ought to set some sort of policies, openly arrived, at and work them out. If these cannot get together the government must step in on behalf of all the citizens. And when it does step in it, too, should have some definite policies and stick to them. Whether the fault be with capital or with labor it should be pointed out to the general public. The sense of fairness on the part of the general public can manifest itself only when the facts and policies are known. Just as there have been, and perhaps are, irresponsible employers, there are some irresponsible people in labor circles today who are playing havoc with reconversion. If there is no production there can be neither wages, profits—or the necessities of life.

Pfc. Wm. W. Angell Gets Discharge

Pfc. William W. Angell, son of Mr. and Mrs. J. H. Angell, Mocksville, R. 2, arrived home Tuesday night, October 16, having received his honorable discharge from the army. Private Angell saw considerable action

in the European theatre of operations, fighting in Tunisia, Sicily, Naples-Foggia, Rome-Arno, Southern France, the Rhineland and Central Europe. He was wounded twice, and in addition to the Purple Heart, holds the Silver Star, one bronze Arrowhead, good conduct medal and other decorations. Private

Too Many Ups in Farming

(Conversation overheard between two colored men in Halifax County.)

Well, how is you, Jim? Has you come back to farm or has you made too much money up North?

Naw, I ain't made too much money—but I ain't gonna farm. How come you can't gonna farm?

Well, dare is too many ups in farming.

What you mean—too many ups?

Well, first thing in de morning you has to git up. Den you makes up a fire. Den you draws up some water. Den you go feed up the mules. Den you eats up breakfast. Den you hitch up your team. And den all day long you hollers to dem mules, "Come up! Come up!"

Schools Discuss

Physical Education

The teachers of the Davie county schools met Monday, October 15, at the Mocksville high school for a combination conference and activity period with representatives of the State Physical Education Department. Charles E. Spencer led the discussion in the auditorium and pointed out the emphasis of physical education in the total public school program. He was followed by Miss Ruth Moore, who gave the discussion on primary and grammar grade physical education of a practical nature. Both Mr. Spencer and Miss Moore are experts in the field of physical education and have contributed to the North Carolina school program in a very helpful way for the past several years.

Following the discussion in the auditorium the teachers were divided into two groups and went to the gymnasium, where some practical games were played. All the high school and elementary teachers participated in the demonstration games and will use some of the games along with others in inaugurating a program of physical education in the schools.

Miss Moore presented each teacher with a booklet containing many well-worked-out games for primary and grammar grade children. Mr. Spencer gave each high school teacher a similar list of games suitable for older pupils.

Physical education has become important and necessary to a well-rounded school program and every Davie county teacher felt that the conference was well worthwhile and plans were made for instituting a program for each class in the county.

Angell arrived in New York on October 9, and received his discharge at Fort Bragg, Tuesday. Another son of Mr. and Mrs. Angell, Pfc. Rufus Lee Angell, received his discharge September 9, and is now at home.

LANGUAGE ARTS TO BE DISCUSSED

Davie county teachers will hold their second work conference in Language Arts at the Mocksville high school Wednesday, October 24, at 3 o'clock. Dr. Tippet of the University of North Carolina, who is an expert in language instruction and the author of many texts for primary and grammar grade children, will assist the various groups in developing their topics. Miss Hattie S. Parrott of the State Department of Public Instruction will also work with some of the groups.

Davie county teachers are doing an outstanding work in the Language Arts program based on the Language Arts Bulletin recently put out by the State Department of Public Instruction. Davie teachers have been divided into the following groups according to subjects chosen by each teacher:

SPELLING—V. G. Prim, chairman, Miss McColl, Miss Epps, Miss Brown, Miss Anthony, Miss Crawford, Miss Dull, Mrs. Best, Mr. Donnelly, Mrs. Johnson, Miss Brown, Mr. York, Mrs. Bailey, Mrs. Parker.

PRETICKETED CLOTHING

More than half the low-priced clothing appearing on the shelves of county stores this fall and winter will be preticketed with ceiling prices by the manufacturer, it was revealed yesterday by War Price and Rationing Board.

About 95 per cent of cotton garments and about 50 per cent of wool and rayon goods will have their price tags put on at the factory.

Consumers with limited incomes will benefit greatly from the program, which OPA has initiated in fields deemed highly essential, such as the lower price ranges where supply is shortest in relation to need.

The concern of local smokers over a possible increase in the price of cigarettes was declared unfounded by the local War Price and Rationing Board.

As with all commodities under price control, cigarettes come under regular study to determine whether they are being priced at the proper levels, but that the latest quarterly reports prepared by manufacturers do not show any increase in the ceiling price is necessary.

OPA is preparing to invite all cigarette manufacturers to submit detailed information on production costs, to be used in an industry-wide study. Any possible increase in price would have to await the results of this study. On the basis of information OPA now has, there's no indication of an increase being necessary at present.

Used car ceilings are meant to be observed, not violated, the War Price and Rationing Board said, commenting on the report that alleged overcharges by Southeastern dealers had resulted in refunds to customers or payments to the Treasury of more than \$24,000 in September alone.

"This report, from our Atlanta regional office, shows that our enforcement division is extremely active," the chairman said. "Some dealers refuse to sell used cars without a trade-in, some fail to give proper allowances for trade-ins, and some make out-and-out overcharges. All of these are direct violations, and dealers who use them are finding it out the hard way, through payment of refunds and settlement of treble damage claims."

The New ESSO

AT REGULAR PRICE!

AS everyone knows, gasolines have been improved since the war—some of them considerably. Knowing this would happen, we naturally planned carefully the gasolines we would offer at the Esso sign to bid for your business now.

We're very proud of what we've got—and you'll see why with your first tankful of the new Esso gasoline.

At regular price it will give you more than you expect of the things you want and need in your car today.

Its performance will give you a real thrill. Your engine starts fast on new Esso, then warms up swiftly to smooth, full power. When you step on the throttle

you really pick up in a hurry. And its new anti-knock quality is high. And you get something else found in no other gasoline at any price—except Esso Extra. You get the exclusive engine protection of patented Esso Solvent Oil that works constantly to help keep your engine clean and efficient, to help save wear and keep repair costs down. This is important in cars as old as most in use today.

If you want extra power and performance, extra high anti-knock quality, extra quick starting and warm-up, ask your Esso Dealer to fill 'er up with new Esso Extra.

Remember—Happy Motoring starts at the Esso Sign!

NEWS OF FARM CONSERVATION

By G. W. McCLELLAN

Glen Allen, near Redland, has two acres of alfalfa sown during September. This is the first alfalfa he has sown. If he likes it, he is going to sow more.

Herman Boger, near Mr. Allen, has two acres sown as his first alfalfa.

Grady Myers has three acres sown near Advance. He really has a nice stand.

Kenneth Hoots, near Advance, sowed three acres of alfalfa this time and has seeded around twenty-five acres of pasture mixture including ladino clover.

Robert Lee Seaford, near Fork, sowed four more acres of alfalfa this fall.

Gary Husser seeded three acres of alfalfa this fall. He lives near Fork, too.

Mrs. W. H. Woodson seeded sixteen acres this fall, she already had eight acres which she and Mr. Burton, her farm manager, are well pleased with, that they sowed last year.

Dan and John Albert Miller, near Cherry Hill church, each sowed two acres of alfalfa this fall.

This is only a partial list of farmers sowing alfalfa this time, more will follow. This grand progress is largely due to observation of patches around the county, and to the tireless efforts of the County Agent and

the Soil Conservation Service.

Farmers are beginning to see the value of deep rooted legumes like alfalfa, sericea lespedeza and kudzu for their hay seeds. Most alfalfa growers will agree that one acre of alfalfa will replace three to five acres of lespedeza.

Alfalfa and sericea make splendid hay, distributes hay making and controls erosion. This enables more annual legumes to be turned under thereby improving the soil on other fields.

SMITH GROVE CAMP GROUND CHURCH HAS RICH HISTORY

Smith Grove Church is an outgrowth of the old Whitaker church, one of the first in this section of North Carolina. Whitaker was built as early as 1780 on the east side of Dutchman's Creek. It is up the creek from Old Brown's Mill. At this time, 1945, the old graveyard is in the forks of the Farmington and Smith Grove roads. The church was for a long time forgotten and the graveyard received little or no attention until the W.P.A. of recent years cleaned this up and put a rock wall around it.

Bishop Asbury preached there in 1794 and again in 1799. The Whitaker site, not being a favorable one, gave away to a better site at Smith Grove.

The selection of this site was a result of a dream by the Reverend Moses Brock, a native of this county. While on a visit here, he dreamed of a beautiful grove in which was being conducted a glorious camp meet-

ing. He said he wanted to realize the object of his dream and for that reason he sent out a friend to find such a grove as had been presented to him in his dream. The man returned without finding the desired spot, but Mr. Brock went with him and in a further search for such a place they found the beautiful elevated spot where the camp ground was later erected and closely adjacent to which Smith Grove Church was to be later built. Brock, on coming to this place and looking over the site said, "This is the place and here we will have the camp meetings." Arthur Smith gave the land. The central arbor for services, and the tents for temporary living quarters were built and so Moses Brock's dream was realized.

The first meeting was held about 1826 with Peter Doub as the presiding elder. There were between 150 and 200 tents. The crowd was immense. It was a

meeting of great power. Many Christians were encouraged and strengthened and about 150 sinners converted. Camp meetings were kept up for many years. The last one held was in 1886 with the Reverend W. C. Wilson as preacher in charge. Many of the old members of the church in this county today were converted in this beautiful grove.

As an outgrowth of the camp meetings, Smith Grove Church was started. The congregation was interested in more than a camp meeting for the summer months. They wanted a year-around meeting place. The present church was built in 1877 at a cost of about \$1,200. The use of the camp grounds and the church overlapped for a few years and for several years after the camp meetings were dispensed with, but the tents remained. The large arbor was later sold at auction and bought by a neighbor, Mr. W. F. Williams, who converted it into a barn.

A circuit was developed with Smith Grove as the center. A parsonage was built and was occupied as such until Farmington was made the center. The parsonage is now occupied by F. A. Naylor and family. They purchased this more than fifty years ago when the center for the circuit was changed to Farmington.

The Smith Grove Academy is an older institution than the church proper and church services were held in this before the church was built. When consolidation of schools came along, this building ceased to be used for school purposes and was bought by the church and moved across the highway and made into Sunday school rooms.

A few years ago at one of these reunions, Mr. and Mrs. Dan Halthcox were present. She was the former Julia Heckard. They were the first couple to be married in this church, on July 20, 1881. The second couple to be married here was George W. Sheek and Camilla Kimbrough, who were united in marriage here on September 22, 1881. Both couples reared large families and have children and many grandchildren in this section of the state, but both couples have passed to their reward, Mr. Geo. W. Sheek being the first to pass away. At the last homecoming, Mr. and Mrs. Halthcox and Mrs. Sheek were all present.

With the help of some of the older members now living, we are submitting a list of the preachers who have served this charge: W. C. Wilson, Randle, Earnhardt, J. C. Rowe, H. M. Blair, P. L. Groome, L. E. Stacy, R. T. N. Stevenson, M. H. Vestal, L. L. Smith, A. G. Loftin, J. G. W. Holloway, J. B. Tabor, J. W. Vestal, S. H. Needham, C. O. Kinnerly, C. M. McKinney, W. L. Dawson, D. C. Ballard, A. R. Bell, M. G. Ervin, H. L. Freeman, J. W. Vestal, J. S. Folger.

MEET MY FOLKS

FARADAY

My folks, says Reddy, proudly, include inventors and scientists of many lands, for electricity has stirred man's imagination since the days of ancient Greece.

One English ancestor I'm always proud to talk about is the scientist, Michael Faraday. Even as a young London apprentice, he read and pondered all that was written about electricity and made experiments of his own.

Later in his fruitful life he developed the electric dynamo, which gives us current for telegraph, telephone, ships, submarines, airplanes, and for the waves on which speech is borne around the world.

DO YOU KNOW WHAT IT MEANS TO BE

HUNGRY?

Refugee children do. They know real hunger, bitter, maddening, day-after-day hunger. The dollars you give to the National War Fund will help provide warm soup and good bread for liberated allied peoples.

CAN YOU KNOW A CHILD'S

UNHAPPINESS?

Neglected children, "war babies," youngsters in trouble . . . can you put yourself in their places? Can you feel in your heart the tragedy of an unhappy childhood? Give! Give all you can to the fund that brings good care and wholesome relaxation to war's youngest victims—our own American children.

EVER BEEN

HOMELESS?

Families of brave people—friends who fought on our side—are wandering aimlessly today. Going home? They have no homes! Member agencies of the National War Fund aid thousands of the homeless ones to reach new homes, in new lands of promise.

HAVE YOU EVER BEEN REALLY

LONESOME?

Can YOU feel the bleak, hard loneliness of a soldier stationed on an island outpost far from the war fronts? Yes, YOU? If you can, you'll give generously to the Community War Fund that brings games and entertainments to "forgotten" posts of duty.

CAN YOU IMAGINE SPENDING MONTHS IN A

HOSPITAL ROOM?

Thousands of soldiers have to live it, the cruel loneliness, the awful boredom. But just outside the hospital grounds there is a bright, cheerful U.S.O. club . . . supported by dollars you give to the Community War Fund. Yes, YOUR dollars.

ROTARIANS HEAR CHARLES STONE

A good Rotarian must be an altruist, realist and materialist, Past Governor Charles Stone told local Rotarians at their Tuesday meeting at the Methodist church.

"A man may serve his community from pure altruism and at the same time receive a selfish benefit," he said. While the primary object of Rotary is to train community leadership, the fundamental principles make it necessary that members promote material development of the community, the speaker asserted.

"A progressive community cannot stand still," Mr. Stone said.

As one who was largely instrumental in establishing the local Rotary club, the past governor of Rotary in this district, who lives in Charlotte, Mr. Stone estimated that the local club could absorb a membership of 40 members, 10 more than at present.

Past President Bill Harden of the Salisbury club was a guest, as well as Ernest Hedrick of Washington, a guest of Kim Sheek.

President Kim Sheek appointed a committee composed of Knox Johnson, Olin McGehee, Bill Pennington, George Shutt and George Hobson to arrange the appearance in Mocksville of a minstrel show sponsored by the Lions club of Cooleemee. The show has 65 members and was highly successful when given in Cooleemee. The local club endorsed cooperation with the Cooleemee Lions in presenting the show here.

President Sheek also announced the appointment of committee chairmen for the Christmas party which will be held on Dec. 21. They included E. C. Morris, gifts; Knox Johnson, refreshments; Phil Johnson, entertainment; Nic Mando, decorations.

Missionary circles of the Methodist church served the meal consisting of stew beef, hot gravy, broiled carrots, baked potatoes with cheese, sweet peas, slaw, hot rolls, chocolate pie and coffee.

Wm. R. Davie Announces Carnival Kings, Queens

The William R. Davie Halloween carnival will be given October 28. Supper will be served at 6 o'clock and the carnival will begin at 8 p. m.

A prize will also be given for the most appropriately dressed person and for the tackiest dressed. Eats of all kinds will be sold. The public is invited.

PRAYER SERVICE

The WSCS will observe a prayer and self-denial service October 29 at 3 p. m. in the ladies' parlor. All the women of the church are invited to attend.

BAZAAR

The annual bazaar of Bethel church will be held Saturday, October 20. Regular plate supper with barbecue and chicken pie will be served from 5:30-9:00 o'clock.

DISCHARGED

Cpl. Ray Vickers of Rt. No. 1, Mocksville, recently at the Army Air Forces Convalescent Hospital, Plattsburg Barracks, Plattsburgh, New York, was honorably discharged from the service Oct. 12, 1945.

Discharged Vets Hurt in Wreck

Five boys who had been discharged from the navy and were on their way home in the western part of the state suffered injuries last Monday evening about 7 o'clock when a car in which they were riding collided with a tobacco truck at Smith Grove.

The truck was driven by Homer Bates of Hiddenite, who was on his way to Winston. Roby Lingerfeld of Valdese was the driver of the car. He received four broken ribs. The other boys were considerably bruised and cut, but none seriously hurt.

Sheriff Bowden stated that Lingerfeld admitted he was on the wrong side of the highway because he was passing a car. The car was badly damaged and the truck was somewhat torn up.

A hearing will be held here later in the case.

Glenna Collette Wins Blue Ribbon

Glenna Collette was blue ribbon winner in the Southwestern District 4-H Dress Review contest held in Albemarle last week.

From the eighteen counties represented in the contest representatives from Union, Gaston, Mecklenburg and Davie counties were chosen for the Blue Ribbon group.

The blue ribbon women are now eligible for the state contest to be held later in the fall.

The first "Flying Fortress" was built in 1935.

TWO METHODIST CHANGES MADE

According to those who attended the Methodist conference at Greensboro last week, only two changes in pastors were made in Davie county. Rev. R. G. McClamrock, who has served two years on the Mocksville circuit, was assigned to the Er-langer church at Lexington. Rev. J. C. Gentry, who had served three years on the Advance circuit, exchanges places with Rev. J. H. Trollinger, who has been on the Randleman circuit in Randolph county for the past three years. The Rev. Mr. Gentry will occupy the parsonage which is located in Randleman.

No pastor was assigned to the Mocksville circuit. However, it is understood that the district superintendent will announce the name of one within a short time.

Dr. S. W. Taylor, who has been the district superintendent, retired and Dr. C. E. Rozelle, who has been pastor of the Wesley Memorial church in High Point, was appointed superintendent of this, the Thomasville district. The Thomasville district consists of the three counties of Davidson, Davie and Randolph and has 46 pastoral charges with approximately 120 churches. Dr. and Mrs. Rozelle will live in Thomasville, which is the headquarters of the district. Mrs. Rozelle is a sister of Dr. G. V. Greene at Fork.

Rev. G. W. Fink, pastor of the Davie circuit, was returned for his sixth year.

ARRIVES IN U. S.

Cpl. R. C. Gregory, who spent more than three years in a Japanese prison camp, has arrived in the states, according to a message received by his parents. He informed them that he was well and would be seeing them soon.

RECEIVES DISCHARGE

Frances J. Brooks, 8 1/2, daughter of Mr. and Mrs. G. D. Jordan of Cooleemee, who has been in service with the Waves since Sept. 25, 1943, will receive her discharge from the service. She was recently married to Everett Brooks PRM 3/C, of Los Angeles, Calif. Following her discharge she will go to Los Angeles to make her home.

NEW EVIDENCE OF JAP ATROCITIES

INVESTIGATORS SEEKING EVIDENCE for future Jap war-crime prosecutions in the Philippines have found that only the camera can properly record the revolting nature of the atrocities revealed. Here on a table at Bings, Luzon, lies a man who was bludgeoned and mutilated and left to the flies. He was but one of many left to a similar fate.

Another Appeal For Workers

Would you like to work in the new hosiery mill proposed for Mocksville? Experience is not necessary.

A Thomasville manufacturer wants to locate here but wants to be assured of sufficient workers before coming. The Mocksville Rotary club is seeking to give him names of enough folks who are willing to work in the plant.

Already quite a number have signified they would like to work in the new industry at home. A few more names are needed, however.

Just send your name and address on a postal card to D. J. Mando at Sanford's store here. Or see him in person. He is acting for the Rotary committee.

Mrs. A. F. Campbell Honors Visitors

Mr. and Mrs. R. D. Koontz and Mrs. C. W. DeLong of Short Hills, N. J., who are guests of Mr. and Mrs. T. L. Koontz on route 4, were honored Tuesday evening when Mrs. A. F. Campbell and Prentice Campbell gave a dinner for them. Others present were Mr. and Mrs. T. L. Koontz and Mr. and Mrs. Ernest Koontz and family and Jimmie Campbell.

Three Hurt In Auto Wreck

Two of the five Cooleemee persons were injured last Sunday evening about 7 p. m. when apparently the steering apparatus of a car went floey and caused a wreck near James Service station on the Salisbury highway.

In the car were Mr. and Mrs. Alex Myers, Miss Edith Myers and Mr. and Mrs. Cap Gullet. Mrs. Gullet suffered a fractured vertebra, Mrs. Myers had a broken collar bone and possibly some other injuries, Mr. Myers had a broken arm. Mr. Gullet and Miss Myers received only slight cuts and bruises.

All were taken to a Salisbury hospital. The driver of the car, Mr. Myers, was proceeding at a very moderate rate of speed on his way towards Cooleemee, it was stated.

Dr. Wright predicts that 400,000 personal planes will fly in the U. S. within ten years.

Roger Brooks Joins Paper

Roger Brooks, a native of Greensboro, but recently of Kutztown, Pa., has joined the staff of the Enterprise. He was linotype operator on the Greensboro Daily News at one time. For the past several years Mr. Brooks worked with the Rhode Publishing Company, at Kutztown, Pa., magazine and book printers. Just prior to that time he was night foreman of a trade composition plant in New York city.

Living with him here is his son, Thornton, 11, who has entered the Mocksville schools. They are living at the home of Mr. and Mrs. Harley Sofley here. Mr. Brooks has a daughter in Winthrop college, Rock Hill, S. C., and a son in the Marines, stationed at present at Santa Barbara, Calif., but just returned from action in the Pacific. Mrs. Brooks died recently.

Mr. Brooks will operate the linotype and assist in the advertising and editorial departments of the paper. He is an uncle of Clarence B. Lewis of the composing room of the Salisbury Post.

Cooleemee Boys In County Jail

Three Cooleemee boys, Frank Truelove, Edward O'Neill and Tommy Barnes, are in the county jail charged with breaking into the Red Pig in North Cooleemee on last Monday night.

It is alleged that the boys stole around \$100 from the place. The arrest was made Tuesday afternoon by O. J. Benson, deputy. Bond has been set at \$300 cash or \$500 signed.

Services Are Held For Eddie Mitchell Stewart

Funeral services were held October 3 for Eddie Mitchell Stewart, 82, who died at his home, Advance, Route 1, on October 1. Rev. J. C. Gentry and Rev. Ebenezer Myers conducted the service at Fulton Methodist church, where he had been a member for the past 30 years. Interment was in the church cemetery.

Mr. Stewart was married December 24, 1903, to Miss Sallie Lanier, who survives. One daughter, Mrs. Lester Young, and two grandchildren, all of Advance, Route 1, also survive.

The world food situation grows darker and at a continually alarming rate, say reports from most countries.

Cooked A Fine Dinner; Then Threw It To Dog

One lady recently stated that she used to throw her own dinner to the dog most of the time. It made her sick just to look at anything to eat. She was swollen with gas, full of blood, had headaches, felt worn out and was badly constipated. Finally she got INNER-AID and says she now eats everything in sight and digests it perfectly. Bowels are regular and normal. She is enjoying life once more and feels like "some other woman" since taking this New Compound. INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all Drug Stores here in Davie county.

VETERANS BEWARE

The returning veterans will be met with many appeals to join organizations which claim to be working for the benefit of the soldiers. The soldiers have an organization, which is generally recognized, but many ambitious and unscrupulous persons will frame other organizations with announced aims and purposes similar to the American Legion. Some of these will be headed by disgruntled soldiers, and others will be headed by men out for personal gain. Some of them are already organized and in the field, appealing to the soldiers to join.

Every soldier should investigate an organization before he joins it, and he should know at once that any organization which plays on race prejudice or class distinctions is not a genuine American organization. Some of these organizations have the nerve to call themselves Christian organizations, while at the same time preaching class and racial distinctions which are decidedly unchristian. If a soldier wants to join a truly Christian outfit let him seek membership in some branch of the church; if he wants to join an organization for soldiers there is the American Legion (though several un-American outfits are using the word Legion); if he wants to go in for politics there are the two major parties which are broad enough to enlist the support of men of widely differing schools of political philosophy.

But for those disgruntled, self-seeking, unscrupulous persons who wish to make gain out of the soldier, we would urge the returning soldier to be sure of the group which he joins. It is right that he have his organization, but he should see to it that it is as American as the valiant army of which he was a part.

THE MEANEST MAN

The meanest man that ever lived has been discovered, though we did not learn whether or not he was arrested. A man on a recent Radio Program told about him. He, this meanest man, watched the papers for casualty lists, and would then call up the mother of the dead soldier and claim to have been the buddy of her son. He would like so much to visit her and tell about the son's last days but he was out of funds. Usually, the sorrowing mother would send him funds, so eager was she to hear about her son. But the so-called soldier never turned up. Many mothers, it is said, have been victimized in this way.

A man who would commit such a crime is utterly devoid of any sense of decency, principle, or of right. Such a creature is utterly depraved, and deserves to be removed from society by means which are none too gentle. A community which discovers one of these vile creatures in it should see to it that he is removed from association and contact with other persons. If we haven't laws to cover such cases some should be enacted. It is difficult to imagine a human being so utterly depraved, but some such do exist.

FIRMNESS NEEDED

Governor Dewey, by commendable firmness, ended the elevator strike in New York. Some of our Federal Bureaus could use some of that firmness to good effect. Nothing is to be gained by policies which merely drift. It only means accumulated confusion and conflict when the issues must at last be faced. Employers and workers ought to set some sort of policies, openly arrived, at and work them out. If these cannot get together the government must step in on behalf of all the citizens. And when it does step in it, too, should have some definite policies and stick to them. Whether the fault be with capital or with labor it should be pointed out to the general public. The sense of fairness on the part of the general public can manifest itself only when the facts and policies are known. Just as there have been, and perhaps are, irresponsible employers, there are some irresponsible people in labor circles today who are playing havoc with reconversion. If there is no production there can be neither wages, profits—or the necessities of life.

Pfc. Wm. W. Angell Gets Discharge

Pfc. William W. Angell, son of Mr. and Mrs. J. H. Angell, Mocksville, R. 2, arrived home Tuesday night, October 18, having received his honorable discharge from the army. Private Angell saw considerable action

in the European theatre of operations, fighting in Tunisia, Sicily, Naples-Foggia, Rome-Arno, Southern France, the Rhineland and Central Europe. He was wounded twice, and in addition to the Purple Heart, holds the Silver Star, one bronze Arrowhead, good conduct medal and other decorations. Private

Schools Discuss Physical Education

The teachers of the Davie county schools met Monday, October 15, at the Mocksville high school for a combination conference and activity period with representatives of the State Physical Education Department. Charles E. Spencer led the discussion in the auditorium and pointed out the emphasis of physical education in the total public school program. He was followed by Miss Ruth Moore, who gave the discussion on primary and grammar grade physical education of a practical nature. Both Mr. Spencer and Miss Moore are experts in the field of physical education and have contributed to the North Carolina school program in a very helpful way for the past several years.

Following the discussion in the auditorium the teachers were divided into two groups and went to the gymnasium, where some practical games were played. All the high school and elementary teachers participated in the demonstration games and will use some of the games along with others in inaugurating a program of physical education in the schools.

Miss Moore presented each teacher with a booklet containing many well-worked-out games for primary and grammar grade children. Mr. Spencer gave each high school teacher a similar list of games suitable for older pupils.

Physical education has become important and necessary to a well-rounded school program and every Davie county teacher felt that the conference was well worthwhile and plans were made for instituting a program for each class in the county.

Angell arrived in New York on October 9, and received his discharge at Fort Bragg, Tuesday. Another son of Mr. and Mrs. Angell, Pfc. Rufus Lee Angell, received his discharge September 9, and is now at home.

LANGUAGE ARTS TO BE DISCUSSED

Davie county teachers will hold their second work conference in Language Arts at the Mocksville high school Wednesday, October 24, at 3 o'clock. Dr. Tippet of the University of North Carolina, who is an expert in language instruction and the author of many texts for primary and grammar grade children, will assist the various groups in developing their topics. Miss Hattie S. Parrott of the State Department of Public Instruction will also work with some of the groups.

Davie county teachers are doing an outstanding work in the Language Arts program based on the Language Arts Bulletin recently put out by the State Department of Public Instruction. Davie teachers have been divided into the following groups according to subjects chosen by each teacher:

PRETICKETED CLOTHING

More than half the low-priced clothing appearing on the shelves of county stores this fall and winter will be preticketed with ceiling prices by the manufacturer, it was revealed yesterday by War Price and Rationing Board.

About 95 per cent of cotton garments and about 50 per cent of wool and rayon goods will have their price tags put on at the factory.

Consumers with limited incomes will benefit greatly from the program, which OPA has initiated in fields deemed highly essential, such as the lower price ranges where supply is shortest in relation to need.

The concern of local smokers over a possible increase in the price of cigarettes was declared unfounded by the local War Price and Rationing Board.

As with all commodities under price control, cigarettes come under regular study to determine whether they are being priced at the proper levels, but that the latest quarterly reports prepared by manufacturers do not show any increase in the ceiling price is necessary.

OPA is preparing to invite all cigarette manufacturers to submit detailed information on production costs, to be used in an industry-wide study. Any possible increase in price would have to await the results of this study. On the basis of information OPA now has, there's no indication of an increase being necessary at present.

Used car ceilings are meant to be observed, not violated, the War Price and Rationing Board said, commenting on the report that alleged overcharges by Southeastern dealers had resulted in refunds to customers or payments to the Treasury of more than \$24,000 in September alone.

"This report, from our Atlanta regional office, shows that our enforcement division is extremely active," the chairman said. "Some dealers refuse to sell used cars without a trade-in, some fail to give proper allowances for trade-ins, and some make out-and-out overcharges. All of these are direct violations, and dealers who use them are finding it out the hard way, through payment of refunds and settlement of treble damage claims."

The New ESSO

AT REGULAR PRICE!

As everyone knows, gasolines have been improved since the war—some of them considerably. Knowing this would happen, we naturally planned carefully the gasolines we would offer at the Esso sign to bid for your business now.

We're very proud of what we've got—and you'll see why with your first tankful of the new Esso gasoline.

At regular price it will give you more than you expect of the things you want and need in your car today.

Its performance will give you a real thrill. Your engine starts fast on new Esso, then warms up swiftly to smooth, full power.

When you step on the throttle

you really pick up in a hurry. And its new anti-knock quality is high. And you get something else found in no other gasoline at any price—except Esso Extra. You get the exclusive engine protection of patented Esso Solvent Oil that works constantly to help keep your engine clean and efficient, to help save wear and keep repair costs down. This is important in cars as old as most in use today.

If you want extra power and performance, extra high anti-knock quality, extra quick starting and warm-up, ask your Esso Dealer to fill 'er up with new Esso Extra.

NEWS OF FARM
CONSERVATION

By G. W. McCLELLAN

Glen Allen, near Redland, has two acres of alfalfa sown during September. This is the first alfalfa he has sown. If he likes it, he is going to sow more.

Herman Boger, near Mr. Allen, has two acres sown as his first alfalfa.

Grady Myers has three acres sown near Advance. He really has a nice stand.

Kenneth Hoots, near Advance, sowed three acres of alfalfa this time and has seeded around twenty-five acres of pasture mixture including ladino clover.

Robert Lee Seaford, near Fork, sowed four more acres of alfalfa this fall.

Gary Husser seeded three acres of alfalfa this fall. He lives near Fork, too.

Mrs. W. H. Woodson seeded sixteen acres this fall, she already had eight acres which she and Mr. Burton, her farm manager, are well pleased with, that they sowed last year.

Dan and John Albert Miller, near Cherry Hill church, each sowed two acres of alfalfa this fall.

This is only a partial list of farmers sowing alfalfa this time, more will follow. This grand progress is largely due to observation of patches around the county, and to the tireless efforts of the County Agent and

the Soil Conservation Service.

Farmers are beginning to see the value of deep rooted legumes like alfalfa, sericea lespedeza and kudzu for their hay seeds. Most alfalfa growers will agree that one acre of alfalfa will replace three to five acres of lespedeza.

Alfalfa and sericea make splendid hay, distributes hay making and controls erosion. This enables more annual legumes to be turned under thereby improving the soil on other fields.

SMITH GROVE CAMP GROUND CHURCH HAS RICH HISTORY

Smith Grove Church is an outgrowth of the old Whitaker church, one of the first in this section of North Carolina. Whitaker was built as early as 1780 on the east side of Dutchman's Creek. It is up the creek from Old Brown's Mill. At this time, 1945, the old graveyard is in the forks of the Farmington and Smith Grove roads. The church was for a long time forgotten and the graveyard received little or no attention until the W.P.A. of recent years cleaned this up and put a rock wall around it.

Bishop Asbury preached there in 1794 and again in 1799. The Whitaker site, not being a favorable one, gave away to a better site at Smith Grove.

The selection of this site was a result of a dream by the Reverend Moses Brock, a native of this county. While on a visit here, he dreamed of a beautiful grove in which was being conducted a glorious camp meet-

ing. He said he wanted to realize the object of his dream and for that reason he sent out a friend to find such a grove as had been presented to him in his dream. The man returned without finding the desired spot, but Mr. Brock went with him and in a further search for such a place they found the beautiful elevated spot where the camp ground was later erected and closely adjacent to which Smith Grove Church was to be later built. Brock, on coming to this place and looking over the site said, "This is the place and here we will have the camp meetings." Arthur Smith gave the land. The central arbor for services, and the tents for temporary living quarters were built and so Moses Brock's dream was realized.

The first meeting was held about 1826 with Peter Doub as the presiding elder. There were between 150 and 200 tents. The crowd was immense. It was a

meeting of great power. Many Christians were encouraged and strengthened and about 150 sinners converted. Camp meetings were kept up for many years. The last one held was in 1886 with the Reverend W. C. Wilson as preacher in charge. Many of the old members of the church in this county today were converted in this beautiful grove.

As an outgrowth of the camp meetings, Smith Grove Church was started. The congregation was interested in more than a camp meeting for the summer months. They wanted a year-around meeting place. The present church was built in 1877 at a cost of about \$1,200. The use of the camp grounds and the church overlapped for a few years and for several years after the camp meetings were dispensed with, but the tents remained. The large arbor was later sold at auction and bought by a neighbor, Mr. W. F. Williams, who converted it into a barn.

A circuit was developed with Smith Grove as the center. A parsonage was built and was occupied as such until Farmington was made the center. The parsonage is now occupied by F. A. Naylor and family. They purchased this more than fifty years ago when the center for the circuit was changed to Farmington. The Smith Grove Academy is an older institution than the church proper and church services were held in this before the church was built. When consolidation of schools came along, this building ceased to be used for school purposes and was bought by the church and moved across the highway and made into Sunday school rooms.

A few years ago at one of these reunions, Mr. and Mrs. Dan Halthcox were present. She was the former Julia Heckard. They were the first couple to be married in this church, on July 20, 1881. The second couple to be married here was George W. Sheek and Camilla Kimbrough, who were united in marriage here on September 22, 1881. Both couples reared large families and have children and many grandchildren in this section of the state, but both couples have passed to their reward, Mr. Geo. W. Sheek being the first to pass away. At the last homecoming, Mr. and Mrs. Halthcox and Mrs. Sheek were all present.

With the help of some of the older members now living, we are submitting a list of the preachers who have served this charge: W. C. Wilson, Randle, Earnhardt, J. C. Rowe, H. M. Blair, P. L. Groome, L. E. Stacy, R. T. N. Stevenson, M. H. Vestal, L. L. Smith, A. G. Lottin, J. G. W. Holloway, J. B. Taber, J. W. Vestal, S. H. Needham, C. O. Kinnerly, C. M. McKinney, W. L. Dawson, D. C. Ballard, A. R. Bell, M. G. Ervin, H. L. Freeman, J. W. Vestal, J. S. Folger.

MEET MY FOLKS
My folks, says Reddy, proudly, include inventors and scientists of many lands, for electricity has stirred man's imagination since the days of ancient Greece.
One English ancestor I'm always proud to talk about is the scientist, Michael Faraday. Even as a young London apprentice, he read and pondered all that was written about electricity and made experiments of his own.
Later in his fruitful life he developed the electric dynamo, which gives us current for telegraph, telephone, ships, submarines, airplanes, and for the waves on which speech is borne around the world.

DO YOU KNOW WHAT IT MEANS TO BE

HUNGRY?

Refugee children do. They know real hunger, bitter, maddening, day-after-day hunger. The dollars you give to the National War Fund will help provide warm soup and good bread for liberated allied peoples.

HAVE YOU EVER BEEN REALLY

LONESOME?

Can YOU feel the bleak, hard loneliness of a soldier stationed on an island outpost far from the war fronts? Yes, YOU? If you can, you'll give generously to the Community War Fund that brings games and entertainments to "forgotten" posts of duty.

CAN YOU KNOW A CHILD'S

UNHAPPINESS?

Neglected children, "war babies," youngsters in trouble . . . can you put yourself in their places? Can you feel in your heart the tragedy of an unhappy childhood? Give! Give all you can to the fund that brings good care and wholesome relaxation to war's youngest victims—our own American children.

CAN YOU IMAGINE SPENDING MONTHS IN A

HOSPITAL ROOM?

Thousands of soldiers have to live it, the cruel loneliness, the awful boredom. But just outside the hospital grounds there is a bright, cheerful U.S.O. club . . . supported by dollars you give to the Community War Fund. Yes, YOUR dollars.

EVER BEEN

HOMELESS?

Families of brave people—friends who fought on our side—are wandering aimlessly today. Going home? They have no homes! Member agencies of the National War Fund aid thousands of the homeless ones to reach new homes, in new lands of promise.

ROTARIANS HEAR ARMAND DANIEL

Declaring that reformers of world history had usually been martyrs, but that they left their mark of great influence on the religious, social and economic changes of their and later times, Armand Daniel gave local Rotarians at their Tuesday meeting a running story of the lives of the twelve reformers cited in a book by the late Elbert Hubbard, entitled "Great Reformers."

Thomas Paine, a great political and delictual writer of the 18th century, was pointed out by the speaker as a man whose influence continues until this day, the late President Roosevelt having quoted him in some of his speeches, and seven American living Presidents of his day praising him, although he died somewhat in obscurity after having lived at Monticello with Thomas Jefferson.

Others whose influence extended far included, Mr. Daniel said, John Wesley, Henry George, Giuseppe Garibaldi, Richard Cobden, John Knox, John Bright, Charles Bradlaugh, Theodore Parker, Oliver Cromwell, Anne Hutchinson and Jean Jacques Rousseau. The speaker gave a short synopsis of the life of each.

James D. Coad of Raleigh, who appeared before the club some time ago with reference to the establishment of a freezer locker plant here, was a guest and stated that his firm had enlarged their activities and made some changes in the method of organization. He is forwarding the data to E. C. Morris, who will present it to the club later. Capt. Sheffield, a member of the Salisbury Rotary club and head of the Salvation Army in this district, was also a guest.

Rufus Sanford, Sr., reported that between 90 and 100 people of Davie county had indicated their desire to work in a proposed knitting mill here and that the names of the prospects had been forwarded to the Thomasville manufacturer who wants to locate here. Only 38 were sought in the beginning.

Bill Pennington presided in the absence of Kim Sheek and the meal served by the W.S.C.S. of the Methodist church, Mrs. Kim Sheek chairman, consisted of individual chicken pie with hot gravy, spinach and hard-boiled eggs, candied yams, pickle, hot rolls, gingerbread cake with icing and coffee.

The Methodist ministers of Davie county held their regular monthly meeting at the Methodist church on Monday morning at 9:30 o'clock. As this was the first meeting of the new conference year the time was largely taken up with a discussion of the conference program for the new year. The officers for the previous year were re-elected. They are: Pres. Dr. J. E. Pritchard of Mocksville; vice-president, Rev. G. W. Fink of Mocksville; secretary-treasurer, Rev. H. C. Freeman of Cooleemee. At the conclusion of the meeting the group went in a body to the Baptist church for the meeting of the County Interdenominational association.

Paul Grubbs Is Released

Drew Field, Tampa, Fla., Oct. 20.—Corporal Paul C. Grubbs, 38-year-old soldier, from Mocksville, N. C., was released from service with the Army Air forces today at the Drew Field Separation station.

Corporal Grubbs is the son of Mr. and Mrs. D. G. Grubbs of Mocksville. Prior to entering the service in June, 1943, he was employed as an insurance salesman for the Gate City Life Insurance Co. in Greensboro, N. C.

His wife and son, Paul, age two, live at Mocksville.

Ridenhour Discharged

Charleston, S. C.—Corp. Marvin D. Ridenhour, 23, son of M. D. Ridenhour, Route No. 4, Mocksville, has been honorably discharged from the Marine Corps with 72 points.

Ridenhour is a veteran of the Gilberts and Palau campaigns. He wears the Asiatic-Pacific ribbon with two stars and the Presidential Unit Citation.

He plans to farm in Mocksville.

ON DESTROYER

Wade Smith, son of Mr. and Mrs. George W. Smith of Homestead, Fla., and Advance, will arrive in New York on the destroyer Gansevoort in time to participate in Navy Day ceremonies. He is a storekeeper second class, spent three years aboard this ship, crossed the equator three times. The Gansevoort played a historic role in the fighting in the Pacific.

Victory Loan Opens Monday; Davie Has Great War Record

HERE & THERE

REVIVAL

The Macedonia Moravian church announces their revival meeting, beginning Wednesday, Oct. 31, and running through Sunday, Nov. 11, with Evangelist Lee C. Fisher of Indianapolis, Ind., in charge. Rev. Mr. Fisher is a gospel preacher, musician, artist and Bible teacher.

NEW PASTOR

Rev. F. R. Loflin, formerly of Denton, is the new Methodist pastor assigned to the Mocksville circuit and he will preach Sunday at the regular time at Union Chapel, Chestnut Grove and New Union.

EDUCATOR DIES

Terry Alexander Steele, colored, a native of Davie county and brother of Fred and F. M. Steele of Mocksville, died Oct. 15 in Iowa City, Iowa, where he was studying for his Ph.D. at the state university. At the time of his death he was dean of Tyler Texas College and also head of the Foreign Language and Romance department and coach of the football and debating teams. He was an honor graduate and varsity athlete of Johnson C. Smith college and later received his M.A. at Iowa State.

ON PROBATION

Tire Panel Still Here

With the exception of tires, all price panels and rationing boards of the local OPA office in Davie county will close on Nov. 1. B. Y. Boyles, chairman, reports.

Mrs. Lucile Howard, present clerk, will remain for two months to take care of the clerical work of the tire panel and issue rations to returning veterans. It will not be known until next week where her office will be.

Future applications for tires will be made through tire inspectors at the various service (Continued on page 4)

Outstanding Cadet

Denton Boger, 16, son of Mr. and Mrs. Albert Boger of Mocksville, who is a senior in the local high school, was recently awarded an eight-hour free dual flying course for being the most outstanding cadet of the local squadron of the Civil Air patrol. The award was made by the local Rotary club. Competing in the finals with Denton were Jack Pennington, Bill Murph, William Graves and John Hartman.

Boys or girls who are interested in taking the CAP courses are invited to come to Sanford hall each Thursday night at 7:30 p.m. First Lieut. George Hendricks is commander of the local squadron.

REAL ESTATE CHANGES MADE

The following real estate transfers have been filed in the office of C. R. Vogler, register of deeds:

W. G. Fritts to I. D. Hendrix, 2,400, 80 acres, Hill Dale Farm, Fulton township.

Harvey Potts to Worth Potts, \$10 and other considerations, 8 acres, Mocksville township.

William C. Boger to Baxter Boger, \$10 and other considerations, 4 1/4 acres, Jerusalem township.

W. G. Small to Howard B. Nichols, \$100 and other considerations, 70 acres, Jerusalem township.

John Frank Clement to Kenneth Carter, \$250, 1/2 acre, Mocksville township.

A. T. Grant, Comr., to C. L. Fouts, \$703.50, 16 acres, Fulton township.

Eugene F. Hartley to D. C. Seaford, \$10 and other considerations, 2 tracts, Fulton township.

S. R. Cornatzer to Joe V. Owens, \$10 and other considerations, 5 acres, Farmington township.

Elizabeth G. Willard to John West Seats, \$10 and other considerations, 2 lots, Farmington township.

D. J. Potts to Albert Howard, (Continued on page 4)

The Victory Loan campaign in Davie county will open next Monday morning, Oct. 29, Knox Johnstone, chairman, announces. The Davie overall quota is \$132,000, of which \$114,000 is "E" bonds.

Davie county has exceeded its quota in all of the previous War Loans. From May, 1941, to July, 1945, they bought \$2,675,224.25 worth of war bonds. Of this amount there were purchases of \$1,661,829.25 in "E" bonds. This is a record of which the county may well be proud and it is anticipated that the Victory Loan which opens Monday will likewise go well over the top.

United War Fund Lagging Badly

The United War Fund in Davie county is lagging badly, according to the chairman, Robert S. McNeill. Only about \$1,000 has been collected while the county quota exceeds \$7,000.

Returns are coming in slowly and Mr. McNeill urges workers to complete their canvass and contributors to give generously.

Of the total raised \$1,500 will stay in Davie county to help Boy and Girl Scouts.

Army Recruiters To Be Here Today

The United States army is now accepting men for enlistment in the regular army. A representative of the Army Recruiting service will be in the post office building Friday, October 26, and will answer any questions regarding mustering out pay, enlistment allowances, re-enlistment furloughs and family allowances. The period of enlistment in the army now is either one year, 18 months, two or three years.

Halloween Carnival Be Held Here Oct. 31

Mocksville schools will hold a Halloween carnival next Wednesday night, Oct. 31, in the high school gym at 8 p.m. The King and Queen will also be crowned at the carnival.

Prior to the carnival, a Halloween playlet will be given by the pupils in the high school auditorium at 7:15 p.m.

Halloween festivities will begin at 2 p.m. on Oct. 31 when a parade will be held. The parade will form at the high school and march through the city square.

During the carnival refreshments will be served, including hot dogs and cake. There will be the usual traditional Halloween entertainment, including bingo, fishing pond, cake walk and slide shows.

Candidates for the King and Queen include the following: Carl Greene and Lettie Lindsay Sheek; 10th grade: Bill Collette and Danny Bailey; 9th grade: Ervin Angell and Anne Marie Daniel; 8th grade: Jimmy Campbell and Bobby Jean Angell.

The county setup for selling bonds will be the same organization as in the past. Mrs. W. E. Kennen will direct the Women's division.

During National School week, Nov. 2-9, schools in the county will sell bonds. Rufus B. Sanford, Jr., has been county school chairman for this work and he, with Curtis Price, school superintendent, will direct the drive, Mr. Johnstone announces.

In submitting a report to Mr. Johnstone on bond sales in Davie since 1941, Allison James, state chairman of the War Finance Committee of the Treasury Department, said, "These figures speak for themselves and are the greatest tribute to the intelligence, industry and devotion that were joined in the task of successfully carrying your part of the world's greatest financing program. We hope you can in some way convey to the citizens of your county the deep appreciation of those of us intrusted with the responsibility of the success of the program."

Mr. James points out that the Victory Loan is to climax a series of War Loan Drives, both to show our gratitude to our gallant fighters who made Victory possible and also to help discharge their financial responsibilities, particularly to veterans, that are an aftermath of war.

Mr. James likewise declares that the emphasis in the Victory Loan will be on the sale of "E" bonds to individuals.

Ministers Hold Meeting Here

The Davie County Interdenominational Ministers association met in the Baptist church on Monday morning at 10:30 o'clock. The president, Rev. W. H. Dodd, asked Rev. G. L. Royter, pastor of the Cooleemee Baptist church, to preside. The association accepted the invitation of Dr. J. E. Pritchard for the association to meet at the Methodist church for the winter months. At the conclusion of business Rev. J. H. Groce, pastor of the North Cooleemee Baptist church, delivered a timely address on the power of prayer. It was announced that election of officers would take place at the next meeting.

A butterfly's tongue is as long as its body.

Lt. McCorkle Is Discharged

Seymour Johnson Field Separation Center—Second Lieut. Robert W. McCorkle, son of Mrs. W. R. McCorkle, Mocksville, N. C., was separated from the Army Air Forces, it was announced today. Lt. McCorkle was last stationed at the 20th Ferrying Group, the Air Transport Command's Ferrying Division base at Nashville, Tenn., as a navigator. He served overseas as a navigator with the Eighth Air Force in England.

The Air Transport Command maintains a world-girdling airways system over which poured mountains of war-vital cargo during the war. The Air Transport Command's Ferrying Division has delivered thousands of warplanes to all theatres of operation and now operates the Military Air Transport for high-priority army cargo, domestically, and Air Evacuation by which war wounded are flown to hospitals near their home.

Lt. McCorkle is holder of the Air Medal with five Oak Leaf clusters and the European Theatre of Operations ribbon with three stars.

The zenith is that part of the heavens directly overhead.

A Local Man Felt Like Swollen Balloon; Full Of Stomach Gas

Recently, a Mocksville man stated that he used to feel like a swollen balloon after every meal. He would bloat full of gas and spit up acidulous liquids for hours after eating. Was terribly constipated. This man is one of the hundreds in this vicinity who now praise INNER-AID. He states he was amazed at the results when he took this medicine. Now he eats what he wants without gas or bloating, and bowels are regular for the first time in years. He feels like a new man.

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all Drug Stores here in Davie county.

Songs for a Better World

We were sitting around the embers of Ed Crumple's barbeque last Saturday night, finishing our beer and hot dogs while Ed strummed the guitar ... picking out old, friendly songs.

Soon everyone was singing. The harmony wasn't too good ... but the spirit was—a spirit of friendship and good humor.

And it made me think how music—music of the people—overcomes barriers of prejudice and intolerance. A Yankee folksong or an English carol or a

Southern melody—they all speak a common language of the heart ... bind folks together ... help us forget our grudges.

From where I sit, music can help to make the whole world kin. Maybe we ought to have a lot more of it ... informal sings around the fire, and in the home. And it's sure true that a mellow glass of beer fits into the picture. It just naturally goes with that kind of music.

THE RIGHT TRACTOR FOR THE PARTICULAR JOB

THE proverbial Jack-of-all-trades was master of none. The modern world of science and technology passed him by.

The same principle applies to farm tractors. The tractor that does a wide variety of jobs unsatisfactorily can't possibly produce the greatest results at the least cost in any job.

But that's what the farmer—particularly the small operator—has got to do to meet postwar competition: he's got to produce the most food possible with the least effort and, consequently, at the lowest cost.

The farmer with 10 acres in truck crops needs one kind of tractor. The farmer with 100 acres in wheat alone needs another kind—or, as is usually the case, two or more different tractors. The tractor which does a good job on the Great Plains may be useless in the

rice territory. And so it goes.

Conditions of climate, the lay of the land, and the character of soils in the different parts of this vast country, together with wide variations in the nature of crops and the size of operations, combine to produce wide differences in the requirements for tractors. Harvester's policy is to meet all these requirements.

That is why Harvester's postwar line includes a great variety of Farmalls and other specialized tractors and attachments rather than a single tractor with a single system of tools. Every tractor in the line was developed after scientific research and testing under actual operating conditions showed the specifications needed for efficiency and economy.

Every Harvester-built tractor is the right machine for its particular job.

BOARD OF TRADE

It's a real Board of Trade ... the train board you see in every Southern Railway station ...

For it heralds the arrival and departure of the buyers and sellers who make trade possible in your community.

It's a symbol, too, of all the other trains which carry the merchandise, food, fuel, clothing; the raw materials for busy factories; their myriad products; the implements and supplies needed by productive farms; the varied crops they produce; all the thousands of things which constitute trade.

In short, it's these trains that enable your community to trade the things it makes and grows for the products

of other communities like yours all over the land.

Thus, the train board in your station is truly a *board of trade* ... a master key to growth and prosperity for your community.

It means that you can aim confidently toward an ever-expanding volume of trade.

It means that the Southern Railway System will be ready to supply dependable, efficient, all-weather transportation service on which all trade lives—and thrives.

NEWS OF FARM CONSERVATION

By G. W. McCLELLAN

Robert and Clay Foster at County Line bought a farm just over in Rowan county last spring. Soon after buying they requested the Middle Yadin District to assist them with terracing and other soil conservation work. They have built around 11,000 feet of terraces in one large field. All of these terraces worked extra well during the recent rainstorm. They are planning to develop considerable pasture and a nice acreage of alfalfa on this farm. They will not have any row crops on this farm which will also promote soil conservation.

Pearl Wooten near County Line has started some strip cropping. This is another good way to conserve soil.

W. C. Parks near Sheffield has some hilly land that he does strip cropping on. He likes this system too. Mr. Parks has some nice kudzu along a gully he is using to empty terrace water into, as well as an unusually good grass meadow strip he gets hay from and empties terrace water on to. He also has a nice stand of pasture grasses he sowed last spring. He is a good example of a small farmer doing good soil conservation work.

J. H. Edwards near Sheffield has some good terraces he made with an old tractor and plow last spring. He is well pleased with the protection these terraces have already given his field.

Continued productive soil results only from careful planning.

Attends Preview Of New Cars

William Pennington, Chevrolet dealer at Mocksville, returned from Charlotte last week, where he attended a preview of the new 1946 Chevrolet at the company's zone headquarters.

He was reluctant to discuss the mechanical and style features of the new car, but by his eager attitude it was apparent that he expected the formal announcement and public showing of the car to be at an early date.

Mr. Pennington said he and other dealers in the area were confident that the 1946 Chevrolet will maintain the record of confidence that the 1946 Chevrolet reached in 10 of the last 11 prewar years of automobile production, to meet the unprecedented pent-up demand for new cars.

Following the same policy as in former years, the new Chevrolet will be displayed simultaneously in dealers' showrooms throughout the country, Mr. Pennington said.

Radio and local newspaper announcements will be made, telling when prospective customers may see the new car for the first time. These announcements are expected to be good news to motorists and to dealers alike.

Throughout the war period, car owners have been forced to get along with their old automobiles. At the same time dealers have expended every effort to service these cars, and to keep them rolling for the duration.

Mr. Pennington stressed car care, with the warning that motorists should not expect the 1946 Chevrolet to be available in great quantities immediately. The supply to dealers will increase as production in the Chevrolet plants permits.

Potts Enters Tokyo Bay

Edward Lee Potts, 61/C, veteran of the Okinawa and Iwo Jima invasions, spearheaded the first incursion of U.S. Navy surface forces into Tokyo Bay. Potts, whose father, John H. Potts, lives at Mocksville, was serving on the destroyer minelayer Thomas E. Fraser, which entered Tokyo Bay immediately ahead of the light cruiser San Diego, flagship of Admiral O. C. Badger's Yokosuka Naval Base occupation forces. The Fraser, fresh from supporting extensive minesweeping operations in the East-China Sea, arrived in the outer bay August 27 and the next morning started up the

narrow, winding, heavily-mined channel toward Tokyo Bay itself. About noon, the ship arrived off the Yokosuka Base and anchored within a few miles of Japan's greatest city and within sight of Mt. Fujiyama. Seaman Potts performed his duties well while his ship took part in the shore bombardment at Iwo and during the Okinawa operation. Seven Jap planes are credited to the Fraser during the dangerous days when she was serving on the Okinawa picket line and in the outer anti-aircraft screen. During the early part of this operation, she acted as fire support and escort ship for the smaller minesweepers while they were clearing the way for the invasion forces around Okinawa.

THE HARDER TASK

Winning the war was a hard, costly experience. The toll in human suffering and in material loss are beyond computation. But as hard as that task was, the one of winning the peace is greater. The cost and suffering may not be as obvious, but they will be there. Eternal vigilance is as necessary now as when the fighting was at its greatest. It will not be easy to preserve and protect the fruits of victory.

True peace is not a mere state of inactivity, nor blind acceptance of things as they are. The cessation of physical warfare does not mean an end to strife, but strike of a different sort, where physical weapons are exchanged for spiritual ones. We must not expect that the end of shooting and the return of the soldiers will automatically bring a genuine peace. The atmosphere of war is still with us, as so many groups within our country are in conflict with each other. We are trying to make peace in an atmosphere of war. Rightly or wrongly, the severe strikes which we are now experiencing must be paid for in human loss and suffering, as they will affect the economic forces which in turn affect the lives of employers and workers. There will be lack where nothing is created, and where there is lack somebody must suffer. Every person whose one aim is to secure personal gain regardless of other persons is contributing to the defeat of the things for which the war was fought, and to the victory of the forces and philosophies against which we fought. There is a chance that Democracy may suffer more in the house of her friends than in the presence of the enemy. It is quite true that peace comes through strife, but we must be careful to see that the things for which we fight will guarantee the safety of the principles of freedom and Democracy.

Substantial gains in membership and gifts are shown in the South Yadkin Association digest of church reports given by Mr. C. B. Winberry, clerk, at the annual meeting held here last week. The 27 churches of the association have a combined membership of 8,035 and report gifts for the year of \$187,874.59. Resolutions were passed expressing gratitude to the Mocksville First church for their splendid entertainment of the association on the opening day. Among those who made vital contributions to the program were several Mocksville and Davie county pastors and leaders: Rev. E. W. Turner made the report for State Missions; Rev. H. W. Hutchins led the worship for the afternoon session; Rev. G. D. Renegar gave the report for Christian Education; Rev. A. C. Cheshire conducted the devotional for the Friday session held at Bethel church. Rev. W. H. Dodd gave the Historian's Report. Mrs. W. H. Dodd reported the work of the Woman's Missionary Union. Rev. J. P. Davis, the new pastor coming to Mocksville First, was welcomed. All officers were re-elected: Moderator, Rev. H. W. Baucom, Jr.; vice-moderator, Rev. W. B. Carr; clerk-treasurer, C. B. Winberry, historian, Rev. W. H. Dodd; superintendent of Sunday schools, Rev. J. C. R. Hendon; director of training unions, Mrs. J. C. Wooten; superintendent of Woman's Missionary Union, Mrs. W. H. Dodd.

Scout Official
Is Promoted

C. C. Wall, president of the Uwharrie Council, announced recently the resignation of R. W. Garrison as field executive of the Uwharrie Council and the transfer of Mr. Garrison to the Central Carolina Council in the same capacity. In announcing this transfer, Mr. Wall outlined the system of promotion used by the Boy Scouts of America, and stated this was the first of a series of steps necessary for field men to be given consideration as council executives.

He had only the highest praise for the work of Mr. Garrison while serving as field executive of the council.

Mr. Garrison, during his service as a volunteer in the Uwharrie Council served as scoutmaster, district commissioner, and chairman of the organization and extension committee for the Rowan district. He became field executive in the Uwharrie Council in December, 1942. He is a graduate of the National Scout Training School. In the National Scout Jamboree he served as provisional scoutmaster for the unit from the Rowan district of the Uwharrie Council.

Mr. Garrison is a member of the Salisbury Rotary Club, First Presbyterian church of Salisbury. He is married and has three sons, two of which are in the Armed Forces and stationed in the European theater of operation.

Mr. Garrison will leave the Uwharrie Council early in November to report to his new assignment. His family will continue to reside in Salisbury for the present.

Scout Executive B. W. Hackney, in commenting on the promotion of Mr. Garrison, stated that the council regretted to lose Mr. Garrison from its staff

PIEDMONT PATHS OF PROGRESS

OLD CATAWBA PLANT

Because men had Vision and Courage

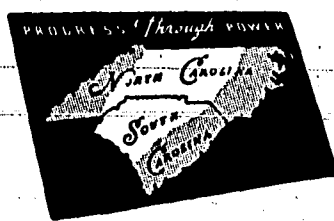

Down at India Hook Shoals near Fort Mill, S. C., in the early 1900's, young W. S. Lee was battling floods . . . and the skepticism of other engineers who doubted that power wasting at the shoals and falls of the Catawba River ever would be turned into electricity and transmitted to towns twenty miles away.

In New York James B. Duke heard from Dr. Gill Wylie Lee's dream of constructing dams at different sites along the Catawba and uniting them into a power system to serve the Piedmont Carolinas. The idea was not new to him. Already he had purchased the Great Falls on the Catawba and the property around it.

He now decided that, by giving this vision financial backing, he could help serve his native section . . . to which he gave life-long loyalty. Swiftly, the Southern Power Company was organized, and in April, 1904, the original plant of what is now the Duke Power Company began operation.

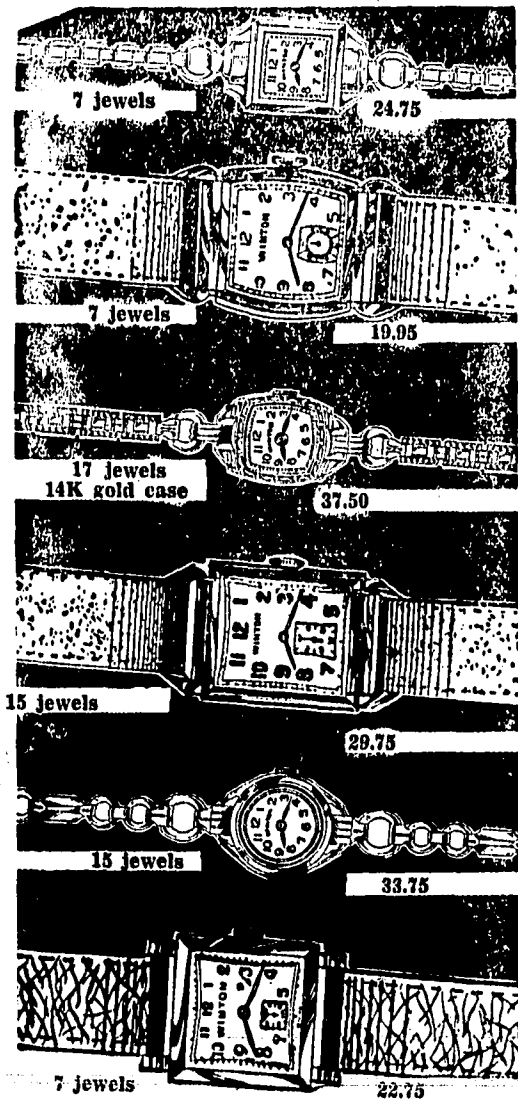

It generated 6,600 kilowatts of electricity. Most amazing of all, by means of a transmission line eighteen miles long, it reached Charlotte, after serving four towns in South Carolina!

Here, because men had vision and courage, was begun an enterprise that literally and swiftly changed the way of life in a whole area.
